## **Abstract**

In this research manuscript the author has detailed a *Schema* for ‘*Universal Vision Tunneling*’.

## **Theory**

### *Universal Vision Tunneler*

Knowing that *Light’s Velocity Slows* down when it enters a High Refractive Index Medium, we can advantageously create a Zone of Low and/ or Negative Refractive Index Medium for Increasing the Speed of Light, i.e., its Frequency to a Desired Level, such that when Light passes through this Zone, it’s Velocity and/ or the Frequency becomes so high even when it enters our Normal Air Type and/ or Space Type Refractive Index Zone, its Velocity stays pretty high, i.e., at the Desired Level. But before we let our Input Normal Light enter this Zone, we render it in a Helical Path with a Near Zero Pitch and quite Small Radius, such that it makes Millions, Billions and Trillions of Revolutions before it comes out with the Desired High Frequency Nature of Light. This Zone can be created using *Exquisite Arrangement of Electro-Magneto-Gravitic Lensing Optical Arrangement* such that *Light Gains a Little More Acceleration with Every Revolution*.

Furthermore, we also need to Find out the *Recursion Scheme of Self-Organization of Light* (used for this Purpose) by first *Verbally Slating* it with all its *Properties*, especially its ‘*Resilience*’ and then we find all the three types of *Primalities* {namely-*Verbal Primality, Act(ion) Recursion Primality, Sense Understanding* and/ or *Perception Primality*} and then *Finding* the *Recursion Scheme* from this *Primality* {using author’s TRL’s on the same}. We also similarly find the *Recursion Scheme of Resilience of Light* (used for this Purpose). Also, we find the *Recursion Scheme of a ‘One-Way-Vent-Function-Of-Standard-Universal-Kind’* and we *Induct* this in the *Recursion Scheme of Light* (used for this Purpose) by way author’s *Scheme of Quantum Averaging* {see author’s [43]}.

## *Universal Perception*

1. Firstly, we consider all the three types of *Primalities* of ‘*Perception*’ {namely, *Verbal Primality*, *Act(ion) Recursion Primality*, *Sense Understanding* and/ or *Perception Primality*}.
2. We now remove all *Redundancies* from the same.
3. We now *Evolve* it to the *Level* of the *Universe*, i.e., to the *Level* of the *Universal Beauty Primality* and/ or *Universal Optimal Life Primality*.
4. We again remove all *Redundancies* from the same.
5. We find all the *Complete Recursive Sub-Sets* of this *Primality*, inclusive of those in the *Orthogonal Spaces*, found to *Exhaustion*.
6. We again remove all *Redundancies* from the *Primalities* of the above *Sub-Sets*.

## *Seeing The Un-See-Able*

With respect to author’s TRL on ‘*Knowing The Infinitely Deeper Meaning - {Version I, II}*’, One can Consider\*,<sup>§</sup> Any Image Aspect (whether making sense and/or Not Making Sense and/ or Simply A Dark Blank One) with all it’s Time Causality Stamp Data and other Useful Puzzle Attributes, one can find and/ or See the Higher Order Manifestations in the Image.

\*Such Consideration is inducted by way of Quantum Averaging the Time Causality Stamp Data with all it’s other Useful Puzzle Attributes with such averaging done in Synchronization with the Standard Local Recursion Scheme of Time where the Image {Vision} is Experienced and/ or the Standard Local Recursion Scheme of Time characteristic of where the Image {Vision} is Physically Manifested in Reality.

<sup>§</sup> One should note that all the Data we have about the aforementioned Any Image Aspect (whether making sense and/or Not Making Sense and/ or Simply A Dark Blank One) with all it’s Time Causality Stamp Data and other Useful Puzzle Attributes, i.e., ‘*Don’t See*’, Must Form One Complete Recursive Set, i.e., it should have all its Sub-Sets, inclusive of those in the Orthogonal Spaces, Found to Exhaustion. To Satisfy this Constraint, we may need Hyper-Refinement of all our Data Formatting, inclusive of the Time Causality Stamp

Data with all its other Useful Puzzle Attributes, and even the Quantum Averaging Method. For help on this one can Refer to author's Upcoming '*Solving Any Puzzle*' TRL.

Also, we Construct the *Infinity Geodesic* {using author's TRL on the same} of the '*Don't See*' and as the '*Infinity Geodesic*' Aspect of Concern is '*Don't See*' i.e., is Not Making Sense and/ or is Simply A Dark Blank One, we investigate the Complementary Arm of the Infinity Geodesic, i.e., the Very Very Tiny 'See' Aspect in the following fashion.

{We note the Transformed Time Causality Stamp Data with all its other Useful Puzzle Attributes in the Complementary Arm of the Infinity Geodesic, i.e., the Very Very Tiny 'See' Aspect by way of Construction of the Infinity Geodesic}. We now find the Complete Recursive Sub-Sets of this 'See' Aspect, found to Exhaustion, inclusive of those in the Orthogonal Spaces.

We now Infuse Universal Optimal Life Primality to this thusly gotten 'See' Primality. Also, we render it as Universal Beauty Primality. We also Imbibe Growth to it by considering its Evolution through the Higher Orders of Recursion Intelligence, i.e., using all the Sequence(s) Of Primes of Higher Order Space(s) to a Desired Level wherein Our 'See' Aspect is Enoughly Visible.

### *Note*

One should note that whenever a *Reader* finds a *Technical Term* as a *Question*, please refer to the same in the author's works listed as *References* below. The author has not mentioned any *Numbering Scheme*, as almost *All The Author's References* are *Necessary* for *Understanding* the *Work* of this *Order*.

### **Conclusion**

One can Note that one can construct a '*Universal Vision Tunneler*' using the author's Concepts thusly laid above.

### **Moral**

*Truth Is Light.*

***Acknowledgements***

*The author would like to express his deepest gratitude to all the members of his loving family, respectable teachers, en-dear-able friends, inspiring Social Figures, highly esteemed Professors, reverence deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.*

***Tribute***

*The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.*
