NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi,** i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author's Original ResearchWork shall only be considered by the author in Secondaryness Or/ And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.

Example: Ascertaining The Truth Integrity Of Wire-Lessly Relayed 'Consciousness Information' of concern.

1. Any '*Untrue Consciousness Information*' of concern has *Redundancies* (*Blanks*) when it is Slated in *Stable Spatial Configuration* [1] or in *Whole Primality Tree Wise Configuration* [2].

2. Also, when Evolved [3] such '*Untrue Consciousness Information*' of concern Clarify the Redundanacies in them Less Faster than the Relatively 'T*ruer Consciousness Information*' of concern.

3. Evaluating the *Recursional Field Intensity Gradient Primality* Characteristic of a Certain Space-Time Location of concern (from where the Wire-Less Relay of the '*Consciousness Information*' of concern occurs) and Slating the Wire-Lessly to be relayed Consciousness Information of concern in the *Basis* of the *Standard Time Primality* at this Location which is an Image Function of the *Recursional Field Intensity Gradient Primality* Characteristic of Space-Time Location of concern (from where the Wire-Less Relay of the 'Consciousness Information' of concern occurs) and Evolving this 'Consciousness Information' of concern commensurate with the Evolution of the *Standard Time Primality* at this Location which is an Image Function of the *Recursional Field Intensity Gradient Primality* Characteristic of Space-Time Location of concern (from where the Wire-Less Relay of the 'Consciousness Information' of concern occurs), tells us if the Consciousness Information of concern is True or Not. True Information would be Invariant w.r.t Redundancy Free-ness whereas Untrue Information would Shed all its Untrue

Component and therefore would be a *Near Vanishing Primality*, sans the *Redundancies*.

4. One can also note that if the *Primality Slating Technology Basis* and the *Standard Time Primality Basis* itself are Evolved enough to Rig Untrue Aspects as True Aspects, then we can Promptly note that the True Component* of the '*Possibly Impersonated Untrue Consciousness Information*' of concern when Slated in the *Standard Time Primality Basis*, it would have a *Consequent Equivalent Standard or Level of Time Primality* in the Basis of which the '*Rigged Consciousness Information*' of concern would have *Redundancies*.

*True Component-Firstly, we have to *Decompose All Aspects* (in *Distinctiveness* [4]) of the given *Consciousness Information* of concern at the *Lowest Level of Logical Statement Functions* and grade them with respect to their *Causal Flow Sense* (which can be done by using the Real Order (of the Universal Sequence Of Primes that the Primality Elemenst Belong to) of their Primality when Slated in *Unit Time Primality*). We then construct *The Boolean Logic Function* of this *Consciousness Information* of concern. Now, for *All Possible Combinations* of the *Lowest Level of Logical Statement Function(s)* for each of them (put together to form *All Possible Variants (Alternatives)* of the aforementioned *Booleanic Function*, using *All Possible Alternatives* at the *Lowest Level of Logical Statement Functions* we construct appropriate *Number of Booleanic Logic Functions* of which *One Represents the Real Truth Consciousness Information* of concern.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.
