neutrally is rather a simplistic/naïve virtuality-or-ontologically-flawed-construal, as at best such knowledge is not really neutral but rather remote/distant as coming from the 'transcendental origination of the reference-of-thought of the knowledge'. For instance, scientific discoveries and our liberal notions today are grounded on the transcendental origination of positivistic modern scientific knowledge and liberal thinking reference-of-thought established and developed from the days of the Newtons, Galileos, Pasteurs, Copernicus, Descartes, Rousseaux, etc. who and others, then were transcendental as of apriorising/axiomatising/referencing—re-originariness/re-origination in their positivistic outlook relative to other outlooks then like alchemy, essences, mysticism, serfdom, feudalism, etc., while equally inducing high social contrariety then to supersedingly establish our positivistic psyche leading to corresponding institutionalisation implications like the culture of science, notions of human rights, etc.; and we now take for granted today such a scientific disposition by the low temporal-to-intemporal-conjugating-emotional-involvement/subjectification/epistemic-totalising~self-referencing-syncretising-as-of-perceived-social-stake-contention-or-confliction but right back in their epoch this elicited a high temporal-to-intemporal-conjugating-emotional-involvement/subjectification/epistemic-totalising~self-referencing-syncretising-as-of-perceived-social-stake-contention-or-confliction. The point here is to highlight that where the need for 'reappraisal of reference-of-thought' arises as for prospective transcendence, it will be naïve to imply that knowledge is neutral failing/not-upholding-<as-of-apriorising/axiomatising/referencing> to register that all knowledge is the outcome of transcendence as 'reappraisals of references-of-thought' and inducing their corresponding prospective psychologisms (apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights). Effectively, the wrong argument of knowledge neutrality is actually the argument of the prior transcendence of reference-of-thought that enabled it to be

as of the present reference-of-thought, as a statement of knowledge neutrality respectively in non-positivism/medieval or positivism registry-worldviews/dimensions are just naively asserting respectively the former or the latter as the reference-of-thought for knowledge; implying that a mental-disposition doesn't naturally factor in its very own relative-ontological-incompleteness-of-reference-of-thought. Hence it is rather ontological-completeness-of-reference-of-thought that is the viable construing reference of knowledge with its transcendence implications for completing the reference-of-thought, and so not only with regards to transcendence of retrospective registry-worldviews/dimensions reference-of-thought but equally with the implication of transcendence for prospective registry-worldview's/dimension's reference-of-thought as so validated by ontological-normalcy/postconvergernce. This insight about a more succinct social reality as of human institutionalised-and-uninstitutionalised-facets is critically vital for the appraisal of psychopathy and social-psychopathy as social manifestation of postlogism as perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> within the positivism–procrypticism registry-worldview/dimension 'dynamic social construction of perceived social-stake-contention-or-confliction'. The social dynamics of perceived social-stake-contention-or-confliction as elicited in psychopathy and social psychopathy are more decisively determined by its induced 'lack of constraining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ hence speaking of the positivism–procrypticism uninstitutionalisation; wherein prospective institutionalising-facet insight will construe perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> while prospective uninstitutionalising-facet insight will rather overlook such implied denaturing as

of beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>. This very much mirrors such a dichotomy as articulated before within the same social space of relative perception of social-stake-contention-or-confliction at a registry-worldview's/dimension's uninstitutionalised-threshold defining its very notions of lawfulness and lawlessness, social-functioning and social dysfunction, accordance and discordance, probity and corruption, principledness and unprincipledness, etc. across the full breadth and depth of human institutions dynamic social construction of perceived social-stake-contention-or-confliction at that uninstitutionalised-threshold especially as of generalised-and-all-pervasive extended-informality. Such a dichotomy points out the reality in positivism–procrypticism that the construal of psychopathy and social psychopathy is in effect a social construction wherein while prospective institutionalisation mental-disposition relates-to-and-construes-a-narrative-of grave institutional implications of phenomenal psychopathy as of the social dichotomy notions implied above, and so as of intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm, uninstitutionalised-threshold mental-disposition will mostly construe irrelevance-and-benignancy as of temporal extricatory paradigm. This is very much in sync with the reality that at a registry-worldview's/dimension's uninstitutionalised-threshold human solipsistic mental-dispositions are temporal-to-intemporal with the implication that such intemporal mental-orientation as ontology divulging is just one mental-disposition among others such that any such pre-eminence arises only as of positive opportunity ontological-primemovers-totalitative-framework induced untenability/internal-contradiction/internal-incoherence/institutional-constraining in the middle to long run or cross-generationally as intemporality-asymmetric-subsumption-of-temporality. This dichotomy of contradictory narratives explains why it is the bigger framework of prospective relative-ontological-completeness-of-reference-of-

thought that perfectly grasp in sync a superseding institutionalising aetiologisation/ontological-escalation in deprocrypticism conflatedness and so over procrypticism disjointedness-as-of-reference-of-thought denaturing and harkening back in undermining psychopathy and social psychopathy as the more specific individuation-level denaturing. Interestingly this construing of psychopathy and social psychopathy within a dichotomy of institutionalisation and uninstitutionalised-threshold mental-dispositions with respect to dynamic social construction of perceived social-stake-contention-or-confliction is very much reflective of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, as we can grasp the veracity/ontological-pertinence of this uninstitutionalised-threshold dichotomy more transparently with regards to say non-positivism/medievalism postlogism manifestation like notions-and-accusations-of-sorcery. We know that such incidents associated with notions-and-accusations-of-sorcery speak of the more profound relative-ontological-incompleteness-of-reference-of-thought issue wherein the incidental denaturing of such manifestations reflected a social denaturing of the registry-worldview/dimension itself as non-positivistic and susceptible to endemise/enculturate superstitiousness as of the 'dynamic social construction of perceived social-stake-contention-or-confliction'. And in both instances it is the corresponding institutionalising aetiologisation/ontological-escalation conflatedness directed to the bigger and subsuming issue of relative-ontological-incompleteness-of-reference-of-thought for inducing deprocrypticism over procrypticism or positivism over non-positivism/medievalism respectively that harkens back to undermine in a decisive and nonextricatory and non-palliative manner the associated postlogisms. Conflatedness as such implies an utter shift as the curve-of-prospective-relative-ontological-completeness-of-reference-of-thought thus superseding the curve-of-prior-relative-ontological-incompleteness-of-reference-of-thought

now being construed as preconverging-or-dementing-and-decentered-prior-institutionalisation's-categorical-imperatives/axioms/registry-teleology as denaturing.] The defective apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) comparison can equally be used to illustrate how slanting is different from lying. Insightfully, we can grasp that the fundamental defect of the apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument just as with slanting arising as a faulty-mentation-procedure-deception explains why it keeps on falsely presupposing new narratives in deception just as a defective apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument—producing-measurements systematically keeps on making wrong aposteriorising/logicising/deriving/intelligising/measuring–purpose—of-obtained-measurements (systematically flawed meaningfulness) as its fundamental registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> (in registry-worldview terms of implications). On the other hand, a lying deception is tantamount to undertaking an inappropriate measurement-as-of-aposteriorising/logicising/deriving/intelligising/measuring–purpose (flaw logical-processsing/act-execution-implicitation meaningfulness) with an apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument that is not defective (thus appropriateness-of-reference-of-thought-as-of-conflatedness). This point to the ad-hoc nature of lying deception wherein there is nothing inherent that precludes subsequent appropriate logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation meaningfulness where the contextual-ambiguity-constraint(s) are resolved. In the bigger scheme of things (at the

transcendental/transdimensional/interdimensional level) postlogism epistemic-decadence and its integration as perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation defines a registry-worldview's/dimension's uninstitutionalised-threshold; arising in 'socially-perceived-value as of social-stake-contention-or-confliction' situations. This is ontologically/intemporally represented or stranded-as-rightfully-oblongated/decandored postlogic mindsets in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic (which are not ignored/overlooked but cored/stranded-as-rightfully-oblongated/decandored) wherein ontologically-speaking the psychopath's interlocutors had hitherto by new logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as 'prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism re-engaging reflex' represented and referenced/registered/decisioned and related-to the postlogic mindsets in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic wrongly as candored/straightness (wrongly ignoring/overlooking and setting-aside to reassume a candoring/straightness-of-thought instead of rightfully stranding-as-slantedness/decandoring-of-thought). Thus the registry-worldviews/dimensions which are in epistemic-decadence (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in

hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>) with respect to ontological-veridicality (ontological-contiguity of reference-of-thought in intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) and 'wrongly being temporally integrated intradimensionally' as candored/straightness rather than decandored/oblongatedness are recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively, procrypticism. The conscious or unconscious exercise of 'subknowledging/mimicking the non-veridical hollow/empty form of the meaning of narratives', whether by a psychopath or a temporally-inclined mental-disposition pedestal, in view of getting interlocutors to wrongly align prelogicly/in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly and perceive the non-veridical hollow mimicking form of the meaning of narratives as veridical/true/real is known as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, requiring ontologically, at the 'uninstitutionalised-threshold', 'distractive-alignment-to-reference-of-thought which is decandored/oblongated as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and dialectically-or-contendingly-out-of-phase (contrasted to prelogism which is candored, straightness, supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism, dialectically-or-contendingly-in-phase and logically-congruent). From an intemporal/ontologising perspective i.e., aetiological understanding of the abstract human animal, perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> rather calls to

1811

engage with the unsoundness-or-inauthenticity-of-reference-of-thought/apriorising–registry of the postlogic mindset/reference-of-thought as transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing and not operating/processing logic based on the articulated perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, so as to 'invalidate the projected false apriorising–registry's implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology, and consequently to articulate a manifestation of mental-slantedness/decandoring/distractive-alignment-to-reference-of-thought/threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism/distractive-temporal-priorisation (and not soundness-or-authenticity-of-reference-of-thought/candoring/prelogism/organic-comprehension-thinking) of the mind's mental perversion/defect; and so, as an abject and mentally dialectically-or-contendingly-out-of-phase – as-the-temporal-mind-pedestals-are-dialectically-out-of-phase/dialectically-primitive – from 'an ordered construct from the intemporal as ontological mindset'. Since the state of exhibiting a demonstrated perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> annuls temporal-dispositions' implied logical-dueness/implied-profile-or-implied-stature/implied-presumptuousness-or-implied-arrogation/implied-assumptions/implied-value-reference/implied-teleology as 'logically contending'; from a pure ontological-veridicality perspective, more like a medieval mind with a superstitious registry-worldview reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation doesn't has the implied-profile-or-implied-stature and the implied-presumptuousness-or-implied-arrogation to logically contend

about the ontological veridicality of an accusation of witchcraft with a relatively suprastructuring positivistic mental-disposition). This technique of mentally grasping the psychopath and other postlogic minds is by reflecting/perspectivating/highlighting a 'distractive-or-circumventive-mental-alignment-or-postlogism' (explained further in the text) as against an 'integrative-mental-alignment-or-prelogism' (the latter being the normal reflex by which the normal prelogism-as-of-conviction-as-to-profound-supererogation mind ordinarily aligns to meaning, and it is this mental-alignment reflex to meaning that makes it difficult to truly grasp the psychopath's and other postlogic mental-dispositions which mental-alignment are rather as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism with respect to meaningfulness).

Paradoxically, this is the fundamental strength of psychopathy, i.e. to get the normal prelogism-as-of-conviction-as-to-profound-supererogation mind to wrongly elevate psychopathic meaningfulness-and-teleology as of veridical 'existential-contextualising-contiguity' rather than reflect the reality of its 'formulaic meaningfulness-and-teleology' which is 'meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated'. So when we talk about psychopathy we are talking about perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> rather than logical defect (defect of logical operation/processing/contention). This distinction is critical. Why? Basically, meaning is what defines/predicates value, thought and action. Meaning has two elementary aspects: reference-of-thought or axioms or categorical-imperatives (reflected-as-soundness-or-authenticity-of-reference-of-thought, by the prospective relative-ontological-completeness-of-reference-of-thought and logic (logical-operation/processing/contention/implicitation-of-act-execution, and so, 'fundamentally and

validatorily' on the basis of sound reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in the very first instance). Meaningfulness is thus essentially about the 'operation of reference-of-thought as-of-its-veracity/ontological-pertinence as-soundness-or-authenticity-of-reference-of-thought', with logic/logical-processing basically about the operation of reference-of-thought as rules as of ontological-coherence/superseding–oneness-of-ontology validated as of established ontological-veridicality/intrinsic-reality/existential-reality. Otherwise stated, meaning has 'reference-of-thought' reflecting its being/ontological/existential veridicality, and logic as an operation of elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity based on the meaning's implied reference-of-thought–categorical-imperatives/axioms/registry-teleology valid only inasmuch as the reference to the 'registry elements' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology is 'existentially' established. *Critical for ontological-veridicality of meaningfulness and knowledge, the relatively ontologically-complete-reference-of-thought defines what is meaningfulness as of its 'soundness-or-authenticity-of-reference-of-thought' construed as 'postconverging-or-dialectical-thinking–apriorising-psychologism and centered understanding' over the relatively ontologically-incomplete-reference-of-thought as of its 'unsoundness-or-inauthenticity-of-reference-of-thought' construed as 'preconverging-or-dementing–apriorising-psychologism and decentered understanding'. Slanting (and by derivation cohering-slanting) is 'technically coherent logical articulation' however over flawed or non-existent apriorising–reference-of-thought-elements/apriorising–registry-elements, and thus falsely implying the apriorising–reference-of-thought-elements/apriorising–registry-elements of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-

reference/teleology as being 'existentially' established, with the possibility of a further infinite possibility of logical faulty-mentation-procedure-deception-or-urge arising where the reference-of-thought-elements are wrongly implied as of existential-reality. Normally we assume that everyone is sound of mind (that is, assume everyone operates by soundness-or-authenticity-of-reference-of-thought, with contention arising by reflex rather with respect to logical coherence and not the soundness-or-authenticity-of-reference-of-thought in the first place) so 'we don't tend to question the being/ontological/existential veridicality of reference-of-thought-⟨reflected-as-soundness-or-authenticity-of-reference-of-thought'⟩.   But with the phenomenon of psychopathy, this is a critical flaw at its adulthood stage, as at its childhood stage the 'deliriousness/delirious-effect/cinglé-effect' of the implied-reference-of-thought/implied-registry and its elements of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology   is   rather obvious and we don't normally process/operate logically the childhood psychopathy's non-veridical hollow mimicking narratives since 'we just invalidate those apriorising–registry-elements to start with as not of being/ontological/existential veridicality'. For instance in the case above, where John were to witness Dad punish his sister Mary for spilling water on a chair, and by 'vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging of meaning' (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated)   determines   that   if   in   a 'dereifying act' he spilt some water on a chair and said it was Peter, Peter will be punished by dad; dad, however, having an 'existential-contextualising-contiguity sense/projection of meaning' doesn't even dare to operate/process the logic articulated by John (a logic which in-of-itself while utterly sound technically, but is actually irrelevant in the given context by its fundamental logical-undueness as of its unsound-reference-of-thought/unsoundness-or-inauthenticity-of-reference-of-thought/mental-perversion)   as   he   simply   engages   his

unsoundness-or-inauthenticity-of-reference-of-thought by way of distractive-alignment-to-reference-of-thought and then reflect the reference-of-thought or registry-teleology of John as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or mental-perversion in terms–as-of-axiomatic-construct of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology. In so doing determines that John is 'manifesting a mental defect' and more so, not an ad-hoc defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance, but rather registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> that speaks to how John may act in many other similar situations, i.e. epistemic-decadence (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>) by the denaturing of the reference-of-thought or the soundness-or-authenticity-of-reference-of-thought of meaning over which denaturing he tries to get interlocutors to operate/process logic; and 'is not even contending and that he is the subject of prelogism-as-of-conviction-as-to-profound-supererogation contention about his perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion/unsoundness-or-inauthenticity-of-reference-of-thought'. The above is the fundamental nature of psychopathy and 'it should not be lost even more critically at the adulthood stage and the corollary of social psychopathy' as increasingly prelogism-as-of-

conviction-as-to-profound-supererogation minds will tend to align to adult psychopaths and other postlogic teleological mindsets wrongfully as prelogic/conviction-as-to-profound-supererogation-or-candored/straightened/prelogism instead of rightfully keeping a decandored/oblongated/distractive-alignment-to-reference-of-thought /threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (circumventive/distractive-temporal-prioritisation-of-reference-of-thought). Such reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) inherently implies a dialecticism involving supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism narratives as of organic-comprehension-thinking (organicalism)/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting or longness-of-register-of-meaningfulness-and-teleology and threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism narratives. This points to a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> basically or a registry-worldview denaturing (when it comes to a registry-worldview/dimension transcendence). The dialecticism involves stranding-dialectics-in-a-contiguity-of-increasing-ontology/ontological-normalcy/postconvergence pointing to the skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) for intemporalisation/institutionalisation over the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor individuations in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing, and enabling ontological-

escalation or aetiologisation as 'metaphorical principle for an infinity/a-million-and-one-instances-and-locales'/aetiologisation/ontological-escalation. The underlying fact about meaningfulness-and-teleology is that the apriorising–registry (as the individual grounding of the reference-of-thought of the social-construct registry-worldview/dimension) precedes logic as of apriorising/axiomatising/referencing basis for logic. For instance, if an adult psychopath were to meet a stranger and spoke to him about another stranger whom it knows nothing about, saying logically that it is a bad thing for this guy to be molesting children, etc. The logical operation is entirely right and sound in abstract terms but does the apriorising–registry (reference-of-thought) apply? I.e. The faulty-mentation-procedure-deception-or-urge is not with regards to the logic (which is technically true) but with the 'implied' denaturing of the elements of the apriorising–registry as of reference-of-thought–categorical-imperatives/axioms/registry-teleology which are: implied-logical-dueness-or-implied-scape (the implied-logical-dueness-or-implied-scape doesn't exist since the psychopath doesn't know the guy), implied-profile (the psychopath is projecting a false representation of itself and the situation), implied-presumptuousness-or-implied-arrogation (the psychopath has no stature to talk about the guy he doesn't know), implied-assumptions (the assumptions implying the psychopath's relationship with the guy and the guy's relationship with children doesn't exist), implied-value-reference (the psychopath's elicitation of a sense of value reference in the interlocutor is unfounded and ridiculous) and implied-teleology (the psychopath's articulation of a sense of purpose on its interlocutor about the guy is hollow mimicking). Finally, the psychopath has articulated a lot of faulty-mentation-procedure-deception-or-urge but none to do with logic, but everything to do with the denaturing of registry/axiom/categorical-imperatives or the psychopath's unsoundness-or-inauthenticity-of-reference-of-thought, i.e., slanting-deception or deception-of-successively-shifting-or-non-cohering-narratives-and-acts or deception-by-concurrently-false-presupposing/false-

presuming/false-premising-of-narratives or deception-by-concurrently-false-assumptive-preconverging-or-dementing-of-narratives! So with the psychopath, you don't watch the logic, you watch out for the reference-of-thought/apriorising–registry for mental-perversion or the psychopath's unsoundness-or-inauthenticity-of-reference-of-thought! Not only that, it is important to note that this unsoundness-or-inauthenticity-of-reference-of-thought as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> do protract and an ignorant prelogism-as-of-conviction-as-to-profound-supererogation mind acting prelogicly (existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at) on such postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation non-veridical hollow mimicking narratives is 'technically psychopathic as well' as they are in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex to the psychopath's 'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase. This is known as conjugated-postlogism/preconverging-or-dementing-integration (whether conjugated to in ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation), which is to be construed as 'distractive-alignment-to-reference-of-thought and once it is induced by ignorance it leads to an undermining of 'deductive social universal-transparency-(transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-

totalising–in-relative-ontological-completeness⟩ which protects the internal-coherence of meaning as of soundness-or-authenticity-of-reference-of-thought and corresponding virtue' and so by way of 'induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' at 'uninstitutionalised-threshold' of registry-worldviews, with subsequent conjugating ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, the conjugated-postlogism/preconverging-or-dementing-integration is derived from the psychopath's initiated postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and goes on to lead to social psychopathy; more like a dumb-and-dumb/miscuing degeneration effect. It should be noted that both psychopathic postlogism and conjugated-postlogism cases of unsoundness-or-inauthenticity-of-reference-of-thought (as slanted and cohering-slanted, respectively), by their 'least-and-derived-temporal-operating-modalities-of-the-reference-of-thought-as-of-incrementalism-in-relative-ontological-incompleteness-inducing-the-uninstitutionalised-threshold', involve 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness in arrogation by the fact that taken singularly from the same interlocutor in different circumstances, each (hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>) narrative is apparently coherent but 'construed together as of the retracing of set-of-narratives' these reveal 'unsoundness-or-inauthenticity-of-reference-of-thought as preconverging-or-dementing–apriorising-psychologism'. It is rather their respective 'retracing of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context of set-of-narratives together' that

reveals 'postlogic slanting unsoundness-or-inauthenticity-of-reference-of-thought perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' and 'conjugated-postlogism cohering-slanted unsoundness-or-inauthenticity-of-reference-of-thought derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (preconverging-or-dementing-integration)'; as in successive postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> and corresponding conjugated-postlogic conjoining of the iterating narratives, the succeeding changing/decentering/non-cohering foci (thus revealing the 'deliriousness/delirious-effect/cinglé-effect' as unsoundness-or-inauthenticity-of-reference-of-thought inducing the preconverging-or-dementing–apriorising-psychologism which is particularly obvious at childhood psychopathy but its perception easily gets lost at adult psychopathy with psychopath increasing maturation/indirectness/spatialisation/credulity/craftiness to attain social-functioning-and-accordance—as-of-social-stake-contention-or-confliction) are constantly modified with circumstantial hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> by 'least-and-derived-temporal-operating-modalities-of-the-reference-of-thought-as-of-incrementalism-in-relative-ontological-incompleteness-inducing-the-uninstitutionalised-threshold'; and so in order to wrongly imply the apriorising–reference-of-thought-elements/apriorising–registry-elements as the foundation for its faulty-mentation-procedure-deception-or-urge. However, the natural level of human interlocution engagement 'is not the enlightenment of the retracing of an interlocutor's sets-of-narratives' (as this could vary anywhere from say a few days or weeks to years of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism engagement, for such an insight to arise), but rather as of 'specific singular

circumstantial narrative of interlocution without a comprehensive existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context projection' by which interlocutors deduce circumstantially. Thus the postlogic-and-conjugated-postlogic habit of producing sets-of-narratives (which collective retracing reveals their unsoundness-or-inauthenticity-of-reference-of-thought and perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> from existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context insight, but singularly out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context are apparently of soundness-or-authenticity-of-reference-of-thought) come to be endemised and enculturated socially, as of -'least-and-derived-temporal-operating-modalities-of-the-reference-of-thought-as-of-incrementalism-in-relative-ontological-incompleteness-inducing-the-uninstitutionalised-threshold'. Further, this 'natural level of human interlocution engagement is a perpetuation' explaining why the conjugated-postlogism mental-disposition is one of 'slanted-cohering/conjoining' as it rather re-rationalises the latest iterated narrative as an elucidation rather than a further preconverging-or-dementing–apriorising-psychologism of adult psychopath/postlogism (as obvious with the child psychopathy 'delirium effect' as it slants and re-slants on the initial slanting in an absolving-logic/fleeting-logic/escaping-logic reflex); and, the falsely projected reference-of-thought implied-elements of logical-dueness-or-implied-scape/implied-profile-or-implied-stature/implied-presumptuousness-or-implied-arrogation/implied-assumptions/implied-value-reference/implied-teleology, create a new foundation for further preconverging-or-dementing–apriorising-psychologism when wrongly eliciting in an

interlocutor logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation issue, such that one salient manifestation of conjugated-postlogism arises with many of such an interlocutor vaguely articulating propositions based on such falsely 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)'. The idea that the 'natural level of human interlocution engagement is a perpetuation' can be understood insightfully with respect to a non-positivism/medievalism setup wherein a contention arising in non-positivism/medievalism reference-of-thought terms when invalidated positivistic terms doesn't imply that such interlocutors will instantly dramatically change their reference-of-thought into the positivistic terms with their successive contentions (due to <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag), as their reference-of-thought remains rather in non-positivism/medievalism circularity/recurrence/repetition/repeatability, and in the big picture in all likelihood can only be 'weaned from' cross-generationally as of psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. Likewise the 'natural basis of human interlocutory engagement tends to be perpetuating' when it comes with psychopathy and social psychopathy with respect to its eliciting of a 'least-and-derived-temporal-operating-modalities-of-the-reference-of-thought-as-of-incrementalism-in-relative-ontological-incompleteness-inducing-the-uninstitutionalised-threshold-(as-procrypticism)',

thus equally implying a <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag

circularity/recurrence/repetition/repeatability of the reference-of-thought as of the uninstitutionalised-threshold or procrypticism/disjointedness-as-of-reference-of-thought. Thus the central notion for preempting psychopathic postlogism and conjugated-postlogism is

the 'retracing of their sets-of-narratives as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context'. That revealing unsoundness-or-inauthenticity-of-reference-of-thought of the traces of sets-of-narratives is analogous to resolving a list of BODMAS equations where the solution of the first equation is a variable of the second equation and whose solution is a variable of the third equation whose solution is a variable of the fourth; and where the first equation is fundamentally flawed (as of an apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument flaw, for instance), systematically the three other equations will be wrong whether by (ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) mental-disposition to resolve the equation of the traditional arithmetic principles as reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation without factoring that such reference-of-thought–categorical-imperatives/axioms/registry-teleology are only as pertinent (not by habit or tradition or expediency) but as of when they are truly for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or ontological-normalcy to then articulate the necessary 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' over naïve elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity (as of ~~amplituding~~/formative>wooden-language-(imbued—temporal–mere-form/virtualities/dereification/akrasiatic-

drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology)) that is only pertinent when it is of the existential existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality. It is important thus to know that since the defect of psychopathy and its derivation as social psychopathy has nothing to do with logical-processing but everything to do with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/perversion-of-axiomatic-construct and the false 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' which are implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology, it is simply maximalising-recomposuring-for-relative-ontological-completeness that is ontologically called for to invalidate the psychopathic 'implied falsehood' by invalidating the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology, and not involve in any elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity which will 'hollow-constitute' and falsely validate the deceptive foundation of 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-

thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology.   This is most apparent with childhood psychopathy as with the dereifying example of spilling water on a chair where it is directly obvious there is no elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity to be had/entertained nor any logical analysis but rather maximalising-recomposuring-for-relative-ontological-completeness invalidating that the implied-logical-dueness-or-implied-scape of the child psychopath who deliberately in a 'dereifying act' spills water on the chair to accuse another even exists, its implied-profile is ridiculous, just as its implied-presumptuousness-or-implied-arrogation, its implied-assumptions, its implied-value-reference and its implied-teleology (or sense-of-purpose), and such an approach will equally extend with regards to social psychopathy where by ignorance at best or 'other cynical temporal manifestations as of conjugating affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation' an interlocutor was to falsely imply the need for logical analysis in order to falsely validate the foundational faulty-mentation-procedure-deception-or-urge   of   the   'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)'.

This phenomenon of the 'social protraction of psychopathy across individuals and society' can be articulated as follows. It is important to grasp that the mechanism of SLANTING as of compulsive-slanting—preconverging-or-dementing-apriorising is actually about   'denaturing   postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-

narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase. The suspected psychosomatic basis for the psychopath to be slanted/'cinglé' is a 'faulty-mentation-procedure-deception-or-urge (entitlement folie/folie raisonnante)' as opposed to a logical motivation of a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogic mental-disposition. It is as if 'the psychopath's mental state is to take a faulty-mentation-procedure-shortcut' to the normal process of prelogism-as-of-conviction-as-to-profound-supererogation logical articulation with respect to 'socially-perceived-value as of social-stake-contention-or-confliction'. Going by the example highlighted above, say for instance the interlocutor finds out that the other stranger isn't really a child molester. The psychopath simply articulates another postlogic/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness/formulaic non-veridical hollow mimicking narrative (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated) over the previous narrative, and so in 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis'. For instance, by saying (in a different social spatial location where the interlocutor cannot verify the underlying contextual reality) it is critical that the stranger should not be taking young children in his house as it suspiciously points to a molester (which is certainly a sound statement but rather being parasitised for a perverse purpose of 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis' towards sanctified-conventioning-social-aggregation-enablers, as the statement, not to take young children into his house, is sanctifying/as-not-requiring-any-further-contemplation to many a mental-disposition). Even if this latter narrative is proven to

be false (as it is another perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or mental-perversion demonstrable as above with it faulty-mentation-procedure-deception-or-urge not being the logic itself, but in wrongly implying as existentially real the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology such that the mere fact of engaging logically with it validates these fundamental falsehood as a first-order faulty-mentation-procedure-deception-or-urge paving the way for an infinite possibility of second-order faulty-mentation-procedure-deception-or-urge operating logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation on such false axioms. Thus, with respect to postlogism generally what is critical for the psychopath/postlogic-mindset is to be seen as being prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism even if it is a perception of 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' since that will validate the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' on the basis that it was the logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation that was wrong hence the possibility and credibility not to question the reference-of-thought/apriorising–registry/categorical-imperatives/axioms and to re-engage logical-processing-or-logical-implicitation—

supposedly-apriorising-in-conviction-as-to-profound-supererogation by 'prelogism-as-of-conviction-as-to-profound-supererogation re-engaging reflex' wrongly turning the issue into one of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation instead of construing a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> 'preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought manifestation'). The psychopath simply needs to loop another non-veridical hollow mimicking narrative over the previous one in 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis' towards sanctified-conventioning-social-aggregation-enablers. What is critical for the psychopath is that 'the last postlogic/formulaic non-veridical hollow mimicking narrative/meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated' allows its interlocutors to prelogicly 'rationalise' (align in-conviction-as-to-profound-supererogation to or prelogism, at-a-pedestal,-in-this-case-ignorance-pedestal) the other narratives even if there are all 'non-veridical hollow mimicking narratives'. This might further involve juggling such hollow mimicking in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic among different set-of-interlocutors (this is simply because postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> operates by extrinsic-attribution, i.e. who can I convince to make my argument right as per 'perverted-outcome-sought-precedes-existentially-veridical-logical-dueness' unlike postlogism as prelogism which operates by intrinsic-attribution, i.e. what is intrinsically real to uphold ontological virtue as per 'existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at'), and inducing

mutual misconstruing; and the reason for a perpetual psychopath's extrinsic-attribution inclination is that the outcome of its postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (which is an unusual and rare social experience given that a psychopathic personality and postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> are an outlying phenomenon) with one set-of-interlocutors will involve either a temporal commitment to the postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (due to the 'lack of constraining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as inducing vices-and-impediments which will then make it alienating) or a 'fool-me-once-phenomenon' where there is a relative insight on postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> from some interlocutors with no more commitment given the inconsistency of the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic, in time speaking to the fundamental mental denaturing involved in postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, and so for the shallowness of the postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> the extrinsic-attribution inclination is in constant need for new sets-of-interlocutors. The mental process that takes place in the ignorant prelogism-as-of-conviction-as-to-profound-supererogation mind is a prelogic/existential-contextualising-contiguity /conviction-as-to-profound-supererogation alignment (existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at) to the

psychopath's (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated) postlogism-formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation projection (distractive-alignment-to-reference-of-thought) such that the former's mind is rather in a hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> 'conjoining looping narratives (of flawed-existential-elevation-of-reference-of-thought and developing a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism out of them), to the psychopath's 'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase. But again, this is just when the temporal prelogic/prelogism-as-of-conviction-as-to-profound-supererogation mind is ignorant of the slanted mental state of the psychopath.

The general and complete operative psychopath perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> mechanism (it isn't necessarily completed in all manifestations as is rather a 'mental roaming/drifting-cycle disposition known as postlogism-retreating' that carries on depending on how the situation permits) involves the psychopath first projecting initially neutral narratives (pre-valuation), then narratives meant to elicit the sense of excellence/exception/accommodation of its interlocutor (pri-individuation) as well as any other person or notion the interlocutor holds in high esteem, which are then contrasted 'out of context' unfavourably with non-veridical hollow mimicking narratives about the

psychopath's 'socially-perceived-value as of social-stake-contention-or-confliction target' (de-individuation) ensuring the latter narratives are articulated craftily and at different social locations/spaces. De-individuation further consists of four elements; 'consternation' wherein narratives with a 'sense of dismay' are induced on the interlocutor about the psychopath's social-stake-contention-or-confliction target, 'revulsion' wherein narratives with a 'sense of repugnance' are induced on the interlocutor about the target, 'certainty' wherein narratives with a 'false sense of undoubtedness' are projected about the target on the interlocutor, and finally 'a sense of passive or suggestive alienation' towards the psychopath's target is projected upon the interlocutor to 'subconsciously induce a sense of alienation from the target'. The psychopath then strives to settle on the whole of this process circularly doing likewise with other new and pertinent interlocutors as well (commitment). By and large this circularity perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> thus involves these four elements as pre-valuation/pri-individuation/de-individuation/commitment. Together with its corollary, social psychopathy, this disposition (passive or suggestive alienation) is at various level-of-consciousness-and-wittiness extended to the social-construct as a comprehensive nature of extrinsic-attribution. Passive or suggestive alienation as such with corresponding 'temporal-dispositions miscuing' which is 'misconstrued as intrinsic ontological depth-of-conviction-as-to-profound-supererogation'.

The underlying reason for the entirety of this mental process in the psychopath has to do with its 'mere formulaic constrained/unconstrained perception and relation to meaningfulness-and-teleology' (vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging faulty-mentation-procedure-deception/meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated) which poorly perceives 'supplanting–conviction-as-to-profound-

supererogation—postconverging/dialectical-thinking–apriorising-psychologism contentions' not in the 'essence/conviction-as-to-profound-supererogation sense' but rather as 'formulaic mental alienation schemes' wherein perverted-outcome-sought-precedes-existentially-veridical-logical-dueness (in order words the developmental psychology of the psychopath is actually to perceive supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism meaning as formulaic-schemes/meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated, to which it responds in kind), and so is in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing to prelogism-as-of-conviction-as-to-profound-supererogation, and strives to 'square off as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> at uninstitutionalised-threshold involving organic-comprehension-thinking ('Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting) being circumvented/distracted by threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism in an epistemic-totalising~self-referencing-syncretising; and so, in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing along 3-pedestals (psychopath's slantedness/compulsive-dementing transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestal, temporal-dispositions transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestals, and the intemporal-disposition transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestal in their ontological-escalation/aetiologisation), enabling the stranding-dialectics, and not <amplituding/formative>epistemic-totalising~self-referencing-syncretising-as-

wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase, of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as being distractive to organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology)'; to ultimately prevent its own 'perceived social alienation' by inducing the alienation of its 'perceived social-stake-contention-or-confliction target' over a social-stake-contention-or-confliction paradigm. Critically, it should be understood that passive or suggestive alienation is actually the summum of the possibilities of the psychopath's meaningful finality that starts from prevaluation (neutral narrations).

It should be noted that the mental state of the psychopath's interlocutor as 'ignorance-temporal-disposition conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism' is not really ontologically-speaking a prelogic/conviction-as-to-profound-supererogation mental state but rather technically a 'miscuing/dialectically-or-contendingly-out-of-phase postlogic mental state'. There are two stages at which an interlocutor can be in relation with the psychopathic manifestation: first, as an ignorant of psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> to which the interlocutor aligns prelogicly and then miscues, and then secondly (in addition), as 'committed-by-temporality/interest over intrinsic-veridicality' whether in the form of affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation.

It should be noted that this psychopathic manifestation process can be mimicked in the context of social psychopathy, and more thoroughly when as 'exacerbation-temporal-disposition conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-

preconverging-or-dementing–apriorising-psychologism'. Over a given or extended period the underlying effect sought by the psychopath might stick, especially where the social target, interlocutors and others are utterly unaware of the mental state of the psychopath, and so evolving more like a social-discomfiture of relationship over 'socially-perceived-value as of social-stake-contention-or-confliction' (*social-discomfiture as such can be defined as the subsequent, ignorant or deliberate/disingenuous, adherence as if veridical to the slanted and hollow mimicking narratives of the psychopath with the corresponding perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or mental-perversion in the social context). It is important to see that such social-discomfiture is in reality not a veridical logical 'contention' but in veridicality/ontologically a 'protracted manifestation' of notional~procrypticism/notional-disjointedness-as-of-reference-of-thought as to underlying registry-worldview/dimension uninstitutionalised-threshold perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of both the psychopath and its interlocutors (even when the interlocutor is at best ignorant of the underlying psychopathic state), requiring 'distractive-alignment-to-reference-of-thought at 'uninstitutionalised-threshold' initiated by the psychopath's postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, and resolved suprastructurally by a deprocryptic mindset/reference-of-thought making reference to superseding deprocryptic reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (just like an accusation of witchcraft in medieval society is not veridically/ontologically a 'contention' but rather a 'protracted manifestation' of non-positivism/medieval registry-worlddview/dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation> by the dynamism of non-positivism/medieval mindset, resolved/structurally-rendered-inoperant suprastructurally by a positivistic mindset/reference-of-thought making reference to superseding positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology). It should be noted that suprastructuring implies reflection about an abject and mentally dialectically-or-contendingly-out-of-phase; as of non-ontological-reference/non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing–apriorising-psychologism/not-veridical-thinking-reference-rather-preconverging-or-dementing-reference as-the-temporal-dispositions-are-dialectically-out-of-phase/dialectically-primitive as suprastructurally reflected by an 'ordered construct from the intemporal/ontologising disposition' (since the state of exhibiting/demonstrating perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> will annul temporal-dispositions pedestals/statures/presumptuousness as postconverging-or-dialectical-thinking–apriorising-psychologism/'logically contending', more like a medieval mind with a superstitious registry-worldview doesn't has the stature/presumptuousness to 'logically contend' about the ontological veridicality of an accusation of witchcraft with a suprastructuring positivistic mind, as the former makes syncretic/circular references to non-positivism/medievalism reference-of-thought–categorical-imperatives/axioms/registry-teleology in its supposed articulation of logic).

Paradoxically, the normal prelogism-as-of-conviction-as-to-profound-supererogation mind is so attached by supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex or prelogic-reflex-admittance-reflex or in-phase-reflex to the notion of the essence of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-

psychologism meaning (as it is not priorly inclined to put into question narratives but rather to quickly operate/process logic to arrive at outcome while 'trusting' that the other is also prelogism-as-of-conviction-as-to-profound-supererogation in their apriorising–registry, and so because psychopathy is a relatively outlying phenomenon thus the natural human personality development doesn't take it much into account in the bigger scheme of things, i.e. it will be 'a waste of too much mental energy' to be verifying in detail the apriorising–registry – implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology – of every interlocutor, so mentally the human mind has developed 'a referencing scheme of trusting that involves closeness, familiarity, reputation and appearance'; but such a scheme is strictly speaking ontologically incomplete and underminable but it is standard as it 'saves mental energy and time', hence it is the strongest factor for the social prevalence of psychopathy and its social psychopathy corollary, and by extension all postlogisms//outcome-sought-precedes-logical-dueness across all registry-worldviews/dimensions); that it will find it hard to articulate or for that matter not believe the comprehensiveness and extent by which the psychopath can produce non-veridical hollow mimicking narratives towards its end purpose, particularly as it is a rather social outlying phenomenon and hence not usually integrated in many an individual's conceptualisation of social relations and phenomena. That's why the manifestation of 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism', contrasted to the psychopath's compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or compulsively-dementing, is ad-hoc, circumspect and highly contextualised since the prelogism-as-of-conviction-as-to-profound-supererogation mind even when acting temporally/badly has a hard time escaping from supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism

(it has qualms/conscience) while the psychopath's compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation is comprehensive since the psychopath naturally doesn't attach any 'emotional involvement' and qualms to the meaning of the narratives it articulates (it views them just as non-veridical hollow mimicking form narratives that determine its interlocutors prelogism-as-of-conviction-as-to-profound-supererogation dispositions and actions). In so doing, the psychopath has a parallel formulaic-representation-of-meaning/meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated which 'subknowledging/mimics' the fundamental elements of 'supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism deductive meaning' such that the (adult) psychopath's non-veridical hollow mimicking narratives come across paradoxically as highly credulous. Basically the relevant question for the psychopath is: 'how was the hollow mimicking form that can be grasped in a prelogism-as-of-conviction-as-to-profound-supererogation mind deterministic of other prelogism-as-of-conviction-as-to-profound-supererogation minds behaviours, and how can I then mimic-and-project this hollow mimicking form to determine how others minds will act. These parallelisation of mere formulaic-projection/extrinsic-attribution induced-meaningfulness elements (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated) with their corresponding prelogism-as-of-conviction-as-to-profound-supererogation-or-intrinsic-attribution veridical-meaningfulness elements (which are subknowledged/mimicked) involve: 'toning-triggering/snappings-of-impression/tenseness-of-interlocutory-engagement-(easily copied with conjugated-postlogism at an intuitive-level)' as subknowledging 'prelogism-as-of-conviction-as-to-profound-supererogation toning/mannerisms'; 'hollow mimicking presumptuousness/arrogation/usurpation' as subknowledging 'prelogism-as-of-conviction-as-to-profound-supererogation suppositions'; 'folie-raisonnante/non-veridical assumptions' as

subknowledging 'veridical assumptions'; 'absolving/fleeting/escaping-reflex-logic' as subknowledging 'prelogism-as-of-conviction-as-to-profound-supererogation logical operation narratives'; inductive/contextual limitation as subknowledging 'principles/projected-logic'; structured-manipulation/deception-or-mimicking-or-gotcha-logic as subknowledging 'value referencing/applicative-logic'; 'taking-out-of-context/offsetting logic' as subknowledging 'veridical contexts logic', and 'extrinsic-attribution acts with respect to conventioning/social-temporal-thresholding contexts on the basis that acts by the psychopath to elicit the temporal-self-interest of its interlocutors will override intrinsic right or wrong; whether such actions include praising, endearing, owing a favour, gifting, assisting, being friendly towards, etc.' as subknowledging 'intrinsic-attribution of acts as inherently right or wrong'. On the above basis, the psychopath's relation to 'deductive meaning' is actually reverting to 'vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging of postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as to its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' construed as 'reverting deduction' whereas 'supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism deductions' emphasise the intrinsic attributive essence of deductions with corresponding latent forms of prosody, psychopathic vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging 'revert or postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation backtracking—iterative-looping-'set-of-dereifying-hollow-narratives-and-acts' deductions' imply the psychopath overemphasises in a consciously active manner the empty forms of prosody in-of-themselves first and over the intrinsic attributive essence of meaning like

overemphasising the toning form (toning triggering) and the supposition form (presumptuousness) in their expressed deductive reasoning, as it mimicks the fact that the forms of prosody tend to be overemphasised spontaneously when naturally expressing profound/deep conviction; thus naturally the psychopathic mindset/reference-of-thought has an unusually large repertoire of 'sense of meaningfulness associated with empty forms of prosody' since it artificially perceives them as more critical than the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mind's intrinsic meaningfulness the forms of prosody are latently associated with. The peculiarity with the psychopath and in the instance of protracted slantedness/social psychopathy with the case of exacerbation for instance, is the over-elaboration of such forms in a way that is rather an instrumentalisation of form of expression and not natural expression (mimicking or vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging). In fact, it is often the case that such line of rather 'overly emphasised forms of expression with peculiar tonality' will be noticeable across an entire set of the psychopath interlocutor's in conjugated-postlogism in their 'conjoining looping narratives of flawed-existential-elevation-of-reference-of-thought' (pointing to vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging), and can be an advanced insight of a 'psychopathic/postlogic and social psychopathic/conjugated-postlogism situation', construable with an appropriate maximalising-recomposuring-for-relative-ontological-completeness. This mirrors the operant case highlighted further below, wherein the implied meaningfulness (of postlogic/psychopathic, conjugated-postlogism/preconverging-or-dementing-integration and supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mental-dispositions) is existentially-traced as of the circularity/recurrence/repetition/repeatability as of 'existential-

transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology' to establish ontological-veridicality, and not simply operating on the 'naïve supposition of universal human prelogism-as-of-conviction-as-to-profound-supererogation' without factoring the 'postlogism mere formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation mental-disposition' of the postlogic/psychopathic and conjugated-postlogism/preconverging-or-dementing-integration mindsets/reference-of-thought.

It is important to note that the psychopath's targeting is highly evolutive throughout its life (along human personality development stages) as 'socially-perceived-value as of social-stake-contention-or-confliction' with others arise and 'the possibility of going undetected' permits. The psychopath being 'out-of-phase' is pushed by a faulty-mentation-procedure-deception/urge/folie raisonnante, and the idea of psychopath's having a grand plan/an overall scheme in its actions is ridiculous and unfounded (this idea again, is due to prelogism-as-of-conviction-as-to-profound-supererogation mental-alignment or in-phasing or prelogism to the last narrative(s) of the psychopath and rationalising prelogicly/by-essence/candor all its previous 'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase' over 'the intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' instead of mentally aligning postlogicly/by-form/slantedness/distractive-alignment-to-reference-of-thought before reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) a protracted unsoundness-or-inauthenticity-of-reference-of-thought/insanity). In fact, the

psychopath's faulty-mentation-procedure-deception-or-urge occurs because of overthinking (elevating its perverted registry/mimicking-subknowledging to wrongly contend with it) rather than underthinking downgrading the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and not contending with it, just as is naturally done with a 'childhood cinglé' who is not yet surreptitious and the delirium is rather obvious. Actually, instead of being 'deliberate of thought'/'conviction-as-to-profound-supererogation logical motive', the psychopath 'compulsively learns' as of its postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation faulty-mentation-procedure-deception-or-urge from the successive experiences of its failing/not-upholding-<as-of-apriorising/axiomatising/referencing> childhood postlogism-slantedness as it grows into an adult by learning first to be socially-functional-and-accordant while being matured, indirect, spatialising, credulous and crafty about its postlogism-slantedness so that it starts becoming effective in inducing supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism minds to align in-conviction-as-to-profound-supererogation to its compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation hollow narratives. Thus, social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩' of its slanted/postlogic narratives mental-disposition at childhood 'gets lost' socially at adulthood to many a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mind just getting acquainted but this is basically the same hollow-formulaic structure. This social loss-of-awareness of the social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as being

of postlogism mere formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation further elicits a 'sense of temporality' as of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation in many an acquainted or non-acquainted (ignorance) supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism minds to the psychopathic postlogism mere formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation of preconverging-or-dementing–apriorising-psychologism narratives as if it was truly of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as to ontologically-veridical reality thus inducing the phenomenon of social-psychopathy threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. Thus, a non-ignorant temporal pedestal mindset/reference-of-thought whether affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation may find it in their temporal-self-interest to cynically elevate the psychopath's postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or slantedness/threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism-or-mimicking-or-subknowledging, when this is not socially universally transparent (at uninstitutionalised-threshold). Further, the element of the need to be socially-functional-and-accordant first, implies that psychopathy is 'more than just the drive of a pathological individual' but inevitably psychopathy and correspondingly social psychopathy involves a 'social split-dynamism' wherein the 'unordinary eliciting' of temporal interest among some as extrinsic-

attribution (praising, endearing, owing a favour, gifting, assisting, being friendly towards, etc.) is the basis for the targeting of another or others, further compounded by the fact that while so-called 'rules of sound logic' abstractly permeate more or less effectively most of our formal setups, their sociological pertinence is actually far from established, but for the fact that broad and large general education diminishes social egregiousness in this respect, as specifically 'reasoning by significant others' is actually the more common mental-disposition in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ including the 'informal spaces' of formal setups, with the result that this is a further factor that makes psychopathy poorly graspable as simply of individual denaturing dynamics rather than of social denaturing dynamics, thus better construed phenomenally as social psychopathy; as logic will often tend to be 'rationalised in social rather than abstract terms' depending on level of individuals intuition about the underlying dynamism of the postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation mental-disposition (going by experience), and then their sense of abstraction or gullibility or disposition to bandwagon effect with respect to a critical aetiologisation/ontological-escalation. (The implication here is that, for instance, it will be very naïve for an investigation involving a psychopath without the investigators being extra-cautious with respect to the underlying social aggregation linkage of potential interlocutors).

Hence, the above phenomenon is further compounded in increasing profoundness (i.e. where the psychopath's childhood delirium gives way to an adulthood mental articulation which is diffused/with-hardly-any-social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩-but-rather-select-transparency-to-some about the nature of the

psychopath's veridical mental state) when the 'temporal prelogism-as-of-conviction-as-to-profound-supererogation interlocutor', by the mechanism of 'induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' at the point of lack of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ about the psychopathic postlogism/slantedness compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (and wherein there is no universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ about temporal-to-intemporal-dispositions disambiguation/unequivalences/alienative-hierarchisation), becomes 'affordable' (as it doesn't think it has got anything to lose personally), 'negatively opportunistic' (as it occasionally finds a temporal-self-interest in backing the psychopath, even though it knows better), 'negatively exacerbatory' (as it gains some insight in the psychopath's mental process and actually strives to copy it adhocly, as a successful way of going about one's temporal-self-interest). There is equally a social dynamism aspect wherein the issue of 'social allegiance, affordability and initial prelogism-as-of-conviction-as-to-profound-supererogation alignment to psychopath-and/or-the-protracted-postlogism' comes to override the issue of 'intrinsic rightness' leading to what is known as 'social-chainism or negative-social-aggregation or social-discomfiture' which in turn (because individuals find 'apparent social success and conventioning/social-temporal-thresholding' in such social behaviour) leads to the 'temporal endemisation/enculturation of social psychopathy'. The underlying mental-disposition of the psychopath as postlogic and

the temporal prelogic/conviction-as-to-profound-supererogation minds pedestals that endemise/enculturate this process thus becoming conjugated-postlogism, is known as 'extrinsic-attribution', i.e. the idea of satisfying an interlocutors sense of temporal interests is more important and critical in gaining their support than the notion of intrinsic truth/veridicality of meaning (intrinsic-attribution) thus reflecting their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. Ontologically, this requires an altogether PURIST and UNCOMPROMISING intemporal/ontological conceptualisation of such a-comprehensive-social-temporal-hodgepodging which is rather ontologically-discontinuous. This author qualifies as procrypticism preconverging-or-dementing–apriorising-psychologism, and so as 'ONTOLOGICAL ENTRAPMENT' going by the 'human solipsistic/emanant template of institutionalisation/intemporalisation', given that reality and predication doesn't compromise with the 'mortal' that man is (more like the positivistic mind can't afford to compromise positivism to non-positivism/medievalism) exactly for the 'intemporal good-of-man'.

At childhood the psychopath's mental process can fully be seen in operation as the slanted effect of its thinking produces 'a delirium effect'. However, as the psychopath matures it start adjusting to its failing/not-upholding-<as-of-apriorising/axiomatising/referencing> slanted mental process as it faces the negating social reaction of its immediate family environment and the grander society with respect to its compulsive-slanting—preconverging-or-dementing-apriorising. But then in its child development psychology, this social negation is rather the backdrop by which it evolves (in a process of trial-and-error in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-

looping-'set-of-dereifying-hollow-narratives-and-acts'>-absolving-or-fleeting-logic-reflex-or-escaping-logic wherein 'perverted-outcome-sought-precedes-existentially-veridical-logical-dueness, i.e. vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging') from 'a direct and blatant faulty-mentation-procedure-deception-or-urge for postlogic slantedness' in a given social space during its childhood to a state in which the psychopath 'externalises, displaces and transfers its faulty-mentation-procedure-deception-or-urge for postlogic slantedness to attain an apparent normal social equilibrium or socially-functional-and-accordant state within any given social space as it develops into adulthood'. It is in this way that a mechanism for psychopathic and postlogic slantedness is relayed to apparently sound supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism interlocutors, and so along five factors:

- MATURATION (as childish slanted delirious non-veridical hollow mimicking narratives give way to increasingly adult and serious non-veridical hollow mimicking narratives which unsoundness-or-inauthenticity-of-reference-of-thought/slantedness become harder to perceive);

- INDIRECTNESS (as the psychopath makes its motive, i.e. the psychopathic faulty-mentation-procedure-deception-or-urge, less direct and obvious, by increasingly appearing to bring up narratives in a neutral and unmotivated manner);

- SPATIALISATION (as the psychopath learns to articulate narratives at different 'social spaces/locations' to prevent interlocutors from judging their non-veridical hollow mimicking narratives and comparing with the effective social reality context to establish whether the narratives are sound);

- CREDULITY (as with development from childhood to adulthood psychopathy, its narratives increasingly mimic 'genuine supplanting–conviction-as-to-profound-

supererogation—postconverging/dialectical-thinking–apriorising-psychologism narratives'
and at an even deeper level mimicking 'profound supplanting–conviction-as-to-profound-
supererogation—postconverging/dialectical-thinking–apriorising-psychologism mindsets on
issues' the psychopath has witnessed or has experienced insight of, and projecting these out
of their social context to elicit the same effect) as well as readjusting its compulsive-
slanting—preconverging-or-dementing-apriorising in a roaming/drifting-cycle as per
evolving situation whether succeeding, being discovered and undermined, reassessing,
backing down whether momentarily or not, bifurcating with the compulsive-slanting—
preconverging-or-dementing-apriorising, etc. oince it is evolving in an 'absolving or fleeting-
logic-reflex-or-escaping-logic'. Further slanting is done at what it perceives to be 'the
credulity-level-of-slanting' with respect to a given interlocutor which constantly evolves with
psychopathic maturation. While the childhood psychopathy slanting is rather haphazard and
by reflex, however the successive failing/not-upholding-<as-of-
apriorising/axiomatising/referencing> is an experiential basis that ultimately skews
('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-
reality/ontological-veridicality transcendental-enabling/sublimating) it into more strategic
postlogic slanting at adolescence and adulthood with more matured construction and themes.
Thus implying a corresponding development from a low credulity effect at childhood to high
credulity effect at adulthood with respect to interlocutors, in addition to the fact that at
adulthood its postlogism-slantedness is not socially-universally-transparency, that is, it now
passes the intradimensional socially-betraying-threshold-of-ontologising-depth-of-analysis
(or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–
ontological-preservation or threshold-of–nonconviction/madeupness/bottomlining-as-to-
shallow-supererogation—preconverging/dementing–apriorising-psychologism or
'uninstitutionalised-threshold') of many an interlocutor;

- CRAFTINESS (with increasingly greater crude-to-polished threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism): Actually when it comes to social-and-confliction-stakes, the psychopath being postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation construes meaningfulness as a hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> construct driven as an threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism exercise (with respect to same-terms-of-expressions/seemingly-same-implied-meaningfulness with regards to ordinary meaning) as determining of others/conviction-as-to-profound-supererogation interlocutors behaviours and mental-dispositions; this is rather crude with the childhood-psychopath/cinglé such that it fails to elicit supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism in others as the postlogic-effect is rather 'delirious' then (as in the case of wetting a chair) but the postlogism at adulthood psychopathy becomes rather polished/less-crude in its effect 'with maturation/indirectness/spatialisation/credulity' to the point then of eliciting a prelogic/conviction-as-to-profound-supererogation mental-disposition as conjugated-postlogism/preconverging-or-dementing-integration (conjugated-ignorance, conjugated-affordability, conjugated-opportunism, conjugated-exacerbation, conjugated-social-chainism and conjugated-temporal-enculturation) which is hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> with respect to the meaningfulness of reference-of-thought–categorical-imperatives/axioms/registry-teleology from the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. The psychopath

perceives instances of rebuttal of its postlogism not essentially in terms–as-of-axiomatic-construct of the rightness or wrongness of the postlogic acts as a prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mental-disposition will but rather in terms–as-of-axiomatic-construct of not delivering well and failing/not-upholding-<as-of-apriorising/axiomatising/referencing> in its compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation postlogic narratives with the idea of how to further confound/muddle hence the reason it is recursive (postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>) as absolving/fleeting/escaping-reflex-logic to the point of faking remorsefulness or being a victim as long as fundamentally it 'succeeds in placing its interlocutor in a prelogism-as-of-conviction-as-to-profound-supererogation relation to its compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism mental-disposition' in order for the former to conjoin to its postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>).

So basically, as social-and-confliction-stakes develop from childhood to adulthood, likewise the psychopath's postlogic narratives exercise develop and become increasingly serious in its social consequences as the context of 'socially-perceived-value as of social-stake-contention-or-confliction' moves from family, neighbourhood, school, company, administration, business, criminality, etc. depending on the development of the specific psychopath. The fact, however, is that many of those who grow together with the psychopath (immediate family, close family friends and relatives, etc.) generally have some insight, however wobbly, into this mental process. Further, psychopathic phenomenon meets with varying impact levels as it's just a way of being/living for the psychopath, and differences in the setup of 'socially-perceived-value as of social-stake-contention-or-confliction' context and time might play a role in making its social consequences benign or aggravated.

But then psychopathy and its social consequences, as a social phenomenon, is often wrongly perceived as exclusively due solely to an individual (the psychopath). This is rather an incomplete picture of things actually. The psychopath in a way can be said to suffer from a pathological dysfunction arising in the interaction of biology and the social environment. The psychopath has an urge or the inclination to take a faulty-mentation-procedure-deception to resolving 'socially-perceived-value as of social-stake-contention-or-confliction's. This is the reason why its narratives are of succeeding changing/decentering/non-cohering foci in order to wrongly imply the veridicality of the projected apriorising–reference-of-thought-elements/apriorising–registry-elements which when wrongly acquiesced to is the foundation for its faulty-mentation-procedure-deception-or-urge; as the succession of narratives are successive slants over one another, more like a non-cohering deception which is a deception as the basis for a succeeding deception as the basis for a further succeeding deception, and so on, explaining its peculiar absolving/fleeting/escaping-reflex-logic and the deliriousness/delirious-effect/cinglé-effect). Paradoxically, this faulty-mentation-procedure-deception-or-urge points to the fact that the slanted child psychopathy mind has 'a developmental incompleteness (as it is so focussed on attaining its sought after outcome in advance that it construes of 'presupposing/presuming/premising in concurrence' as an independent mental activity that must not necessarily be derived-and-implied from existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context, which is what validates logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as a process reflecting existential-reality as of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology), in the formation of a basic and normal

prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at) mindset/reference-of-thought' inducing rather a postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation mindset/reference-of-thought as it relates to meaningfulness as a faulty-mentation-procedure-deception-or-urge relative to social-stake-contention-or-confliction' (explaining its absolving/fleeting/escaping-reflex-logic mental-disposition); rather than as of the 'requisite existentially veridical logical-dueness (of apriorising–reference-of-thought-elements/apriorising–registry-elements) and logical-processing-soundness driven construct' associated with a prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mindset/reference-of-thought. And this fundamental faulty-mentation-procedure-deception-or-urge relative to social-stake-contention-or-confliction of its postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation mindset/reference-of-thought then goes on to account for the developmental psychology of the psychopath from childhood to adulthood wherein it gains maturation/indirectness/spatialisation/credulity/craftiness in circumventing its postlogism failing/not-upholding-<as-of-apriorising/axiomatising/referencing> experiences at childhood and early adolescence to achieve the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance at adulthood. The paradox being that the prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mindset/reference-of-thought will project its own mental-disposition unwittingly upon the psychopath (in the case of adult psychopathy but not in the instance of childhood psychopathy where the latter's deliriousness/delirious-effect/cinglé-effect is often obvious due to lack of

maturation/indirectness/spatialisation/credulity/craftiness to attain social-functioning-and-accordance—as-of-social-stake-contention-or-confliction), and paradoxically then wrongly validate the psychopath as prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism with respect to meaningfulness as of 'requisite existentially veridical logical-dueness (of apriorising–reference-of-thought-elements/apriorising–registry-elements) and logical-processing-soundness driven construct'. However, psychopathy tends to take a social dynamism all of its own which cannot only be explained by the nature of the psychopath who initiates it. The fact is, while supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism, the rest of the human mental-dispositions include varying levels of temporality/shortness (when there is no social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ of our acts at 'uninstitutionalised-threshold' thus there is not 'intemporal social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ of temporal-to-intemporal-dispositions disambiguation/unequivalences/alienative-hierarchisation,' thus creating an 'induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' derived from the psychopath's initiated postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>). That is, abstractly, with respect to 'socially-perceived-value as of social-stake-contention-or-confliction' humans do solipsistically/emanantly/becomingly suffer perpetually, at 'uninstitutionalised-threshold', from the temporal-dispositions of slantedness (the psychopath), ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-

discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation. These poor solipsistic abstract temporal-dispositions that pervade the social context tend to be overcome with institutionalisation/intemporalisation and formalisations with corresponding internalisation of values or secondnaturing. However, at circumstances where the institutionalisation/intemporalisation threshold is surpassed or often made irrelevant like in the 'extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩', then 'a induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' will elicit the 'mediocrity/averageness of mind'. This is strongly the case with psychopathy which when 'successful' (and not perceived deliriously but rather wrongly integrated prelogicly/in-conviction-as-to-profound-supererogation) will often perfectly elicit an 'induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality dynamism' in the social-construct such that others will find it to their temporal self-interest to perpetuate, whether circumstantially or profoundly, the phenomenon of psychopathy in society, so long as they can rationalise their dispositions and acts. This as 'social psychopathy' as a result of the psychopath's initiated postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (involving protracted/derived slantedness), in the absence of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ on the veridicality of narratives with respect to social-and-confliction-stakes tends to induce ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-

negative-social-aggregation/temporal-enculturation-or-temporal-endemisation (at the point of such lack of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of its postlogism-slantedness to many a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism interlocutor as the 'uninstitutionalised-threshold').

Hence psychopathy when studied dynamically is rather 'social psychopathy'. Psychopathy through this social dynamism effect equally influences social behaviour as at 'uninstitutionalised-threshold' human learned behaviour is primarily geared towards what is 'perceived as succeeding or conventioning/social-temporal-thresholding rather than ontological rightness for rightness sake', whether intemporal (the-Good as longness-of-register-of-meaningfulness-and-teleology) or temporal (shortness-of-register-of-meaningfulness-and-teleology), hence its relation to sociopathy which is a more generalised notion of social vices-and-impediments. The social psychopathy phenomenon (in describing the underlying abstract nature of man before institutionalisation/intemporalisation; institutionalisation/intemporalisation being the exercise of utilising the intemporal-disposition by its purist and universal projection rules in an 'ontological entrapment' exercise to undermine/override temporal-dispositions subknowledging/mimicking, by virtue of its ontological-primemovers-totalitative-framework and overall medium to long term good to the cross-section of human temporal interests) is equally associated with the notion of the stages of human transcendence/civilisation, in an intemporal-preservation-entropy-or-contiguity–or–ontological-preservation exercise, from an recurrent-utter-institutionalised animal through subsequent stages of institutionalisation/intemporalisation (as intemporal-preservation-entropy-or-contiguity–or–ontological-preservation exercise, 'as against the temporal human

disposition to subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩/pervert intemporal categorical-imperatives) starting with base-institutionalisation (initial sense of social rules/organisation), universalisation, positivism and prospectively the future institutionalisation/intemporalisation this author qualifies as deprocrypticism (preempting procrypticism, so construed by 'deprocrypticism ontologically-perspectival-elevated/pedestaling-as-postconverging-or-dialectical-thinking-differentiation-as-of-supratransversality—apriorising/axiomatising/referencing'). That is, psychopathy as postlogism is associated with temporal-dispositions in their 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (as prior intemporal reference-of-thought–categorical-imperatives/axioms/registry-teleology) of the various institutionalisation/intemporalisation levels (vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging of the reference-of-thought–categorical-imperatives/axioms/registry-teleology behind a registry-worldview's/dimension's institutionalisation/intemporalisation level that then warrants a subsequent 'intemporal-preservation-entropy-or-contiguity–or–ontological-preservation re-institutionalisation of prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology). To grasp this better say for instance the normal arithmetic we know 2+2=4, 5+1=6, 7-3=4, etc. was to be undermine by a new human perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> caused by a disease wherein we tend to say 2+2=5, 5+1=7 and 7-3=3, then the traditional categorical-imperatives of addition and subtraction will be modified to take account of our perversion/defect by saying that additionality will involve subtracting 1 from the result and subtractivity will involve adding 1 to the result, so that arithmetic mirrors intrinsic reality outcome (intemporal transversality-of-affirmative-and-unaffirmative,-disambiguated-

aprioriising/axiomatising/referencing as from ontological-normalcy/postconvergence). Thus reference-of-thought–categorical-imperatives/axioms/registry-teleology are 'inventions' that are as pertinent as the extent of their preservation of intemporal reality (intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Hence a false subknowledging/mimicking-and-protracted-mimicking with no relationship to intrinsic reality renders categorical-imperatives/registry/axioms-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation null and void, calling for the overcoming of the slantedness/decandoring/distractive-alignment-to-reference-of-thought of mental-devising-representation and the articulation of new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation reflecting intrinsic reality. These registry-worldview/dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> include:

- RECURRENT-UTTER-UNINSTITUTIONALISATION (base perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation, resolved/structurally-rendered-inoperant by BASE-INSTITUTIONALISATION categorical-imperatives/registry-worldview/axioms-for-intemporal-preservation-entropy-as-of-ontological-normalcy),

- UNUNIVERSALISATION (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of base-institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology, resolved/structurally-rendered-inoperant by UNIVERSALISATION categorical-imperatives/registry-worldview/axioms-for-intemporal-preservation-entropy-as-of-ontological-normalcy),

- NON-POSITIVISM/MEDIEVALISM (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of universalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology, resolved/structurally-rendered-inoperant by POSITIVISM categorical-imperatives/registry-worldview/axioms-for-intemporal-preservation-entropy-as-of-ontological-normalcy), and prospectively,

- Procrypticism/disjointedness-as-of-reference-of-thought (slanted perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivism reference-of-thought–categorical-imperatives/axioms/registry-teleology, resolved/structurally-rendered-inoperant prospectively by DEPROCRYPTICISM categorical-imperatives/registry-worldview/axioms-for-intemporal-preservation-entropy-as-of-ontological-normalcy).

In the bigger scheme of things such 'institutional-cumulation/institutional-recomposure' as articulated above gives coherence in conceptualising a continuity in the human emanant/becoming anthropological experience; as putting into perspective and not excepting any particular stage of institutionalisation/intemporalisation, as we might tend to do by focussing on the present positive registry-worldview which is just the backend in reflecting the ontological-contiguity—of-the-human-institutionalisation-process, while ignoring the 'effective and causative intemporal behind the institutional-cumulation/institutional-recomposure transcendental/psychoanalytic-unshackling process', which skews ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) 'the cross-section of human entropic being' in the medium to long run towards intemporal-disposition preservation while undermining temporal-dispositions. Such a depth-of-thought as projected

by the 'institutionalisation intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' is what creates 'a sounder scientific foundation' for 'a hermeneutic psychological science' termed 'anthropopsychology' or the 'anthropological continuity'. This can be comparatively compared to the hydrocarbon fractionation column wherein virtue is 'lightness'. We may be confused to think that being at a lighter state, a particular hydrocarbon fluid like kerosene is inherently the definition of virtue. But actually, the exceptionality (lightness) of kerosene is the result of the 'distilling process' which fractionates crude oil into kerosene. So if we start having issues of 'lightness' at the kerosene stage of the hydrocarbon fractionation column, what is called for is applying the 'distilling process' over kerosene to produce say petroleum gas. So inherently, all the hydrocarbon fluids are hydrocarbon, with virtue being the application of the distilling process. Thus reasoning from the overall perspective of the human species we can't afford not to pass 'so-called modern man' through the 'distilling process' (transcendence as psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) as it is because every successive transcendental level 'did its homework' that we are in the positivistic world, and we can't confuse 'being at the backend of the institutional-cumulation/institutional-recomposure' with us being inherently exceptional (it is the transcendental/psychoanalytic-unshackling process of undermining perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> that is). Hence 'our homework' is to articulate our very own perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> for the possibilities of the future, and not strive to arrive at a normalcy of 'our temporal-preservation-as-pseudointemporality-preservation' which speaks of inherent relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-

thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, with respect to ontological-normalcy as we get at our 'uninstitutionalised-threshold'; instead enabling 'intemporal preservation' (by oblongating/decandoring/distractive-alignment-to-reference-of-thought of our mental-devising-representation as a registry-worldview defect/perversion of positivistic categorical-imperatives/axioms known as procrypticism preconverging-or-dementing–apriorising-psychologism, for a prospective anticipation and preemption of this known as 'deprocrypticism')!

It should be noted that while 'institutional-cumulation' and 'institutional-recomposure' are used interchangeably, however, the two terms carry two different connotative emphases necessary to make the conceptualisation complete. 'Institutional-cumulation' emphasises the contiguity of the process of human institutional transcendence (with respect to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) while institutional-recomposure stresses the peculiarity of the transcendence/memetic-reordering wherein, for instance with regards to positivist institutionalisation/intemporalisation, the constituent institutionalisation and universalisation for positivism are recomposured peculiarly towards the positivism registry-worldview/dimension, and memetically/meaningfully differently reordered from base-institutionalisation and universalisation, and so too, the constituent institutionalisation recomposured in universalisation is memetically/meaningfully differently reordered from base-institutionalisation, and prospectively, the constituent institutionalisation, universalisation and positivism recomposured into deprocrypticism will be memetically/meaningfully differently reordered from base-institutionalisation, universalisation and positivism. This speaks of snowballing/expansive

recomposuring/memetic-reordering existential capacity depth with higher institutionalisations; a snowballing akin to the underlying evolutionary and genetic principles behind evolution from say amoebic cells across various other life-forms into a hominid like man, wherein the underlying basic principles go on to induce the complexity of man from simple amoebic cells. Institutional-recomposure also carries the idea that successive/prospective 'memetic-reordering' had tended to be based on the use of the outcome of prior memetic-reordering, and so focus mentation capacity on developing new memetic-reordering/recomposuring. This implies that mentation-capacity-wise, human mentation-capacity across all successive institutionalisations is the same but latter institutional-recomposure/successive memetic reordering show 'grander institutionalisation/intemporalisation outcome' as this is due to their being at the backend of the emanant institutional-cumulation paradigm, utilising the outcome of previous institutional-cumulation effort. Hence the dimensionality-of-sublimating—<s>amplituding</s>/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation instigation recurrently inducing the institutionalisation/intemporalisation process (is not analogical but a contiguous notion by it intemporal-preservation-entropy-or-contiguity–or–ontological-preservation across institutional-cumulations) applies universally across space and time (beyond the institutional mirage/illusion-of-the-present/present-consciousness) such that ontologically speaking it is prospectively predicative of future institutionalisation/intemporalisation like deprocrypticism. This thus points to the fact that transcendental analysis (institutional-cumulation/institutional-recomposure analysis) is not, as may wrongly be thought, analogical but is rather 'an ontologically-contiguous meaningfulness-and-teleology reference' (given the contiguity in the 'precedingness/supersedingness/ascendency-and-continuity of intemporal-preservation-

entropy-or-contiguity–or–ontological-preservation referencing' across all cumulating/recomposuring institutionalisations); i.e., memetic contiguity as the underlying principle of memetic-reordering which is the 'contiguous dynamism for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in the continuous transdimensional/transcendental relation of intemporal and temporal-dispositions' at uninstitutionalised-threshold, and so, across all cumulating/recomposuring institutionalisations whether from a retrospective, present or prospective perspective. Psychoanalytic-unshackling/memetic-reordering/institutional-recomposure process can then be defined as arising when a registry-worldview's/dimension's (recomposured)-consciousness-awareness-teleology is transcended/superseded as to human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, at its uninstitutionalised-threshold involving-organic-comprehension-thinking in contrast with threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism; in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing along three transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestals (postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> whether-psychopathic-or-not/slantedness/compulsive-dementing/subknowledging-impulse transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestal, temporal-dispositions transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestals, and the intemporal-disposition transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestal with intemporal-disposition aetiologisation/ontological-escalation) enabling the

stranding-dialectics, and not ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase, of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism with the corresponding 'collapsing'/overriding and 'stranding-as-rightfully-oblongated/decandored' of the prior registry-worldview/dimension 'mental-devising-representation' as preconverging-or-dementing–apriorising-psychologism/decandored/dialectically-or-contendingly-out-of-phase consciousness-awareness-teleology by the new registry-worldview's/dimension's (recomposured)-consciousness-awareness-teleology (and so deterministically and operantly without any discretion of appraisal which only leads to ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase) such as recurrent-utter-uninstitutionalisation 'preconverging-or-dementing–apriorising-psychologism mental-devising-representation' by base-institutionalisation, ununiversalisation 'preconverging-or-dementing–apriorising-psychologism mental-devising-representation' by universalisation, non-positivism/medievalism 'preconverging-or-dementing–apriorising-psychologism mental-devising-representation' by positivism, and prospectively, procrypticism 'preconverging-or-dementing–apriorising-psychologism mental-devising-representation' by deprocrypticm. This brings up the notion that while candoring/straightness is the way meaning is represented within any registry-worldview/dimension institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, this is just a mental-devising-representation for implying intemporality-of-thought without which meaningfulness is not functional in the registry-worldview's/dimension's (recomposured)-consciousness-awareness-teleology, but then at that same prior registry-worldview's/dimension's uninstitutionalised-threshold, transcendence into a prospective

registry-worldview's/dimension's (recomposured)-consciousness-awareness-teleology put into question this candoring/straightness mental-devising-representation and the prior registry-worldview's/dimension's consciousness-awareness-teleology is then represented as preconverging-or-dementing–apriorising-psychologism/decandoring/oblongated. This process is known as collapsing/overriding the prior registry-worldview/dimension, and such perpetual representation in the mental-devising-representation of the registry-worldview/dimension as collapsed/overridden is known as stranding or stranding-dialectics. Stranding purely has to do between placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology and ontological-veridicality/ontological-contiguity of reference-of-thought (from the ontological-normalcy/postconvergence epistemic/notional~projective-perspective); with the ontologically-veridical/ontological-contiguity mental-devising-representation stranded/represented as straight, and various shades of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>' stranded as oblongated/decandored in reflection/perspectivation of their veridical perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, beyond their <amplituding/formative>epistemic-totalising~self-referencing-syncretising/present-consciousness/illusion-of-the-present. Hence we know of the following stranded registry-worldviews/dimensions: recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism/disjointedness-as-of-reference-of-thought (our own prospective mental stranding); as these form the backdrop for the articulation of transcending anticipatory and

preemptive reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the prospective registry-worldview/dimension that are the resolution to the vices-and-impediments of the prior (uninstitutionalised-threshold) registry-worldview/dimension, successively as base-institutionalisation, universalisation, positivism and prospectively, deprocrypticism.

Each of such institutional-recomposures (along the institutional-cumulation process), have particular 'central recomposuring determinants' which the new registry-worldview is coming after, as follows:

(i) for Base-Institutionalisation, it has to do with the requisite 'organising rules/principles' as 'a memetic ontological entrapment' for superseding recurrent-utter-uninstitutionalisation (as an inherently-'preconverging-or-dementing–apriorising-psychologism-or-subknowledging-or- perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–and-corresponding-<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising' relation to meaningfulness).

(ii) for Universalisation, it has to do with requisite 'projection rules/principles' as 'a memetic ontological entrapment' for superseding ununiversalisation (as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of base-institutional meaningfulness).

(iii) for Positivism, it has to do with the requisite 'empirical rules/principles' as 'a memetic ontological entrapment' for superseding non-positivism/medievalism (as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of universalistic meaningfulness).

(iv) for Rational-Realism (Deprocrypticism), it prospectively has to do with 'temporal-to-intemporal-dispositions accountability/intemporality-skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) rules/principles' as 'a memetic ontological entrapment' for superseding procrypticism (as the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness).

Thus in the bigger scheme of things, just as a contrastive dialectical insight (from our present vantage position of the positivism backend of the institutional-cumulation/institutional-recomposure process), will strongly highlight by 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought', recurrent-utter-uninstitutionalisation, ununiversalisation and non-positivism/medievalism as non-ontological-reference/non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated as in perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and-not-of-logical-contention, this shows ontologically speaking that it isn't out-of-the-stranding-template to prospectively imply (beyond our own illusion-of-the-present/present-consciousness) such a prospective stranding-dialectics of our perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as of the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of our registry-worldview/dimension (positivistic meaningfulness) as procrypticism/disjointedness-as-of-reference-of-thought. Noting as well that uninstitutionalised-thresholds like recurrence-of-utter-uninstitutionalisation, base-institutionalisation/ununiversalisation, universalisation/non-positivism-or-medievalism

equally had a sense of straightness/candor of their meaningfulness in a full blossoming of their own existentialism/full-existential-depth-implications paradigm as we do in our positivistic/procrypticism registry-worldview, within the ambits of their the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation. But then their stranding from their prospective institutionalisation/intemporalisation represents them as oblongated/decandored/dialectically-or-contendingly-out-of-phase/dialectically-primitive as the transcendental backdrop/opportunity for the prospective registry-worldview/dimension. This when extrapolated will equally apply with our present positivism/procrypticism uninstitutionalisation/unintemporalisation for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalisation/intemporalisation, and any 'complex' we'll have about that has to do with our illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage than the ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective). This equally explains why uninstitutionalised-thresholds equally carried a complex about their registry-worldview/dimension and these complexes certainly sound unintelligible to us given our vantage perspective at the backend of the institutional-cumulation/institutional-recomposure process.

With rational-realism (deprocrypticism), institutionalisation/intemporalisation raises the issue of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> (undisambiguation as temporal-to-intemporal-dispositions are wrongly given the same elevation), and relevantly so at the procrypticism/disjointedness-as-of-reference-of-thought uninstitutionalised-threshold. The

very specific nature of the deprocryptic transcendence/institutionalisation is to recognise and articulate the veridicality of the fact of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor at the procryptic uninstitutionalised-threshold, and conjugate this in meaningfulness by going beyond just logical operation/processing/contention of narratives but rather in the first instance introducing the notion of 'temporal-to-intemporal-dispositions disambiguation' to avoid wrongfully operating/processing of logic by the reference-of-thought of the intemporal-disposition reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation which is ontological (i.e. is in sync with intrinsic-reality/veridicality), where the effective registries are actually temporal-dispositions thus to be construed as of their temporal references-of-thought. It involves stranding-dialectics temporal-dispositions manifest denaturing and thus to avoid elevating temporal-dispositions to intemporal logical contending status as this result in the miscuing of meaning as of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>. Deprocrypticism institutionalisation/intemporalisation takes stock of the veridicality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor; as successive circular/recurrent/repetitive/repeatable iterating preconverging constructs, and not as may wrongly be reflected by the natural reflex to be postconverging constructs, to emphasise the 'dominance/supersedingness/suprastructuring of the intemporal-disposition skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)' for the fulsome articulation of ontology as 'abject (postconvergence) ontological-veridicality/ontological-

contiguity in conscious transdimensional/transcendental-memetic-depth (thinking-and-preconverging-or-dementing-dialectical-dynamism-or-dialectics) of ontological-normalcy/postconvergence or prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (unlike all prior institutionalisations which are rather intradimensional in their meaningful-depth construed only as a closed <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag 'postconverging-or-dialectical-thinking–apriorising-psychologism dynamism'). As a corollary, meaningfulness or rather memetism or suprastructural-meaningfulness (the more veridical nature of meaningfulness beyond intradimensionality as being transdimensional/transcendental) should be notional and reflect this temporal-to-intemporal-dispositions nature of deprocrypticism institutionalisation/intemporalisation to the point of inducing a collective consciousness/social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of 'knowledge-notionalisation' (knowledge as understanding not only of the ideal/intemporal but equally how the temporal/defective works distractively, to anticipate and preempt the latter perverseness but doing so rather in a superseding ontologically-minded manner) and intemporal skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference as virtue and (postconvergence) ontological-veridicality/ontological-contiguity; in contrast to the hotchpotching of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> of temporal-dispositions and particularly in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ which covers all informal spheres of institutions and society

generally. So because knowledge-notionalisation recognises that in a specie of temporal-to-intemporal-dispositions individuation dispositions, deferential-formalisation-transference which is the bases for institutionalisation/intemporalisation by skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) for the supersedingness/lead of the intemporal-disposition individuation is responsible for elevating human uninstitutionalised-threshold across the successive institutional-cumulation/institutional-recomposure by the resultant formalisation and internalisation involved in institutionalisation explaining effectively the dialectical evolution from deeper primitivites/mental-out-of-phasings to the present state (limited-and-shallower-human-mentation-capacity to limited-but-deeper-human-mentation-capacity) as a result of the inherent 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference for intemporalisation/institutionalisation, and the implications prospectively. For instance, the uninstitutionalised-threshold for getting one's way slyly will involve higher and higher thresholds with respect to virtue from a low threshold at recurrent-of-utter-uninstitutionalisation compared to base-institutionalisation–ununiversalisation, then higher and higher with universalisation–non-positivism-or-medievalism and our positivism–procrypticism, and prospectively highest with deprocrypticism; in line with the ontological-normalcy/postconvergence nature of ontological-veridicality. For instance, some hideous acts will hardly be seen as vices in an recurrent-utter-uninstitutionalised registry-worldview. Knowledge-notionalisation as such carries a transcendent-existentialism/in-full-existential-depth-of-temporal-to-intemporal-dispositions–implications which is more than just reactionary to the possibility of temporality/shortness (shortness-of-register-of-

meaningfulness-and-teleology) but rather 'a transcendent-existentialism maturing of thought' (intemporality as longness-of-register-of-meaningfulness-and-teleology) that takes abstract cognisance of temporality/shortness as an intransient potency (hitherto accounting for the circularity/recurrence/repetition/repeatability of human circular-uninstitutionalised-thresholds) to be conceptually understood and superseded recurrently and perpetually. Critically, this insight about the effective nature of ontological-normalcy (in its becoming in a conscious transdimensional/transcendental-meaningfulness or memetism or suprastructural-meaningfulness) as 'postconverging-or-dialectical-thinking–apriorising-psychologism—by—preconverging-or-dementing–apriorising-psychologism dialectics/dialectical-dynamism' indicates that while psychoanalytically prior registry-worldviews/dimensions had hitherto been based on mental-devising-representations of 'thresholding meaningfulness constructs' (with their reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) within their 'functional institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', deprocrypticism going by ontological-normalcy implies a mental-devising-representation of 'non-thresholding meaningfulness as transdimensional/transcendental-meaningfulness or memetic refinement (or a postconverging-or-dialectical-thinking–apriorising-psychologism—by—preconverging-or-dementing–apriorising-psychologism dialectics/dialectical-dynamism paradox) ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation as-prospective reference-of-thought' in its 'functional institutionalised/intemporalised-approximating-or-proxying-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' as renewing existentialism/full-depth-of-existential-implications meaningfulness and thought; with such non-thresholding ontological-normalcy/postconvergence-or-postdicatory

deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation, as-prospective reference-of-thought, approximating/proxying being of ontological-normalcy/postconvergence and suprastructural nature as the fulsome attainment of the institutionalisation/intemporalisation ideal (ontological-normalcy) culminating with deprocrypticism. The paradox of ontological-normalcy/postconvergence brought to bear with deprocrypticism will imply ontologically/intemporally that a registry-worldview/dimension-and-as-of-all-successive-registry-worldviews/dimensions can be seen as being in 'preconverging-or-dementing–apriorising-psychologism hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> defect' in need of ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness of the 'preconverging-or-dementing–apriorising-psychologism hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> defect' in an existentialism/full-depth-of-existential-implications articulation of temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism induced miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi-conventioning-rationalising/temporal-enculturation/temporal-endemisation over 'a wrong supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or non-misconstruing reflex' to meaningfulness in a transcendental/transdimensional analysis involving 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' over an intradimensional <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag analysis. Insightfully, it implies the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework

illumination driven institutionalisation over an impression-driven/good-naturedness/wishfulness conceptualisation as the-Good sticks by essence to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and reinvents reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for prospective/transcending/superseding registry-worldview to comply with intemporal-preservation-entropy-or-contiguity–or–ontological-preservation when the prior one fails, while the latter sticks by form to reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation whether this fails intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or not. The conceptualisation of reference-of-thought–categorical-imperatives/axioms/registry-teleology refers to the same deconstructed/ontological-reconstituting–as-of-conflatedness notion; axioms emphasises and hints of 'basis' and 'foundation' as well as 'fundamental validation' as of existential-reality, categorical-imperatives emphasises and hints of 'necessity', 'rigour', 'constraining' and 'enforcing', while registry-teleology (short for the apriorising–registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) emphasises the 'operant' aspect as of human situatedness existential-instantiation elements implied when producing meaningfulness-and-teleology. The reference-of-thought is the fundamental-dispositional mentation architecture for human referencing or construing of meaningfulness-and-teleology, and is capable of ontological-reconstituting–as-of-conflatedness/deconstruction involving ontological-dementation/dialectical-dementation–stranding/attributive-dialectics with corresponding stranding-dialectics educing-human-meaningfulness-and-teleology-into-the-existentialism-becoming of personhoods-and-socialhood-formation. This explains human transcendental capacity and sublimation as well as human perversion-of-reference-of-

thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and desublimation. More precisely, perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism mental-devising-representation implies registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>' (reflecting 'defects threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism') and this provides the social backdrop underlying the compulsive manifestation of a given registry-worldview's/dimension's postlogism/psychopathy in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> wherein perverted-outcome-sought-precedes-existentially-veridical-logical-dueness involving postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> in inducing a protracted social dynamics threshold of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, and so-construed as from the prospective/transcending/superseding reference-of-thought. Fundamentally perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> has to do with the defect of the reference-of-thought and not the defect of ontological-veridicality/ontological-contiguity (which is rather a logical-process/implicitation-of-act-execution defect and which implies an 'implicitation-of-notion-of-agreement-or-disagreement'), as can be reflected as from ontological-normalcy/postconvergence. A reference-of-thought speaks of the fundamental appropriateness/soundness-or-authenticity-of-reference-of-thought of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation irrespective of their appropriate or

inappropriate logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation with respect to ontological-contiguity/ontological-veridicality, and implying sound reference-of-thought further emphasises appropriate incidental logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation in producing the right outcome. Hence a registry-worldview/dimension defect is one of systematic defect of reference-of-thought; whether when recurrent-utter-uninstitutionalisation reference-of-thought as of non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition-⟨as 'base constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for base-institutionalisation, ununiversalisation is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'second-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for universalisation, non-positivism/medievalism is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'third-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for

positivism or prospectively, positivism is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism required for deprocrypticism. Thus fundamentally preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought does not arise because of failure of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation but rather because of failure of reference-of-thought as of perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. This is unlike the case where logical-engagement of mental-devising-representation as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought is still relevant where there is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation (like calculating the answer of an arithmetic operation wrongly) so long as the reference-of-thought is sincerely/genuinely working in adherence to arithmetic axioms to produce the right answer. But this is invalid and not applicable where the issue is about deliberate disposition not to adhere to arithmetic axioms but usurp them (whether consciously, expediently or unconsciously). Soundness-or-authenticity-of-reference-of-thought on the other hand implies being-or-ontological-or-existential-or-meaningfulness-and-teleology disposition as of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (reflecting sound logical-processing-or-logical-

implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation and at worst defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) and so in effective prelogism wherein logical-process-precedes-outcome thus upholding intemporal/veracity/ontological-pertinence; so construed from a more profound ontological-normalcy/postconvergence insight. This is the fundamental basis and backdrop for an insight for drawing 'the implications of the (preceding and superseding) nature of intrinsic-reality as ontological-normalcy/postconvergence (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation)', in reflecting/perspectivating/highlighting 'the mental-devising-representations of registries/references constructs and protractedly of registry-worldviews/dimensions (on the basis of the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics) whether as of registry-soundness and thus as 'postconverging-or-dialectical-thinking–apriorising-psychologism representations' (postconverging-or-dialectical-thinking–apriorising-psychologism or stranded-as-straight/candored-and-dialectically-in-phase) or as of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and thus as 'preconverging-or-dementing–apriorising-psychologism representations' (preconverging-or-dementing–apriorising-psychologism or stranded-as-oblongated/decandored-and-dialectically-out-of-phase-or-dialectically-primitive), and so as stranding-dialectics educing-human-meaningfulness-and-teleology-into-the-existentialism-becoming of personhoods-and-socialhood-formation. Such dialectical articulation of mental-devising-representations can be conceptualised as defining individuations in terms–as-of-axiomatic-construct of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (postconverging-or-dialectical-thinking–apriorising-psychologism or stranded-as-straight/candored-and-

dialectically-in-phase) and threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (stranded-as-oblongated/decandored-and-dialectically-out-of-phase-or-dialectically-primitive). In so doing reflecting/perspectivating/highlighting the teleological-dispositions-of-temporal-individuations in their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as ontological-primemovers-totalitative-framework dispositional constructs; with threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism individuations acting in 'circumventive/distractive-temporal-prioritisation-of-reference-of-thought threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' protracting as prior/transcended/superseded registry-worldviews/dimensions (in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> defectively/non-veridically of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation whether or not it fails intemporal-preservation-entropy-or-contiguity–or–ontological-preservation') with respect to supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism individuation acting in 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting organic-comprehension-thinking protracting as prospective-or-emancipating/transcending/superseding registry-worldviews/dimensions (ontological-reconstituting–as-of-conflatedness/deconstruction of new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–

or–ontological-preservation for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Such a preconverging-or-dementing–apriorising-psychologism mental-devising-representations (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) is utterly different from postconverging/dialectical-thinking–apriorising-psychologism mental-devising-representations (supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism) either of sound logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation or defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation, having to do with appropriate or inappropriate logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation. The postconverging/dialectical-thinking–apriorising-psychologism mental-devising-representations of either sound logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation and defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation with respect to subsequent acts 'of-similar-or-protracted-contextualisation' by their performers always harken back to a reflex of 'postconverging-or-dialectical-thinking–apriorising-psychologism or stranded-as-straight/candored-and-dialectically-in-phase' to imply the upholding of 'ontological-reference/contending-reference'; and so, for the simple reason that the state of being in supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (whether the act is defective or not) implies a 'mental-disposition' of the performer to be intemporal/ontological, and the defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation simply have to do with inappropriate logical-processing-or-logical-

implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation, and not unsound-mental-disposition or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (which in this latter case will speak of a mental-disposition to act as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism with regards to subsequent acts of similar context by their performers). Hence the postconverging/dialectical-thinking–apriorising-psychologism mental-devising-representations of either sound logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation and defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation are 'projectively validated by reflex as possibly-of-postconverging-or-dialectical-thinking–apriorising-psychologism/possibly-of-soundness-or-authenticity-of-reference-of-thought (and not projectively invalidated by reflex as possibly-of-preconverging-or-dementing–apriorising-psychologism/possibly-of-unsoundness-or-inauthenticity-of-reference-of-thought) in implying the 'upholding of their sound reference-of-thought status'. To illustrate, suppose X and Y are contending (ontological-reference) to know what 5+4 will give as answer (ontological-veridicality), if X is using pencils to count but inadvertently misplaced a pencil or doesn't perfectly understand how to stack up the pencils to use to count the whole lot, then where his answer was to come out as 5+4=8, we talk of defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as X sincerely wants to calculate to produce the right answer but X's logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation failed. This doesn't invalidate the notion that Y can still engage X as 'possibly-of-postconverging-or-dialectical-thinking–apriorising-psychologism'/possibly-of-soundness-or-authenticity-of-reference-of-thought in

contending (appropriateness-of-reference-of-thought-as-of-conflatedness) with respect to another arithmetic operation, that is, possibly after pointing out to X where they went wrong in their operation of arithmetic. While threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism performers subsequent acts of-similar-or-protracted-contextualisation to their prior acts verified to be of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism are priorly projectively invalidated by reflex as 'possibly-of-preconverging-or-dementing–apriorising-psychologism'/possibly-of-unsoundness-or-inauthenticity-of-reference-of-thought and not 'possibly-of-postconverging-or-dialectical-thinking–apriorising-psychologism'/possibly-of-soundness-or-authenticity-of-reference-of-thought in implying the 'revoking of their sound reference-of-thought status'. To illustrate, suppose X above rather slyly and deliberately (preconverging-or-dementing–apriorising-psychologism mental-devising-representation) miscalculated (non-ontological-reference/non-contending-reference) the answer (in notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>) and Y grasps this, then this invalidates the notion that Y can still 'genuinely' engage X (ontological-pertinence) with regards to another arithmetic operation of-similar-or-protracted-contextualisation, with respect to the upheld context behind X's sly and deliberate basis for miscalculating.

The 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' notion reflecting prospectively threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism acts 'of-similar-or-protracted-contextualisation' implies ontological-normalcy/postconvergence/postdication/ontological-

normalcy deploying of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' in enabling full mastery/grasp of such 'convolutedness of social dynamics' as of personhoods-and-socialhood-formation with respect to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality, and so based on 'a deconstruction/ontological-reconstituting–as-of-conflatedness perpetuation of a hermeneutic circle as 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought analysis', which is technically non-thresholding/doesn't-technically-succumb-to-any-socially-betraying-threshold-of-ontologising-depth-of-analysis in its ontological-normalcy/postconvergence ontological-veridicality/ontological-contiguity proxying/approximating exercise; as when the socially-betraying-threshold-of-ontologising-depth-of-analysis (which can equally be qualified as the 'socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', given that 'ontologising-depth-of-analysis' can be construed as 'intemporal-preservation/intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' which is actually 'ontologically-reconstituting', reconstituting from the base-institutionalisation-to-deprocrypticism registry-worldviews/dimensions) is attained the reflex is to imply a mental-devising-representation of 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought (stranded-as-straight/candored-and-dialectically-in-phase) and thus establishing reference-of-thought whether that is veridically the case or not, such that preconverging-or-dementing–apriorising-psychologism wrongly get endemised/enculturated as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/of-soundness-or-authenticity-of-reference-of-thought mental-devising-representation at the socially-betraying-threshold-of-ontologising-depth-of-

analysis and this with its consequent implications is the fundamental basis for the temporal-enculturation/temporal-endemisation of all perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and the corresponding <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage, explaining why we don't have notions of sorcery and its practice with us today but we do have the phenomenon of psychopathy and social psychopathy (with our socially-betraying-threshold-of-ontologising-depth-of-analysis for the former/sorcery as a non-positivism/medievalism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> high enough or relatively-ontologically-complete as it is rational-empiricism/positivising-driven to supersede it but not the latter/psychopathy-and-social-psychopathy as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in our positivistic meaningful frame which is relatively ontologically-incomplete for that as in need of the requisite deprocrypticism reference-of-thought as preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism. In fact every registry-worldview/dimension has its socially-betraying-threshold-of-ontologising-depth-of-analysis (and the idea of questioning beyond it is hardly entertained, whether beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) which existentially explains the registry-worldview/dimension limits or relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-

shallow-supererogation—preconverging/dementing–apriorising-psychologism' with respect to ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) in its specific grasp of (postconvergence) ontological-veridicality/ontological-contiguity on the one hand, and on the other hand is the reason for the more profound/deeper socially-betraying-threshold-of-ontologising-depth-of-analysis of the prospective/transcending/superseding registry-worldview/dimension which is rather in 'a suprastructural transcendental-meaningfulness conceptualisation with respect to the prior/transcended/superseded registry-worldview/dimension', as it is construed suprastructurally beyond the prior/transcended/superseded registry-worldview/dimension mental-devising-representation given the less veridical reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of its 'temporal conventioning compromise' determined by its shallower socially-betraying-threshold-of-ontologising-depth-of-analysis. Thus we know basically that the successive institutional-cumulation/institutional-recomposure involved the following intradimensional socially-betraying-threshold-of-ontologising-depth-of-analysis with respect to their social-stake-contention-or-confliction specific to each registry-worldview/dimension defining its 'inherent institutionalisation and snowballed recomposuring' going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor: for the mentation of recurrent-utter-uninstitutionalisation – basically 'arbitrary/spontaneous/preconverging-or-dementing–apriorising-psychologism reasoning as non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition-⟨as 'base constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ as socially-

betraying-threshold-of-ontologising-depth-of-analysis; for the mentation at base-institutionalisation–ununiversalisation – basically 'haphazard and incidental rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ as socially-betraying-threshold-of-ontologising-depth-of-analysis; for the mentation at universalisation–non-positivism/medievalism – basically 'universal-bases for the contextualisation of rules and rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ however contestable such universal-bases'; for the mentation at positivism–procrypticism – basically 'introducing empirical insight in articulating the universal-bases of the contextualisation of rules and rule-making'; and for the mentation of deprocrypticism – basically 'upholding an abject ontologisation/ontological-veracity/aestheticisation-towards-ontology as ontological-contiguity (over recurrent notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>/'disjointedness-as-of-reference-of-thought in positivism–procrypticism) with regards to the underlying intemporal-preservation behind rules-that-remain of-existential-reality. The implication being that in a contention among interlocutors in recurrent-utter-uninstitutionalisation, the mentation is very much different from ours (positivism) as any imagined pretext is a legitimate one with emphasis being rather on established dominance/subservience relations, with base-institutionalisation the mentation was to arbitrarily invoke any of a number of recognised or incidentally introduced rules that are in one's favour and again where dominance/subservience relations played a large part, while with universalisation while power relations also played a part the rules and rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-

⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ was set/given however skewed towards the dominance of say a leader or family/clanic group or priestly class or outright social class; with positivism though, while relatively universal and empirical, the weakness lies in the ontological-contiguity of the contextualisation of rules and rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ (hence not 'absolutely rational' with regards to its socially-betraying-threshold-of-ontologising-depth-of-analysis) which preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality

'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules' as to 'uncompromising ontological-reconstituting–as-of-conflatedness' focus, as enabling 'fulsome ontologising'. Interestingly, while the socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation explains how and why successive institutional-cumulation/institutional-recomposure are at their given

institutionalisation levels on the basis of a memetic/suprastructural-meaningfulness analysis or a transcendental/transdimensional-meaningfulness analysis, the notion of socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation actually initially applies intradimensionally in all registry-worldviews/dimensions and it is actually the 'intemporal/ontological signal' for the need of prospective transcending/superseding due to 'failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intradimensional ontologising/intemporal-preservation'. Insightfully, we can grasp the 'intemporal/ontological signal' pointing to a socially-betraying-threshold-of-ontologising-depth-of-analysis with regards to a dimension's/registry-worldview 'preconverging-or-dementing–apriorising-psychologism phenomenon' like psychopathy and social psychopathy (with respect to procrypticism or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness) or accusations and notions of sorcery (with respect to medievalism); as this has to do with human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor individuations dispositions wherein intradimensionally, the 'socially-betraying-threshold-of-ontologising-depth-of-analysis' (or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) is rather an overall registry-worldview/dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> aftereffect rather as an indirect comprehensive socially-betraying-threshold-of-ontologising-depth-of-analysis (or socially-betraying-threshold-of-intemporal-preservation-entropy-or-

contiguity–or–ontological-preservation or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) arising from the 'cumulative effect' of the various temporal-to-intemporal-dispositions individuations dispositions with respect to intradimensionally operant implications of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, as the various 'temporal-dispositions individuations' will, at that uninstitutionalised-threshold, betray ontologising/ontological-depth-of-analysis/intemporal-preservation by hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> at their specific temporal-dispositions individuations thresholds (postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s) with the idea that 'human intemporal-disposition individuation' will rather be abjectly emancipatory/transcendental by 'ontologically-reconstituting'/deconstruction (and so, without any hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> incrementalism-in-relative-ontological-incompleteness and notional~disjointedness-as-of-reference-of-thought allowed, in order to sync with the 'postconvergence/preceding/superseding nature of intrinsic reality' which 'doesn't recognise' nor is involved in temporal-and-social-trading with the mortals that we are to establish ontological-reference and ontological-veridicality) instead of betraying ontologising/ontological-depth-of-analysis/intemporal-preservation thus inducing prospective institutionalisation/intemporalisation by positive-opportunism and the intemporal percolation-channelling of such emancipation/transcendence. Thus for instance with regards to adult

psychopathy and the induced social psychopathy, it will be naïve to simply analyse on a dichotomous basis of psychopathy and its violation of social norm, with the idea that psychopathy is associated with temporal-dispositions destructuring-threshold-<uninstitutionalised-threshold/presublimating–desublimating-decisionality>—of-ontological-performance-<including-virtue-as-ontology> 'as of the positivism–procrypticism registry-worldview's/dimension's socially-betraying-threshold-of-ontologising-depth-of-analysis'/socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (in conjugation to ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) and it is naïve to simply analyse on the basis that other interlocutors have an intemporal/ontological disposition, in the very first instance. Thus the need, in order to attain such a prior requisite ontological/intemporal insight, to ontologically construe (as to deferential-formalisation-transference) contexts of psychopathy and social psychopathy (and generally contexts of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism in all registry-worldviews/dimensions to priorly achieve an ontological/intemporal insight), before conducting 'a truly ontological/intemporal analysis' as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct, which necessarily implies projecting into a prospective/transcending/superseding registry-worldview/dimension, in this case deprocrypticism; as otherwise the 'ordinary' reasoning of a social context imbued with interlocutors temporal-dispositions destructuring-threshold-<uninstitutionalised-threshold/presublimating–desublimating-decisionality>—of-ontological-performance-<including-virtue-as-ontology> of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-

discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s on the basis of the fundamental ontologising limits or the uninstitutionalised-threshold of the registry-worldview/dimension (procrypticism being the fundamental ontologising limits of a positivistic registry-worldview/dimension), will pervert/corrupt the possibility of 'a truly ontological/intemporal analysis as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct' preempting the said perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomenon. In this respect, it is equally important to be cognisant of potentially nefarious influences that may arise from pseudo-formalisms as well, and where these are construed out of their inherent context to wrongly imply a genuine ontological analysis especially given the gullible/susceptible nature of the social-construct as it 'becomes existentially in a dynamism of conventioning and ontology'. Take the case of works of arts like novels and films primarily meant to entertain, and in so doing may induce wrong impressions and conceptions with regards to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomenon like psychopathy wherein the whims of their creators, aesthetic quality and ultimate financial gain are the primary driving motif, and not necessarily a profound and candid ontological insight of the phenomenon and its social implications/consequences. Basically, as we all know novels and films, while excellent in articulating aesthetic qualities, are not the true world of human lives and consequences. While there is more or less some deontological practice implemented with respect to such tendencies when it comes to issues of gender equality, racism, recently homophobia as well as say the portrayal of victims of some degenerative diseases, such intellectually-sound deontology requiring aesthetic-representations-produced-

from-sound-ontological-insight by their creators (which is often not the case but for a cursory understanding focused on entertainment) is not ubiquitous especially when the relevant 'theme and the intellectual projection behind its ontological analysis' seem rather aloof to many in society, as is the case with regards to psychopathy and social psychopathy; such that the influential nature of such aesthetic products broadcasted or sold to millions of people can easily induce wrong insights, undue romanticism, a poor grasp of its nefarious effects at individuals-and-institutional levels, and worst still perpetuate social ignorance simply by wrongly implied, naïve and fallacious explanations. Central to all such fallacies prevalent in many an aesthetic product with regards to psychopathy is that these often tend to be short-sighted given the unsustainable nature of the arguments in the middle to long run, and tend to be based on inductive limitation or 'so-called principles' that are actually fallacious since such arguments cannot truly be of entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness as they require that others do not act likewise or their implications should be limited to given target(s) and not be totalisingly-entailing, since their fundamental teleology is not intemporal/not-of-totalising-entailment but speak more of temporal motive. In this respect, one can cite at individuals-levels instances of many a human interest story tragedy in the press which often go unanalysed, and in the bigger institutional-level for instance what is the underlying dynamics that lead many an organisation or corporate entities to fail inexplicably due to grave and unprincipled mismanagement with profound social repercussions. The implied intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm, contrasted with a temporal extricatory paradigm, is necessarily the prospective transcending/superseding registry-worldview/dimension. Consider the case of contending about a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-

shallow-supererogation> like accusations and notions of sorcery in a non-positivism/medievalism setup where there is no intradimensional intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm given the obliviousness to a positivistic ontological-reference-of-veridicality/contending-reference-of-veridicality as it is suprastructural/beyond the registry-worldview's/dimension'srecomposured-consciousness-awareness-teleology to non-positivism/medievalism. Likewise the positivistic meaningful frame is oblivious to its procrypticism, and corresponding resolution as deprocrypticism as the prospective/transcending/superseding ontological-reference-of-veridicality/contending-reference-of-veridicality. Further, this notion of registry-worldviews/dimensions having socially-betraying-threshold-of-ontologising-depth-of-analysis (that need to be suprastructured by prospective/transcending/superseding registry-worldviews/dimensions) explains why a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' aligned with ontological-normalcy is what escapes and provides for grander emancipatory possibilities that an intradimensionally mented or stigmatic psychology wouldn't enable. The bigger notion of such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' is to reconcile the idea that we have one ontology/ontological-veridicality/intrinsic-reality across all times whereas our placeholder-setup/mental-devising-representation/mentation/(recomposured)-consciousness-awareness-teleology in reference (as 'tentative references-of-thought') of this same one (ontological-normalcy/postconvergence) ontology/ontological-veridicality/intrinsic-reality and our corresponding/derived meaningfulness-and-teleology thereof, has been varying all along as we evolve from shallow-limited-mentation-capacity to deeper-limited-mentation-capacity; with the implication that the finality of such a 'postconverging-or-dialectical-thinking–

psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' is one that aligns with and is driven by ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) wherein ontological-normalcy is 'an abstract conceptualisation that by artifice covers for human limited but deepening mentation capacity'. Ontological-normalcy (postconvergence) abstractly refers to any relevant/implied registry-worldview/dimension that is in a reflected/perspectivated state of prospective transcending/superseding whether as base-institutionalisation, universalisation, positivism or deprocrypticism as having 'sound reference-of-thought status', in relation to a corresponding reflected/perspectivated state of prior transcended/superseded registry-worldview/dimension whether as recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism or procrypticism which is then correspondingly devoid of reference-of-thought, and so going by the inherent human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor that arises by the mere fact that all the institutionalisations are of the same form-factor since their 'snowballed differences' arise solely due to 'the deepening of limited-mentation-capacity-deepening-(<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩'. Ontological-normalcy as such will imply that the successive institutionalisations are rather shifts-in-the-curve-of-prospective-relative-ontological-completeness-of-reference-of-thought-as-of-ontological-normalcy (shifts-in-the-curve-of-human-grasp-of-one-ontology/'ontological-reference-of-veridicality', which will graphically/as-imagery imply 'human-grasping-capacity' on one axis and 'depth-of-ontology/ontological-reference-of-veridicality/ontological-completeness' as the institutional-cumulation/institutional-recomposure on the other axis or dialecticisms-of-an-

imperfect-human-grasping-of-'ontological-reference-of-veridicality'-which-mastery-improves-dialectically) which rather implies defects of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or unsoundness-or-inauthenticity-of-reference-of-thought of corresponding prior/transcended/superseded registry-worldviews/dimensions implying a voiding of their reference-of-thought as ontologically-veridical as these become the subject of contention and aetiologisation/ontological-escalation from the corresponding prospective/transcending/superseding registry-worldviews/dimension which is then the ontologically-veridical reference-of-thought. It should be noted that a defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance (unlike a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) implies movement-along-the-same-curve-of-prior-relative-ontological-incompleteness-of-reference-of-thought of a given registry-worldview's/dimension's reference-of-thought whether as an inappropriate/poor-or-bad or appropriate/good or any other variation of the logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation, and doesn't fundamentally voids the 'sound reference-of-thought status' with regards to the possibility of an appropriate logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation in another instance. This insight is critical because the defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance will often be implied with regards to an issue and resolution of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-

as-to-shallow-supererogation> which rather speaks to a defect 'revoking the sound reference-of-thought status' construed as perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> speaking of registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>. For instance, there is no intradimensional resolution of sorcery accusations and notions of sorcery as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm within a non-positivism/medievalism world, as what is required is a shift-in-the-curve-of-prior-relative-ontological-incompleteness-of-reference-of-thought-as-of-ontological-normalcy to imply a prospective transcending/superseding positivistic registry-worldview/dimension as the resolution wherein positivising/rational-empiricism takes pride of place as reference-of-thought of meaningfulness. This applies with all perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s in all institutionalisations as the reference-of-thought is what gives registry/anchoring-of-meaning/meaningful-reference/ontological-reference/contending-reference/registry-worldview status which is voided in the instance of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defining that registry-worldview/dimension uninstitutionalised-threshold as it then becomes, by way of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought', the subject of contention and aetiologisation/ontological-escalation. This implies that psychopathy and social psychopathy as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation> phenomenon in the positivistic registry-worldview/dimension (procrypticism) requires a shift-in-the-curve-of-prospective-relative-ontological-completeness-of-reference-of-thought-as-of-ontological-normalcy from positivism to deprocrypticism registry-worldview/dimension as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm resolution to psychopathy and social psychopathy, and so beyond an extricatory/temporal paradigm which will wrongly imply a movement-along-the-curve-of-prior-relative-ontological-incompleteness-of-reference-of-thought-as-of-ontological-normalcy that preserves procrypticism (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness-and-teleology) while inducing preconverging-or-dementing–apriorising-psychologism within the same defective procrypticism registry-worldview/dimension which requires prospective transcendence as deprocrypticism. Insightfully again with regards to ontological-normalcy and ontological-normalcy/postconvergence critical for a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics', just in reflecting the ontological-contiguity⸺of-the-human-institutionalisation-process has to do with a human-limited-mentation-capacity maximalising-recomposuring-for-relative-ontological-completenessly institutionalising from prospective base-institutionalisation preempting recurrent-utter-uninstitutionalisation (as the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism of recurrent-utter-uninstitutionalisation), prospective universalisation preempting base-institutionalisation–ununiversalisation (as the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation> as to preconverging-or-dementing–apriorising-psychologism of base-institutionalisation–ununiversalisation), prospective positivism preempting universalisation–non-positivism/medievalism (as the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism of universalisation–non-positivism/medievalism), and prospectively, prospective deprocrypticism preempting positivism–procrypticism (as the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism of positivism–procrypticism); with the implication that deprocrypticism is actually recomposuringly subsuming of positivism which is subsuming of universalisation and it too recomposuringly subsuming of base-institutionalisation (all these with their respective personhoods-and-socialhood-formation existentialisms/full-depths-existential-implications). Likewise their respective methodologies/implements are recomposuringly subsumed-as-supplanted constructs (of varying ontologising-depths-of-analysis and of shallower to deeper socially-betraying-threshold-of-ontologising-depth-of-analysis), with the deepest-to-shallowest, as preempting—disjointedness-as-of-reference-of-thought,-as-to-<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality

'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules' as to 'uncompromising ontological-reconstituting–as-of-conflatedness/deconstruction' methodology of deprocrypticism (which is very much an 'uncompromising hermeneutic circle exercise of ontological-reconstituting–as-of-conflatedness/deconstruction', as 'a deconstruction/ontological-reconstituting–as-of-conflatedness perpetuation of the hermeneutic circle 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought analysis' that is technically non-thresholding-and-proxying-or-approximating-to-ontological-veridicality-and-doesn't-succumb-to-any-socially-betraying-threshold-of-ontologising-depth-of-analysis, and also considering that science as we know today is hardly just a question of adopting scientific methods to obtain scientific results, an unspoken fact is that much of science relies on a 'rudimentary phenomenology in a heuristic hermeneutic circle exercise of ontological-reconstituting–as-of-conflatedness/deconstruction by the researcher', that simply passes as their personal talents, to obtain results applying scientific methods, and thus we can further imagine the possibilities if this reality came to be fully recognised and sophisticated hermeneutic circle exercise of ontological-reconstituting–as-of-conflatedness/deconstruction insights were to permeate scientific research and methodologies), is subsuming of 'rational-empiricism/positivising' methodology of positivistic science which is subsuming of the 'universalising-of-rules' methodology of universalisation and the latter subsuming of the rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ methodology of institutionalisation – these in reflection of the development of human shallower-limited-mentation-capacity to deeper-limited-mentation-capacity

cumulation/recomposuring/reordering/reorientation. In the case of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism acts of-similar-or-protracted-contextualisation with regards to slantedness/compulsive-dementing (with an underlying element of physiological issue with regards to psychopathic personalities) and the derived social dynamisms of social psychopathy, such implied 'deconstruction/ontological-reconstituting–as-of-conflatedness perpetuation of the hermeneutic circle 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought analysis' is potentially beyond just 'benign-and-specific-shallow-contexts-scale-of-implications' but can be more profound involving institutions and individuals contextualisation as individuals-lives-and-institutional-lives-scale-of-implications and in the bigger scheme of things where such dynamics involve social structuring effects on perceived meaningfulness and values in the overall social-setup it has a social-structure-scale-of-implications (specifically not only in terms–as-of-axiomatic-construct of vices-and-impediments but also in undermining the enculturation of intellectual/emancipatory dispositions). Effectively, such a deconstruction/ontological-reconstituting–as-of-conflatedness perpetuation of the hermeneutic circle 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought analysis' (stranding-dialectics educing-human-meaningfulness-and-teleology-into-the-existentialism-becoming of personhoods-and-socialhood-formation) of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism individuation as intemporal/ontological (longness-of-register-of-meaningfulness-and-teleology) and threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism individuations as temporal (shortness-of-register-of-meaningfulness-and-teleology), will comprehensively articulate in 'a

deconstruction/ontological-reconstituting–as-of-conflatedness perpetuation of the hermeneutic circle 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought analysis' reflecting/perspectivating/highlighting temporal-dispositions pseudo-ontological-finalities, across social-setups and institutional settings with their evolving 'socially-perceived-value as of social-stake-contention-or-confliction'. The state of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism requires preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought mental-devising-representations and implies the 'revoking of sound reference-of-thought status' with respect to interlocution of-similar-or-protracted-contextualisation (in the very first instance) while the state of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism implies a 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought mental-devising-representation implying a veridical reference-of-thought with respect to interlocution (in the very first instance), and enabling the second instance of engaging in terms–as-of-axiomatic-construct of logical pertinence to establish (postconvergence) ontological-veridicality/ontological-contiguity. Typically, such an insight with regards to compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation is obvious and transparent with respect to the childhood psychopathy/cinglée mental-disposition, given that an initial encounter often involves a natural 'postconverging-or-dialectical-thinking–apriorising-psychologism reflex' by the interlocutor with respect to their initial narratives but after some familiarisation we come to understand that the initial narratives are in fact preconverging-or-dementing–apriorising-psychologism and thus our expectation of the subsequent narratives they iterate is to initiate or be ready to align by a mental-devising-representation as a 'preconverging-or-dementing–

apriorising-psychologism reflex'. This preconverging-or-dementing–apriorising-psychologism veridicality explains both the childhood and adult psychopath disposition for absolving-logic-or-perpetually-fleeting-logic-reflex-or-escaping-logic based on extrinsic-attribution wherein the mental-disposition is to move postlogicly/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness from one set of narratives to the other and one set of interlocutors to the other with the idea convincing is the notion of getting more people 'mechanically convinced by vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging' and not an articulation of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or existential-contextualising-contiguity principle of reification, be it by adhering to the mere hollow form of principles and narratives in existential-decontextualisation as being deterministic of others inclinations and actions. Intrinsic-reality in its ontological-normalcy/postconvergence indicates that effectively the conjugating/inflecting/deriving/mimicking/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism (which is often the case with the adult-psychopathic preconverging-or-dementing–apriorising-psychologism) whether unconscious (ignorance) or conscious (affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) effectively underlies an ontologically valid mental-devising-representation reflex as preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought of such protracting threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. In the bigger scheme of things, it equally explains our mental-devising-representation preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought underlying

reflex with respect to prior/transcended/superseded registry-worldviews/dimensions and 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought mental-devising-representation underlying reflex with respect to prospective/transcending/superseding registry-worldviews/dimensions. A perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> speaks of a hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> defect (as sticking 'in form' to reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that are ontologically defective rather than as being an adjunct to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation per se, and so due to having attained the socially-betraying-threshold-of-ontologising-depth-of-analysis and thus not initiating ontological-reconstituting–as-of-conflatedness/deconstruction in superseding this socially-betraying-threshold-of-ontologising-depth-of-analysis) as impression-driven/good-naturedness/wishfulness defect of preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought mental-devising-representation; since ontological-reconstituting–as-of-conflatedness/deconstruction as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework of new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is veridically of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (undermining perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism as best reflected by 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting organic-comprehension

as 'ontological-reconstituting–as-of-conflatedness/deconstruction of new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' over circumventing/distractive <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag mechanical-comprehension in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> defectively/non-veridically of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation whether or not it fails intemporal-preservation-entropy-or-contiguity–or–ontological-preservation'), and the temporal-dispositions to stick to the previous one speaks not only of act defects but registry-worldview/dimension defects at this socially-betraying-threshold-of-ontologising-depth-of-analysis to the fact that such 'of-similar-or-protracted-contextualisation', from an ontological-normalcy/postconvergence insight that is preceding/superseding to any hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of shallow limited-mentation-capacity-⟨as of relative constitutedness⟩, will elicit a same defect disposition thus the need to fundamentally undermine reference-of-thought of the registry-worldview/dimension at that uninstitutionalised-threshold that endemises/enculturates the ontological-or-existential-defect due to its socially-betraying-threshold-of-ontologising-depth-of-analysis. It should thus be noted that the preconverging-or-dementing–apriorising-psychologism of reference-of-thought of a registry-worldview/dimension implicitly reflects a defective/sub-par relative state-of-conceptualisation in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (a fundamentally defective/sub-par state-of-disposition) with respect to ontological-normalcy/postconvergence,

as can be demonstrated by ontological-reconstituting–as-of-conflatedness/deconstruction, (and has nothing to do, as-being-caused-by, with an inducing phenomena of 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism' behind say sorcery and psychopathy; even though such phenomena tend to instigate and reveal the inherent defect/sub-par nature of registry-worldviews with respect to ontological-normalcy, with the need for ontological-reconstituting–as-of-conflatedness/deconstruction). In other words, the state of being non-positivism/medievalism with respect to ontological-normalcy is already a defective state 'in-wait as of prior relative-ontological-incompleteness-of-reference-of-thought   defective   reference-of-thought–categorical-imperatives/axioms/registry-teleology for issues of superstition/lack-of-rational-empiricism to arise whether we talk of sorcery, bodily mutilations and their effects, charlatanisms, etc. Likewise, it will be naïve to imply that our registry-worldview as positivism–procrypticism is in absolute sync with ontological-normalcy by the mere fact that we are at the backend of the institutional-cumulation/institutional-recomposure, as we can equally project prospectively from a retrospective projection insight to grasp how 'from an abject hermeneutic circle exercise of ontological-reconstituting–as-of-conflatedness/deconstruction (of our temporal-to-intemporal-dispositions nature)' how procrypticism (preconverging-or-dementing–apriorising-psychologism as to mere formulaic positivistic meaningfulness-and-teleology) in a positivistic registry-worldview structurally endemises psychopathy and social psychopathy. Insightfully, for a grander grasp of ontological-normalcy, the notion of institutional-cumulation/institutional-recomposure and their related conceptualisations are not just ad-hoc in nature but of 'existentialism/full-depth-of-existential-implications form-factor'; which is fundamentally defined by ontological-normalcy/postconvergence (going by shallower-limited-mentation-capacity to deeper-limited-mentation-capacity), in reflecting the

precedence/supersedingness of intrinsic-reality/ontology to which an 'animal' comes-to-and-re-compose-with-cumulatively by ontological-reconstituting–as-of-conflatedness/deconstruction (which is the critical subsuming mechanism for re-establishing reference-of-thought and ontological-veridicality/ontological-contiguity as intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, above and beyond the simple hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of defective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of any registry-worldview/dimension and requiring their prospective suprastructuring). This 'existentialism/full-depth-of-existential-implications form-factor' is the reflection of the contiguity of successive existentialisms/full-depths-of-existential-implications across varying meaningful frames, references and registry-worldviews/dimensions; and is abstractly determined by the ontological-normalcy/postconvergence nature of intrinsic-reality/ontology (ontological-normalcy) whatever the institutional-cumulation/institutional-recomposure, and inherently implies 'a universal existentialisms/full-depth-of-existential-implications form-factor across institutionalisations'; which define their specificities and potentials which are basically abstractly of 'a same form-factor', with regards to the reality of their temporal-to-intemporal-dispositions and the existential implications on every registry-worldview/dimension thereof, though of differing 'snowballed recomposuring' of meaningfulness and reference-of-thought. Ontological-entrapment (as a deterministic point of reference that defines dialectical-out-of-phasing/dialectical-primitivity registry-worldview/dimension, and thus avoiding any confusing effects to analysis of the stranding-dialectics of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics) is attained by 'keeping or aligning' preconverging-or-dementing–apriorising-psychologism (with no shifting by

reflex into postconverging-or-dialectical-thinking–apriorising-psychologism) of the placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology as of the wrong ontological-references/contending-references of all established perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> prior/transcended/superseded registry-worldviews/dimensions, in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> failing/not-upholding-<as-of-apriorising/axiomatising/referencing> the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, with respect to ontological-normalcy represented by the rightful ontological-references/contending-references of the prospective/transcending/superseding registry-worldviews/dimensions whose mentation/mental-devising representation are 'kept or aligned' as 'ontologically-reconstituting'-or-prelogic-or-logical-process-precedes-outcome-or-conviction-as-to-profound-supererogation, as in ontological-reconstituting–as-of-conflatedness/deconstruction of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with sound reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. A 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' as being ontologically-driven is one where placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology (as to 'postconverging-or-dialectical-thinking–apriorising-psychologism' mental-devising-representation or preconverging-or-dementing–apriorising-psychologism mental-devising-representation) is the reflected/perspectivated implication either as of 'postconverging-or-dialectical-thinking–apriorising-psychologism' or of preconverging-or-dementing–

apriorising-psychologism as so-reflected/so-perspectivated from ontological-normalcy/postconvergence, and it is thus ontology-driven beyond any presencing—absolutising-identitive-constitutedness distorted meaningfulness-and-teleology. This equally explains why a prior/transcended/superseded registry-worldview's/dimension's reference-of-thought is cross-sectionally dialectically-out-of-phase/dialectically-primitive given it is sticking to its 'good-natured' but 'ontologically-wrong and failing' reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>) as the prospective/transcending/superseding registry-worldview/dimension has the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework sound reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (in ontological-reconstituting–as-of-conflatedness/deconstruction); wherein no amount of 'good-naturedness' of any individuation based on the former (prior/transcended/superseded) reference-of-thought can fundamentally supersede its structural/paradigmatic vices-and-impediments, but for the 'emancipatory moulting' (psychoanalytic-unshackling/memetic-reordering/recomposuring) into reference-of-thought of the latter (prospective/transcending/superseding) of such would-be emancipating individuation/intellectuals and consequent institutionalisation/intemporalisation as transcendence. That is why there is no ontologically-veridical intradimensional resolution of issues and notions of sorcery for instance in a non-positivism/medievalism social-setup with any such pretence being nothing but a 'temporal extricatory paradigm' to satisfy temporal preservation', but for implying a prospective need for a positivistic registry-worldview/dimension as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-

for-relative-ontological-completeness paradigm in satisfying intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Likewise there is no intradimensional resolution of a phenomenon like psychopathy and its social corollary in a procrypticism/disjointedness-as-of-reference-of-thought registry-worldview/dimension (the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism of positivistic meaningfulness-and-teleology reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, with a hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> postlogism-or-perverted-outcome-sought-precedes-existentially-veridical-logical-dueness placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology alignment to imply dialectical-out-of-phasing/dialectical-primitivity) insightfully deduced from ontological-normalcy/postconvergence represented by reference-of-thought of the prospective/transcending/superseding deprocrypticism registry-worldview/dimension. Fundamentally, the reason for all the dimensions/registry-worldview perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s as limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ has to do with the veracity/ontological-pertinence of our temporal-to-intemporal as individuations of shortness-to-longness-of-register-of-meaningfulness-and-teleology, such that whenever relatively sound reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are institutionalised/intemporalised, human temporality in hollow-constituting-<as-disjointed-misappropriation-of-

meaningfulness-and-failing-intemporal-preservation> individuation dispositions (at uninstitutionalised-threshold) will tend to relate, by limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, to this as hollow/formulaic constraining deterministic constructs which have to be exploited by the mere determinism-of-form about how others will act (hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>) rather than the essence as intemporal-preservation-entropy-or-contiguity–or–ontological-preservation being sought originally by the institutionalised/intemporalised reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (ontological-reconstituting–as-of-conflatedness). This fundamental dilemma of the cross-section of human mentation disposition is 'a lost cause', given the reality of the notion of a shortness-to-longness-of-register-of-meaningfulness/temporal-to-intemporal-dispositions inherent in a limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩; any resolution is not by wrongly implying any ' dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation transformation' but rather institutionalisation/intemporalisation by its inherent eliciting of positive-opportunism to the grander cross-section of society in the medium to long-run wherein intemporal-disposition/longness-of-register-of-meaningfulness-and-teleology individuation dispositions by artifice/institutionalisation/intemporalisation come to constrain-or-dominate the social-construct (over temporal-dispositions/shortness-of-register-of-meaningfulness-and-teleology-or-hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> individuations

dispositions); with corresponding percolation-channelling facilitating the perpetuation of such intemporal enculturation even when such positive-opportunism gets weaker with grander institutionalisations/intemporalisations, and so as the grander human good. This underlies the fundamental construct of rational-realism that human progress is the outcome of human increasingly realistic grasp of what man is with 'lesser and lesser vague idealisations', and that such 'rational-realism' enables humans to fully grasp their 'emancipatory potential' over 'deluded idealisms' that simply create space for falsehood, dead-end dilemmas as well as the consequent incapacity to take action, since basically knowing-is-acting!

Rational-realism (deprocrypticism) as such involves rather distractive-alignment-to-reference-of-thought /decandoring with three paradigmatic teleologies:

- subknowledging-impulse/compulsive-dementing temporal-disposition (psychopath), with 'slanted mechanical narratives' (stranded-as-rightfully-oblongated/decandored and not <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase);

- subknowledging-temporal-dispositions-teleologies (the-various-temporal-dispositions-teleologies), with 'banal mechanical narratives discomfiture' (stranded-as-rightfully-oblongated/decandored and not <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase); and

- the intemporally given and ontologising teleology which ontologically reflects/perspectivates the subknowledging-impulse/compulsive-dementing-temporal-disposition-(psychopath) and the subknowledging-registries-teleologies (the-various-temporal-dispositions-teleologies), from a 'organic-comprehension-thinking depth as the stranding-dialectics backdrop of new recomposuring reference-of-thought–categorical-

imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

Thus at the uninstitutionalised-threshold, it is counterintuitive for temporal-dispositions not to perceive their registry-worldview/dimension as 'un-transcendable' (acting as if in intemporal-preservation-entropy-or-contiguity–or–ontological-preservation while actually in temporal preservation-as-pseudointemporality; hence dementable/no-longer-thinking) due to <amplituding/formative>epistemic-totalising~self-referencing-syncretising/present-consciousness/illusion-of-the-present/mirage as metaphysics-of-presence which blinds the temporal-dispositions to the registry-worldview's/dimension's 'intemporal preservation discontinuity' as a result of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought-defects (and not logical defect) of compulsive-slanting—preconverging-or-dementing-apriorising (psychopath) and the consequent derived – miscuing, disjointed-logic, logical-drag, unconscionability-drag, and sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation; arising from the conjugation with the relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' whether as recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism or procrypticism. The reason why this is critical to grasp is that the veridical intemporal-disposition preserving emanance has to 'organically and existentially pass-through'/reflect/perspectivate the registry-worldview/dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism for psychoanalytic-

unshackling/memetic-reordering/institutional-recomposure on the basis of prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. * It is not an 'avoidable luxury' as it is the necessary transcendental element in establishing the backdrop for transcendence/prospective-institutionalisation. Galileo's medieval 'round world utterances' nor Darwin's and others 'evolution contentions' are not idle-and-dispensable articulations as all transcendences (occurring at the registry-worldview/dimension or intradimensional level and not logical operation/processing/contention level, are fundamentally about a new existential mental-devising-representation orientation) need to 'break-the-mind' of the prior temporal perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> existential mental orientation to avoid ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase (for example, no 'God of plane' for say an animistic mental orientation that sees gods and spirits as causative, i.e. avoiding to operate the meaningfulness of a transcendent registry-worldview/dimension in terms–as-of-axiomatic-construct of the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the transcended registry-worldview/dimension). This starts with the would-be transcendence inducing intellectual(s)/emancipator(s) 'owns reflexive individuation maximalising-as-transcendental liberation/emancipation' from the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of such prior registry-worldview/dimension from which it/they necessarily come from as well as not heeding generalised-social-temporal-preserving-mental-inclinations; and so, consistently cross-generationally since transcendence/institutionalisation is 'beyond just logical

argumentation/contention' as it points to 'being-or-ontological existentialism/full-depth-of-existential-implications structure defect' (defect of reference-of-thought/soundness-or-authenticity-of-reference-of-thought, and so beyond logical defect). It is more like (a knowledge-driven/not impression-driven) 'intemporal preservation recomposuring need or memetic-reordering/psychoanalytic-unshackling' for institutionalised/intemporalised being/ontology over recurrent-utter-uninstitutionalised, universalised being/ontology over ununiversalised, positivistic being/ontology over non-positivism/medievalism and prospectively deprocryptic being/ontology over procrypticism/disjointedness-as-of-reference-of-thought.

The dynamism of social psychopathy and the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> involved with regards to both the psychopath and protracted social psychopathy (requiring 'distractive-alignment-to-reference-of-thought at 'uninstitutionalised-threshold') can be resumed as follows. Basically, the psychopath is involved in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> in a committed drifting-circularity/roaming (of non-veridical dialectically-or-contendingly-out-of-phase narratives 'it wants to falsely represent veridically'), leading to temporal-dispositions slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect (contrasted to ontologising/intemporal conventioning-rationalising) and temporal-enculturation/temporal-endemisation effect, and these, hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, conjoining and conjugating to temporal-dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-

negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, and fundamentally referenced from base ontologising effectivity (intemporal preservation); in ephemeral/temporal and ontologic/intemporal contrast, thus reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) the stranding-dialectics of temporal-dispositions denaturing of social psychopathy (subknowledging/mimicking) arising from initiating phenomenal psychopathy (subknowledging impulse) involving a distractive-alignment-to-reference-of-thought construal (as the backdrop of new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and ultimately enabling its transcendental collapsing/overriding for institutional-recomposure/prospective-memetic-reordering). That's how the 'given reality' is being subknowledged/registry-perverted. The technique to be utilised comprehensively for grasping the social psychopathy dynamism is by articulating an intemporal-referencing transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing ontological-normalcy/postconvergence reality construct (by intemporal transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as from ontological-normalcy/postconvergence is meant an approach that makes the given prelogism-as-of-conviction-as-to-profound-supererogation reality the 'reference of soundness-or-authenticity-of-reference-of-thought/candor/organic-comprehension-thinking', and re-orientating the mimicking-subknowledging into a slantedness/decandoring)/distractive-alignment-to-reference-of-thought based on:

1. Given prelogism-as-of-conviction-as-to-profound-supererogation reality actually being preconverging-or-dementing–apriorising-psychologism/subknowledged/registry-perverted (which 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting should highlight that meaningful projections of implied

intemporality/longness from banal <s>amplituding</s>/formative>wooden-language-(imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>) are not veridically and demonstrable to be ontologically real and should be related to as being in distractive-alignment-to-reference-of-thought /threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and are rather involved in 'temporal preservation' and not intemporal-preservation-entropy-or-contiguity–or–ontological-preservation),

2. Psychopath's compulsive-slanting—preconverging-or-dementing-apriorising (as dialectically-or-contendingly-out-of-phase or hollow-mimicking) in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic in committed 'circularity-of-extrinsic-attribution' (it should be noted that there is an internal contradiction reason why the psychopath in its postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, and equally other temporal interlocutors mimicking the psychopath's postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, will carry on such a 'circularity-of-extrinsic-attribution' as the need to square up to the priorly slanted hollow mimicking narratives call for new slanted hollow mimicking perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> narratives even if it's just to get a respite to enable an interlocutor's or another interlocutor's prelogic/conviction-as-to-profound-supererogation alignment to the new hollow mimicking postlogism-formulaic slanting compulsing–

nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation narrative, a process known as absolving/fleeting/escaping-reflex-logic),

3. Psychopath's interlocutor's perversion-of-reference-of-thought-<as-effectively-aprioriising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex narratives integration from its prelogic/conviction-as-to-profound-supererogation rationalisation (existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at) of the last psychopath's postlogic non-veridical hollow mimicking narratives in circularity as well,

4. Analyst's reflection/perspectivation of the above 3 mechanisms as postlogic/subknowledging/mimicking/registry-perverting with contention never being about logical operation/processing/contention of the non-veridical hollow mimicking narratives but rather mental-slantedness/decandoring (distractive-alignment-to-reference-of-thought) of the psychopath and the interlocutors as 'a manifestation of vice-and-impediment (never contention), i.e. rEORIENTATION',

5. Analyst's intellectual articulation known as SUPRASTRUCTURING, wherein the universal ontological implication of social psychopathy dynamism across the human species (across space-and-time)/the-social/ontological-paradigm is drawn so that the principles so articulated can be applied in all incidental cases of social psychopathy dynamism (with the intellectual responsibility of avoiding just an ad-hoc/circumstantial based analysis and never elevating such poor rationalisations into an ontology, i.e. avoid the extrication-paradigm). SUPRASTRUCTURING effectively involves: (a) 'registering'/stranding-dialectics of the perversion-of-reference-of-thought-<as-effectively-aprioriising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> associated with

social psychopathy dynamism, i.e. procrypticism/disjointedness-as-of-reference-of-thought mental-slantedness/decandoring (b) 'superseding' by developing universal axiomatic construct/categorical-imperatives preempting '(a)' above which are habituated over a generation or two of the human species for deprocrypticism institutionalisation/intemporalisation transcendence involving its formalisations and internalisations (psychoanalytic-unshackling by: (i) articulating a social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the registry-worldview-perversion, (ii) generating ontological-primemovers-totalitative-framework 'internal contradiction' in the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview (iii) referencing/registering/decisioning or stranding-dialectics the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion/dimension defect for prospective preemption with new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the prospective registry-worldview/dimension (iv) intemporal projection superseding the transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith/nihilistic (being-dialectically-or-contendingly-out-of-phase/logically-incongruent/transversal) to reflect/perspectivate a mental-devising-representation of the superseded/transcended registry-worldview/dimension as ontologically-preconverging-or-dementing–apriorising-psychologism/dialectical-preconverging-or-

dementing–apriorising-psychologism (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>/unsoundness-or-inauthenticity-of-reference-of-thought/mental-perversion/subknowledging/mimicking-and-corresponding-<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising), inducing a 'habituation' of the prospective/superseding/transcending registry-worldview/dimension cross-generationally. For instance, structurally the positivistic mental frame is in alienated-disposition/logically-incongruent and generates internal contradiction towards the non-positivism/medievalism mental frame as otherwise you have <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag or the referencing/registering/decisioning of meaning in terms–as-of-axiomatic-construct of the registry-worldview/dimension that needs to be superseded/preceded/overrided/abjected, for instance, retrospectively the 'god of plane'… type of proposition from an early animistic society which doesn't comes to terms with the prospective positivist worldview construct as it hangs on to its non-positivist reference-of-thought–categorical-imperatives/axioms/registry-teleology, and this will equally apply prospectively between deprocrypticism and procrypticism as the procryptic mindset/reference-of-thought will strive to register meaning not prospectively taking account of procrypticism as a 'mental perversion/defect', and likewise retrospectively with the 'medieval mindset' with respect to the positivist mental frame. This obviously calls for an 'intellectual/scientism detachment' towards the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview/dimension, with an intemporal-disposition sense of contributing to the bigger possibilities for of the species, i.e.

intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm as opposed to an extricatory or incremental or 'disjointedness-as-of-reference-of-thought' or temporal-accommodation paradigm which is about temporal interest, and so, beyond 'temporal emotional involvement' or at 'reality personality' wherein the notion of human temporal compromising is not an ontological notion but rather defines and qualify the nature of human temporality/shortness in an ontological construct).

This way of hermeneutic 'ontological reasoning' to arrive at ' intemporal-or-ontological meaning' that is beyond any <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/self-centered/present-consciousness/illusion-of-the-present/mirage mental projection within just a given registry-worldview/dimension so as to 'grasp fundamental intemporal as of the inherent nature of existential-reality' is central to the Deprocrypticism registry-worldview/dimension as a doppler-thinking exercise known as suprastructuralism. Suprastructuralism is grounded on ontological-normalcy/postconvergence insight and places 'abstract intrinsic-reality as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' above the reference-of-thought–categorical-imperatives/axioms/registry-teleology devising (supposedly for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) meant to represent it in a given registry-worldview/dimension as prior/transcended/superseding (which as such is now construed as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in the mental-devising-representation of intrinsic-reality/ontological-veridicality, thus requiring new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology to 'preserve the abstract and intrinsic-reality as of intemporal-preservation-entropy-or-

contiguity–or–ontological-preservation'. Deprocrypticism's suprastructuralism involves 'intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating existence-potency-prospective-digression-of—<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness so-construed as longness-of-register-of-meaningfulness-and-teleology over shortness-of-register-of-meaningfulness-and-teleology'; and so, beyond just about a prospective moral virtue but the prospective overall the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct as 'ontology and its subsuming of virtue', just as positivism is beyond just about a moral virtue but comprehensively an overall the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct carrying a virtue that supersedes the vices-and-impediments of the non-positivism/medievalism registry-worldvieww/dimension). It calls for a knowledge construct, whether social or physical, beyond just positivistic categorisation of knowledge but as 'ontological-normalcy/postconvergence referentialism as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation ontology'. Thus, the doppler-thinking exercise of suprastructuralism enables the conceptualisation/construal of institutionalisation-or-intemporalisation-or-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in grasping the denaturing of reference-of-thought–categorical-imperatives/axioms/registry-teleology as of ontological-normalcy/postconvergence basis of analysis, and by so doing grasping the precedingness/supersedingness/ascendency of intrinsic-reality.

[Referentialism involves a reference-of-thought (characteristic of deprocrypticism) construing existence and existential-conceptualisation/construal as about the 'precedingness of becoming' as of conflation rather than constitutedness (notwithstanding the instances of

the latter's contingent approximating-nature for conceptualisation/construal construed as presencing—absolutising-identitive-constitutedness). Constitutedness tend to fallaciously imply 'existence of things in existence' whereas conflation rightly implies 'things becoming in existence rather as subsumed-in-existence in a superseding–oneness-of-ontology'; so because constitutedness takes a simplistic shot at construal/conceptualisation of existential-reality practically presuming this to be 'effectively absolutely real and final' but then with human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ this is erroneous hence the need for re-categorisation/re-adaptation/re-classification as 're-constitutedness of reference-of-thought' perpetually when aware of its deficiency. Conflation takes a shot at construal/conceptualisation of existential-reality from an open-ended insight/fugue as of referentialism from the more profound ontological-normalcy/postconvergence of existential-reality factoring in human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as of metaphysics-of-absence, and as implied by the notion of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that goes beyond <~~amplituding~~/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ which are continually put into question, by being open-ended to upholding/not-failing intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-normalcy/postconvergence which always factor in human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ by a re-equilibrating metaphysics-of-absence/postdication. Thus,

constitutedness will wrongly induce virtuality-or-ontologically-flawed-construal/being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference, and so, with more and more profound defective construal/conceptualisation consequence with deeper and deeper categorisation and analysis. Often, and where aware, about the critical defective nature implied by constitutedness in categorisation schemes, there will be re-categorisation/re-adaptation/re-classification as a contingent resetting resolution for the induced 'virtuality-or-ontologically-flawed-construal-of-constitutedness of axiomatic-construct/reference-of-thought' (by elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity) that will then require another contingent resetting resolution for the subsequently induced 'virtuality-or-ontologically-flawed-construal-of-constitutedness of reference-of-thought' down the line when aware of its further critical defect again (though, in a sense the entire recomposuring process could be qualified as a 'practical presencing—absolutising-identitive-constitutedness' exercise). But then the inherent nature of existence in relation to human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ construal of it is one of evasiveness as implied by the 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' such that we are only occasionally and partially aware about the critical defective nature implied by constitutedness in categorisation schemes, thus fundamentally defining the limits even of a presencing—absolutising-identitive-constitutedness as of existential-conceptualisations/construals. The

implication is beyond just the notion of knowledge construal/conceptualisation categorisation schemes and scheming but extends to the very inherent construal/conceptualisation of knowledge as of its implied ontological and virtue construct itself; so because the structural/paradigmatic basis of categorisation scheming are equally the structural/paradigmatic basis of the inherent analysis and meaningfulness-and-teleology construed/conceptualised. Since categorisation schemes (whether construed/conceptualised beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) define the 'reference-of-thought of categorisation construal/conceptualisation of knowledge', it is critical to grasp that the inherent structural/paradigmatic limits/defects of such 'reference-of-thought of categorisation construal/conceptualisation of knowledge' are systemic hence inducing 'flawed-existential-elevation-of-reference-of-thought' as of ontological and virtue implications (as ontologically-perspectival-degraded-as-decentered/preconverging-or-dementing-reflexive/entailing-teleologyal-differentiation-as-of-subtransversality—apriorising/axiomatising/referencing) at the given 'reference-of-thought of categorisation construal/conceptualisation of knowledge'. Beyond its conceptualisation as of knowledge categorisation and categorisation scheming but rather as of effective ontological-and-virtue conceptualisation/construal, constitutedness implies a simplistic/trite categorical relation in the construal/conceptualisation of meaningfulness-and-teleology as of its ontological and virtue essence that is susceptible to defect as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>; and as such, constitutedness will speak of subtransversality—apriorising/axiomatising/referencing and various shades of temporality/shortness in their 'constitutedness and conjugated-constitutedness of reference-of-thought' including psychopathic slantedness constitutedness.

The comparison highlighted further below with respect to the 6 BODMAS characters and character A (Addition) as the additionality defect character, is most telling of the inherent nature of human limited-mentation-capacity-deepening-⟨<s>amplituding</s>/formative⟩epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ induced constitutedness which is conceptually associated with conceptualisation/construal of 'human temporal uninstitutionalised-threshold mental-disposition' (since such a construal fully reflect the reality of a human temporal-to-intemporal reference-of-thought nature, with high 'constitutedness and conjugated-constitutedness of reference-of-thought' of temporal-dispositions reference-of-thought, much like the 'conjugated-constitutedness of reference-of-thought' of the other BODMAS characters to A's fundamental postlogism-slantedness pathological condition/constitutedness as when insisting on upholding the <s>amplituding</s>/formative⟩wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ and not factoring in A's underlying condition and defect as constitutedness, and so out of sync with the existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as the more fundamental a priori whose imbricatedness/threadedness/recomposuring reveals the fundamental defect of applying additionality reference-of-thought–categorical-imperatives/axioms/registry-teleology by elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity.). The resolution by imbricatedness/threadedness/recomposuring is most telling of the inherent nature of conflation which is conceptually associated with 'human registry-worldview's/dimension's institutionalisation mental-disposition'; as conflation speaks of a more profound relation in

the construal/conceptualisation of meaningfulness-and-teleology as of its ontological and virtue essence that is susceptible to uphold intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-normalcy/postconvergence which always factor in human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ by a re-equilibrating metaphysics-of-absence/postdication, and so even when elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity is denaturing as exposed by existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context, to further construe new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation factoring in the imbricatedness/threadness/recomposuring reflecting the existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context. Conflation, as so-construed in referentialism, by striving to sync with the very inherent evasive nature of existence in its imbricatedness/threadedness/recomposuring (with respect to human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩) as of referentialism is absolutely referencing on the basis of ontological-normalcy or postconvergence or intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as being the preceding notion for construal/conceptualisation with respect to existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context, and so grasped as conflation emphasises projective-insights for upholding ontological-normalcy or postconvergence or

intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Hence conflation will tend to avoid systemic defects of analysis associated with constitutedness requiring re-categorisation/re-adaptation/re-classification as 'presencing—absolutising-identitive-constitutedness'. Conflation is thus naturally inclined to induce 'appropriate-existential-elevation-of-reference-of-thought' by the ontological and virtue implications (as ontologically-perspectival-elevated/pedestaling-as-postconverging-or-dialectical-thinking-differentiation-as-of-supratransversality—apriorising/axiomatising/referencing). As so articulated, these two concepts operantly address in a storied-construct/ontologically-valid-narration or any other operant conceptualisation the notion of a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' as meaning produced apparently with the 'same-terms-of-expressions/seemingly-same-implied-meaningfulness' (seemingly of veridical-ontological reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in the various instances) but actually implying 'different relations to an ontologically veridical reference-of-thought', underlined by the disambiguated temporal-to-intemporal-dispositions. Further, constitutedness and conflation, as so articulated, are such fundamental notions with respect to how humans limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ come to grasp existential-reality/ontological-veridicality that these two underlying notions are critically definitional relative to existential-construal/conceptualisation of understanding and failing-understanding, and insightfully explain the fundamental basis of the consecutive transformations of human psychologisms as induced by 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' at the transcendental/transdimensional/interdimensional-level of institutionalisations as well as at

the individuation-level with respect to conception and misconceptions of meaningfulness-and-teleology not only with respect to understanding but equally dynamics of 'personality formation and teleological-differentiation', and so specifically as associated with the dynamics implied of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, further reflected in the overall dynamics of postlogism and conjugated-postlogism (including the dynamics of psychopathy and social psychopathy as social reprising out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context of psychopathic pathological insane-fitment, as of fundamental/most-simplistic constitutedness socially reprised with 'conjugated-constitutedness of reference-of-thought') as well as grasping fundamental dynamics of institutions and especially as influenced by the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ which is highly subject to the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor (emphasising socially-functional-and-accordant thresholds rather than abject ontology, thus giving room for 'least-and-derived-temporal-operating-modalities-of-the-reference-of-thought-as-of-incrementalism-in-relative-ontological-incompleteness-inducing-the-uninstitutionalised-threshold'). These two concepts are critical relative to grasping and analysing human choice/notions relative to reference-of-thought–categorical-imperatives/axioms/registry-teleology of meaningful-frameworks. Other implications have to do with human personality development psychology in relation to meaningfulness extending to the construal/conceptualisation of language development as well as aesthetics and virtue as

reflecting the ontological-contiguity—of-the-human-institutionalisation-process. In a further elaboration of constitutedness and conflation with respect to psychologism, the reason why a prospective/transcending/superseding registry-worldview/dimension needs its own knowledge-construct reference-of-thought psychologism has to do with the fact that every registry-worldview/dimension has 'its own specific constitutedness/conflation psychological complex reflex mechanism' wherein its limits in the construal/conceptualisation of intrinsic-reality/ontological-veridicality are defined, and this is subpar to the prospective/transcending/superseding registry-worldview/dimension knowledge-construct reference-of-thought which thus needs its own corresponding psychologism for its superseding meaningfulness-and-teleology, achieved by 'presencing—absolutising-identitive-constitutedness' as constitutedness re-categorisation/re-adaptation/re-classification'. Consider the example of the 'God of plane' type of expression in an animistic/base-institutionalisation setup, where their fundamental psychologism is so ingrained that every meaningfulness from a positivistic social-setup cultural diffusion is inevitably reconstrued in the animistic/base-institutionalisation psychologism, until down the line the latter's meaningfulness-and-teleology ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, by way of continuous 'presencing—absolutising-identitive-constitutedness' as 'recurrent re-categorisation/re-adaptation/re-classification of the prior constitutedness of reference-of-thought' is critically rid of the very essence of animistic/base-institutionalisation psychologism inducing an overall break into a positivism psychologism. It is interesting to note that going by the psychologism of a base-institutionalisation social-setup reference-of-thought for instance, the idea of arithmetic as we may grasp today in a positivistic registry-worldview/dimension Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology, and as of its

operant nature, isn't the case in its operant conceptualisation in such a base-institutionalisation social-setup <~~amplituding~~/formative>epistemic-totalising/circumscribing/delineating reference-of-thought-devolving-as-of-instantiative-context—meaningfulness-and-teleology as rather the mental-disposition apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument in the use of numbers is more about acting in currying favours or in view to receiving favours meaningfully as of '<~~amplituding~~/formative>epistemic-totalising~nominal-as-tendentious-phenomenal-abstractiveness-of-presencing-in-'warped-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context' (as can be observed by anthropologists in various forms in many a hunter-gatherer and animist societies), rather than use of numbers considered as of such a relatively independent-domain and exactness of meaningfulness-and-teleology orientation as we construe of arithmetic and mathematics in say a universalisation or positivism registry-worldview/dimension Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology <~~amplituding~~/formative>epistemic-totalising/circumscribing/delineating reference-of-thought-devolving. Thus use of numbers is defined by other ideas in such early hunter-gather and animist societies given Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology like the notion of wealth accumulation, which will be predominantly about 'inducing a sense of social obligation or faithfulness or deference' from other persons, and so together with other cultural peculiarities that avoid hoarding and emphasise wealth display, gifts, etc. Psychologism (as being central in conflation or rather 'presencing—absolutising-

identitive-constitutedness' as recurrent re-categorisation/re-adaptation/re-classification of constitutedness), refers to the underlying human reflex mental scheme of a given registry-worldview's/dimension's reference-of-thought 'allowing for its given capacity to supersede its psychological complex in construing ontological-primemovers-totalitative-framework transcendental-enabling/sublimating and corresponding meaningfulness-and-teleology'. The bigger question could be asked; why doesn't humans in recurrent-utter-uninstitutionalisation spontaneously articulate and relate to meaningfulness-and-teleology as humans in base-institutionalisation–ununiversalisation, who do not do likewise as humans in universalisation–non-positivism/medievalism, who do not do likewise as humans in positivism–procrypticism? Is it a difference in species, as of successive species? Obviously, no! As we know from history and anthropology that cultural diffusion has shown that all humans are able to come to terms and operate at the highest forms of human registry-worldview's/dimension's institutionalisation. This fundamentally points to the centrality of a registry-worldview's/dimension's reference-of-thought psychologism 'placeholder-setup/mentation/mental-devising-representation/consciousness-awareness-teleology as arising and determined by its specific limited-mentation-capacity-⟨as of relative constitutedness in relation to conflation⟩ construal/conceptualisation as soundness-or-authenticity-of-reference-of-thought'. The underlying human psyche is in need of a 'framework of intelligibility construal/conceptualisation' as its mental-scheme (psychologism) by which humans, given their limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, can then project 'mental and existential investment' in a world of perceived stakes (social, natural and/or supernatural) in a 'social framework of intersolipsistic deambulation' (which holds the resources for individual and collective human possibilities, like prior developed culture, language, skills, etc. available for individual and collective intersolipsistic exploitation and

renewal). Noting that at stake is its existential survival and thriving, and so it is involved in a relative zero-sum game of existential possibilities, on the basis of its limited-mentation-capacity-deepening-⟨<s>amplituding</s>/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ determining its prospective relative-ontological-completeness-of-reference-of-thought, as enabled by the 'social framework of intersolipsistic deambulation'. This 'social framework of intersolipsistic deambulation' is highly linear as of the possibilities for construing human psychical and institutional readjustments in inducing successive institutional-cumulation/institutional-recomposure which are thus equally in a linearity. This notion of 'social framework of intersolipsistic deambulation' harkens back to that of human registry-worldview's/dimension's institutionalisation by its socially-functional-and-accordant thresholds of temporal-to-intemporal-dispositions further redefining the possibility of uninstitutionalised-threshold as the threshold for failing/not-upholding the institutionalisation's reference-of-thought–categorical-imperatives/axioms/registry-teleology and the possibility of prospective institutionalisation as renewing reference-of-thought–categorical-imperatives/axioms/registry-teleology for upholding intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-normalcy/postconvergence with respect to the uninstitutionalised-threshold, thus further redefining successive prospective socially-functional-and-accordant thresholds as successive prospective registry-worldviews/dimensions. Thus, implying a dual-faceted representation of human mental-disposition as uninstitutionalised-and-institutionalised, wherein by metaphysics-of-presence, the present registry-worldview's/dimension's reference-of-thought by its inherent presencing-inclination disposition will asymmetrically be oriented as institutionalised in secluding its uninstitutionalised facet from placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology with any sense of

uninstitutionalised-threshold being rather an afterthought posture rather with respect to the prior registry-worldview/dimension uninstitutionalised facet of reference-of-thought. It is this appreciation successively implied registry-worldviews/dimensions prospective relative-ontological-completeness-of-reference-of-thought emphasising both institutionalised-and-uninstitutionalised-facets that naturally validates the notion of a 'contingent ontologising-capacity driven apriorising/axiomatising/referencing–psychologism as of the grander ontological-normalcy/postconvergence apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' that is counterintuitive to a stigmatic/mented psychology as conceptualised today. Such a 'contingent ontologising-capacity driven apriorising/axiomatising/referencing–psychologism as of the grander ontological-normalcy/postconvergence apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' by its contiguity in grasping the implications of human temporal (pseudointemporal)-to-intemporal mental-dispositions as a contiguity of shortness-to-longness-of-register-of-meaningfulness-and-teleology should be predicative of human meaningfulness-and-teleology (much the same way that the notion of temporality-to-intemporality thresholds driven construal enables an existentially operant <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context construal of virtue beyond the 'relatively impression-driven basis of conceptualisation' associated with <~~amplituding~~/formative>epistemic-totalising~random-as-impulsive-phenomenal-

abstractiveness-of-presencing-in-'trepidatious-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context, ~~amplituding~~/formative>epistemic-totalising~nominal-as-tendentious-phenomenal-abstractiveness-of-presencing-in-'warped-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context involving allegiance/subservience driven construal, ~~amplituding~~/formative>epistemic-totalising~ordinal-as-qualifying-phenomenal-abstractiveness-of-presencing-in-'preclusive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context involving qualification/good-to-bad driven construal, ~~amplituding~~/formative>epistemic-totalising~intervalist-as-categorising-phenomenal-abstractiveness-of-presencing-in-'occlusive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context categorisation/kindness-humility-helpfulness-etc. driven construal), superseding the non-contiguous nature of present stigmatic/mented psychology. Such a 'contingent ontologising-capacity driven

apriorising/axiomatising/referencing–psychologism as of the grander ontological-normalcy/postconvergence

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' construes social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context; as this is already the natural human psychology which on the token of relative completeness-of-reference-of-thought of successively achieved social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context is behind the untenability/internal-contradiction/internal-incoherence/institutional-constraining that ushers in the successive psychologisms of the successive registry-worldviews/dimensions reference-of-thought, with the bigger insight thus that such natural psychology is central to futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalisation psychologism; and we can appreciate that the more thorough dilemmas with respect to vices-and-impediments of the grander human condition have been paradigmatically/structurally resolved as of these successive psychologisms paradigms arising from prospective relative-ontological-completeness-of-reference-of-thought induced social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-

ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context.   For instance,   the   prospective   relative-ontological-completeness-of-reference-of-thought   of rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as   'first-level   presencing—absolutising-identitive-constitutedness   of   reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩   induced   a social   universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩   as   of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context   that led to the base-institutionalisation–ununiversalisation psychologism grounded on rule-making differing   from   the   non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition   psychologism   of   recurrent-utter-uninstitutionalisation, with its corresponding grander ontological and virtue implications. Interestingly consider for comparison our mented/stigmatic psychology construct (which is relatively ontologically non-contiguous by the positivism registry-worldview/dimension '~~amplituding~~/formative>epistemic-totalising~intervalist-as-categorising-phenomenal-abstractiveness-of-presencing-in-'occlusive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context   categorising   disposition'   or   'third-level presencing—absolutising-identitive-constitutedness apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument',   as   it   doesn't construe   a   ~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-

enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context, as conflation, of temporality-as-pseudointemporality-to-intemporality of human individuations as is the case with referentialism as of ontological-normalcy/postconvergence, as so implied by 'notional~deprocrypticism'), under the positivistic meaningfulness-and-teleology reference-of-thought as absolute value-judgment (not withstanding its prior relative-ontological-incompleteness-of-reference-of-thought as positivism–procrypticism); likewise, we'll necessarily be suspect with regards to a corresponding approach where for instance the non-positivism/medievalism mindset/reference-of-thought equally construed a relatively ontologically non-contiguous stigmatic/mented psychology construct based on its registry-worldview/dimension '<~~amplituding~~/formative>epistemic-totalising~ordinal-as-qualifying-phenomenal-abstractiveness-of-presencing-in-'preclusive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context categorising dispositions' or 'second-level presencing—absolutising-identitive-constitutedness apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument', on the basis of its meaningfulness-and-teleology as value-judgment (not withstanding its prior relative-ontological-incompleteness-of-reference-of-thought as universalisation–non-positivism/medievalism-⟨failing positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism⟩ when factoring in such mental-dispositions as believing in superstitions, alchemy, notions-

and-accusations-of-sorcery, etc). As we come to recognise that such an approach renders the meaningfulness-and-teleology as value-reference of every registry-worldview/dimension at the backend of the institutional-cumulation/institutional-recomposure as the absolute determinant of what can be psychology, with a naivety that doesn't allow consciously, (as consciously decentering and pivoting with respect to human psychical and institutionalisation implications), for prospective transcendence, as it doesn't factor in the said registry-worldview/dimension prior relative-ontological-incompleteness-of-reference-of-thought to then project that there may be a prospective relative-ontological-completeness-of-reference-of-thought which meaningfulness-and-teleology as value judgment transforms psychological-construal/psychologism. The best possible outcome in this regard is as of the construal of a 'contingent ontologising-capacity driven apriorising/axiomatising/referencing–psychologism as of the grander ontological-normalcy/postconvergence apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' as it establishes prospective relative-ontological-completeness-of-reference-of-thought by social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context. As setting up the relevant contingent psychologism is only by a construal that the best possible psychology-construct/psychologism is necessarily attained by successive registry-worldviews/dimensions construals/conceptualisations by their contingent prospective relative-ontological-completeness-of-reference-of-thought by social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-

reference-of-thought-devolving-as-of-instantiative-context (that is, 'contingent ontologising-capacity driven apriorising/axiomatising/referencing–psychologism as of the grander ontological-normalcy/postconvergence apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument'), and so successively across all registry-worldviews/dimensions, whether retrospectively or prospectively. This insight about the nature of a mented/stigmatic psychology compares with the instance about a Kantian absolute apriorising/axiomatising/referencing exercise; in that in both instances, human mentation capacity is construed as absolutely given at all times, with that mentation capacity rather 'reflexively and erroneously' absolutely construed as of the positivistic mindset/reference-of-thought, and what is not factored in is the fact that there is a human limited-mentation-capacity that maximalisingly-recomposures as of human shallow to deeper limited-mentation-capacity inducing the successive registry-worldviews/dimensions institutionalisations reference-of-thought with their own 'specific institutionalisation/uninstitutionalised-threshold mental-dispositions/apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstruments' as of their prospective relative-ontological-completeness-of-reference-of-thought with respect to their social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context; with the implications being that social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as of prospective relative-ontological-completeness-of-reference-of-

thought redefines prospective meaningfulness-and-teleology and the corresponding apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument, implying an epistemic-totalising~renewing-realisation/re-perception/re-thought based on prospective maximalising-recomposuring-for-relative-ontological-completeness ultimately as of 'notional~deprocrypticism'; as this consciously factors in the reality of the need of transcendence as decentering/pivoting with respect to psychical-orientation, meaningfulness-and-teleology construal/conceptualisation, institutionalisation and overall existential becoming. This validates the notion of 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' as of its construing of notional~deprocrypticism as 'deprocrypticism suprastructuration' or 'deprocrypticism suprastructural psychical-and-institutionalisation orientation of meaningfulness-and-teleology as of the overall registry-worldview/dimension reconstrual of superseding–oneness-of-ontology' (enabling the <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context/conflation of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument of the deprocrypticism socially-functional-and-accordant as of intemporal/ontological contiguity, with no-temporal-to-intemporal-dispositions-non-dissociability, thus upholding deprocrypticism as preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-

formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism). Thus, with notional~deprocrypticism further enabling the abstract intemporal/ontological contiguity grasp of human 'individuation-level and registry-worldview/dimension-level meaningfulness-and-teleology' as it can accrue at the intradimensional-level of individuals-notionally-as-receptacles-of-temporal-to-intemporal-individuations and individuals-as-institutionally-constrained-actors-as-of-intersolipsistic-deambulation, and hence ontologically-adjoins in its construal/conceptualisation the construct of the individual and the social as of 'deprocrypticism suprastructuration' or 'deprocrypticism suprastructural psychical-and-institutionalisation orientation of meaningfulness-and-teleology synopsising-depth as of the overall registry-worldview's/dimension's reconstrual of superseding–oneness-of-ontology' (just as in the natural sciences, physics ontologically-adjoins chemistry and chemistry ontologically-adjoins biology). This is in contrast with an ontologically non-contiguous stigmatic/mented psychology construct which relative 'third-level presencing—absolutising-identitive-constitutedness' largely limits its notion to 'affect', and not a full-blown ontological-contiguity as conflation elaborated 'meaningfulness-and-teleology' determination in full ontological converging with the social (as metaphysics-of-absence of the social, 'conflation psychologism' based on 'temporal-to-intemporal contrastive-synopsising-depths-of-meaningfulness-and-teleology' going by the 'referentialism technique of point-referencing, explained elsewhere,' that restores existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context in undermining procrypticism or disjointedness-as-of-reference-of-thought). Hence by recurrent re-categorisation/re-adaptation/re-classification of constitutedness of reference-of-thought as a 'presencing—absolutising-identitive-constitutedness' exercise at worldview-level, institutional-level and

operant-level of meaningfulness-and-teleology, the requisite psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought for prospective transcendence is achieved. Insightfully, (beyond 'presencing—absolutising-identitive-constitutedness') the full ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity of conflation as implied with referentialism as the underlying transcendental memetic/suprastructural-meaningfulness fugue reflecting existential-reality will take an even more critical bearing with respect to deprocrypticism psychologism as unlike the articulation as presencing—absolutising-identitive-constitutedness (rather heuristically and beyond consciousness-awareness-teleology) in previous institutional-cumulation/institutional-recomposure, with deprocrypticism conflation is rather bound to be perceived and construed as of the (recomposured)-consciousness-awareness-teleology in its full potential on the basis of referentialism as of the full development of ontological-normalcy/postconvergence. Thus, the notion of conflation (including 'presencing—absolutising-identitive-constitutedness') can be conceptualised across all transcendences as providing the 'centering platform' (that reflects the imbricatedness/threadedness/recomposuring of existential-reality as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context in ontological-normalcy/postconvergence or intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) as the prospective registry-worldview/dimension institutionalisation reference-of-thought, for 'decentering' the prior registry-worldview/dimension uninstitutionalised-threshold reference-of-thought in its 'constitutedness and conjugated-constitutedness of reference-of-thought' with respect to the prospective registry-worldview/dimension institutionalisation reference-of-thought overall existential-contextualising-contiguity's-

reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context meaningfulness-and-teleology; (as ontology/ontological-veridicality/intrinsic-reality increasingly supersedes 'prior-conventioning as social-aggregation-enabling', wherein for instance scientific explanations psychologism (as of prospective conflation) supersede mythical/supernatural/alchemic explanations psychologism (as of prior constitutedness) as 'prospective-conventioning as transcendental-enabling/sublimating'; interestingly, highlighting how and why transcendence for prospective institutionalisation is construed in transcendental-enabling/sublimating terms as its strive for a prospective relative-ontological-completeness-of-reference-of-thought necessarily implies a more profound grasp of intrinsic-reality/ontological-veridicality with respect to the prior as uninstitutionalised-threshold prior relative-ontological-incompleteness-of-reference-of-thought revealing which by reflex adopts a social-aggretion-enabling disposition with respect to the prior-conventioning). In this respect, ultimately the full achievement of conflation will involve fully expanding the sphere of relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating, as of 'intemporal knowledge constraining construct', for thorough construal/conceptualisation of social reality which is relatively highly prone to 'constitutedness and conjugated-constitutedness of reference-of-thought and thus resultant presencing—absolutising-identitive-constitutedness' as of social-aggregation-enabling, hence undermining relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating of the social. Ultimately, given the comprehensive and typical underlying proneness of human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ to constitutedness as its fundamental mentation deficiency at uninstitutionalised-threshold or as of 'human temporal uninstitutionalised-threshold mental-disposition' (which it tends to resolve by 'presencing—

absolutising-identitive-constitutedness' when aware of defective constitutedness) with respect to psychical-orientation, meaningfulness-and-teleology construal/conceptualisation, institutionalisation and its overall existential becoming, as so reflected in the succession of registry-worldviews/dimensions; deprocrypticism by its very transcendental essence comprehensively comes into grips with the constitutedness in positivism–procrypticism as it attains more than just 'presencing—absolutising-identitive-constitutedness' but an overall comprehensive conflation insight as of ontological-normalcy/postconvergence referentialism for superseding positivism–procrypticism. Conflation as of ontological-normalcy/postconvergence referentialism in superseding constitutedness, provides resolution as of 3 aspects of meaningfulness-and-teleology: firstly, with respect to temporal instigating as constitutedness like psychopathic-slantedness insane-fitment 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation and its derivation with respect to temporal reprisings of such constitutedness as 'conjugated-constitutedness of reference-of-thought' associated with conjugated-postlogism temporal reprisings by construing/conceptualising such perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomenon, and re-establishing social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩ that by itself is the fundamental basis for human knowledge-and-virtue; secondly, articulating the universal aetiologisation/ontological-escalation as of ontological-reconstituting–as-of-conflatedness; and thirdly, highlighting the structural/paradigmatic pivoting/decentering as prospective ontological-completeness-of-reference-of-thought possibilities. It should be noted that 'a mentation reflex as decentered and in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics' is no less valid with respect to a placeholder-

setup/mental-devising-representation/mentation/consciousness-awareness-teleology of 'human temporal uninstitutionalised-threshold mental-disposition' (speaking of uninstitutionalised-threshold) as 'a mentation reflex as centered and postconverging-or-dialectical-thinking–apriorising-psychologism' is valid with respect to a placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of 'human registry-worldview's/dimension's institutionalisation mental-disposition'; and so, with no relevant need for attending to any 'psychological complexes' with respect to a representation as of an uninstitutionalised-threshold wrongly being construed as of institutionalisation (at the uninstitutionalised-threshold) as being 'a mentation reflex as centered and postconverging-or-dialectical-thinking–apriorising-psychologism' instead of 'a mentation reflex as decentered and in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics'. The point of this statement is that when procrypticism as our uninstitutionalised-threshold is bound to be construed as of metaphysics-of-absence, the normal psychologism we know of as of our positivism institutionalisation will no longer apply, as our procrypticism meaningfulness-and-teleology will be represented as decentered and in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as the necessary/requisite backdrop for the construal of prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation ushering in deprocrypticism as prospective institutionalisation. In this regard, we'll certainly inherently relate to preceding successive uninstitutionalised-thresholds of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism effectively as decentered and in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics, though this will most probably be resisted with respect to such a representation of our denaturing of positivistic meaningfulness as our prospective procrypticism uninstitutionalisation (just as the

correspondingly humans in the preceding successive uninstitutionalised-thresholds by mentation reflex had, consciously and unconsciously, resisted a representation as decentered and in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics); while we can recognise successively the centered and postconverging-or-dialectical-thinking–apriorising-psychologism nature of base-institutionalisation, universalisation and positivism, though probably less so of deprocrypticism institutionalisation as it points to the decentering and ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of our procrypticism uninstitutionalisation. Such institutionalisation and uninstitutionalised-threshold construal at the transcendental/transdimensional/interdimensional-level is reflected/perspectivated operantly by the concepts of conflation as of centering and postconverging-or-dialectical-thinking–apriorising-psychologism reference-of-thought implied with institutionalisations and constitutedness as of decentering and ontologically/preconverging-or-dementing–apriorising-psychologism reference-of-thought implied with uninstitutionalised-thresholds; prompting the respective institutionalisation and uninstitutionalised-threshold psychologisms as of the apriorising/precedingness of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context reflecting this reality beyond and above our subpar <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag reference-of-thought in positivism–procrypticism from a deprocrypticism perspective, just as we'll recognise for instance that a universalisation–non-positivism/medievalism mental-disposition contending against positivism institutionalisation meaningfulness is actually acting out a subpar <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag reference-of-thought as of the apriorising/precedingness of existential-contextualising-contiguity's-reifying/elucidating-of-

prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context reflecting this reality beyond and above it from the positivism perspective. Thus it is fundamentally the case that the requisite construal/conceptualisation as decentered and in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of an uninstitutionalised-threshold is hardly just one of 'simplistic knowledge elucidation' but rather an elucidation as of intellectual courage in bluntly asserting decentering and ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. Intellectual courage as imbuing knowledge with organic profoundness of intemporal philosophy rather than just a mechanical construct of technicalities is the central driver for all initiated transcendences and prospective institutionalisations, as this goes beyond intellectual institutional-being-and-craft, since there is 'no magical knowledge technicality' for implying a more profound ontological-completeness-of-reference-of-thought over a relatively relative-ontological-incompleteness-of-reference-of-thought but for such intellectual bravery to buck the trend or subvert as so displayed by the many illustrious positivism registry-worldview/dimension enablers subverting a non-positivism/medievalism mindset/reference-of-thought, fundamentally so with respect to such an intrinsic-reality/ontological-veridicality knowledge construct issue associated with transcendental-enabling/sublimating rather than a conventioning sovereign construct/choice issue associated with social-aggregation-enabling. In this regard, the issue arising is 'altogether not a knowledge elucidation problem' with respect to the implied representation of uninstitutionalised-threshold as decentered and in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics but rather a 'psychological complex issue' of the prior/transcended/superseded reference-of-thought. This explains why the issue is construed ontologically in 'psychologism terms as of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag', as requiring

a coming to terms with the understanding implied by prospective institutionalisation as of its more profound existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context; as more fundamentally, Galileo's use of a telescope to demonstrate a heliocentric system with respect to the non-positivism/medievalism reference-of-thought is not about the inherent knowledge implications to which the non-positivism/medievalism mindset/reference-of-thought has 'mentally shut-off' to, but fundamentally about the 'psychological complex' of the non-positivism/medieval world of countenancing such meaningfulness as jeopardising the prior (non-positivism/medievalism), with the implication rather for the need of the prospective psychologism as the positivism institutionalisation psychologism (<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought foundation as new placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology) requisite knowledge or meaningfulness-and-teleology reference-of-thought. Such equally applies with respect to deprocrypticism prospective institutionalisation relative to our procrypticism uninstitutionalised-threshold. In other words, prospective institutionalisation as transcendence is construed not in terms–as-of-axiomatic-construct of 'mechanical-knowledge' which refers to 'the simplistic ontological-primemovers-totalitative-framework outcomes construed as the overtly compelling aspect of the knowledge' validating a knowledge construct but is construed rather in terms–as-of-axiomatic-construct of 'organic-knowledge' which refers to 'the mental-disposition and mental-orientation as reference-of-thought/psychologism construed as including the discretional contemplative aspect of the knowledge, behind the thought process that eventually leads to and is subsuming of the mechanical-knowledge'. Thus prospective institutionalisation as transcendence is grounded on such an underlying reference-of-thought associated with organic-knowledge qualified as the institutionalisation

psychologism. In this regard, a chemist or botanist for instance in a non-positivistic as medieval or animistic/base-institutionalisation setup will certainly not confuse the fact that its demonstration of chemical reactions or a plant demonstration to approval in such a social-setup necessarily imply that 'the underlying positivism mental-disposition and mental-orientation as reference-of-thought/psychologism construed as including the discretional contemplative aspect as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality of positivistic knowledge' behind its thought process eventually producing the validating ontological-primemovers-totalitative-framework outcomes means the medieval or animistic/base-institutionalisation setup has grasped the positivistic organic-knowledge, as it is very much likely that it will surreptitiously and beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>   conjure   up explanations/meaningfulness-and-teleology in terms–as-of-axiomatic-construct of its non-positivistic medieval alchemic or non-positivistic animistic reference-of-thought psychologism; as it is naïve to think that implied organic-knowledge as of prospective institutionalisation transcendence requiring its own reference-of-thought psychologism can simply be construed as 'mechanical-knowledge' while still upholding/keeping the prior/transcended/superseded registry-worldview's/dimension's reference-of-thought psychologism, as the organic-knowledge rather points to 'validating ontological-primemovers-totalitative-framework outcomes as its mechanical-knowledge aspect but further requires a development of the discretional contemplative aspect as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality of the knowledge', grounded rather on such a prospective institutionalisation psychologism as its 'suprastructuration' or its 'suprastructural psychical-and-institutionalisation orientation of

meaningfulness-and-teleology synopsising-depth as of the overall registry-worldview's/dimension's reconstrual of superseding–oneness-of-ontology', and not the prior/superseded/transcended uninstitutionalised-threshold psychologism. Such organic-knowledge gets institutionalised to an extent by the habituation as of circularity/recurrence/repetition/repeatability of the mechanical-knowledge implied reference-of-thought of meaningfulness-and-teleology as of cross-generational psychoanalytic-unshackling involving <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag towards the ultimate cross-generational alignment to the prospective/transcending/superseding registry-worldview reference-of-thought, as a positivistic registry-worldview reference-of-thought. Interestingly, and so across all successive institutionalisations, what tends to be lost 'the failure to register fully that the 'intemporal projecting mental-disposition' behind ontological-primemovers-totalitative-framework validating the institutionalisation of 'mechanical-knowledge' is rather the 'vitality aspect' of organic-knowledge and it is 'not a passive dispensation', just as well that the 'temporal mental-dispositions' superseded towards attaining the 'mechanical-knowledge' is 'not simply a passive distraction' with the insight that there is a contiguity as of temporal-to-intemporal mental-disposition relative to ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality across all the successive registry-worldviews as at all their uninstitutionalised-threshold temporal-individuations-as-shortness-of-register-of-meaningfulness-and-teleology are a drawback to transcendence (by adherence to '<~~amplituding~~/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ of prior/transcended/superseded registry-worldviews/dimensions' inducing their successive

threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism, and critically so as across all registry-worldviews postlogism leads to a characteristic mental-disposition at their uninstitutionalised-threshold of deception-of-concurrently-false-presupposing/false-presuming/false-premising-of-narratives and the consequent derivation, due to induced 'lack of constraining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩, to other temporal-dispositions as conjugated-postlogism, and so beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> whether conscious or unconscious) while the intemporal-individuation-as-longness-of-register-of-meaningfulness-and-teleology ushers in transcendence (by it perpetual vouching for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality in pushing as this enables successive prospective relative-ontological-completeness-of-reference-of-thought to raise better and better reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation); thus validating the notion of a human intersolipsistic relation to meaningfulness-and-teleology in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing since a wrong 'wishful thinking'/intemporal-romanticism/good-naturedness of vouching for logical-congruence will overlook the inevitable reality of temporal-perversion with prospective implications as of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, as its resolution is rather an anticipation as of transversality-of-affirmative-and-unaffirmative,-disambiguated-

apriorising/axiomatising/referencing. Likewise, futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalisation meaningfulness-and-teleology implies that transcendence rather reasoned in our positivism–procrypticism terms of psychologism is inevitably denaturing as of ontological-normalcy/postconvergence epistemic/notional~projective-perspective; as it is in need of the organic-knowledge of the prospective institutionalisation psychologism or deprocrypticism psychologism as conflatedness (conflation psychologism) on the basis of the 'referentialism technique of point-referencing (explained elsewhere), which involves 'contrastive temporal-to-intemporal synopsising-depth from a deprocrypticism perspective' that re-establishes existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context and in so doing undermines the relatively defective terms of 'positivism–procrypticism uninstitutionalisation psychologism' (disjointedness-as-of-reference-of-thought) and setting up 'deprocrypticism organic-knowledge institutionalisation psychologism including the discretional contemplative as of the ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality aspect in preempting—disjointedness-as-of-reference-of-thought or upholding jointedness', as structurally/paradigmatically transcending the overall vices-and-impediments of positivism–procrypticism registry-worldview/dimension. The further implication is that deprocrypticism is rather construed as a perpetuating metaphysics-of-absence which driven by ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality can then enable that way the perpetual upholding of organic-knowledge. This 'mechanical-knowledge by organic-knowledge' implication for conceptualising institutional-

cumulation/institutional-recomposure is validated by 'contingent ontologising-capacity driven apriorising/axiomatising/referencing–psychologism as of the grander ontological-normalcy/postconvergence

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' across retrospective and by implication prospective registry-worldviews/dimensions. This can be further expounded as follows in similar terms. The ontological-contiguity—of-the-human-institutionalisation-process behind the institutional-cumulation/institutional-recomposure doesn't only imply that the ontological-contiguity—of-the-human-institutionalisation-process is simplistically the result of 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' successively as: non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition in recurrent-utter-uninstitutionalisation, 'rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' in base-institutionalisation–universalisation, 'universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' in universalisation–non-positivism/medievalism, 'positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' in positivism–procrypticism, and prospectively in deprocrypticism, 'preempting—disjointedness-as-of-reference-of-thought,-as-to-

<amplituding/formative>epistemic-growth/transvaluative-

rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism'. Rather the ontological-contiguity—of-the-human-institutionalisation-process is driven by human limited-mentation-capacity as of deepening limited-mentation-capacity in the human drive to grasp a same intrinsic-reality/ontological-veridicality that doesn't change with respect to existence-as-of-

its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—<amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness (with change rather reflected as a result of human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩), such that in addition to the human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ eliciting the successive 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' as highlighted above equally inherently imply (and so, as of complement to human limited mentation capacity), a grander non-constraining element qualified as 'ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' in-complement-to and reflecting the incompleteness of the 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct'; with both the 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' and the 'complementing grander social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' implying the 'organic-knowledge' while just the 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' is the 'mechanical-knowledge'. The underlying idea is that an individuation in recurrent-utter-uninstitutionalisation notwithstanding its non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition (social-universally-

transparent-and-implicitly-formulated direct-constraining-construct), wherein human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor still applies and if they project intemporally/longness-of-register-of-meaningfulness-and-teleology, is not necessarily utterly devoid of a basic sense of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework as virtue-as-of-ontological-emancipation on the basis that it doesn't recognise rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as of 'mechanical-knowledge', but while that can as well be the case when projecting temporally/shortness-of-register-of-meaningfulness-and-teleology as of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance in such a setup as not constrained by any rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism (based on mere 'mechanical non-knowledge' of non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition in recurrent-utter-uninstitutionalisation), however at the intemporal-threshold as of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance notwithstanding its limited-mentation-capacity, by intemporal-projection it will be able to summon heuristically a sense of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework from its 'complementing grander social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' (beyond the mere 'mechanical non-knowledge' of non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition) as 'organic-

knowledge', for maximalising-recomposuring-for-relative-ontological-completeness (as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm) which subsequently as of dynamic-cumulative-aftereffect brings about base-institutionalisation–ununiversalisation 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' of 'rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' as the new 'mechanical-knowledge' as well as implying the 'complementing grander social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', with both forming the new 'organic-knowledge'. Likewise, base-institutionalisation–ununiversalisation too by dynamic-cumulative-aftereffect at its intemporal-threshold of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance notwithstanding limited-mentation-capacity, the intemporally projecting individuation will be able to summon heuristically a sense of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework, from its 'complementing grander social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', (beyond the mere 'mechanical-knowledge' of 'rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism') as 'organic-knowledge', for maximalising-recomposuring-for-relative-ontological-completeness (as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm) leading by a dynamic-cumulative-aftereffect

to the subsequent prospective universalisation–non-positivism/medievalism as of the new 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' of 'universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' as the new 'mechanical-knowledge' as well as implying the 'complementing grander social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', with both forming the new 'organic-knowledge'. The ontological-contiguity—of-the-human-institutionalisation-process carries on this way right up to deprocrypticism, such that across the successive institutionalisations apart from the intemporal-threshold of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance as explained above; with respect to temporal-thresholds of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance, temporal mental-dispositions are rather in arrogation/usurpation relation with the determinant nature of 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' as 'mechanical-knowledge', and so as <~~amplituding~~/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩, while failing/not-upholding-<as-of-apriorising/axiomatising/referencing> the 'complementing grander social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of

intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' which together with the 'mechanical-knowledge' make up the 'organic-knowledge', and so rather as of temporal extricatory paradigm. This further involves shades-of-temporality as postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s inducing defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as well as postlogism inducing defect of reference-of-thought or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. Postlogism as such involves deliberate and wrong pretence of rational projection of thought (as of teleologically-degraded synopsising-depth) whereas existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context reveals that such thought derives from 'denaturing axiomatic relation' as the '<~~amplituding~~/formative>wooden-language-(imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology) of mechanical-knowledge' as deterministic for temporal/shortness-of-register-of-meaningfulness-and-teleology purpose in disdain of the intemporal/longness-of-register-of-meaningfulness-and-teleology essence of knowledge as of its organic essence. The conjugation of other shades-of-temporality to postlogism induces their respective conjugated-postlogism leading by dynamic-cumulative-aftereffect to a broader social derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> construed as social-

postlogism that fundamentally is denaturing of meaningfulness-and-teleology at the given uninstitutionalised-threshold as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, in want for prospective institutionalisation. The underlying insight being that human formulation of meaningfulness-and-teleology is necessarily incomplete because of its limited-mentation-capacity and thus comes with an inherent sense/projection of ontological-appropriateness, and as of human developing ontological-completeness-of-reference-of-thought, as the driving element in upholding ontological-contiguity/ontological-veridicality. This notion as reflected by ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality (as it enables the further expansion of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance intemporal-thresholds and so as of ontological-emancipation-beyond-just-virtue) should be the critical and decisive constructive/institutionalising/nascent–sublimating-decisionality element for attaining deprocrypticism wherein the 'social-universally-transparent-and-implicitly-formulated direct-constraining-construct' as mechanical-knowledge is construed as overlapping with the 'complementing grander social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality construed as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' as organic-knowledge. The reality of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality driven ontological-contiguity—of-the-human-institutionalisation-process points to the fact that the traditional construal of knowledge often tacitly as of intemporal/longness-of-register-of-meaningfulness-and-teleology is incomplete and rather speaks of 'vague intellectual intemporal-romanticism'

and doesn't fit with the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor as upheld by the mediocrity principle underlying a rational-realism perspective, and explains why articulating knowledge merely as 'mechanical-knowledge' is bound to lead to its distortion/perversion/misconstrual by the mere fact of human temporal/shortness-of-register-of-meaningfulness-and-teleology mental-disposition adhering rather to <~~amplituding~~/formative>wooden-language-(imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology) implied by the mechanical-knowledge explaining the successive need for ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality to overcome such distortion/perversion/misconstrual; as in fact despite such a vague idealism as intemporal-romanticism, implicitly where highly pressing we tend to be obliged to recognised this temporal-to-intemporal reality as implied in the way we go about developing many a social formal construct. Thus deprocrypticism knowledge as overlapping the mechanical with the organic, as of the intemporal/longness-of-register-of-meaningfulness-and-teleology mental-disposition driven by ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality behind the mechanical-knowledge, is a further validation of the idea of notionalisation/notional-conception/amplituding of knowledge which emphasises in principle and beforehand/as-of-a-priori a deliberative consideration of this temporal-to-intemporal human disposition in relating to mechanical-knowledge as of prospective possibilities for a better preempting of temporality/shortness and skewing towards the intemporal/longness-of-register-of-meaningfulness-and-teleology, and so as of organic-knowledge overlapping.

Further, the reality of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor means that human meaningfulness at all times is more of 'a solipsistic transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing of human meaningfulness as of temporal-to-intemporal mental-dispositions transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing' and 'not a 'solipsistic commonness of meaningfulness that wrongly implies no temporal-to-intemporal mental-dispositions', as any commonness is 'a commonness implied with respect to secondnaturing institutionalisation as of social-functioning-and-accordance—as-of-social-stake-contention-or-confliction thresholds', with the implication that there is no point acting and relating with knowledge as if it is about a solipsistic transformation into intemporality/longness but rather relating to it as a secondnaturing exercise of skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating or deferential-formalisation-transference) with respect to the institutionalisation/intemporalisation process as virtue (a notion equally implied by many a prophesying metaphysico-theological construct as the intemporality/longness and transcendental projections as of their limited-mentation-capacity in their own times in resolving the issues of human temporality/shortness in their times). In which case while such intemporality/longness cannot be construed as of a social commonness of reference-of-thought, it's occurrence if it does occur can only be construed in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing (more like the abstract notion of faith, by definition and as implied in many a creed, however metaphysical though, can only be solipsistic to an individual and not amenable to a commonness of social contemplation) as of abstract intersolipsism. The Nietzschean

metaphor 'God is dead', as of human emancipation, is one whose validity can only be countenance where it implies the capacity of human pretence of intellectual-and-moral sublimation, and not the notion of intellectual-and-moral decadence. *Thus to sum up, the overall notion of conflation in relation with other elucidative associated notions can further be clarified as follows in 'interdimensional/transdimensional/transcendental terms in reflecting the ontological-contiguity—of-the-human-institutionalisation-process' as well as 'individuation terms of human temporal-to-intemporal mental-dispositions'. With regards to the interdimensional/transdimensional/transcendental ontological-contiguity—of-the-human-institutionalisation-process level, we can construe of conflation as of the <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context potency implied as of ontological-normalcy/postconvergence and reconstrued in the successive prospective relative-ontological-completeness-of-reference-of-thought, wherein the referentialism technique for conflation known as point-referencing delineates/disambiguates the various institutional-cumulation/institutional-recomposure as of ontological-normalcy/postconvergence revealing their 'contrastive-synopsising-depths-of-meaningfulness-and-teleology' as the varying synopsising-depth of human meaningfulness-and-teleology (recurrent-utter-uninstitutionalisation, base-institutionalisation–ununiversalisation, universalisation–non-positivism/medievalism, positivism–procrypticism, and prospectively deprocrypticism which as 'notional~deprocrypticism' is the 'point of point-referencing for conflation', by the construal of its ontological-contiguity—of-the-human-institutionalisation-process reference-

of-thought as of ontological-normalcy/postconvergence), with respect to the same intrinsic-reality/ontological-veridicality such that such varying is attributed to human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence——as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as of conflatedness (or construed as from constitutedness/'presencing——absolutising-identitive-constitutedness' to conflation) inducing both the registry-worldviews/dimensions institutionalisation-facets ('centered/in-phase' and 'postconverging-or-dialectical-thinking–apriorising-psychologism') and uninstitutionalised-threshold-facets ('decentered/out-of-phase' and preconverging-or-dementing–apriorising-psychologism as caricaturing-hollow-staging-and-performance). Supposed a notional~conflatedness or conflation abstraction across all the registry-worldviews/dimensions on the basis of the referentialism technique of point-referencing ('notional~deprocrypticism-or-as-from-recurrent-utter-uninstitutionalisation–to–deprocrypticism') is undertaken with respect to establishing 'reference-of-thought/structural/paradigmatic——ontological-performance-<including-virtue-as-ontology> relative to social-stake-contention-or-confliction', it will fundamentally be perceived sceptically by the respective uninstitutionalised-thresholds as it 'decenters and dements beforehand/as-of-a-priori' as of their respective prior relative-ontological-incompleteness-of-reference-of-thought, so implied by their given social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context; that is, as 'decentering and preconverging-or-dementing–apriorising-psychologism beforehand/as-of-a-priori' recurrent-utter-uninstitutionalisation given its non-rules——apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-

mental-disposition or as of its failing/not-upholding-<as-of-apriorising/axiomatising/referencing> rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism, as 'decentering and preconverging-or-dementing–apriorising-psychologism beforehand/as-of-a-priori' base-institutionalisation–ununiversalisation as failing/not-upholding-<as-of-apriorising/axiomatising/referencing> universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism, as 'decentering and preconverging-or-dementing–apriorising-psychologism beforehand/as-of-a-priori' universalisation–non-positivism/medievalism as failing/not-upholding-<as-of-apriorising/axiomatising/referencing> positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism, and as 'decentering and preconverging-or-dementing–apriorising-psychologism beforehand/as-of-a-priori' positivism–procrypticism as failing/not-upholding-<as-of-apriorising/axiomatising/referencing> preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism. Critically and interestingly with the last stage since our positivism–procrypticism registry-worldview/dimension is necessarily in <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag as with all 'present-states' of registry-worldviews/dimensions as construed from their backend perspectives in reflecting the ontological-contiguity—of-the-human-institutionalisation-process, it would hardly be inclined to interpret such conflation referentialism technique of point-referencing (notional~deprocrypticism) that 'decenters and dements it beforehand/as-of-a-priori' on the

basis of such 'doppler-thinking' based on contingent-ontologising-capacity driven 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' as of the grander ontological-normalcy/postconvergence apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' and thus rendering its meaningfulness-and-teleology threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism at the positivism–procrypticism uninstitutionalisation, while it 'pointlessly strives to be centered and postconverging-or-dialectical-thinking–apriorising-psychologism by reflex' by not recognising its uninstitutionalised-threshold or the procrypticism uninstitutionalisation reference-of-thought in disjointedness-as-of-reference-of-thought (as all 'present-states' of registry-worldviews/dimensions do by reflex), and thus rather involved in <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of meaning as of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag. But then we know and can appreciate that all the prior registry-worldviews/dimensions were 'decentered and preconverging-or-dementing–apriorising-psychologism beforehand/as-of-a-priori' going by 'contingent ontologising-capacity driven apriorising/axiomatising/referencing–psychologism as of the grander ontological-normalcy/postconvergence apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument'. This 'anti-transcendence as anti-uninstitutionalised-threshold and anti-prospective institutionalisation mental-disposition' of all 'present-states' of all registry-worldviews/dimensions is due to the fact of such 'present-states' <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag desymmetrisation alignment overly-

overemphasising the registry-worldview/dimension institutionalisation-facet in a corresponding relation with a dissymmetrical alignment over underemphasising its uninstitutionalised-threshold-facet, but with such representation becoming critically ontologically untenable at the registry-worldview/dimension uninstitutionalised-threshold where meaningfulness-and-teleology breaks into threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. With regards to individuation terms of human temporal-to-intemporal mental-dispositions (and in further articulation of the grander ontological-normalcy/postconvergence apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument with respect to registry-worldviews/dimensions 'present-states' as of their <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag in <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag), conflation referentialism technique of point-referencing from the intemporal-projection/intemporality individuation point of point-referencing for conflation (given that the intemporal-disposition by longness-of-register-of-meaningfulness-and-teleology is ontological as of supratransversality—apriorising/axiomatising/referencing), in disambiguating/delineating the 'various temporal-to-intemporal synopsising-depth of meaningfulness-and-teleology' by social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context with respect to prospective relative-ontological-completeness-of-reference-of-thought, and in so doing establishing 'registry-worldview's/dimension's-uninstitutionalised-threshold–defect-

\<as-Being-or-ontological-or-existential–defect\> ontological-primemovers-totalitative-framework projection insight' with respect to the distractive alignment implications of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-\<including-virtue-as-ontology\>s (which are the very 'temporal-distractively-aligned synopsising-depth-of-meaningfulness-and-teleology'-as-shallowness-of-thought/subtransversality—apriorising/axiomatising/referencing) as of aetiologisation/ontological-escalation (which is the very 'intemporal synopsising-depth-of-meaningfulness-and-teleology/supratransversality—apriorising/axiomatising/referencing as-to-\<~~amplituding~~/formative\>epistemic-totalising~social-context-construed-conflatedness');
such that an insightful storied-construct/ontologically-valid-narration as elucidative of aetiologisation/ontological-escalation is necessarily one construed at the 'dynamic-cumulative-aftereffect transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing crossroads of temporal-to-intemporal individuations synopsising-depth-of-meaningfulness-and-teleology'.]

In other words, suprastructuralism (as of its referential and ontological-normalcy/postconvergence emanance perspective and as a doppler-thinking exercise) ushers in a whole new comprehensive registry-worldview across the entire social construction-of-meaning called deprocrypticism, much like positivism did over non-positivism/medievalism or universalisation over ununiversalisation or base-institutionalisation over tter-uninstitutionalisation. Central to such 'a universal notion of deprocrypticism' is the idea of an abject-recomposuring-ontologising by upholding ontological-normalcy/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, involving postdication with postdicatory techniques and

postdicatory mindset/reference-of-thought in reflection of the suprastructural and ontological-normalcy/postconvergence nature of intrinsic-reality (more like the positivistic registry-worldview is all about existential positivistic conceptualisations, positivistic techniques and basic positivistic mindset/reference-of-thought superseding existential alchemic conceptualisations, alchemic techniques and a basic alchemic mindset/reference-of-thought that defined the non-positivism/medievalism registry-worldview/dimension); involving ensuring intemporal-disposition organic-comprehension-thinking that upholds-and-is-the reference-of-thought for ontological-contiguity/ontological-veridicality, over threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism by temporal-dispositions meaningfulness hotchpotching disjointing/disparateness/disentailing' as perverted-and-derived-perverted-reference-of-thought and induces notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> as of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument. In the bigger picture of human institutional transcendence, this is very much in line with the transcending/superseding of human uninstitutionalised-threshold 'with increasing cumulation of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology capacity' that defined the successive institutional-cumulation/institutional-recomposure specificities as: existential base-institutionalising with base-institutionalising techniques and base-institutionalising mindset/reference-of-thought (Base-institutionalisation); existential universalising with universalising techniques and universalising mindset/reference-of-thought (Universalisation); existential positivising/rational-empiricism with positivising techniques and positivising mindset/reference-of-thought (Positivism); and prospectively 'existential ontologising', and so beyond its conventioning incrementalism-in-relative-ontological-incompleteness

disjointedness-as-of-reference-of-thought as of temporal-accommodation of positivistic meaningfulness, as 'existentially abject postdicatory ontological-normalcy/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', with postdicatory methods and techniques and an overall postdicatory mindset/reference-of-thought (Deprocrypticism). Existential ontologising is effectively the human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology aspiration towards a fulsome grasp of intrinsic-reality/full-ontological-veridicality as fulfilling ontological-normalcy; all along the institutional-cumulation/institutional-recomposure levels but for incomplete human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology capacity the preceding institutionalisation levels are more like successive compromises towards deprocrypticism as ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). A critical distinction between deprocrypticism institutionalisation and positivistic institutionalisation has to do with the former uncompromising relation with respect to upholding ontological-contiguity thus overcoming the temporal-emananances-registries hotchpotching (<~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩   or banality-of-thought dynamism, and specifically in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ even though it is very much present in the formal sphere as well) and the incrementalism-in-relative-ontological-incompleteness and notional~disjointedness-as-of-reference-of-thought inherent in the positivistic mindset, thus the latter tends relatively to be weakly ontologically-contiguous with all the existential implications thereof, whether with regards to virtue

construal or subject-matters issues. Further as with all transcendences, the transcendence going from procrypticism, or the preconverging-or-dementing–apriorising-psychologism (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism) of positivistic meaningfulness-and-teleology, to deprocrypticism will involve a psychoanalytically preconverging-or-dementing–apriorising-psychologism deconstruction/ontological-reconstituting–as-of-conflatedness of our present positivistic placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology wherein this is presently stranded-as-straight/candored-and-dialectically-or-contendingly-in-phase to a placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology wherein the deprocrypticism mindset/reference-of-thought reflects/perspectivates the positivistic placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology at its uninstitutionalised-threshold in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or stranded-as-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase. So the deprocrypticism institutionalisation (as a renewed existentialism/full-depth-of-existential-implications meaningfulness-and-teleology or memetic-refinement) ontologising involves an ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation, as-prospective reference-of-thought, of intradimensional-meaningfulness psychoanalytically into-dementation/as-preconverging-or-dementing–apriorising-psychologism of our present positivistic mindset/reference-of-thought at its uninstitutionalised-threshold. Even though as with all transcended registry-worldviews/dimensions such an implied veridical placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology will probably sound

unintelligible/existentially-suprastructural due to our positivistic illusion-of-the-present/epistemic-totalising~self-referencing-syncretising/present-consciousness/mirage; as the reference-of-thought, in articulating ontological-normalcy/postconvergence and the suprastructural nature of intrinsic-reality/ontological-veridicality, moves away from a positivistic registry-worldview registrying/dueness to a deprocrypticism registry-worldview registrying/dueness with the corresponding ontological-dementation/dialectical-dementation–stranding/attributive-dialectics stranding the prospective/superseding/transcending registry-worldview/dimension transdimensional-meaningfulness–apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument as organic-comprehension-thinking and the prior/superseded/transcended registry-worldview/dimension intradimensional-meaningfulness as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (just as successive registry-worldviews/dimensions reference-of-thought, in a conceptual grasp of ontological-normalcy/postconvergence and the suprastructural nature of intrinsic-reality/ontological-veridicality, had priorly moved from an utter-institutionalisation registrying/dueness/existentialism to a base-institutionalisation registrying/dueness/existentialism, to a universalisation registrying/dueness/existentialism and then presently a positivistic registrying/dueness/existentialism, with corresponding ontological-dementation/dialectical-dementation–stranding/attributive-dialectics stranding prospective/superseding/transcending registry-worldviews/dimensions meaningfulness as organic-comprehension-thinking and the prior/superseded/transcended registry-worldviews/dimensions meaningfulness as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism; as-and-when-it-is-established that a registry-worldview's/dimension's institutionalisation is no longer intemporal-preservational,

when it is 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at its uninstitutionalised-threshold). It should be noted that human uninstitutionalised-threshold refers to the point where a specific institutionalisation is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation by a formulaic adherence (lip-servicing) to reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation hence attaining its uninstitutionalised-threshold wherein the ontological-veridicality of the mental-devising-representation is 'in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and not organic-comprehension-thinking', and we can envision retrospectively the points of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of preceding registry-worldviews/dimensions from our vantage point of being at the backend of the institutional-cumulation/institutional-recomposure process like an insight in the recurrent-utter-institutionalised 'so-called savage' mindset/reference-of-thought or the medieval mindset, for instance. Likewise such a threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism registry-worldview projection though of a different nature of the positivistic registry-worldview/dimension can be made prospectively from a deprocrypticism insight that overrides our illusion-of-the-present/epistemic-totalising~self-referencing-syncretising/present-consciousness/mirage given its more suprastructural and ontological-normalcy/postconvergence vantage perspective in relation to intrinsic-reality/ontological-veridicality/ontological-referencing. The general underlying principle for deprocrypticism

methods and techniques is that of being abjectly ontologising, beyond positivistic meaningfulness conventioning and temporal-accommodation as 'ontologically-reconstituting/deconstruction' for undermining notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> arising from temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism, and as it upholds veridical ontological-veridicality/ontological-contiguity as the veridical reference-of-thought; which is what is actually up for contention and is effective contention (organic-comprehension-thinking) over what is being 'epistemically-decadent in notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>', and is actually preconverging-or-dementing–apriorising-psychologism (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) and not contending. When implied specifically with regards to psychopathy and social psychopathy (just like a superseding positivistic orientation implied with regards to notions-and-accusations-of-sorcery and medieval mindset/reference-of-thought to sorcery), deprocrypticism as an intemporal transcendental construct implies ontological-contiguity deconstruction/ontological-reconstituting–as-of-conflatedness construct of temporal-dispositions notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> as the backdrop/grounding of the veridical reference-of-thought; as what is actually up for contention and is effective contention (organic-comprehension-thinking) over what is 'epistemically-decadent in notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>', as the latter is actually in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism and is not contending as organic-comprehension-thinking. Noting as well that with regards to human mentation capacity, the successive institutional-recomposures/institutional-cumulations elicit successive circumspections (as recomposured-consciousness-awareness-teleology) in human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology capacity that are enablers of the associated institutional-cumulation/institutional-recomposure: for base-institutionalisation the circumspection is one of contrastive uninstitutionalised-threshold – institutionalisation analytical placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology capacity for upholding institutionalisation; with universalisation the circumspection involves contrastive ununiversalisation – universalisation analytical placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology capacity for upholding universalisation; with positivism the circumspection involves contrastive non-positivism/medieval/alchemic – positivism/rational-empiricism analytic placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology capacity for upholding positivism/rational-empiricism; and prospectively, for deprocrypticism the circumspection will involve contrastive temporal-to-intemporal-dispositions analytic placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology capacity for upholding the intemporal-disposition as ontology. Critically, human analytical mentation capacity mainly disambiguates what-is-in-effect organic-comprehension-thinking and threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, respectively as the mental-devising-representation of postconverging-or-dialectical-thinking–apriorising-psychologism representation and preconverging-or-dementing–apriorising-psychologism representation. Equally, with regards to human mentation capacity, the effect of limited

mentation capacity characterising a given registry-worldview/dimension or intradimensional level and its social-construct not only defines its inherent vices-and-impediments but such a social-construct further and critically structures and stifles the natural renewal of human emancipative dispositions. For instance, non-positivism/medievalism stifling inclinations to think outside of medieval mental-dispositiona and likewise with regards to our procrypticism. The bigger point of successive institutionalisations has to do overall with their specific emancipative registry-worldview/dimension framework as fertilising the cross-section of human practical and conceptual incidental issues and endeavours as well as the virtue constructs at the said registry-worldview/dimension. What is interesting with regards to an incidental study like psychopathy and social psychopathy with respect to the grander deprocrypticism institutionalisation level within the treatment of the institutional-cumulation/institutional-recomposure meta-conceptual frame is that it provides (besides being critically important to grasp by itself as a parasitising/co-opting phenomenon that can potentially arise in all human locales) the incidental and the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework backdrop and background that informs and deepens understanding of the overall meta-conceptual analysis of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> issues (issues arising from the tempering or false implying of the apriorising–registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology and thus inducing a fundamental flaw with the reference-of-thought in the first place, and further at a second-order level in wrongly implying the existential veridicality of logical-dueness (thus making irrelevant the construing of soundness or unsoundness) of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation), which in turn further enlighten the incidental analysis of psychopathy and social psychopath.

Such dynamic and mutually beneficial insight at the meta-conceptualisation and incidental further extends to other related incidental issues relevant to the meta-conceptualisation.

It should be noted that this overall explanatory exercise is 'not reasoning by analogy' but rather contiguous (ontological-contiguity) as the fundamental notion is institutionalisation/intemporalisation entropy (intemporal-preservation contiguity; by a skewing device ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference of the averageness of human temporal-dispositions, with corresponding formalisation and internalisation as psychoanalytic-unshackling/memetic-reordering/institutional-recomposure, towards the supersedingness of the intemporal-disposition which is inherently ontological and syncs with intrinsic reality in its ontological-primemovers-totalitative-framework, and hence its supersedingness as it induces overall social virtue-as-of-ontology). Institutionalisation/intemporalisation entropy (intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) involves:

- recurrent-utter-uninstitutionalisation (initial state of 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' that intemporally calls for the introduction of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as base-institutionalisation),

- base-institutionalisation institutionalisation/intemporalisation (whose reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' as ununiversalisation intemporally calls for universalisation),

- universalisation institutionalisation/intemporalisation (whose reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' as non-positivism/medievalism intemporally calls for positivism),

- positivism institutionalisation/intemporalisation (prospectively, whose reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' as procrypticism intemporally calls for deprocrypticism),

- and prospectively deprocrypticism institutionalisation/intemporalisation (whose reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation will carry the 'virtuous and intellectual responsibility' to recognise that 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is an endemic human mental defect/perversion disposition retrospectively to prospectively, and that this is 'a lost cause' due fundamentally to mediocrity principle of humans having in reality 'temporal-to-intemporal-dispositions' and not 'universal intemporal-disposition', and the construct of deprocryptic categorical-imperatives/axioms should be anticipatory and preemptive of 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' perpetually at the 'uninstitutionalised-threshold'. More like the modern notion of medicine doesn't work on the idea of exceptional people, as this will ultimately lead to a wrong and superstitious disease theory, but accepts that structurally bacteria, cancer, organ failure, etc. cause disease and that the virtue of medicine is about how to understand

and preempt the above causations; likewise deprocryptic virtue operates on a realistic grasp of human subknowledging/mimicking/temporal-to-intemporal-solipsistic-projections at uninstitutionalised-threshold and then strives to skew/deferential-formalisation-transference for the supersedingness of the intemporal-disposition, which is ontological, for intemporal-preservation entropy/contiguity).

We can garner such emanant (becoming) 'psychoanalytic unshackled insight' of how we transcended from non-positivism/medievalism to a positivistic registry-worldview. A literary insight can also be grasped reading Chinua Achebe's Things Fall Apart on how a community where a traditional registry-worldview with its sense of purpose had to deal with positivistic transcendence. Think of the state of the mind of Okonkwo of the Umuofia Clan. Though, in this case the transcendence is by cultural diffusion rather than by internal philosophical transcendence. Basically, all transcendences involve 'a psychoanalytic-unshackling of this sort'. Counterintuitively, it should be understood that no transcendence is rational because you rationalise by operating logic on a sound registry-worldview/axiomatic construct/categorical-imperatives but then the need for transcendence due to perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and the registry-worldview's/dimension's relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' is putting the soundness of registry-worldview/axiomatic construct/categorical-imperatives in question (as reference-of-thought supersedes/precedes logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation), so you rather have a reinvention as <amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought

of a new and better registry-worldview/axiomatic-construct/categorical-imperatives by the psychoanalytic-unshackling coming from its better grasp/ontological-primemovers-totalitative-framework of the world/intrinsic reality. Basically, we can say that human-emanant/becoming-transcendence is the first level of human invention (incremental inventions of relatively sounder minds; with the would-be 'intellectual-analysts' undergoing their own philosophical/first-level transcendence to liberate themselves before secondnaturing/institutionalising for the new possibilities for the species; noting that, this doesn't mean that the Descartes, Comtes, Galileos, Newtons, Darwins… of the world, miraculously came up with positivism to supersede/precede/override/abject medievalism, as they were of medieval stock but by philosophical transcendence could project beyond the limits of non-positivism/medievalism even were they were still imbued with remnants of the old like alchemic beliefs. Hence it is the transcendental process that is actually critical)!

Now what positive can come from psychopathy? From the intemporal perspective NONE. Besides specific social consequences of psychopathy as the context of 'socially-perceived-value as of social-stake-contention-or-confliction' moves from family, neighbourhood, school, company, administration, business, criminality, etc. depending on the development of the specific psychopath; by and large, ontologically and as reflected by the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology), the psychopath's and other postlogic articulations have a nefarious effect, on social meaningfulness-and-teleology particularly in 'spheres of extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩' of society in general and social institutions, as the postlogic perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> induces threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism with many an interlocutor, and which by slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect, and temporal-enculturation/temporal-endemisation effect, undermines the sophistication/intricacy of thought involved with organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology), and often leads to a social dynamism of plainness and mediocrity which is subpar and corrupting to social and institutions teleological potential. In-conviction-as-to-profound-supererogation (prelogicly), threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism is vis a vis organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology), a 'defect of contiguity (ontological-contiguity)' in terms–as-of-axiomatic-construct of an intemporal point-of-reference of meaningfulness; with threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism involving miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising of the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) point-of-referencing of intemporal/ontological-veridicality. Basically, organic-comprehension-

thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) carries the idea of 'a higher teleology complex of being more profound with respect to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' with respect to meaningfulness-and-teleology ontological-veracity in terms–as-of-axiomatic-construct of registry-teleology implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology. However, with psychopathy and postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as reflecting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>, as meaningfulness is now not about a 'defect of failing/not-upholding-<as-of-apriorising/axiomatising/referencing> contiguity' intemporality/ontological-veridicality as of specific existential-instantiation ontological-performance-<including-virtue-as-ontology> but rather perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of meaningfulness-and-teleology. And this, in its fulsome articulation taken beyond individual and social contexts to the comprehensive registry-worldview/dimension speaks of an underlying 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview/dimension defect of reference-of-thought–categorical-imperatives/axioms/registry-teleology: wherein recurrent-utter-uninstitutionalisation, as of its

inherently-non-rules—apriorising/axiomatising/referencing–psychologism,-state-in-relation-to-meaningfulness-and-teleology requires prospective base-institutionalisation–ununiversalisation which as of its inherently-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-state-in-relation-to-meaningfulness-and-teleology requires universalisation–non-positivism/medievalism which as of its inherently-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-state-in-relation-to-meaningfulness-and-teleology requires positivism–procrypticism as of its inherently-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-state-in-relation-to-meaningfulness-and-teleology, and prospectively positivism–procrypticism which as of its inherent disjointedness-as-of-reference-of-thought requires deprocrypticism. And this memetic-reordering/psychoanalytic-unshackling process, is fundamentally about 'the precedingness/supersedingness/ascendency/postconvergence of the entropy to preserve intemporality' known as intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, with the idea that reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are as pertinent only as these preserve intemporality, and are collapsed/overriden by new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, when shown not to be preserving intemporality, as when of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism with regards to the preceding reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

Further a registry-worldview/dimension that so misanalyses is not 'shaped' to review but rather syncretises/is-circular in its failing/not-upholding-<as-of-apriorising/axiomatising/referencing> reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation rather than implying prospective ones for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; such that ontologically-speaking the phenomenon is in a circularity/recurrence/repetition/repeatability as of reference-of-thought denaturing and relative-ontological-incompleteness, and endemised/enculturated (with a temporal rationalising reasoning that actually validates the veridicality of a human temporal-to-intemporal disposition that should not be confused with a secondnatured/institutionalised disposition in relation to virtue). This effectively forms the recomposured backdrop for prospective transcendental construct of deprocrypticism, as the 'ontologising organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) that reflects/perspectivates the protracted threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'. But then, a psychopath can be so irrational that in temporal terms it might do a lot of 'good' to a specific individual or group of individuals (for instance, steal and distribute or even some other things but coming initially from a vice; as may be enabled by the psychopath's faulty-mentation-procedure-deception-or-urge to attain an outcome). This dynamic element can make psychopathy and social psychopathy difficult to deal with as a social phenomenon, as the questions are not only how culpable is the psychopath but extend to who is temporally getting what from the psychopathic situation, what accounts and narratives should be believed, etc., thus requiring an abject and intemporally uncompromising ontological conceptualisation to construct an

ontological-primemovers-totalitative-framework science. That said, beyond just about such a present worldly take to societal issues, there is a bigger question of the universal implications on human civilisation of postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomena as reflected above regarding the contiguous process of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation behind human civilisation.

It is equally important to note that as much as the psychopath seem to have a weird mentality (slantedness), the incidence and initiation of psychopathy, equally has to do both with the nature of the psychopathic/postlogism mind contrasted to the nature of the 'normal supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogic mind', which are antipodal as the normal mind is by reflex prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as to existential-contextualising-contiguity and by reflex will tend to see prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism narratives while the psychopath is of postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated) and does has an covert vista (when the interlocutor is not forewarned/experienced about its nature) in wrongfully inducing a sense of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism in the normal mind by compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-

supererogation projective narrating (an insight that is easily picked up seeing the childhood psychopathy growing into an adolescent and an adult, as its more covert mental structure at adulthood can be retraced and associated to the awkwardness of expression at early life in understanding what the adult psychopath is up to), hence the reason a mind in search of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism (normal prelogism-as-of-conviction-as-to-profound-supererogation mind) will speak of a pathological liar, by liar wrongly granting the psychopath a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism, be it a 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism', in the very first place, hence aligning integratively to the psychopath instead of aligning in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing. It is rather a flaw in the prelogism-as-of-conviction-as-to-profound-supererogation mind's perception (prelogism or supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism while the psychopath's mental-disposition is formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism in preconverging-or-dementing–apriorising-psychologism)!

Straying into a basic elucidative anthropopsychology/the-anthropological-continuity (a novel hermeneutic approach to psychology); extrinsic-attribution is a fairly common social mental-disposition, at 'uninstitutionalised-threshold' as we are not inherently intemporal (the-Good as longness-of-register-of-meaningfulness-and-teleology) in our solipsistic projection but have the potential of temporal (shortness-of-register-of-meaningfulness-and-teleology) solipsistic/emanant projections of postlogism-

slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s. The mechanism of institutionalisation/intemporalisation and formalisation ensures that because of the positive-opportunism that the intemporal-disposition (as it syncs with intrinsic reality and is thus ontological) brings to the cross-section of human temporal interests at 'socially-perceived-value as of social-stake-contention-or-confliction', it tends to skew ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference and dominate temporal-dispositions in the medium to long perspective. For instance, everyone will like to see a good legal system to ensure that they do not fall afoul of a bad judgment even if, circumstantially, maybe they themselves may be inclined not to have others or some others to enjoy the same (of course, the internalisation of our 'present institutionalised/intemporalised positivistic meaningful worldview' will seem to imply that we do have a first nature disposition to be inherently civilised to want to universally wish that everyone have to deal with a fair legal system, that anyway is to the credit of the institutionalisation/intemporalisation process, but that is a secondnatured/internalised construct). This explains why there is no need to breach the scientific principle known as the 'mediocrity principle', (which says that there are no exceptions/specialness in science), to wrongly say that man is inherently intemporal (as in reality man is a temporal-to-intemporal creature in its moral/virtuous-agency); to explain why society tends to improve/progress. Rather, the intemporal disposition structurally brings more overall good and hence skews ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) man in the medium to

long perspective towards 'the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework (institutionalised, formalised and internalised)'. This elucidation is important because while internalisation might point to the social good it is important to understand that when dealing with our solipsism at 'uninstitutionalised-threshold' we aren't anymore intemporal (the-Good as longness-of-register-of-meaningfulness-and-teleology) than temporal (shortness-of-register-of-meaningfulness-and-teleology) going by the 'mediocrity principle', and the analysis should take account of this (by not just operating/processing logic but construing temporal-to-intemporal-dispositions disambiguation with a stranding-dialectics highlighting organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) and the distracting threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. Why talk of 'uninstitutionalised-threshold'? This is the underlying notion of 'a grand theory of psychology' that has been missing to turn psychology from a paradigm of the human present as modern into a paradigm of across-and-of-all-times! Why? The foundation of a human psychological science should be fundamentally about 'the contiguity/entropy conceptualisation of the human psyche' (and as this permits institutional-cumulation/institutional-recomposure or anthropopsychology or 'the-anthropological-continuity', i.e. cumulating/recomposuring from recurrent-utter-uninstitutionalisation, based-institutionalisation–ununuversalisation, universalisation–non-positivism/medievalism, positivism–procrypticism, and prospectively deprocrypticism). The present treatment of psychology will seem to imply that all psychology is about psychoanalytic techniques on the modern positive mind, which is rather naïve and uninsightful not just in terms of scope but critically depth of conceptualisation. The answer to this 'contiguity/entropy conceptualisation

of the psyche' is about how the underlying notion of 'intemporal-preservation-entropy-or-contiguity–or–ontological-preservation abstractly allows for human-subpotency survival/existence/emanance/fulfilment/flourishing in existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness and assumes a fundamental referencing base in the study of the psyche (noting that by saying 'notion' is meant, the notion of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation covers the concepts of temporal preservation (including subknowledging, mimicking)-to-intemporal preservation, just as the notion of good covers the concepts of good-to-bad). Correspondingly, this notion of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation involves 'mental candoring' where mental-devising-representation syncs with intrinsic-reality and mental decandoring where mental-devising-representation is a wrong/flawed perverted representation of intrinsic-reality. If we have an anthropological continuity/anthropopsychology, then the continuity as entropy is the exercise of candoring as 'straightness/soundness-or-authenticity-of-reference-of-thought referencing/registering/decisioning or registry-teleology' (being a functional representation of how an intemporalising registry-worldview/dimension perceives itself) and decandoring as 'perverted/brazen-but-unsoundness-or-inauthenticity-of-reference-of-thought referencing/registering/decisioning or registry-teleology' (being a functional representation of how a prospective intemporalising registry-worldview/dimension perceives the prior-and-'preconverging-or-dementing–apriorising-psychologism registry-worldview/dimension); with this latter representation undermining the 'temporal-dispositions solipsistic/emanant postlogic miscuing presumptuousness/arrogation effect' as the unconscionability-drag responsible for perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> across the institutional-cumulation/institutional-recomposure, whether in the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism or procrypticism/disjointedness-as-of-reference-of-thought.

Such a transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness conceptualisation, for a novel genuinely universal psychology as anthropopsychology, involved in all successive institutional-cumulation/institutional-recomposure for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is profoundly elucidated with associated notions as follows:

- The concept of 'stranding'/stranding-dialectics is the very drive (in providing insight on the transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness ontological-primemovers-totalitative-framework, i.e. temporal-to-intemporal-dispositions) for such a conceptualisation of anthropopsychology or 'genuinely universal psychology'. The philosophical conceptualisation of stranding is rather 'temporal-to-intemporal-dispositions disambiguation' which serves to avoid the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex or prelogic-reflex-admittance-reflex or in-phase-reflex (instead of rightly aligning by the dialectically-or-contendingly-out-of-phase reflex or transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing reflex) of 'intemporal-disposition' being wrongly attributed to all interlocutors by reflex without ensuring that their disposition is effectively intemporal and not temporal. Stranding-dialectics, and the corresponding notion of <~~amplituding~~/formative>epistemic-

totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase, are central to transcendental psychoanalytic-unshackling and memetic-reordering. Stranding ensures the 'upholding of the ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) of the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' by articulating the veridically contiguous ontological mental-devising-representation of the transcending (and so, in a veridical dialectic and existential psychoanalytic reorientation as oblongated/decandored in representing/implying defective/perverted temporality). It implies reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) hollow and in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic as of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>' as these pervert/dement/subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩/mimick-and-syncretise the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation providing the backdrop for prospective transcendental dimension with new superseding reference-of-thought–categorical-imperatives/axioms/registry-teleology. Stranding-dialectics can be implied as mental-devising-representation across all registry-worldviews/dimensions not withstanding any registry-worldview's/dimension's illusion-of-the-present/present-consciousness mental-devising-representation, and so, by

accounting anticipatorily and preemptively for the registry-worldview's/dimension's perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-its-categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation whether a retrospective, present or prospective registry-worldview/dimension. Hence the need for 'collapsing'/overriding of the transcended registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology with prospective transcending/superseding reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in anticipation and preemption as untenability/internal-contradiction/internal-incoherence/institutional-constraining, as secondnaturing and 'not as temporal-dispositions transformation' to wrongly imply a universal dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation human predisposition. For instance, the veridical stranded mental-devising-representation we may have from a positivistic standpoint of the non-positivism/medievalism mind as oblongated/decandored is not recognised by the non-positivism/medievalism mindset/reference-of-thought by its syncretic reflex to be functionally in its mental straightness and candored (even though such a representation is ontologically wrong regarding its mental-devising-representation with respect to the its uninstitutionalised-threshold requiring positivism insititutionalisation/intemporalisation). Prospectively, the stranding-dialectics of our own mental-devising-representation by futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism as oblongated and decandored at our uninstitutionalised-threshold requiring

deprocrypticism institutionalisation/unintemporalisation will equally meet with an epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase reflex that will not recognise its slantedness and decandored veridicality. The intemporal-disposition is rather about emphasising institutionalisation/intemporalisation percolation-channelling as the means and basis for prospective institutionalisation/intemporalisation. This highlights the vacuousness in all transcendental relations wherein the transcended is vacuous with respect to the transcending. Such vacuous transcendental manifestations involves dialectically (the transcended and transcending relation with regards to:) deductive narratives instances, life episodes, life schemes, general being/existential dispositions and the specific existentialism/full-existential-depth-implications involved with a registry-worldview/dimension; wherein temporal-dispositions present-consciousness (in their illusions-of-the-present) perpetually portray candor and straightness but on retrospection are shown to be decandored and oblongated which ontologically implies these are veridically in stranding-dialectics notwithstanding their <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored. This is ontologically foundational (more like the apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument grounding spirit of arithmetic cannot be undermined in any way possible and you then have the possibility of sound arithmetic thereafter). Stranding-dialectics prevents temporal-dispositions (in the articulation and re-articulation of narratives) by the 'temporal-dispositions disjunction/skipping' to 'wrongly imply the narratives subsequently articulated and re-articulated are of intemporal-disposition teleology hence wrongly implying candored and straightness, whereas these are in effect <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag iterating narratives of temporal-dispositions teleologies'; and so, by way of coring which involves accounting-for-

temporal-dispositions-defect/preconverging-or-dementing–apriorising-psychologism (the-perversion-of-the-categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) and avoiding setting-aside which rather involves glossing-over-temporal-dispositions-defect/preconverging-or-dementing–apriorising-psychologism (the-perversion-of-the-categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). This ensures in effect 'the stranding-dialectics-in-a-contiguity-of-increasing-ontology/ontological-normalcy/postconvergence'. Ontology is an altogether coherent construct with no room for excepting from coherence, which then simply implies the superseding of any such pretence of an excepting. (For instance, we can be calculating the sum $(5 * 5) + 5 - 5$, and make the mistake to say $5 * 5 = 24$ but then overlook it and agree together that the answer should be 24 and go on to resolve the entire equation as 24. This type of non-ontological thinking (a non-ontological thinking is also known as a misanalysis or misthinking or misreasoning or mislogic or <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase or circularity or notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>, as there is no veridical meaningfulness that exists out of ontology or isn't in ontological-contiguity) is highly prevalent in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ of society as social-aggregation-enabling, the reason we strive to formalise whether in terms–as-of-axiomatic-construct of laws, institutions, organisations, etc. The basic fact is that the virtue of the intemporal-disposition constructs cannot accommodate non-ontology since reality doesn't adjust to man and it is man that adjusts to reality. The stranding-dialectics-in-a-contiguity-of-increasing-ontology/ontological-normalcy/postconvergence implies that an interlocutor's retrospectively

demonstrable narratives miscuing and subsequent perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> speaks of the real nature of its present and prospective narratives as decandored and oblongated in effect ontologically but that by an illusion-of-the-present reflex as well as for the sake of functioning we tend to represent by default such miscuing and perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> meaning as straightness/candored (intemporal) which is not ontologically veridical; in which case the prospective transcended registry-worldview strands such meaningfulness as decandored/oblongated (subknowledging/mimicking) even if the mental-disposition of the transcended registry-worldview is in an illusion-of-the-present straightness/candoring mental-devising-representation of meaning. In other words, stranding-dialectics ensure an affixing of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> teleologic orientations denaturing to the corresponding temporal perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> mindsets in their ontological-escalation/aetiologisation without letting for a disjunction/skipping into intemporal/straightness-of-mental-devising-representation disposition teleologic orientation, and so, to the point of the temporal-dispositions collapsing/overriding ('postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) with the new prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the transcending registry-worldview/dimension. For instance, the mental-devising-representation of a non-

positivism/medievalism mindset/reference-of-thought relating to say an accusation of sorcery by an intemporal positivistic mindset/reference-of-thought will not be limited to that particular instance but carries the 'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' that speaks to metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation dispositions of that non-positivism/medievalism mindset/reference-of-thought by way of stranding-dialectics from the intemporal positivistic mindset, and upholding such the 'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' for the psychoanalytic-unshackling/memetic-reordering/institutional-recomposure that collapses/overrides the non-positivism/medievalism mindset/reference-of-thought cross-generationally (consider the diffusion of positivistic registry-worldview and its psychoanalytic-unshackling/memetic-reordering/institutional-recomposure of non-positivistic registry-worldviews in the 19th and early 20th century). Stranding defines the 'decandored registry-worldview/dimension dialectically-or-contendingly-out-of-phase/dialectically-primitive) mental-devising-representation' such as the mental-devising-representation of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism, and so, beyond the illusion-of-the-present/present-consciousness of all these successive registry-worldviews/dimensions which in their ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/present-consciousness/illusion-of-the-present will tend to wrongly recover/syncretise to project straightness/candoring of mental-devising-representation as intemporality/longness rather than decandored/oblongated mental-devising-representation as temporality. Stranding is validated by the fact that transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness conceptualisation speaks of an 'institutionalisation/intemporalisation constraint/secondnaturing' and 'not temporal-

dispositions transformation into intemporal-disposition as dimensionality-of-sublimating—

<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation';   and this idea is so foundational that it is beyond-and-supersedes/precedes/overrides/abjects the consciousness-awareness-teleology of temporal-dispositions such that 'they are not called upon in argumentation', just as we are not consciously called upon to establish whether blood flows   in   our   body,   as   it   is   a   preceding/superseding   truth   that supersedes/precedes/overrides/abjects our thinking or not of it! Thus stranding-dialectics is rather intemporally/ontologically conceptualised for its validation and integration in the survival-and-flourishing   imbued   institutionalisation/intemporalisation   percolation-channelling (formalisms and internalisations) mechanism with the implied ontological-primemovers-totalitative-framework and positive-opportunism as ontological entrapment, with   no   temporal-dispositions   firstnature-or-intemporal-level-validation   but   rather secondnatured-or-institutionalisation/intemporalisation-level-validation.   At   which   point stranding-dialectics   articulates   temporal-dispositions   teleologies   orientations   as 'subknowledging/mimicking/mental-perversions/slantedness   manifestations   at   that 'uninstitutionalised-threshold',   i.e.   the   reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of temporal-dispositions undermining the very 'intemporal-preservation-entropy' supposedly they are supposed to uphold). Ultimately and in the bigger picture,   (with   teleology   fundamentally   construed   as   'phenomenal/manifest conceptivity/epistemic-reflexivity   in   existence   as   ontological   (so-reflecting <amplituding/formative>disposedness-⟨as-to-orientation/value-construct/valuation–and–derived-parameterising⟩   and   <amplituding/formative>entailment-⟨as-to-totalising-contiguous/coherent–factuality-of-variability⟩⟩)'   and   with   regards   to   the   specific   human-

subpotency as to overall reifying-and-empowering-reflexivity-of-ecstatic-existence-as-panintelligibility-<imbued-and-educed–human-subpotency–epistemic-perspective-of-aestheticising-motif-and-apriorising/axiomatising/referencing-conceptualisation>) the teleology of human ontological-dementation/dialectical-dementation–stranding/attributive-dialectics reflects the human-subpotency for attaining cross-generational transcendence with corresponding dialectical and psychoanalytic existential reorientations ('postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure), and it is well beyond the idea of just a 'structural/paradigmatic argumentation convincing' intradimensionally as to presencing—absolutising-identitive-constitutedness (based-on-the-categorical-imperatives/axioms/registry-teleology-of-the-registry-worldview/dimension as absolutised) as to a registry-worldview/dimension in relative-ontological-incompleteness that is ontologically-deficient/preconverging-or-dementing–apriorising-psychologism as of its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, in the first place; as teleology as such reflects human-subpotency sublimation-over-desublimation possibilities in existence as to underlying supposedly coherent ontological-commitment. Ontology being the intemporal-disposition, the exercise of 'directing' convincing as logical-processing/logical-operation to temporal-dispositions is inherently unwarranted and is rather of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase as it wrongly implies that temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of their dimension's/registry worldview's reference-of-thought–categorical-

imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is of sound mental representation; rather what should be implied is the prospective intemporality/longness instead preserving prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with pertinence being about 'articulating and directing' intemporal/ontologically-contiguous meaningfulness-and-teleology towards the 'institutionalisation/intemporalisation percolation-channelling' as secondnaturing of the new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. For instance, the positive (intemporal mind) will not engage in a direct logical convincing with the non-positivisitic/medieval mind as this just validates to the non-positivism/medievalism disposition that its non-positivism/medievalism reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation relation with meaningfulness-and-teleology is sound such that it goes on to operate/process logic by <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag non-positivism/medievalism meaningfulness-and-teleology reference-of-thought–categorical-imperatives/axioms/registry-teleology. Rather the positivistic mindset/reference-of-thought will project the new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of positivism (as rational-empiricism/positivising basis of reasoning) through positivism institutionalisation/intemporalisation percolation-channelling and highlighting, in the bigger scheme of things, the relative efficiency and positive-opportunism of a positivism-based rule of law, social organisation, polity, nation-building, etc. based on positivism axioms and which inherent effectiveness and supersedingness/transcendence breaks the non-

positivism/medievalism mindset/reference-of-thought (which are not rational-empirical/positivising and tend to essences, alchemic-logic, sorcery constructs, etc.) with its defective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. This takes an utterly impersonal form (law, officialdoms and subject matter formalisms) which allows for an abstraction of the virtue of ontological contiguity that personalised social-and-temporal-trading doesn't allow reflexively. The 'transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness complex-of-stranding' refers to the counter-intuition from a registry-worldview/dimension perspective in not representing itself as stranded (decandored or oblongated or in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism when it is demonstrated that it is perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as perversion-of-the-categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and rather syncretises in operating those same reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation prospectively; while that same registry-worldview/dimension intuitively recognises that a prior/superseded registry-worldview/dimension mental-devising-representation as stranded is ontologically veridical as the prior/superseded registry-worldview/dimension subknowledges/mimics and self-reference-syncretises it's reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at its uninstitutionalised-threshold. The reason for the human 'transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-

ontological-completeness complex-of-stranding' is that a registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are fundamental and constitutive functional elements of its existentialism (full-existential-depth-implications) personhoods-and-socialhood-formation and hence the complex when <amplituding/formative>epistemic-totalising~self-referencing-syncretising/present-consciousness/illusion-of-the-present. But then, if such a complex is to stand, the transcendental exercise by which man left the cave-to-so-called-modern-man wouldn't have happened, and any registry-worldview/dimension (retrospective, present, prospective) that fails its own stranding-dialectics/elucidation-and-superseding-of-its-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–as-to-preconverging-or-dementing–apriorising-psychologism to allow for prospective psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for transcendence-as-the-grander-possibility-for-human-survival-and-flourishing is obviously failing/not-upholding-<as-of-apriorising/axiomatising/referencing> its 'own homework' for the bigger picture in the human species survival-and-flourishing scheme, notwithstanding it is at the backend of the institutional-cumulation/institutional-recomposure ontological-contiguity—of-the-human-institutionalisation-process!

As an anthropopsychological disposition, rational-realism as deprocrypticism just like all successive transcendences in emphasising increasing realism counter-intuitively to a naïve temporal take is actually a 'positive-minded/well-meaning disposition with respect to man/the-human-species' with the idea that 'it is better working with what intemporally/ontologically is (that is, the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework) to achieve the best intellectual-and-moral outcome for man' than 'working with what-one-wishes' from a wrong

temporal/impression-driven construal'. The idea of understanding the ontology of human temporal mental defect is not to 'idle' in a temporal circularity that defeats-and-debase the grandor of a universal/intemporal projection but rather strives to better stir man towards the intemporal-and-ontological as virtue, an exercise which while of 'presencing—absolutising-identitive-constitutedness consummated/forfeiting posture' with regards to human temporality/shortness wouldn't however acquiesce to the naïve disconcertment that takes the 'presencing—absolutising-identitive-constitutedness consummated/forfeiting posture' of intemporality/longness for temporal correctness towards which the intemporal-disposition is definitely intransigent and uncompromising for effective intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Such a rational-realism as deprocrypticism disposition views the fundamental anthropopsychology drive for transcendence which involves stranding-dialectics for transcendence by decandoring/oblongating (representation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase) on the basis of the veridicality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor rationally, and ontologically represents the social-construct (as validated by the shifting relation of social conventioning and purist ontology) as being in effect 'a highly cohesive paradigm' at institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation but 'a poorly cohesive extricatory paradigm' at uninstitutionalised-threshold. The notion of the social-construct as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm is actually an aspirational ideal and reference

for 'human intemporal projection towards it' but it isn't ontologically veridical by the inherent solipsistic human nature due to a temporal-to-intemporal-dispositions human reality, and thus the need for institutionalisation to skew ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) towards intemporality/intemporal-preservation as human secondnaturing. This elucidation is vital in pointing out that the teleology of rational-realism as deprocrypticism (with teleology fundamentally construed as 'phenomenal/manifest conceptivity/epistemic-reflexivity in existence as ontological (so-reflecting <~~amplituding~~/formative>disposedness-⟨as-to-orientation/value-construct/valuation–and–derived-parameterising⟩ and <~~amplituding~~/formative>entailment-⟨as-to-totalising-contiguous/coherent–factuality-of-variability⟩))' and so as to the specific human-subpotency as to overall reifying-and-empowering-reflexivity-of-ecstatic-existence-as-panintelligibility-<imbued-and-educed–human-subpotency–epistemic-perspective-of-aestheticising-motif-and-apriorising/axiomatising/referencing-conceptualisation>), is not to strive for the wrong notion of human intemporal/ontological 'congruence' with respect to knowledge and virtue (as human dispositions are not congruent, as thus the idea of ontological-congruence of the intemporal-disposition with temporal-dispositions will compromise intemporality, and hence compromise ontology), but rather to aspire for a transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing of human intemporal-disposition with respect to temporal-dispositions (as this upholds and doesn't compromise the ontological veridicality in intemporal-disposition projection as to the ontological reality of human temporal-to-intemporal-dispositions at uninstitutionalised-thresholds). That is, knowledge-notionalisation involving grasping and understanding both the ignorances/temporal-dispositions and ideals to better skew/deferential-formalisation-transference towards idealism as the fulsome ontology, and not failing/not-upholding-<as-of-

aprioristing/axiomatising/referencing> to understand or overlooking the ignorances/temporal-dispositions as the temporal on the wrong basis that all that matters is the ideal as intemporal. Furthermore, temporal-dispositions tendency to pervert/dement/subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩/mimick-and-syncretise at uninstitutionalised-threshold with the dialectical consequence of the development of the successive registry-worldviews/dimensions (institutionalisations) validates the appropriateness of striving rather for transversality-of-affirmative-and-unaffirmative,-disambiguated-aprioristing/axiomatising/referencing and not nested-congruence to uphold intemporality, and hence a complete ontology. To put it in other terms, for instance, transversality-of-affirmative-and-unaffirmative,-disambiguated-aprioristing/axiomatising/referencing of 'keeping the faith' only in the intrinsic operation of rules of arithmetic (transversality-of-affirmative-and-unaffirmative,-disambiguated-aprioristing/axiomatising/referencing among interlocutors, in principle or notionally, so that at all times it is always about the intrinsic reality of the arithmetic and not the agreement-disagreement of any human interlocutors as we are all mortals and likely to corrupt such intemporal rules with our mortality out of an intemporal frame of reference that is transcendental-enabling/sublimating) is vital to preserving 'ontological arithmetic' as transcendental-enabling/sublimating, whereas if the notion of arithmetic calculations was to involve social-and-temporal-trading with other humans (interlocutors logical nested-congruence) instead of intemporal exercise, it is obvious that down the line the notion of 'ontological arithmetic' will sooner or later be corrupted and/or teleologically-degraded as more likely than not the intemporality/purity of mathematics will be compromised to human mortals stakes of social-and-temporal-trading as social-aggregation-enabling, and so as of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-

endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s.

     * It should be noted that in the stranding-dialectics-in-a-contiguity-of-increasing-ontology/ontological-normalcy/postconvergence dialecticism of transcendence involving the transcended and the transcending dimensions, the terms highlighting the transcended dimension like decandored, oblongated, dialectically-out-of-phasing/dialectically-primitive, etc. do not carry the same connotation as a shallower temporal analysis intradimensional to the transcended dimension. The idea is not to idle in articulating meaningfulness within the dimension in need of transcendence. For instance, a positive mind's articulation of defective meaningfulness in non-positivism/medievalism registry-worldview/dimension is not to 'idle' by relating and staking such meaningful articulation in terms–as-of-axiomatic-construct of the non-positivism/medievalism world sense of meaningful purposefulness but rather to project a positivistic worldview's transcendental meaningful purposefulness. In that sense, actually for the social scientist and philosopher words like dialectically-or-contendingly-out-of-phase, primitive, decandored, perverted don't carry the ordinary and temporal connotations of stigmatising under a temporal extricatory paradigm. Rather, these are critical and actively sought after notions that provide the 'dialectical backdrop' for enabling prospective transcendence by psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. The idea is that these notions are veridically dialectical notions that apply in all transcendences unlike a simplistic 'history fixating conceptualisation' will have. In other words, our non-positivism/medievalism ancestors' possibility of being-represented/mental-devising-representation as dialectically-or-contendingly-out-of-phase/dialectically-primitive) is the opportunity for the contrastive construction of a superseding/transcendental registry-worldview/dimension that brought about the relative virtue in the positivistic registry-worldview/dimension of their great-grandchildren today. That is rather the

uninhibited/decomplexified and forward-looking perspective imbued in a deprocrypticism institutionalisation/intemporalisation with respect to procrypticism. In the bigger picture, identifying inherent virtue in the institutionalisation/intemporalisation process on the basis that humans of all generations (times and epochs) are 'capacity-wise same' as per temporal-to-intemporal going by a paradigm of mentation-capacity (shortness-of-register-of-meaningfulness-and-teleology to longness-of-register-of-meaningfulness-and-teleology) with respect to the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, but for the semblance of the superiority of latter registry-worldviews/dimensions which is nothing but the result of being at the backend of the institutional-cumulation/institutional-recomposure process. ontological-normalcy/postconvergence equally involves articulating the possibility for the supersedingness of the intemporal-disposition over temporal-dispositions as intemporalisation/institutionalisation, and so, involving 'temporal-to-intemporal-dispositions accountability' beyond an 'idle temporal-dispositions stigmatisation'. In that spirit, it can be reasoned that the intradimensional 'ontological blindspot' in human mental-devising-representation (wherein temporal perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> by miscuing, and in subsequent derivation of disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising of temporal-dispositions perversions/defects of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism), actually points to a decandored/slantedness of the temporal-dispositions (and not

2004

candored/straightness), and is definitional of all registry-worldviews/dimensions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> whether recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism, as these are in epistemic-decadence-and-derived-epistemic-decadence, i.e. not veridical but perverted and requiring transcendence. This basically undermines the idea that any such registry-worldview/dimension temporal-dispositions should be encouraged to be '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag in meaning' in a logical engagement with it from an intemporal/ontological perspective (of ontological-normalcy/postconvergence), as it is rather in perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Instead this requires a transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing (due to the dialectially-out-of-phasing/unsoundness-or-inauthenticity-of-reference-of-thought/preconverging-or-dementing–apriorising-psychologismness with regards to the veridical ontology of temporal-dispositions registries); wherein the intemporal-disposition (which is ontological) doesn't recognise nor acquiesce to the implied-logical-dueness-or-implied-scape and subsequent apriorising–registry-elements of implied-profile-or-implied-stature, implied-presumptuousness-or-implied-arrogation, implied-assumptions, implied-value-reference and implied-teleology projected by the temporal-dispositions, but rather advances that there is perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> requiring a transversality-of-affirmative-and-unaffirmative,-disambiguated-

apriorising/axiomatising/referencing 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. For instance, there is no possible logical engagement but rather a transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing between the recurrent-utter-institutionalised and base-institutionalised mindsets/references-of-thought, likewise between the ununiversalised and universalised mindsets/references-of-thought, non-positivism/medievalism and positivistic mindsets/references-of-thought, and prospectively procrypticism and deprocrypticism mindsets/references-of-thought. Just as there would have been no ontological possibility for a positivistic worldview without the backdrop of the stranding-as-rightfully-oblongated/decandored/in-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' of the perversion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of non-positivism/medievalism uninstitutionalisation, there can't equally be an ontological eventuality of futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism without the 'requisite uninhibited/decomplexified mental-devising-representation' by the stranding-as-rightfully-oblongated/decandored/in-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' of preconverging-or-dementing–apriorising-psychologism perversion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–

or–ontological-preservation as the backdrop for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism as a structural/paradigmatic human-social-cross-sectional resolution for the virtues of deprocrypticism and superseding of the vices-and-impediments of procrypticism at its uninstitutionalised-threshold. This construal is placed on a solid firmament (that is able to supplant any intradimensional illusion-of-the-present mental-devising-representation) by the 'ontological-primemovers-totalitative-framework retracing (for temporal-to-intemporal-dispositions disambiguation articulation)' that demonstrably oblongates/decandors temporal-dispositions as it articulates the dialecticism of a registry-worldview's/dimension's transcendence (transcending-dimension/organicalism and transcended-dimension/mechanicalism), on the validity of the stranding-contiguity-of-ontology. Logic and logical-congruence is ontologically valid only as an after-transcendence exercise when through the institutionalisation/intemporalisation percolation-channelling, the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the transcending-registry-worldview/dimension in organicalism is institutionalised/intemporalised by positive-opportunism with the induced social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-

<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩ (of both the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> transcended registry-worldview/dimension and the discovered ontological-veridicality of the transcending registry-worldview/dimension), untenability/internal-contradiction/internal-incoherence/institutional-constraining (of transcended registry-worldview/dimension, from ontological-primemovers-totalitative-framework of the transcending registry-

worldview/dimension), referencing/registering/decisioning or stranding (of transcended registry-worldview/dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as backdrop for prospective transcendence), and intemporal superseding of the transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith/nihilistic (as of temporal-dispositions disambiguation by transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing for cross-generational 'habituation' of the transcending registry-worldview/dimension in organicalism); defining the 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure process.

- The concepts of candoring and decandoring as elucidated above (but with variously deconstructed shades as: integrative alignment / aligning in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing, supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism / compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation, elevating / downgrading, straightness / oblongated, sane integration / insane-or-slantedness integration, soundness-or-authenticity-of-reference-of-thought / unsoundness-or-inauthenticity-of-reference-of-thought, thinking / mimicking or compulsive-slanting—preconverging-or-dementing-apriorising, existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context/meaningful-projection-of-intrinsicness / vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging, in-phasing / dialectically-out-of-phasing

* It should be noted that this element of deconstructed meaningfulness is obviously reflected in the articulation of this paper itself in a creative, referential and dynamic grasp of reference-of-thought and meaningfulness-and-teleology in a rather ephemeral subject, the social. In this regard, the hermeneutic exercise originates from an even more wildly idiosyncratic (but personal incommunicable) reflexive process initiated rather spontaneously by the author a few years back which has formed the backdrop for this 'rather relatively benign idiosyncrasy' in this paper as the reader may come across and is the explanation for many of the author's insights. It is this mechanism of deconstructing meaningfulness exhaustively in search of an idiosyncratic but profound philosophical and creative insight that allows the hermeneutic design in a 'continuous meaningfulness reshuffling in the quest for veracity/ontological-pertinence' analogical to a twisty puzzle cube exercise in order to infer and arrive at a profoundly explanatory hermeneutic insight extending to the possibility of a 'creative existentialism (full-existential-depth-implications) storying construal' which is 'profoundly ontological', with psychoanalytic-unshackling/memetic-reordering/institutional-recomposure possibilities for transcendental institutionalisation/intemporalisation of deprocrypticism (superseding the vices-and-impediments of, as well as human emancipation over, procrypticism). Such ontological-normalcy/postconvergence-or-postdicatory

deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation as prospective reference-of-thought of renewing existentialism/full-depth-of-existential-implications of transdimensional-meaningfulness–apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument in various shades is just as critical for the necessary reconstitutive insight (deconstruction) that can be highly evasive and difficult to fully grasp at different registry-worldviews/dimensions meaningful-references or rather dialectically successive existentialisms.

- A 'circular dialectical dynamism of organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) by virtue of intemporal higher teleologies, distracted by threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, due to temporal and/or perverted/subknowledging/mimicking degraded-teleologies; in the psychoanalytic-unshackling process that explains transcendental-dialecticism transdimensionally/across-registry-worldviews as reflected/perspectivated as soundness-or-authenticity-of-reference-of-thought/candoring-and-dialectically-in-phase with regards to organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) and as oblongated/decandored-and-dialectically-out-of-phase with regards to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism.

* The underlying idea behind the circular dialectical dynamism of organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–

as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) in relation to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism is that the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism is rather an existentially naïve miscuing (with subsequent disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism at the temporal-dispositions perversions/defects of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s. This undermines the ontologically-veridical organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology). The 'ontological-primemovers-totalitative-framework retracing (for temporal-to-intemporal-dispositions-pedestals-disambiguation) as reference-of-thought-scheme' is critical as it is the only means for articulating temporal-to-intemporal-dispositions disambiguation in perspective as otherwise by the 'conviction-as-to-profound-supererogation-reflex/prelogic-reflex-admittance-reflex/in-phase-reflex' instead of rightly aligning as dialectically-or-contendingly-out-of-phase (non-ontological-reference or non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing–apriorising-psychologism or not-veridical-thinking-reference-rather-preconverging-or-dementing-reference or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation>,–and-not-of-logical-contention reflex or transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing reflex) temporal-dispositions are directly engaged wrongly as straight/candored/conviction-as-to-profound-supererogation and elevated as ontologically veridical as if these were intemporal, to effectively reflect/perspectivate the temporal-dispositions by stranding-dialectics while avoiding <amplituding/formative>epistemic-totalising~self-referencing-syncretising-as-straight/candored-and-dialectically-or-contendingly-in-phase of the non-veridical narratives expressed by temporal-dispositions. When the dialecticism of organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) and threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism involves psychopathy and social psychopathy postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, it highlights the psychopath's slantedness-or-insane-fitment as 'epistemically-decadent in notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>' by its temporal-dispositions defect, and the conjugating temporal-dispositions postlogic threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as being integrative of the epistemic-decadence (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>) as 'notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in

hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic given their conjugated/inflected/derived temporal-dispositions perversion, while the intemporal-disposition prelogic/conviction-as-to-profound-supererogation organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) supersedes intemporally as ontological-veridicality (ontological-contiguity/reference-of-thought/veridical-thinking-reference-over-preconverging-or-dementing-reference), and with the 'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' by articulating their prospective implications in an infinity (metaphorically-a-million-and-one-instances-and-locales).

To further elucidate, the underlying idea of 'intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting (deconstruction/ontological-reconstituting/organic-comprehension-thinking) holds that 'critically what matters with respect to ontology and virtue is simply and completely intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective), and holds that other and subsequent notions are as pertinent as they are intemporally-preservational and where those same supposed notions social use was not intemporally-preservational but perverted/subknowledged/mimicked/confounded, their ontological and virtuous validity is nullified; as it is their relay of intemporal-preservation-entropy-or-contiguity–or–ontological-

preservation without notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>' that matters.' What's the meaning of being good-natured/kind/humble/responsible/friendly/sociable/etc. in a subknowledging or perverted or corrupt social-setup or a philosophically-underdeveloped but presumptuous meaningful context (H.G. Well's country of the blind paradigm, for instance), or worst still in teleologically-degraded social situations that may be mobbish or genocidal, wherein by our illusion-of-the-present/present-consciousnessas ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag we apparently demonstrate such qualities but ontologically we aren't veridically intemporal-preservational? And even more pertinent, what will those same qualities mean at the uninstitutionalised-threshold of recurrent-utter-uninstitutionalisation, base-institutionalisation, universalisation, positivism, and prospectively deprocrypticism, with their evolving reference-of-thought–categorical-imperatives/axioms/registry-teleology wherein prospective meaningfulness-and-teleology is beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>? The only answer that cuts it in all ways, is inevitably intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality (mentation-capacity-wise, as longness-of-register-of-meaningfulness-over-shortness-of-register-of-meaningfulness-and-teleology, more than just an abstraction as it carries the notion of a contiguous existentialism/full-depth-of-existential-implications transdimensional-meaningfulness/memetic-refinement as ontological-normalcy/postconvergence-or-

postdicatory deconstruction/ontolgical-reconstituting–as-of-conflatedness in dialectical transformation as of prospective reference-of-thought tied to the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Even the idea of morality as being construed as of a sense of morality is vague self-referening, as it is rather virtue as of knowledge-construct/intersolipsistic-intercessory-notion/notional~referential-notion/articulation of superseding–oneness-of-ontology enabling the possibility in reflecting the ontological-contiguity—of-the-human-institutionalisation-process of successive registry-worldviews/dimensions that is truly of ontological relevance. The idea of conceptualising morality out of such ontology-driven basis is more or less delusional however 'good-natured' when we consider that even a community of miscreants will have to construe of a semblance however perverted of moral conceptualisation that allows for individuals self-preservation and only of a degree of variance however big such a variance is perceived with supposed grander moral conceptualisations that do not factor in the structural relation of virtue to ontology as of successive developing prospective relative-ontological-completeness-of-reference-of-thought. As semblances of virtue-constructs out of 'sense of good-naturedness' not factoring in the 'unchangeable' reality of human temporal/shortness-of-register-of-meaningfulness-and-teleology and intemporal/longness-of-register-of-meaningfulness-and-teleology mental-dispositions across all registry-worldviews will simply 'out of goodnaturedness and naivety' provide an ontologically-flawed deterministic framework that subject to temporal undermining by the adherence to the '<~~amplituding~~/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ of prior/transcended/superseded registry-worldview/dimension' in subverting intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, pointing to the pertinence of analysing virtue and ontology

contiguously as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality so-construed as organic-knowledge. This is the central idea of 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting that informs organic-comprehension-thinking. 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting further holds that in the bigger scheme of things, it is intemporal-preservation in its entropy/contiguity that is the referencing of stranding as to stranding-dialectics (as of preconverging-or-dementing–apriorising-psychologism representation when temporally-preservational-as-pseudointemporality-preservation or of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>) or postconverging-or-dialectical-thinking–apriorising-psychologism representation when intemporally-preservational/ontological-contiguity. 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting highlights effectively that ontological meaningfulness is contiguous as highlighted further in the paper with regards to virtue 'as a contiguous mentation-capacity (longness-of-register-of-meaningfulness-and-teleology over shortness-of-register-of-meaningfulness-and-teleology transience)' of ontological-contiguity conceptualisaion for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Finally, by affirming ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) over notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>' as perverted, 'Intemporal-

prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting validates 'the stranding/mental-devising-representation of temporal-dispositions in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag) as transversal/logically-incongruent-and-in-distractive-alignment-to-reference-of-thought to organic-comprehension-thinking (intemporal-disposition's 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting). Basically, with regards to the 'psychologism of precedence as placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology' with respect to 'a prospective/transcending/superseding registry-worldview's/dimension's prospective relative-ontological-completeness-of-reference-of-thought psychologism' as postconverging-or-dialectical-thinking–apriorising-psychologism and centered over 'a prior/transcended/superseded registry-worldview's/dimension's prior relative-ontological-incompleteness-of-reference-of-thought psychologism' as preconverging-or-dementing–apriorising-psychologism and decentered and beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of the latter psychologism, even before appraising reference-of-thought issue as of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance construed as of temporal-to-intemporal thresholds within the ambit of distractive-alignment-to-reference-of-thought, given the inherent-and-tautological ontological precedence of the prospective/transcending/superseding psychologism as of its prospective relative-ontological-completeness-of-reference-of-thought over the prior/transcended/superseded psychologism; 'distractive-alignment-to-reference-of-thought refers to the operant apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument point-of-

departure-of-construal technique involving a transcendental perspective that dissociates the psychologism of 'the prospective institutionalisation as of teleologically-elevated intemporal synopsising-depth of meaningfulness-and-teleology psychologism and so postconverging-or-dialectical-thinking–apriorising-psychologism and centered' and the psychologism of the 'uninstitutionalised-threshold as teleologically-degraded shades-of-temporal (postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s) synopsising-depth of meaningfulness-and-teleology construed as in distraction of the prospective institutionalisation psychologism and so preconverging-or-dementing–apriorising-psychologism and decentered', and a non-transcendental metaphysics-of-presence or ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag perspective as 'un-dissociated psychologism that wrongly equates the intemporal and shades-of-temporal teleological synopsising-depth of meaningfulness-and-teleology as of the two previous transcendence perspective implied psychologisms' (as a result of non-recognition of a divergence with respect to the prospective relative-ontological-completeness-of-reference-of-thought and the prior/transcended/superseded relative-ontological-incompleteness-of-reference-of-thought, speaking of the ontological-veridicality of the transcendental perspective as of 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting and not a non-transcendental perspective as of ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag). In other words, distractive-alignment-to-reference-of-thought by the preconverging-or-dementing–apriorising-psychologism and decentering of the prior-as-present/transcended/superseded beforehand/as-of-a-priori implies

that the prospective/transcending/superseding reference-of-thought is a more profound representation of intrinsic-reality/ontological-veridicality (with regards to deprocrypticism as of the preempting—disjointedness-as-of-reference-of-thought apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument) by the 'distractive-alignment-to-reference-of-thought apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument point-of-departure-of-construal' over and subsuming-and-supplanting the prior/transcended/superseded/transcended/superseded reference-of-thought apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (as of its disjointedness-as-of-reference-of-thought of reference-of-thought apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument with regards to positivism–procrypticism), as validated by existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context. *Thus, distractive-alignment-to-reference-of-thought is an apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument point-of-departure-of-construal of reference-of-thought as it is about assuming beforehand/as-of-a-priori for logical-contention as postconverging-or-dialectical-thinking–apriorising-psychologism and centered the prospective/transcending/superseding reference-of-thought (as of its prospective relative-ontological-completeness-of-reference-of-thought) in preconverging-or-dementing–apriorising-psychologism and decentering the prior-as-present/transcended/superseded reference-of-thought (as of its prior relative-ontological-incompleteness-of-reference-of-thought), as validated by existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context. Critically, for aetiologisation/ontological-escalation as of an intemporal synopsising depth of analysis what

is decisive with regards to a postlogism manifestation is the grasp of the reality of prior relative-ontological-incompleteness-of-reference-of-thought as 'in-wait as of prior relative-ontological-incompleteness-of-reference-of-thought defective reference-of-thought–categorical-imperatives/axioms/registry-teleology for a postlogism manifestation; and just as we can appreciate that the organic-knowledge depth of base-institutionalisation is what is required as resolution for postlogism manifestations in recurrent-utter-uninstitutionalisation, likewise that of universalisation as resolution with postlogism manifestations in base-institutionalisation–ununiversalisation, that of positivism as resolution with postlogism manifestations in universalisation–non-positivism/procrypticism, the organic-knowledge depth of deprocrypticism is what is required as resolution for postlogism manifestations in positivism–procryptism. On this basis distractive-alignment-to-reference-of-thought point-of-departure-construal technique of aetiologisation/ontological-escalation involves starting out not with the specific postlogism construal but rather implying a construal preconverging-or-dementing–apriorising-psychologism and decentering the more fundamental issue of the registry-worldview/dimension prior relative-ontological-incompleteness-of-reference-of-thought apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (whether as of 'non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition-or-failing-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument of recurrent-utter-uninstitutionalisation, 'failing-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument of base-institutionalisation–ununiversalisation, 'failing-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–

psychologism' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument of universalisation–non-positivism/medievalism, ''failing-preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism'' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument of positivism–procrypticism, and prospectively 'preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument of deprocrypticism), which is 'in-wait as of prior relative-ontological-incompleteness-of-reference-of-thought defective reference-of-thought–categorical-imperatives/axioms/registry-teleology and endemising/enculturating the postlogism and social postlogism manifestation as well as other temporal phenomena construed as vices-and-impediments of the registry-worldview/dimension as of its prior relative-ontological-incompleteness-of-reference-of-thought; thus attaining the supratransversality—apriorising/axiomatising/referencing required for aetiologisation/ontological-escalation as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm. In other words, just as we can countenance that ontologically we'll not engage a non-positivism/medieval social-setup in contending about say notions-and-accusations-of-sorcery but rather supersede the non-positivism/medievalism meaningful-frame as of its relative-ontological-incompleteness-of-

reference-of-thought as being superstitious/non-positivistic implies the fundamental need for its psychoanalytic-unshackling for ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought as of a positivism registry-worldview/dimension prospective relative-ontological-completeness-of-reference-of-thought; likewise our positivism–procrypticism prior relative-ontological-incompleteness-of-reference-of-thought is 'not the profound ontologically-veridical meaningful-frame' in which an issue of its corresponding postlogism as psychopathy and social psychopathy is resolved but rather its state of relative-ontological-incompleteness-of-reference-of-thought is prospectively construed from deprocrypticism as preconverging-or-dementing–apriorising-psychologism and decentered by its procrypticism/'disjointedness-as-of-reference-of-thought'-as-misappropriated-meaningfulness-and-teleology, implying the more fundamental-and-transversal-and-synergistic need is for our psychoanalytic-unshackling for ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought as of the deprocrypticism registry-worldview/dimension ontological-completeness-of-reference-of-thought; thus enabling the attainment of aetiologisation/ontological-escalation required for supratransversality—apriorising/axiomatising/referencing as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm that is transversally structural/paradigmatic for the resolution not only of the positivism–procrypticism postlogism as psychopathy and social-psychopathy but basically all its relative-ontological-incompleteness-reference-of-thought predicated temporal-phenomena construed as positivism–procrypticism vices-and-impediments. (It is important to grasp that tenseness-of-expressions made temporally/shortness-of-register-of-meaningfulness-and-teleology as of the positivism–procrypticism registry-worldview/dimension are just 'vague candoring' that are ontologically-empty and non-veridical by inherent-and-tautological ontological precedence of

the prospective/transcending/superseding deprocrypticism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument as of its ontological-completeness-of-reference-of-thought over the prior/transcended/superseded positivism–procrypticism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument as of its prior relative-ontological-incompleteness-of-reference-of-thought, as what is precedingly warranted is the preconverging-or-dementing–apriorising-psychologism and decentering of positivism–procrypticism reference-of-thought beyond its <amplituding/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage as metaphysics-of-presence, and so beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>; and this idea we can grasp from our vantage position with regards to a non-positivism/medieval setup striving to uphold its reference-of-thought psychologism which we understand is prospectively a relative ontological-incomplete-reference-of-thought, however the bigger issue difficult for us to envisage is rather in placing our own minds as not in a postconverging-or-dialectical-thinking–apriorising-psychologism and centered but rather a preconverging-or-dementing–apriorising-psychologism and decentered position, as implying the need for prospective institutionalisation as deprocrypticism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument which is prospectively postconverging-or-dialectical-thinking–apriorising-psychologism and centered). Distractive-alignment-to-reference-of-thought as such basically by definition dismisses 'the prior/transcended/superseded registry-worldview's/dimension's relatively relative-ontological-incompleteness-of-reference-of-thought apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' as circularly endemising/enculturating its reference-of-thought defect or perversion-of-reference-of-

thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> and so structurally/paradigmatically even before an effective reference-of-thought issue of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance as of temporal-to-intemporal thresholds (i.e. structurally/paradigmatically being non-positivism/medievalism of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument by definition means incapable of contending as of positivism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument 'third-level–presencing—absolutising-identitive-constitutedness apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument for meaningfulness-and-teleology' requiring rather the non-positivism/medievalism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument psychoanalytic-unshackling/memetic-reordering/institutional-recomposure from <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought and not 'a false exercise of contending arising from a circular <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag ego complex that rather circularly upholds non-positivism/medievalism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument', and prospectively structurally/paradigmatically our state of procrypticism/disjointedness-as-of-reference-of-thought of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument by definition means incapable of contending as of deprocrypticism preempting—disjointedness-as-of-reference-of-thought of

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument 'conflation apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument for meaningfulness-and-teleology' requiring rather the positivism–procrypticism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument psychoanalytic-unshackling/memetic-reordering/institutional-recomposure from <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought and not 'a false exercise of contending arising from a circular <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag ego complex that rather circularly upholds procrypticism/disjointedness-as-of-reference-of-thought of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument'); as the disjointedness-as-of-reference-of-thought'-misappropriated-meaningfulness-and-teleology of positivism–procrypticism

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument by definition dismisses it as not contendingly relevant relative to reference-of-thought issue requiring deprocrypticism or preempting—disjointedness-as-of-reference-of-thought apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument, as the non-positivising/non-rational-empiricism of the universalisation–non-positivism/medievalism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument by definition dismisses it as not contendingly relevant relative to reference-of-thought issue requiring positivising/rational-empiricism in want of positivism apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument, as the non-universalising of the base-institutionalisation–ununiversalisation apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument by definition dismisses it as not contendingly relevant relative to reference-of-thought issue requiring

universalisation in want of universalisation apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument, and as the non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition/failing-rule-making as impulsive-accidented-haphazard recurrent-utter-uninstitutionalisation

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument by definition dismisses it as not contendingly relevant relative to reference-of-thought issue requiring rule-making in want for base-institutionalisation apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument. The reason behind this conclusion is that in all registry-worldviews/dimensions apart from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism, the reference-of-thought 'fundamentally carries an underlying defect of relative-ontological-incompleteness' irrespective of the arising of a reference-of-thought incidental issue as of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance in the very first place and so beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>, that makes it fundamentally ontologically unsound; and as highlighted before the non-positivism/medieval state of being superstitious and non-positivistic is an underlying foundational problem (as the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance defect as registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>) 'in-wait as of prior relative-ontological-incompleteness-of-reference-of-thought defective reference-of-thought–categorical-imperatives/axioms/registry-teleology just as our procrypticism state of disjointedness-as-of-reference-of-thought (in misappropriating meaningfulness), as failing/not-upholding-<as-of-

apriorising/axiomatising/referencing> in dissociating temporal 'reference-of-thought—degraded-devolving-as-of-uninstitutionalised-threshold' and intemporal reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology of meaningfulness-and-teleology as of 'same-terms-of-expressions' (seemingly-same-implied-meaningfulness) but actually implying 'different relations to an ontologically veridical reference-of-thought', is an underlying foundational problem (as the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance defect as registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>) 'in-wait as of prior relative-ontological-incompleteness-of-reference-of-thought defective reference-of-thought–categorical-imperatives/axioms/registry-teleology for issues of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> to be stirred-up/instigated and endemised/enculturated. This articulation is also important because while it can be countenance retrospectively, however prospective our metaphysics-of-presence as of our <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag reflex and so beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> beforehand/as-of-a-priori, will tend towards 'a circular <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag ego complex that rather circularly upholds procrypticism/disjointedness-as-of-reference-of-thought of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument', just as occurred in all the prior registry-worldviews/dimensions. The bigger point being that just as we recognise beforehand/as-of-a-priori that engaging (from our positivism psychologism prospective relative-ontological-completeness-of-reference-of-thought) a non-

positivism/medievalism psychologism with respect to their equivalent postlogism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> issue like notions-and-accusations-of-sorcery implies beforehand/as-of-a-priori an ontologically-veridical engagement that 'doesn't recognise its contending status as postconverging-or-dialectical-thinking–apriorising-psychologism and centered in the very first place' but rather that the non-positivism/medieval

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument implied meaningfulness-and-teleology is preconverging-or-dementing–apriorising-psychologism and decentered, likewise beforehand/as-of-a-priori engaging (from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism-as-of-preempting—disjointedness-as-of-reference-of-thought of psychologism prospective relative-ontological-completeness-of-reference-of-thought) our procrypticism/disjointedness-as-of-reference-of-thought

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument with respect to its associated postlogism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> issue of psychopathy and social psychopathy implies beforehand/as-of-a-priori an ontologically-veridical engagement that 'doesn't recognise our contending status as postconverging-or-dialectical-thinking–apriorising-psychologism and centered in the very first place' but rather that our procrypticism/disjointedness-as-of-reference-of-thought

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument implied meaningfulness-and-teleology is preconverging-or-dementing–apriorising-psychologism and decentered; as the starting point of distractive-alignment-to-reference-of-thought is rather in

reflecting the prior relative-ontological-incompleteness-of-reference-of-thought ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity with respect to reference-of-thought defect or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> issue, 'as a preconverging-or-dementing–apriorising-psychologism and decentering exercise involving 'reference-of-thought—degraded-devolving-as-of-uninstitutionalised-threshold' of the shades-of-temporal-dispositions as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context', and not a postconverging-or-dialectical-thinking–apriorising-psychologism exercise involving reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology (as will be wrongly implied by a circular ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag ego complex that rather circularly upholds procrypticism/disjointedness-as-of-reference-of-thought of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument). For instance and as stated before, such a statement and mental-disposition of the type Socrates or Rousseau by their relative asceticism as of nonextricatory-existential-preempting-of-existential-unthought as compared to others of their statuses (conjugated as of various shades of temporal teleologically-degraded synopsising-depth of meaningfulness-and-teleology psychologism) in their respective social-setups from a non-transcendental as of its ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag perspective by its ~~amplituding~~/formative>epistemic-totalising~self-referencing-

syncretising/circularity/interiorising/akrasiatic-drag is rather circularly impervious and will not recognise any dissociation between such a mental-projection/psychologism prior relative-ontological-incompleteness-of-reference-of-thought and the mental-projection/psychologism prospective relative-ontological-completeness-of-reference-of-thought of Socrates or Rousseau in construing the grander notion of social aetiologising/ontological-escalation as of a transcendental-perspective (as of a teleologically-elevated intemporal synopsising-depth of meaningfulness-and-teleology psychologism contrasted to such teleologically-degraded shades-of-temporal synopsising-depth of meaningfulness-and-teleology). This elucidation is important because an insightful storied-construct/ontologically-valid-narration with regards to psychopathy and social psychopathy and the overall relative-ontological-incompleteness-of-reference-of-thought as the underlying disjointedness-as-of-reference-of-thought of procrypticism relative to prospective ontological-completeness-of-reference-of-thought as deprocrypticism will fundamentally be based on such contrastive mental-projections/psychologisms as of non-transcendental as <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag perspective and the primacy of transcendental perspective (inherently so because the state of prospective relative-ontological-completeness-of-reference-of-thought precedes and supersedes the state of prior relative-ontological-incompleteness-of-reference-of-thought by tautological ontological-veridicality validated by the ontological-contiguity—of-the-human-institutionalisation-process itself), just as a storied-construct/ontologically-valid-narration of say non-positivism/medieval postlogism manifestation as notions-and-accusations-of-sorcery will imply a 'distractive-alignment-to-reference-of-thought technical point-of-departure-of-construal of reference-of-thought' highlighting the non-transcendental as <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag perspective mental-

projection/psychologism of the relative-ontological-incompleteness-of-reference-of-thought of non-positivism/medievalism mental-projection/psychologism that doesn't dissociate the temporal-as-teleologically-degraded or intemporal-as-teleologically-elevated synopsising-depth of meaningfulness-and-teleology, unlike a transcendental perspective that reflects prospective institutionalisation intemporal teleologically-elevated synopsising-depth of meaningfulness-and-teleology as the positivism psychologism as dissociated from various temporal-shades of teleologically-degraded synopsising-depth of meaningfulness-and-teleology as the non-positivism/medievalism psychologism (inherently so because the state of prospective relative-ontological-completeness-of-reference-of-thought precedes and supersedes the state of prior relative-ontological-incompleteness-of-reference-of-thought by tautological ontological-veridicality validated by the ontological-contiguity—of-the-human-institutionalisation-process itself). That is, the technical point-of-departure-of-construal of reference-of-thought for distractive-alignment-to-reference-of-thought with respect to the 'ontological-primemovers-totalitative-framework retracing' (for temporal-to-intemporal-dispositions-pedestals-disambiguation) as reference-of-thought-scheme' involves:

- articulating a dialectically-or-contendingly-in-phase (mentally sound) organic-comprehension-thinking of the intemporal-disposition as a coherent 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting which is in ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective), and is veridically 'the reference-of-thought-or-contending-reference of thought',

- articulating a dialectically-or-contendingly-out-of-phase brazen-but-unsoundness-or-inauthenticity-of-reference-of-thought hollow-possibility-logic/meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated of the psychopath in

distraction/subtraction to the organic-comprehension-thinking articulation which is of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and is veridically 'not the reference-of-thought' but rather reflected/perspectivated as a manifestation of postlogic slanted perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>', and then

- articulating a derived-out-of-phase (derived-brazen-but-unsoundness-or-inauthenticity-of-reference-of-thought) threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of temporal-dispositions in derived-distraction/derived-subtraction to the organic-comprehension-thinking articulation which integrates the hollow-possibility-logic/meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated of the psychopath, and is thus of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-contiguity and is veridically 'not the reference-of-thought as well but rather reflected/perspectivated as a manifestation of prelogic-alignment to postlogic compulsive-slanting—preconverging-or-dementing-apriorising.

- With stranding-dialectics as dialectically/contendingly-in-phase and prospective intemporalisation registry-worldview/dimension associated with organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology), and reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) a dialectically/contendingly-out-of-phase, retrospective perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview/dimension associated with threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism.

- And so, from the veridicality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, as ontological-primemovers-totalitative-framework, wherein temporal-dispositions existentially are stranded-as decandored/oblongated-and-dialectically-or-contendingly-out-of-phase, in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as of a retrospective registry-worldview/dimension which is preconverging-or-dementing–apriorising-psychologism/subknowledging/mimicking/dialectially-out-of-phase-(with-the-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) on the one hand, and the intemporal-disposition existentially stranded-as-straight/candored-and-dialectically-or-contendingly-in-phase, in organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) as a prospective registry-

worldview/dimension in intemporal-preservation-entropy-or-contiguity–or–ontological-preservation).

- And so, upholding the perpetual ontological-normalcy/postconvergence/supersedingness of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation along the continual limitation of uninstitutionalised-threshold, and which continual superseding/transcendence is behind the institutional-cumulation/institutional-recomposure process.

Not adhering to this 'point-of-departure-of-construal of reference-of-thought technique of distractive-alignment-to-reference-of-thought with respect to the 'ontological-primemovers-totalitative-framework retracing (for temporal-to-intemporal-dispositions-pedestals-disambiguation) as reference-of-thought-scheme' as elaborated above, due to the natural reflex to be in prelogism-as-of-conviction-as-to-profound-supererogation-or-thinking, and thus wrongly engaging logic by reflex, leads to the wrong elevation of the dialectically-or-contendingly-out-of-phase/brazen-but-unsoundness-or-inauthenticity-of-reference-of-thought) psychopathic perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (eliciting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) temporal-dispositions integration of the psychopath's postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and conjugation with it perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and thus wrongly implying the same apriorising–registry as the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) as to supplanting–conviction-as-to-profound-

supererogation—postconverging/dialectical-thinking–apriorising-psychologism, and thus wrongly implying a logical contention; instead of the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) rather reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) both the psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and the temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism integration and its conjugating/deriving of the psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as 'subknowledging/mimicking manifestations of unsoundness-or-inauthenticity-of-reference-of-thought/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' which are the subject of logical contention; thus avoiding to wrongly validate the subknowledging/mimicking-and-syncretising of the elements of apriorising–registry (that is, the implied implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) and wrongly imply their logical contention validity. Taken to the bigger registry-worldview/dimension or intradimensional level, this points to a registry-worldview/dimension derived-perversion state of temporal-dispositions at the present uninstitutionalised-threshold involving the subknowledging/mimicking-and-syncretising of the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of positivistic meaningfulness known as procrypticism/disjointedness-as-of-reference-of-thought, calling prospectively for deprocrypticism. Without 'Intemporal-prioritisation-of-reference-of-thought'–as-

conflatedness-or-ontological-reprojecting disposition the possibility for transcendence from perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (as prior intemporal reference-of-thought–categorical-imperatives/axioms/registry-teleology) to prospective ones which are intemporal-preservational, the institutional-cumulation/institutional-recomposure process will not occur and be regenerative, as the circumventive/distractive-temporal-prioritisation-of-reference-of-thought mental-dispositions rather strives to arrive at an equilibrium at the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of a registry-worldview/dimension whether these are intemporal-preservational or not, hence have little transcendental capacity. Going by an 'ontologically contiguous comparison' with reference to Arithmetic where a condition was to cause a character to resolve additionality as 1+3=5, 2+5=8, 5+6=12, etc., the ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) of additionality with regards to this character will always involve as of reference-of-thought–categorical-imperatives/axioms/registry-teleology that subtracts 1 from the results of that character's operations of additions (as the imbricatedness/threadedness/recomposuring for upholding existential-reality), and the usual principles of additionality (its traditional reference-of-thought–categorical-imperatives/axioms/registry-teleology of simply summing directly) will be existentially rendered null and void in order to allow for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Now supposed such a framework (reference-of-thought) for resolving Arithmetic calculations now involves the contribution of 6 characters working in collaboration with each contributing their specific arithmetic principle role while taking cognisance of the others roles in 'resolving arithmetic calculations' (as ontological-

completeness-of-reference-of-thought, and so taking into account the prior mentioned character with its defect of additionality; wherein such a framework is BODMAS-based with character B working on brackets operations, character O working on order operations, character D working on division operations, character M working on multiplication operations, the priorly mentioned character A working on addition operations and character S working on subtraction operations, and so (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) setup for resolving arithmetic calculations (ontological-completeness-of-reference-of-thought setup). Naturally, the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (as the usual BODMAS Arithmetic rules) should apply but this is no longer existentially the case in this instance, where the equation is for instance 7(√64+3-1) - (6+4-2)÷2. Going by the natural arithmetic rules for BODMAS, the equation will be resolved first with the brackets, and within the brackets for the first brackets the order operation is first carried out, that is, √64=8 and then addition 8+3=11, then subtraction 11-1=10. For the second brackets, addition as 6+4=10, then subtraction as 10-2=8. The division operation then follows with the second brackets result as 8÷2=4. Then the multiplication operation with the first brackets result as 7×10=70. Finally, comes the subtraction with 70-4=66 as the final answer that is ontologically-veridical (in ontological-normalcy/postconvergence). But then, in this particular case where character A (Addition) operation of additionality is perverted as stated above as a result of its condition, the equation will resolve as √64=8, 8+3=12, 12-1=11, for the first brackets, and 6+4=11, 11-2=9, for the second brackets. The division operation with the second brackets yields 9÷2=4.5, and the multiplication operation with the first brackets yields 7×11=77. Finally, subtracting both brackets gives 77-4.5=72.5 as the final result which is ontologically wrong (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective), and points to the fact

that all the 6 BODMAS characters, not only A (Addition) the additionality defect character have failed ontological-veridicality/ontological-contiguity as of their relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective), as reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are not by themselves the definitive basis for ontology/intrinsic-reality/existential-reality as these are only as pertinent as they are ontologically-veridical/ontologically-continuous/contextually-contiguous (in ontological-normalcy/postconvergence). This ontological state with respect to all the characters registries (not only A) is known as perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought, as ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) precedes projected <a̶m̶p̶l̶i̶t̶u̶d̶i̶n̶g̶/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩, with reference-of-thought–categorical-imperatives/axioms/registry-teleology nothing more but human mental inventions (construed by psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) for the sake of achieving ontology/intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and pertinent in that regard only when not-failing/upholding intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-normalcy/postconvergence which always factor in human limited-mentation-capacity-deepening-⟨<a̶m̶p̶l̶i̶t̶u̶d̶i̶n̶g̶/formative>epistemic-

totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-
supererogation⟩ by a re-equilibrating metaphysics-of-absence/postdication. Hence the notion
of ontological-normalcy/postconvergence and postdication construes intemporal-
preservation-entropy-or-contiguity–or–ontological-preservation as superseding/preceding
over projected <amplituding/formative>wooden-language-⟨imbued—temporal–mere-
form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–
narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩
in affirming ontology/ontological-veridicality/intrinsic-reality (notwithstanding their
traditional personhoods-and-socialhood-formation mental-dispositions anchored on projected
<amplituding/formative>wooden-language-⟨imbued—temporal–mere-
form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–
narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩).
In which case the resolution for the Arithmetic equation (supposedly where A, Addition, is
unamendable due to a condition), will involve the other characters taking cognisance of A's
(Addition's) condition and adhere to intemporal-preservation-entropy-or-contiguity–or–
ontological-preservation over projected <amplituding/formative>wooden-language-
⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-
drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–
categorical-imperatives/axioms/registry-teleology⟩ in affirming ontology/ontological-
veridicality/intrinsic-reality (as the appropriateness-of-reference-of-thought-as-of-
conflatedness over A's induced preconverging-or-dementing-reference/perversion-of-
reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-
as-to-shallow-supererogation>). Thus the new categorical-imperatives/axiom/registry-
teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation
deployed with respect to resolving calculations (ontological-completeness-of-reference-of-

thought will integrate the notion that additionality requires subtracting 1 from its results as well as taking cognisance that other characters will be perverted in their operation if they do not take cognisance of A's (Addition's) condition and subtract 1 from it before their operation (whether by unconsciously by ignorance, expediently by affordability, and consciously by opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation). For instance, B (Brackets) is still in a position to articulate an ontological-normalcy/postconvergence ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) by factoring in all the defects as follows: by reverting all other characters operation up to the point they had to deal with A (Addition) and subtracting 1 from the results at these points before allowing the other characters operations, which then yields the right result. That is 77÷7=11 and 4.5×2=9 as reverting back, then 11-1=10 and 9-1=8 to factor in A's (Addition's) additionality defect to yield the results of the two brackets. Before then letting back the division and multiplication operations for both brackets respectively, giving 8÷2=4 and 7×10=70. Finally 70-4=66, giving the final result that is ontologically-veridical (in ontological-normalcy/postconvergence). So this approach is the new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation which is ontologically-veridical/of-intrinsic-reality that B should be operating. In the bigger scheme of things, this explains institutional-cumulation/institutional-recomposure/memetic-reordering/psychoanalytic-reorientation with respect to an animal that is always bound to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism by the very fundamental veridicality of its temporal-to-intemporal-dispositions nature. But then, this

being an uninstitutionalised-threshold, B going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor at uninstitutionalised-threshold may just as well due to there being 'no institutionalisation constraining' (i.e., no social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, no internal-contradiction induced from ontological-primemovers-totalitative-framework, no preconverging-or-dementing–apriorising-psychologism of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and no intemporal projection superseding the transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith/nihilistic as of temporality/shortness inducing corresponding formalisation and internalisation as values), choose to act because of one temporal reason or the other whether by ignorance of the need for this new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-(for-intemporal-preservation-entropy) or affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation (i.e., induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality); and so, fail to follow the latter reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that are intemporally-preservational. That is, choosing

circumventive/distractive-temporal-prioritisation-of-reference-of-thought and thus failing/not-upholding-<as-of-apriorising/axiomatising/referencing> the possibility of transcendence. That being the case, this doesn't in anyway undermine the intrinsic reality/ontological-veridicality/reference-of-thought (in ontological-normalcy/postconvergence) of the above equation as being equal to 66 with the need for new requisite reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation not only for this particular circumstance of the BODMAS characters but all such circumstances that may arise as a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought thus requiring ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of all such temporal-dispositions. It further speaks of how B will likely act in metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation (of uninstitutionalised-threshold, where the constraining elements of institutionalisation are not available i.e. social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, internal-contradiction induced from ontological-primemovers-totalitative-framework inoperance, stranding-dialectics the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and intemporal projection superseding the transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith/nihilistic as of temporality, with corresponding

formalisation and internalisation as values), thence defining the given temporal-dispositions of B aetiologisation/ontological-escalation to be accounted for from similar individuations in such situations as a registry-worldview/dimension problem, in order to ensure intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as ontology. In the bigger scheme of things, this calls for a prospective registry-worldview/dimension institutionalisation articulation that supersedes/overrides such a temporal dynamism of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> dispositions at various social roles going from A's condition, and the potential overlooking of the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation dispositions by all the other characters (B, O, D, M and S). Underlying such an intemporal orientation is the idea that fundamentally the conjugation of such an ontological-dementation/dialectical-dementation–stranding/attributive-dialectics and subsequent conjugation as with B above to the temporal-dispositions of a registry-worldview/dimension speaks fundamentally of the uninstitutionalised-threshold of that registry-worldview/dimension, reflected/perspectivated by the marginal perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect of its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with the prior registry-worldview/dimension now preconverging-or-dementing–apriorising-psychologism or stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase, with a prospective institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as the new straightness/candored-and-dialectically-or-contendingly-in-phase.   Ontological-dementation/dialectical-dementation–

stranding/attributive-dialectics doesn't confuse appropriateness of the prior reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for the prior institutionalisation as implying the prior mental-devising-representation is appropriate for prospective institutionalisation as it needs to undergo its own requisite 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure to enable and regenerate intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. This by itself explains why the different registry-worldviews/dimensions are seemingly preconverging-or-dementing–apriorising-psychologism with respect to one another (from the prospective perspectives), and not that we are talking about different species of humans, as transcendentalism for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is the foundational concept retrospectively, presently and prospectively; even though by the illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage, all dimensions, and not only ours, tend to think of themselves as definitely mentally straight/candored-and-dialectically-or-contendingly-in-phase with no uninstitutionalised-threshold which is obviously fallacious. The reason for this is that 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought (as mental straightness/candored-and-dialectically-or-contendingly-in-phase) starts-and-ends/is-sound at institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation where the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy/configuity is in ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective). Where instead such

reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>/non-ontological-and-non-contending-referencing-<thus-ontologically-or-contendingly-reflected-or-perspectivated-as-of-preconverging-or-dementing–apriorising-psychologism> (not-veridical-thinking-reference-rather-preconverging-or-dementing-reference), it is 'dementation' that is occurring (stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase). This is further compounded by <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, that is, wrongful upholding and projection of the stranding-as-mentally-straight-and-candored-and-dialectically-or-contendingly-in-phase mental-devising-representation at institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation unto the uninstitutionalised-threshold that requires new mentation capacity, and this is not ontologically consistent and fundamentally undermines and overlook the idea of an insight about a prospective transcendence with the present registry-worldview corresponding as the superseded perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview/dimension. Thus but for the inherent difficulty of livng and experiencing the effective personhoods-and-socialhood-formation existentialism across all the registry-worldviews/dimensions, the apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument 'beyond any one registry-worldview/dimension meaningfulness' like ours is perfectly possible in garnering a more profound and informed insight on human nature whether presently, retrospectively to prospectively. In the bigger scheme of things, just as logic can only be

grounded on coherent and concrete reference-of-thought–categorical-imperatives/axioms/registry-teleology based articulations for its ontological effectiveness and veridicality, human ontological transcendental possibilities arise from human individuations that correspond to the appropriate 'intemporal-projecting existential becoming' allowing for such ontological possibilities, and the latter is made possible by the 'so-renewed apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument as to renewed logical-basis/logic-<as-to—transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing>' going beyond the reference-of-thought–categorical-imperatives/axioms/registry-teleology within just a given registry-worldview/dimension as if it were the absolute mental-devising-representation with respect to intrinsic-reality, and instead hold that transdimensional/transcendental (unlike ordinary meaning which reasons only on intradimensional reference-of-thought–categorical-imperatives/axioms/registry-teleology) is what brings us closer to absolute mental-devising-representation with respect to intrinsic-reality as ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Memetism as suprastructural-meaningfulness is able to do that because it can proxy ontological-normalcy in a dynamic dialectical juxtapositioning/doppler-thinking of 'postconverging-or-dialectical-thinking–apriorising-psychologism mental-devising-representation' and 'preconverging-or-dementing–apriorising-psychologism mental-devising-representation' from successive ontological dialectical-moments of human shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ behind the successive institutional-cumulation/institutional-recomposure, wherein the dialectically transcending/superseding institutional-cumulation/institutional-recomposure of relatively deeper limited-mentation-capacity-⟨as of relative conflation⟩ is the shifted reference-of-thought (dialectically-in-phase) and is thus of

'postconverging-or-dialectical-thinking–apriorising-psychologism mental-devising-representation' as it is in (postconvergence) ontological-veridicality/ontological-contiguity while the prior transcended/superseded institutional-cumulation/institutional-recomposure of relatively shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ is no longer the reference-of-thought (dialectically-out-of-phase or dialectically-primitive) and is thus of 'preconverging-or-dementing–apriorising-psychologism mental-devising-representation' as it is of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>; thus transcendentally coming into grips with a shifting but more and more profound notion of reference-of-thought (in-phasing) and corresponding ontological-veridicality/ontological-contiguity as enabled by ontological-normalcy or postconvergence.

The conceptual pertinence in this Arithmetic ontological-contiguity comparison can be rearticulated as follows for greater clarity. As previously highlighted the developmental psychology of the psychopath from childhood to adulthood, involves a child psychopath who is dysfunctional as its subknowledging-impulse/compulsive-dementing/postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> is relatively transparent to interlocutors and it induces a 'delirious effect' given that it hasn't yet matured, is not yet indirect, is not yet spatialising, is not yet credulous and is not yet crafty in 'its postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation'; conditions which it increasingly attains from adolescence to adulthood with a corresponding inducing of the development of social psychopathy as its psychopathy conjugates/inflects/gets-mimicked with the temporal-dispositions of ignorance, unconsciously, and consciously with affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-

endemisation, in an absolving/fleeting/escaping-reflex-logic eliciting social psychopathy involving moving from various non-veridical/hollow sets-of-postlogic-in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic, to others and from different sets of interlocutors to others. It is obvious that A's condition/subknowledging-impulse/compulsive-dementing disposition as an adult psychopath isn't systematic with every interlocutor but rather it arises only in the face of perceived-social-stake-contention-or-confliction-and-confliction-targets and furthermore the profoundness of the postlogism-slantedness manifestation is directly related to the gravity of the perceived-social-stake-contention-or-confliction the situation and how the 'evolving social psychopathy situation permits'. Hence the notion of A having an absolute condition wherein it increments additionality by 1 is rather an absolute ideal conceptualisation, as in reality it is a question of degree and highly circumscribed with the adult psychopath who needs to have a postlogic-equilibrium that can be socially-functional-and-accordant, unlike the dysfunctional child psychopath. This comparison equally articulates the nature of uninstitutionalised-thresholds. Consider B (together with the other BODMAS characters) in the instance where despite A's conditions they were to stick to the registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology thus effectively producing the wrong result 72.5 for the particular equation which is not intemporal preservational (not ontologically ontological-normalcy/postconvergence) and likewise for all other equation where A's condition applies, we'll then be talking about an uninstitutionalised-threshold. The implication is that the registry-worldview/dimension then loses its qualification as being intemporally-preservational, and the psychological tool that is then elicited (from a prospective and new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-

preservation-entropy-or-contiguity–or–ontological-preservation as articulated with the arithmetic technique that corrected the equation result from 72.5 to 66 by adjusting for A's condition which is now the reference-of-thought or veridical-thinking-reference-over-preconverging-or-dementing-reference/ontologically-veridical/ontological-contiguity registry-worldview/dimension) is known as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. Even though going by its illusion-of-the-present/present-consciousness, the superseded registry-worldview/dimension will still wrongfully strive for a mental-devising-representation at that uninstitutionalised-threshold of 'ontological-thinking (not preconverging-or-dementing–apriorising-psychologism)'/stranding-as-wrongfully-mentally-straight/candored-and-dialectically-or-contendingly-in-phase which is ontologically wrong, just as all <amplituding/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness registry-worldviews/dimensions do at their uninstitutionalised-threshold. For instance, the recurrent-utter-uninstitutionalisation mindset/reference-of-thought doesn't think of itself that way but rather as a nondescript/ignorable void (actually speaking of akrasiatic-drag-denatured-and-preconverging-or-dementing-narratives) or a-registry-worldview's-or-dimension's-ignoring-of-its-prior-relative-ontological-incompleteness-of-reference-of-thought-as-an-ontologically-flawed-neuterisation-or-bracketing-or-epoché of <amplituding/formative>epistemic-totalising~conflated-meaningfulness-and-teleology-as-of-notional~deprocrypticism-reflected-historiality/ontological-eventfulness/ontological-aesthetic-tracing with respect to its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, and such a representation of its mentation is the invention/mental-devising-representation of the base-institutionalisation mindset by its better ontological-completeness-of-reference-of-thought, likewise with ununiversalisation and universalisation, non-positivism/medievalism and positivism, and

prospectively with procrypticism and deprocrypticism, we will certainly be hardly pre-inclined to acquiesce to a preconverging-or-dementing–apriorising-psychologism mental-devising-representation of our perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with respect to the denaturing of the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of positivistic meaningfulness. This insights perfectly highlight that our psychological nature is actually about mental-devising-representation which is meant to serve notionally the pertinence of supposed ontological articulations with respect to intrinsic reality, and it doesn't has any end to itself but for such dialectical readjustments to ontological-veridicality as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought/candored-and-dialectically-or-contendingly-in-phase with regards to an intemporal-preservational registry-worldview/dimension institutionalised/intemporalised-threshold-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and with superseded/transcended registry-worldviews/dimensions which are not intemporal-preservational at their uninstitutionalised-threshold as preconverging-or-dementing–apriorising-psychologism/oblongated/decandored-and-dialectically-or-contendingly-out-of-phase explaining the nature of mental-devising-representation of all institutional-cumulation/institutional-recomposure whether from the perspective of a retrospect, our present or prospective point-of-reference. Another aspect highlighted by the Arithmetic equation comparison is with respect to the appropriateness and defects of meaningful references with respect to ontological-veridicality/intrinsic-reality. The comparison highlights 3 transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestals of meaningfulness. Firstly, A's condition with respect to additionality with the idea that it is bound to fail any arithmetic calculation

involving additionality. Thus the subknowledging-impulse/compulsive-dementing pedestal is of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>/non-ontological-and-non-contending-referencing-<thus-ontologically-or-contendingly-reflected-or-perspectivated-as-of-preconverging-or-dementing–apriorising-psychologism> (not-veridical-thinking-reference-rather-preconverging-or-dementing-reference). This is effectively the pedestalled state of psychopathic postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as of vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging inducing existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context/non-veridical-hollow-narratives to be reflected/perspectivated from the intemporal/ontological angle as unsoundness-or-inauthenticity-of-reference-of-thought or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism and so in <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag or absolving/fleeting/escaping-reflex-logic, from one set-of-postlogic-narratives to the other and one set of interlocutors to the other, in line with its 'short cut' mental relation to meaningfulness as extrinsic-attribution (the temporal eliciting of the temporality/shortness of others is the sufficient basis for getting one's way) as opposed to intrinsic-attribution wherein the intrinsic ontological-veridicality of meaning is the complete and sufficient basis for its pertinence and upholding. This subknowledging-impulse/compulsive-dementing disposition points out that the actual and

given meaningfulness being subknowledged/pervertedly-represented is ontologically-veridical both registry-wise (soundness-or-authenticity-of-reference-of-thought-wise) and logic-wise (the normal arithmetic operation of the BODMAS equation) as it is intemporally preservational and thus ontologically-veridical/reference-of-thought/ontological-contiguity. It is this pedestal that is the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) pedestal, organic as it is both registry-wise (soundness-or-authenticity-of-reference-of-thought-wise) and logic-wise striving for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. It is the superseding and intemporal pedestal for articulating ontological meaningfulness (intrinsic-attribution). The third pedestal as demonstrated involves the integrating and <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag by temporal-dispositions both unconsciously (ignorance) and consciously (affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) with A's condition/sub-knowledging impulse as if it was ontologically veridical, and obviously leading to the wrong result thus failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. In the case with B it involved resolving the Arithmetic equation as if A's condition was appropriate resulting in 72.5 which is 'epistemically-decadent in notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>' rather than 66 which is ontologically veridical. This is the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism pedestal, as registry-wise it is not striving for intemporal-preservation-entropy-or-contiguity–or–

ontological-preservation and so fundamentally its logical-contention is voided (as apriorising–registry precedes and defines logical pertinence), such that such a disposition that integrates subknowledging-or-mimicking-impulse/compulsive-dementing registry-worldview-wise/dimensional-wise speaks of the registry-worldview/dimension as in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics at that uninstitutionalised-threshold. The fourth meaningful reference is actually a variance of the given organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) pedestal which is registry-wise and logic-wise pertinent. It is about the intellectual and virtue driven aetiologisation/ontological-escalation (as per this paper aim and other studies) in grasping the human ontological implications and articulating the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct for the possibility of a conceptual insight and structural/paradigmatic resolution with regards to (at the registry-worldview/dimension or intradimensional level) procrypticism/the-reality-of-human-temporal-to-intemporal-dispositions-with-consequential-positivistic-meaningfulness-perversion preconverging-or-dementing–apriorising-psychologism, resolved by deprocrypticism. Comparatively, for instance, articulating new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation to resolve the uninstitutionalised-threshold from 72.5 to the ontologically-veridical 66, and so not only with regards to the specific but as a structural/paradigmatic institutionalisation/intemporalisation for perpetuating intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. This pedestalled articulation points out that the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) pedestal

(ontological-veridicality/reference-of-thought) is transversal/transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing and not actually in logical-congruence with both the subknowledging-impulse/compulsive-dementing pedestal (ontological-decandence/non-ontological-reference/non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing–apriorising-psychologism/not-veridical-thinking-reference-rather-preconverging-or-dementing-reference) and the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism pedestal (epistemic-decadence/non-ontological-reference/non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing–apriorising-psychologism/not-veridical-thinking-reference-rather-preconverging-or-dementing-reference) which is relates to as preconverging-or-dementing–apriorising-psychologism (as their implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology are all undue and pervertedly implied). So we then speak of an abject/maximalising-recomposuring-for-relative-ontological-completeness (not incrementalism-in-relative-ontological-incompleteness) 'ordered construct' of the meaningfulness of the intellectual aetiologisation/ontological-escalation as the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) pedestal reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) the registry/registry-worldview defects of both the subknowledging-impulse pedestal and the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism pedestal. Ontologically-speaking, a temporal naivety with regards to psychopath and its protraction as social psychopathy is that

going by the dynamism of its faulty-mentation-procedure-deception-or-urge towards 'extrinsic-attribution' (the eliciting of the temporality/shortness of others is the sufficient basis for getting one's way), is that the number of people 'convinced' by perverted extrinsic-attribution involving social-and-temporal-trading can have any bearing to the ontological-veridicality/intrinsic-reality in any way. While temporally-speaking, psychopathic situations often lead to a-country-of-the-blind-and-the-one-eye kind of scenario, wherein a thousand blinds may strive to convention out the one-eye, but then it wouldn't still cut it, ontologically-speaking. (Certainly, it is equally and very possible that if such a one-eye isn't beholden to a 'sense of intemporality' and it is rather temporally-inclined, it might equally take the easier route of reasoning in terms–as-of-axiomatic-construct of country-of-the-blind temporality/shortness whether with respect to temporally outdoing or undermining the phenomena by acting in a manner that is overall of a temporal/shortness-of-register-of-meaningfulness-and-teleology nature. But that will still be temporality/shortness and the notion of an aetiologisation/ontological-escalation as of intemporality/longness will no more be better advanced. Further beyond and more than just with respect to one case of psychopathy but as of intellectual-and-moral-inequivalence/non-correspondence construing the universal human social phenomena of psychopathic postlogism and conjugated-postlogism across space and time together with the bigger insight of grasping human nature and the overall possibilities thereof. Insightfully, as well it won't be surprising that such a universal projection will possibly meet with a more protracted-and-protracting psychopathy and social psychopathy manifestation going by overall human temporal-to-intemporal mental-disposition existential-form-factor as varied temporal-dispositions come into the frame and are elicited, just as an intemporal projection within a non-positivism/medievalism setup aspiring for a positivistic registry-worldview/dimension-level resolutive construal of their corresponding postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-

as-to-threshold-of-shallow-supererogation like notions-and-accusations-of-sorcery and which is not palliative to a given situation will equally elicit a social protractedness of the phenomenon as varied temporal-dispositions come into the frame and are equally elicited. But then that is an inevitability with respect to the more critical universal projection low-life purposefulness in both meaningful-frameworks). Rather this then points to the nature of postlogic perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with temporal-dispositions; (unconsciously) ignorance and (consciously) other temporal-dispositions of affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation. Ontologically, it is then the subject of contention and aetiologisation/ontological-escalation of the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) pedestal, both in apriorising–registry and registry-worldview terms as it is reflected/perspectivated as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. The critical reason for this is that the intemporal-disposition is rather inclined to be abject about intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as the complete and sufficient stand for knowledge and virtue with anything else being denaturing much in parallel as intrinsic-reality transcendental-enabling/sublimating doesn't accommodate human temporality, and so will not even entertain involving in anyway with social-and-temporal-trading exercise which is non-ontological (since it is fundamentally a perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and has nothing to do with issues of defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation

of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance).

This can further be elucidated analysing perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of a different nature in a superseded registry-worldview/dimension like non-positivism/medievalism registry-worldview/dimension which should provide an even greater insight analysing from our present perspective, and we can then comparatively project this with respect to deprocrypticism and procrypticism. For instance, accusations of witchcraft in non-positivism/medievalism societies are ontologically about subknowledging/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought/preconverging-or-dementing–apriorising-psychologism based on the fact that such societies didn't develop and integrate notions of empirical and rational cause-and-effect positivistic ideas as reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (a mentation-capacity that further furthers the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as present day positivistic registry-worldview), as it universally informs the present positivistic worldview and thus the impossibility to sound intelligible in case such an accusation of witchcraft is made today. So structurally, the non-positivism/medievalism society is shaped-and-inclined to integrate and entertain phantasmagorical notions of someone being accused as a witch or sorcerer. We can garner a similar insight just as with the 'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' above, where supposed an intemporal mindset/reference-of-thought who is in a non-positivism/medievalism society was to be accused of witchcraft by someone inclined to accuse people of witchcraft (because of a

2057

pathological-condition/subknowledging-impulse/compulsive-dementing) and who obviously is wrong, as we know today that the notion of witchcraft is ontologically unsound and ridiculous as the ability to perform magic and the like by anyone cannot be demonstrated veridically. The disposition to accuse people of witchcraft will be the subknowledging-impulse/compulsive-dementing pedestal. The disposition to entertain and further exploit such situations (as anthropologists perfectly understand the abhorrent role of such notions as witchcraft in the social-stake-contention-or-confliction of non-positivism/medievalism societies) in conjugation of temporal-dispositions that are universally-recurrent or universal across all times (postlogism-slantedness, ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) is the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism pedestal which is rather an extricatory paradigm (of the situation, to fulfil temporal inclinations or distractive-temporal-prioritisaton and not intemporal preservation); given the lack of a social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the idea that the notion of witchcraft is bogus, with corresponding lack of perceived untenability/internal-contradiction/internal-incoherence/institutional-constraining of such a notion, thus a collective-consciousness that doesn't register it as preconverging-or-dementing–apriorising-psychologism (as we do today) and finally, no ontological alienating reason for not believing, endemising and enculturating the phenomenon of witchcraft. The organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) pedestal will rather be an inclination to see that the lack of empirical and rational reference-of-thought–

categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the non-positivism/medievalism registry-worldview/dimension is actually, in the bigger scheme of things, what is at the basis of not only the 'one locale accusation of witchcraft, specifically so with this individual but its general integration as a socially viable and entertained notion in this locale'. But more critically, from its intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm to be intemporally-preservational, more than the notion of just attaining only to the 'one-locale' accusation of witchcraft, for the intemporal mindset/reference-of-thought in organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) the problem is now the insight about the intellectually and morally wrong in metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation of accusation of witchcraft and the implications across all societies of the human species qualified as non-positivism/medievalism, with the bigger ontological implications of this specific accusation rather being how is this enlightening structurally about the endemisation and enculturation of vices-and-impediments associated with superstition in the said registry-worldview/dimension. That is, the problem is now about the aetiologisation/ontological-escalation that can be made to address such lack of positivistic empirical and rational notions in all possible human societies qualified as non-positivism/medievalism. In other words, the graver 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics problem' for the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology)/'Intemporal-prioritisation-of-reference-of-thought'–as-

conflatedness-or-ontological-reprojecting pedestal is 'why is society non-positivism/medievalism, and it is not in 'mentation equivalence' with a subknowledging-impulse/compulsive-dementing mindset/reference-of-thought pedestal accusing it of witchcraft and the specific locale where such an accusation is made in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism/temporal prioritisation pedestal that entertains notions of witchcraft (as the intemporal mindset/reference-of-thought is thus anecdotally 'boxing far below its weight'). Rather it is about articulating a comprehensive structural/paradigmatic dialecticism reasoning-through/abjection (not reasoning-with incrementalism-in-relative-ontological-incompleteness with temporal-dispositions mindsets) between non-positivism/medievalism and positivism for prospective 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure away from the vices-and-impediments of a non-positivism/medievalism superstitious mental-disposition towards a prospective positivistic mental-disposition which is the virtue that is the 'structural/paradigmatic resolution' to the superseded registry-worldview/dimension not only superstitious specific vices-and-impediments but equally critical the overall structural/paradigmatic <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity such superstition to the creative emancipation of human meaningfulness and action. With this insight the ontological 'terms of reasoning' of the subknowledging-impulse/compulsive-dementing pedestal is a wrong and naïve 'mentation equivalence' in preconverging-or-dementing–apriorising-psychologismly striving to establish whether the accused is involved in witchcraft; the 'terms of reasoning' of the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism pedestal is a wrong and naïve 'mentation equivalence' in preconverging-or-dementing–apriorising-psychologismly striving to establish and examine whether the accusation of witchcraft is true or not, with all the implied existential implications meaningfulness in both cases; and the 'terms of reasoning' of the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) will be to be dismissive of the two prior pedestals as in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics and stranded-as-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase since in reality the elements of their apriorising–registry are perverted (implied-logical-dueness – of accusation of witchcraft, implied-profile, implied-presumptuousness/arrogation, implied-assumptions, implied-value-reference and implied-teleology), and the issue will rather be about reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of a registry-worldview/dimension that endemises and enculturates the belief in superstition and witchcraft for a structural/paradigmatic resolution as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm. In other words, the temporal-dispositions are not logically-contending but ontologically or dialectically preconverging-or-dementing–apriorising-psychologism as they are rather the subject of contention and aetiologisation/ontological-escalation from the intemporal-disposition given that these are dialectically-or-contendingly-out-of-phase and <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag.

The reason for the above 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling is simple. 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling carries the implication that reference-of-thought and meaningfulness is fundamentally/ontologically structured for ontological-normalcy/postconvergence intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and hence the precedence of higher-intemporal-teleologies (organic-comprehension-thinking pedestal) over low temporal teleologies of reference-of-thought and meaningfulness (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism); and that subpar structuring of reference-of-thought and meaningfulness not for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation but rather for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of subpar reference-of-thought–categorical-imperatives/axioms/registry-teleology,-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as uninstitutionalised-threshold is 'perverted reference-of-thought and meaningfulness' (<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag), and is ontologically-preconverging-or-dementing–apriorising-psychologism (dialectically-preconverging-or-dementing–apriorising-psychologism) whether from a superseding/transcending registry/registry-worldview reference-of-thought/veridical-thinking-reference-over-preconverging-or-dementing-reference that is retrospective (like base-institutionalisation over recurrent-utter-uninstitutionalisation), present (like positivism over non-positivism/medievalism) or prospective (like deprocrypticism over procrypticism/the-'preconverging-or-dementing–apriorising-psychologism-of-the-positivistic-registry-worldview-or-dimension-categorical-

imperatives-or-axioms-or-registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Such a stance equally applies between the superseding/transcending deprocrypticism and the superseded/transcended procrypticism registry-worldviews/dimensions with organic-comprehension-thinking in 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting as longness-of-register-of-meaningfulness-and-teleology of deprocrypticism superseding the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism/alchemic-like-reasoning in circumventive/distractive-temporal-prioritisation-of-reference-of-thought as shortness-of-register-of-meaningfulness-and-teleology of procrypticism mental-dispositions. While the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics with respect to non-positivism/medievalism has to do with not integrating empirical and rational positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology and the corresponding social implications, the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics with procrypticism has to do with not integrating the veridicality of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism of positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as knowledge-notionalisation and a corresponding ontological-dementation/dialectical-dementation–stranding/attributive-dialectics 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling to reflect/perspectivate the subknowledging-impulse/compulsive-dementing pedestal and the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism pedestal from an

organic-comprehension pedestal 'ontological-reference of thought and meaningfulness' for a superseding deprocrypticism institutionalisation as a universal/intemporal/ontological/intrinsic-attribution/longness-of-register-of-meaningfulness/human-species-level paradigm across all space and all time (and not a temporal, extricatory, shortness-of-register-of-meaningfulness-and-teleology, individuals, extrinsic-attribution, incidental or incremental or 'disjointedness-as-of-reference-of-thought' or temporal-accommodation paradigm that endemises and enculturates procrypticism) to induce the appropriate prospective cross-generational 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure.

This conceptual ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of (superseded registry/registry-worldview-or-dimension) mental-devising-representation as oblongated/decandored-and-dialectically-or-contendingly-out-of-phase (preconverging-or-dementing–apriorising-psychologism) and (superseding registry/registry-worldview-or-dimension) mental-devising-representation as straightness/candored-and-dialectically-or-contendingly-in-phase (thinking) is critical in grasping the nature of 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting with respect to circumventive/distractive-temporal-prioritisation-of-reference-of-thought as the former is 'abject' intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (and thus the requisite reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in order to arrive at 66/intemporal-preservation is downright uncompromisable). Circumventive/distractive-temporal-prioritisation-of-reference-of-thought involves various shades of incrementalism-in-relative-ontological-incompleteness temporal-accommodation with institutionalisation being rather a

secondnaturing to a given set of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as per percolation-channelling and a positive-opportunism institutionalisation constraining. This is 'no emanance transformation' of temporal-dispositions into the intemporal-disposition; as such a notion can only be solipsistic to individuals beyond the possibility of institutionalisation secondnaturing (point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality/induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding). Thus at the uninstitutionalised-threshold, circumventive/distractive-temporal-prioritisation-of-reference-of-thought will very well do with an outcome (other than 66) whether it is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, given its solipsistic disparate nature (noncontiguous/discrete hence of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>) with respect to the notion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as being about intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and so, especially when postlogic and integrating the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of postlogism or postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation-⟨perverted-outcome-sought-precedes-existentially-veridical-logical-dueness⟩. And critically, it should be noted that 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting is about the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation as registry-

worldview/dimension defining, and not about good-naturedness/vague-temporal-impression-driven notions that may arise in circumstantial situations. This Arithmetic ontological-contiguity comparison equally gives an insight on why temporal-to-intemporal-dispositions-pedestals-disambiguation is needed with 3 pedestals: organic-comprehesion/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestal for which the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as ontology supersedes perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (as prior intemporal reference-of-thought–categorical-imperatives/axioms/registry-teleology) which are actually meant to represent it at uninstitutionalised-threshold, threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism pedestal for which reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are wrongly related to as an end by themselves at uninstitutionalised-threshold, and postlogic-including-psychopathic/subknowledging-impulse/compulsive-dementing/vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging pedestal for which the hollow form of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of reference-of-thought and meaningfulness is a sound existential construct. That is, in the bigger scheme when it comes to deciding between ontological-veridicality/ontological-contiguity of reference-of-thought (as from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) and the human temporal psyche, what gives-in is

the human temporal psyche (and so for the betterment of the species); that is, from an animal that was emanantly/becomingly/solipsistically successively of a mental-devising-representation perspective stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase at recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism, and from a prospective articulation, procrypticism/disjointedness-as-of-reference-of-thought, and so respectively, for their successive institutionalisations mental-devising-representation perspectives as stranded-as-straight/candored-and-dialectically-or-contendingly-in-phase of base-institutionalisation, universalisation, positivism and prospectively deprocrypticism. In other words, across all times the 'limits of thought' is not 'the averageness/banality/temporalisation of thought' but rather 'the disposition to intemporalise and ontologise human thought', and so whether from a sense of intrinsic-reality one mortal is rightfully saying that the world is round and by expediency a majority of mortals are saying it is flat. That is the singular construct that man cannot lose across all generations to enable the perpetual existential regeneration of civilisation beyond just being a secondnatured construct as mere-institutionalised-being-and-craft (which can often actually turn out to be alien to the intemporal-disposition apriorising–registry, that we can all potentially cultivate, that created, creates, and needs to keep creating the conditions for institutionalisation perpetuation)!

It should be noted that the establishment of the reality of an apriorising/axiomatising/referencing–registry's, or in the bigger picture, registry-worldview's/dimension's reference-of-thought, dialectical-out-of-phasing at an uninstitutionalised-threshold speaks of that apriorising–registry's or registry-worldview's/dimension's referene-of-thought 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics'/stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase (as it is 'devoid of reference-of-thought and

correspondingly ontological-veridicality/ontological-contiguity' given its epistemic-decadence/psychopath or epistemic-decadence/psychopath's-temporal-interlocutor, as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), and so, in a state of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as perceived from the superseding/transcending intemporal-disposition or registry-worldview/dimension which voids the registry-perverting/subknowledging/preconverging-or-dementing-temporal-dispositions' transcended-or-superseded-registry-worldview's/dimension's apriorising–registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology. This as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is what prevents the ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-straight-and-candored, of the recurrence-of-in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic (which are veridically of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>) as wrongly implied postlogicly-as-rather-being-prelogic; as the instigation (by psychopath) recurrently-of-in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> and as the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> integration/conjoining (psychopath's

temporal-interlocutors) recurrently-of-in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>, and in so doing intemporally/ontologically reflecting/perspectivating/highlighting the ontological-veridicality/ontological-reality of the psychopath's effective epistemic-decadence and the psychopath's temporal-interlocutors' epistemic-decadence as effectively stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase in various shades of temporality. For instance in registry-worldview/dimension terms, the 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics'/stranding-as-rightfully-oblongated/decandored-and-dialectially-out-of-phase of the non-positivism/medievalism mindset/reference-of-thought with respect to the positivistic mindset/reference-of-thought (of the former perversion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at the uninstitutionalised-threshold of positivistic meaningfulness) wherein there can't be a logical nested-congruence or engagement between the two mindsets as these do not have common reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, with the ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) as contention exercise being about the positivistic mindset/reference-of-thought reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) the non-positivism/medievalism registry-worldview/dimension as a manifestation of mental-defect/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought at the uninstitutionalised-threshold of non-

positivism/medievalism meaningfulness requiring positivistic meaningfulness, and in the bigger scheme of things requiring the secondnaturing of positivistic (as against non-positivism/medievalism) reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

The point then is that, from a transcending registry-worldview/dimension, the relation with its transcended registry-worldview/dimension is 'not ontologically an exercise in logical-congruence with the transcended registry-worldview/dimension as a postconverging-or-dialectical-thinking–apriorising-psychologism exercise' but rather ontologically an exercise in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing by reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) a preconverging-or-dementing–apriorising-psychologism representation as manifestation-and-not-contention of the transcended registry-worldview/dimension denaturing of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for prospective positivistic meaningfulness, as stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase, and avoiding the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex or prelogic-reflex-admittance-reflex or in-phase-reflex which wrongly elevates perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> into logical-contention. Ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is effectively the mental-devising-representation of the dialectical-primitivities/dialectical-out-of-phasing registry-worldviews/dimensions of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism (preconverging-or-dementing–apriorising-psychologism of

positivistic meaningfulness), as from successive veridical reference-of-thought or veridical-thinking-reference-over-preconverging-or-dementing-reference (ontological-veridicality/ontological-contiguity) as base-institutionalisation, universalisation, positivism and deprocrypticism respectively which are mentally stranded-as-rightfully-straight/candored-and-dialectically-or-contendingly-in-phase. Ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as such redefines psychology as a postdicatory science (tying the mental-devising-representation process to the abstract and infallible ontological-normalcy/postconvergence ontological-veridicality referencing/correction-tool), that is memetically/meaningfully not limited to-and-within one dimension-or-registry-worldview/intradimensionally but by reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, is transdimensional/transcendental in depth-of-meaningfulness as ontological-normalcy/postconvergence (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as such is construed at the individuation-level as of the circularity/recurrence/repetition/repeatability in delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology. This involves maximalising-recomposuring-for-relative-ontological-completeness as enabled by ontological-dementation/dialectical-dementation–stranding/attributive-dialectics in disambiguating the intemporal-disposition as ontological and temporal-dispositions at the individuation-level; while at the registry-worldview/dimension-level it reflects the determination of the relative registry-worldviews/dimensions as of relative-ontological-incompleteness-of-reference-of-

thought and relative-ontological-completeness-of-reference-of-thought. The implication is that soundness-or-authenticity-of-reference-of-thought-of-meaningfulness is not given, as it is a devising mechanism (mental-devising-representation) for ontological-veridicality as dialectically upheld for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (ontological-normalcy or postconvergence). There is no doubt that if by some secret manner 'some individuals from recurrent-utter-uninstitutionalisation registry-worldview/dimension' were to appear and be able to live in our present positivistic social-setup (without us knowing beforehand that they are coming from the past to avoid inducing a confounding effect in our analysis), and intent on fully living based on the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the recurrent-utter-uninstitutionalisation setup, our current psychology science most probably will treat them as pathological (preconverging-or-dementing–apriorising-psychologism). At which point, implying the conceptualisation of such an ontological-mental-pathology or dementation (in contrast to a physiological mental pathology) is much more a question of 'ontology valour' (ontology valour being defined as a registry-worldview's/dimension's ontology depth in relation to its conventioning limitations with respect to pure-intemporal-ontology). But then, crazy as it may seem, this extends ontological-mental-pathology or dementation conceptualisation, on those very same terms of ontology valour, not only retrospectively but equally prospectively, as from a prospective transcendence (with a corresponding insight about how we may be that 'preconverging-or-dementing–apriorising-psychologism/stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase' from such a prospective transcendence's reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, of course, that is, when precluding our illusion-of-the-present/present-consciousness/epistemic-

totalising~self-referencing-syncretising/mirage). In the bigger picture, ontological-dementation/dialectical-dementation–stranding/attributive-dialectics effectively will seem to place human (recomposuring)-consciousness-awareness-teleology in the backseat with ontology-in-its-inherent-dialectical-abstraction taking the frontseat in the articulation of intrinsic reality and correspondingly human mental-devising-representation. Actually, registry-worldviews/dimensions are rather prospectively <~~amplituding~~/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ of their own specific evolving successive existentialisms (with their full-depths-of-existential-implications specific evolving paradigms), and with specific evolving percolation-channelling for prospective ontologising and ontologising-transcendence. Fundamentally, without the possibility of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics dementability-of-the-human-psyche-for-prospective-institutionalisation involving stranding-dialectics, no registry-worldview/dimension will be transcendable (hence dementable/no-longer-thinking) for prospective institutionalisation. As it is from dementation (literally 'de-mentation') that an unshackling/recomposuring/reordering/new-mentation of prospective intemporal-preservation-entropy-or-contiguity–or–ontological-preservation reference-of-thought–categorical-imperatives/axioms/registry-teleology is possible. This is because ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as such allows for a 'human mentation capacity renewal' by transcendence (as it is by cumulation/reordering/recomposuring the prior institutionalisation mentation-capacity for a contiguous upholding of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that transcendence occur) of the 'veridical reference-of-thought of meaningfulness' since it dements the mental-devising-representation of the

old/retrospective/superseded/transcended registry-worldview/dimension 'as not postconverging-or-dialectical-thinking–apriorising-psychologism/soundness-or-authenticity-of-reference-of-thought but preconverging-or-dementing–apriorising-psychologism and dialectically-or-contendingly-out-of-phase at its uninstitutionalised-threshold and references the mental-devising-representation of the new/prospective/superseding/transcending registry-worldview/dimension as 'effectively postconverging-or-dialectical-thinking–apriorising-psychologism/soundness-or-authenticity-of-reference-of-thought as a new-and-greater-mentation-capacity and dialectically-or-contendingly-in-phase; on the grounds that the veridicality of the reference-of-thought is what upholds ontological-normalcy or postconvergence/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. For instance, at its uninstitutionalised-threshold requiring a prospective positivistic registry-worldview/dimension, the non-positivism/medievalism registry-worldview/dimension which is rather superstitious/alchemic/aristocratic is rather ontologically-preconverging-or-dementing–apriorising-psychologism/dialectically-preconverging-or-dementing–apriorising-psychologism in a stranding-dialectics wherein its mental-devising-representation is preconverging-or-dementing–apriorising-psychologism as not thinking/unsoundness-or-inauthenticity-of-reference-of-thought and dialectically-or-contendingly-out-of-phase while the positivistic registry-worldview/dimension mental-devising-representation is postconverging-or-dialectical-thinking–apriorising-psychologism/soundness-or-authenticity-of-reference-of-thought and dialectically-or-contendingly-in-phase, thus 'granting the latter reference-of-thought (veridical-thinking-reference-over-preconverging-or-dementing-reference)' over the former which is 'no longer reference-of-thought' in the sense that 'we can't think in medieval terms and be considered soundness-or-authenticity-of-reference-of-thought today but rather ontologically-preconverging-or-dementing–apriorising-

psychologism'. This dialectical conceptualisation equally applies regarding procrypticism and futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldviews/dimensions. In fact, a deconstruction insight with regards to all the interchangeable deconstructing terms in reference to the notion of 'failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intradimensional reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' (i.e., ontological-dementation/dialectical-dementation–stranding/attributive-dialectics, perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>, unsoundness-or-inauthenticity-of-reference-of-thought, mental-perversion, subknowledging, mimicking; and-their-corresponding-<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising) indicates that ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is ultimately the 'ideal reference term' for the simple reason that unlike the other terms it 'beats' the 'intuition for intradimensional/non-transcendental/non-transdimensional reasoning' and succeeds to convey, overcoming the counter-intuition, the requisite transdimensional/transcendental reasoning that achieves ontological-normalcy or postconvergence (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation); as this counter-intuition for transdimensional reasoning (which is not easily superseded and not even by this author articulating the notion but for this abstraction insight) is basically due to the subconscious-strength of the 'intradimensional-subknowledging-normalcy' (epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage inclination)

reference of personhood-and-socialhood-formation existentialism/full-depth-of-existential-implications such that the other notions will tend-to-get-lost-down-the-line by unconsciously returning to and/or admitting to the wrong intradimensional reflex-conceptualisations, at one point or the other, and so in lieu of and undermining the ontological-veridicality of the effectively veridical transcendental reality. Ontological-dementation/dialectical-dementation–stranding/attributive-dialectics 'beats' this counter-intuition by simply and immediately bringing to the mind an 'overarching conceptualisation' of a stranding-dialectics of superseding/transcending registry/registry-worldview-or-dimension (as straight/candored-and-dialectically-or-contendingly-in-phase) and a superseded/transcended registry/registry-worldview-or-dimension (as oblongated/decandored-and-dialectically-or-contendingly-out-of-phase); around which all other dynamic constructions fall in place (whether organic-comprehension-thinking or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, circumventive/distractive-temporal-prioritisation-of-reference-of-thought, subknowledging-impulse, etc.). The other deconstructing terms while having specific analytical bearings do not carry this all-encompassing quality that liberates from 'intradimensional-subknowledging-normalcy'(epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage inclination) as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics does as it further induces 'transdimensional or memetic thinking' by its implied stranding-dialectics in meeting up with 'ontological-normalcy or postconvergence' (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). For instance, while the term registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>' brings to the mind a poor ontological disposition like the other BODMAS characters disposition to systematically operate additionality

overlooking A's condition, but it is a sense of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics that carries the intuition of an uninstitutionalised-threshold, and construes a superseding/transcending registry/registry-worldview-or-dimension and a superseded/transcended registry/registry-worldview-or-dimension, and all the implications thereof. Now analysing the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>' term thereafter, we grasp that it is the '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising' in 'notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' as of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism' that makes it registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> (and not about defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) and this carries the implications of a registry-worldview/dimension defining defect (in a dialectics of prior/transcended/superseded and prospective/transcending/superseding reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Specifically, ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as such implies registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>/not-just-a-logical-processing-or-an-implicitation-of-act-execution-or-a-implicitation-of-notion-of-agreement-or-disagreement-defect' wherein we can perceive the complete picture of a

registry-worldview/dimension defect by its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' like recurrent-utter-uninstitutionalisation (with respect to base-institutionalisation), ununiversalisation (with respect to universalisation), non-positivism/medievalism (with respect to positivism) and our own dimension procrypticism's (the-'preconverging-or-dementing–apriorising-psychologism of positivistic-meaningfulness) ontological-dementation/dialectical-dementation–stranding/attributive-dialectics (with respect to futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism). A similar articulation can be made with regards to each of the other deconstructing terms where ontological-dementation/dialectical-dementation–stranding/attributive-dialectics provides the better overarching conceptualisation from an 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting reference-of-thought (veridical-thinking-reference-over-preconverging-or-dementing-reference). Furthermore, by its stranding-dialectics, ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is the only notional term that operantly and deterministically projects the requisite psychoanalytic-unshackling/memetic-reordering/recomposuring/new-mentation with regards to the implied veridical existentialism/full-depth-of-existential-implications taking into account the veridicality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor hotchpotching wherein sound knowledge/virtue is pliable to temporal denaturing and corresponding conjugation/derivation thus the need for knowledge-notionalisation as a response to human-subpotency–

aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor dilemma.

The very central idea about procrypticism and deprocrypticism (and for that matter the successive relative-ontological-completeness dialecticisms of the institutional-cumulation/institutional-recomposure so-construed as of notional~procrypticism and notional~deprocrypticism) with respect to the veridicality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor is in bringing to the fore and contrasting ontological-normalcy/postconvergence as to potential human ontological-performance-<including-virtue-as-ontology> (longness-of-depth-of-meaningfulness and shortness-of-register-of-meaningfulness-and-teleology) and the reality of human temporal-dispositions at all institutional-cumulation/institutional-recomposure uninstitutionalised-thresholds perverting/undermining ontological-normalcy/postconvergence, thus highlighting the follow dichotomies that are always associated with ontological-normalcy/postconvergence dialectics (underlied by teleological-inflections-⟨as-to-more-profound-nondisjointing–<~~amplituding~~/formative>epistemic-totalising/circumscribing/delineating⟩):

1) impetus for intemporal-preservation beyond reference-of-thought–categorical-imperatives/axioms/registry-teleology at uninstitutionalised-threshold versus impetus rather for reference-of-thought–categorical-imperatives/axioms/registry-teleology at uninstitutionalised-threshold

2) thinking as veridical reference-of-thought (veridical-thinking-reference-over-preconverging-or-dementing-reference) of mental-devising-representation of the prospective registry-worldview/dimension as soundness-or-authenticity-of-reference-of-thought versus

preconverging-or-dementing–apriorising-psychologism as mental-devising-representation of the retrospective registry-worldview/dimension as unsoundness-or-inauthenticity-of-reference-of-thought as it is no longer an reference-of-thought (not-veridical-thinking-reference-rather-preconverging-or-dementing-reference)

3) organic-comprehension-thinking as intemporal profoundness-of-thought-and-meaningfulness (longness-of-register-of-meaningfulness-and-teleology) versus threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as temporal shallowness-of-thought-and-meaningfulness (shortness-of-register-of-meaningfulness-and-teleology)

4) 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting as defining the priority of life choices or existential living as in priority all that which preserve precedingly the intemporal as it creates the institutionalisation possibilities for the furtherance of intemporality/longness versus circumventive/distractive-temporal-prioritisation-of-reference-of-thought as defining the priority of life choices or existential living as priorly unaccountable to the possibility for the furtherance of intemporality/longness whether by temporal circumventing or distraction of institutionalisation/intemporalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

Central to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is an ontological-normalcy/postconvergence that doesn't recognise any uninstitutionalised-threshold to the projected <~~amplituding~~/formative>wooden-language-(imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology) considered circumventive/distractive-temporal-prioritisation-of-reference-of-thought over

inherent 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; at which point of uninstitutionalised-threshold, ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is implied (in organic-comprehension-thinking over mechanical comprehension or as a stranding-dialectics) for a renewed/prospective mentation for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting that 'supersedes deterministically and operantly, without any discretion allowed', circumventive/distractive-temporal-prioritisation-of-reference-of-thought. That is ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is effectively the notion that, in recognition of the unchanging, preceding and inherent nature of intrinsic-reality with respect to the human psyche (and its mental-devising-representation of intrinsic reality) which is what 'gives-in'/collapses ontologically/as-an-ontological-reference; enables, for the articulation of new mentations as transcendence, the 'giving-in'/collapsing of the mental-devising-representation of successive institutional-cumulation/institutional-recomposure mindsets, notwithstanding the fact that the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics (of their reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) is unintelligible/existentially-suprastructural to these superseded/transcended registry-worldviews/dimensions mindsets due to their <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage disposition.

Supposed we were to make a profound analysis of our contiguous human mental-devising-representation/consciousness-awareness-teleology (in-dialectical/recomposuring-moments) from the appearance of human beings on earth, the effective linkage as new-

mentations between those successive recomposuring moments (whether recurrence-of-utter-uninstitutionalisation, base-institutionalisation–ununiversalisation, universalisation–non-positivism-or-medievalism, positivism–procrypticism and prospectively perpetuation-of-deprocrypticism) is as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics in stranding-dialectics; and this thus predicates or rather postdicates as well our own registry-worldview/dimension ontological-dementation/dialectical-dementation–stranding/attributive-dialectics over and as denaturing positivistic meaningfulness reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (procrypticism) and implying a prospective need for deprocrypticism. Postdication, when alluding to an ontological-dementation/dialectical-dementation–stranding/attributive-dialectics defining psychological science, will effectively hold that the conceptualisation of the social is very much a contiguous ontological disambiguation of a preconverging-or-dementing–apriorising-psychologism social of personhoods-and-socialhood-formation in existentialism/full-depth-of-existential-implications of temporal-to-intemporal-dispositions, from a prospective registry-worldview's/dimension's reference-of-thought in ontological-normalcy/postconvergence. Postdication means reasoning from a basis of ontological-normalcy/postconvergence wherein the prior/transcended/superseded registry-worldview/dimension is no longer referenced/registered/decisioned (as reference-of-thought) but 'dialectically preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought' while the prospective/transcending/superseding registry-worldview/dimension is referenced/registered/decisioned (as reference-of-thought) as 'postconverging-or-dialectical-thinking–apriorising-psychologism/soundness-or-authenticity-of-reference-of-thought' in construing meaningfulness. The grander issue that always arises is in existentialism terms, whether with regards to an obvious human

disposition for temporal-accommodation as circumventive/distractive-temporal-prioritisation-of-reference-of-thought of being-and-existence as conceptualised within the successions-of-existing-in-human-life-spans or rather an abstract eternal-projecting disposition of 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting wherein the articulation of meaning, being and existence is in existentialism-terms intemporally-driven on the basis that that which is in need of transcendence-and-the-intemporal (the temporal) cannot be seen-as-or-made-a-reference-of-intemporal/ontological-thought, and that it is exactly for that reason that human progress has been and will remain dialectically possible. That is, the reference-of-thought (veridical-thinking-reference-over-preconverging-or-dementing-reference) can only be the pedestalling of an 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting as ontology with regards to apriorising–registry, contrasted to a circumventive/distractive-temporal-prioritisation-of-reference-of-thought-reference implying a perverted-registry reflected/perspectivated by its ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. Where the natural world is resolute with no compromise with the operation of such a notion as 1+1=2, the same cannot be resolutely affirmed in the human social-and-temporal-trading in the social world where on occasions 1+1 will add up to 5 where the effective constraining of institutionalisation is lacking. Ontological-dementation/dialectical-dementation–stranding/attributive-dialectics (stranding) has the merits of articulating that for reference-of-thought (veridical-thinking-reference-over-preconverging-or-dementing-reference) to establish veridicality, no such social-and-temporal-trading is beyond ontological-entrapment 'by re-institutionalisation with new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation dialectically implying an ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of

transcended reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (in our present case, deprocrypticism of procrypticism/disjointedness-as-of-reference-of-thought, for a structural/paradigmatic resolution of defective-issues or vices-and-impediments of our registry-worldview/dimension and just as critically the structurally inhibiting effect on the furtherance of human emancipative potential; just as positivism is the structural/paradigmatic resolution of defective-issues or vices-and-impediments of non-positivism/medievalism together with the structurally inhibiting effect on the furtherance of human emancipative potential, and the same applies with ununiversalisation and universalisation, and recurrent-utter-uninstitutionalisation and base-institutionalisation); thus the potential to fully close the gap with regards to ontological-veridicality of the natural sciences in a 'renewed maturation' of the phenomenological ontological-performance-<including-virtue-as-ontology> conceptualisation of the social. Though with the weakness we must be able to rise up to, that 'the social' is existentially 'emotionally involved'. But this can be and is effectively overcome by 'appropriately universalising and detached meaningfulness by percolation-channelling' as devised for all formalised and institutionalised settings capable of introducing, upholding and internalising the ascendency of many a social outlying thoughts and meaningfulness which from a 'purely mobbish social disposition' as may arise in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ would hardly be countenanced. The bigger picture here (and of relevance to a registry-worldview/dimension transcendence from procrypticism to deprocrypticism as the structural/paradigmatic and general resolution of the vices-and-impediments together with the structurally inhibiting effect on the furtherance of human emancipative potential of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to

preconverging-or-dementing–apriorising-psychologism of positivistic meaningfulness-and-teleology, and specifically resolution of the implications of psychopathic subknowledging/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) may be to think, given our own illusion-of-the-present/present-consciousnessas <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, that such an analysis applies only to prior institutional-cumulation/institutional-recomposure. But the fact is that such a profound conceptualisation will have to come to terms with the reality of the implied existentialism/full-depth-of-existential-implications beyond our present sense of personhoods-and-socialhood-formation if it were to avoid platitudinising, becoming circular with dead-ends and lose its intemporal purpose and hence ontological purpose, and so for the simple reason that it is the human psyche that 'gives-in' with respect to intrinsic-reality as renewed/prospective ontological-veridicality, starting with that of the intellectual analyst/analysts itself/themselves); as the human psyche gave-in from recurrent-utter-uninstitutionalisation to base-institutionalisation, ununiversalisation to universalisation, non-positivism/medievalism to positivism, and where renewed/prospective ontological-veridicality does establish a new registry-worldview/dimension transcendental paradigm shift as procrypticism to deprocrypticism, then the human psyche will equally have to give-in, and by the way all transcendences meet with some resistance or the other and thus a reason for transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing reflex to preserve the precedingness/supersedingness/ascendency of intrinsic-reality in adverting social-and-temporal-trading of meaningfulness. Part and parcel, of human intellectualism beyond mere-institutionalised-being-and-craft, as has historically been implied in the case with many a

great human mind, is to recognise that the social-construct is 'not an ontological absolute' but rather a 'conventioning construct at the limits of human ontological capacity' and that that is 'why it has got its defining issues and problems' and further that 'it progresses and transcends', and the intellectual exercise goes beyond just reasoning within ambits of 'temporally-and-socially-perceived-rightness-of-thinking' to explore possibilities that might actually be 'outright unpalatable' in the temporo-social sense but in the bigger picture as an intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm are indispensable. With the idea that an intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm that prolongs to intemporality/an-abstract-eternality while obviously of 'less an immediate temporal existential sense of good to some humans' is undoubtable of 'an intemporal existential sense of good to all humans at all times' by its percolation-channelling wherein for instance, the structural/paradigmatic effect of the law is allowing for civilisational living but its circumstantial construal and application may not be in tune with the temporal interests of many but for its institutionalising constraining. This contrast between humans appreciating intemporality/longness as potentially of universal import and at the same time disposed occasionally to advanced their temporality, is what warrants 'a constraining institutionalisation'. In the same vain, one may ask what's the temporal benefit to Rousseau or Galileo instead of striving for greater aristocratic privileges for themselves; for the one to rather carry the mantle from one royal court to the other of affirming the possibility of human emancipation (by which we are all percolatively benefiting from today) or the other the mantle of a principled engagement and possibility of science starting with an uncompromising supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism from observation that the earth is not at the centre of the solar system, by which a culture of science came to be established.

And finally, how coherent are temporal meaningful frames built from such intemporal grand principles but lived on temporal dispositions in extrication in contradiction to such philosophies, and what is the very relevance of such temporal enculturation and endemisation to present-day social and institutional failures in society? And what's the role of 'intellectual irresponsibility' in all of this?

From an intemporal hence ontological depth-of-meaningfulness, precedingly/supersedingly, 'limited-mentation-capacity' (for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) is the reason for registry-worldview/dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect at uninstitutionalised-threshold; implying that 'ontological-normalcy or postconvergence' is actually for prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation beyond the defective 'intradimensional-subknowledging-normalcy or reflex-normalcy' which is rather an epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag (illusion-of-the-present/present-consciousness) inclination to overlook/aside the notion of prospective transcendence at its own (limited-mentation-capacity-threshold) uninstitutionalised-threshold though it will obviously and paradoxically recognise the need of prior registry-worldviews/dimensions to transcend (just as by reflex from our perspective we will recognise such a need for base-institutionalisation over recurrent-utter-uninstitutionalisation, universalisation over ununiversalisation, positivism over non-positivism/medievalism but hardly prospectively the notion that our dimension has an uninstitutionalised-threshold like procrypticism/disjointedness-as-of-reference-of-thought with the need for prospective transcendence as deprocrypticism). However, as previously indicated such an insight can only be garnered, beyond our illusion-of-the-present/present-consciousness/epistemic-

totalising~self-referencing-syncretising/mirage as all registry-worldviews/dimensions wrongfully imply, given that 'doppler-thinking' wherein our registry-worldview/dimension isn't the absolute reference of meaningfulness (which is rather an intradimensional-subknowledging-normalcy in lieu of the 'ontological-normalcy or postconvergence' as that which allows for prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). It is this 'ontological-normalcy or postconvergence' that reflects/perspectivates perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as against the defective reflex-normalcy/intradimensional subknowledging-normalcy that wrongfully represent it as straightness/candored-and-dialectically-or-contendingly-in-phase. Thus the general notion of an intemporal/ontological resolution of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is more than just the instigating effect of the subknowledging-impulse/compulsive-dementing (psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>) but harkens back to the notion of the intraregistry-worldview/dimension limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩/uninstitutionalised-threshold in the very first place. As this is the structuring disposition for the possibility of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> requiring ontological-normalcy or postconvergence as prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. For instance, such perversion-of-reference-of-thought-<as-

effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as witchcraft in the non-positivism/medievalism registry-worldview/dimension is fundamentally implying structurally a need for the right human mentation-capacity as the prospective transcendence of a positivistic registry-worldview/dimension, and likewise structurally regarding procrypticism/disjointedness-as-of-reference-of-thought with deprocrypticism (as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework and not good-natured/vague-impress construct).

Ontological-normalcy or postconvergence as prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, beyond defective intradimensional-subknowledging-normalcy/reflex-normalcy, points to factoring in temporal-to-intemporal-dispositions disambiguation as 'knowledge-notionalisation' to avoid wrongfully operating/processing of logic by the reference of the intemporal-disposition reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation which is ontological (as it is in sync with intrinsic-reality/veridicality), where dealing effectively rather with temporal-dispositions. Knowledge-notionalisation factors in how temporal-dispositions relate to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at uninstitutionalised/unintemporalised/solipsistic/recomposuring/animality-thresholds-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (intradimensional-subknowledging-normalcy/reflex-normalcy) and at institutionalised/intemporalised-thresholds (ontological-normalcy or postconvergence). It should be noted that the peculiarity for achieving all the institutional-cumulation/institutional-recomposure is about bringing the prior registry-worldview/dimension perversion-of-

reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> to its placeholder-setup/mental-devising-representation/mentation/(recomposured)-consciousness-awareness-teleology awareness for the collective-mind to psychoanalytically-unshackle/memetically-reorder/institutionally-recompose, and thus take-stock-and-supersede/transcend its limited-mentation-capacity-deepening-(<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation)-threshold (uninstitutionalised-threshold). This is brought to the collective-consciousness so that with regards to social-stake-contention-or-confliction-and-confliction it renews its psychoanalytic-equilibrium, as the latest 'capacity boost' with respect to what is the grander individual-and-social good as positive-opportunism. For instance, achieving base-institutionalisation requires that it should be brought to the collective-consciousness that it is 'perilous to survival-and-flourishing' to remain recurrently-uninstitutionalised for the grander individual-and-social good as positive-opportunism. Once this enters the collective-consciousness this leads to an inclination for a renewed psychoanalytic-equilibrium/memetic-reorder/institutional-recomposure wherein recurrent-utter-uninstitutionalisation registry-worldview then becomes preconverging-or-dementing–apriorising-psychologism/stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase, as it is recurrently-uninstitutionalised, as the backdrop for the straightness/candoring-and-dialectically-in-phasing of base-institutionalisation registry-worldview. This is relatively direct by the existential implications to survival-and-flourishing with the lower institutional-cumulation/institutional-recomposure of base-institutionalisation, universalisation and positivism. For deprocrypticism, an even stronger emphasis has to be placed on the abstract percolation-channelling as setup from positive-opportunism for survival-and-flourishing, just as with the positivistic registry-worldview which as well is relatively deferential with percolation-channelling (undermining

<amplituding/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ or banality-of-thought) to formalised deference like the higher developed legal system involving lesser possibility for mob-and-disparate-justice as with the lower institutional-cumulations, grander subject-matter expertise and lesser hearsays-and-vague-opinions limiting the ambit of the influence of the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩; all geared to discriminate for supersedingness of the intemporal-disposition (longness-of-register-of-meaningfulness-and-teleology) over temporal-dispositions (shortness-of-register-of-meaningfulness-and-teleology) as percolation-channelling not only in the present but prospectively. In other words, higher institutionalisations imply greater 'deferential-formalisation-transference' wherein the ambits of the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ with regards to meaningfulness shrinks as formal conceptualisations extend the intemporal-skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) and deferential model for construing meaningfulness. For instance, many a subject matter domain like meaning about the heavens, forces of nature, material nature, social laws, etc. are now effectively construed socially in deference to abstract intemporal-disposition teleological conceptualisation voiding social temporal-dispositions teleological dispositions. The reason is simple formal settings use the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework to construe knowledge and virtue conceptualisations as this is what proxies/syncs-with intrinsic-reality and hence their effective potency while on the other hand informal settings tend more to impression-driven/good-naturedness/wishfulness

conceptualisations which may sound appropriate in their ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag but are often defective by lack of universality, not ontologically-driven in terms–as-of-axiomatic-construct of understanding and often with temporal/immediate interests/shortness-of-register-of-meaningfulness-and-teleology. In this light, the articulation of the ontological-veridicality/reference-of-thought of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor-pedestals-disambiguation of our mental-devising-representation in explication of our 'mentation capacity limitations' accounting for our perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> that 'structurally-explain' the vices-and-impediments peculiar to our own registry-worldview/dimension (procrypticism/disjointedness-as-of-reference-of-thought) or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness, beyond our illusion-of-the-present/present-consciousness (just as non-positivism/medievalism 'structurally-explains' the peculiar vices-and-impediments and structural/paradigmatic inhibitions to human emancipation requiring prospective positivism with its corresponding ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as stranding-dialectics). The idea is not to assume an idling-temporal-disposition of stigmatising intradimensionally but rather an intemporal/ontological disposition (longness-of-register-of-meaningfulness-and-teleology), that works with 'what is as it is', and bring this reality to the collective-consciousness for the requisite 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for

futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism (wherein procrypticism is preconverging-or-dementing–apriorising-psychologism/stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase, as it subknowledges-or-mimics/perverts-the-registry-of positivistic meaningfulness reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation).

The idea of limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ (for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) fundamentally implies that reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are limited at the uninstitutionalised-threshold of the specific registry-worldview's/dimension's institutionalisation they enable, and are not absolute with respect to the perpetuation of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as ontological-normalcy or postconvergence and thus need to be cumulated-upon (or rather more precisely be recomposured institutionally), wherein new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation allow for the furtherance of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. The positivistic institutionalisation reflex disposition is to imply only a human intemporal-disposition/ontological-disposition, thus wrongly elevating issues of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as being issues of intemporal-disposition/ontological-dispositions and thus wrongfully implying their

ontological-veridicality/ontological-contiguity of reference-of-thought (from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) rather than rightfully their notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>/non-ontological-and-non-contending-referencing-<thus-ontologically-or-contendingly-reflected-or-perspectivated-as-of-preconverging-or-dementing–apriorising-psychologism> (not-veridical-thinking-reference-rather-preconverging-or-dementing-reference), and thus wrongly engaging in logical contentions instead of reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) manifestations of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, thus resulting in the consequent endemisation/enculturation of the specific vices-and-impediments of the positivistic registry-worldview (procrypticism/disjointedness-as-of-reference-of-thought). In contrast, the particularity of the superseding/transcending 'deprocrypticism institutionalisation' disposition over procrypticism is that prospectively it points to the ontological-veridicality of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor-pedestals-disambiguation (at positivistic meaningfulness uninstitutionalised-threshold) to its mental-devising-representation to enable the 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure of the collective-consciousness, and so as a knowledge-notionalisation. That is, a registry-worldview's/dimension's institutionalisation setup that perpetually acknowledges and accounts for human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—

imbued-temporal-to-intemporal-dispositions–existentialism-form-factor disambiguation before engaging either with logical contention in the case of issues of intemporal-disposition/ontological-disposition or with reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) manifestations of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in the instance of issues of temporal-dispositions; bringing this conceptualisation to the collective-consciousness for the necessary psychoanalytic-reequilibrium/memetic-reorder/institutional-recomposure that should enable the superseding/transcending of the enculturating/endemising vices-and-impediments together with the inhibiting effect on human emancipation potential associated with procrypticism. To further elucidate, let's explore again the Arithmetic ontological-contiguity comparison highlighted previously wherein character A had a condition whereby its results of additionality were systematically incremented by 1, its's subknowledging-impulse/compulsive-dementing highlighting an uninstitutionalised-threshold where the other characters wrongly calculated the result (the ontological-veridicality) failing/not-upholding-<as-of-apriorising/axiomatising/referencing> ontological-normalcy/postconvergence as intemporal-preservation-entropy-or-contiguity–or–ontological-preservation implied by ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality, as actually intemporal-preservation-entropy-or-contiguity–or–ontological-preservation supersedes the mere-categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as the latter's pertinence is rather about and subsumed as a mentation capacity to uphold the former. The bigger issue with regards to all the BODMAS characters is with respect to the limits of their reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-

contiguity–or–ontological-preservation which are readily predisposed to such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and subknowledging-impulse/compulsive-dementing whether by character A or any other character rather than just the fact that the condition (psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> for instance) is the causative factor of their failure to in ontological-normalcy/postconvergence ensure intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. In any case the structural/paradigmatic resolution is with regards to the implications of metaphorically-a-million-and-one-instances-and-locales of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in the given registry-worldview/dimension as an aetiologisation/ontological-escalation (as temporal-to-intemporal-dispositions individuations predictable and determinable teleologies). That is, fundamentally the appropriate conceptualisation of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is structurally-speaking about perpetually ensuring intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as the superseding/preceding notion (i.e. ontological-normalcy or postconvergence as prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). In this regard, we may easily construe the fundamental defects-of-categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as these enable perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with respect to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation wherein successive institutional-cumulation/institutional-recomposure are analogical to

various defective instances in operating the BODMAS equation. That is, while the condition/subknowledging-impulse/compulsive-dementing with A's additionality results are wrongly incremented by 1, leading to the uninstitutionalised-threshold to be rightfully corrected with new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation involving subtracting 1; the defect of a second registry-worldview/dimension may involve subtracting 1 from the result of S as a condition/subknowledging-impulse/compulsive-dementing of S, requiring similarly new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation correction of the BODMAS characters as with the first registry-worldview/dimension to uphold the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Likewise, a third and fourth registry-worldview/dimensions defects could involve respectively a subknowledging-impulse/compulsive-dementing/condition of M wherein the latter wrongly adds 1 to a multiplier before multiplying and a subknowledging-impulse/compulsive-dementing/condition of D wherein D wrongly subtract 1 to a divisor before dividing, with these two latter registry-worldviews/dimensions equally requiring similarly new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation adjustment of the BODMAS characters as with the first and second registry-worldviews/dimensions to uphold the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Ultimately, a deprocrypticism construal of the institutionalisation/intemporalisation process aiming to perpetually sync reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in ontological-normalcy/postconvergence, is one that will bring to the mental-devising-representation, the

BODMAS characters potential temporal-dispositions to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and subknowledging-impulse/compulsive-dementing with the resultant integration unconsciously (ignorance) and consciously (other temporal-dispositions of affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) inducing the various uninstitutionalised-threshold, for a suprastructural resolution to human perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> disposition, enabling the 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure of the collective-consciousness towards knowledge-notionalisation; as the recognition of the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor-pedestals-disambiguation then allows for acknowledging, accounting for and the structural-superseding of our vices-and-impediments thus enabling ontological-normalcy or postconvergence as prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation involving the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is the effective psychological tool for 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural

psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure.

The implications for the science of psychology can thus be drawn out. The articulated notion of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics' brings up the central conceptual role of psychology as about understanding human mental-devising-representation and the implications thereof. Central to this ontological-dementation/dialectical-dementation–stranding/attributive-dialectics process is a dialectical exercise of stranding; either as mentally oblongated/decandored-and-dialectically-or-contendingly-out-of-phase to imply a superseded/transcended/unsound registry-or-registry-worldview/dimension or as mentally straight/candored-and-dialectically-or-contendingly-in-phase to imply a superseding/transcending/sound registry-or-registry-worldview. Ontological-dementation/dialectical-dementation–stranding/attributive-dialectics further implies that instead of a 'conventioning influenced and driven' more or less notational study of human psychological phenomena as is the case today; we can 'think' of psychology in ontological-dementation/dialectical-dementation–stranding/attributive-dialectics terms of stranding-dialectics of registry-worldview/dimensions successive existentialisms/full-depths-of-existential-implications transdimensional-meaningfulness/memetic-refinements as ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation as-prospective reference-of-thought (stranding-dialectics with respect to either mentally oblongated/decandored-and-dialectically-or-contendingly-out-of-phase representation or mentally straight/candored-and-dialectically-or-contendingly-in-phase representation) as 'directed' simply by demonstrable ontological-veracity/ontological-relevance/reference-of-thought of transdimensional-meaningfulness–

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument; leading to a

psychological science which is more comprehensive, timeless and unbounded by its conceptualisation as it emphasises psychological-representation/mental-devising-representation as more 'ontologically-driven/ontologised' rather than 'conventioningly-driven/conventionalised'. In so doing, overriding and superseding the analyst illusion-of-the-present/epistemic-totalising~self-referencing-syncretising/present-consciousness/mirage

referring to the instance where the personhood-and-socialhood-formation intradimensional conventioning induces an 'analytical-complex' with respect to an ontologically veridical psychological-representation or mental-devising-representation. As implied psychological-representation/mental-devising-representation is then fundamentally determined by the depth/profoundness-of-ontological-veracity/depth/profoundness-of-ontological-reference of a given registry/registry-worldview-or-dimension as it upholds ontological-normalcy or postconvergence (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) over reflex-normalcy or intradimensional-subknowledging-normalcy. Ontological-normalcy or postconvergence appropriately points to the pertinence for ontological construal as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness for an appropriate ontological-dementation/dialectical-dementation–stranding/attributive-dialectics stranding-dialectics exercise wherein the reference-of-thought ('Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting) is always a moving target (due to the institutionalisation/intemporalisation process) in need for prospective dialectical reconstitution (deconstruction), which then puts a science of psychology in phase with the dialectical development of ontological-depth/profoundness-of-reference in superseding

relative-ontological-incompleteness-induced,-'threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-

of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-

preservation-as-pseudointemporality-preservation, in line with intemporal-preservation-

entropy-or-contiguity–or–ontological-preservation; whereas a conventioning reference is

relatively in circumventive/distractive-temporal-prioritisation-of-reference-of-thought and

fails to factor in human limited-mentation-capacity-deepening-

(<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-

withdrawal,-eliciting-of-prospective-supererogation⟩ and the consequent uninstitutionalised-

threshold or relative-ontological-incompleteness-induced,-'threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism'-threshold (as-it-is-thus-'in-wait'-for-

perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-

preservation-as-pseudointemporality-preservation) hence failing/not-upholding-<as-of-

apriorising/axiomatising/referencing> to imply a prospective dialectic ontological-

depth/profoundness-of-reference for an appropriate ontological-dementation/dialectical-

dementation–stranding/attributive-dialectics stranding-dialectics. That is, a conventioning

influenced-and-driven psychology tends to equate the conventional insights at one

ontological-dementation/dialectical-dementation–stranding/attributive-dialectics dialectical

moment or registry-worldview/dimension as intradimensionally set in stone and across all

moments whereas an ontologically-driven psychology acknowledges and recomposures to the

dialectical evolution of reference-of-thought for a comprehensive, appropriate and veridical

ontological-dementation/dialectical-dementation–stranding/attributive-dialectics exercise. Such reference-of-thought of dialecticism registry-worldview-wise/dimension-wise (for ontological-dementation/dialectical-dementation–stranding/attributive-dialectics exercise in reflection/perspectivation of psychological-representation/mental-devising-representation) are the institutional-cumulation/institutional-recomposure as recurrence-of-utter-uninstitutionalisation, base-institutionalisation/ununiversalisation, universalisation/non-positivism-or-medievalism, positivism/procrypticism preconverging-or-dementing–apriorising-psychologism, and prospectively (critical for a prospective conceptualisation of psychology) perpetuation-of-deprocrypticism. This explains why this memetism/transdimensional-meaningfulness/suprastructural-meaningfulness psychology is a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' as it is driven/led by a reference to dialectical/ontological-veridicality (ontological-normalcy in successive ontological-normalcy/postconvergence/postdicatory ontological-reconstituting–as-of-conflatedness/deconstruction of dialectical existentialisms/full-depths-of-existential-implications as reference-of-thought, rather than intradimensional-subknowledging-normalcy or reflex-normalcy) for 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' exercise in reflection/perspectivation of psychological-representation/mental-devising-representation, i.e. stranding-as-rightfully-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase for the dialectically-and-ontologically superseded/transcended/unsound registry/registry-worldview-or-dimension, and stranding-as-rightfully-mentally-straight/candored-and-dialectically-or-contendingly-in-phase for the dialectically-and-ontologically-superseding/transcending/sound registry/registry-worldview-or-dimension. This 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' is the

foundation of a pure, emancipated and disinhibited psychology (both registry-and-registry-worldview-wise) as such a psychology is grounded exclusively on ontologically demonstrable references of the veridicality of registries and registry-worldviews successive existentialisms/full-depths-of-existential-implications, and the corresponding ontological veracities implied. Such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' contrasts with a 'mented' or 'stigmatic' psychology of weak memetism/transdimensional-meaningfulness/suprastructural-meaningfulness reference-of-thought for the simple reason that it is not founded on a pure dialecticism of ontological/dialectical-referencing but rather on intradimensional conventionalised referencing which wrongly hardly proxies the veridicality of ontological-normalcy or postconvergence or construe a dialectical-reference/ontological-reference for 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' of psychological-representation/mental-devising-representation at uninstitutionalised-threshold. Thus it mental-devising-representation is stigmatic or mented (set-in-place-or-a-period) as stranded-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase for the conventioning-superseded/transcended/unsound registry/registry-worldview-or-dimension, and stranded-as-mentally-straight/candored-and-dialectically-or-contendingly-in-phase for the conventioning-superseding/transcending/sound registry/registry-worldview-or-dimension. This will explain in many ways the more or less fitful development of present day psychology, more or less 'uncertain of the ontological/dialectical pertinence of temporal-as-out-of-phasing-representation' (in reflecting preconverging-or-dementing–apriorising-psychologism) thus undermining its ontological-referencing veracity/ontological-pertinence with respect to an 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' exercise of registry-worldview/dimensions successive

existentialisms/full-depths-of-existential-implications transdimensional-meaningfulness/memetic-refinements in ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation as-prospective reference-of-thought. A dialectical ontological-reconstituting–as-of-conflatedness/deconstruction of reference-of-thought (recognising human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ and the need to re-institutionalised/re-intemporalised resulting in the subsequent institutional-cumulation/institutional-recomposure) as articulated above is not only the basis for memetism/transdimensional-meaningfulness/suprastructural-meaningfulness, but as well for avoiding what can be termed as the 'ontological-circularity' of present day psychology. Such ontological-circularities are engrained in all registry-worldviews/dimensions wherein the naïve pretence for a quest for deeper ontological-veridicality is rather just syncretic/circular and hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as fundamentally the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the said registry-worldview/dimension are at a dead-end with a structural/paradigmatic impossibility for a critical breakthrough just by the mere fact that the registry-worldview/dimension has attained its mentation-capacity-limitation or uninstitutionalised-threshold (as the nature of intrinsic-reality with respect to the human psyche is ontological-normalcy/postconvergence or inherently preceding or inherently superseding as it doesn't change an iota, and it is the human psyche that gives-in in its mental-devising-representation to conform to intrinsic-reality). With such naïve efforts to keep up and develop profound meaningfulness based on the same registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-

imperatives/axioms/registry-teleology mostly a dead-end. Such ontological-circularities will include for instance the dead-end of medieval alchemy paradigm with respect to positivistic chemistry paradigm, a flat-world paradigm with respect to a round world paradigm, a creationism paradigm with respect to an evolution paradigm, a universal humanity paradigm with respect to aristocratic/racial/tribal paradigms, a science paradigm with respect to a superstition paradigm, etc. Naivety will be to think that issues of ontological-circularity in our present positivistic meaningfulness (for transcending beyond our vices-and-impediments and overcoming inherent inhibitions to human emancipation) are not in veridicality about a need for a shift in paradigm, prospectively. This brings forward fundamentally the limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩/uninstitutionalised-threshold construct of our times (procrypticism) and the paradigmatic implications specifically for such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' (as highlighted) over a relatively mented-psychology/stigmatic-psychology. What this reveals is that reality is 'not a human mental-devising-representation processing exercise'; rather it is an intrinsic ontological-normalcy/postconvergence notion that doesn't respond to human mental-devising-representation processing. The role of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as a mental-devising-representation mechanism that syncs with evolving ontological insight (insight about intrinsic reality) as ontological-normalcy is to reflect/perspectivate the dialectically-or-contendingly-out-of-phase or dialectical-primitivity at the very limit of the capability as its mental-devising-representation of a registry-worldview/dimension (uninstitutionalised-threshold), which otherwise any ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag registry-worldview will overlook as it is

a   ⟨~~amplituding~~/formative⟩wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ that is exclusively operant and deterministic only to its very own reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and is not tied to intrinsic-reality but rather pertinent only for when it proxies intrinsic-reality. It is only ontological-dementation/dialectical-dementation–stranding/attributive-dialectics that can create the foundation for a new mentation (unshackle it psychoanalytically/memetically/meaningfully reorder it/recomposure it) to in ontological-normalcy/postconvergence come into grips with a more profound ontological-veridicality as a new reference-of-thought (veridical-thinking-reference-over-preconverging-or-dementing-reference) for a new existentialism/full-depth-of-existential-implications meaningfulness and thought. This insight about the intrinsic-nature-of-reality/intrinsic-reality is critical and central to understanding how 'knowledge-deadend-paradigms' can be overcome/superseded. Supposed B was to stick to resolving the BODMAS equation overlooking A's condition on the basis that the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are set and given, whether these uphold intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or not (which is what ensures proxying to intrinsic-reality), and further that the other BODMAS characters will do likewise anyway, this doesn't in any way transform the ontological-normalcy/postconvergence ontological-veridicality/intrinsic-reality from 66 to 72.5. Such a wrong disposition rather points aetiologically for the need (in ontological-escalation) of an ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of the BODMAS characters at that uninstitutionalised-threshold. In the bigger picture, 'knowledge-dead-ends-paradigms' (to varying degrees of pertinence) are often the

explanation of underlying social issues and problems more than just about limited human ability or insufficiently directed effort towards the resolution of such issues and problems on the basis of present paradigms. It is inevitable that emancipation from such knowledge-dead-ends-paradigms will always require that the would-be intellectual-analyst or intellectual-analysts 'blunt it' (just as intrinsic-reality is uncompromisingly blunt) to the <amplituding/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage registry-worldview/dimension that what is fundamentally needed is a 'paradigmatic-shift'. Much like observation and a rational interpretation of nature trumps dogma as with Galileo's heliocentric argument for instance, this author holds that a fundamental decomplexifying/uninhibiting of our own (procrypticism or preconverging-or-dementing–apriorising-psychologism/subknowledging/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness) psyche as being ontologically-preconverging-or-dementing–apriorising-psychologism/dialectically-preconverging-or-dementing–apriorising-psychologism from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism as reference-of-thought (veridical-thinking-reference-over-preconverging-or-dementing-reference) opens up a new world of transcendental possibilities (wherein a comprehensive insight for addressing psychopathy and social psychopathy and other implied epiphenomena/incidental-phenomena equally lies, and critically so since the fundamental argument for a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' has to do with the foundational nature of mental-devising-representation/mentation/recomposured-consciousness-awareness-teleology in the construction of all knowledge) at our positivistic meaningfulness uninstitutionalised-

threshold; much the same way like a positivistic world opened up from the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of a non-positivism/medievalism registry-worldview/dimension at its uninstitutionalised-threshold. To further elucidate the criticality as indicated of such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' as indicated with respect to a 'mented' or 'stigmatic' psychology can be further reemphasised clearly as such; a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' is one that is being ontologically-driven or led by ontological-veridicality when it comes to mental-devising-representation by strictly adhering to the stranding-dialectics of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. In other words, it overrides the mented/stigmatic intradimensional meaningfulness mental-devising-representation and enables a transdimensional-meaningfulness mental-devising-representation, wherein a mented/stigmatic mentation stranding-dialectics in reflecting soundness-or-authenticity-of-reference-of-thought/apriorising–registry-soundness and unsoundness-or-inauthenticity-of-reference-of-thought/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (respectively stranded-as-mentally-straight/candored-and-dialectically-or-contendingly-in-phase and stranded-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase) is stranded to the 'conventionalised institutionalised/intemporalised-threshold-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' whether such a threshold is the 'appropriate basis for reference-of-thought or not and subsequent ontological-veridicality/ontological-contiguity or not, as it is limited to what is the convention thus hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> with the result that mented/stigmatic psychology is limited to

hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> human intradimensional conventioning reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, with no prospective/transcending/superseding possibility. For instance, we can project insightfully that a mented/stigmatic mental-disposition in a non-positivism/medievalism setup in an impression-driven/good-naturedness/wishfulness disposition but hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>(failing/not-upholding-<as-of-apriorising/axiomatising/referencing> reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) will raise an issue of say sorcery in terms–as-of-axiomatic-construct of who is the sorcerer or sorcerers among us, how should sorcery be stopped and prevented in the community, and not in a prospective positivistic paradigm that is more ontologically-veridical, putting in question the veracity/ontological-pertinence of the non-positivism/medievalism conventioning notion of sorcery, however 'good-natured'/impression-driven, while raising the positivistic the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework of a positivising/rational-empiricism reference-of-thought. Such an insight prospectively will involve putting into question naïve and ever evolving constructs in our present day mented/stigmatic psychology science like personality disorders on the fundamental argument regarding the relatively poor insight about the requisite reference-of-thought to be established in the first place before then qualifying personalities with respect to such a philosophically and insightfully soundly established reference-of-thought, and not just naïve assumptions whether on the basis of popular axioms, vagueness and personal however well-meaning; with the idea of meaningfulness that goes beyond just a conventioning reference-of-thought and is

rather inherently upheld by ontologically-veridical insight and pertinence. Further, such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' that is ontologically-driven will go beyond an exercise of mented/stigmatic phenotypes driven abstractly as inherent-personalities nature and in given settings-of-time, but grasp that human personality is critically involved in the stranding-dialectics educing-human-meaningfulness-and-teleology-into-the-existentialism-becoming of personhoods-and-socialhood-formation as so-reflecting ontological-reconstituting–as-of-conflatedness/deconstruction as the more profound reference-of-thought and analysis, and with a more fundamental interdimensional/transdimensional/transcendental insight of the human existentialism form-factor. In this regard, it is the opinion of this author that many construed personality disorders that do not involve social deviances or not of physiological nature are actually adaptations at one time or the other in an ever-changing-and-challenging-construct that individuals make of a 'wanting and developing social world with its stakes and confliction', and it would rather be better to articulate personality as driven by a pertinence of being/ontological-extension-into-existentialism-or-full-depth-of-existential-implications with respect to such 'a challenging and developing social world with its stakes and conflictions' in the first place, otherwise we are just affirming arbitrary social classification schemes and not really involved in the requisite paradigmatic shifts; and such could further be grasped regarding specifically how many an experimental psychology schemes 'desperately' striving to draw social-world level conclusions can't seem to supersede the modesty of schemes that it is just too farfetched and synoptically-limiting, thus trending more towards the defect of constitutedness in lieu of conflatedness as articulated by this author. Foucault had qualified the current focus on abnormal psychology as tending more to an 'economic' practice. What about the notion of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as the 'surreptitious driving mechanism of human mental-devising-representation

or mentation' that fully encapsulates and explains human psychological development across all the times and the successive institutional-cumulation/institutional-recomposure of human existential emanance, and so as an articulation that is retrospectively, presently and prospectively coherent? Given the fact that ontological-dementation/dialectical-dementation–stranding/attributive-dialectics very much explains human transcendence as the recurrent 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure of an animal of limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩. Such a 'postconverging-or-dialectical-thinking–apriorising-psychologism' psychology driven by ontology or rather ontological-normalcy/postconvergence will be postdicatory, with the implications that this will fully focus the 'kernels of postmodernism' to usher in Suprastructuralism as an Age where humankind comes to grasp that its-meaningfulness-with-respect-to-intrinsic-reality as reflected by the successive institutional-cumulation/institutional-recomposure has been progressing (more and more realistically) by successive suprastructuring of prior/transcended/superseded registry-worldviews 'beyond their successive corresponding recomposured-consciousness-awareness-teleology', and introducing the veridical meaningful-frame/worldview of postmodernity with regards not only to the present but the <amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought past and future, with the insight that our present recomposured-placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of the positivism–procrypticism registry-worldview will be subjected to this suprastructuring-meaningfulness nature of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-

dispositions–existentialism-form-factor as well. In fact the underlying difficulty of deconstruction when extended from its 'textual basis' to its 'full meaningfulness basis' as 'ontological-reconstituting–as-of-conflatedness', has to do with the fact that the full implications of 'ontological-reconstituting–as-of-conflatedness'/deconstruction is that it prospectively calls for suprastructuring or construal beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of prior registry-worldview mindset/reference-of-thought (and so as a tool of the prospective registry-worldview), as implied by the veracity/ontological-pertinence of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' as the underlying human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology driving mechanism. Considering that deconstruction as 'ontological-reconstituting–as-of-conflatedness' necessarily implies not one but two dialectically opposed registries/meaningful-references/anchorings-of-meaning/ontological-references/contending-references/registry-worldviews of meaningfulness; with the implication that the prospective/transcending/superseding is suprastructural to (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-of) the prior/transcended/superseded, and so as a deeper superseding–oneness-of-ontology construal/conceptualisation. The fact is that without the notion of suprastructuring, the exercise of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics will wrongly imply that the 'postconverging-or-dialectical-thinking–apriorising-psychologism' and the preconverging-or-dementing–apriorising-psychologism are of the same reference-of-thought of meaningfulness (which is obviously wrong), and is the effect of the illusion-of-the-present/present-consciousness/mirageas <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag as we recognise this fact from a vantage

perspective to the prior (utter-uninstitutionalisation, base-institutionalisation, universalisation) but have 'a complex' recognising such a fact at a disadvantaged positivistic/procrypticism perspective with respect to the prospective (deprocrypticism), just as all institutionalisations tend to demonstrate when their own transcendence is implied, and certainly so the higher the institutionalisation as the mindset/reference-of-thought is increasingly set to 'relate to its institutionalised secondnatured construct as being our very own individuals essential dimensionality-of-sublimating—~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation and not a secondnatured construct', and thus perceived as beyond or almost beyond analysis due to the implied temporal alienating effect on us (but then it is the human psyche that gives-in to intrinsic-reality/ontological-veridicality, as the foremost rule of humanity's existential strive). Suprastructuring allows for the necessary transcendental-insight-projection-capacities for grasping the evasive Derridean conceptualisation of 'metaphysics-of-absence' projection/postdication in overcoming the illusion-of-the-present/present-consciousness/mirageas ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag as 'metaphysics-of-presence'. Suprastructuring boldly answers the underlying issue involved with 'communicating the true implications of deconstruction as ontological-reconstituting–as-of-conflatedness' by highlighting the paradox that it is all about 'articulating a conceptualisation which involves implying that the reference-of-thought and meaningfulness of the seemingly reference-of-thought is unsound and needs to be superseded'. It is rather about in the very first instance putting into question a given reference-of-thought and projecting the appropriate reference-of-thought, before even proceeding to articulate more specifically meaningfulness within the projected reference-of-thought. This is akin to the idea of a positivistic mindset/reference-of-

thought articulating chemistry rules and principles to an alchemic mindset/reference-of-thought for the latter's validation, requiring the latter to adopt a positivistic mindset/reference-of-thought in the very first place before issues of substantive pertinence about chemistry rule and principles are raised within their now mutually positivistic mindsets. Such an exercise requires a highly uninhibited/decomplexified human frame of mind. This may sound rather farfetched as a notion but it is important to remember that the positivistic mindset/reference-of-thought itself is the outcome of the décomplexing/uninhibiting of the human mind from earlier successive institutionalisations. Such an exercise is necessarily about psychoanalytic-unshackling/memetic-reordering/institutional-recomposure of the positivistic/procryptic reference-of-thought of meaningfulness-and-teleology in the middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics with respect to futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism; and with regards to Suprastructuralism as a notion, the implication is that this is a requisite idea that has to come to the collective consciousness (not just unconsciously as with prior institutionalisations, for instance the fact that notions of superstition are false had to be consciously brought up to the attention/consciousness-awareness-teleology of a non-positivism/medievalism mindset/reference-of-thought for it to effectively undergo the necessary 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure by acting as the conscious backdrop that engenders prospectively a positivistic mindset) for human emancipation into a deprocrypticism mindset; as with all psychoanalytic exercise whether of an individual or social conceptualisation nature, the idea of recognising/referencing/registering/decisioning the ontological-deficiency with respect to

ontological-normalcy is central to superseding it. 'Suprastructuring as such overcomes the 'natural human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology reflex' (in any registry-worldview/dimension) of 'striving to avert preconverging-or-dementing–apriorising-psychologism mental-devising-representation/mentation' (whether such averting is ontologically-veridical or not) and so by a mistaken reflex to preserve a <~~amplituding~~/formative>wooden-language-(imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>) of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of intrinsic-reality (but which closure makes its representation of intrinsic-reality inherently incomplete and biased towards the illusion-of-the-present/present-consciousness/mirageas <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of its given registry-worldview metaphysics-of-presence), by effectively taking full cognisance of the fact that ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is the driving mechanism of human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of intrinsic-reality and thus construe an opened-construct incorporating transcendental-insight-projection-capacities that enable the relative construal of the 'postconverging-or-dialectical-thinking–apriorising-psychologism' and the preconverging-or-dementing–apriorising-psychologism 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought', and so expanding the potency in construing a much more exact/thorough notion of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of intrinsic-reality and thus for 'ontological-reconstituting–as-of-conflatedness'/deconstruction. In other words, in representing the veridically

uninhibited/decomplexified nature of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' that is not limited by the illusion-of-the-present/present-consciousness/mirageas <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of any registry-worldview/dimension and so at the deeper memetic/psychoanalytic level, suprastructuring as such reveals that 'human psychology is very much an active construct associated with 'intemporal ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality instigated ontological-contiguity—of-the-human-institutionalisation-process as of difference-conflatedness-as-totalitative-reification-in-singularisation-as-veridical-epistemic-determinism <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity' in the reflection as placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of retrospective, present and prospective institutionalisations in reflecting the ontological-contiguity—of-the-human-institutionalisation-process points-of-reference, with the truer nature and representation of human psychology ultimately tied-to/driven-by ontological-normalcy/postconvergence-construct'. Insightfully, just as highlighted later that existence-defines/precedes-essence, ideally the construction of psychology needs to be priorly subjected to 'a becoming that defines psychology with its veracity/ontological-pertinence arising in the ontological-reconstituting–as-of-conflatedness of that existential becoming'. Is our understanding of psychology notionally complete when we can't seem to understand what happens in apparently mentally sound minds partaking in 'socially degraded' situations like murky human interest stories, mobs, genocides and even 'the conventional acceptance and numbness to mass casualty warfare'. In other words, in the first place what is 'ontologically normal' beyond the subjective conventioning of the psychology science

(before even worrying about the abnormal)? Further isn't it possible to make the contribution of present day psychology more complete in constructing a more thorough and dynamic understanding of mentation/psyche in relation to individual-social-humanity aspiration, where psychology evolves in a complete existentialism cadre. In other words, so placed in a becoming/existential cadre, is psychology not meant rather than just encapsulating what the human psyche/mentation is all about as if it is a set and determinate construct (strangely enough inadvertently and often mirroring schemes of social classification, and hence of social power relations) equally involve in articulating aspiratory models for human mentation/psyche? And such a paradigm shift with regards to present day mented/stigmatic psychology can actually be implied by prospective ontological-normalcy as deprocrypticism (involving 'ontologically-reconstituting/deconstruction' in upholding of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation by 'overriding failing/not-upholding-<as-of-apriorising/axiomatising/referencing> and renewing ever sound and appropriate' reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation') over the 'conventioningly-driven/conventionalised hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation whether the latter is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Insight from ontological-normalcy as it matches placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology to ontological-veridicality (notwithstanding that this undermines habituated conventionalised mented/stigmatic placeholder-setup/mental-devising-representation/mentation) representing all the institutionalisations in a dialectical moment of appropriateness-of-reference-of-

thought-as-of-conflatedness and thus mentally-straight/candored-and-dialectically-in-phase as simply involving the technique of a 'prelogic/conviction-as-to-profound-supererogation placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology teleological alignment reflex' to the implied reference-of-thought since the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is prospective/transcending/superseding and 'ontologically-reconstituting/deconstruction'; while representing all uninstitutionalised-thresholds in a dialectical moment of appropriateness-of-reference-of-thought-as-of-conflatedness and thus mentally-oblongated/decandored-and-dialectically-out-of-phase-or-dialectically-primitive as simply involving the technique of a 'postlogism mere formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology teleological alignment reflex' to the implied reference-of-thought since the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is prior/transcended/superseded and rather hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>. And going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' can perfectly represent the mentations/mental-devising-representations of all registry-worldviews/dimensions both as implied and driven by ontological-veridicality by way of ontological-reconstituting–as-of-conflatedness/deconstruction and point out their peculiar mented/stigmatic specificities in

their hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> involving with all mented/stigmatic mental-devising-representations a circular preconverging-or-dementing-temporal-manifestation (subontologisation (in-a-social-dynamism-of-meaningfulness-misappropriation) of slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect, and temporal-enculturation/temporal-endemisation effect. In the bigger picture, actually the fact is that the various institutionalisations/institutional-cumulation/institutional-recomposure are actually the levels at which their specific quality (whether as base-institutionalisation, universalisation, positivism and prospectively deprocrypticism) actively and comprehensively define and characterise each of the institutionalisations while bringing the notion to the collective-consciousness/personhoods-and-socialhood-formation successive existentialisms/full-depths-of-existential-implications. But then, such notions which can be weakly sensed in all prior institutionalisations are actually inconspicuously, selectively and occasionally introduced in the prior institutionalisation in graduated/staggered stages starting with the proto-prospective-institutionalisation right up to the prospective-institutionalisation; whether as proto-base-institutionalisation in recurrent-utter-uninstitutionalisation up to the graduated/staggered attainment of base-institutionalisation, proto-universalisation in base-institutionalisation–ununiversalisation up to the graduated/staggered attainment of universalisation, proto-positivism in universalisation–non-positivism/medievalism up to the graduated/staggered attainment of positivism, and effectively by a prospective insight, proto-deprocrypticism in positivism–procrypticism. For instance, many an alchemist in the medieval world were actually very thorough and methodical in their pursuit with skills that could be qualified as 'rudimentary positivistic'. However, the fact that fundamentally their paradigm was a dead-

end like the pursuit of the philosopher's stone and the implications of not having an outright positivistic outlook/ideology is what mostly distinguishes them from the complexity of 'true positivists'. Likewise, the ordinary practices in the positivistic world of deontological and jurisprudential nature, in disparate formal constructs and settings mostly, are mostly geared to carry abstract and coherent universal virtue implications with respect to all humans as the-Good/understanding-driven formal principles constructs, however approximate their applicative success (a principle is a notion that can coherently uphold itself, i.e. a principle is a notion that warrants that all persons covered by its ambit act the same way or are subjected to it in the same way, and not disparately, and it carries universal import; the opposite of 'inductive limitation' or 'so-called principles' that are actually fallacious since such arguments cannot truly be of entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness as they require that others do not act likewise or their implications should be limited to given target(s) and not be totalisingly-entailing, since their fundamental teleology is not intemporal/not-of-totalising-entailment but speak more of a temporal motive). But behind that pursuit is a covert admittance that without the deontology and jurisprudence and the corresponding induced culture as artifices (however approximate their applicative success) humans in their social dynamics do not have the inherent exclusiveness of intemporal-disposition quality to ecstatically/spontaneously/solipsistically/emanantly/becomingly adhere to intemporal/universal notions on the mere basis of 'preaching' the intemporal/universal notions and virtues (as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework) without institutionalisation design or conceptualisation! This is an unspoken recognition of the inherent reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor individuations

nature, and the need to skew/design/institutionalise/intemporalise 'the social' for the primacy of the intemporal-disposition individuation, as secondnaturing. This is equally an unspoken insight not only to modern institutionalised/intemporalised-thresholds-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation conceptualisation of the-Good (positivistic ontological-primemovers-totalitative-framework). Such an insight is equally implied in prior institutionalisations of the-Good conceptualisations wherein for instance the prophetic philosopher using the prophecy tools of their times, as the summum of psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for the social criticism of their own times, won't naively imply 'I have preached to you thus you've attain the intemporal', but rather construe insightfully of a practice (institutionalising practice) that cultivates a relative orientation towards the reinforcement of the intemporal, say like having the believers follow a whole routine from their expression of faith, praying in conscious reinforcement, to a way of living, however approximate in its applicative success in inducing an intemporal inclination. Positivistic secondnaturing of disparate frameworks of deontologies, constitutions and jurisprudence and the associated culture (as longness-of-register-of-meaningfulness-and-teleology) can be seen as proto-deprocrypticism, including their individual and social internalisation in the collective consciousness, and these unsurprisingly are the few elements in the sovereignty constructs of positivistic democracies with their constituent public or private organisations and associations as well as subject matters and specialisms, that are always ferociously, blindly and without further justification upheld by regulation and law and/or newer legitimately made regulation and law even against popular whim given their 'inherent assuredness to preserve the intemporal construct in a furtherance of intemporal-preservation percolation-channelling. Prospectively, deprocrypticism institutionalisation will imply a superseding memetic-reordering/institutional-recomposure/new-mentation and further extension of formalisation as

'deferential-formalisation-transference' of 'deprocryptic formalisation' into the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ implying a greater underlying demystification of positivism–procrypticism/disjointedness-as-of-reference-of-thought reasoning by way of the ontological-contiguity (as from prospective deprocrypticism or preempting—disjointedness-as-of-reference-of-thought notional-contiguity/epistemic-contiguity-<mentally-aestheticised~postconverging/dialectical-thinking–qualia-schema>) with respect to the veridicality of human temporal-to-intemporal individuations dispositions nature that explains the nature of the positivism–procrypticism registry-worldview notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> as we become more consciously insightful, preemptive and superseding of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivism–procrypticism meaningfulness-and-teleology with its social-construct implications; and this insight prospectively defines the conceptualisation of the present positivism–procrypticism registry-worldview/dimension vices-and-impediments as the backdrop for the deprocrypticism paradigm shift. But this equally as with all institutionalisations imply bringing to the collective consciousness a dialectically preconverging-or-dementing–apriorising-psychologism mental-devising-representation of the present procrypticism registry-worldview/dimension (which is prior) from the prospective registry-worldview/dimension (deprocrypticism) as the new reference-of-thought, which will seem unintelligible to the prior even though it is actually more real suprastructurally and in ontological-normalcy/postconvergence, just as our representation of medievalism though more ontologically-veridical will seem unintelligible/existentially-suprastructural to a medieval mindset/reference-of-thought in its closed mental-devising-representation of

intrinsic-reality. Central to the notion of deprocrypticism or preempting—disjointedness-as-of-reference-of-thought as the 'veridical reference-of-thought' articulation of (ontological-normalcy/postconvergence) as ontological-veridicality/ontological-contiguity as of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation over the positivism–procrypticism/disjointedness-as-of-reference-of-thought notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> as of its perversion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and so in a prospective ontological-dementation/dialectical-dementation–stranding/attributive-dialectics moment wherein ontological-normalcy/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (ontology) supersedes intradimensional-subknowledging-normalcy (temporal conventioning compromise). This dichotomy between conventioning and ontology is critical to understand human mentation development along the successive institutionalisations, as transcendental knowledge is by definition prospective and hence recognises the ontological limits/thresholds of conventioning as knowledge and virtue reference because to start with all conventioning institutionalisations are structurally in want of prospective transcendence whether as recurrent-utter-institutionalised, ununiversalisation, non-positivism/medievalism or procrypticism in a prospective insight. Conventioning as such could only prospectively reflect 'sound reference-of-thought status' when it prospectively coincides/proxies ontological-normalcy/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; the holy grail of the deprocrypticism institutionalisation ideal. But actually a conventioning construct in contrast to attaining such a prospect of 'abject-purism-of-ontology' rather tends to operate on the basis of least-acceptable-meaningfulness-or-value-reference-denominator for that

conventioning construct, and the latter is thus the 'effective meaningfulness-or-value-reference' of the said conventioning construct notwithstanding any grander ontological meaningfulness-or-value-reference striving for abject-purism-of-ontology. The implication here is effectively that grander ontological and philosophical meaningfulness-or-value-references are no more pertinent in a conventioning construct than its least acceptable meaningfulness-or-value-reference-denominator but for discretional or prestige basis of discretional and disparate recognition, out of discretionary formalisation in inducing the secondnaturing and internalisation for that recognition. This insight is pertinent in that in the construct of ontology driven meaningfulness-and-value-references of intellectual grounding (purism-of-ontology), it is important to grasp that the social integration of meaningfulness-and-value-references in a conventioning construct is effectively a least-acceptable-meaningfulness-or-value-reference-denominator-driven dynamism, and that it is by an effective utilisation of the institutionalisation percolation-channelling mechanism that such 'purism-of-ontology', by it's the-Good, can stand out in bringing to bear its human and social emancipation potential. In the same token, thus it is equally important to grasp that primacy of meaningfulness-or-value-reference orientations in conventioning constructs do not necessarily has to do with a primacy of ontological-veridicality pertinence especially where it is not driven by intrinsic-reality transcendental-enabling/sublimating but by social-aggregation-enabling, notwithstanding that such a conventioning construct may be seen as the social reference of grander meaningfulness-and-value-references in its subject area, and so fundamentally because it is a least-acceptable-meaningfulness-or-value-reference play-out notion and not an-abject-purism-of-ontology-reference notion. Thus the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of meaningfulness in our positivistic registry-worldview/dimension should prospectively be subject to ontological-dementation/dialectical-

dementation–stranding/attributive-dialectics with corresponding stranding-dialectics even though it won't be intelligible from our vantage superseded/transcended registry-worldview/dimension point just as with all transcended/superseded registry-worldviews/dimensions. The narrative/storying technique for a comprehensive postconverging-or-dialectical-thinking–apriorising-psychologism—by—preconverging-or-dementing–apriorising-psychologism dialectical representation involves articulating a comprehensive organic-comprehension-thinking narrative in 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting by which varied induced threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism narratives in circumventing/distractive-temporal-prioritisation-of-reference-of-thought naively arise, and over which an organic-comprehension-thinking analysis dements the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism narratives as stranded-as-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase to articulate an aetiologisation/ontological-escalation, and so whether such threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism postlogic narratives are slanting (subknowledging-impulse), miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising and their corresponding temporal enculturation/temporal-endemisation. Explained in another way, the actual depth-of-storying involves:

- psychopathic insane-fitment formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism or hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-

failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> wrongly implied as of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism;

- and this being effectively wrongly elevated as of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism by temporal-dispositions by their hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex to these formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism or hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic (whether unconsciously by ignorance, and consciously by affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) inducing the temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism;

- then the reference-of-thought as the intemporal-disposition organic-comprehension-thinking in 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) of the two above as non-ontological-reference/non-contending-reference-but-rather-

preconverging-or-dementing–apriorising-psychologism as being in veridicality psychopathic-and-social-psychopathic phenomenon of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>;

- and so, as an ontological-escalation/aetiologisation (the organic-comprehension-thinking analytical resolution) that is essentially and prospectively deprocrypticism; ideally such a resolution articulation technique comes down to an enigmatic ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation storying reflecting-or-perspectivating a procrypticism (preconverging-or-dementing-of-positivistic-meaningfulness) registry-worldview/dimension as notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> (at positivism–procrypticism uninstitutionalised-threshold) with respect to deprocrypticism abject ontological-contiguity/ontological-veridicality (postconvergence), and so as the bigger grounding for the resolution of the epiphenomenon/incidental-phenomenon of psychopathy and social psychopathy.

By the way this operant conceptualisation is relevant with phenomena of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in all registry-worldviews/dimensions. Wherein for instance in a non-positivism/medievalism registry-worldview/dimension:

- the subknowledging-impulse/compulsive-dementing/postlogism-slantedness in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> together with its postlogic social corollary associated with instigating accusations of sorcery/witchcraft for instance involve formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or

postlogism in preconverging-or-dementing–apriorising-psychologism as to postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism)

- and temporal-dispositions in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism by their hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex to the formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism or hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> thus inducing the wrongful elevation of the formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism or hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as being of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism whether unconsciously by ignorance, or consciously by affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation (the temporal-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism')

- with the two above being retrospectively construed from the veridical reference-of-thought of a vantage positivistic registry-worldview/dimension as being non-positivism/medievalism mindset/reference-of-thought and non-ontological-reference/non-contending-reference-but-rather-preconverging-or-dementing–apriorising-psychologism and construed ontologically by their reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) as the non-positivism/medievalism sorcery phenomenon of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (the organic-comprehension-thinking)

- and so, as an ontological-escalation/aetiologisation (the organic-comprehension-thinking analytical resolution) that is essentially and prospectively positivistic, just as the ontological-escalation/aetiologisation of psychopathy and social psychopathy is essentially deprocrypticism. Likewise, one can imagine the same type of enigmatic ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation storying reflecting-or-perspectivating a non-positivism/medievalism registry-worldview/dimension as notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> (at its uninstitutionalised-threshold) with respect to positivism as (postconvergence) ontological-veridicality/ontological-contiguity, as the bigger grounding for the epiphenomenon/incidental-phenomenon of say a medieval phenomenon of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> like sorcery. As fundamentally, intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm resolution as against an extricatory/temporal/non-ontological paradigm resolution fundamentally implies putting into question a registry-worldview's/dimension's reference-of-thought (to be transcended by a

prospective transcending/superseding registry-worldview/dimension) that is structured to enable the endemisation and enculturation of a phenomenon of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> like sorcery in the non-positivism/medievalism world; implying that an 'intemporal-disposition mindset' of positivistic disposition finding themselves in a non-positivism/medievalism social-setup will not see the proffered accusation of sorcery against them or any other individual as simply requiring defending themselves or the accused of sorcery or 'playing out' in the social-and-temporal-trading of that social-setup to extricate themselves or the accused but rather project that the registry-worldview/dimension in endemising and enculturating the possibility of accusations and notions of sorcery is structurally dialectically-primitive/dialectically-out-of-phase (thus in need of prospective transcendence), and the undermining of that registry-worldview/dimension is the intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm resolution of the epiphenomenon of sorcery across metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation.

It should be noted that an intemporal or ontological or longness-of-register-of-meaningfulness-and-teleology resolution to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in any registry-worldview/dimension is well beyond the notion of resolving just an underlying causative subknowledging-impulse/compulsive-dementing (condition from say a physiological cause), like psychopathy in the positivistic registry-worldview/dimension or a sorcerer accuser in a medieval registry-worldview/dimension. That may explain the initiation of a loss of intemporal social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-

ontological-completeness⟩ arising from postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> for instance which is then at the base of a registry-worldview's/dimension's uninstitutionalised-threshold (which is overall the structural/paradigmatic issue to be resolved), as temporal-dispositions are out of a 'deferential-formalisation-transference'/skewed ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) institutionalisation setup, whether at recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism or procrypticism from the insight of their respective prospective institutionalisation as the resolution in the form of base-institutionalisation, universalisation, positivism or deprocrypticism. The point is reality is as of ontological-normalcy/postconvergence and suprastructural and doesn't respond to and have nothing to do inherently with human mental-devising-representation incrementalism-in-relative-ontological-incompleteness and notional~disjointedness, as it is up to us to proxy to it and hence we can't say we want to think-one-way or we've-been-thinking-a-certain-way (as reference-of-thought–categorical-imperatives/axioms/registry-teleology) to naively imply that reality will and should comply, as failing/not-upholding-<as-of-aprioirising/axiomatising/referencing> reference-of-thought–categorical-imperatives/axioms/registry-teleology speak of human mental-devising-representation dead-ends and the need for paradigm shifts. Likewise, a suprastructural conceptualisation is one construed beyond and not limited to the (recomposured)-consciousness-awareness-teleology or mental-devising-representation of a registry-worldview/dimension reference-of-thought–categorical-imperatives/axioms/registry-teleology, i.e. not limited to its temporal conventioning compromise. In that sense, the knowledge-notionalisation is about 'a deterministic and operant construct preserving intemporality/longness as ontology'. This translates as:

- the grander problem of a subknowledging-impulse/compulsive-dementing with the instigation of recurrent-utter-uninstitutionalisation and its temporal social recurrency is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> (postconvergence and suprastructural) intemporal preservation as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm in all recurrent-utter-institutionalised human locales beyond just an extricatory paradigm of any human locale, requiring the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of recurrent-utter-uninstitutionalisation by a stranding-dialectics of prior/transcended/superseded recurrent-utter-uninstitutionalisation as preconverging-or-dementing–apriorising-psychologism, and prospective/transcending/superseding base-institutionalisation as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought and the deterministic and operant institutionalisation/intemporalisation resolution construct (and so, in an ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation of existentialism/full-depth-of-existential-implications from the transcended to the transcending);

- the grander problem of a subknowledging-impulse/compulsive-dementing with the instigation of ununiversalisation and its temporal social recurrency is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> (postconvergence and suprastructural) intemporal preservation as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm in all ununiversalised human locales beyond just an extricatory paradigm of any one human locale, requiring the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of ununiversalisation by

a stranding-dialectics of prior/transcended/superseded ununiversalisation as preconverging-or-dementing–apriorising-psychologism, and prospective/transcending/superseding universalisation as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought and the deterministic and operant institutionalisation/intemporalisation resolution construct (and so, in an ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation of existentialism/full-depth-of-existential-implications from the transcended to the transcending);

- the grander problem of a subknowledging-impulse/compulsive-dementing with the instigation of non-positivism/medievalism with such phenomenon as witchcraft and its temporal social recurrency is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> (postconvergence and suprastructural) intemporal preservation as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm in all non-positivism/medievalism human locales beyond just an extricatory paradigm of any one human locale, requiring the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of non-positivism/medievalism by a stranding-dialectics of prior/transcended/superseded non-positivism/medievalism as preconverging-or-dementing–apriorising-psychologism, and prospective/transcending/superseding positivism as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought and the deterministic and operant institutionalisation/intemporalisation resolution construct; and prospectively (and so, in an ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation of existentialism/full-depth-of-existential-implications from the transcended to the transcending),

- the grander problem of a subknowledging-impulse/compulsive-dementing with the instigation of procrypticism/disjointedness-as-of-reference-of-thought with such phenomenon as psychopathy and social psychopathy and its temporal social recurrency is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> (postconvergence and suprastructural) intemporal preservation as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm in all procrypticism/disjointedness-as-of-reference-of-thought human locales beyond just an extricatory paradigm of any one human locale, requiring the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of procrypticism/disjointedness-as-of-reference-of-thought by a stranding-dialectics of prior/transcended/superseded procrypticism/disjointedness-as-of-reference-of-thought as preconverging-or-dementing–apriorising-psychologism, and prospective/transcending/superseding deprocrypticism as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought and the deterministic and operant institutionalisation/intemporalisation resolution construct (and so, in an ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation of existentialism/full-depth-of-existential-implications from the transcended to the transcending).

* In other words, fundamental construal about the conceptual-and-institutionalisation-phenomena has to do with how any and all conceptualisations and meaningfulness harken back to 'intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', qualified as the very essence of intrinsic-reality as a suprastructural and ontological-normalcy/postconvergence conjoint-ontological-and-virtue-consistency upholding construct; and in so doing, explicates successive institutional-cumulation/institutional-recomposure existentialisms/full-depths-of-existential-implications. Hence the subknowledging-

impulse/compulsive-dementing/slantedness mechanism that induces perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in all institutional-cumulation/institutional-recomposure effectively define each registry-worldview/dimension respective uninstitutionalised-threshold while reflecting/perspectivating/highlighting its mental-devising-representation specific superseded/transcended 'stranding-as-(mentally) oblongated/decandored-and-dialectically-or-contendingly-out-of-phase' that is its uninstitutionalised-threshold (going by the 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought'). This transcended/superseded uninstitutionalised-threshold in the stranding-dialectics is a universal notion in establishing that that which is perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and therefore not ontologically-veridical (superseded/transcended stranding-as-mentally- oblongated/decandored-and-dialectically-or-contendingly-out-of-phase) or the uninstitutionalised-threshold, and that which is not perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and ontologically-veridical (superseding/transcending stranding-as-mentally-straight/candored-and-dialectically-or-contendingly-in-phase) or the institutionalised threshold. This is critical in overcoming our very own <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag inclination with respect to procrypticism, perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness, that is, positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), and so beyond our illusion-of-the-present/present-

consciousness as more of a veridical ontological-normalcy/postconvergence and suprastructural intrinsic-reality/ontological-veridicality to a veridical existentialism/full-depth-of-existential-veridical placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology (of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) over which memetic-reordering/psychoanalytic-unshackling can then occur. Otherwise, while such an insight is intuitive from our vantage positivistic registry-worldview point of reference with respect to prior registry-worldviews/dimensions dementability/stranding-dialectics, ours will carry a complex implying wrongly it is undementable and thus non-transcendable. Such 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' applies with regards to both psychopathic subknowledging-impulse/compulsive-dementing/slantedness and its corresponding postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation protraction as conjugation/inflection/deriving to temporal-dispositions implying consciously taking such insane-fitment mantle and acting like the psychopathic character once committed from ignorance (due to the postlogic inducing of a loss of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ that acts as a constrain to temporal-dispositions for institutionalisation); at which point for all effective-predicative practicalities the temporal-dispositions character is 'technically psychopathic'. This is the underlying basis for the development of social psychopathy. That is, after ignorance-temporal-disposition conjugation/inflection/deriving of psychopathic subknowledging-impulse/compulsive-dementing/slantedness postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation

protraction as assuming psychopathic subknowledging-impulse/compulsive-dementing/slantedness in ignorance and out of bad-or-wrong supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism, the other temporal-dispositions respectively involve: - (affordability-temporal-disposition) assuming psychopathic subknowledging-impulse/compulsive-dementing/slantedness in affordability and out of its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as uninstitutionalised-animality-threshold, - (opportunism-temporal-disposition) assuming psychopathic subknowledging-impulse/compulsive-dementing/slantedness in opportunism and out of its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as uninstitutionalised-animality-threshold, - (exacerbation-temporal-disposition) assuming psychopathic subknowledging-impulse/compulsive-dementing/slantedness in exercerbation and out of its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as uninstitutionalised-animality-threshold; - (social-chainism/social-discomfiture/negative-social-aggregation-temporal-disposition) assuming psychopathic subknowledging-impulse/compulsive-dementing/slantedness in social-chainism/social-discomfiture/negative-social-aggregation and out of its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as uninstitutionalised-animality-threshold; - (temporal-enculturation/temporal-endemisation-temporal-disposition) assuming psychopathic subknowledging-impulse/compulsive-dementing/slantedness in temporal-enculturation/temporal-endemisation and out of its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as uninstitutionalised-animality-

threshold. What is specific about a mental-devising-representation of psychopathic/postlogic perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and its protraction as social psychopathy to temporal-dispositions (not to be confused with the spontaneous supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex or prelogic-reflex-admittance-reflex or in-phase-reflex of wrongly implying prelogism-as-of-conviction-as-to-profound-supererogation as 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' wrongly implying logical nested-congruence–wrongly implying a logical contention); the specificity lies in the notion of 'EMPTINESS of psychopathic postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> and the conjugation/inflection/protraction of that EMPTINESS to the temporal-dispositions in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> postlogism conjoining-looping-sets-of-narratives--⟨construed-as-of-slanted-cohering-'unsoundness-or-inauthenticity-of-reference-of-thought'-of-the-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–and-avoiding-any-wrongly-implied-logical-processing-engaging⟩. It is the 'reflection/perspectivation' of this EMPTINESS of narratives/affirmations that is behind the notion of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and so as intemporal organic-comprehension-thinking insight over threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism distraction. In fact, the technique for preconverging-or-dementing–apriorising-psychologism involves mentally

2138

interceding/intermediating the reflected/perspectivated insight of a postlogic interlocutor's hollow-narratives or derived-hollow-narratives with emptiness to reflect/perspectivate its unsoundness-or-inauthenticity-of-reference-of-thought as a manifestation of registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> given the narrative notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>. It is critical to note that this EMPTINESS of mental-devising-representation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as the uninstitutionalised-threshold of (ontological-dementation/dialectical-dementation–stranding/attributive-dialectics) stranding-dialectics mentally-representing prior transcended/superseded registry-worldviews/dimensions as oblongated/decandored-and-dialectically/contendingly-out-of-phasing-or-dialectical-primitivity with respect to prospective transcending/superseding registry-worldviews/dimensions mentally-represented as mentally-straight/candored-and-dialectically-or-contendingly-in-phase; is the underlying process that permits the 'transcendental shifting of reference-of-thought (enabling ontological-normalcy/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) to the apriorising–registry of the prospective/transcending/superseding registry-worldview/dimension while the transcended/superseded registry-worldview/dimension is no longer a dialectically-in-phase reference-of-thought but of dialectically-out-of-phase meaningfulness-and-teleology perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to its preconverging-or-dementing–apriorising-psychologism. This process basically explains ontologically why and how humans from the very beginning to today are the same as it fundamentally grasps the dynamism of institutional-cumulation/institutional-

recomposure/memetic-reordering/psychoanalytic-reorientation that elucidates our human contiguous anthropological-continuity or anthropopsychology. Further, in the practical elucidation of social issues having to do with an issue of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> like psychopathy-and-social-psychopathy, it points out that the critical point is to understand what meaningful apriorising–registry is the 'veridical reference-of-thought' as reflected/perspectivated by soundness-or-authenticity-of-reference-of-thought/candoring-and-dialectically-or-contendingly-in-phase and what is rather non-ontological-and-non-contending-referencing-<thus-ontologically-or-contendingly-reflected-or-perspectivated-as-of-preconverging-or-dementing–apriorising-psychologism> and hence preconverging-or-dementing–apriorising-psychologism as reflected/perspectivated by mental-slantedness/decandoring-and-dialectically-or-contendingly-out-of-phase; and so in an underlying conceptual framework of ontology as an ideal that pulls the social towards the intemporal and the real nature of the social rather as a 'conventioning construct' that while susceptible to ontological/intemporal influence is equally the milieu of temporal drawbacks that need to be critically undermined including with 'knowledge-notionalisation' involving not only the study of the ideal but 'understanding how temporal-dispositions arise and work' to better skew/deferential-formalisation-transference for intemporality/ontology as institutionalisation/intemporalisation together with differentiating between good-naturedness which is rather impression-driven, vague and might actually be precarious by its meaningful disposition to extrinsic-attribution and associated perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and the-Good which is about understanding in ontological-primemovers-totalitative-framework how reality is/how things work to deliver virtue and hence is the basis for formalisations, and actually the 'deferential-formalisation-transference' has been the

process by which throughout human history, increasingly segments of social thinking (present-day subject-matters) are taken out of common hotchpotching and undisambiguated temporal-to-intemporal-dispositions in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ to be given 'formal deferential status' to ensure the supersedingness and internalisation of intemporal-disposition inclination to ontological-veridicality. This ontological-dementation/dialectical-dementation–stranding/attributive-dialectics insight brings up another definition of the psychoanalytic-unshackling/memetic-reordering/institutional-recomposure process relating human mental-devising-representation with the ontological-normalcy/postconvergence and suprastructural nature of intrinsic-reality, wherein we can imagine 'an initial state for memetic-reordering/institutional-recomposure of base-dementation and imagine a completed state of memetic-reordering/institutional-recomposure of non-dementation', with the underlying mental-devising-representation/(recomposure)-consciousness-awareness-teleology taking/institutionalising/intemporalising the abstract human mind from base-dementation to non-dementation; involving at successive uninstitutionalised-threshold of the institutional-cumulation/institutional-recomposure, social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, internal-contradictions induced from ontological-primemovers-totalitative-framework inoperance, stranding-dialectics divulging prospectively perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and intemporal projection superseding the transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-

desubjectified-as-objectified/ontological-bad-faith/nihilistic as of temporality, with corresponding formalisation and internalisation as values. While this process had occurred priorly rather beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> from base-institutionalisation, universalisation and up to positivism, it will possibly be more driven as-of-consciousness-awareness-teleology when it comes to attaining deprocrypticism as the latter registry-worldview/dimension is actually weaker than the preceding registry-worldviews/dimensions in eliciting a positive-opportunism and will more strongly depend on percolation-channelling of intemporality/longness to be realised. Preconverging-or-dementing–apriorising-psychologism as thus implied can be defined as reflecting/perspectivating/highlighting of the deficient mental-devising-representation (as so-referenced from ontological-normalcy/postconvergence so-construed as in prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as to suprastructural proxying of intrinsic-reality), beyond the deficient mental-devising-representation intradimensional representation of meaningfulness-and-teleology. The storying/narrating technique for relating preconverging-or-dementing–apriorising-psychologism will involve projecting suprastructurally and in ontological-normalcy/postconvergence in the transcending/superseding registry-worldview/dimension for 'ontological-reference meaningfulness' as the intemporal-disposition (in 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting organic-comprehension-thinking), while representing temporal-dispositions as rather in the transcended/superseded registry-worldview/dimension (preconverging-or-dementing–apriorising-psychologism) meaningfulness-and-teleology which is not-of-ontological-reference, and in the place of the temporal-dispositions (in-circumventive/distractive-temporal-prioritisation-of-reference-of-thought threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation—preconverging/dementing–apriorising-psychologisms) preconverging-or-dementing–apriorising-psychologism wrongful-stranding-as-mentally-straight/candored-and-dialectically-or-contendingly-in-phase, imply their rightful-stranding-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase; just as all prospective/transcending/superseding registry-worldviews/dimensions mentally-represent-and-relate-with their prior/transcended/superseded registry-worldviews/dimensions, even though all the latter naturally by <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag resist such representation by the former. Noting as well that teleologically, the transcending/superseding and the transcended/superseded are in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing. That is, the two 'reason pass each other' (wherein the transcending/superseding is organic-comprehension-thinking while the transcended is in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) as the transcending/superseding is involved in 'reasoning-through/over' and not 'reasoning-with' the transcended/superseded (this explains why transcendence is 'a registry-worldview's/dimension's institutionalisation-constraining/secondnaturing process' and not 'a first-naturing transformation process'), just as a positivistic mindset/reference-of-thought 'can only be in reasoning-through/abjection over' a medieval mindset/reference-of-thought and 'not reasoning-with' it as otherwise the former wrongly validates that there is no medieval mindset/reference-of-thought preconverging-or-dementing–apriorising-psychologism (that defines medievalism as stranded-as-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase given its defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as warranted for rational-empiricism/positivism but speaking of its comprehensive narratives

registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> given the rather continuous <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of medieval meaningfulness, and warrants in lieu of any pretence of medieval mindset/reference-of-thought contention, which is rather a manifestation of preconverging-or-dementing–apriorising-psychologism as medieval meaningfulness, a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for prospective positivistic mindset reference-of-thought–categorical-imperatives/axioms/registry-teleology in the first place for the notion of mutual contention to even arise) and in so doing wrongly validating the medieval meaningful frame (categorical-imperatives/axioms/registry-teleology-elements-of: implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) as mentally sound. It is the cause-and-effect-effective-predication by its grander grasp of intrinsic-reality that by way of untenability/internal-contradiction/internal-incoherence/institutional-constraining and social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ imposes cross-generationally the dominant as transcending/superseding meaningfulness over the dominated as transcended/superseded meaningfulness (there is no social-and-temporal-trading in that regard); as the intrinsic-reality that the transcending/superseding meaningfulness carries is suprastructural and ontological-normalcy/postconvergence and doesn't adjust to the mortals, that we are, 'social-and-temporal-trading', otherwise the supposedly transcending/superseding compromises itself with respect to intrinsic-reality and losses its pertinence as a proxying reference-of-thought to intrinsic-reality, to start with. Such

an insight can be garnered as, for instance, in the natural sciences we can't negotiate about gravity being 9.8 m/s^2, but with 'the social' which is rather 'emotionally involved', such negotiated social-and-temporal-trading idiocy is surprisingly quite recurrently articulated. It should be noted that the 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' in upholding a mental-devising-representation of temporal-dispositions as rightfully-stranded-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase (preconverging-or-dementing–apriorising-psychologism) is rather a comprehensive intemporality-preserving ontological-entrapment of the 'notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument' (i.e., absolving/fleeting/escaping-reflex-logic-by-psychopathic-in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>/other-temporal-dispositions-hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex in wrongly implying and exploiting the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex or prelogic-reflex-admittance-reflex or in-phase-reflex so as to wrongly align to the next looped narratives as straight/candored-and-dialectically-or-contendingly-in-phase whereas veridically these are also of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence as oblongated/decandored-and-dialectically-or-contendingly-out-of-phase or preconverging-or-dementing-and-not-thinking), as the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation> as to preconverging-or-dementing–apriorising-psychologism state of temporal-dispositions more than just about specific narratives rather reflects (preconverging-or-dementing–apriorising-psychologism of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> (beyond defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) as-registry-worldview-or-dimension-defect of recurrent (psychopathic) in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic, and (other-temporal-dispositions) hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> conjoining-looping-set-of-narratives-of-postlogic-narratives/cohering-logic-reflex by way of circumventive/distractive-temporal-prioritisation-of-reference-of-thought wrongly implying temporal-dispositions stranding-as-mentally-straight/candored-and-dialectically-or-contendingly-in-phase (wrongly implying 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought rather than preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought in veridicality), and recurrently undermined/corrected from an intemporal/reference-of-thought as rightfully-stranded-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase; and so, beyond a conceptualisation of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism but for 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics'

psychoanalytic-unshackling/memetic-reordering/institutional-recomposure exercise for prospective/transcending/superseding reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with respect to the prospective registry-worldviews/dimensions as base-institutionalisation, universalisation, positivism or deprocrypticism, which in so doing re-establishes ontological-contiguity in line with intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with a mental-devising-representation as stranded-as-mentally-straight/candored-and-dialectically-or-contendingly-in-phase. In fact, it is this latter veridical representation of the mental-devising-representation of temporal-dispositions as recurrently preconverging-or-dementing–apriorising-psychologism/subknowledging/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–with-corresponding <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag and the rightful-stranding-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase recurrently, for all registry-worldviews/dimensions (preconverging-or-dementing–apriorising-psychologism), that suprastructurally and in ontological-normalcy/postconvergence defines any specific registry-worldview/dimension dialectical-primitivity whether as recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism or procrypticism/disjointedness-as-of-reference-of-thought. The bigger point is that fundamentally it is impossible to conjugate/inflect/protract intemporality/longness out of demonstrated temporality/shortness (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>) as then one is just in <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag and wrongly implying the registry-

worldview/dimension is beyond transcendence or is non-transcendable (hence undementable/still-of-postconverging-or-dialectical-thinking–apriorising-psychologism) when in fact it is preconverging-or-dementing–apriorising-psychologism/subknowledging/registry-perverting-in <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag. This latter idea is actually the <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag reflex of all prior/transcended/superseded registry-worldviews/dimensions with respect to the suggestion of prospective/transcending/superseding registry-worldviews/dimensions, as we can appreciate from our vantage perspective at the backend of the institutional-cumulation/institutional-recomposure process to be rather not true with prior transcendences though we'll in turn obviously act by reflex in <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag with respect to the suggestion of prospective transcendence undermining our registry-worldview's/dimension's categorical-imperatives/axiom/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

The ontological-normalcy/postconvergence nature of intrinsic-reality as such explains why ontological-veridicality is rather a reasoning-through/abjection to apprehend intrinsic-reality, over incrementalism-in-relative-ontological-incompleteness and notional~procrypticism/notional~disjointedness-as-of-reference-of-thought which is more about 'transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing human conceptual elucidation of reality' (given that the former emphasises ontological-primemovers-totalitative-framework as all-determinant); with reasoning-through/abjection generally implied in formal constructs and settings as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework

settings while informal constructs and settings tend more to incrementalism-in-relative-ontological-incompleteness and notional~procrypticism/notional~disjointedness-as-of-reference-of-thought and hence are highly teleologically-degraded as impression-driven/good-naturedness settings. The reason is that formal constructs and settings emphasise 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting in longness-of-register-of-meaningfulness-and-teleology and hence are equally highly deferential whereas informal constructs and settings do not constrain temporal-dispositions and hence are highly subjected to circumventive/distractive-temporal-prioritisation-of-reference-of-thought in shortness-of-register-of-meaningfulness-and-teleology and are unsurprisingly rather not deferential given that they are opened to hotchpotching/undisambiguation of temporal-to-intemporal-dispositions. 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting points out that conventioning constructs like sub-par/formulaic-association/temporal/alibi conventioning-rationalising do not supersede the ontological-normalcy/postconvergence and suprastructural nature of intrinsic-reality/intrinsic-veridicality, as may be naively advanced with circumventing/distractive-temporal-prioritisation-of-reference-of-thought, such that just as the conventioning construct of non-positivism/medievalism cannot be evoked to imply that with respect to a non-positivism/medievalism mindset/reference-of-thought a prospective positivism mindset, which is the outcrop of an 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting exercise in non-positivism/medievalism registry-worldview/dimension, is unwarranted. Likewise, it is rather naïve and ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag to advance circumventive/distractive-temporal-prioritisation-of-reference-of-thought concerning psychopathic and its social psychopathic collorary (perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) in wrongly implying that a deprocrypticism ontological-escalation/aetiologisation is unwarranted. More like the evocation of circumventive/distractive-temporal-prioritisation-of-reference-of-thought about a past war criminal or rapist based on conventioning constructs like their being in the past, their settled lives, etc. doesn't dispense them from 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting, the need for their judgment and/or in advocating unfailingly/infallibly the uncompromising notions against rape or war crimes, and so without conjugating/inflecting/deriving any excepting human temporal circumstances into it by circumventive/distractive-temporal-prioritisation-of-reference-of-thought. This further point to the dichotomy between temporal-compromising-conventioning and ontology, with a registry-worldview's/dimension's institutionalisation dialectics wherein ontology as reference-of-thought/ontological-normalcy/postconvergence/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation perpetually elevates conventioning. This further translates in the conceptualisation of value-and-valor with the implication that while aspiring for temporal values and valor may be the standard <~~amplituding~~/formative>wooden-language-(imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>) perception, however, grander value and valor effectively lies in the universalising and philosophising orientations (as ontological-profoundness-of-thought/ontological-normalcy in contrast to conventioning-profoundness-of-thought/intradimensional-subknowledging-normalcy) that enable the possibility, the construct and the upholding of human emancipation across successive registry-worldviews/dimensions in the very first place, that is, emancipation into base-institutionalisation, universalisation, positivism and prospectively deprocrypticism. Aristotle's advocating of the 'golden mean' is

more of a heuristic and aesthetic notion but doesn't has an ontological-basis as it is rather an impromptu articulation of a sense of desirability but fundamentally lacks the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework reference of ontological-contiguity but for naively and wrongly implying good-natured qualities as being ontological (rather than the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation validated by ontological-contiguity or a ratio-conguity notion), and since the ontological-contiguity—of-the-human-institutionalisation-process shows that 'good-naturedness', without the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework as of ontological-contiguity, fundamentally has little import or worst bad implications. The truest value and valor resided in what Aristotle and other thinkers or even prophesiers were striving for actually. Aristotle nor Socrates nor Plato nor the prophets (working rather more assertively on supernatural paradigms) nor latter thinkers like Descartes, Kant, Darwin, Leibniz, Rousseau strove for the golden mean in their overall endeavours. Rather from an ontologically verifiable reality as a the-Good/understanding/ontological-primemovers-totalitative-framework/ontological-contiguity they actually aspired for 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting, that is, they were prioritising and focussing on that which establishes universal and philosophical principles as first-order-ontology for-prospective-living as the backdrop for enabling better human emancipation and living (even though where relevant this will subsume-as-supplant-⟨as-of-relatively-more-profound-construal-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context⟩ the golden mean into 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting but with the latter rather superseding/encompassing it). It is the establishment of such first-order-

ontology for-prospective-living as base-institutionalisation, universalisation, positivism and prospectively deprocrypticism which are of transcendental nature as 'shaping the human psyche' and providing the emancipatory umbrella for second-order-ontology and their temporal yearnings which are rather non-transcendental and cannot structurally resolve fundamental issues, and of circular institutionalised-being-and-craft. A Rousseau may not be the 'shrewdest aristocrat' in terms–as-of-axiomatic-construct of the ordinary value of personal gain of the medieval world but the first-order-ontology resolution of issues of social emancipation passes by his and likeminded first-order-ontology philosophical projection. This certainly applies with regards to defining transformative impact of transcendental constructs across all registry-worldviews/dimensions that does not compare with ordinary being-and-craft second-order-ontology sense of value which is rather intradimensionally circular and is hardly of the intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm addressed from first-order-ontology constructs. Granted if humans had absolute mentation capacity then 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting will be skewed ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) or rather supersede/encompass all such desirabilities implied by the golden mean. However, we don't have absolute mentation capacity and the most intemporal of our dispositions should take pride of place in defining our achievement motives whether as philosophies, causes, skillsets and talents in our value and valor aspirations, in line with the notion of a true principle, with the implication that such value and valor is capable of rationally upholding itself and its registry-worldview prospectively when implied universally. Such an insight can further be expanded thus, it is critical to note that the institutional-cumulation/institutional-recomposure

are developments of human mentation capacity in grasping its 'internal ontological-reconstituting–as-of-conflatedness/deconstruction intermediating environment' and the external environment. The former refers to the teleological devised representation of the relationship with the external environment like language, organisation, culture and other institutional construct by which it existentially accesses the external environment. In effect, though counterintuitive, human registry-worldview's/dimension's institutionalisation is actually an 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation preemptive construct which paradoxically elicits devised mentation that goes on to build the 'internal ontological-reconstituting–as-of-conflatedness/deconstruction) intermediating environment'. Thus in effect base-institutionalisation is the outcome of the 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation preemption of recurrent-utter-uninstitutionalisation (recurrentas <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag for preconverging-or-dementing–apriorising-psychologism/subknowledging/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>), universalisation is the outcome of the 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation preemption of ununiversalisation (preconverging-or-dementing–apriorising-psychologism/subknowledging/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–and–<amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of base-uninstitutionalisation), positivism is the outcome of the 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation preemption of non-positivism/medievalism

(preconverging-or-dementing–apriorising-psychologism/subknowledging/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–and–<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of universalisation) and prospectively, deprocrypticism is the outcome of the 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation preemption of procrypticism, so construed by 'deprocrypticism ontologically-perspectival-elevated/pedestaling-as-postconverging-or-dialectical-thinking-differentiation-as-of-supratransversality—apriorising/axiomatising/referencing'; and so, in the relation between human developing mentation capacity and suprastructural-and-postconvergence-intrinsic-reality in ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). In this regard, transcendental institutionalisation is basically an 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation preemptive conceptualisation. Such ''Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation preempting that actually create institutional-cumulation/institutional-recomposure' is in fact the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework which in the face of ontological-normalcy as prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation harkens back to ontological-primemovers-totalitative-framework to establish prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (as the corresponding mental-devising-representation of the 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' as stranding-as-mentally-

straight/candored-and-dialectically-or-contendingly-in-phase) to-meet-up/proxy-with the ever dialectically suprastructural and ontological-normalcy/postconvergence intrinsic-reality, explaining the institutionalisations as base-institutionalisation, universalisation, positivism and prospectively deprocrypticism, as reflected/perspectivated by their organic-comprehension-thinking. This contrasts with the defective good-natured construct as impression-driven and intradimensionally-tied and all so apt to existentially fail ontological-normalcy/prospective-transcendence-in-perpetually-failing-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as it is rather tied to and proxies, by mere form, with intradimensional reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation irrespective of whether these are failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; and thus as the corresponding mental-devising-representation of the 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' as stranded-as-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase, explaining the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>, reflected in terms–as-of-axiomatic-construct of registry-teleology-mentation, behind this mental-devicing-representation of the registry-worldviews/dimensions of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism, and prospectively procrypticism as reflected/perspectivated by their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism.

Briefly, such an anthropopsychological/the-anthropological-continuity conceptualisation as articulated above further enables the insightful conceptualisation of

'ontological-primemovers-totalitative-framework retracing (for temporal-to-intemporal-dispositions disambiguation articulation) analysis' as expanded upon below, in the 'ephemerality that is the social-construct', on the basis of an ontological-normalcy/postconvergence intemporal-preservation-entropy-or-contiguity–or–ontological-preservation understanding of the social-construct. This is central in articulating a 'creative existentialism (full-existential-depth-implications) storying construal' which is 'profoundly ontological', with psychoanalytic-unshackling/memetic-reordering/institutional-recomposure possibilities for transcendental institutionalisation/intemporalisation of deprocrypticism (superseding the vices-and-impediments of procrypticism):

- Institutionalised/uninstitutionalised thresholdings of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation

- Stranding-dialectics-in-a-contiguity-of-increasing-ontology/ontological-normalcy/postconvergence in dialecticism of contrastive <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-wrongfully-as-straight/candored and stranding-rightfully-as-rightfully-oblongated/decandored.

- ontological-normalcy/postconvergence (as ontological-reconstituting–as-of-conflatedness/deconstruction for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) assumptive construal along the three pedestals: the given ontological/intemporal-disposition pedestal (organic-comprehension-thinking), slantedness/insane-fitment (psychopath's 'epistemically-decadent in notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>' denaturing of ontologically-veridical/ontologically-continuous meaning), and temporal-dispositions notional-discontiguity/epistemic-discontiguity-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-

dereifying-hollow-narratives-and-acts'>-contiguity with temporal conjugating pedestals, denaturing of ontologically-veridical/ontologically-continuous meaning (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism

- (ontological/intemporal-disposition) organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) in dialectic contrast to (temporal-dispositions) threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism with regards to depth of issues arising from deductive narratives, life episodes, life schemes, general existential being dispositions and specific existentialism/full-existential-depth-implications about the registry-worldview/dimension. * In the bigger scheme of things, anthropopsychology as the-anthropological-continuity as implied by intemporal-preservation-entropy-or-contiguity–or–ontological-preservation relation to reality as ontological-normalcy/postconvergence/precedingness points out that at registry-worldview/dimension-level ontology as the transcending dimension is veridically an abject organicalism (organic-comprehension-thinking) over mechanicalism (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism which is the transcended dimension. Further, such abject organicalism (organic-comprehension-thinking) in implying registry-worldview/dimension transcendence takes stock of human perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in full dispositional capacity (as such manifestation in dispositional perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> fullness in particular

highlights a highly compromised and teleologically-degraded social-construct validating such abject organicalism even if it seem counterintuitive to the transcended registry-worldview's/dimension'sillusion-of-the-present perception. * So it is important to understand with regards to psychopathy and social psychopathy that the level of profoundness of its manifestation and consequences is directly related to the level of the associated perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> compromised and degradation of the social construct!)

- the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework temporal-to-intemporal-dispositions disambiguation (straightness-to-slantedness/candored-to-decandored) human ontological-primemovers-totalitative-framework disposition which is ontological correct as contrasted to an ontologically wrong impression-driven/good-naturedness/wishfulness conceptualisation which wrongly references as human ontological-primemovers-totalitative-framework just an intemporal-disposition universally among all humans (straightness/candored only), at uninstitutionalised-threshold; while the latter will tend to be ontologically impertinent and wrong as it doesn't account for temporal-dispositions and is hence not capable like the the-Good conceptualisation, working with what veridically is, to anticipate and preempt subknowledging/mimickingas <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag to achieve veridical ontological/intemporal virtue.

- 'Disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' (speaking-abstractly-to- metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation/a-deterministic-and-predicative-

'being-construal' as contrasted to just an 'act construal') to reflect by stranding (as decandored/oblongated) to represent the 'existential being ontological-primemovers-totalitative-framework' in an ontological entrapment of institutionalisation/intemporalisation percolation-channelling at the uninstitutionalised-threshold.

- Institutional recomposuring implying that the fundamental issue of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework ontological-primemovers-totalitative-framework across all registry-worldviews/dimensions for survival-and-flourishing along the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is about 'temporal-to-intemporal-dispositions disambiguation and skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference for the intemporal-disposition' but dealt with indirectly progressively by organising rules constraining as base-institutionalisation, projecting rules constraining as universalisation, empirical rules constraining as positivism and coming full cycle with deprocrypticism for a direct treatment as 'temporal-to-intemporal-dispositions disambiguation and skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference for the intemporal-disposition rules' as deprocrypticism.

*Such 'CREATIVE EXISTENTIALISM (FULL-EXISTENTIAL-DEPTH-IMPLICATIONS) STORYING CONSTRUAL' will utilise the 'ontological-primemovers-totalitative-framework-retracing (for temporal-to-intemporal-dispositions-pedestals-disambiguation) as reference-of-thought-scheme' to articulate relevant issues of 'socially-perceived-value as of social-stake-contention-or-confliction' together with the implied

percolation-channelling for transcendence highlighting for such successive issues the temporal-to-intemporal-dispositions teleologies involved, analogical to concentric-cycles of teleological storying development, as follows: ONTOLOGY-CYCLE-TELEOLOGY (as organicalism teleology or intemporally/ontologically-given teleology)—EPISTEMIC-DECADENCE-CYCLE-TELEOLOGY (as in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic in-a-notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> teleology or distractive-slantedness teleology or meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated teleology; striving to undermine organicalism-or-intemporally/ontologically-given teleology)—to—EPISTEMIC-DECADENCE-CYCLE-TELEOLOGY (as notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument teleology or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism aligning to meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated teleology; with the temporal-dispositions teleologies of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s as these integrate/align-in-conviction-as-to-profound-supererogation-to psychopathic postlogism-slantedness in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>

resulting into their miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising)—to—ONTOLOGICAL-ESCALATION-TELEOLOGY (as ontological entrapment involving an intemporal teleology for stranding the temporal-dispositions as oblongated/decandored and 'dialectically-aligning-out-of-phase/dialectically-primitive with them', as the backdrop for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism transcendence principle teleology. That is, relating to them as 'dialectically-or-contendingly-out-of-phase' with respect to the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or ontological-contiguity/ontological-normalcy/postconvergence at the procrypticism uninstitutionalisation). And all these, as temporal-to-intemporal-dispositions disambiguation conceptualisation of perverse/low teleologies to higher teleologies. (That is, temporal-to-intemporal-dispositions teleological reference of solipsistic grandeur as the differentiating element of characters supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism depth highlighting-and-tracing the ontological-primemovers-totalitative-framework, based on the fundamental fact that 'registry/soundness-or-authenticity-of-reference-of-thought precedes logic'. This equally explains the reason for stranding-dialectics including with regards to registry-worldview/dimension stranding where the veridicality of the ontological-primemovers-totalitative-framework narratives is shown to be of perverse/low teleology ontologically speaking). The 'ontological-primemovers-totalitative-framework-retracing (for temporal-to-intemporal-dispositions disambiguation) scheme' is equally critical in other respects. It rightfully prevents the ontological mental-devising-representation from being flipped from formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism narratives in preconverging-or-

2161

dementing–apriorising-psychologism and wrongly represented parasitising/co-optingally as prelogic/conviction-as-to-profound-supererogation-or-ontologically-veridical narratives to be contended with rather than being rightfully reflected/perspectivated (in-reasoning-through-and-not-reasoning-with) as manifestations of unsoundness-or-inauthenticity-of-reference-of-thought-and-protracted-unsoundness-or-inauthenticity-of-reference-of-thought/subknowledging/mimickingas ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, as it is rightfully perceived during the psychopath's childhood when the psychopath is 'delirious' as at the underdeveloped stage it is not decisively maturated, not decisively indirect, not decisively spatialising, not decisively credulous and not decisively crafty). Thirdly, the 'ontological-primemovers-totalitative-framework-retracing (for temporal-to-intemporal-dispositions disambiguation) scheme' equally prevents the relaying of the postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as of formulaic–compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation initiated from the psychopath to its interlocutors, to wrongly imply that the veridicality of its interlocutors narratives induced postlogicly as of preconverging-or-dementing–apriorising-psychologism then wrongly become as of postconverging-or-dialectical-thinking–apriorising-psychologism, and as this conjugates/inflects (in-mimicking-protraction) with the temporal-dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, and inducing miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising/temporal-enculturation-or-temporal-endemisation. Finally, the 'ontological-primemovers-totalitative-framework-retracing (for temporal-to-intemporal-dispositions-pedestals-disambiguation) as reference-of-

thought-scheme' allows for the possibility of a registry-worldview/dimension transcendence by reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) both psychopathic postlogic subknowledging-impulse/compulsive-dementing (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>/non-ontological-reference/non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing–apriorising-psychologism/not-veridical-thinking-reference-rather-compulsive-slanting—preconverging-or-dementing-apriorising-reference/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–and-not-of-logical-contention) and the conjugated/inflected/derived temporal-dispositions epistemic-decadence (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-contiguity-as-absolving/fleeting/escaping-reflex-logic-or-hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-which-is-not-of-ontological-reference/not-of-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing-since-it-is-not-of-veridical-thinking-reference-rather-preconverging-or-

dementing-reference/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–and-not-of-logical-contention) as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, then stranding-as-mentally-oblongated/decandored-and-dialectically-out-of-phase/dialectically-primitive of the said superseded/transcended registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology, thus articulating the temporal backdrop needing a furtherance of institutionalisation/intemporalisation as new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for the superseding/transcending registry-worldview/dimension. Without the 'ontological-primemovers-totalitative-framework-retracing (for temporal-to-intemporal-dispositions-pedestals-disambiguation) as reference-of-thought-scheme' all the above will be hardly attainable as the basic fact that the 'conviction-as-to-profound-supererogation-reflex/prelogic-reflex-admittance-reflex/in-phase-reflex

instead of rightly aligning by the dialectically-or-contendingly-out-of-phase reflex or transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing reflex)' is a 'soundness-or-authenticity-of-reference-of-thought' functional mechanism which can only be superseded priorly in habituation of the 'effective reality of a unsoundness-or-inauthenticity-of-reference-of-thought' of psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and other temporal-dispositions postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> s which are rather in perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-

contiguity–or–ontological-preservation of positivistic meaningfulness at the procrypticism registry-worldview's/dimension's uninstitutionalised-threshold.

Of course, this is more like a 'notional template' in a 'dynamics of benign implications to grave existentialism/full-existential-depth-implications' articulated over a functional social-construct which however 'endemises psychopathy and social psychopathy rather at the uninstitutionalised-threshold of the positivistic meaningfulness reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> known as procrypticism preconverging-or-dementing–apriorising-psychologism, requiring futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalisation/intemporalisation (for the furtherance of the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or ontological-contiguity/ontological-veridicality). Further, it is important to appreciate that just as with the profoundness of treatment of subject-matters and specialisms (and even more so with regards to 'the social' given its characteristic 'emotional involvement' aspect), corresponding subject-matter 'focussing of analysis and jargon' will seem rather unusual and unnatural to 'ordinary thinking'. But then 'ordinary thinking' is responsible for mostly nothing, if not thinking mostly in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩, and cannot be made a reference of formal thinking as issues requiring profound treatment invariably are construed based mostly on unordinary formal constructs which, granted, should be able to ultimately by their ontological-primemovers-totalitative-framework demonstrate that such formal constructs are the best ontological and virtue conceptualisation with regards to the issue or

domain of concern. That's why the populace is not asked its opinion about the law or astronomy or medicine, for instance, as the need for deferential-formalisation-transference arises for the effective ontological/intemporal treatment of domains of reality but for when the issues at stake require a sovereignty exercise requiring individuals informed consent whether political or decisional or rather as social learning/inculcation exercise; but then sovereignty exercises are not pure knowledge/ontological constructs but for the construals/conceptualisations of inherently sovereign choices as knowledge/ontological constructs of the sovereign choices. Thirdly, the conceptualisation of this paper is rather unusual and unordinary as it is transcendental by its construct and the implied registry-worldview/dimensions successive existentialisms/full-depths-of-existential-implications, and even further unusual by its phenomenological and hermeneutics methodological approaches, which frankly speaking is the only way to creatively garner such insights in broad strokes. Like with all transcendental constructs, which by definition tend to put the usual/ordinary in question, it is not surprising that it will sound highly alienating to ordinary ways of thought. However, its ethos is that it is coming from a depth of conceptualisation that is more profound than our ordinariness when it grasps that other institutionalisations whether as recurrent-utter-uninstitutionalisation, base-institutionalisation–ununiversalisation, universalisation–non-positivism/medievalism, positivism–procrypticism, and prospectively deprocrypticism, had their own 'ordinariness' in ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag no less than we do, and that the underlying ontological reasoning is beyond the illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage as metaphysics-of-presence, of any registry-worldview/dimension including our positivistic meaningful frame, to arrive at a superseding and more profound ontological-veridicality or grasp of intrinsic-reality with corresponding illuminating implications. In that sense, an

argument of the type our society is great as it is, will then be meted with a same argument that there were great things happening in medieval times as well and maybe we shouldn't have transcended into positivism; speaking of a fundamental solipsistic ontological-bad-faith/inauthenticity. One could argue in the logic of those times, the serfs were doing great feeding themselves, as many did argue; and there was no need for science, as many did argue, etc. The fact is we are the outcrop of the possibility and potential for human transcendence before which doesn't end with us but proceeds to undermine our own registry-worldview/dimension as well. Fourthly, it is obvious that if and where what is factored in is only the folksy lifespan perspectives of individuals existentialism/full-depth-of-existential-implications of shallowness of scale and time, without the requisite philosophical depth requiring a profound appreciation, understanding and insights from 'humanity existentialism/full-depth-of-existential-implications level scale and time' which easily gets lost, and thus this bigger pursuit of this paper will be lost and misunderstood by such a shallowness of scale and time of thought, and non-contemplation and pseudologism as a mark of banality/folksy-logic. It is inevitable, as has been the case throughout the human past, that transcendental ideas are inevitably suprastructural/beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>   of   the <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag registry-worldview/dimension in which such notions are being advanced in. Fifthly, it is more likely that a banal/folksy inclination may hardly appreciate the difference between the outcome of a mindset/reference-of-thought as a secondnaturedness and internalisation construct across successive institutionalisations with their requisite psychoanalytic-unshackling, memetic-reordering and institutional-recomposure induced from intemporal individuation disposition, and correspondingly differentiate between being so-institutionalised with a secondnatured and internalisation

mindset/reference-of-thought and the intemporal–individuation disposition that will equally be responsible out of mere intemporal-solipsism as to ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality (and no secondnaturing and internalisation) for institutionalising/intemporalising with regards to the present registry-worldview/dimension at its uninstitutionalised-threshold that will be behind the secondnaturing and internalisation of prospective registry-worldview/dimension. This 'existentialism/full-depth-of-existential-implications form-factor' is the reflection of the contiguity of successive existentialisms/full-depths-of-existential-implications across varying meaningful frames, references and registry-worldviews/dimensions; and is abstractly determined by the ontological-normalcy/postconvergence nature of intrinsic-reality/ontology (ontological-normalcy) whatever the institutional-cumulation/institutional-recomposure, and inherently implies 'a universal existentialisms/full-depth-of-existential-implications form-factor across institutionalisations' though of differing 'snowballed recomposuring' of meaningfulness and reference-of-thought, defining their specificities and potentials.

This is just a basic anthropopsychology/the-anthropological-continuity elucidation which while original and useful on its own right, is equally pertinent for an insight in the social manifestation of psychopathy. Besides, one can imagine that a thorough grasp and creative application of the stranding-contiguity-of-ontology or ontological-normalcy or postconvergence drive, as this psychologically reflects/perspectivates dialectically stranding-dialectics or ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase of mental-devising-representation by which human transcendences occur can ultimately be the avenue for

liberating the human mind to its full potential and directed transcending capacity. That is, transcendental capacity not only by way of a spontaneous and natural dialectical cycle of social constraints of stakes and confliction behind the 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure history but a 'consciously directed' abstract understanding, more like deprocrypticism-over-procrypticism could-be and would-need-to-be relatively highly consciously directed given the relatively lower immediate positive-opportunism (for survival-and-flourishing to the cross-section of human temporal interests) compared to the lower transcendences like base-institutionalisation, universalisation and positivism, but for its abstract veridical pertinence and potentially grander possibilities in the institutionalisation/intemporalisation percolation-channelling. Such a veering to the creatively abstract, with respect to the philosophical and the social sciences, but nonetheless ontologically veridical will be liberating/emancipatory from the 'spontaneously natural dialectical cycle of human progress' and is increasingly certain to be the defining feature of human civilisation.

It should be noted that Entropy as defined ('intemporal-preservation-entropy-or-contiguity–or–ontological-preservation re-institutionalisation') relates that the intemporal-preservation-institutionalisation entropy is the preceding-and-defining reference for the hermeneutic-referencing of the ontological meaning of all other associated conceptualisations and notions. (By ontological meaning is implied intemporal/veridical/purism/operant-construct/predicative-effectivity–sublimation-⟨as-to-underlying-ontological-commitment⟩ meaning or ontology/reality-centered-meaning as contrasted to temporal/non-veridical/compromised/non-operant-and-vagueas ⟨~~amplituding~~/formative⟩epistemic-

totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag meaning or metaphysical/speculative/banality/social-discomfiture/temporal-human-centered meaning).

Central to the hermeneutics approach towards elucidating psychopathy and the underlying psychological science is a method I qualify as 'referentialism' which makes reference to the supersedingness/precedingness of the 'intemporal preservation institutionalisation/intemporalisation entropy/contiguity' before articulating concepts and notions in referential and organic elucidation of the entropic construct. Referentialism as such is actually central to the spontaneity required in hermeneutics. It differs from the traditional scientific categorisation of concepts and notions, in that referentialism implies a highly contiguous, circumstantial and dynamic referencing elucidating of the superseding/preceding entropic notion while categorisation tends to be basically constitutive, definitive and 'weakly contiguous/relatively-fragmented overall' in its elucidation of notions, concepts and ideas. Categorisation has been very efficient with the physical and biological sciences with its classification approach enabling a profoundness of analysis while enabling excellent subject matter organisation. However, this author is of the opinion that categorisation as an approach is actually less efficient in the social sciences (and notions of an ephemeral character) as it underemphasises the 'organic dynamism' of social concepts and often leads to relatively trite classification schemes that are often inoperant or poorly operant given the relative ephemerality of the social world (a weakness of many categorisation classification schemes in the social sciences). On the other hand, referentialism carries the promise of 'point-referencing' notions and concepts in a contiguously dynamic, evolving and ontological-reconstituting–as-of-conflatedness/deconstruction way, putting emphasis on the relative relation of concepts and notions towards the central notion in its dynamic entropic conceptualisation. This author is also of the opinion that referentialism is actually the natural human cognitive development approach to acquisition and classification of knowledge with

emphasis on 'the organic dynamics of understanding' wherein a child for instance doesn't necessarily grasp outright the fullness of concepts-of-meanings but rather the 'relevant dynamic contextualisation of meanings' ensuring a strongly operant and 'wealthy' relationship with meaning in the social context. 'Intemporal-preservation-entropy-or-contiguity–or–ontological-preservation re-institutionalisation' with respect to uninstitutionalised-threshold of registry-worldviews/dimensions, can be construed as follows:

Supposed all humanity across space and time that ever existed was just 'one human temporal-to-intemporal individuation', the process of general-institutionalisation from recurrent-utter-uninstitutionalisation to base-institutionalisation–ununiversalisation to ununiversalisation–non-positivism/medievalism to positivism–procrypticism, and prospectively to deprocrypticism, is actually one same process but for 'lack of the human-mentation-capacity and need for time for the cumulation of the mentation-capacity' (lack of 'brain capacity') to get it all right from the start (i.e. to fully grasp deprocrypticism starting from recurrent-utter-uninstitutionalisation to base-institutionalisation–ununiversalisation to ununiversalisation–non-positivism/medievalism to positivism–procrypticism as convergent concepts towards deprocrypticism (as 'longness-of-register-of-meaningfulness-and-teleology over shortness-of-register-of-meaningfulness-and-teleology in reflecting the ontological-contiguity—of-the-human-institutionalisation-process, as induced by maximal-as-intemporal-operating-modality-of-reference-of-thought-as-of-maximalising-recomposuring-for-relative-ontological-completeness-as-inducing-the-prospective-institutionalisation' and involving more profound/richer ontological-levels over shallower/poorer ontological-levels; with deprocrypticism thus implying a 'full-cycle ontological-contiguity—of-the-human-institutionalisation-process undermining of subknowledging/mimicking/emanant-uninstitutionalisation-disposition'). Thus the successive institutionalisations are thus construed as 'levels of compromise' allowing for sufficient human limited-mentation-

capacity-deepening-⟨~~amplituding~~/formative⟩epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ to handle the requisite transcendence even if from the very start the human doesn't get a grasp of 'higher institutionalisation/intemporalisation registry-worldviews/dimensions' all-at-once/as-a-whole but achieves the 'comprehensive institutionalisation/intemporalisation frame' only at deprocrypticism; as it goes on to take on the successive challenges of base-institutionalising, then universalising, then positivising, and finally with deprocrypticism absolute ontological-contiguity by undermining 'disjointedness-as-of-reference-of-thought'-as-misappropriated-meaningfulness-and-teleology-in-arrogation' (longness-of-register-of-meaningfulness-and-teleology over shortness-of-register-of-meaningfulness-and-teleology). It should be noted that the issue of procrypticism had always been present at all times of human existence but the natural priority going by human shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ was first to have a base-institutionalisation institutionalisation, universalisation institutionalisation, positivism institutionalisation before prospectively deprocrypticism institutionalisation; more precisely, previous institutional-recomposures are indirectly (skewing towards) addressing base-institutionalisation, universalisation, positivism and deprocrypticism, up to the point of the respective institutionalisation/intemporalisation-recomposure where the reference-of-thought-as-the-registry-worldview is directly addressed. This thus explains ontological-normalcy/postconvergence across human mental-devising-representation as changes to accommodate intrinsic reality by psychoanalytic-unshackling/memetic-reordering/institutional-recomposures of successive illusions-of-the-present/present-consciousnesses/epistemic-totalising~self-referencing-syncretising/mirage at these successive institutionalisation/intemporalisation levels including the positivism–procrypticism institutionalisation/intemporalisation, towards intrinsic-reality/ontological-veridicality; that

has and will never change, and by way of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework inducing of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-⟨~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ and internal logical coherence/contradiction this then validates the need for human psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. In the bigger scheme of things, it points to the fact that ontologically for the full potential of human science, this should be 'rising from this fundamental philosophical depth/profoundness of thought' to then transversally address the issues it raises while projecting prospectively.

A further insight can be grasped regarding the relationship between psychopathy, anthropopsychology/the-anthropological-continuity, veridicality (intrinsic reality/ontological representation), non-veridical reality (illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage as metaphysics-of-presence), human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology, and registry-worldviews/dimensions (of institutionalisation/intemporalisation, universalisation, positivism, and prospectively deprocrypticism). Psychopathy points to the psychopath's postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> but postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> is equally socially conceptualised. Postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-

subknowledging or meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated is not veridical and its genuine mental-devising-representation is 'a slantedness of the mind/mental-slantedness' (distractive-alignment-to-reference-of-thought /dialectically-or-contendingly-out-of-phase/dialectically-primitive), as there 'can't be mutual logical operation/no logical nested-congruence' between non-veridical postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and veridical prelogism-as-of-conviction-as-to-profound-supererogation, but for a dialectically-or-contendingly-out-of-phase (as-the-temporal-mind-is-dialectically-out-of-phase) 'ordered construct from the superseding registry-worldview/dimension validated by ontological-primemovers-totalitative-framework and implying a psychoanalytic-unshackling of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview'. For instance, there isn't any logical nested-congruence between the non-positivism/medievalism mindset/reference-of-thought and the positivistic mindset). A positivistic mind can't explain the denaturing of the notion of witchcraft to a non-positivism/medievalism mindset as the state of being of non-positivism/medievalism means we make reference to non-positivism/medievalism reference-of-thought–categorical-imperatives/axioms/registry-teleology that end up endemising/enculturating such superstitious notions. Logic as logical-congruence only arises where there is a mutual registry-worldview reference-of-thought–categorical-imperatives/axioms/registry-teleology. What is thus needed is a 'psychoanalytic-unshackling/memetic-reordering/institutional-recomposure' of the medieval mindset/reference-of-thought (which is subknowledging/mimicking) wherein the untenability/internal-contradiction/internal-incoherence/institutional-constraining generated by the positivist's scientism (superseding)

2174

makes the medieval mind put in question its reference-of-thought–categorical-imperatives/axioms/registry-teleology in the very first place. This 'psychoanalytic-unshackling process' equally applies prospectively (regarding the positivism–procrypticism and the deprocrypticism registry-worldviews/dimensions). In the phenomena of social psychopathy, it is important to grasp that the reflex to mentally represent the narratives of the psychopath and the protraction of the narratives by temporal supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism minds as 'straightness/candor/organic-comprehension-thinking of mind' is wrong, 'overcoming the mental-slantedness/decandoring/distractive-alignment-to-reference-of-thought is thus called for, more like we perceive the 'slantedness of a childhood cinglé' (in terms–as-of-axiomatic-construct of the mental state of the psychopath as well as its protraction on the psychopath's interlocutor). In other words, *the mind is actually a mental devising tool' whose veracity/ontological-pertinence must be validated by an abstractly veridical intrinsic-reality/ontological-veridicality. In other words, the abstract grasp of intrinsic-reality/ontological-veridicality defines mental-devising-representation as the latter is not inherently given (it is a devising tool validated by abstract intrinsic-reality/ontological-veridicality established by ontological-primemovers-totalitative-framework. For instance, while the traditional reflex of the human mental-devising-representation is disposed to think otherwise, Einstein theory-of-relativity abstraction, and likewise with many conceptualisations of a doppler-thinking nature, is more real by its ontological-primemovers-totalitative-framework, thus pointing to the error of the human reflex/impulse thinking). In another light, this explains the transformative evolution of our registry-worldviews/dimensions mental-devising-representations of reality from the recurrent-utter-uninstitutionalised earlymen to our current positivism–procrypticism registry-worldview, with the insight that our mental-devising-representation will evolve when prospective abstract

reality ontological-primemovers-totalitative-framework shows that it is defective/perverted as procrypticism/disjointedness-as-of-reference-of-thought, from a deprocryptic mental-devising-representation.

In the same vain, why we perceive the recurrent-utter-uninstitutionalised mind as that of 'a savage', the recurrent-utter-uninstitutionalised in its '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage as metaphysics-of-presence perceives its mind as straight/candored and as of organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) and soundness-or-authenticity-of-reference-of-thought. It is the prospective base-institutionalised mind that 'invents' the representation of mental-slantedness/decandored-and-dialectically-or-contendingly-out-of-phase/dialectically-primitive) of the recurrent-utter-uninstitutionalised mind; and likewise with the ununiversalised mind and universalised mind, non-positivism/medievalism mind and positivistic mind, and prospectively, procrypticism mind and deprocrypticism mind. This variance of straightness/candored as organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) and oblongated/decandored as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism mental-devising-representations to ascertain veridicality/intrinsic-reality of psychopathic and social-psychopathic phenomena such that the ordinary reflex to keep a straight/candored organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-

teleology) with respect to the psychopath's mindset/reference-of-thought and protracted social psychopathy non-veridical hollow mimicking narratives should be undermined by a slantedness/decandoring of the mind as distractive-alignment-to-reference-of-thought at 'uninstitutionalised-threshold'. The contention is an 'ontological-entrapment' not about logical operation/processing/contention of the 'non-veridical hollow perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> narratives' but rather reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) it as ontological-primemovers-totalitative-framework. That is, an understanding of the abstract temporal-dispositions as a specie-level/universal/intemporal paradigm as prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, i.e. transcendence as deprocrypticism. It is a psychoanalytic-unshackling ordered construct (as-the-temporal-minds-pedestals-are-out-of-phase-dialectically-or-dialectically-primitive-by-a-bare-matter-of-fact) from the intemporal-solipsistic/emanant-registry-pedestal in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing. The bigger scheme of things being the structural/paradigmatic preemption of a defective/perverted registry-worldview, in this case procrypticism/disjointedness-as-of-reference-of-thought. Such an emanant insight can be garnered from the fact that, positivism was established by the 'diktat'/ordered-construct of the Descartes, Comtes, Galileos, Rousseaux, Newtons, Darwins… of the world, and the rest of humanity complied to the formalisms that ensue, by virtue of their proxying-to-intrinsic-reality and the positive-opportunism that led to psychoanalytic-unshackling/memetic-reordering/institutional-recomposure (towards human formalisation and internalisation)!

As registry-worldview/dimension defects or denaturing are responsible for the vices-and-impediments of the said registry-worldview/dimension; noting that the fundamental construction is a 'the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation' making reference to ontological-primemovers-totalitative-framework and not a vague 'impression/good-naturedness/wishfulness conceptualisation' making reference to the banal ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ as may illusionary be projected intradimensionally/intra-registry-worldview (the latter being represented as oblongated non-veridical narratives by the prospective intemporal-disposition-worldview)! The reason why virtue (knowledge is virtue) is treated scientifically as highlighted above is that virtue is a 'the-Good/understanding/knowledge construct' and not a 'good-natured/impression construct'. For instance, no non-positivism/medieval mindset is 'good-natured/vague by the registry-worldview/dimension impression' enough with the fundamental defective/perverted non-positivism/medieval worldview to be able to address 'the-Good/understanding' of a positivistic mindset which will resolve or structurally-rendered-inoperant the problems of superstition and witchcraft as the former will always make reference to the defective/perverted reference-of-thought—categorical-imperatives/axioms/registry-teleology of non-positivism/medievalism no matter how 'good-natured/impression-driven' it is. The same applies with procrypticism and deprocrypticism. No procrypticism (preconverging-or-dementing—apriorising-psychologism) mindset as of impression-driven/good-naturedness/wishfulness has the requisite 'the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct' insight to resolve/structurally-rendered-inoperant the issues of the vices-and-impediments of

procrypticism as it is the deprocryptic mindset of 'the-Good/understanding/knowledge construct' that is the virtue that carries the sound registry-worldview/axiomatic construct/categorical-imperatives to be able to do this.

- the-Good is an intemporal/ontological articulation referencing intemporality/longness in a contiguous emanance of 'transcendental/superseding abstract intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' and corresponding derived reference-of-thought–categorical-imperatives/axioms/registry-teleology; and is imbued with the 'memetic reordering contiguity' of institutional-cumulation/institutional-recomposure (base-institutionalisation-to-universalisation-to-positivism-to- deprocrypticism, and thereafter). The-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework is notionally more of 'a capacity and scientific construct' (high or low mentation-capacity) rather than a 'stigmatising construct' (positive or negative impressions).

- 'Good-naturedness' is a temporal articulation that wrongly references (distractively) for temporality-sake registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology priorly-and-over 'transcending/superseding abstract intemporal-preservation-entropy-or-contiguity–or–ontological-preservation'; and is imbued with the memetic notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> that undermines institutional-cumulation/institutional-recomposure. Good-naturedness is notionally more of a 'stigmatising construct' (positive or negative stigmatising) rather than 'a capacity and scientific construct' (high or low mentation-capacity).

- Virtue (retrospectively to prospectively) is not determined by 'good-naturedness'/impression-driven construal/conceptualisation of meaning but rather by the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework

construal/conceptualisation of meaning as validated by ontological-primemovers-totalitative-framework (the emanant/becoming ontological-normalcy/postconvergence determinant of veridicality/the-quality-of-being-emanantly-real). The-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construal/conceptualisation (understanding) as per veridicality demonstrated by ontological-primemovers-totalitative-framework is the complete and sufficient elaborative framework for conceptualising virtue! Such ontological-primemovers-totalitative-framework is rather tangentially the purview of increasing realism of the institutional-cumulation/institutional-recomposure as it is contiguous with 'human transcending across shifting virtue paradigms for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' (with corresponding psychoanalytic-unshackling/memetic-reordering/institutional-recomposure); going from recurrent-utter-uninstitutionalisation (impulsive-or-accidented-or-haphazard-or-random mental-disposition), base-institutionalisation (mythologies paradigm, which is of <~~amplituding~~/formative>epistemic-totalising~nominal-as-tendentious-phenomenal-abstractiveness-of-presencing-in-'warped-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context and represents virtue in terms–as-of-axiomatic-construct of allegiance/subservience transience), universalisation (mystical-principles paradigm, which is of <~~amplituding~~/formative>epistemic-totalising~ordinal-as-qualifying-phenomenal-abstractiveness-of-presencing-in-'preclusive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-

thought-devolving-as-of-instantiative-context and represents virtue in terms–as-of-axiomatic-construct of qualification/good-to-bad transience), positivism (principles-rationalism/positivist-idealism paradigm, which is of <~~amplituding~~/formative>epistemic-totalising~intervalist-as-categorising-phenomenal-abstractiveness-of-presencing-in-'occlusive-consciousness'-enabling-

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context and represents virtue in terms–as-of-axiomatic-construct of categorisations/kindness-humility-helpfulness-etc. sransience), and prospectively deprocrypticism (rational-realism paradigm, which is a <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context construal and represents virtue 'contiguously' in terms–as-of-axiomatic-construct of human-mentation-capacity/shortness-to-longness-of-register-of-meaningfulness-and-teleology/registry-teleology-of-meaning intransience; <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context insightfully implying all

institutionalisations/registry-worldviews/dimensions are about 'construing the same underlying ontology', though yield different but more and more accurate representation of ontology, due to different but improving human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ from shallow to deeper limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩).

Deprocrypticism being the ontological foundation for the next human virtue paradigmatic construct that fully achieves conceptually preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality!

Such an articulation of the human, retrospective and prospective, skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference towards/development of virtue is grounded in a the-Good/understanding/knowledge-driven conceptualisation on veridicality established by ontological-primemovers-totalitative-framework validation. The overarching and defining notion is that each registry-worldview/dimension is only capable of the virtue reflected by its intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. In other words,

'a registry-worldview/dimension defective reference-of-thought–categorical-imperatives/axioms/registry-teleology as of its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' is responsible for the vices-and-impediments of that registry-worldview's/dimension's reference-of-thought'; and, requiring prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in anticipation and preemption of such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. Thus structurally it is the prospective registry-worldview/dimension which is always the 'prospective virtue potential' for the prior/superseded registry-worldview/dimension. Basically, base-institutionalisation enabled the virtuous resolution of vices-and-impediments of the state of recurrent-utter-uninstitutionalisation, and likewise with universalisation and ununiversalisation, positivism and non-positivism/medievalism, and prospectively, deprocrypticism and procrypticism/disjointedness-as-of-reference-of-thought. In the present world, we no longer do institutional slavery, we talk of universal rights and equality of all people, mob judgment and mob killing is hardly practised anymore, accusations of witchcraft are now viewed as ridiculous, etc.; it is the integration of a positivist registry-worldview/dimension, with corresponding psychoanalytic-unshackling/memetic-reordering/institutional-recomposure that enabled such human transformation from a non-positivism/medievalism registry-worldview/dimension; and not the inherent exceptionalism, as biological or otherwise, of humans living now over their forerunners.

Basically, human 'supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism deductive reasoning' as prelogism is effectively a sound construct for intemporal-preservation-entropy-or-contiguity–

or–ontological-preservation and hence virtue; that is, so long as it is adhered to properly. However, this is not the case on two grounds. It is critical to distinguish a defect in improper processing/operating of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism which is rather construed as a singular/ad-hoc 'implicitation-of-act-execution defect' and can be then qualified as a 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism'; it being nonetheless a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism as it holds the teleological aim of 'intemporal preservation with a principled adherence to supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' even though it delivered an inappropriate/poor-or-bad logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation. On the other hand, a defect of postlogism/psychopathy compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> operates on the 'parasitising/co-opting' basis that intemporal-preservation-entropy-or-contiguity–or–ontological-preservation reference-of-thought–categorical-imperatives/axioms/registry-teleology are mere formulaic determinants of human thought and action and is the basis for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. Such a defect is 'registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>' as it rather holds the teleological aim of 'temporal preservation/undermining-of-intemporal-preservation without a principled adherence to prelogism-as-of-conviction-as-to-profound-supererogation' and thus speaks to

the disposition to act likewise technically in a large or infinite number of cases (syncretising). It should be noted that temporal-dispositions (ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) are in-of-themselves act defects and not being defects. However, such temporal-dispositions are registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> when these relay postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as of formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (whether of the psychopath or not) inducing narratives that are slanted/preconverging-or-dementing–apriorising-psychologism/dialectically-or-contendingly-out-of-phase/non-ontological-reference/non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated as in perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and not-of-logical-contention; due to the miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising and temporal-enculturation/temporal-endemisation (occurring at the specific temporal-dispositions). For instance, going by the BODMAS equation highlighted before, the mere operation of arithmetic without factoring in A's condition/subknowledging-impulse/compulsive-slanting—preconverging-or-dementing-apriorising as of incrementalism-in-relative-ontological-incompleteness additionality with 1 leads to a systematic failure that is ontological and not a mere act defect, and defines an uninstitutionalised-threshold. It should be noted that at all uninstitutionalised-threshold, it is ontological-dementation/dialectical-

dementation–stranding/attributive-dialectics that enables the mental-reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with)-representation of the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in construing unsoundness-or-inauthenticity-of-reference-of-thought (stranding-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase) from whence an exercise of 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure with new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation initiates a cross-generational transcendence. Ontologically, the mental-devising-representation of such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is as strands-of-perverting-temporal-dispositions, involving oblongating/decandoring/distractive-alignment-to-reference-of-thought, that defines the dialectical-out-of-phasing (whether recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and, in the prospective representation, of procrypticism) as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. For instance, in registry-worldview/dimension terms, medievalism/non-positivistic mental-disposition is systematically registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> at the uninstitutionalised-threshold where you need a positivisitic mental-disposition for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Likewise, procrypticism (threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought/mental-perversion/subknowledging/mimicking-and-corresponding

<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) is registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> at the uninstitutionalised-threshold where you need deprocrypticism. Reality being blunt/incisive as it is rather preceding/superseding and ontological-normalcy/postconvergence with respect to us, is in essence of potent operant and deterministic phenomenality that doesn't have any place for our thresholding discrete incrementalism-in-relative-ontological-incompleteness notions but even for the cases where such discretion is artificially devised/implied, it is applied as operant and deterministic (consider quantum-mechanics). So ontologically, the mental-devising-representation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as strands-of-perverting-temporal-dispositions is definitely accurate on two insightful grounds. Reality's bluntness/incisiveness doesn't leave room for discretionary judgments about 'good-natured'/impression-driven conceptualisations of virtue and virtuous judgment within the overarching framework of such the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework reality determinism, and such impressions can only pass for an illusion-of-the-present/present-consciousness mirage and/or <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag (attempting to operate logic in a superseding registry-worldview on the basis of the reference-of-thought–categorical-

imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of a superseded registry-worldview; for instance, God of plane type of statement in say an animistic society that comes in contact with foreigners and a plane). The second reason is that we can garner insight on prior/superseded institutionalisations and understand that the vices-and-impediments are actually cross-sectional to the registry-worldviews/dimensions as of beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> and it is intemporal philosophical development that goes on to liberate/enlighten/moult-out 'actors of transcendence' who in turn then shine the light across society, i.e. institutionalisation/intemporalisation by skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference for the supersedingness of the intemporal-disposition over temporal-dispositions for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Transcendence as such is more of a deterministic and operant process than discretionary, and works on the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework basis, even though counterintuitively we tend to turn towards impressions to construe virtue which only confuses the issue as we then wrongly define fulfilling temporal whims (good-natured impressions or not) of the 'collective consciousness of the corresponding present-consciousness/illusion-of-the-present' as an intemporal reference for defining virtue (with no 'emanance disambiguation'/temporal-to-intemporal-dispositions), rather than a transcendental understanding of the-Good – i.e., knowledge/virtue-as-institutional-cumulation/recomposure-for-intemporal-preservation. This points to the fact that necessarily the structural/paradigmatic virtue construct (knowledge-driven) of recurrent-utter-uninstitutionalisation is base-institutionalisation, ununiversalisation is universalisation, non-

positivism/medievalism is positivism, and prospectively, that of our positivism–procrypticism/disjointedness-as-of-reference-of-thought is deprocrypticism or preempting—disjointedness-as-of-reference-of-thought; and so as a veridical and contiguous deterministic-and-operant psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, that knows no discretion!

There are 'traditionally 4 human mental projections/representations/dispositions' associated with virtuous paradigmatic construct, analysed from the perspective of an ontological-veridicality establishing ontological-primemovers-totalitative-framework:

(i)   The-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construal/conceptualisation (understanding) which is effectively ontologically operant.

(ii)   The-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construal/conceptualisation which has poor operance due to 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism', though prelogism-as-of-conviction-as-to-profound-supererogation nonetheless.

(iii) An impression-driven/good-naturedness/wishfulness conceptualisation involving perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or slantedness operance from an ontological-primemovers-totalitative-framework perspective; which is the foundation for derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as of ontological-incompletenss-of-reference-of-thought

(iv) An impression-driven/good-naturedness/wishfulness conceptualisation involving perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or slantedness operance from an ontological-primemovers-totalitative-framework perspective; which generates (distractive-alignment-to-reference-of-thought) perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion or slantedness along reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the-Good conceptualisation; pointing to the fact that impression-driven/good-naturedness/wishfulness conceptualisations are rather inclined to induce vices-and-impediments given that the veridicality of reality (reflected by the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation) is all the virtue enabler that there is and other conceptualisations are rather distractions that are in effect vice-ridden and an impediment, and more specifically when these undermine the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation.

Impression-driven/good-naturedness/wishfulness conceptualisation lack veridical ontological-contiguity. One may query what is the meaning of good/truth/essence in a recurrent-utter-institutionalised, an ununiversalised or a non-positivistic society? And invariably the answers will be a vague <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag as of each registry-worldview/dimension, and it is rather the emanant insight of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation as of Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology that carries

the prospective transcendences which are the resolution of the successive prior registry-worldview's/dimension's uninstitutionalised-threshold vices-and-impediments; and so by successive Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology in reflecting the ontological-contiguity—of-the-human-institutionalisation-process as base-institutionalisation, universalisation and positivism respectively, and prospectively deprocrypticism. I.e. Increasing knowledge-as-virtue understanding, as of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of their respective elucidation-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context (recurrent-utter-uninstitutionalisation non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition as failing/not-upholding-<as-of-apriorising/axiomatising/referencing> rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for base-institutionalisation–ununiversalisation, ununiversalisation failing/not-upholding-<as-of-apriorising/axiomatising/referencing> universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'second-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for universalisation–non-positivism/medievalism, non-positivism/medievalism failing/not-upholding-<as-of-apriorising/axiomatising/referencing> positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—

apriorising/axiomatising/referencing–psychologism,-⟨as 'third-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for positivism–procrypticism or prospectively, positivism failing/not-upholding-<as-of-apriorising/axiomatising/referencing> 'deprocrypticism preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as conflation of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for perpetuating-deprocrypticism). Practically, however 'good intentioned or good-natured' a non-positivism/medievalism mindset/reference-of-thought it is bound to rely on medieval reference-of-thought–categorical-imperatives/axioms/registry-teleology of sickness like a curse or witchcraft rather than a positivist notion like infection, and the virtuous outcome is fundamentally a question of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework of positivistic understanding, and not any vague impression! Not only is impression-driven/good-naturedness/wishfulness conceptualisation at best vague, ontologically speaking, it is bound to be extricatory (temporal/circumstantial/self-interest paradigm) rather than intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm. Alignment should rather be in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as strands-of-perverting-temporal-dispositions as the backdrop for prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the-Good/understanding/knowledge-

reification/ontological-primemovers-totalitative-framework conceptualisation. Further, impression-driven/good-naturedness/wishfulness conceptualisation induces both 'logical and unconscionability-drags. A drag is a vague meaningful articulation arising out of veridical incongruence due to the nonreality of initiating narratives or propositions, and subsequent structural/paradigmatic contiguity of narratives and propositions thereafter from such initial miscues and/or intermittent miscues. For instance, supposed going by the example where a psychopath had wrongly accused someone of being a paedophile (not in terms–as-of-axiomatic-construct of 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' or prelogism but rather compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism due to the inexistence of the psychopath's implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology), suppose the interlocutor was to go on to in-conviction-as-to-profound-supererogation relay these distortions with other interlocutors, we will talk of a 'miscue', and where other meaning grounded fundamentally on this miscue were to develop, we talk of 'logical-drag', further where comprehensive generation of social meaningfulness were to arise out of this, we talk of 'unconscionability-drag', and finally sub-par/formulaic-association/temporal/alibi conventioning-rationalising refers to the temporal mental-disposition to use conventioning thinking as alibi for temporal-motivated dispositions (over the inherent sense of ontological meaningfulness). Actually, strands-of-perverting-temporal-dispositions are the characteristic backdrop mental-devising-representations of superseded/transcended registry-worldviews/dimensions when we think from an ontological perspective of the soundness-or-authenticity-of-reference-of-thought projection/representation that captures the meaningful framework of a registry-worldview

teleology whether regarding a society at its ununiversalisation whether as recurrent-utter-uninstitutionalisation, ununiversalisation, and medieval/non-positivisitic, and prospectively, we can garnered such strands-of-perverting-temporal-dispositions with respect to procrypticism from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalisation. Human mental development across time validate the notion that we have consistently been in a state of psychoanalytic-unshackling/memetic-reordering/institutional-recomposure as we institutionally skew/deferential-formalisation-transference towards intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with a better grasp of reality and ontological-primemovers-totalitative-framework. Memetic-reordering (psychoanalytic-unshackling) inducing institutionalised skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference towards intemporal-disposition involves: articulating a social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect; positive-opportunism as common interests to institutionally skew/deferential-formalisation-transference towards intemporality; disambiguating temporal-dispositions as the backdrop for new anticipatory and preempting reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; and, intemporal projection superseding of transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith/nihilistic for cross-

generational collapsing/overriding of temporal/preconverging-or-dementing–apriorising-psychologism registry-worldview/dimension (and not instant 'argumentation convincing' intradimensionally in a registry-worldview/dimension that is defective or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in the first place), and so in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing of temporal-dispositions and the intemporal-disposition; as temporal emanant registries are inclined to aside and syncretise rather than transcend or core/take-stock of the implied perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion at uninstitutionalised-threshold. Memetic-reordering (psychoanalytic-unshackling) is actually the institutionalisation/intemporalisation process at uninstitutionalised-threshold requiring dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection to overcome temporal-dispositions (to supersede <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase), and so in a pedestalled disambiguation of ontologically veridical intemporal-disposition pedestal, slanting/postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as subknowledging impulse by psychopath pedestal and slantedness/postlogic-integration as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> by the temporal-dispositions pedestals. Memetic-reordering (psychoanalytic-unshackling) is thus the central notion of a new and comprehensive human psychology wherein the human psyche is more of a 'mental devising tool' involving

candoring/prelogism/organic-comprehension-thinking and decandoring/distractive-alignment-to-reference-of-thought /threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. The former (candoring/prelogism/organic-comprehension-thinking) mental orientation points to supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism within any registry-worldview/dimension at institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation basically focussed on operating/processing logic over supposedly sound reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation while the latter (decandoring/distractive-alignment-to-reference-of-thought /threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism mental orientation points to transcending situations of uninstitutionalised-threshold whereby perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversions occur, due to the emanant reality of human temporal-to-intemporal nature, (and are relayed onto the social construct) and operates by reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversions to establish unsoundness-or-inauthenticity-of-reference-of-thought and as this conjugates temporally with ignorance–affordability–opportunism–exacerbation—social-chainism/negative-social-aggregation–temporal enculturation/endemisation, and the need for new and superseding reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

These fundamental human mental-devising-representation or apriorising–registry tools of candoring and decandoring points to the very nature of logic. Logic requires that all interlocutors share a same reference-of-thought with regards to reference-of-thought–categorical-imperatives/axioms/registry-teleology/registry-teleology for its sound operation, thus logic can only be operated at institutionalised/intemporalised thresholds, and not as of uninstitutionalised-thresholds where there is divergence in reference-of-thought construed meaningfulness-and-teleology construed as transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing. At uninstitutionalised-threshold, given the veridicality of human emanance as temporal-to-intemporal, logic is ridiculous because of the variance and unshared reference-of-thought–categorical-imperatives/axioms/registry-teleology/registry-teleology in terms–as-of-axiomatic-construct of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology with respect to argumentation, 'socially-perceived-value as of social-stake-contention-or-confliction'. At which point no articulation is inherently more right, however, the intemporal-disposition being ontological has ontological-primemovers-totalitative-framework veridicality and carries a positive-opportunism that can allow it to dominate human temporal-dispositions reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) their registries/mental-representations perversion, and so, through social institutionalisation/intemporalisation percolation-channelling in the medium to long-run. It is only after such uninstitutionalised-threshold is superseded/dominated/preceded/overridden/abjected by the intemporal-disposition as an ordered construct institutionalisation/intemporalisation with corresponding human secondnaturing as internalisation and formalisation that logic becomes pertinent as it now operates only on one axiomatic-construct/categorical-imperatives/registry-teleology that

establishes the substantive/existential-contextualising-contiguity (not formulaic-projection/mimicry) and veracity/ontological-pertinence of interlocutors' articulations.

Thus the basis for Rational-Realism as the initial institutionalisation/intemporalisation recomposure orientation that goes beyond just articulating reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation but involves anticipating human temporal-to-intemporal-dispositions in preempting the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of prior/superseded registry-worldview's reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; as rational-realism take stock of the fundamental reality across all institutional-cumulation/institutional-recomposure of human temporal-to-intemporal-dispositions and doesn't just assume the wrong notion of just an intemporal-disposition with the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> result that temporal-dispositions induced manifestations are not accounted for, anticipated and preempted beforehand/as-of-a-priori to prevent their perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation at their uninstitutionalised-threshold thus ensuring ontological contiguity. So with rational-realism the institutional-cumulation/institutional-recomposure intemporal-preservation-entropy-or-contiguity–or–ontological-preservation comes around as the 'full-cycle/dynamic recomposuring' that specifically anticipates and preempt priorly/ahead in its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation the notion of temporal-

dispositions to dement/subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩/mimick-and-syncretise (rather than subsequently as a transcendence). This raises two dilemma with respect to the conceptualisation of virtue as rational-realism implies that at the procrypticism/disjointedness-as-of-reference-of-thought uninstitutionalised-threshold, we have to register/acknowledge priorly our inclination to subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩ positivistic registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology to paradoxically then be able to anticipate and stifle this in the active construction of deprocryptic meaning, at which point the ontological-veridicality of meaning then involves not only logical operation/processing/contention on the basis of a sole intemporal-disposition, but equally registries-disambiguation to account for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion/preconverging-or-dementing–apriorising-psychologism by temporal-dispositions:

(i) <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag or Setting-aside (as being in denial of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect) arises where a registry-worldview returns to its same reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that have been shown to be subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion at the uninstitutionalised-threshold, and hence remains candored/integratively-aligned; contrasted with the instance of the adoption of a new registry-

worldview's (superseding the uninstitutionalised-threshold) reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in anticipation and preemption of the afore perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview. This latter instance involves Stranding-dialectics or Coring (in reflection/perspectivation and acknowledgment of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) with corresponding decandoring/distractive-alignment-to-reference-of-thought and is what enables memetic-reordering/psychoanalytic-unshackling whereas ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag or Setting-aside at best induces 'memetic-inching/psychoanalytic-realigning' which are not of an immediate transcending nature.

(ii) Conventioning metaphoricity involving in a continuum on one side ontologising rationalising though ontological-veridicality is not the sufficient reason for the social acceptance of rightness for rightness sake (as explained previously) and on the other side intemporality/ontology distractive sub-par/formulaic-association/temporal/alibi conventioning-rationalising.

'Rational-Realism as of Deprocrypticism or institutionalisation/intemporalisation full-cycle' can thus be construed as a contiguous cumulation of successive memetic-reordering (as institutional recomposuring) for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; with such successiveness due to the limitation of human mentation-capacity to be able to mimeticly (across suprastructural-meaningfulnes) come full-cycle in one transcendence, explaining the recomposuring of the successive institutional-cumulation/institutional-recomposure; from recurrent-utter-uninstitutionalisation, base-

institutionalisation–ununiversalisation, universalisation–non-positivism/medievalism, positivis–procrypticism, and recomposuring full-cycle towards prospective rational-realism as of deprocrypticism.

Correspondingly, due to human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, human memetic/psychoanalytic grasp-and-fulfilment of intemporal-preservation (in devising reference-of-thought–categorical-imperatives/axioms/registry-teleology) is limited at successive instances of transcendence/institutionalisation, due to:

(i) the reality of human dispositions not being just of intemporal-disposition but rather temporal-to-intemporal-dispositions (with temporal-dispositions a drawback/distractive to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at uninstitutionalised-threshold; since these induced in any given institutionalisation a 'least-and-derived-temporal-operating-modalities-of-the-reference-of-thought-as-of-incrementalism-in-relative-ontological-incompleteness-inducing-the-uninstitutionalised-threshold' as of temporality/shortness thus raising the issue of the uninstitutionalised-threshold ultimately resolved by 'maximal-as-intemporal-operating-modality-of-reference-of-thought-as-of-maximalising-recomposuring-for-relative-ontological-completeness-as-inducing-the-prospective-institutionalisation' as of intemporality, and so on, circularly with the ontological-contiguity—of-the-human-institutionalisation-process.)

(ii) limited memetic-reordering/psychoanalytic-unshackling mentation-capacity (in devising reference-of-thought–categorical-imperatives/axioms/registry-teleology) for the intemporal-disposition as it skews ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) towards institutionalisation/intemporalisation

(iii) temporal-dispositions for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> at uninstitutionalised-threshold (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism eliciting slanting/miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi as to temporal-dispositions elicited act defects of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation)

Hence intemporal-preservation is a memetically/psychoanalytically evasive construct at uninstitutionalised-threshold, the pursuit of which is veridically the human species eudaemonic comtemplation, construed as 'postconvergence memetic recomposuring'; recomposure is defined as 'ontological-representation/ontological-memetism of intrinsic-meaningfulness (whether implying, on the one hand, an integrative/candor/organic-comprehension-thinking alignment or on the other hand, a distractive/decandored alignment as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) towards intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' (as validated by veridicality/ontological-primemovers-totalitative-framework). This definition explains the succession of the recomposuring of institutionalisations with the notion that where intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is lost at a registry-worldview's/dimension's uninstitutionalised-threshold, a prospective registry-worldview/dimension is implied/recomposured that will ensure intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and undermines notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>/epistemic-totalising~self-referencing-syncretising/setting-aside by

appropriate stranding/coring representation (-of-perverting-temporal-dispositions) as the backdrop for the prospective registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology. That is, 'human progress/transcendence happens as a matter of fact, with no registry-worldview/dimension having any ontological and veridical claim/pretence to extricate itself from psychoanalytic-unshackling/memetic-reordering/institutional-recomposure—as-dialectical-stranding-backdrop-for-prospective-transcendence once it is shown that it subknowledges-or-mimics (as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at its uninstitutionalised-threshold, even though this from the temporal-dispositions mindset/reference-of-thought is always an unpalatable proposition. But then the state of being in a transcended registry-worldview/dimension (as in our present positivist registry-worldview/dimension) arises because other prior registry-worldviews/dimensions successively underwent their own psychoanalytic-unshackling/memetic-reordering/institutional-recomposure—as-dialectical-stranding-backdrop-for-prospective-transcendence for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, at their uninstitutionalised-threshold; and so, going back to the recurrent-utter-institutionalised early men who left the caves and trees, thus any denial of prospective transcendence as articulated above is an argument which incoherence emanantly imply 'we should go back to the caves and trees', as we'll seem to validate that prior registry-worldviews/dimensions should never had transcended up to our very own registry-worldview/dimension, and beyond, prospectively. Stranding (of-perverting-temporal-dispositions-of-reference-of-thought) should be construed at a registry-worldview's/dimension's uninstitionalised-threshold (the threshold where the registry-

worldview/dimension is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), as the 'base structural/paradigmatic decandored/distractive-alignment-to-reference-of-thought perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect reflex' (not a straightness/candor/organic-comprehension-thinking/prelogism reflex), and stranding-dialectics rather points to 'a (lack of) the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework reflection/perspectivation' (hence a veridical ontological-primemovers-totalitative-framework as operant and deterministic, and not an impression-driven/good-naturedness/wishfulness nor a veridically logically-disjointed/discretionary reflection/perspectivation). Stranding is thus articulated as slanting/miscuing/disjointed-logic/logical-drag/unconscionability-drag/subpar-conventioning-rationalising conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism as of the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>' (induced from temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as to ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation). The memetic-reordering is in recomposuring, at the uninstitutionalised-threshold as the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of (registry-worldview) apriorising–registry elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology (i.e. reference-of-thought–categorical-

imperatives/axioms/registry-teleology) towards the transcending registry-worldview's implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology (categorical-imperatives/axioms/registry-teleology) for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, in re-institutionalising the uninstitutionalised-threshold. There is no reason for stranding-dialectics and recomposuring but for the fact that the internal coherence of a registry-worldview/dimension is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at its uninstitutionalised-threshold, as its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism provides the dynamic association for psychopathic/postlogic subknowledging/mimicking impulse leading to the vices-and-impediments of the registry-worldview/dimension from an intemporal/ontological perspective; and ontological-normalcy/postconvergence intemporal-preservation-entropy-or-contiguity–or–ontological-preservation veridicality (as ontological-primemovers-totalitative-framework) is the drive that resolves lack of human mentation-capacity for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (at uninstitutionalised-threshold) by stranding-backdrop-for-transcendence and then recomposuring prospective registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology. The example highlighted on page 12 provides an excellent 'logical insight' on stranding-backdrop-for-transcendence and recomposuring of a registry-worldview/dimension that is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at its uninstitutionalised-threshold …

To grasp this better say for instance the normal arithmetic we know 2+2=4, 5+1=6, 7-3=4, etc. was to be undermine by a new human subknowledging caused by a disease wherein

we tend to say 2+2=5, 5+1=7 and 7-3=3, then the traditional categorical-imperatives of addition and subtraction will be modified to take account of our perversion/defect by saying that additionality will involve subtracting 1 from the result and subtractivity will involve adding 1 to the result, so that arithmetic mirrors intrinsic reality outcome (intemporal transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as from ontological-normalcy/postconvergence). Thus reference-of-thought–categorical-imperatives/axioms/registry-teleology are 'mental and institutionalisation inventions' that are as pertinent as the extent of their preservation of intemporal reality (intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Hence a false subknowledging/mimicking-and-protracted-mimicking with no relationship to intrinsic reality renders reference-of-thought–categorical-imperatives/axioms/registry-teleology null and void, calling for overcoming the slantedness/decandoring/distractive-alignment-to-reference-of-thought of mental-devising-representation as to its unsoundness-or-inauthenticity-of-reference-of-thought arising from the perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and the articulation of new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology reflecting the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as intrinsic reality.

In practical terms, human/social VIRTUE is effectively articulated at 'the crossroad of the notions' of intemporal-disposition, ontologising/intemporal philosophical deference, conventioning, animality (the recurrent temporal-dispositions to subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩ intemporal reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-

contiguity–or–ontological-preservation across successive institutionalisations) and institutional recomposuring (prospective memetic-reordering).

It is important to note that an ontological construct 'escalates' specific/particular instances of phenomena (in this case psychopathy and social psychopathy phenomenon) into a universal conceptualisation which 'knowledge principle conceptualisation' then addresses (percolates into) the 'infinity of related incidental phenomena and cases', i.e. newton articulates the science of mechanics metaphorically from 'an initial apple that hits his head why under a tree' not because the science of mechanics will revolve around an apple that hit his head but because he'll grasp the insight to understand the myriad and infinity of instances requiring those laws of physics. So the intemporal-as-ontological pedestal (in its treatment) involves universal projection to grasp universal principles and is not meant to 'equivocate and idle' with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> temporal manifestations which are dialectically-or-contendingly-out-of-phase, but rather then apply the knowledge principles so articulated to the theoretically infinite incidental instances (on the validation and untenability/internal-contradiction/internal-incoherence/institutional-constraining or internal-contradictions induced by the knowledge principles ontological-primemovers-totalitative-framework).

Of course, no registry-worldview/dimension thinks of itself as prospectively dialectically-primitive/dialectically-or-contendingly-out-of-phase, and as such its 'supposed contention' will always by reflex strive to arrive at an equilibrium in the same registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-

imperatives/axioms/registry-teleology, but the template of human transcendence shows that the intemporal prospective/superseding registry-worldview reference-of-thought takes precedence with contention construed by its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity– or–ontological-preservation by the ontological-normalcy/postconvergence prioritisation of the relatively intemporal/universal/intrinsic, hence, 'the inherent cumulating/recomposuring of intemporal-preservation-entropy' going from recurrent-utter-uninstitutionalisation, base-institutionalisation–ununiversalisation, universalisation–non-positivism/medievalism, positivis–procrypticism, and prospectively deprocrypticism. Such a subknowledging/mimicking/registry-worldview denaturing resistance is not attended to logically/by-logical-congruence since a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-its-unsoundness-or-inauthenticity-of-reference-of-thought/subknowledging registry-worldview/dimension is circular and syncretic in its logic (as it circularly makes reference to its defective/perverted reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) but by psychoanalytic-unshackling/memetic-reordering/institutional-recomposure through the untenability/internal-contradiction/internal-incoherence/institutional-constraining induced by the ontological-primemovers-totalitative-framework of the prospective intemporal-disposition-worldview/dimension (with its more appropriate recomposured reference-of-thought–categorical-imperatives/axioms/registry-teleology/registry-teleology); involving rather a cross-generational collapsing/overriding of the temporal/preconverging-or-dementing–apriorising-psychologism registry-worldview/dimension (and not instant 'argumentation convincing' intradimensionally in a registry-worldview/dimension that is defective as of perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in the first place), and so with transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing of temporal-dispositions and the intemporal-disposition, as temporal emanant registries are inclined to aside and syncretise rather than transcend or core/take-stock of the implied perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview-perversion. For instance, men did not transcend from a medieval worldview to a positivistic worldview by a 'logical exercise' (the logical conceptualisation we have of such a transformation in today's positive world is rather in effect an afterthought appraisal) but because the grander grasp on **r**eality of positivism constrained and made the medieval registry-worldview untenable/internally-contradictory (the ships that set sail around the world for spices elicit a positive commercial opportunism that is responsible for destroying the social myth of a flat world; the bacteria theory that will ensure that one lives or die if we believe in it or not coerced the destruction of a superstitious medical worldview; the scientific tools and knowledge that ensured that nation A or nation B will triumph if they believe in it or not, coerces the need to adopt a scientific worldview, etc.). It is naïve to think that such progression occurred because of cross-sectional human 'dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation disposition'. Rather it is a secondnatured/ontological-contiguity—of-the-human-institutionalisation-process as this notion inherently validates the anthropological-continuity by distinguishing between the notion of same human natural ability across the various registry-worldviews/dimensions and the notion more and more profound institutionalised registry-worldviews/dimensions arising out of human institutional-cumulation/institutional-recomposure to the capacity bestowed by their forerunners; such that human limited-

mentation-capacity is always mostly directed to the transformative of activities while taking for granted much of the bestowed knowledge heritage. Hence we can't overrate the 'dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation disposition' development of the cross-section/averageness/banality of solipsistic human thought to wrongly imply human dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation disposition is inherently intemporal, for the possibilities of human progress (due to the veridicality of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor at the uninstitutionalised-threshold across all levels of institutional-cumulation/institutional-recomposure – 'a lost cause' which will never be changed with the result that temporal-dispositions will always dement (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> inducing registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>/unsoundness-or-inauthenticity-of-reference-of-thought/mental-perversion/subknowledging/mimicking-and-corresponding-<amplituding/formative>epistemic-totalising~self-referencing-syncretising) at uninstitutionalised-threshold (unconstrained extended informalities). But this can rather be anticipated and preempted, 'the central tenet of deprocrypticism' by temporal-to-intemporal-dispositions-pedestals-disambiguation before logical processing/operation. Temporal-to-intemporal-dispositions-pedestals-disambiguation being the contrasting of 'superseding intemporal-disposition organic-comprehension-thinking (organicalism/'Intemporal-

prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology)-pedestal-aetiologisation-or-ontological-escalation ordered construct' known as deprocrypticism over-and-stranding-of 'temporal-dispositions which are in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' known as procrypticism preconverging-or-dementing–apriorising-psychologism, as the backdrop for 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; in the same way as the stranding-of-temporal-dispositions-preconverging-or-dementing–apriorising-psychologism of non-positivism/medievalism provided the backdrop for positivism recomposuring or that of ununiversalisation for universalisation recomposure or that of recurrent-utter-uninstitutionalisation for base-institutionalisation recomposure. It should be noted that at institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, temporal-dispositions potential inclination for preconverging-or-dementing–apriorising-psychologism is suppressed by formalism and internalisation involving intemporal meaningfulness social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩, internal-contradiction, referencing/registering/decisioning or stranding as sound or unsound, and alienating of unsound meaningfulness to stifle any such threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. At uninstitutionalised-threshold

(extended informalities), no formalism and internalisation (generated by the intemporal-disposition for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) exists in preemption leading potentially to preconverging-or-dementing–apriorising-psychologism. Basically, such a representation of organicalism and mechanicalism can be storied or narrated as follows:

Supposed going by the case highlighted where a psychopath met a stranger talking about another stranger as molesting children; the so accused stranger was actually a guardian of the child assuming various responsibilities that come with it (this represents the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) depth of meaning), the psychopath fully aware of this none the less proffered such hollow mimicking narratives to the other stranger who aligned in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly/prelogicly to the psychopath but is veridically now in effect the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism by ignorance, and goes on to miscue by articulating that the accused stranger should be reported to the police or any other relevant organisation, and possibly does that. Further still, this miscuing comes to develop into disjointed-logic, logical-drag, unconscionability-drag, temporal-dispositions preservation, and sub-par/formulaic-association/temporal/alibi conventioning-rationalising wherein 'a comprehensive depth of perverted narratives' has now been cultivated in the social environment. All such denaturing (and as are conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism to human temporal defects of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-

discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s) are a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism to the organic veridicality (deprocrypticism). In the bigger scheme of things, denaturing of apriorising–registry (as the apriorising–registry is the axiomatic-construct/categorical-imperatives on which logic operates/is processed pointing to a coherently systematic failure of logic at the uninstitutionalised-threshold; consider that the non-positivism/medievalism apriorising–registry will coherently fail logical operation/processing/contention with regards to its uninstitutionalised-threshold requiring positivism, that's the same emanant issue with procrypticism at its uninstitutionalised-threshold requiring deprocrypticism) do not simply point to an act defect but registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> about-and-defining the vices-and-impediments of the said registry-worldview/dimension, that abstractly apply with regards in this case not to one instance of human psychopathy and one case of social context of protracted social psychopathy but points to a registry-worldview/dimension defect that points abstractly to metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation/an-ontological-or-existential-defect of such psychopathic and protracted social psychopathy, in the same vain as the phenomena of witchcraft in a non-positivist/medieval society 'for an ontological/intemporal projecting mind' is more than just a case of witchcraft in a given non-positivism/medievalism locale but goes beyond to define a dimensional defect of non-positivism/medievalism across all human societies that are qualified as non-positivism/medievalism with the idea that the

'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' in the bigger scheme of things is more than just a locale but a universal articulation of positivistic thinking as the universal resolution of the vices-and-impediments associated with a witchcraft and superstition endemising/enculturating worldview. It should be noted that however 'good-natured an individual' in that worldview the basic knowledge defect of that worldview as non-empirical/superstitious defines the disposition of any such individual, as they adhere to the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of that registry-worldview/dimension, to commit vices-and-impediments associated with non-positivism/medievalism, since virtue actually lies in the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework' of being empirical/non-superstitious/positivistic. That's equally the problem you have with procrypticism or perversion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of a positivistic registry-worldview as the virtue lies in the the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework' as involving psychopathic preconverging-or-dementing–apriorising-psychologism postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>,

and its corollary as social psychopathy involving conjugating/inflecting/deriving preconverging-or-dementing–apriorising-psychologism postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> by the temporal-dispositions of ignorance, unconsciously, and consciously, affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation;

slanting/preconverging-or-dementing–apriorising-psychologism of positivistic registry-

worldview/dimension reference-of-thought–categorical-imperatives/axioms/registry-teleology. That is, the ontological-primemovers-totalitative-framework is the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought/preconverging-or-dementing–apriorising-psychologism/subknowledging/mimickingas <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. In which case contention (being about intemporal-preservation-entropy-or-contiguity–or–ontological-preservation beyond just the preconverging-or-dementing–apriorising-psychologism/mimicking-or-subknowledging of 'previously recomposured/invented' reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) becomes rather an intemporal-disposition reflection/perspectivation and 'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' of such psychopathic/temporal-dispositions slantedness/preconverging-or-dementing–apriorising-psychologism/mimicking-or-subknowledging as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion, and not logical-contention/contending-articulation. Such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought in effect involves on the part of psychopathic and conscious conjugated-postlogism minds as with exacerbation-temporal-disposition 'vice in preconverging-or-dementing–apriorising-psychologism perversions' wherein the

mimicry/subknowledging enters into an active dynamics with temporal-dispositions prelogism-as-of-conviction-as-to-profound-supererogation inducing their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as miscuing psychopathic/postlogism-slantedness, and subsequent protraction into disjointed-logic, logical-drag, unconscionability-drag, temporal-dispositions preservation and sub-par/formulaic-association/temporal/alibi conventioning-rationalising); such that this development is actually an instrumentalisation of the initial directed-preconverging-or-dementing–apriorising-psychologism. Directed-preconverging-or-dementing–apriorising-psychologism as such being a conscious and operant mental awareness of psychopathic/postlogic minds of the void of their narratives and teleology but understanding and acting by instrumentalisation on the basis that prelogic/conviction-as-to-profound-supererogation minds are disposed to elevate the hollow mimicking narratives (by ignorance and/or subsequently affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) to wrongly validate the apriorising–registry as veridical thus falsely implying an implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology.

Just as we work with the reality that all humans are disposed to have cancer and the virtue of curing is not denying but anticipating and preempting the possibility of having cancer with medicines, lifestyle, research, etc., i.e. 'ontology is about working with what is/knowledge-driven, and not wishful-thinking/impression-driven' to accede to intrinsic-reality transcendental-enabling/sublimating as it enables ontological-primemovers-totalitative-framework. It is bluntly speaking a registry-worldview's/dimension's institutionalisation/intemporalisation exercise involving the skewing ('intemporality-

asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference towards the intemporal-disposition for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, to 'pedestally dominate and override' temporal-dispositions in the cross-section/averageness/banality of solipsistic human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. Reality is actually an ontological-primemovers-totalitative-framework construct. Mythologies, metaphysics and hearsays while proto-conceptual in human development are out of kilter, and the use of ontological-primemovers-totalitative-framework conceptualisation is the central notion of ontologies. Insightfully, human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor speak of 'the-real-nature-of-man' that can be skewed with institutional recomposuring/memetic-reordering/psychoanalytic-unshackling towards intemporal-preservation-entropy-or-contiguity–or–ontological-preservation to explain how-man-can-be/the-nature-of-man at any registry-worldview level, retrospectively or prospectively. Whereas, man, if naively perceived as a whole rather only from the angle of a specific 'institutionalisation/secondnaturing level' which is in 'existential immediacy' this may seem to indicate that we are talking about 'different species' with 'different ontological determinants', which is naïve and false. The anthropopsychological approach to psychology is analogical to the development of physics which is not only on the basis of what is immediately at the conscious operational level of physicists but equally projecting into a physics conceptualisation of the macrocosm (astronomy and cosmology) as well as the microcosm (particle physics) in other to place the subject on a comprehensively sound footing. Central to such a sound footing in the ontological-normalcy/postconvergence

conceptualisation of the social domain is the idea of temporal-to-intemporal-dispositions and institutional-cumulation/institutional-recomposure.

On another note, it is critical to distinguish between a true philosophical development that arises by intemporal and an institutionalised development that is articulated to elicit 'positive-opportunism' in humans, so that the intellectual exercise doesn't naively project a philosophical idealism where this doesn't exist and by so doing undermine its work by naively projecting universal intemporality/longness and failing/not-upholding-<as-of-apriorising/axiomatising/referencing> to articulate a realism that takes account of temporal mental-dispositions (knowledge-notionalisation, i.e. apprehending not only intemporal implications of any knowledge construct, but preempting by transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing to potential temporal undermining   of   that   intemporal   idealism   construct;   the   reason   we institutionalise/intemporalise and formalise with subsequent internalisation/secondnaturing).

It should be noted that the use of the concepts of intemporality/longness and temporality/shortness is more scientific than the impression notions of good and bad. intemporality/longness points to 'what generates the greatest universal virtue as ontological which is universally-centered' (and that this corresponds to reality-referencing and the ontology pedestal) while temporality/shortness points to 'what generates the non-ontological as shallow interest that may be self-centered, at various pedestals, (and that this corresponds to   <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag   and   metaphysical   pedestals)'. intemporality/longness and temporality/shortness as such are operant knowledge concepts while good and bad are vague and non-operant impression concepts. In fact, why good and

bad are impression-driven, intemporality/longness and temporality/shortness by their very definition above are made operant as an ontological-primemovers-totalitative-framework scientific principle (without making any reference to stigmatising impression of virtue) by the denotation as longness-of-register-of-meaningfulness-and-teleology (intemporality) and shortness-of-register-of-meaningfulness-and-teleology (temporality). That is, with respect to 'socially-perceived-value as of social-stake-contention-or-confliction' (at uninstitutionalised-threshold) the intemporal mind conceptually asks what is the best disposition in universal-depth that abstractly delivers the greatest good to all humans in similar 'socially-perceived-value as of social-stake-contention-or-confliction' setup across space and time; while temporal minds under the same notion (intemporality-temporality) conceptually assume lower and lower shades 'in mentation-capacity terms' of such an intemporal universal-depth concept articulation stressing in lieu of 'all humans' various shades of ununiversal, particular or temporal-self-interest dispositions. So there is a depth of continuity in ontological-primemovers-totalitative-framework in the notion of intemporality-temporality that doesn't need any impression-drive, and this notion can certainly be made scientifically operant as it is a contiguous mentation-capacity-based notion in terms–as-of-axiomatic-construct of low to high mentation-capacity. The idea of shortness-of-register-of-meaningfulness-and-teleology and longness-of-register-of-meaningfulness-and-teleology as such is devoid of stigmatisation which is the result of articulating meaning with respect to vague impression-driven temporal references harkening back to the prior/transcended/superseded reference-of-thought rather than the prospective/transcending/superseding reference-of-thought; since shortness-of-register-of-meaningfulness-and-teleology and longness-of-register-of-meaningfulness-and-teleology are a contiguous value construct as in <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation beyond just ~~amplituding~~/formative>epistemic-totalising~random-as-impulsive-phenomenal-abstractiveness-of-presencing-in-'trepidatious-consciousness'-enabling-

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context (qualification/good-to-bad transience), ~~amplituding~~/formative>epistemic-totalising~intervalist-as-categorising-phenomenal-abstractiveness-of-presencing-in-'occlusive-consciousness'-enabling-

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context (categorisation/kindness-humility-helpfulness-etc. sransience) of conceptualisation but arrive at rationality (contiguous mentation-capacity/longness-or-shortness-of-register-of-meaningfulness-and-teleology transience) or a ~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context conceptualisation with a corresponding depth/register-of-meaningfulness (in memetic reordering depth) that allows for a grasp of the-Good intemporal-disposition (i.e., beyond just an intradimensional 'good-natured' conceptualisation) of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, with the memetic-reordering directly associated with the referential entropy in institutional-cumulation/institutional-recomposure/transcendence. Thus by intemporality/longness as a the-Good conceptualisation as 'longness-of-register-of-meaningfulness-over-shortness-of-register-of-meaningfulness-and-teleology', that specificity (as pursued in this paper) that informs ontological understanding of not idling and articulating meaningfulness in equivalence of temporality/shortness in its various shades, but rather with intemporal purpose and intent, and an ultimate quest for validation only as an ontological-primemovers-totalitative-framework conceptualisation will be qualified as 'longness-of-thought'; and it strives to achieve a prospective structural/paradigmatic existential registry-worldview/dimension conceptualisation of transcendence wherein

aetiologisation/ontological-escalation for prospective transcendental intemporal virtue is the underlying drive. The non-implication of an equivalence between ('Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling) with temporality/shortness in its various shades will imply a knowledge conceptualisation rather from the perspective of the comprehension of human species intemporal potential rather than mere extrication within a temporal inter-individuals-and-social-stake-contention-or-confliction context, wherein for instance the focus of a positivistic-inclined mindset/reference-of-thought is not to idly engage a medieval world in medieval terms to stigmatise as a final end but rather for the virtuous human species potentiality to transcend into positivism, and on the other hand equally not to shy away from articulating, however temporally unpalatable and unintelligible-or-existentially-suprastructural for the temporal present registry-worldview/dimension, an intemporal transcendental prospection on the validation that the present registry-worldview/dimension is the outcome of a same-kind intemporal transcendental prospection with a same-kind corresponding emanance unpalatability and unintelligibility for the preceding registry-worldview/dimension, be it in that case driven by a spontaneous and natural dialectical cycle of social constraints of stakes and confliction, in contrast now to a more 'consciously directed' abstract understanding regarding deprocrypticism-over-procrypticism (with intellectual responsibility itself being defined as the spirit for authentically upholding such construing/conceptualisation and/or facilitating it as enabling further self-development together with the furthering of social/specie development).

The use of 'human mental-dispositions/individuations' as of temporal-to-intemporal-dispositions doesn't mean ontologically that the analyst view is that some individuals are inherently/exclusively solipsistically temporal and others are inherently/exclusively

solipsistically intemporal. But rather, it is an abstract construction of human temporal-to-intemporal mental-dispositions/individuation potential possibilities that can incidentally arise in any individual by a circumstance or circumstances across time and space; but with a strong propensity of specific dispositions being nurtured in varying profundity across different individuals as per context. This abstract and fleeting notion is known as 'individuation' (more like an abstract and superseding 'hermeneutic-aetiology' of temporal-to-intemporal dispositions, and hence the possibility of ontological-primemovers-totalitative-framework or scientism), and is the more scientific notion over 'individual' (which is just the receptacle of individuations).

By pedestal is meant the 'temporal-to-intemporal individuations dispositions of meaningfulness whether the intemporal-disposition individuation-pedestal or the temporal-dispositions individuations-pedestals (ignorance-temporal-disposition individuation-pedestal, affordability-temporal-disposition individuation-pedestal, opportunism-temporal-disposition individuation-pedestal, exacerbation-temporal-disposition individuation-pedestal, social-chainism/social-discomfiture/negative-social-aggregation-temporal-disposition individuation-pedestal or temporal-enculturation/temporal-endemisation-temporal-disposition individuation-pedestal). The intemporal and temporal-dispositions-registries individuations-pedestals imply and point to the underlying ontological-primemovers-totalitative-framework basis of 'the specific temporal-disposition meaningfulness-and-teleology. Further, by psychopathic or other postlogic subknowledging/mimicking-and-mimicking-protraction, the 'temporal-dispositions individuations-pedestals' wrongly conjugate/inflect/protract their apriorising–registry-elements (implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) from aligning prelogicly to postlogism in hollow-constituting-<as-disjointed-misappropriation-of-

meaningfulness-and-failing-intemporal-preservation> thus effectively being postlogic, and this can thus be predicated as per the 'specific temporal-disposition'. Such postlogic temporal-dispositions individuations-pedestals are conjugated/inflected/derived/mimicked-protraction-to-psychopath's compulsive-dementing (as derived from both psychopathic and others postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> slantedness/insane-fitment/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness-dispositions) in epistemic-decadence (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>). These will include 'postlogic ignorance-temporal-disposition individuation-pedestal', 'postlogic affordability-temporal-disposition individuation-pedestal', postlogic opportunism-temporal-disposition individuation-pedestal, postlogic exacerbation-temporal-disposition individuation-pedestal, postlogic social-chainism/negative-social-aggregation/social-discomfiture-temporal-disposition individuation-pedestal, and postlogic temporal-enculturation/temporal-endemisation-temporal-disposition individuation-pedestal). While the prelogic/conviction-as-to-profound-supererogation 'ontologically-reconstituting' intemporal-disposition-teleology is rather the ontologising individuation-pedestal as it strives perpetually to define-and-redefine categorical-imperatives (by its ontologically-veridical associated registry-teleology-mentation elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) for 'intemporal/ontological preservation entropy/contiguity' as it perpetuates institutionalisation/intemporalisation/longness-of-register-of-meaningfulness-over-shortness-of-register-of-meaningfulness-and-teleology despite the natural reflex at every

registry-worldview/dimension, whether recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism, to temporally arrive at entropy on the basis of temporal-dispositions teleologies or shortness-of-register-of-meaningfulness-and-teleology (with the associated non-veridical temporal implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) i.e. temporal preservation teleologies are inclined to forego intemporal-preservation-entropy-or-contiguity–or–ontological-preservation teleology (ontological-veridicality/ontological-contiguity of reference-of-thought) at a registry-worldview's/dimension's uninstitutionalised-threshold, which should definitely be resisted by 'intellectual responsibility' which for the positivistic registry-worldview/dimension holds that the intellectual disposition is all too willing to be 'romantic' about the idea of human firstnature cross-sectional inclination for the intemporal-disposition and that intellectual responsibility is to acknowledge the veridicality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor and be preemptive of the 'non-ontological/non-knowledge/non-virtue temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' by futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalisation based on absolute ontological-contiguity and taking account of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>; just as the present positivism institutionalisation had been preemptive of human cross-sectional disposition for superstition by emphasising rational-empiricism, and the universalisation institutionalisation

had been preemptive of human disposition for ad-hoc social-stake-contention-or-confliction resolutions along whims and interests to imply a sense of universalisation, and base-institutionalisation had been preemptive of human disposition for recurrent lawlessness to imply a sense of institutionalised living with mutual expectations. 'Unconscionability-drag' (from an ontological/intemporal reference) refers to the comprehensive state of undisambiguation of temporal-dispositions individuation-pedestals which are wrongly associated to the intemporal-disposition to be ontological as these conjugate/inflect/protract (in mimicking-protraction) with the psychopath's compulsive-dementing insane-fitment/slantedness/mere-possibility narratives which are as dialectically-or-contendingly-out-of-phase or hollow-mimicking) inducing temporal-dispositions epistemic-decadence (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-contiguity-as-absolving/fleeting/escaping-reflex-logic or-hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex-of-the-in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-which-is-not-of-ontological-reference/not-of-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing–apriorising-psychologism/not-of-veridical-thinking-reference-but-rather-preconverging-or-dementing-reference/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–and-not-of-logical-contention) as these are wrongly aligned prelogicly/by-prelogism to the

initiated postlogism. In which case the temporal-dispositions are 'technically psychopathic' with corresponding conjugated/inflected/derived/mimicked-protraction-to-psychopathic compulsive-dementing (temporal unsoundness-or-inauthenticity-of-reference-of-thought-teleologies/registries-perversion-teleologies/mental-perversions-teleologies, with corresponding groundless implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology); and are rather the subject of contention and aetiologisation/ontological-escalation reflected/perspectivated as manifestations of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and not logical contention. And so, in distractive-alignment-to-reference-of-thought in a temporal contiguity (procrypticism) allowing for the conceptualisation of the registry-worldview's/dimension's as dialectically-out-of-phasing (dialectically-primitive) over which new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is construed to reflect/preempt the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, for 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure of the prospective registry-worldview's/dimension's(deprocrypticism) new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation while keeping the temporal-dispositions downgraded/oblongated/decandored alignment as to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, and so precedingly to avoid

<amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag/circularity induced straightening/candoring/elevation/prelogism alignment.

Given that at 'uninstitutionalised-threshold' human learned behaviour is primarily geared towards what is 'perceived as succeeding', whether intemporal (the-Good as longness-of-register-of-meaningfulness-and-teleology) or temporal (shortness-of-register-of-meaningfulness-and-teleology); it is this mental-devising-representation as the 'unconscionability-drag' that provides the backdrop for skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (enabling ontological reference), as it achieves social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩' with corresponding untenability/internal-contradiction/internal-incoherence/institutional-constraining, in reflecting-and-preempting the comprehensively distractive-alignment-to-reference-of-thought of the subknowledging dimension temporal-dispositions for the prospective registry-worldview's/dimension's(deprocrypticism) intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

Unconscionability-drag (from an ontological/intemporal reference) also points to the fact that at any institutional registry-worldview/dimension, there can be two mental alignments; whether the apriorising–registry is at the institutionalised/intemporalised threshold of meaning (existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at) or at the uninstitutionalised-threshold of meaning involving perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> requiring distractive-alignment-to-reference-of-thought, and in

the latter case the reflex to be integratively aligned is lost across all the temporal-dispositions of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> dimension, and what is called for with the unconscionability-drag is a distractive-alignment-to-reference-of-thought which will explain a dialectically-or-contendingly-out-of-phase or dialectically-primitive alignment by oblongating/decandoring/downgrading. * I.e. Remember 'mental-devising-representation' is a devising construct of preceding/superseding abstract reality/veridicality (postconvergence) as the latter never changes, and it is mental devising that adjusts to the illumination/insight we get about abstract reality/veridicality as validated by ontological-primemovers-totalitative-framework!

In the bigger scheme of things, 'unconscionability-drag' as a notion points to 'ontological abstraction and mental-devising-representation of reality/veridicality defect' whether dealing with psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or temporal-dispositions conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> s or simply plain temporal-dispositions 'defective mental-devising-representation of ontological reality/veridicality'. The notion of 'unconscionability-drag' thus extends to all mental-devising-representation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of all registry-worldviews/dimensions with respect to the prospective transcendental as the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation registry-worldview/dimension, which is the point of ontological referencing (point-referencing).

The reason why the 'study of the social' had hitherto been EPHEMERAL is because of the lack of contiguity in referencing the two elements of ontological meaning (reference-of-thought and logic); with reference-of-thought being hitherto undisambiguated in the social construction of meaning, thus leading to a 'lack of constraining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of temporal-dispositions prior relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'. However as articulated above, the 'unconscionability-drag' carries the resolution for disambiguating reference-of-thought in the ontological social construction of meaning as it is fully aligned or 'in ratio alignment' to 'an emanant transdimensional (across registry-worldviews) point-referencing of intemporal-preservation-entropy' while reflecting a social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ that shows the fallibility of temporal dimensions <~~amplituding~~/formative>epistemic-totalising~intervalist-as-categorising-phenomenal-abstractiveness-of-presencing-in-'occlusive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context point-referencing and as this further discomfitures in the social-construct of meaning, and hence the perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and elicits an ordered construct of meaning reference-of-thought (in terms–as-of-axiomatic-construct of

implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) from the superseding perspective of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation alienative-hierarchisation and 'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' (longness-of-register-of-meaningfulness-and-teleology). This actually represents the human ' temporalities-to-intemporality constant' at all registry-worldviews/dimensions (as postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s are universally present in all registry-worldviews).

Practically, this involves articulating: (i) the dialectically-or-contendingly-out-of-phase/dialectically-primitive-or-formulaic slanting threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism elicited psychopath's insane-fitment narratives in epistemic-decadence (notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>-as-of-epistemic-decadence in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>/non-ontological-and-non-contending-referencing-<thus-ontologically-or-contendingly-reflected-or-perspectivated-as-of-preconverging-or-dementing–apriorising-psychologism>/not-veridical-thinking-reference-rather-preconverging-or-dementing-reference/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–and-

not-of-logical-contention) teleology (ii) the dialectically-or-contendingly-out-of-phase/dialectically-primitive) procryptic temporal-dispositions teleological conjugations/inflections/derivations to the psychopath's as dialectically-or-contendingly-out-of-phase or hollow-mimicking) insane-fitment/slantedness/unsoundness-or-inauthenticity-of-reference-of-thought narratives, whether they are ignorant, affordable, opportunistic, exacerbating, social-chainism/social-discomfiture/negative-social-aggregation or temporal-enculturation/temporal-endemisation (iii) the dialectically-or-contendingly-in-phase/transcendent/deprocryptic 'disambiguation of temporal-to-intemporal-dispositions as ontological-escalation/aetiologisation' reflecting the psychopath's and other temporal-dispositions veridical mental/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversions/unsoundness-or-inauthenticity-of-reference-of-thought dispositions. Unconscionability-drag (enabling ontological reference), by which the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversions teleologies of meaning is accounted for can be demonstrated below elaborating on the example highlighted before.

Of course, this is just a most basic demonstration as ideally one can imagine a creative storied narrative should articulate the phenomenon to its utmost evolving complexities – a storying construal involving an underlying-and-superseding intemporal/ontologising emanant 'reference-of-thought—devolving-teleological-structure-of-meaningfulness as of historiality/ontological-eventfulness/ontological-aesthetic-tracing as of the notional~conflatedness of notional~deprocrypticism' for 'postconvergence intemporal-preservation-entropy-or-contiguity–or–ontological-preservation longness-of-register-of-meaningfulness-and-teleology as of deprocrypticism teleology' putting into perspective

'temporal emanant conjugations/inflections shortness-of-register-of-meaningfulness-and-teleology as of procrypticism teleologies'.

For instance, the storying construal 'ontological/intemporal veridicality' of non-positivism/medievalism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> will be 'abjectly referenced' from positivism; likewise that of recurrent-utter-uninstitutionalisation inherently-'preconverging-or-dementing–apriorising-psychologism will be 'abjectly referenced' from base-institutionalisation, that of ununiversalisation perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> will be 'abjectly referenced' from universalisation, and thus that of procrypticism/disjointedness-as-of-reference-of-thought perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> has to be 'abjectly referenced' from deprocrypticism/longness-of-register-of-meaningfulness-and-teleology over shortness-of-register-of-meaningfulness-and-teleology. The reason for the above is that you can't address a registry-worldview/dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomenal defect (psychopathy) without addressing the defects of the registry-worldview/dimension (procrypticism) that endemises it from the reference of the prospective transcendental dimension, just as you can't address witchcraft without fundamentally addressing a non-positivism/medievalism registry-worldview that will necessarily and readily endemise superstitions and witchcraft. The peculiarities of successive institutionalisations is that these address the successive emanant dimensional defects of: recurrent-utter-uninstitutionalisation by emphasising 'base-institutionalising', ununiversalisation by emphasising 'universalising', superstition/non-positivism/medievalism by emphasising 'positivising', and procrypticism

preconverging-or-dementing–apriorising-psychologism by emphasising 'undermining subknowledging/mimicking' or deprocrypticism or 'longness-of-register-of-meaningfulness-and-teleology over shortness-of-register-of-meaningfulness-and-teleology' (noting that the latter institutionalisation/intemporalisation contains the previous institutionalisations up to its own threshold of institutionalisation/intemporalisation, with deprocrypticism being organically imbued with all the prior/superseded institutionalisations); all these, pointing to 'an ontological psychoanalytic/memetic-contiguity deconstruction across anthropology' which the present treatment of psychology doesn't recognise:

(i) Psychopath narrative teleology: an adult psychopath meets a stranger and speaks to him about another stranger whom it knows nothing about, saying logically that it is a bad thing for this guy to be molesting children

(ii) temporal-dispositions narratives teleologies: a stranger not knowing the other stranger aligning prelogicly to the psychopath's narrative will have a 'conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism ignorance-temporal-disposition defect' if it articulated the following narrative:

(a) Such a person should not be allowed to roam the streets and should be interned.

A 'conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism affordability-temporal-disposition defect' will arise if another interlocutor knowing the accused for not truly being a child molester but because of expediency with respect to the psychopath articulates the following narrative:

(b) the guy is actually a bad person and they will not be surprise that he is a child molester.

A 'conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism opportunism-temporal-disposition

defect' will arise if a different interlocutor knowing truly that the accused is not a child molester but for a favour or sense-of-favour they owe to the psychopath articulates the following narrative:

(c) this guy has been going around molesting young children for quite a while now.

A 'conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism exacerbation-temporal-disposition defect' will arise where another interlocutor knowing the truth about the whole thing, thinks they can have an advantage by acting likewise as the psychopath and articulates the following narrative

(d) they had actually witnessed the accused shoplifting.

A 'conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism social-discomfiture/(social-chainism/negative-social-aggregation)-temporal-disposition defect' will arise where

(e) such narratives are purposefully and consistently relayed in the social sphere based on ignorances, affordabilities, opportunisms and exacerbations, and individuals come to make it a reference for their relation with the accused.

And finally, a 'conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism temporal-enculturation (temporal-endemisation)-temporal-disposition defect' arises where

(f) individuals come to learn that by having the appropriate social relations and social support network they can then initiate such narratives if they were to have competing 'socially-perceived-value as of social-stake-contention-or-confliction' situations with others, and not only that it also includes individuals passively accepting and giving up on the principle of the intemporality/longness and intrinsicness of meaning.

It is important to distinguish all the above 'temporal instances conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism of the psychopath's postlogism-slantedness in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>', and is different from 'a defect of logical operation/processing/contention which does not imply any temporal-disposition defect (in terms–as-of-axiomatic-construct of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or the denaturing of the reference-of-thought-elements/apriorising–registry-elements out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology)'. With temporal-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (mental-perversion), the interlocutor deliberately (or naively in the case of ignorance) doesn't project intemporally (i.e. projects in terms–as-of-axiomatic-construct of shortness-of-register-of-meaningfulness-and-teleology or immediate-temporal-interest and not a universal ontological sense of meaning), comparatively more like a student guessing that the answer of a math question is say 5 'artificially' operates an equation to yield 5 as answer. Whereas with 'a defect of logical operation/processing/contention' (which is not the case here), an interlocutor perfectly projects intemporally (i.e. projects in terms–as-of-axiomatic-construct of longness-of-register-of-meaningfulness-and-teleology or a universal ontological sense of meaning) but poorly operates/processes the logic adhocly. This latter case unlike the former doesn't imply registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> but rather 'an adhoc

defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance whereas the former is 'registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> that speaks to the unprincipled-or-derived-unprincipled disposition of the interlocutor's individuation that is, with respect to an infinite number of cases in the same situation (i.e. comparatively the disposition to go about answering math questions by figuring out their answers then 'artificially' trying to work out equations to yield the answers). Thus establishing the ontological-primemovers-totalitative-framework of this slantedness/postlogic individuation defective nature ontologically, hence enabling its aetiologisation/ontological-escalation. This also requires the disambiguation of the registries (involving stranding-of-perverting-temporal-dispositions which refers to mental-devising-representation of temporal-dispositions-registries teleologies registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>, i.e. oblongated/decandored as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism mechanicalism/alchemic-like-reasoning/circumventive/distractive-temporal-prioritisation-of-reference-of-thought/shortness-of-register-of-meaningfulness-and-teleology in distractive-alignment-to-reference-of-thought of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> notional~procrypticism mindset as per postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s. For intemporal-preservation-entropy-or-

contiguity–or–ontological-preservation, strands-of-perverting-temporal-dispositions implies 'not wrongly implying precedingly the reflex of an intemporal prelogism-as-of-conviction-as-to-profound-supererogation reflex and reference on the subknowledging/mimicking-temporal-dispositions but rather reflexively downgrading as dialectically-or-contendingly-out-of-phase/subknowledging/mimicking)-stranding', i.e. registry-precedes-logic as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> undermines the operation of logic, at which point contention is about the 'generation of ontological stranding-as-rightfully-oblongated/decandored' of such temporal-dispositions denaturing to be reflected/perspectivated and ontologised by the intemporal mind as procrypticism as validated by 'unconscionability-drag' such that the temporal-dispositions, which are 'conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism slantedness' as these are protractions of the psychopath's as dialectically-or-contendingly-out-of-phase or hollow-mimicking) insane-fitment/postlogism-slantedness, and hence are in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing and should not be represented mentally going by the 'unconscionability-drag' as 'logically/in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly articulating/composing i.e. not contending' but rather as 'a mentally-conjugated/inflected/derived/mimicked/subknowledging/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism,-and-oblongated i.e. a manifestation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' as is the case with the mental-devising-representation at all registry-worldviews/dimensions uninstitutionalised-thresholds, and should not be wrongly elevated/candored/straightened/integratively-

aligned/dialectically-or-contendingly-in-phase in equivalence with intemporal-preservation-entropy-or-contiguity–or–ontological-preservation apriorising–registry (since they are not contending) but rather downgraded/decandored/protracted-preconverging-or-dementing–apriorising-psychologism/oblongated/logical-incongruence-or-transversality/dialectically-or-contendingly-out-of-phase in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and are rather manifestations of registry/mental defect or denaturing and are the subject of intemporal/ontological contention from the intemporal-disposition, more like at the registry-worldview/dimension defect level medievalism categorical-imperatives/axioms being superseded and undermined with respect to positivism categorical-imperatives/axioms-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

Very much counterintuitively with regards to 'unconscionability-drag', the transcendental requirement for a 'habituation' to a so-called 'prospective intemporal and more veridical mental-devising-representation registry-worldview's/dimension's reference-of-thought–categorical-imperatives/axioms/registry-teleology is rather 'unfathomable' for the prior <~~amplituding~~/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ of the so-called 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> dimension'; this applies with regards to recurrent-utter-uninstitutionalisation and base-institutionalisation, ununiversalisation and universalisation, non-positivism/medievalism and positivism, and prospectively for upcoming times, procrypticism and deprocrypticism. The explanation is quite simple; as individuals in any institutionalisation/intemporalisation registry-worldview/dimension are formed by the memetic-ordering/psychoanalytic-construction at

that registry-worldview/dimension which is 'all-defining of meaningfulness (in terms–as-of-axiomatic-construct of reference-of-thought and logic)' to the individuals and so right up to their subconscious mind. But then a prospective transcendental memetic-reordering/psychoanalytic-unshackling is placing such a prior memetic-order/psychoanalytic-construction of their existentialism (full-existential-depth-implications) personhoods-and-socialhood-formation in jeopardy, and it is only the ontological-primemovers-totalitative-framework social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ of the prospective intemporal dimension inducing untenability/internal-contradiction/internal-incoherence/institutional-constraining with corresponding percolation-channelling impact from the prospective registry-worldview/dimension on the overall social-construct over a generation or two or more that allows for any such 'habituation' to a prospective registry-worldview's/dimension's transcendence with its new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology. This will explain the difficulty of medieval minds (including institutions like the church) over centuries to come to terms with positivism and scientism such that the positivistic psychoanalytic-unshackling/memetic-reordering/institutional-recomposure is still ongoing. Counterintuitively, every successive institutionalisation/intemporalisation registry-worldview/dimension naively thinks it being at the backend of the 'institutional-cumulation/institutional-recomposure process' means it is beyond transcendence as it doesn't project of itself as being superseded by a prospective registry-worldview with its new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology (as of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism) at the point where the former starts perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> its own reference-of-

thought–categorical-imperatives/axioms/registry-teleology, and does not tend to represent itself as oblongated/decandored/logical-incongruence-or-transversality/dialectically-or-contendingly-out-of-phase as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism from a prospective dimension perspective in the sense that. the decandored/oblongated/logical-incongruence-or-transversality/dialectically-or-contendingly-out-of-phase insight we think of non-positivism/medievalism with corresponding phenomena like superstitions, witch-hunts, etc. has never been the way they represented themselves as they are candored/straight/integratively-aligned/'dialectically-or-contendingly-in-phase' in their <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/present-consciousness/illusion-of-the-present mental-devising-representation of themselves. Rather it is the more profound grasp of reality from positivism that initiates that decandored/oblongated/logical-incongruence-or-transversality/dialectically-or-contendingly-out-of-phase mental-devising-representation of non-positivism/medievalism in the positivistic mind, and this is the case as well with all other dialectic institutionalisations across the institutional-cumulation/institutional-recomposure/anthropological-continuity/anthropopsychology.

The reason for making the above point is that we will most possibly as of act same when it is time to imply our own decandored/oblongated/logical-incongruence-or-transversality/dialectically-or-contendingly-out-of-phase procrypticism/disjointedness-as-of-reference-of-thought mental-devising-representation of our reference-of-thought–categorical-imperatives/axioms/registry-teleology with respect to a prospectively candored/straight/integratively-aligned/dialectically-or-contendingly-in-phase

deprocrypticism new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology that is revealed by the 'unconscionability-drag'

disambiguation of our temporal-dispositions-perversion associated with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in our dimension (procrypticism) including psychopathy-and-its-social-psychopathy-corollary subknowledging/mimicking!

(iii) For Deprocrypticism, 'temporal-to-intemporal-dispositions ontological-escalation/aetiologisation' teleology: will involve identifying, defining, characterising, qualifying and articulating the aetiology of this individuation perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> dynamism endemic in the social-construct and prospective categorical-imperatives/axiomatic-construct for its preemption, more like a positive mind will do with respect to a non-positivism/medievalism social-construct reference-of-thought. (Though interestingly it is important to grasp that such transcendence actually takes the natural form of a 'cross-generational medium to long-term psychoanalytic-drag' and not 'instantaneous abject transformation' towards ontological-completeness-of-reference-of-thought, even such an 'instantaneous abject transformation conceptualisation' is equally a necessary knowledge exercise as the social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ constraining that allows for a 'cross-generational medium to long-term psychoanalytic-drag'): (a) articulating a social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the registry-worldview-perversions, (b) generating ontological-primemovers-totalitative-framework untenability/internal-contradiction/internal-incoherence/institutional-constraining in the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview (c) referencing/registering/decisioning or stranding the

perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-or-inauthenticity-of-reference-of-thought/subknowledging registry-worldview/dimension defect for prospective preemption with new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the prospective registry-worldview/dimension, i.e. deprocrypticism (d) intemporal projection superseding the transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith/being-dialectically-or-contendingly-out-of-phase/logically-incongruence with the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview, inducing a 'habituation'/'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure as of the prospective apriorising–registry worldview cross-generational (over a generation or two) intemporal projection superseding the transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith/nihilistic; implies that the mental-devising-representation of a superseded/transcended/unsound registry/registry-worldview (which is rather in epistemic-decadence and hence in ontological-disconuity) as ontological-dementation/dialectical-dementation–stranding/attributive-dialectics stranded-as-rightfully-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase, entails it doesn't re-join by mere logical articulation the prospective superseding/transcending/sound registry/registry-worldview

stranding-as-mentally-straight/candored-and-dialectically-or-contendingly-in-phase, as the prospective institutionalisation is rather about a registry-worldview/registry, and not logical, transformation as a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure; with the notion that any such wrongly implied re-joining as logical articulation is rather <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of the prior registry/registry-worldview reflex-defect in want of 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. For instance, in the case mentioned before with regards to B (Brackets), where B was to stick with the same temporal-dispositions individuation disposition that delivered the wrong results with respect to subsequent equations of a similar context (uninstitutionalised-threshold) this will be epistemic-decadence, as conjugated/inflected/derived from A's defective condition which is in epistemic-decadence, and the both A and B are of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> defining the registry-worldview/dimension apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument defect. This implies ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of B to such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (as prior intemporal reference-of-thought–categorical-imperatives/axioms/registry-teleology) is the effective backdrop for 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-

unshackling/memetic-reordering/institutional-recomposure for the prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and this is rather cross-generational in nature (rather than instant intra-generational registry/registry-worldview transformation) as personhoods-and-socialhood-formation are rather grounded on the superseded/transcended/unsound reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. The above analysis shows that soundness-or-authenticity-of-reference-of-thought-of-meaningfulness is not given, as it is a devising mechanism (mental-devising-representation) for ontological-veridicality as dialectically upheld for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (ontological-normalcy or postconvergence).

Unconscionability-drag (from an ontological/intemporal reference) ensures the disambiguation of registries so that the psychopath's and temporal-dispositions are not elevated to the intemporal level which then allows for, by reflex, a simple operation/processing of logic (whereas the fundamental defect being in terms–as-of-axiomatic-construct of the apriorising–registry-elements, implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology of the registries, i.e. rather the unsoundness-or-inauthenticity-of-reference-of-thought or the dialectically-or-contendingly-out-of-phase meaningful construct).

Unconscionability-drag (from an ontological/intemporal reference) is thus central to resolving the rational-realism paradigm as it accounts for the defect of temporal-dispositions teleologies of meaning (shortness-of-register-of-meaningfulness-and-teleology) while projecting intemporally/ontologically.

The notion of 'unconscionability-drag' also explain how and why banal temporal-dispositions are not readily 'integrative of psychopathic postlogism-slantedness as conjugated-postlogism/preconverging-or-dementing-integration' (hence no distractive-alignment-to-reference-of-thought) to the childhood and early adolescent psychopaths but come to develop a 'mental-unconsciousness' (unconscionability) to be 'integrative of psychopathic postlogism-slantedness' during the stage of late adolescence and adult psychopath.

Antipodal to the idea of 'unconscionability-drag' is the idea of 'conventioning'/social-temporal-thresholding. 'Unconscionability-drag' points to an abstract but more veridical ontological construct of the 'social construction of meaning' that is ontological-normalcy/postconvergence, based on intemporal-preservation-entropy-or-contiguity–or–ontological-preservation by using categorical-imperatives of the prospective superseding/transcendental registry-worldview/dimension whether such a representation is aligned or not with the society's collective-social-psyche or present-consciousness. (For instance, we can generate an unconscionability-drag of a medieval society on the basis of a positivistic mental projection and categorical-imperatives; wherein we oblongate the solipsistic mental-dispositions of individuations in such a society. While such a representation, with its corresponding subknowledging/mimicking, is ontologically more accurate about such a society, however, the collective-social-psyche/present-consciousness of individuations in the said society will not recognise any such decandored/oblongated/logical-incongruence-or-transversality/dialectically-or-contendingly-out-of-phase representation of themselves, rather the medieval society will represent itself as candored/straight/integratively-aligned/dialectically-or-contendingly-in-phase which is then the 'conventioning/social-temporal-thresholding representation of the social construction of

meaning'). Conventioning/social-temporal-thresholding thus refers to the fact that in a 'social construction of meaning', intrinsic-reality by itself and in of itself (as may be grasped ontologically from superseding/transcendental categorical-imperatives preserving intemporality) is not necessarily the deterministic basis for human social adherence to it.

Transcended and ontological meaningfulness of reality (contrary to conventioning/social-temporal-thresholding meaningfulness of reality which is rather towards <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/temporality-serving) requires a process of institutionalised/intemporalised social integration to induce untenability/internal-contradiction/internal-incoherence/institutional-constraining to 'prior or circumstantial social integration gatekeeping construals or (institutionalisation/intemporalisation) percolation-channelling' of 'any social construction of meaning' for there to be collective institutionalised social adherence (and by the relative positive-opportunism elicited). Institutionalisation/Intemporalisation percolation-channelling are the institutionalised relays for human survival-and-flourishing-teleology, whether diffusely from internalisation-and/or-formalism, and are increasingly vital with higher institutionalisations, and most vital for prospective perpetuation-of-deprocrypticism, such that abstractions that will normally hardly be socially integrated going just by averaging human temporal-to-intemporal nature, can actually come from re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩ intemporal-disposition to inform social institutionalisation/intemporalisation, thus emphasising how vital percolation-channelling are for institutional-cumulation beyond just the consciousness appraisal of temporal-dispositions. Institutionalisation/Intemporalisation percolation-channelling imply that the would-be intellectual analyst can perfectly uphold intrinsic reality over 'social-and-temporal-trading'

and still impose veridicality (if truly veridical) over populist-inclined dispositions which are not veridical, just by the fact of the extendedly implied positive-opportunism for human survival-and-flourishing imbued in institutionalisation/intemporalisation percolation-channelling. This implies that an exercise in institutionalisation/intemporalisation beyond just intemporal philosophical projection is needed for the social integration of any transcending veridicality paradigm (the latter being any notion that put in question informal or formal conventioning/social-temporal-thresholding ways of perceiving and doing things for supposedly prospective better ways). Correspondingly, the social-construct cannot be and should not be related to as a philosophical construct since it is rather 'conventionalised from institutionalisation/intemporalisation (secondnatured), and has not evolved as of dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection; as it may be inclined to make references to temporal reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that are preconverging-or-dementing–apriorising-psychologism/of-perverted-registry/subknowledging/mimicking–and–epistemic-totalising~self-referencing-syncretising-these. This brings forth the idea of 'ordered construct' between the intemporal firstnature/intemporal (organic-comprehension-thinking as to intemporal supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism) and temporal-and-poorly-secondnatured/institutionalised (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, in relation to transcending meaning. Such ordered construct ensures precedence of the former as it skews ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) solipsistically towards

intemporal-preservation-entropy-or-contiguity–or–ontological-preservation while the latter skews ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) for temporal preservation. Anecdotally, moral philosophy as dimensionality-of-sublimating—~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation (organic-comprehension-thinking) creates law/legal-conventions but then questions of justice cannot be attended to by populist-social-construct (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) since only a developed sense of moral philosophy as dimensionality-of-sublimating—~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation (organic-comprehension-thinking) ensures sound jurisprudence as a human intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm rather than a temporal extricatory paradigm. 'Prior or circumstantial social integration gatekeeping construals or institutionalisation/intemporalisation percolation-channelling' that can enable the superseding of conventioning in the social integration of ontological veridicality include existing percolation-channelling of formalisms/officialdom which have naturally been instituted to allow for the supersedingness of intemporal/ontological constructs and intemporal dispositions. For instance, formal institutions selectivity mechanisms; and where the latter fail or are fallacious, basic positive-opportunism wherein the ontologising construct elicits positive-opportunism for the undermining of defective conventioning/social-temporal-thresholding constructs/categorical-imperatives of meaning (for instance, a natural causes disease conception leading to more cures such that positive-opportunism then undermines a

superstitious-driven disease theory which leads to more pain and deaths). The big idea here is that, it is naïve philosophically to operate mainly on the basis of 'ontological rightness of transcendence' with respect to a species whose construct is structured to be temporal (shortness-of-register-of-meaningfulness-and-teleology) to intemporal (longness-of-register-of-meaningfulness-and-teleology) requiring skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference to the latter. And any such 'ontological transcendence by mere rightness' has never been acquiesced to for the sole reason of its intrinsic rightness. For instance, round world idea never took off even though it was ontologically right (as the medieval conventioning/social-temporal-thresholding construct and strongly ingrained social dispositions). It is the generated untenability/internal-contradiction/internal-incoherence/institutional-constraining together with positive-opportunism coming from sailors sailing around the world on this idea to seek for spices and create wealth that constrained/institutionalised the medieval world into such an ontological transformation/transcendence. Part and parcel of ontological transformation/transcendence is the existential cynicism to grasp the human sense of internal contradictions and positive-opportunism to introduce and uphold these by the mechanism known as institutionalisation/intemporalisation. Regarding futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism undermining of procrypticism, it is doubtful that pertinent ontological constructs and generally the 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> dynamics of procrypticism' are by themselves a sufficient basis for the direct and immediate social integration of deprocrypticism because of its 'rightness' over conventioning/social-temporal-

thresholding. Part and parcel of the intellectual exercise is to understand how to manage the mechanism of transcendence wherein new and more profound ontological constructs are introduced and upheld, particularly by way of institutional percolation-channelling for intemporal transcendence.

However, it should be noted that the conceptualisation of 'conventioning' is not wholly antipodal to 'ontologising/intrinsic-veridicality' as the latter prospective integration in the social-construct is through the former; 'conventioning' is thus a dynamic conceptualisation articulating, on the one hand, how prospective temporality/shortness undermines/subknowledges-or-mimics the intemporal/ontological construction of meaning (like postlogism-slantedness, miscues, logical-drag, unconscionability-drag, sub-par-conventioning-rationalising, and temporal-enculturation, with respect to reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the intemporal meaning), and on the other hand, how prospective intemporality/longness is regenerated to supersede/transcend such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and bring about new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation).

Organic-comprehension-thinking (as to supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism) as highlighted above contrasts with threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism which is rather temporal-driven (whether ignorance at best, slantedness/psychopathy, affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation). Organic-

comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology), being intemporal-driven, with respect to transcendence points to the fact that the articulation of meaning referenced/registered/decisioned differently in two registry-worldviews/dimensions, the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as retrospective and transcendental as prospective, is/should be wholly referenced/registered/decisioned intemporally from the superseding transcendence that upholds intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; as the 'intemporal mind' can't go after the value reference of both registry-worldviews/dimensions since transcendence is about 'subverting' perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> by psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. For instance, the non-positivism/medievalism value references of aristocracy/class are contrarian to positivistic value references for the possibility of equal opportunities; and the intemporal projecting positivistic mind in medieval times has no business trying to appear 'great and wonderful' with respect to 'conventioned' value reference of aristocracy/class in the medieval world even though it is the dominant and encultured collective mental-disposition. Likewise, such logic will apply regarding deprocrypticism and procrypticism requiring a reasoning that goes beyond the '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present' mindset/reference-of-thought of our current procryptic mental-disposition, i.e. 'the limit of ontological thought is not the banal <~~amplituding~~/formative>wooden-language-(imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>) of a

registry-worldview/dimension'. Otherwise no progress is possible as a dimension progresses exactly because it has defects which when overcome enables the progress to occur! So the intemporal mind cannot as such 'be impressionable' by the banal <amplituding/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ of a registry-worldview/dimension. It points to the fact that it is 'perfectly ok' to be 'unintelligible/existentially-suprastructural and value-reference-wise unresponsive' to the subknowledge-⟨preconverging-or-dementing-as-if-of-sound-knowledge⟩ apriorising–registry but rather alienative as to the possibility for its psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. The 'apparent profoundness' of such temporal reference of thought is rather 'depth-of-ignorance' rather than 'depth-of-elucidation'. threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation— preconverging/dementing–apriorising-psychologism arises as a result of shallow mental-dispositions induced by temporal-dispositions, and their disambiguation should be called for, and not candored/straightened/integratively-aligned as if intemporal/longness in nature but rather decandored / oblongated / transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as temporal/shortness. threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation— preconverging/dementing–apriorising-psychologism as such is rather a 'flatness-of-the-mind' involving temporality, 'mental triteness' and 'gullibility' with respect to, in the case of psychopathy, insane/slantedness integration as social psychopathy; and more generally, 'lack of intemporal philosophical depth', i.e. lack of spontaneous dimensionality-of-sublimating— <amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation

inclination (the-guy-who-spontaneously-stands-out-against-say-a-genocide or the milgram-experiment-guy-who-sticks-with-what-is-reality-rather-than-going-with-the-flow, etc.) not to be confused with secondnaturing/institutionalisation, and as a consequence an inclination to compromise intemporality/longness as 'conventioning (social-temporal-thresholding) of meaning' rather than 'ontologising (intemporal-uncompromising) of meaning'. Overall threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism points to the fundamental processes of 'social temporal miscuing of meaning' and the effective temporal consequences whether regarding defective enculturation or defective social ontologisation/ontological-veracity/aestheticisation-towards-ontology. This thus requires 'deconventioning-for-ontologising involving the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation exercise of undermining conventioning at uninstitutionalised-threshold (due to the inescapable veridicality of human individuation temporal/shortness-to-intemporal/longness which inevitably induces perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> at uninstitutionalised-threshold); deconventioning as such skews ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) and restores ontological veridicality for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

An essential element underlying the psychopathic and other postlogic relationship with meaning has to do with the nature of attachment to meaning. A postlogic mind doesn't view meaning articulations as 'inherently sanctuous' and thus is inclined to produce mechanically whatever deductions that may engage an interlocutor in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly/prelogicly even if these are hollow mimicking non-veridical narratives, i.e.

vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated). On the other hand, prelogism-as-of-conviction-as-to-profound-supererogation-or-thinking imply more of an organic alignment view of meaningful articulations as 'inherently sanctuous', i.e. 'existential-contextualising-contiguity/meaningful-projection-of-intrinsicness'. Going by these two facts, the postlogic and psychopathic mindset/reference-of-thought is readily inclined to call upon a broad base of vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging narratives (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated) whereas the prelogic/conviction-as-to-profound-supererogation mindset/reference-of-thought is inclined to call upon just the narratives it sincerely thinks are relevant/due and intrinsically real. So it is critical not to confuse the over-articulation of postlogic narratives (vague mechanical stylising-of-locution) with an organic depth-of-thought or profoundness, given that these involve postlogism-slantedness, disjointed-logic, miscuing,   inventions   and   platitudes   from   the   postlogic   mindset,   requiring decandoring/oblongating/distractive-alignment-to-reference-of-thought.   Ontologically speaking, meaning is an essential construct of human mental-devising-representation meant to allow for human intemporal teleology. A postlogic-formulaic slanting threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–aprioriising-psychologism relation to such a conceptualisation is sub-par-or-formulaic-association-or-temporal-or-alibi to ontology and is thus regarded as 'perversion-of-reference-of-thought-<as-effectively-aprioriising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> referencing' that is ontologically inconsistent as it counts on the fact that others remain intemporal/ontological for it to exist parasitising/co-optingally. Worst still such vague-rhyming-or-copied-mimicry-

or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging tend to be integrated at uninstitutionalised-threshold of conventioning/social-temporal-thresholds.

Without a sense of 'rational-realism' (the veridicality of meaning involving not only the logical processing/operation of narratives but precedingly temporal-to-intemporal-dispositions disambiguation, i.e. in terms–as-of-axiomatic-construct of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology), by prelogism-as-of-conviction-as-to-profound-supererogation reflex, prelogic/conviction-as-to-profound-supererogation and postlogism-formulaic slanting narratives as to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism will be analysed at the same pedestal towards construing veridicality/intrinsic-reality. Such an analysis is wrong as an inherently prelogic/conviction-as-to-profound-supererogation mental-disposition will rather re-accentuate prelogic/conviction-as-to-profound-supererogation constructs in contention situations whereas the characteristic of postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as of postlogism-formulaic slanting elicited threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, whether direct as with the psychopath postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> or induced as temporal-dispositions conjugated-postlogism in 'conjoining looping narratives of flawed-existential-elevation-of-reference-of-thought' of psychopath's postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>, is about a mental-disposition to re-undermine intrinsic-reality/veridicality hence its looping nature as absolving/fleeting/escaping-reflex-logic. Hence once the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-

preservation> as of postlogism-formulaic slanting threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism is elicited in an interlocutor, the ontological construct is not to allow it be meaningfully sound (in terms–as-of-axiomatic-construct of implied-registry and thus implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) to be contending but rather transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing to it to reflect its perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. The application of the universal technique of human transcendence to procrypticism-deprocrypticism transcendence can be basically be articulated as follows (the ontological entrapment):

– prelogism-as-of-conviction-as-to-profound-supererogation ANCHORING ('setup of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism meaning')

– DOWNGRADING (psychopath's hollow mimicking narrative wrongly 'slanting the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism meaning')

– MISCUING (temporal-dispositions first aligning prelogicly/in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly to the slantedness of the prelogism-as-of-conviction-as-to-profound-supererogation anchoring at ignorance pedestal, and then by successive temporal pedestals of affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, 'integrating/adopting deliberate postlogic dispositions with respect to the initial supplanting–

conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism meaning')

– denaturing referencing/registering/decisioning or STRANDING (the intemporal-disposition/ontology stigmatising of temporal-dispositions as strands-of-perverting-temporal-dispositions acting as the preempted backdrop for reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview/dimension with its subsequent psychoanalytic-unshackling/memetic-reordering/institutional-recomposure, just as strands-of-perverting-temporal-dispositions of the non-positivism/medievalism mindset/reference-of-thought are what act as the preempted backdrop for prospective positivism and the subsequent psychoanalytic-unshackling/memetic-reordering/institutional-recomposure that followed) – PERCOLATION-CHANNELLING (the intemporal-disposition/ontology eliciting untenability/internal-contradiction/internal-incoherence/institutional-constraining, medium to long term positive-opportunism, referencing/registering/decisioning of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> for social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ and then its transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith; to fundamentally undermine procrypticism/disjointedness-as-of-reference-of-thought and bring about deprocrypticism, and so cross-generationally, and not instant argumentation convincing intradimensionally in a registry-worldview/dimension that is defective or perversion-of-

reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in the first place). Ontology being the intemporal-disposition, the exercise of 'directing convincing' to temporal-dispositions is inherently unwarranted and is rather <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, with pertinence being about 'articulating and directing' intemporal/ontologically-contiguous meaningfulness towards the 'institutionalisation/intemporalisation percolation-channelling'; the latter being utterly impersonal (law, officialdoms and subject matter formalisms) which allows for an abstraction of the virtue of ontological contiguity that personalised social-and-temporal-trading doesn't allow reflexively.

By 'uninstitutionalised-threshold' (where there is no 'intemporal social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as well as no temporal-to-intemporal-dispositions disambiguation/unequivalences/alienative-hierarchisation') is meant, the possibilities of human dispositions and acts beyond frameworks that have not been institutionalised; manifesting as (uninstitutionalisation) 'temporal-threshold logic' or 'discomfiture'. So the uninstitutionalised-threshold of the positive registry-worldview will refer to procrypticism (requiring deprocrypticism), to the non-positivism/medievalism registry-worldview it will refer to non-positivism/medievalism (requiring positivism), to the ununiversalised registry-worldview it will refer to ununiversalisation (requiring universalisation), and to the recurrent-utter-institutionalised apriorising–registry worldview it will refer to recurrent-utter-uninstitutionalisation (requiring base-institutionalisation). Institutionalisation and formalisation are based exactly on the fact that we don't have a universal intemporality/longness or the-good disposition, but rather

according to the mediocrity principle of science we are solipsistically temporal-to-intemporal in our mental-disposition with respect to 'socially-perceived-value as of social-stake-contention-or-confliction'. Hence we tend to build artifices (institutions with their formal rules) by the skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference of our collective thought process in the medium to long perspective towards intemporal-preservation-entropy, to dominate and preempt temporal dispositions. This explains why modern man (positivistic registry-worldview) is apparently more evolved/developed than he/she should normally be compared to previous generations (recurrent-utter-uninstitutionalised men, ununiversalised men, non-positivism/medievalism men, and prospectively, how he/she will be superseded by the deprocryptic man). It doesn't mean that modern man has a genetic makeup or hardware that is different from the others. The difference is the cumulated 'software' or institutionalisations and formalisations that have been internalised into modern man. Anthropologists know that if you were to take a newly born child from a society like those that do not have contact with the modern world, and raise the child in a modern family, there is no different outcome on average as with any other child bred in the modern world. So our faith in virtue is not in our inherent excellence/exceptionalism but the excellence/exceptionalism of the software/institutionalisation that has cumulated, and insightfully, which creative template we will prospectively develop! Incidentally institutionalisation and formalisation ensures that we take the best form of human individuation thinking/capacity potential and constrain society and individuals to that individuation thinking/capacity potential, and inherently so, by the overall positive-opportunism to the cross-section of the species since it better grasp intrinsic reality and its virtues! Solipsism means I exist alone (with respect to intrinsic reality/ontological-veridicality), and this author notionally interpret solipsism as the deepest

sense of existence and meaning available to an individual in its spontaneous emanance or becoming, and as it projects itself 'purely and universally'. It is a firstnature/intemporal construct beyond and 'inventing the possibility' of secondnatured institutionalisation, and places all humans at all times at the same pedestal of virtuous and ontological appraisal, as it is about our 'transcendental valour' irrespective of the level of institutional-cumulation/institutional-recomposure at which we are. It contrasts with institutionalisation/intemporalisation which is 'a negotiated and secondnatured or nurtured construct with respect to existence and meaning around social-stake-contention-or-confliction'. Institutionalisation/intemporalisation as such, by way of positive-opportunism and inducing untenability/internal-contradiction/internal-incoherence/institutional-constraining of temporal-dispositions, has at least the merit of allowing for the possibility for human temporal-dispositions to be skewed ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference towards the intemporal-disposition, and thus enabling social transcendence which is upheld by formalisation and internalisation. By ontological-normalcy/postconvergence is meant that 'intrinsic reality' is one and given (ontology), and that the flaws and corrections in how we go about representing 'intrinsic reality' (metaphysics or the human-centered temporal-perspective) has no influence on reality's intrinsic nature. Our mental-devising-representation of the world in 5000 BC, 2000 AD and possibly 5000 AD might be worlds apart, but the intrinsic nature of reality never changed and will never change an iota. So our knowledge construct is more of a proxying to intrinsic reality to grasp the possibilities of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework for ontological-primemovers-totalitative-framework and thus a better grasp of the world; hence proxying mentation-capacity level as the various institutional-cumulation/institutional-recomposure. That idea

that intrinsic reality is preceding/superseding is known as 'postconvergence' (we are converging to reality and not adding or taking away anything from it, it is us being illuminated as reality is already given). In the exercise of construing ontological veridicality what gives in when the pertinence of ontological-primemovers-totalitative-framework is known is the human psyche (whether by candoring/straightness/prelogism when pertinent or decandoring/slantedness/distractive-alignment-to-reference-of-thought when impertinent), intrinsic reality never gives in (that's why we are mortals and our hope is to always give-in to intrinsic reality for the possibilities of the future). This latter point is important as by reflex an epistemic-totalising~self-referencing-syncretising/temporal-human-centered dimension in its flaws will strive to preserve itself by ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag its registry-worldview/categorical-imperatives (setting-aside of perversion-and-derived-perversion-reference-of-thought) rather than psychoanalytically-unshackling/memetic-reordering (coring and superseding the perversion-and-derived-perversion-reference-of-thought) for prospective/transcending/superseding reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

By 'intemporal transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as from ontological-normalcy/postconvergence' is meant ontological-normalcy/postconvergence meaningfulness-and-teleology as so articulated above is ontologically veridical but that does not necessarily imply the metaphysical framework temporal mental-dispositions will recognise that (i.e. there is no ontological-contiguity between registry-worldviews references-of-thought as this falsely implies 'no temporal-to-intemporal disambiguation, i.e. equivalence of references-of-thought/no-alienative-hierarchisation, whereas what is warranted is 'Intemporal-prioritisation-of-

reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling'); and that it is transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing of such constructed veridicality in its ontological-primemovers-totalitative-framework determinism and operance that will undermine other possible 'temporal perverted-transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing-meaning' by rendering them untenable/internal-contradiction and inoperant (not a 'convincing' at the philosophical or emanance level, rather a 'constraining' at the institutionalisation/intemporalisation secondnaturing level out of ontological-primemovers-totalitative-framework); noting that 'temporal perverted-transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism meaning' imply temporal meaning cannot-be- referenced/registered/decisioned as/have-the-registry of the 'intemporal-disposition which is ontological', so are stranded-as-rightfully-oblongated/decandored (dialectically-or-contendingly-out-of-phase/dialectically-primitive or dialectically-out-of-phase)', i.e. are in distractive-alignment-to-reference-of-thought, (all along the apriorising–registry-elements: implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) of the mental-devising-representation from the intemporal-disposition/ontological perspective. Ontology being of the intemporal-disposition, the exercise of 'directing logical convincing' to temporal-dispositions is inherently unwarranted and is rather <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, with pertinence being about 'articulating and directing' intemporal/ontologically-contiguous meaningfulness towards ontological-

primemovers-totalitative-framework which induces the positive-opportunism and untenability/internal-contradiction/internal-incoherence/institutional-constraining for its supersedingness in the 'institutionalisation/intemporalisation percolation-channelling'; the latter being utterly impersonal (law, officialdoms and subject matter formalisms) and allows for an abstraction of the virtue of ontological contiguity that personalised social-and-temporal-trading doesn't allow reflexively. This is underlying transcendental-enabling/sublimating notion while often obscured in the social <~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality due to their 'emotional involvement' is immediately obvious with the natural sciences whereby the physicists nor chemists nor biologists worries about convincing anyone but is rather in the business of 'the convincing from natural truths' which then do not ask for human temporal validation but impose themselves because natural truths inherently supersede human egotistic or <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag opinionatedness!

Postconvergence, in the bigger scheme of things, implies that knowledge has to do with the development of our 'mentation capacity' (an entropic-referential memetic-reordering/psychoanalytic-unshackling exercise), across 'retrospective-and-prospective history', in grasping 'intrinsic reality/veridicality' which 'has always and will always be ontologically same'. So the concern is about 'us'; in the appropriateness of the registries we make of intrinsic-reality across retrospective-and-prospective history or rather shifting dialectical moments of relative-ontological-completeness! The articulation of reality, registry-worldviews/dimensions, mental strands (perverted or not), and other constructs of ontological-primemovers-totalitative-framework is 'at-a-superseding-pedestal and

incisive/blunt' by the very nature of ontological-normalcy/postconvergence reality. For instance, supposed a society with a non-positivism/medievalism belief system attributes the cause of a disease to say witchcraft, that doesn't stop the reality of bacteria causing the disease even if such a representation of reality isn't in the present-consciousness/illusion-of-the-present of that society. Such an ontological conceptualisation of reality equally applies in our times where it can be demonstrated prospectively that our mental-devising-representation of meaning regarding a phenomenon is out of kilter, and reality won't stop to accommodate us or our banality of thought. Thus the conceptualisation of reality is rather articulated at this depth-of-thought whether it accommodates our present-consciousness/illusion-of-the-present or not (reality personality), and operates by an ordered construct based on ontological-primemovers-totalitative-framework and not a disposition of averageness/banality/popularity/extrinsic-attribution-of-thought recurrent in uninstitutionalised-threshold in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩, allowing for the possibility of transcendental meaning, institutionalisation/intemporalisation (skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) for intemporal domination) and human progress; given human temporal/shortness-to-intemporal/longness dispositions. Such an articulation of reality introduces the concept of 'reasoning-through/abjection' over 'incrementalism-in-relative-ontological-incompleteness and notional~disjointedness'. Reasoning-through/abjection refers to the uncompromising and non-negotiable nature of reality with respect to the meaningful frames of mortal creatures that we are as reality doesn't adjust to our beliefs, desires, wishes, whims or miscues. Reasoning-through/abjection then implies that meaning is articulated exclusively in terms–as-of-axiomatic-construct of ontological-primemovers-totalitative-framework and anything else is

2265

defined, whether to be candored or to be decandored, at that ordered construct point-of-reference or point-referencing. Reason is thus ontologically a 'reasoning-through' as allowed through in a 'pure, organic and intemporally uncompromising state' by reality ontological-primemovers-totalitative-framework 'at-a-superseding-pedestal and incisively/bluntly'. Incrementalism-in-relative-ontological-incompleteness and notional~disjointedness-as-of-reference-of-thought refer to the human reflex to average minds or make reference to extrinsic elements rather than meaning by its inherence as can be predicated effectively, and involves 'reasoning with', as it introduces 'temporal and social trading' elements over or clouding or compromising inherent intemporal veridicality. Incrementalism-in-relative-ontological-incompleteness and notional~disjointedness-as-of-reference-of-thought as such is patently wrong; as can be perceived from point-referencing superseding registry-worldviews/dimensions such that the ontological representation of the veridicality is different from the different perspectives of an recurrent-utter-institutionalised registry-worldview and the superseding institutionalised registry-worldview, and likewise with the ununiversalised and superseding universalised registry-worldviews, the non-positivism/medievalism and superseding positivistic registry-worldviews, and prospectively the procryptic and superseding deprocryptic registry-worldviews. It implies that 'it isn't veridically weird' to articulate depths-of-meaning that may apparently seem idiosyncratic in our present illusion-of-the-present/present-consciousness registry-worldview, as the issue is not with such an articulation per se but rather 'our defective apriorising–registry point-referencing threshold', and implying rather the need for our psychoanalytic-unshackling/memetic-reordering/institutional-recomposure by distractive-alignment-to-reference-of-thought. Fundamentally, incrementalism-in-relative-ontological-incompleteness and notional~disjointedness-as-of-reference-of-thought in human thinking as indicated above with the various institutional-cumulation/institutional-recomposure is superseded by

reasoning-through/abjection; in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing at-a-superseding-pedestal, and represented as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as oblongated/decandored or failing-intemporal-preservation-or-misappropriation-of-meaningfulness or transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing, given the fact that this reflects apriorising–registry defect and not logical defect.

More precisely, how can meaningfulness-and-teleology be represented in 'a prospective apriorising–registry state' which is ontologically more real contrasted to 'a present retrospective apriorising–registry', as meaningfulness-and-teleology 'temporally seems' to vary depending on the uninstitutionalised-threshold point-of-reference to imply at one moment it is intemporal and at another it is temporal? This fundamentally has to do with our dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection irrespective of the uninstitutionalised-threshold, and calls for PEDESTALLED CONSTRUAL or PEDESTALLED DISAMBIGUATION to skew/deferential-formalisation-transference meaning towards the intemporal/longness disposition for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, as institutionalisation/intemporalisation.Pedestalled construal/pedestalled disambiguation thus involves at a given uninstitutionalised-threshold translating the 'apparently prelogism-as-of-conviction-as-to-profound-supererogation or prelogic teleological finality of a temporal-disposition into its veridical preconverging-or-dementing–apriorising-psychologism as postlogic perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> teleological finality,

and so successively in reflecting the notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> of temporal-dispositions registries (ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) as rather referenced/registered/decisioned from the prospective intemporal-disposition in postconverging-or-dialectical-thinking–apriorising-psychologism to reconstrue new recomposuring reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation while superseding the prior registry-worldview/dimension as backdrop of temporal perversion of the prior reference-of-thought–categorical-imperatives/axioms/registry-teleology. Technically, pedestalled construal/pedestalled disambiguation should involve reflecting/perspectivating/highlighting from the intemporal-disposition pedestal teleology finality/questioning mental-profoundness (deep candor) the relative longness/shortness-of-teleology of temporal-dispositions teleologies finalities/questioning mental-triteness (light candor), starting with slantedness pedestal finality/questioning (which is the psychopath's insane/slantedness-fitment-roaming/drifting-cycle), and as it conjugates/inflects across other temporal pedestals teleology finalities/questioning (ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation). Pedestalled construal/pedestalled disambiguation points to the fact that the social representation of meaning is transversal/logically incongruent at uninstitutionalised-threshold as reflected by human temporal-to-intemporal dispositions (hence the need to articulate various pedestals of 'questioning depth-of-thought' and 'strands of depth-of-meaningfulness' to reflect effective meaningful representation from the intemporal-disposition point-of-reference). Where

meaning is not articulated within an institutionalised/intemporalised framework, the idea of logical-congruence (a common reference of meaning in terms–as-of-axiomatic-construct of reference-of-thought and logic) should be avoided due to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> whether psychopathic or not, and pedestalled construal/pedestalled disambiguation is then required using distractive-alignment-to-reference-of-thought to establish the ontological pre-eminence of the intemporal-disposition. Instances of perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> rather point to uninstitutionalised-threshold, whether retrospectively or prospectively, as there is wrong equivalence of temporal-to-intemporal-dispositions in the articulation of meaning; instead of the pedestalled supersedingness of the intemporal-disposition as it is all about intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (superseding various shades of temporal preservations). Otherwise, perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> induces a 'free for all' false equivalence wrongly construed as of intemporality/longness (rather than the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor). Accounting for distractive-alignment-to-reference-of-thought is what ends such a 'free for all' and is the basis of pedestals alienative hierarchisation as referenced/registered/decisioned from the intemporal-disposition thus bringing about institutionalisation/intemporalisation (given the social cross-sectional eliciting of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness⟩, untenability/internal-contradiction/internal-incoherence/institutional-constraining, positive-

opportunism and transcendence-unenabling-uninstitutionalised-threshold in alienation—as-inauthentic/poorly-objectified/poorly-desubjectified-as-objectified/ontological-bad-faith, for psychoanalytic-unshackling/memetic-reordering/institutional-recomposure in the medium to long-run percolation) with corresponding dismissal of temporal-dispositions-teleologies as dialectically-or-contendingly-out-of-phase/dialectically-primitive) as the backdrop for the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the intemporal-disposition anticipation and preemption of these for the institutionalisation/intemporalisation. Pedestalled construal/pedestalled disambiguation explains the dynamism of human institutional-cumulation/institutional-recomposure going by a recurrent emanance template that involves:

(1) Free-for-all implying an equivalence of temporal-to-intemporal-dispositions as being all intemporal (rather than temporal-to-intemporal), with the result that meaning then becomes veridically a hotchpotch of various formulaic-association, temporal, existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context, and the intemporal-emanance, without apriorising–registry disambiguation (as apriorising–registry disambiguation, into the intemporal and various conjugating temporal-dispositions of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s, allows for the establishment of contextualisation in articulating the contrast of the intemporal-disposition's organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) and temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-

as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism involving slanting by psychopath, miscuing, disjointed-logic, logical-drag, unconscionability-drag, and sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising – with temporal-dispositions in varied shades of temporal conjugation/inflection to psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as ontological-primemovers-totalitative-framework dispositions; thus enabling the stifling (undermining the ontological-veridicality) of temporal-dispositions and skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating), by way of institutionalisation/intemporalisation percolation-channelling, towards the supersedingness of the intemporal-disposition for institutionalisation's/intemporalisation's intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). For instance, a state of nature (recurrent-utter-uninstitutionalisation) application of the law variably making reference to circumstantial social power relations and spontaneously articulated notions of vices and virtues but no or poor universal rules (mob situations as well as social psychopathic situations will fall under such an interpretation as well).

(2) Pedestalling ('Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling) articulates the relative grandor and virtuous consequence of the pedestalled supersedingness of the intemporal-disposition by its intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that then leads to society's temporal-to-intemporal cross-sectional 'dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference'; whether deference with regards to a superstition/belief

system/religion, essences/universal-notions, positivist idealism/principles-rationalism (and prospectively rational-realism as of deprocrypticism), involving a posture (institutionalised disposition) of the sort 'the-say-that or it-is-said-that' as 'dimensionality-of-sublimating—<s>amplituding</s>/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference' to the intemporal/longness disposition, for instance, 'scientists say that', 'the Bible says that', 'it is said that one should not set foot in that forest as it will bring bad luck', etc. This 'the-say-that/it-is-said-that' 'dimensionality-of-sublimating—<s>amplituding</s>/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference' explains why institutionalisation/intemporalisation has been happening across human history; whether deference from personalised/animists beliefs to philosophical, religious and other social belief systems, deference from haphazard application of social rules to universal notions, laws and principles, deference from spirit-and-mystical-driven notions of nature and various alchemies to a modern scientific construct system. Hence the very place of the averageness/banality-of-human-thought-and-meaning in history has been for it to defer to superseding intemporal-disposition construal by 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling. There is no such thing as allowing thought-and-meaning to the whims of masses thinking but rather deference to 'reality/veridicality predicating constructs'; as enabled abstractly and existentially by the human individuation intemporal-emanant-registry in superseding human individuations temporal-dispositions.

'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling carries the implication that reference-of-thought and meaningfulness is fundamentally/ontologically structured for ontological-normalcy/postconvergence

intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and hence the precedence of higher intemporal teleologies over low temporal teleologies of reference-of-thought and meaningfulness; and that subpar structuring of reference-of-thought and meaningfulness not for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation but rather as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of subpar reference-of-thought–categorical-imperatives/axioms/registry-teleology,-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as uninstitutionalised-threshold is 'perverted reference-of-thought and meaningfulness' (<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag), and is ontologically-preconverging-or-dementing–apriorising-psychologism (dialectically-preconverging-or-dementing–apriorising-psychologism) whether from a superseding/transcending registry/registry-worldview reference-of-thought/veridical-thinking-reference-over-preconverging-or-dementing-reference that is retrospective (like base-institutionalisation over recurrent-utter-uninstitutionalisation), present (like positivism over non-positivism/medievalism) or prospective (like deprocrypticism over procrypticism/the-'preconverging-or-dementing–apriorising-psychologism-of-the-positivistic-registry-worldview-or-dimension-categorical-imperatives-or-axioms-or-registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation).

'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling underlines the fundamental nature of institutionalisation/intemporalisation not as a temporal-dispositions- to intemporal-disposition transformation (not emanance transformance) but rather 'a positive-opportunism constraining construct' involving 'intemporal deferential-formalisation-transference' (such that just as jurisprudentialism is dismissive of whatever we'll like to think of it in our social-and-

temporal-trading context about the law which is rather articulated as a formal conceptualisation and constraint to be internalised as a universal construct to avoid its 'downgrading' by mobbish or other temporal social inclinations, likewise with many a subject-matter domain). In the same vain, the outcrop of an organic-comprehension-thinking 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting conceptualisation of deprocrypticism over procrypticism can only be construed within a formal institutionalised articulation not opened to 'temporal/ordinary disposition contention' as is the case with subject-matter constructs, but rather an institutionalised percolation-channelling exercise, so as to avoid temporal-dispositions denaturing as is the case with all formal constructs, which rather strive to uphold the intemporal/longness-of-register-or-depth-of-meaningfulness teleology while relying on principled methods.

Prospectively, the intellectual exercise involved in articulating procrypticism-deprocrypticism and psychopathy and its corollary social psychopathy, will have to imply a 'dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference' of the averageness/banality-of-thought (temporal-to-intemporal-dispositions) for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalisation/intemporalisation 'dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference' of the cross-section of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor to the intemporal-disposition in order for institutionalisation/intemporalisation to take place is critical in

2274

inducing the requisite psychoanalytic-unshackling/memetic-reordering/institutional-recomposure (in relation to the-unchanging-nature/same-intrinsicness of reality) for human retrospective-and-prospective progress/transcendence; and is necessary by the inherent fact of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, going by the mediocrity principle (if men were only of intemporal-disposition, no institutionalisation/intemporalisation nor 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling will be necessary as the mere exposure-to/contemplation-of 'rightness of thought and meaning' will suffice for transcendence; such a complete human being doesn't and has never existed, and not even philosopher-kings from the Socrates, Aristotles and others who explore such possibilities, even though intemporal-disposition possibilities will tend to accrue more to such 'philosopher-kings' individuals). For the big picture, this point to the fact that institutional-cumulation/institutional-recomposure/anthropological-continuity/anthropopsychology is only possible for one reason, a continuity in the intemporal-disposition institutionalisation/intemporalisation (with 'dimensionality-of-sublimating—<s>amplituding</s>/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference') of the cross-section of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. Where, and if, intemporal-disposition was to possibly end or be upended (either because of lack of further human intemporal-disposition mentation-capacity for higher levels-of-transcendence, in the dynamism of individual potential, i.e. the solipsistic disposition of individuals' individuations to assume universal projection of longness-of-thought-and-meaning, or social-construct

potential, i.e. where grander institutionalisation/intemporalisation is not confused and implied on the naivety that the institutionalised social-construct is of intemporal-disposition rather than a temporal-to-intemporal-dispositions construct requiring 'transcending any perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of the <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩'), then 'human transcendence and civilisation will stall' (of course, such an insight is purely from an ontological point-of-reference, and not a temporal <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness point-of-reference)!

(3) The establishment of institutionalisation/intemporalisation involves necessarily 'delegated gatekeeping and institutionalisation/intemporalisation percolation-channelling processes' to uphold it thereafter with formalisms and officialdom surrounding it with respect to temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s and corruption dispositions. For instance, the institutionalisation/intemporalisation of 'scientific chemistry' comes with a 'chemistry lingua' accessible to those sharing and/or educated to uphold the meaningful frame, on the justification that they explain and account more about the material world than any other alternative. This justification goes on to make them formalism and officialdom percolation-channelling to the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ such that over time alchemic and superstitious conceptualisations of material meaning are effectively destroyed while equally seeing to it that pseudo-scientism is kept at bay. 'Delegated

gatekeeping and institutionalisation/intemporalisation percolation-channelling processes'; because such a pedestalled supersedingness is only as valid as to when it is the grandest construal of material meaning until, and if, it is shown not to be the case. A further and nonetheless important reason for such delegation is the relative superficiality generally associated with averageness/banality-of-thought dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection construal of meaning, and not to speak of its discomposure to the convolutedness often required in articulating and grasping intemporal meaning as intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm. Besides, this raises other issues related to a more or less temporal take of an ontological/intemporal enterprise with regards to articulations that are meant to have universal import (import of metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation across space and time) rather than for the sake of any particular circumstantial/temporal take/extricatory-situation in whichever locale, that is, an extricatory paradigm. A failure to grasp the intellectual-analyst posture rather as a proxying-of-intrinsic-reality-as-ontology as per ontological-primemovers-totalitative-framework validation and that there-is-no-discretionary-construal-of-ontology/ontological-reality since intrinsic reality is superseding of all mortals including the intellectual-analyst. Basically the issue of the intellectual-analyst exercise in grasping such an intrinsic-reality is a proxying one superseded by the ontological-primemovers-totalitative-framework of reality 'which in no way depends on any notion of the intellectual-analyst's choice/luxury' (as the intellectual-analyst might actually have by another individuation chose not an intemporal/ontological projection but a temporal posture 'in moral/intellectual equivalence with temporal mental projections' with nefarious temporal consequences).

Basically, there is nothing like an intemporal temporality/shortness whereby there is any intemporality/longness in accommodating human temporality. Likewise, supposedly the intellectual-analyst was to come short in its intemporal projection or other universal values by temporal manipulation, it is very naïve to 'reason and projecting temporally' that eliciting such 'an inductive-limitation (the-paradox-of-a-universal-rule-that-doesn't-apply-universally-but-to-a-specific-circumstance-to-satisfy-a-temporal-urging)/gotcha-logic/suggestibility' should undermine the essence of ontological/intemporal meaning which is 'above a human intellectual proxying exercise to it' and doesn't depend on it to exist inherently, is nothing but temporal naivety. The reality of a round world doesn't depend on its recognition of a medieval mindset/reference-of-thought for it to exist likewise with any veridicality/intrinsic-reality regarding psychopathy and a social manifestation whether it is palatable or not. Finally, temporal-dispositions as eliciting temporal vices-and-impediments are in no way qualified to contend about intemporal articulation/projection. In effect, such temporal pretence are nothing but ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag mental-dispositions meant to satisfy the 'mortals temporal preservation' on the basis of 'locale context logic' and not 'intemporal preservation as ontological veridicality with the potential for a grander human good' on the basis of 'universal implications'; as inevitably, ontologically, the resolution of ontological/being perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defects (and as per their manifestation and conjugation as postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s) are as prospective registry-

worldviews/dimensions constructs that supersede the prior/superseded registry-worldview's/dimension's perversion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (uninstitutionalisation structurally superseded/resolved/rendered-inoperant by base-institutionalisation, ununiversalisation by universalisation, non-positivism/medievalism by positivism, and prospectively procrypticism/disjointedness-as-of-reference-of-thought by deprocrypticism). Supposed the intellectual-analyst was to act temporally to the point of overlooking such ontological implications to the level of lowly temporal minds, lowly because not universal-projecting, it won't mean that the ontological reality will evaporate. It will simply mean that the intellectual-analyst has failed in its intemporal/ontological projection, more like Darwin doesn't have the choice/luxury of deciding from his insight that evolution doesn't exist in placating any temporal mortals or Galileo doesn't have the choice/luxury of deciding from his insight that the world is not round in placating any temporal mortals, and if they were to make that choice they affirm nothing more than their 'aggrandised mortality'. The blunt/incisive reality is that they being in that position to affirm intemporality/ontology/intrinsic-reality-as-providing-future-universal-possibilities-for-the-human-species are the 'very tip of the possibility of human civilisation' and their moral/intellectual posture is to 'bluntly look down' to the 'little mortal creatures of temporality' and 'shepherd the sheepishness-of-the-species' to grander civilisational grounds. It is an ontological 'moral and intellectual responsibility and privilege', actually, to be in any such position, going by the eudaemonic-contemplation which is what 'effectively grants existential moral and intellectual superiority' and not naïve temporality/shortness accommodating conventioning constructs about any such pretence which is nothing more than temporal/the-mortal's perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation> as to preconverging-or-dementing–apriorising-psychologism; as any such is not the intemporal-disposition that started base-institutionalisation (to thwart recurrent-utter-uninstitutionalisation) through universalisation (to thwart ununiversalisation), positivism (to thwart non-positivism/medievalism), and prospectively its intemporal-disposition that will enable deprocrypticism (to thwart procrypticism/disjointedness-as-of-reference-of-thought) and thereafter; the intemporal individuation as such projects in an 'abstract eternality' which is what allows for the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Temporal-dispositions may not need to understand as of for the pertinence of intrinsic reality to be established as it is preceding/postconvergence, anyway, that is why it is 'a registry-worldview's/dimension's institutionalisation/intemporalisation exercise', and 'not human temporal-dispositions transformation exercise' into intemporality! Ultimately, like all institutionalisation/intemporalisation construct, there is a 'dimensionality-of-sublimating—~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference' to such an ontological construal by way of formalism-and-officialdom as the temporality/averageness/banality-of-thought is not allowed to imply an dimensionality-of-sublimating—~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection depth with respect to such ontological construal (due to the reality of the mediocrity principle that we are not as of intemporal but temporal-to-intemporal, and hence the need for the artifice to skew/deferential-formalisation-transference for intemporality) otherwise we would be working with moral philosophy and not law, subject-matter informalities and not formalisms, etc. There is no such thing as 'intemporal temporality' as mental-dispositions 'geared to accommodate temporality' (as to incrementalism-in-relative-ontological-incompleteness) are doing nothing but providing the anchoring for the

endemisation and enculturation of the vices-and-impediments associated with such temporal registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and hence are doing nothing but <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising; as the state of inherent relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, in temporal-preservation-as-pseudointemporality-preservation with respect to ontological-normalcy (the latter assumed to be fully conceptually completed as deprocrypticism) as successively recurrent-utter-uninstitutionalisation recurrence, base-institutionalisation/ununiversalisation, universalisation/non-positivism-or-medievalism and positivism/procrypticism, is an inherent registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> in want for prospective transcendence (notwithstanding that the defect-in-temporal-preservation is instigated from postlogism as perverted-outcome-sought-precedes-existentially-veridical-logical-dueness mental-disposition eliciting temporal inclinations of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation in upholding its temporal-preservation-as-pseudointemporality-preservation). That is why psychopathy is better dealt with as 'social psychopathy' given that what is often and mostly overlooked is not with regards to the psychopath and its postlogic impulse to 'hollow-constitute'/fail-intemporal-preservation as perversion-of-reference-of-thought-<as-

effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> but rather the 'distortional effect on analysis' arising from 'postlogic/psychopathic elevation wittingly or unwittingly' by prelogism-as-of-conviction-as-to-profound-supererogation mental-dispositions in conjugated-postlogism/preconverging-or-dementing-integration (by ignorance, at best, then affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) which then wrongly provide 'supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism credulity' to elevate and integrate the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of a 'slanted mind'. As of , virtuous construal arises structurally from a universal/intemporal projection which is operant and deterministic with no room for 'temporal discretion' regarding the manifestation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in any registry-worldview/dimension. The coherent and recurrent manifestation of phenomenal perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect in a registry-worldview/dimension speaks of the registry-worldview's/dimension's disposition to endemise/enculturate it. More like we don't have issues of sorcery and so in the positivistic society as structurally the positivistic registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology do not endemise/enculturate the notion and the social vices-and-impediments arising from it thereof. On the contrary, structurally the non-positivism/medievalism registry-worldview's/dimension's institutionalisation reference-of-thought–categorical-imperatives/axioms/registry-teleology endemises/enculturate this with the consequent social

vices-and-impediments. It is very naïve to think that psychopathy as a social phenomenon is limited in scope to contexts where psychopaths are involved rather than involving a much wider social basis to explain how the positivistic registry-worldview/dimension integrates, enculturates and endemises it as 'social psychopathy'. Just as prior/superseded registry-worldviews/dimensions have undergone their prospective institutionalisation/intemporalisation/transcendence once it is established that the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are subknowledged/registry-perverted/dialectically-preconverging-or-dementing–apriorising-psychologism at their uninstitutionalised-threshold and thus the need for new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, likewise the positivistic dimension perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> subknowledging/mimicking/registry-perverting/preconverging-or-dementing–apriorising-psychologism of its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation known as procrypticism/disjointedness-as-of-reference-of-thought implies that 'it is not and cannot be beyond a prospective institutionalisation/intemporalisation/transcendence exercise' known as deprocrypticism which highlights the positivism–procrypticism registry-worldview's/dimension's enculturated/endemised vices-and-impediments associated with its perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and so, as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construal, and not as a vague impression-driven construal. By and large, virtue is best understood as the knowledge/lack-

of-knowledge ontological possibility offered in a registry-worldview's/dimension's reference-of-thought (whether as base-institutionalised, universalised, positivising or deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality) and not vagueness based on impression of discreet human or social qualities which just serve to confuse and distort the fundamental knowledge/lack-of-knowledge/understanding issue. This is very much in line with the virtues of all human subject-matter formalisms which are the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework and not vague impression-driven/good-naturedness/wishfulness.

This elucidation shows that intrinsic-reality, accessible by 'reasoning-through transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing' only at-a-superseding-pedestal that is ontologically abject and incisive/blunt over human incrementalism-in-relative-ontological-incompleteness and notional~disjointedness-as-of-reference-of-thought and ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness, is graspable in transcendence only by an active transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing construal involving 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling (beyond 'temporal-and-social trading') by distractive-alignment-to-reference-of-thought.

As a reminder to the fact that pedestalled construal/pedestalled disambiguation is with respect to perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism defect or a defect outside the logical paradigm of the said registry-worldview) and not logical defect (conviction-as-to-profound-supererogation defect or a defect in the operation/processing of the logical paradigm of the said registry-worldview); it is critical to note that the mental state of the registry-worldview/dimension involved with the psychopath's slantedness-integration is not a 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' (which is a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism nonetheless) but an elicited threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, construed by the slanted social protraction of the psychopath's slantedness inducing a social psychopathy; and it is these strands-of-perverting-temporal-dispositions including that of the psychopathy that are the subject of every institutional-cumulation/institutional-recomposure level's psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. Technically, it can be said that the underlying psychopathic phenomenon known as postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation is associated with all the institutional-cumulation/institutional-recomposure by its eliciting of 'protracted slantedness' in temporal-dispositions (ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation), and so given the structural/paradigmatic relative-ontological-incompleteness-of-reference-of-thought induced threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. Hence, the need for

'dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection induced deference' to skew/deferential-formalisation-transference towards intemporal-disposition as to prospective institutionalisation/intemporalisation.

This 'institutionalisation template' as articulated above implying 'a next best case approach' in 'construing the institutionalisation/intemporalisation of human virtue' where we are face with the reality that man is not as of intemporal but rather temporal/shortness-to-intemporal/longness may be counterintuitive with respect to our illusion-of-the-present/present-consciousness, as any present-consciousness is shaped to perceive itself as intemporal with the notion that its reference-of-thought–categorical-imperatives/axioms/registry-teleology/registry-teleology are perfectly sound. But we simply need to take a 'postconvergence' look of such 'ontological strands-of-perverting-temporal-dispositions' regarding recurrent-utter-uninstitutionalisation from base-institutionalisation institutionalisation/intemporalisation reference, ununiversal from universalisation institutionalisation/intemporalisation reference, non-positivism/medievalism from positivism institutionalisation/intemporalisation reference, and prospectively our procrypticism from deprocrypticism institutionalisation/intemporalisation reference; to appreciate that such a representation is not farfetched and its implication of the need of our psychoanalytic-unshackling/memetic-reordering/institutional-recomposure over our perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> strands-of-perverting-temporal-dispositions at our uninstitutionalised-threshold of procrypticism (involving our endemisation/enculturation of the protracted-slantedness of positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation along the various temporal-dispositions from ignorance to

temporal enculturation/endemisation). Distractive-alignment-to-reference-of-thought (mental-slantedness or decandoring-of-the-mind or denaturing, and not soundness-or-authenticity-of-reference-of-thought/candor): refers to the technique at 'uninstitutionalised-threshold' (as against the natural reflex to align-in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly or prelogism) by which to align the apriorising–registry to the postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> articulated by psychopathy and its corollary social psychopathy. Distractive-alignment-to-reference-of-thought is induced at the 'uninstitutionalised-threshold' by the 'induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' derived from the psychopath's initiated postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>. It works like this, supposed by perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion (going by the two narratives highlighted above about the psychopath's perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion) an interlocutor effectively integrates the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversions, at this 'uninstitutionalised-threshold i.e. procrypticism', the normal institutionalised/intemporalised logic (involving secondnaturing/supersedingness of institutionalised intemporal-disposition pedestal solipsistic/emanant disposition) do no longer operate cross-sectionally socially (as mental-dispositions revert there to temporal-to-

intemporal-dispositions). This involves: (i) the 'induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' (which leads to acting as if the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion projected by the psychopath is not perverted) as there is a corresponding ''lack of constraining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩' (in the collective human mental-devising-representation at this uninstitutionalised-threshold) about the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion that would have made upholding such a perverted behaviour in the social-construct inopportune/untenable; (ii) this process can effectively be grasped ontologically (at the intemporal-disposition pedestal transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing disposition by the mechanism of alienative-hierarchisation) wherein a 'given supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or prelogism construct' is as of undermined postlogicly/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/mental-perversion by the psychopath's postlogism-slantedness pedestal transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing disposition with respect to 'socially-perceived-value as of social-stake-contention-or-confliction', and in succession by the derived postlogic temporal-dispositions perversion/mental-perversion pedestal transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing dispositions of

ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, and correspondinglyly; (iii) an 'uninstitutionalised-threshold aetiology' of 'temporal perverted-registries characterisations in their depth-of-teleologies/orientation as temporal-projections (more like mental-miscuing-projections as strands-of-temporal-dispositions-perversions, for instance, stranding-dialectics a medieval mindset/reference-of-thought with respect to a superstitious-disposition or 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of universalisation categorical-imperatives' and likewise stranding-dialectics a procryptic mindset/reference-of-thought with respect to 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic categorical-imperatives') and an aetiology of the intemporal-disposition/ontologising characterisation in its depth-of-teleology as intemporal/universal-projection ; (iv) in the bigger scheme of things, as explained further above 'the abstract inherence of reality is given as it is ontological-normalcy/postconvergence' and supersedes/precedes/overrides/abjects any defective reflex of human mental devising of representation of meaning such that it is the latter, the psyche, that gives in when demonstrated to be impertinent abstractly, and hence in lieu of 'prelogism/candoring/straightness reflex', 'distractive-alignment-to-reference-of-thought (as decandored/oblongated) is always the mental apriorising–registry alignment with regards to the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registry-worldview, as positivism by stranding-dialectics aligns non-positivism/medievalism distractively/decandored/oblongated as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism, universalisation by stranding-dialectics aligns ununiversalisation distractively/decandored/oblongated as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, base-institutionalisation by stranding-dialectics aligns recurrent-utter-uninstitutionalisation distractively/decandored/oblongated as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, and prospectively (though counterintuitive, as well) deprocrypticism by stranding-dialectics aligns procrypticism distractively/decandored/oblongated as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism; (v) in the bigger scheme of things, distractive-alignment-to-reference-of-thought at 'uninstitutionalised-threshold' will perfectly explain how 'apparently sound human mental-dispositions' within the scope of 'institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' go on to produce such consequences as 'crowd effects' and worst still in teleologically-degraded social and political environments rationalise and/or partake in 'genocidal acts', for instance. Technically, distractive-alignment-to-reference-of-thought by the temporal-dispositions involves simply conjugating/inflecting the underlying '(as dialectically-or-contendingly-out-of-phase or hollow-mimicking) insane/slantedness fitment' of the postlogic mind of the psychopath to ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation.

In the bigger scheme of things, the articulation of reality as referentially of ontological-normalcy/postconvergence enables and allow creative projective-insights thought

possibilities that the all too common 'fixed traditional categorisation conceptualisation of reality' doesn't allow, as ontological-normalcy/postconvergence referentialism has the strength of overcoming the fundamental difficult issue of ephemerality (as priorly explained with the concept of unconscionability-drag) as 'it enables mental-devising-representation contiguity in recomposuring' across all institutional-recomposures/institutional-cumulations. The reason this is possible is that such a referential ontological-normalcy/postconvergence representation is not shaped to prioritise any registry-worldview/dimension as being inherently the absolute reference of thought, such as we unwittingly do with our representation of reality due to the illusion-of-the-present/present-consciousness (a massive drawback in grasping veridical ontological reality especially in the ephemeral social world). With ontological-normalcy/postconvergence referentialism we place reality as an abstract construct of oneness that is preceding-and-supersedes our-and-all temporal representations of meaning, and the exercise of articulating ontological/intemporal meaning then becomes 'one of recomposuring how our temporal-and-all-temporal representations of meaning are recomposured to be internally coherent with the abstract ontological-normalcy/postconvergence referentialism 'sense of oneness of preceding-and-superseding intemporal/ontological meaning' as implied by the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation'. The insight we can thus garner is that in absolute terms veridical meaning as represented in ontological-normalcy/postconvergence is 'a hypothetical abstraction' of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (more like attaining the abstract but veridical purity in a field of study like mathematics) in 'unwinding' applicative 'colour/emotion/temporal-frame/aesthetics/memetics/psychical-representation' of manifest teleologic-articulations as 'subexistence-in-existence/existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness (deconstruction/ontological-reconstituting–as-of-conflatedness possibilities) – subexistence-in-existence being that which holds existential possibilities or existential potency for existential reality or ontological veridicality, as allowed by referential-depth or ('allant' or 'fugue' in French) or 'natural emanant dynamic creative vitality/drive', i.e. ontological-normalcy/postconvergence 'unwinding' as deconstruction/ontological-reconstituting–as-of-conflatedness – (more like the subconscious is that which holds existential possibilities/existential potency for ontologically-veridical ontological-normalcy/postconvergence maximalising-recomposuring-for-relative-ontological-completeness consciousness reality/veridicality, or more like quantum-mechanics is actually an ontologically-veridical ontological-normalcy/postconvergence maximalising-recomposuring-for-relative-ontological-completeness about evasive atomic-level physical reality, more like musical and/or artistic creativity hermeneutics is the subexistence-in-existence possibilities or existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness/existential-potency for ontologically-veridical ontological-normalcy/postconvergence 'unwinding' concrete music and/or art production). Thereafter, the ontological exercise is about having ontological-normalcy/postconvergence (intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) as 'an ontologically-veridical abstract and infallible referencing/correction-tool' enabling dynamic recomposuring projecting-and-reflecting: on the one hand, candoring/prelogism/organic-comprehension-thinking ontologising, or on the other hand, decandoring/distractive-alignment-to-reference-of-thought /threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, even as intemporal-

preservation-entropy-or-contiguity–or–ontological-preservation implies a continually-evasive/ephemeral social world dynamics but that is graspable in referential terms. This allows for a truly universal and dynamic psychological science (and sound foundation for grasping 'the veridicality of meaning'). The tools for such an ontological entrapment is basically about 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' of registry-worldview/dimensions successive existentialisms/full-depths-of-existential-implications 'transdimensional-meaningfulness/memetic refinements' as ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation as prospective reference-of-thought involving fundamentally the organic harnessing of the notions of candoring/prelogism, dialectically-or-contendingly-in-phase, organic-comprehension-thinking, prelogism-as-of-conviction-as-to-profound-supererogation on the one hand and on the other hand decandoring, distractive-alignment-to-reference-of-thought, dialectically-or-contendingly-out-of-phase, non-ontological-reference, non-contending-reference-but-ontologically-or-contendingly-reflected-or-perspectivated-as-preconverging-or-dementing–apriorising-psychologism, not-veridical-thinking-reference-rather-preconverging-or-dementing-reference, perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–and-not-of-logical-contention as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (mechanicalism, alchemic-like-reasoning, circumventive/distractive-temporal-prioritisation-of-reference-of-thought, shortness-of-register-of-meaningfulness-and-teleology); which allows the human mind to project beyond just its illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage, and truly have a fulsome picture of

universals. Postdication (as an abstract and infallible referencing/correction-tool) allows for the 'ontological liberation of human mental-devising-representation (of meaning) from any present (recomposured)-consciousness-awareness-teleology' (whether in the bigger scheme of reference of specific consciousness-awareness-teleologies like recurrent-utter-uninstitutionalisation–base-institutionalisation, ununiversalisation-universalisation, non-positivism/medievalism-positivism, and prospectively procrypticism-deprocrypticism) as 'postdication doesn't tie the mental-devising-representation process to any of the above registry-worldview/dimension habituated (recomposured)-consciousness-awareness-teleology' (given that these consciousness-awareness-teleologies are the recomposured outcome of 'incomplete/incremental/temporal-accommodation human brain limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩') but 'rather ties the mental-devising-representation process to the abstract and infallible ontological-normalcy/postconvergence ontological-veridicality referencing/correction-tool' (given that this allows for complete/abject understanding by the very nature of the ontological-normalcy/postconvergence notion, of course in an 'abstract and evasive caricature'), hence overcoming the illusion-of-the-present/present-consciousness inherent in any (recomposured)-consciousness-awareness-teleology representing the mentally devised state of any registry-worldview/dimension. Postdication is all about an ontological-normalcy/postconvergence institutionalisation/intemporalisation-constraining for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as stranding-dialectics educing-human-meaningfulness-and-teleology-into-the-existentialism-becoming of personhoods-and-socialhood-formation (existential-storying-in-contiguity). An analogical case in point will be ontological theory-of-relativity or quantum-mechanics wherein the abstractions go beyond our habitual mental-devising-representation of meaning as in the

positivist registry-worldview's/dimension's (recomposured)-consciousness-awareness-teleology. However, the bigger picture is that if prior/superseded institutional-cumulation/institutional-recomposure have effectively occurred and so, counterintuitively to their natural (recomposured)-consciousness-awareness-teleologies, as anticipated by postdication right up to our present positivistic institutionalisation/intemporalisation owns (recomposured)-consciousness-awareness-teleology; there isn't any particular ontological reason for intemporal/ontological meaning not to be construed in ontological-normalcy/postconvergence (postdication) as more veridically/ontologically real, beyond and counterintuitively to the positivistic mind's temporal (recomposured)-consciousness-awareness-teleology (even if it is unintelligible/existentially-suprastructural to it). Such counter-intuitiveness arises because a prospective transcendental psychoanalytic-unshackling/memetic-reordering/institutional-recomposure implied by postdication places the prior psychoanalytic-construction/institutional-recomposure/memetic-reordering (in this case positivistic institutionalisation/intemporalisation) existentialism/full-existential-depth-implications personhoods-and-socialhood-formation in question/jeopardy. But then it is not reality that caves in, it is 'the mortal' with a renewed institutional-recomposure/memetic-reordering//psychoanalytic-reorientation at its uninstitutionalised-threshold involving organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) in contrast with threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism; in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing along 3-pedestals (psychopath's slantedness transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestal, temporal-dispositions transversality-of-

affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestals, and the intemporal-disposition transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing pedestal in ontological-escalation/aetiologisation) enabling the stranding-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism. Even if this sounds unintelligible/existentially-suprastructural, in any case a retrospective registry-worldview/dimension is 'existentially parochial/narrow-minded as reflected/perspectivated by its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism denaturing from an organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology)-ontologising from the prospective registry-worldview/dimension'. For instance, where a positivist mind might see a forest as a subject of scientific inquiry/understanding, a non-positivist/medieval mindset/reference-of-thought might rather see a mentally unconscious man going into the 'evil forest'. Such 'existential parochial perspectives' will arise anyway from procrypticism viewed from deprocrypticism, though of a different nature than the example expressed above. In that sense, the deprocryptic mind might actually seem ridiculous in the procryptic registry-worldview/dimension but 'there should be no temptation to want to appear great or adjust in such a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> perspective but rather to make it irrelevant' otherwise the deprocryptic mind compromises the essence of its purpose, just as a positivistic mind going by the 'evil forest' comparison 'cannot afford to compromise its positivist stance' by trying 'to be wonderful' in a non-

positivism/medievalism perspective that is rather 'in want of transcendence'; as it is exactly because the temporal non-positivism/medievalism reference is defective that it is being transcended. This speaks to the specificity of the would-be intellectualism involved in a transcendental construct, as different from just intellectualism as mere-institutionalised-being-and-craft; it carries the element of knowledge not only as an abstract intradimensional conceptual construct but in its fullness with existential implications and insights of the dialecticism and psychoanalytic-reorientations involved in all transcendences, requiring that such an intellectual analyst be of 'presencing—absolutising-identitive-constitutedness consummated/forfeiting posture' in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing with temporal meaningful frames which do not define and are not a point-of-reference to intemporal/ontological meaningfulness' with the registry-worldview/dimension in need of transcendence (procrypticism) to avoid dividing its meaningful-referencing instead of taking it prospectively (deprocrypticism), for instance, medieval intellectuals like Galileo and Rousseau have to be of 'presencing—absolutising-identitive-constitutedness consummated/forfeiting posture' in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing with temporal meaningful frames which do not define and are not a point-of-reference to intemporal/ontological meaningfulness' with the medieval registry-worldview to generate prospective positivistic registry-worldview which at their time is not intelligible to a medieval take (categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) on meaningfulness! This can be further expanded on as follows. The intradimensional meaningful frame is 'an abstraction to the structural/paradigmatic conceptual limits (uninstitutionalised-threshold) of the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of that registry-worldview/dimension,

which do not supersede/precede/override/undermine intrinsic-reality/ontology; and the issue that then arises is that it doesn't carries the meaningfulness sought for transcendentally. On the other hand, transdimensional/transcendental meaningfulness-and-teleology is precedingness/supersedingness/ascendency accruing as 'existential psychoanalytic ontological form (in full blossoming of the transcending dimension)' beyond the superseded intradimensional structural/paradigmatic conception limits (uninstitutionalised-threshold) of the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of that registry-worldview/dimension (which itself had been the outcome of a preceding existential psychoanalytic ontological form). Memetism as to suprastructural meaningfulness-and-teleology will refer to the projective conceptualisation of meaningfulness-and-teleology beyond and superseding an intradimensional registry-worldview abstraction scope to the scope of transdimensional/transcendental existential psychoanalytic ontological form (in full blossoming of the transcending dimension with its existentialism/full-existential-depth-implications personhoods-and-socialhood-formation); highlighting as ontologically wrong any relation to intradimensional meaningfulness as (intemporally/ontologically)-sanctuous-by-reflex (as this wrongly undermines the stranding-dialectics of temporal-dispositions-postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-subknowledging/mimicking-set-of-narratives, and wrongly leads to their <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-straight/candored)' at that registry-worldview's/dimension's uninstitutionalised-threshold requiring prospective memetic-reordering. (As a side note, this will explain while 'referentialism' in contrast to 'categorisation' is the appropriate knowledge-cadre for such a more or less deconstructive articulation in ontological-normalcy/postconvergence and suprastructural, as is the case with this paper, by the fact of the need for a requisite

'habituation-into and repeatability-from-different-textual-meaningfulness-perspectives' that is necessary to get-to-and-grasp not only an explanation but critically as well the requisite psychoanalytic-state of a construed existential psychoanalytic ontological form, in full blossoming of the transcending dimension, as ontological meaningfulness.) Finally, it is just a matter of fact going by the institutional-cumulation/institutional-recomposure process that human cross-sectional mentation-capacity in relation to the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is limited given perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, as virtue is rather extended by successive re-institutionalisation in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing (not nested-congruence) by the intemporal-disposition intemporalisation skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) as deferential-formalisation-transference, going from base-institutionalisation, universalisation, positivism and prospectively deprocrypticism.

Such a 'postconvergence referentialism' skewed ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) hermeneutic-circle goes beyond a traditional hermeneutics exercise of subjective interpretation and rather arrives at an exercise in 'universal objective (ontological-primemovers-totalitative-framework) ontological explanation' as it emphasises transversally/incongruently 'the recomposuring precedingness/supersedingness/ascendency of abstract ontological-normalcy/postconvergence referentialism notion of reality' in referencing meaningfulness apriorising–registry (whether candored / integratively-aligned / straightness / dialectically-or-contendingly-in-phase or decandored / transversality-of-affirmative-and-unaffirmative,-

disambiguated-apriorising/axiomatising/referencing / dialectically-or-contendingly-out-of-phase colour/emotion/temporal-frame/aesthetics/memetics/psychical-representation), and so, as coming from an intemporal-disposition/ontological skewed ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) point-of-referencing. It further holds a promise that goes beyond our notions of reference-of-thought and meaningfulness (as rather intradimensional or a registry-worldview constructs), and arrives at the grander notion of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument which grasp should enable greater human transcendental possibilities.

Of course, ontologically (i.e. 'the-Good/understanding' contrasted with 'good-natured/impression-driven') the bigger issue is how do our development and institutionalisation/intemporalisation of true knowledge 'save us from potent-temporality and its vices-and-impediments with respect to 'socially-perceived-value as of social-stake-contention-or-confliction', rather than how do we over-idealise ourselves and thus fail to be preemptive (as the 'human cross-sectional mental equilibrium disposition', at any successive transcendence/institutionalisation in the 'human essential temporal-to-intemporal equilibrium nature which is ontologically true', under-accounts for ' temporal-nature which is not ontologically true', and over-accounts for ' intemporality/longness nature which is equally not ontologically true' – the insight for this is that institutionalisation/intemporalisation is a psychoanalytic-unshackling/memetic-reordering/institutional-recomposure tool, it doesn't transform temporal-dispositions which is the exclusive purview of individual sense of dimensionality-of-sublimating—~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation and by

its very nature is 'beyond a philosophical transformation exercise' as the latter exercise is mainly to 'construct articulations for secondnaturing' at best (articulate new institutionalisation/intemporalisation deterministic-and-operant possibilities for skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference towards intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), hence the need to refer analytically to human temporal-to-intemporal dispositions as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness highlighting the uninstitutionalised-threshold and not analytically implying by reflex solely on the basis of a human intemporal mental-disposition); and prospectively, do our part of the 'transcendental homework' that has brought the human species this far taking cue from retrospective transcendences.

By extension this explains how the notion of 'knowledge problem' is to be apprehended transcendentally/transdimensionally/interdimensionally (as a contiguous intemporal ontological construct). Commonly, intradimensionally, the knowledge problem as 'social problem/questioning' is an 'intradimensional focus' around logical operation/processing/contention based on the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the registry-worldview/dimension 'towards resolution', with the temporal defect of possible denaturing of such reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation undermining the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. However, ontological-normalcy/postconvergence

(preceding/superseding intrinsic reality) insight points to a depth-of-focus of the knowledge problem as 'social problem/questioning' on the 'intemporal-preservation-entropy' itself-and-beyond-any-set-categorical-imperatives/axioms/registry-teleology-implying-it (and by extension accounting for incompleteness of human mental/brain mentation-capacity which is the reason of the institutional-cumulation/institutional-recomposure process) to define 'social problem/questioning' as implying a reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation recomposuring/memetic-reordering/psychoanalytic-unshackling to enable intemporal-preservation-entropy-or-contiguity–or–ontological-preservation when at the uninstitutionalised-threshold of the registry-worldview/dimension (the contiguous referential exercise of recomposuring/memetic-reordering/psychoanalytic-unshackling to perpetually enable intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is known as 'postdication', a term that is in contrast with 'predication' which is based on 'constitutive categorisation elaboration on an intradimensionally affixed reference-of-thought–categorical-imperatives/axioms/registry-teleology whereas postdication refers to a transcendentally/transdimensionally/interdimensionally/across-all-institutional-recomposures/cumulations entropy as ontological-normalcy/postconvergence recomposuring/memetic-reordering/psychoanalytic-unshackling ontological-reconstituting–as-of-conflatedness/deconstruction); involving avoiding making an intemporal-disposition representation (with the implication of a purely logical operation/processing/contention) instead of a temporal-to-intemporal-dispositions representation (with the implication of temporal-to-intemporal-dispositions disambiguation before logical operation/processing/contention; as apriorising–registry disambiguation, into the intemporal-disposition and conjugating temporal-dispositions as of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-

negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, allowing for contextualisation in articulating the contrast of the intemporal-disposition's organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) and temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–aprioring-psychologism – involving slanting by psychopath, miscuing, disjointed-logic, logical-drag, unconscionability-drag, and sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising – with temporal-dispositions in varied shades of temporal conjugation/inflection to psychopathic postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as ontological-primemovers-totalitative-framework dispositions; thus enabling the stifling (undermining the ontological-veridicality) of temporal-dispositions and skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating), by way of institutionalisation/intemporalisation percolation-channelling, towards the supersedingness of the intemporal-disposition for institutionalisation's/intemporalisation's intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). Thus the ontological veridicality of the registry-worldview's/dimension's perversion-of-reference-of-thought-<as-effectively-aprioring-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> at it uninstitutionalised-threshold is articulated, with contention then being about reflecting/perspectivating/highlighting and aetiologising/ontologising this, even if it is intradimensionally unintelligible/existentially-suprastructural and unpalatable (consider in this regard, the development of positivism from non-positivism/medievalism). It should be noted then that the paradigm is an intemporal/ontological projection referencing paradigm

beyond-and-the-non-implication of an equivalence between ('Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting pedestalling) with the intradimensional 'consciousness-awareness frame-of-social-stake-contention-or-confliction' of the temporal/preconverging-or-dementing–apriorising-psychologism dimension, more like the positivist ontological biology and medicine paradigm is beyond/supersedes-and-is-a-non-implication of an equivalence with the 'consciousness-awareness frame-of-social-stake-contention-or-confliction' of say non-positivism/medievalism temporal value dispositions with respect to the notion of disease, that is, it's point is to define an altogether different and superseding meaningful frame or paradigm and is not involved in an idle exercise of elevating and articulating its meaning in terms–as-of-axiomatic-construct of and implying an equivalence with non-positivism/medievalism meaningfulness. That is equally the relation between a transcending deprocrypticism registry-worldview and the transcended procrypticism worldview.

Postdication as intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (postconvergence), as an ontological-reconstituting–as-of-conflatedness psychoanalytically/memetically/meaningfully allows for a purist (candored/decandored) ontological grasp/predication of the veridicality of any institutional-cumulation/institutional-recomposure (retrospectively to prospectively); avoiding the defect of intradimensional-referencing of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and consequently a superseded/transcended registry/registry-worldview-or-dimension as <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising-as-wrongfully-straight/candored-and-dialectically-or-contendingly-in-phase undermining ontological veridicality.

This transcendental insight is in line with the idea of low teleologies or temporal concerns in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, and ontologically short in a temporal 80-to-90-years-of-life-mental-project, and higher teleologies or intemporal/transcendental concerns in organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology), and ontologically long in an intemporal/species-possibilities/abstract-eternality-of-being-mental-projection/eudaemonic-contemplation), and their corresponding abstract individuation aetiologies (even though in effect individuals as 'receptacles of specific individuation aetiologies' cannot realistically be construed as absolutely tied to low or higher teleologies but rather as tending to accrue towards a specific-individuation-aetiology/characteral-disposition whether of low or higher teleology; hence any such 'storied/articulated' absolutely specific-individuation-aetiologies are caricatural of the realistic nature of individuals as 'receptacles of individuation aetiologies', though all such storied/narrated specific individuation aetiologies represent the full possibilities of any and all individuals 'as receptacles of individuation aetiologies').

By 'higher teleologies' is meant ' existential disposition' which is 'in essence intemporally preserving solipsistically/emanantly/becomingly' (and so, by a disposition that is beyond just one institutionalised/intemporalised registry-worldview/dimension and abstractly across all transcendental retrospective-and-prospective institutionalisation/intemporalisation registry-worldviews/dimensions); with the implication that the highest teleologies of Base-institutionalisation (as percolation-channelling undermining of recurrent-utter-uninstitutionalisation and its vices-and-impediments) – equivocates as of to the highest teleologies of Universalisation (as percolation-channelling

undermining of ununiversalisation and its vices-and-impediments) – equivocates as of to the highest teleologies of Positivism (as percolation-channelling undermining of non-positivism/medievalism and its vices-and-impediments) – and prospectively, equivocates as of to the highest teleologies of Deprocrypticism (as percolation-channelling undermining of procrypticism/disjointedness-as-of-reference-of-thought and its vices-and-impediments). It should thus be noted as such that 'higher teleologies' are 'equivalences of existential ' (in terms–as-of-axiomatic-construct of temporal-to-intemporal-dispositions), and not equivalences of institutionalisation/intemporalisation levels. That is, being in a transcended institutionalised/intemporalised registry-worldview/dimension (internalisation and formalisation induced as a secondnature) doesn't equivocate as highest teleologies to the existential projection that 'had the vision' in the prior/superseded subknowledging/mimicking/untranscended registry-worldview/dimension ('with-no-elicited-positive-opportunism/much-more-likely-temporal-negative-disincentive' and 'out-of-the-blue') to articulate-and-uphold-for-percolation-channelling the prospect of the transcended-registry-worldview/dimension-with-its-prospective-universal-virtue-over-the-vices-and-impediments-of-the-prior-registry-worldview/dimension even as it seem unintelligible/existentially-suprastructural to the prior/superseded untranscended/preconverging-or-dementing–apriorising-psychologism registry-worldview/dimension. So in terms–as-of-axiomatic-construct of 'higher teleologies' (emphasising the existential intemporal as a seed-of-virtue over institutionalisation/intemporalisation outcome, which the former enables) being in an institutionalised/intemporalised positivistic world doesn't necessarily equivocate us to the Galileos, Descarteses, Newtons, Leibnizes, Rousseaux, Darwins … behind the articulation-and-upholding-for-percolation-channelling of a positivistic registry-worldview/dimension (even though together with them we all may recognise and operate within a positivistic

world). That is, the 'existential that enables the articulation-and-upholding-for-percolation-channelling of a transcending registry-worldview/dimension' is the higher teleology 'over the mere-institutionalised-being-and-craft' in such a transcended registry-worldview/dimension. And why is this distinction critical? Because prospective (intemporality) need for prospective institutionalisation/intemporalisation/transcendence for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation necessarily calls upon the (intemporal)-kind that articulated-and-upheld-for-percolation-channelling the superseding institutionalisation/intemporalisation/transcendence; and the condition of mere-institutionalised-being-and-craft in the untranscended registry-worldview/dimension doesn't speak of disposition to prospectively articulate-and-uphold-for-percolation-channelling an intemporally requisite prospective registry-worldview/dimension institutionalisation/intemporalisation that is intemporally preserving (in ontological-normalcy/postconvergence), highlighting the veridicality and need for 'human registries-disambiguation at uninstitutionalised-threshold', and as being temporal-to-intemporal-dispositions. The notion of higher teleologies as such is specific to the human species in holding that beyond just 'a physical animal passing of specie generational succession' for survival and optimising-specie-flourishing, with higher teleologies there is 'an even more critical passing of generational succession' as memetic-skewing-or-reordering/philo-cultural optimising of possibilities of the species towards intemporal virtue as civilisational over temporal vices-and-impediments (philo-cultural and not cultural, because philosophy notionally supersedes and defines cultural possibilities); and so, by virtue of the exceptional possibility, in time and space, of human transformation/transcendence by philo-cultural skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/memetic-reordering with

respect to the base physical animal selectivity process (genetics) of the human species generational succession.

On other issues of pertinence in the bigger scheme of things:

(i) Meaningfulness of temporal-to-intemporal-dispositions as to 'existential idealism/success' as these define mental orientations or registry-worldview teleological-dispositions. Going by the human 'institutional-cumulation/institutional-recomposure' process involving variously candored/straightness/prelogism and decandored/oblongated/distractive-alignment-to-reference-of-thought mental-devising-representation of registry-worldviews dependent on which registry-worldview is considered perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or transcendental/superseding; in any given registry-worldview's social context, the notion of 'existential idealism/success' is averagely viewed invariably as 'living to the 'opportunistic ideals or conventioning/social-temporal-thresholding' of the inherent registry-worldview' irrespective of whether it is perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or transcending/superseding, and not necessarily by its veracity/ontological-pertinence. But then given that what allows for the institutional-cumulation/institutional-recomposure-process/transcendence/civilisation to take us from an uninstitutionalised animal to now a positivistic one and prospectively a deprocryptic one; it is difficult to contemplate 'existential success/idealism' from a knowledge/ontological perspective (in contrast to a temporal <~~amplituding~~/formative>wooden-language-(imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>)

perspective) without identifying that intemporal in contrast to temporal mental-dispositions is what is 'truly existential success' as the intemporal-disposition is very much what allows for human transcendence and subsequent institutionalisation/intemporalisation, much as the distilling process allows for the lightness of hydrocarbons, 'where lightness is virtue'. Basically, it can be said that without the human quality of the 'aetiologisation/ontological-escalation individuation of the intemporal ' we'll still be probably in caves. Of course, such a depth-and-projecting-scale-of-thought requires an appreciation of the 'percolative impact' of the 'firstnature/intemporal' (which is not readily available to the immediacy/shortness-of-register-of-meaningfulness-and-teleology of minds of temporal-dispositions). For instance, men did not 'by magic' develop the possibilities of civilisations whether the stone, bronze, copper, iron ages, the antiquities, the medieval and today modern positivism; without a corresponding 'psychoanalytic liberation' that allowed for such a development induced by philosophical revolution, however, prosaic the philosophy. For instance, it is not by magic that science and vaccines were not developed in antiquities but were developed in early industrial Europe, as the 'psychoanalytic liberation' of the ideas expressed by the Descartes and Galileos 'shaped subsequent common minds' to be inclined to rationalise profoundly their grasp of physical phenomena like Pasteur and others. Likewise, the philosophical development in antiquities not being 'profoundly applicative enough' and more or less cultic (available more or less to a priestly class and poorly universalising in many such slaving-and-class society), such a psychoanalytic liberation percolation-channelling effect could hardly be obtained from say Aristotle's writings (granted, it percolated into the medieval Arabic and European worlds), and in addition the 'intellectualism' was more like contained in a 'cultic class', and hardly the bread and butter of commoners (and even then, Athens was outlying without scale and time and the sufficient lack of chaos and war). As the establishment of a registry-worldview's/dimension's   '(re-originary–as-unenframed/unbeholdening/outlier-

conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩) originary/event-of-prospective-ontology-origination psyche rule of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating as of phenomenal-abstractiveness-of-presence-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context conceptualisation' is what allows for human individual and collective orienteering–focussing–persisting of construal/conceptualisation by that transcendental-enabling/sublimating (re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩) originary/event-of-prospective-ontology-origination psyche rule to the full exhaustion of what intrinsic-reality/ontological veridicality can avail to humankind as of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework in construing meaningfulness-and-teleology for the prospective institutionalisation; and so, until humankind is dissatisfied of this finitude and aspires as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality as of beyond-the-consciousness-awareness-teleology-⟨in-existential-extrication-as-of-existential-unthought⟩ for a new/prospective elevating registry-worldview's/dimension's prospective relative-ontological-completeness-of-reference-of-thought '(re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩) originary/event-of-

prospective-ontology-origination psyche rule of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating as of phenomenal-abstractiveness-of-presence-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context conceptualisation'. Being at the backend in reflecting the ontological-contiguity—of-the-human-institutionalisation-process, it will be naïve to contend that the transcendental-enabling/sublimating (re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩) originary/event-of-prospective-ontology-origination psyche rule of our positivism–procrypticism registry-worldview/dimension mental-disposition should inherently be obvious. But that doesn't factor in the implications of human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ that by successive prior institutional-cumulations outcome of successive prior institutional-recomposures as of their successive prior '(re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩) originary/event-of-prospective-ontology-origination psyche rule of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating as of phenomenal-abstractiveness-of-presence-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-

thought-devolving-as-of-instantiative-context conceptualisation' leading up to our positivism–procrypticism registry-worldview/dimension mental-disposition. In other words in the human <~~amplituding~~/formative>epistemic-totalising~thrownness-in-existence (I exist therefore existence is of transcendental-enabling/sublimating to my human-subpotency / hyperbole-of-temporal-to-intemporal-ontological-performance-<including-virtue-as-ontology>s) finitude of the recurrent-utter-uninstitutionalisation registry-worldview/dimension, we may be forgiven going by human limited-mentation-capacity by its 'non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition' to be unable to grasp greater emancipatory '(re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩) originary/event-of-prospective-ontology-origination psyche rules of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating as of phenomenal-abstractiveness-of-presence-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context conceptualisation' successively as of base-institutionalisation–ununiversalisation rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism, universalisation–non-positivism/medievalism universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism, positivism–procrypticism positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism, and Deprocrypticism preempting—disjointedness-as-of-reference-of-thought,-as-to-

\<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism. This highlights that our own location at the backend in reflecting the ontological-contiguity—of-the-human-institutionalisation-process doesn't dispense us from our own ontological-dementation/dialectical-dementation–stranding/attributive-dialectics for prospective transcendental possibilities. Basically, the entropy behind such a philosophical-driven conceptualisation of human meaning and corresponding psychoanalytic-unshackling, percolation-channelling into an overall relaying defining the human anthropological-continuity or anthropopsychology or institutional-cumulation/institutional-recomposure could be summed up this way:

- a human-philosophical-conceptualisation of mythologies (of superstitious causations with respect to human and existential destiny/teleology) 'inducing a human psychoanalytic-unshackling or registry-worldview memetic-reordering' which has the merit of introducing comprehensive social institutionalisation/intemporalisation suprastructurally based around such mythologies (underlying suprastructurally the creation of superstitious practices, religions and belief systems, and practically 'institutionalised living' whether with respect to nature or among humans);

- a human-philosophical-conceptualisation of mystical-principles (a system of the appropriate relations humans need to have with such superstitious causations with respect to human and existential destiny/teleology) 'renewing the human psychoanalytic-unshackling or registry-worldview memetic-reordering' which has the merit of redefining comprehensive social institutionalisation/intemporalisation as rules/principles-driven though still based on mythological systems (underlying the suprastructural introduction of rules/principles in

superstitious practices, religions and belief systems, and practically 'universal rules of institutionalised living' whether with respect to nature or among humans);

- a human-philosophical-conceptualisation of principles-rationalism (of principles/rules of causation-in-reflecting-ontology as not superstitious with respect to human and existential destiny/teleology) 'redefining the human psychoanalytic-unshackling or registry-worldview memetic-reordering' and has as merit the superseding of superstitions based on rationalising systems of universalisation, positivism and science (underlying the suprastructural introduction of intemporal principles in the operation of social endeavours including social rules and science, and practically 'the categorical-positivising/rational-empiricism of institutionalised living' whether with respect to nature or among humans); and prospectively

- a human-philosophical-conceptualisation of rational-realism of 'principles/rules of human representation of effective-causation-as-it-reflects-ontology' as 'not wholly solipsistically/emanantly/becomingly intemporal' but rather 'temporal-to-intemporal' or shortness-of-register-of-meaningfulness-and-teleology to longness-of-register-of-meaningfulness-and-teleology (rather a notionalisation/notional-conception/amplituding of knowledge and meaningfulness, where 'a skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) agency towards intemporality/longness in secondnaturing is what is critical and not a false idealism wrongly implying a direct/immediate cross-sectional intemporal-disposition of humankind'), with respect to human and existential destiny/teleology 'reorienting the human psychoanalytic-unshackling or registry-worldview memetic-reordering' and has as merit a realistic and hence more ontological-primemovers-totalitative-framework conceptualisation over ontologically-flawed-intemporal-construction-with-the-drawback-of-temporal-dispositions-'preconverging-or-dementing–apriorising-

psychologism underlying the suprastructural and practical introduction of deprocrypticism postconverging-or-dialectical-thinking–apriorising-psychologism rules/principles (postconvergence referentialism entropy of institutionalisation/intemporalisation).

The reason for a registry-worldview's/dimension's institutionalisation/intemporalisation transcendence from the superstitious/religion, universal-notions/essences, principles-rationalism/positivist-idealism and then rational-realism as of deprocrypticism is that psychoanalytically/memetically/meaningfully the human psyche is inclined/shaped/desires to find an all-in-all-encompassing-response (magic wand) to explain its world, but then realises across institutional-cumulation/institutional-recomposure that successive introduction of more and more 'realistic' conceptualisations enable a grander ontological-primemovers-totalitative-framework and grasp of its world.

Further, what differentiates principles-rationalism/positivist-idealism and rational-realism as of deprocrypticism is that the 'institutionalising threshold for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' of the latter introduces the disambiguation of dispositions in meaning construal and subsequent logical operation/processing/contention at reference-of-thought (on the basis that human dispositions are temporal-to-intemporal/shortness-to-longness; with human registers/registry-teleologies involving subknowledging-impulse/compulsive-dementing/slantedness/psychopath, ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation). This is the peculiarity of deprocrypticism dialectical-thinkng-or-postconverging–apriorising-psychologism institutionalisation/intemporalisation exercise. The former simply focuses on logical operation/processing/contention at 'supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism anchors' (on a wrong reflex basis of universal human intemporal/longness register/registry-teleology

disposition). Hence the present principles-rationalism/positivist-idealism unlike rational-realism as of deprocrypticism, in the exercise of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and corresponding reference-of-thought–categorical-imperatives/axioms/registry-teleology, fails to account for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> registries, as subknowledging-impulse/compulsive-dementing/slantedness/preconverging-or-dementing–apriorising-psychologism of the psychopath, postlogicly conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism by the temporal-dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation. Deprocrypticism is particular, as imbued/recomposuring with the other institutionalisations and across all the institutional-cumulation (institutional-recomposures), in that it addresses the fundamental issue of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect by recognising the reality of human temporal-to-intemporal in principle and preempting this in principle in its operant conceptualisation i.e. in principle the deprocryptic reflex is not to simply operate/process logic, it anticipates the verification of soundness of apriorising–registry to establish that this isn't subknowledging-impulse/compulsive-dementing/slanted/psychopathy as well as the conjugated/inflected/derived/mimicked/in-protraction-to-psychopathic-preconverging-or-dementing–apriorising-psychologism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> by the temporal-dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-

or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation.

Such 'deprocrypticism institutionalisation/intemporalisation transcendence' (as with any other institutionalisation/intemporalisation transcendence) involves the development of preemptive and prospective categorical-imperatives/axiomatic-construct/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation over the prior now dialectically-or-contendingly-out-of-phase/dialectically-primitive) perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation stranded-rightfully-as-decandored/oblongated, and so with the 'aetiologisation/ontological-escalation' highlighting temporal-dispositions stranding-dialectics. It should be noted that while the prior/superseded transcendences to positivistic institutionalisations have been rather incremental-to-abject, it is likely that procryptic to deprocryptic transcendence is most probably an outrightly blunt/incisive abject construct, and why, because higher institutional-cumulation/institutional-recomposure imply higher perversion of reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that are 'not readily perceived as undermining intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in their ontological-primemovers-totalitative-framework and are often wrongly analysed as being intemporally preservational' but for a very insightful ontological reflecting/perspectivating/highlighting exercise of organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) ontological-escalation/aetiologising over threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism; requiring a corresponding intellectually

decisive and abject articulation for procryptic-to-deprocryptic cross-generational deprocryptic

transcendence   supplanting–conviction-as-to-profound-supererogation—

postconverging/dialectical-thinking–apriorising-psychologism, as the procryptic perversion-

of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is weakly graspable

in the cross-section of the social-construct for the transcendence to work effectively by

incrementalism-in-relative-ontological-incompleteness as to notional~disjointedness-as-of-

reference-of-thought   even   though   such   incrementalism-in-relative-ontological-

incompleteness and notional~disjointedness-as-of-reference-of-thought might later arise in

social   integration   from   institutionalisation/intemporalisation   percolation-channelling

following an intellectually abject and decisive articulation, or possibly with successive other

such   intellectual   articulations,   of   the   perpetuation-of-deprocrypticism transcendence.

Methodologically, it should draw on phenomenological-and-hermeneutic-insights, as with

this research paper, and extending into a 'creative existentialism (full-existential-depth-

implications) storying construal' as the 'ontologically effective, applicative and operant

articulation insight' to this background phenomenological-and-hermeneutic-insights. Its

highlighting of such a transcendence should be similar to say a literary work like Things Fall

Apart by Chinua Achebe even though the latter is rather more about cultural-diffusion-from-

Western-philosophical-transcendence which positivistic transcendence integration into the

society's   institutionalisation/intemporalisation   percolation-channelling   undermines-

psychoanalytically/psychoanalytic-unshackling/memetic-reordering/institutional-

recomposure the society's existentialism (full-existential-depth-implications) personhoods-

and-socialhood-formation allowing for positivistic transcendence. But then unlike Things Fall

Apart, such a perpetuation-of-deprocrypticism transcendence being not a cultural-diffusion-from-another-society's-philosophical-transcendence but rather a universal-human-intradimensional-philosophical-transcendence can be creatively devised as being in substitution to an 'abstract cultural-diffusion-from-another-society's-philosophical-transcendence transcendence', for an in-depth insight. However, the latter storying will have to be more deterministic, operant and of aesthetic applicability, unlike just a simple literary work, with strong existentialism/full-existential-depth-implications insights with respect to percolation-channelling effects as predication/deferred-predication and application/deferred-application to human and social issues based on temporal-to-intemporal-dispositions conceptual articulation as ontological-primemovers-totalitative-framework about the 'abstract nature of man'. This will involve 'creative existentialism (full-existential-depth-implications) storying construal' in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing articulated in a dynamic relationship along the three pedestals of: psychopathic characters slantedness as insane/slantedness-fitment in absolving-or-fleeting-logic-reflex-or-escaping-logic in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-to-last-narrative-wronglyly-allowing-interlocutors-prelogic-or-conviction-as-to-profound-supererogation-alignment; temporal-dispositions (of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) insane/slantedness integration/conjugation in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi

conventioning-rationalising/temporal-enculturation-or-temporal-endemisation of the organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) intemporal point-of-referencing veridicality; and the intemporal-disposition organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology) on the basis of a higher teleology complex of being more profound with respect to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' with respect to intrinsic-meaning/veridicality, in terms–as-of-axiomatic-construct of its implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) reflection/perspectivation of the two prior pedestals in ontological-escalation as a registry-worldview/dimension defect at this uninstitutionalised-threshold as backdrop for 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure in the construal of futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in anticipation and preempting procrypticism, so construed by 'deprocrypticism ontologically-perspectival-elevated/pedestaling-as-postconverging-or-dialectical-thinking-differentiation-as-of-supratransversality—apriorising/axiomatising/referencing'. And so, based on the fundamental psychological paradigm of 'mental-devising-representation devising' giving-in to veridicality/intrinsic-reality when shown to be perversion-of-reference-of-thought-<as-

effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. This fundamental psychological paradigm operates by way of candoring/prelogism/dialectically-or-contendingly-in-phase or in preconverging-or-dementing–apriorising-psychologism/decandoring/distractive-alignment-to-reference-of-thought /dialectically-or-contendingly-out-of-phase to represent registry-worldview/dimension ontological-veridicality 'as thinking' or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> 'as preconverging-or-dementing–apriorising-psychologism' respectively, as is implied in all the transcendences from recurrence-of-utter-uninstitutionalisation, base-institutionalisation/ununiversalisation, universalisation/non-positivism-or-medievalism, positivism/procrypticism, and prospectively perpetuation-of-deprocrypticism. This serves to provide the perspective/reflection to the present positivistic mindset/reference-of-thought explaining while the 'seemingly unlikely preconverging-or-dementing–apriorising-psychologism mental-devising-representation of its mind' at its uninstituionalised/unintemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as procrypticism/disjointedness-as-of-reference-of-thought so reflected/perspectivated from deprocrypticism is more veridical than its illusion-of-the-present/present-consciousnessas <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag mental 'postconverging-or-dialectical-thinking–apriorising-psychologism' representation. In the bigger scheme of things, such a 'creative existentialism (full-existential-depth-implications) storying construal' on perpetuation-of-deprocrypticism re-elaborated to a 'creative existentialism (full-existential-depth-implications) storying construal' of all the transcendences provides an even more profound and emanant-insight understanding of the anthropological continuity/anthropopsychology and the proper place of the present positivistic mind in the

bigger scheme, and what is prospectively implied, as a perpetuation-of-deprocrypticism transcendence).

Another ontological element of the perpetuation-of-deprocrypticism transcendence is that it is 'weakly positive opportunistic' to the cross-section of the social construct. Prior/superseded transcendences are relatively 'strongly positive opportunistic' with base-institutionalisation transcendence from recurrent-utter-uninstitutionalisation being the strongest in its positive-opportunism as the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of: 'organising rules/principles'/base-institutionalisation are opportunistically critical for temporal direct/immediate survival itself, i.e. such an uninstitutionalised state with uncertainty, lack-of-knowledge about the environment and relative lawlessness 'focuses the individual's mind' to adhere to any dependable organised rules/principles/laws, even where such organising rules/principles/laws are bad so long as they are predictable, be it circumstantially (and effectively, base-institutionalisation is a state where such organising/rules/principles/laws are constantly being remade competitively with respect to survival-possibilities and power-relations, but on the other hand base-institutionalisation tends to have weak institutionalisation/intemporalisation percolation-channelling for intemporal transcendence in the long run due to 'holding-on-to-the-initial-proven-survival-and-flourishing-assets/tradition' and 'a question of power relations', and more likely than not, in such human society in 'clanic turbulence' base-institutional-recomposure is a highly-diffusionary-juggling-and-reconstituting-transcending-across-clans rather than oriented towards just a singular intra-social intemporal-philosophical transcending, but also involving on the rare occasion a lopsided diffusion from an altogether different and dominant cultural grouping); those of 'projecting rules/principles' or universalisation are less opportunistically

critical for temporal direct/immediate survival but are relatively vital and extend the ambits of the former; while those of 'empirical rules/principles'/positivism are even less positive-opportunistically critical for temporal direct/immediate for immediate/direct survival but relatively critical for flourishing (science, human rights, democracy, etc.). So these institutionalisations transcendences can elicit, in effect, a grander sense of intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm rather than a temporal extricatory paradigm in their cross-section of the social-construct. However, it will probably be more facile for such a cross-section of the social-construct to be strongly disposed to adopt an extricatory/temporality paradigm rather than intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm regarding the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of 'temporal-to-intemporal-dispositions accountability as intemporality-skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) rules/principles' or deprocrypticism with regards to their temporal direct/immediate survival opportunism statistically to individuals on the cross-section of the social-construct. An intemporal disposition as ontological projecting that may elicit a sense of positive-opportunism for survival itself with base-institutionalisation will not necessarily have the same adherence effect on the cross-section of the social-construct when it comes to a transcendence which temporal directness/immediacy for 'individuals sense of survival-and-flourishing' is not so obvious but for its abstract ontological veridicality and abstract intemporal transformation implications as is the case with deprocrypticism; but is rendered possible because of the relatively 'strong preset institutionalisation/intemporalisation

percolation-channelling for transcendence' (on the basis of its untenability/internal-contradiction/internal-incoherence/institutional-constraining generation capacity); more like it would be fair to say that many an abstract and boring scientific efforts do not necessarily appeal temporarily but for the strongly preset institutionalisation/intemporalisation percolation-channelling for their social integration. Basically, with transcendence as temporal directness/immediacy weaken on the one hand, the element of untenability/internal-contradiction/internal-incoherence/institutional-constraining (with institutional percolation-channelling for transcendence) in assuring prospective transcendence strengthens.

To sum up, this highlights the 'temporal existentialism/full-existential-depth-implications practicality aspect' involved in all human transcendences. That is, transcendence is more of a human-mentation-capacity driven construct and its mundane recognition is not inherently by its supposed virtue (given that survival-and-flourishing, and not veracity/ontological-pertinence, are the more immediate/direct basis for the human temporal drive). To the extent that transcendence highlights critically that it is what is the best enabler for survival-and-flourishing then it is a force of social transformation. Equally, an ontologically-veridical but not immediately/directly survival-and-flourishing will not, with regards to human temporal practicality, by mere ontological-veridicality be a basis for its social integration, if the insight that it provides a grander survival-and-flourishing scheme isn't immediately palpable. As in this case human temporal practicality disposition is perfectly inclined to threshold at its registry-worldview/dimension uninstitutionalised-threshold. But then with an increasing cerebral grasp of our nature and our surrounding world rather than just passive endurers of nature-in-action, we can fairly anticipate and supersede intellectually our human temporal practicality dispositions, in this case with regards to deprocrypticism, and attain prospective knowledge-and-virtue generally. Meaning (defined previously as what defines/predicates value, thought and action) is actually a referential

memetic construct in the referential exercise of the entropic preservation of preceding-intemporality/intrinsic-reality as validated by ontological-primemovers-totalitative-framework. This leads in the instance of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> to the notion of 'memetic-corruption or psychoanalytic-misrepresentation of reference-of-thought–categorical-imperatives/axioms/registry-teleology; requiring a referential 'memetic reordering/psychoanalytic-unshackling reference-of-thought–categorical-imperatives/axioms/registry-teleology for the entropic preservation of intemporality/intrinsic-reality as validated by ontological-primemovers-totalitative-framework.

The referential memetism as suprastructural-meaningfulness implying that meaning is in fact a 'human mental devising construct' (not inherently ontological or intrinsic-reality) and it is grounded on its validation/veridicality by its ontological-primemovers-totalitative-framework in showing it is proxying to 'abstract and inherent ontology/intrinsic-reality/veridicality' which is a preceding/superseding notion (postconvergence) to our mental devising of meaning; explaining why we adjust our meaning model/memetic-reordering/psychoanalytic-unshackling (soundness-or-authenticity-of-reference-of-thought/candored, and then mentally-oblongated/decandored with respect to new/superseding soundness-or-authenticity-of-reference-of-thought/candored) when the proxying-registry-construct is internally-contradictory and demonstrated to be flawed at successive uninstitutionalised-threshold whether from recurrent-utter-institutionalised to base-institutionalised, ununiversalised to universalised, non-positivism/medievalism to positivistic, and prospectively procrypticism to deprocrypticism.

More than just an exercise of grasping the possibilities of human transcendence, it is critical that for future transcendence we don't confuse the development of a

2325

'banal/temporal/averaging-of-temporal-thoughts' notion in 'our shortness of the lives of mortals' (80 or 100 years or so) as defining what is 'existential idealism/success' on the basis of such 'mental shortness' (which isn't even solipsistically/emanantly/becomingly the intemporal responsibility for the transcendence that enabled its world, the positive worldview from non-positivism/medievalism, but has been rather 'institutionalised and secondnatured there', and so is 'philosophically irresponsible' prospectively with respect to the bigger scheme of things regarding transcendence/prospective-institutionalisation, necessarily so when inclined to an extricatory temporal-disposition that is not solipsistically intemporally responsible). Intellectually and knowledge-wise, the articulation of 'existential idealism/success' must be the exclusive purview of the aetiological individuation of the intemporal-disposition whose organic-comprehension-thinking (organicalism/'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/longness-of-register-of-meaningfulness-and-teleology)'s universal projection/intemporality keeps alive the notion of existential idealism/success as long as from its intemporal-disposition that started base-institutionalisation (to thwart recurrent-utter-uninstitutionalisation) through universalisation (to thwart ununiversalisation), positivism (to thwart non-positivism/medievalism), and prospectively its intemporal-disposition that will enable deprocrypticism (to thwart procrypticism/disjointedness-as-of-reference-of-thought) and thereafter; the intemporal mind as such projects in an 'abstract eternality' that is what allows for the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation.

In the bigger scheme of things, all the vices-and-impediments of successive registry-worldviews can be directly ascribed as corresponding perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of temporal-dispositions at the registry-worldviews uninstitutionalised-threshold whether as recurrent-utter-uninstitutionalisation, ununiversalisation, non-

positivism/medievalism, and prospectively procrypticism (pointing to the fact that virtue is about 'the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework constructs' of base-institutionalisation, universalisation, positivism and prospectively deprocrypticism, and not 'good-natured/impression constructs' which are vague, as it is inevitable that there is no good-naturedness/impression-drive that exist to prevent an recurrent-utter-institutionalised mind from deterministically committing the vices-and-impediments of recurrent-utter-uninstitutionalisation, of an ununiversalised mind those of ununiversalisation, of a non-positivism/medievalism mind those of non-positivism/medievalism, and prospectively of a procryptic mind (as subknowledging/mimicking/perverting positivistic meaningfulness) those of procrypticism. Virtue is plainly and simply about the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct with corresponding virtuous consequences of knowledge or lack-of-knowledge thereof). It is critical for the sake of the temporal mortal that we are, not to be allowed to be our own God; that is exactly what creates transcendental possibilities, otherwise we syncretise and preserve and articulate our temporality/shortness as being intemporal!

(ii) 'Intellectual solipsistic/emanant irresponsibility' referring to 'intellectual idealism' success in conceiving intemporal meaning but failure in preserving intemporal meaning from 'temporal mimicking, denaturing and subknowledging' with corresponding poor temporal-dispositions orientations/registry-worldview over that intemporal meaningfulness in relation to the bigger picture of human/social progress paradigm. While intellectual ontological/intemporal meaningfulness may strive to articulate a universal idealism/intemporal projection, it is rather naïve to operate on the 'romantic' basis that universal idealism/intemporal projection is the sole disposition of humans as temporal

dispositions like postlogism-slantedness (the psychopath), ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation are endemically part and parcel of the reality of human dispositions; and so, as a matter of fact on a simple 'scientific basis of determining first principles' and not necessarily to stigmatise, as reality works on the basis that 'what is, is what is!' That then being the case, what then is the relevant question is how do we ensure by institutionalisation/intemporalisation (based on the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework and not impression/good-naturedness/wishfulness vagueness) the supersedingness of the intemporal-disposition-worldview (as ontological and upholding virtue in the medium to long perspective) over the cross-section of human mental temporal-to-intemporal dispositions, i.e. secondnaturing as formalisation and internalisation. For instance, if men were of an intemporal-disposition we will only need 'moral philosophy' and 'no law' as the institutionalising principle of the law is a tacit recognition that realistically we need 'dominating/superseding artifices' or 'institutions and their rules and narratives' whether the human subjects have a grasp of the 'philosophical' universal end purpose or not). This is the attitude that preserves the virtue inherent in the intemporal conceptualisation of meaning and 'not any temporal romantic idealism' which only leads to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> that goes on to undermine directly or by sub-par-or-formulaic-association-or-temporal-or-alibi conventioning-rationalising conjugations the virtue in knowledge, and so in particular in the 'extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩' (informal settings) where the constraining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩

(usually introduced in formal settings) is not available. Hence intellectual responsibility warrants that the intellectual exercise (as intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) involves both a construction of the intemporal ideal and equally a stifling of the possibilities of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism. This involves avoiding the naivety of articulating meaning only in the sense of the intemporal ideal but including a constraining and temporal-to-intemporal-dispositions-disambiguating realism that upholds/preserves intemporality/longness and stifles temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> inclinations. Such an approach is known as the 'knowledge-notionalisation' or knowledge as a continuum from 'the ignorances'/temporal-dispositions to knowledge/intemporality which then allows for scrutinising and preempting 'the ignorances'/temporal-dispositions, i.e. apprehending not only intemporal implications of any knowledge construct, but being transversally/logically-incongruent preemptive to potential temporal undermining of that intemporal idealism construct).

'Intemporal and temporal disjuncture' basically refers to the fact that in the elaboration of conventioning with respect to ontological-veridicality with regards to social-stake-contention-or-confliction both the intemporal and temporal-dispositions are preservational in their finalities, i.e. temporal-dispositions do not transcend philosophically but by untenability/internal-contradiction/internal-incoherence/institutional-constraining, and it is vague and naïve to intemporally/ontologically engage at the philosophical level to wrongly imply such a solipsistic transcendental process as this should not be confused with the formalisation effect of secondnaturing and internalisation. 'Intemporal and temporal disjuncture' can equally be analysed as 'transcendental-or-transdimensional

prospective/apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument and intradimensional-meaningfulness disjuncture' given there is mutual unintelligibility between prospective apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument and intradimensional meaningfulness for instance respectively as deprocrypticism and as procrypticism (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness), just as there is mutual unintelligibility between positivism and non-positivism/medievalism meaningfulness. This mutual unintelligibility should not be 'addressed logically' actually by the intemporal-disposition or prospective-memetism or prospective/transcending registry-worldview/dimension as this naively implies both registry-worldviews share the same reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (going from the insight of a common vantage perspective of mutually unintelligible/existentially-suprastructural positivism and non-positivism/medievalism reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation); wherein it is transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing that plays out to enable the abject superseding/transcendence of the intemporal-disposition or prospective memetism or prospective/transcendental/superseding registry-worldview/dimension over the prior/transcended/superseded intradimensional meaningfulness. For the simple reason that intrinsic-reality being preceding as ontological-normalcy/postconvergence it won't let the positivistic mindset/reference-of-thought (as intrinsic-reality/ontology is inherently suprastructural or beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of the mortals that we are, in the sense that a cholera epidemic that was to occur say in 100 b.c. Will not

stop from occurring because human beings did not know of notions-of-bacteria-as-causing-diseases-and-instead-believed-in-bad-omen-for-not-making-the-right-sacrifices-or-so-so-and-so; thus naivety will be to strive to syncretise in temporal-and-social-trading our discomfort/unpalatability in construing intrinsic-reality/ontology) to be involved in social-and-temporal-trading with the non-positivism/medievalism mindset/reference-of-thought as inherently all the greater possibilities of grasping a more profound intrinsic-reality/ontology lies with 'reasoning-through/abjection' with the prospective memetism of positivism which actual mental-devising-representation of non-positivism/medievalism is as preconverging-or-dementing–apriorising-psychologism (where the non-positivism/medievalism registry-worldview/dimension is the prior/transcended/superseded intradimensional meaningfulness perspective). The validation arises from the untenability/internal-contradiction/internal-incoherence/institutional-constraining in the long-run of non-positivism/medievalism, as the more profound positivistic meaningfulness takes hold in the-Good/understanding/ontological-primemovers-totalitative-framework institutionalisation percolation-channelling mechanism. This ontological insight (transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing that plays out to enable the abject prospective/superseding/transcending of the intemporal-disposition or prospective memetism or prospective/transcendental/superseding registry-worldview/dimension) also informs, as with all transcendences, the relation between the prospective meaningfulness/memetism or transcending/superseding registry-worldview/dimension as deprocrypticism and prior/transcended/superseded intradimensional meaningfulness/memetism as our procrypticism, with the latter superseded/transcended as of 'reasoning-through/abjection' and represented as preconverging-or-dementing–apriorising-psychologism in line with the preceding ontological-normalcy/postconvergence nature of intrinsic-reality/ontology, likewise with the idea that deprocrypticism validation will arise from the

untenability/internal-contradiction/internal-incoherence/institutional-constraining of procrypticism as futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism takes hold in the the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework institutionalisation percolation-channelling mechanism. So deterministically and operantly, without any discretion allowed, from the intemporal/ontological perspective, it is a cross-generational collapsing/overriding-and-superseding of temporal-dispositions and a registry-worldview/dimension-intradimensional-meaningfulness that is perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> construed in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing involving reflecting/perspectivating/highlighting (reasoning-through-and-not-reasoning-with) the stranding-dialectics as the backdrop of new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation for prospective institutional-recomposure/memetic-reordering/psychoanalytic-reorientation that enables prospective transcendence. Thus technically, preconverging-or-dementing–apriorising-psychologism arises simply by a shift of reference-of-thought (in the strive for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation wherein the latter reference-of-thought as a registry-worldview/dimension is shown to be more intemporally-preservational); with the preconverging-or-dementing–apriorising-psychologism reflected/perspectivated in the mental-devising-representation fully implied by the new transcending/superseding reference-of-thought (of postconverging/dialectical-thinking–apriorising-psychologism) about the prior transcended/superseded reference-of-thought (and so, beyond the latter's registry-worldview/dimension wrongful reflex to set-aside/ignore the implications of its demonstrated

ontological-impertinence as of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> and go on to be of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag this now shown-to-be-wrong reference-of-thought). Preconverging-or-dementing–apriorising-psychologism as such is easily and spontaneously reflected of a prior/superseded/transcended registry-worldview/dimension like for instance a positivistic registry-worldview/dimension mental-devising-representation reflecting the preconverging-or-dementing–apriorising-psychologism of a medieval registry-worldview/dimension. But then this is because the positivistic registry-worldview/dimension doesn't have to deal with any existential illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage that the non-positivism/medievalism registry-worldview/dimension personhoods-and-socialhood-formation has to deal with. However, implying similarly the preconverging-or-dementing–apriorising-psychologism of the positivistic registry-worldview/dimension from its intradimensional perspective where its own reference-of-thought is superseded/transcended by a prospective reference-of-thought as deprocrypticism will, this time around by the positivistic registry-worldview/dimension existential illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage that its personhoods-and-socialhood-formation has to deal with, lead to the positivistic registry-worldview/dimension by reflex setting-aside/ignoring the prospective and veridical reference-of-thought and corresponding (postconvergence) ontological-veridicality/ontological-contiguity, and go on to self-reference-syncretise its transcended/superseded reference-of-thought. In concrete terms for instance, whereas a positivistic mindset/reference-of-thought will likely shift the reference-of-thought with regards to say a non-positivism/medievalism context of notions-and-accusations-of-sorcery where A were to accuse B for being a sorcerer

who caused A's illness, the mental-devising-representation of the positivistic mindset/reference-of-thought will be that A is preconverging-or-dementing–apriorising-psychologism and that a germ and biological functioning theory of the human body is the reference-of-thought for A's disease. But then intradimensionally, A and B and their society of personhoods-and-socialhood-formation and existentialism/full-depth-of-existential-implications that are non-positivism/medievalism will tend to harken back to reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that uphold the prior/transcended/superseded reference-of-thought that admits to notions-and-accusations-of-sorcery. The effective anthropological and dialectical evidence (mostly from diffusional transcendence given the relative abruptness of cultural diffusions compared to an intra-society philosophical transcendence which is rather slow in the making) shows that it is the cross-generational habituation by <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag into reference-of-thought of the prospective/transcending/superseding registry-worldview/dimension (in this instance the positivistic registry-worldview/dimension) that will ultimately 'wean' the prior/superseded/transcended registry-worldview/dimension (in this instance non-positivism/medievalism) from its defective non-positivism/medievalism reference-of-thought and its prior relative-ontological-incompleteness-of-reference-of-thought–categorical-imperatives/axioms/registry-teleology towards a positivistic reference-of-thought and its prospective/transcending/superseding relative-ontological-completeness-of-reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality, where contention can then take place to establish

(postconvergence) relative ontological-veridicality. Likewise, the concrete analysis from a deprocrypticism insight shows that our procrypticism (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic meaningfulness) mindset/reference-of-thought will by reflex emanantly act the same at its own uninstitutionalised-threshold; wherein the idea that positivism–procrypticism reference-of-thought as of its characteristic postlogism associated with psychopathy and social psychopathy with its overall beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> defect of disjointedness-as-of-reference-of-thought-as-misappropriated-meaningfulness-and-teleology brings about a shift to a new reference-of-thought and reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as transcending/superseding deprocrypticism, will sound unintelligible/existentially-suprastructural to the positivism–procrypticism mindset/reference-of-thought which simply by reflex set this aside and harken back axiomatically to positivism–procrypticism reference-of-thought and reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that unconsciously (as ignorance) and consciously (as affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) do not acknowledge ontological-impertinence as of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> associated with such positivism–procrypticism reference-of-thought that is bound to directly and indirectly at the uninstitutionalised-threshold be integrating postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-

shallow-supererogation in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> teleologically involving, (i) intemporal-disposition introduction-of-'ontological-reconstituting–as-of-conflatedness' reference-of-thought–categorical-imperatives/axioms/registry-teleology, (ii) temporal-dispositions undermining-by-hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of the reference-of-thought–categorical-imperatives/axioms/registry-teleology, (iii) intemporal-disposition reflecting/perspectivating/highlighting the temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–categorical-imperatives/axioms/registry-teleology and introduction-of-'ontological-reconstituting–as-of-conflatedness' of new reference-of-thought–categorical-imperatives/axioms/registry-teleology preempting the temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) of the subontologisation (in-a-social-dynamism-of-meaningfulness-misappropriation) by slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation effect; as successive circular postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> preconverging-or-dementing–apriorising-psychologism constructs, and not as may wrongly be reflected by the natural reflex to be prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism, as supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (existential-contextualising-contiguity/meaningful-projection-of-intrinsicness/authentic-vocalisation/prelogism) constructs. And likewise, it is a cross-generational habituation of deprocrypticism reference-

of-thought and reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that will ultimately lead to a shift in reference-of-thought and the correspondingly more profound and grander deprocrypticism ontological-veridicality/ontological-contiguity thereof. Another validation for the preconverging-or-dementing–apriorising-psychologism mental-devising-representation of retrospective/transcended/superseded registry-worldviews/dimensions has to do with the implications of the notions of impression-driven/good-naturedness/wishfulness and the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework with respect to the ontological-normalcy/postconvergence and suprastructural nature of intrinsic-reality/ontology/ontological-veridicality. A prospective/transcending/superseding registry-worldview the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework mental-devising-representation of a retrospective/transcended/superseded impression-driven/good-naturedness/wishfulness construct is always a preconverging-or-dementing–apriorising-psychologism construct, and so across all institutionalisations indicating that the ontological-normalcy/postconvergence and suprastructural nature of intrinsic-reality/ontology/ontological-veridicality as ontological-normalcy or prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation effectively construes impression-driven/good-naturedness/wishfulness constructs as rather of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> and hence its preconverging-or-dementing–apriorising-psychologism. This equally implies that our very own 'good-naturedness constructs' in the positivism/procrypticism registry-worldview/dimension are of preconverging-or-dementing–apriorising-psychologism mental-devising-representation from futural Being-development/ontological-framework-expansion–

as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview/dimension the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework conceptualisation. The reason why ontological-normalcy/postconvergence indicates that 'good-naturedness constructs' are defective is quite simple as it is based on adhering to a registry-worldview's/dimension's institutionalisation temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology, which along the institutional-cumulation/institutional-recomposure are successively shown to be defective-as-always-being-sub-par-to-intrinsic-reality and defining the uninstitutionalised-threshold. Virtue and ontology/intrinsic-reality rather lies in the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and not its reference-of-thought–categorical-imperatives/axioms/registry-teleology, with the latter only being pertinent in the sense where it relays intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Such a relaying is not within the ambits of good-naturedness constructs but rather the-Good as a continuous refinement of ontological-primemovers-totalitative-framework that ensures re-institutionalisation/re-intemporalisation for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation when ontological-primemovers-totalitative-framework so reveals it. Thus supposed an individual shows good-naturedness following the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the recurrent-utter-uninstitutionalised registry-worldview/dimension that warrants that one simply gets one's way no matter the situation even if it means committing murder to have some food for oneself and close ones; a good-natured quality that is highly rated for survival in an recurrent-utter-uninstitionalised setup. That is perfectly within the good-naturedness

ambits of a survival-driven registry-worldview/dimension but prospectively it is the creativeness of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality that carries the virtuous and ontological insight to grasp that a registry-worldview's/dimension's institutionalisation as base-institutionalisation rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism will provide a grander virtuous and ontological outcome for humans, and not a good-naturedness inclination which is stuck at the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of recurrent-utter-uninstitutionalisation. This same fundamental dilemma arises with all other institutionalisations. For instance, the procrypticism inclination to stick to the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of a positivistic registry-worldview/dimension viewed as deterministic by projected ~~amplituding~~/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ as-to-how-others-act-in-hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> requiring the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework appreciation that an ontological-primemovers-totalitative-framework as of existence-potency-prospective-digression-of—~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness indicating such a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation> implies a prospective/transcending/superseding registry-worldview's/dimension's new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation to ensure intemporal-preservation as deprocrypticism. Thus it is the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework that carries the mantle of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and not good-naturedness/vague-impression drive which temporal-mimicking (unconscious or conscious) shouldn't be confused with preserving ontology and virtue. Thus the basic reason for this counter-intuition about the veridical nature of good-naturedness construct is that it is intradimensionally <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag with the wrong implications of inherently representing the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the registry-worldview/dimension as absolute intrinsic-reality/ontology without any factoring of intrinsic-reality/ontology ontological-normalcy/postconvergence and suprastructural nature as the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework does. This fundamentally explains why all prior/transcended/superseded registry-worldview's/dimension's present-consciousness/illusion-of-the-present/epistemic-totalising~self-referencing-syncretising/mirage are necessarily preconverging-or-dementing–apriorising-psychologism from the mental-devising-representation of the prospective/transcending/superseding registry-worldview/dimension in the requisite 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure exercise that enables the existentialism (full-depth-of-existential-implications) deconstructed/'ontologically-reconstituted' becoming of the

prospective/transcending/superseding registry-worldview/dimension. The bigger insight here has to do with the ontological-normalcy/postconvergence nature of intrinsic-reality. Intrinsic-reality/ontological-veridicality is already given and what is required to access it absolutely is not the notion of 'any hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> initiative/effort' from the reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of a reference/registrying/registry-worldview/dimension that is necessarily sub-par to intrinsic-reality/ontology (this is the central idea that fundamentally explains how perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism arise, due to sub-par reference-of-thought–categorical-imperatives/axioms/registry-teleology in misconstruing ontological-normalcy/postconvergence intrinsic-reality – and so, by slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect, and temporal-enculturation/temporal-endemisation effect); but rather the notion of a 'requisite and grander and grander sense of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework' illuminating reflecting/perspectivating/highlighting (which is 'more or less ontologically-reconstituting/deconstructional', in the sense that in the bigger scheme to absolutely grasp intrinsic-reality/ontology in cumulation/recomposuring from recurrent-utter-institutionalisation-to-deprocrypticism, reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of successive institutional-cumulation/institutional-recomposure are, strictly speaking, of a more-and-more-precise-heuristic-nature in their strive to grasp

intrinsic-reality/ontology as-we-predicate-better-and-more-about-the-world, notwithstanding the fact that a registry-worldview/dimension acts more-or-less-in-abject-trust to its given reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation mainly for the compromising sake of 'effective functioning', and so at one dialectical moment till a better one arises at another dialectical moment, as a transcending/superseding reference/registry/registry-worldview/dimension) that simply 'open-up'/'throw-up'/'reveal' in ontological-normalcy/postconvergence successive existentialisms/full-depths-of-existential-implications of the notion of what is meant by intrinsic-reality; more precisely and effectively, as ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation as (prospective) transdimensional-meaningfulness–

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument or (prospective) existentialism/full-depth-of-existential-implications, i.e. the overall enterprise is about deconstruction/ontological-reconstituting–as-of-conflatedness-towards-intrinsic-reality

wherein existence-defines-essence (along Sartrean existence-precedes-essence or existence-meeting-essence), as it is existentialism which is the 'becoming that defines essence' with 'essence-of-meaningfulness being-veridically-in-ontological-reconstituting–as-of-conflatedness' and not a traditionally naïve 'wrong hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> perception or construct-of-essence-of-meaningfulness-in-an-abstract-classification-scheme-which-is-out-of-existential-contextualising-contiguity' that is usurpable/impostored by mere form. This is the veridical ontological depth of mental-devising-representation/psychological-representation/(recomposured)-consciousness-awareness-teleology informed by the ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. The

institutional-cumulation/institutional-recomposure as specific successive existentialisms/full-depths-of-existential-implications imply their mental-devising-representation in a reflecting/perspectivating/highlighting transdimensional/transcendental dialectics enabled by ontological-dementation/dialectical-dementation–stranding/attributive-dialectics wherein the stranding-dialectics sets prior/transcended/superseded institutional-cumulation/institutional-recomposure as 'dialectically-preconverging-or-dementing–apriorising-psychologism' (mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase) and the prospective/transcending/superseding institutional-cumulation/institutional-recomposure as 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought (mentally-straight/candored-and-dialectically-or-contendingly-in-phase), in their successive existentialisms/full-depths-of-existential-implications ontological-normalcy/postconvergence-or-postdicatory deconstruction/ontological-reconstituting–as-of-conflatedness as dialectical transformation. However from their intradimensional perspectives as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, the preconverging-or-dementing–apriorising-psychologism institutional-cumulation/institutional-recomposure wrongful placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology is a 'syncretising registry-teleology-mentation that articulates the 'intradimensional perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism' successive existentialisms/full-depths-implications disposition' with the false implication of non-transcendability of these respective institutional-cumulation/institutional-recomposure (given their wrong circular-upholding of the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of their same reference-of-thought–

categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, in lieu of upholding as 'ontological-reconstituting–as-of-conflatedness' the prospective ones that should carry the mantle for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; as reflected by the fact that 'any hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> initiative/effort' to grasp intrinsic-reality from the 'failing/not-upholding-<as-of-apriorising/axiomatising/referencing> and ontologically-wrong' reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of a reference/registrying/registry-worldview/dimension is necessarily sub-par to ontological-normalcy/postconvergence intrinsic-reality/ontology, and thus 'dialectically-preconverging-or-dementing–apriorising-psychologism' to enable its prospective superseding/transcending), and this is rightfully transcended/superseded by the 'postconverging-or-dialectical-thinking–apriorising-psychologism'/soundness-or-authenticity-of-reference-of-thought institutional-cumulation/institutional-recomposure by reflecting/perspectivating/highlighting their rightful/veridical 'preconverging-or-dementing–apriorising-psychologism registry-teleology-mentation that articulates transdimensionally successive existentialisms/full-depths-of-existential-implications disposition' with the rightful implication of the transcendability of these respective institutional-cumulation/institutional-recomposure (given the rightful prospective superseding/transcending of their 'failing/not-upholding-<as-of-apriorising/axiomatising/referencing> and ontologically-wrong' reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation; as going by the bigger scheme for absolute grasp of intrinsic-reality/ontology in cumulation/recomposuring from-utter-institutionalisation-to-deprocrypticism, reference-of-thought–categorical-imperatives/axioms/registry-teleology,-

for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of successive institutional-cumulation/institutional-recomposure are, strictly speaking, rather of a more-and-more-precise-heuristic-nature in their strive to grasp intrinsic-reality/ontology as-we-predicate-better-and-more-about-the-world). This 'existentialism/full-depth-of-existential-implications paradox' involving wrongfully intradimensional <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag registry-teleology-mentation and rightfully transdimensional ontological-veridicality rather in an ontological-preconverging-or-dementing–apriorising-psychologism/preconverging-or-dementing–apriorising-psychologism registry-teleology-mentation is critical in understanding how to circumvent temporal-dispositions circumventive/distractive-temporal-prioritisation-of-reference-of-thought/temporal-preservation inclination associated with postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (psychopathy and social psychopathy), in lieu of 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting/intemporal-preservation inclination associated with prelogism. Fundamentally, conjugated-postlogism/preconverging-or-dementing-integration hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> is always based on a wrong <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag registry-teleology-mentation in recurrent in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> as absolving/fleeting/escaping-reflex-logic (psychopath) or hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex

(derived social psychopathy) of hollow narratives, and wrongfully that this is reference-of-thought; and correspondingly, a rightful transdimensional ontological-representation should imply it is a preconverging-or-dementing–apriorising-psychologism registry-teleology placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology 'stranded-as-mentally-oblongated/decandored-and-dialectically-or-contendingly-out-of-phase' and by so doing, to start with, rightfully denying it reference-of-thought which then fundamentally collapses its soundness-or-authenticity-of-reference-of-thought, as the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> postlogism-or-perverted-outcome-sought-precedes-existentially-veridical-logical-dueness preconverging-or-dementing–apriorising-psychologism counts on the natural inclination (as 'prelogism-as-of-conviction-as-to-profound-supererogation re-engaging reflex') of the 'ontologically-reconstituting-or-prelogic-or-logical-process-precedes-outcome-or-conviction-as-to-profound-supererogation mindset/reference-of-thought to reflexively engage contendingly/logically with its hollow narratives, with the grander faulty-mentation-procedure-deception-or-urge not being the hollow narratives per se but in wrongfully implying its veracity/ontological-pertinence as reference-of-thought and implying the falsely apriorising–registry-elements of its implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology; as being an even grander faulty-mentation-procedure-deception-or-urge of a registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>' nature of registry-teleology mental-devising-representation/mentation, that speaks not only to an act defect but a registry-worldview/dimension defect. Thus this insight in transcendental analysis is that by its very nature in that it puts into question ways, assumptions and traditions of thought and practices, the possibility of truly profound insights that go well beyond more or less platitudes and inevitably requires taking stock of the full-

depth-of-existential-implications/existentialism of transcendental-meaningfulness–apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument, given the need to boldly overcome intellectual dead-ends and introduce paradigm shifts often with unconvenient and unpalatable implications to the given registry-worldview/dimension personhoods-and-socialhood-formation. It requires more than just a sense of professional and technical craft but often more critically a profound sense of intemporal/firstnature emanant commitment, an attribute that is by definition of dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection nature and hardly just secondnatured, in thriving for an abstract sense of the intemporal beyond just functioning within the ambits of given reference-of-thought–categorical-imperatives/axioms/registry-teleology with their intemporal preservation limitations as well as their corrupting nature as distractive/circumventive <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag. Within all registry-worldviews as institutional-recomposures/institutional-cumulations, there is a convergence that ensures intemporal-preservation-entropy-or-contiguity–or–ontological-preservation by selecting as appropriate the 'relatively ontologically/intemporally veridical' among myriad possibilities and contradictions of human reference-of-thought and meaningfulness, turning away from human shallow-limited-mentation-capacity/shortness-of-register-of-meaningfulness-and-teleology/temporality-potency/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>(wherein 'ontological/intemporal reference-of-thought and meaningfulness' is wrongly re-conjugated with the temporal-dispositions teleologies/dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-

negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, inducing corresponding denaturing of the 'ontological/intemporal reference-of-thought and meaningfulness' by slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect, and temporal-enculturation/temporal-endemisation effect) towards profound-limited-mentation-capacity/longness-of-register-of-meaningfulness/intemporality-potency/registry-soundness which is behind the generation of 'ontological/intemporal reference-of-thought and meaningfulness' and the institutionalisation/intemporalisation process. This convergent selectivity is perpetually directed by 'the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework' (not to be confused with good-naturedness/impression-drive) towards the validation of intemporality-potency and the dismissal of temporality-potency, and so in dialectical succession of registry-worldviews as the successive/snowballing institutional-recomposures/institutional-cumulations. Thus establishing a human approximating/proxying/aligning relationship with the 'potency of intrinsic-reality/ontological-veridicality (ontological-normalcy) which is a coherent oneness' that can very much be anticipated as ontological-normalcy/postconvergence. In this regard, it should be reiterated that 'registry (categorical-imperatives/axioms/registry-teleology) establishes reference-of-thought, and acts as the basis for and defines the operation of logic or logical processing', and it is notionally all about registry-soundness (reflected as soundness of thought) when we are of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> when we are of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism as with the hollow and formulaic narratives slanted by psychopath and mimicked by temporal-dispositions (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation in postlogism (perverted-outcome-sought-precedes-existentially-veridical-logical-dueness). Unlike the 'notion of agreement-disagreement' dealing with soundness/unsoundness of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation wherein a common apriorising–registry of interlocution is already established, there is no logical-basis for one apriorising–registry disposition as a prospective/superseding/transcending reference-of-thought like a positivistic registry-worldview to convince another apriorising–registry disposition as a prior/superseded/transcended reference-of-thought like a non-positivism/medievalism registry-worldview that it is the former's reference-of-thought that is sound, other than for the fact that its better ontological-primemovers-totalitative-framework will in the middle to long-run be untenable with respect to the latter thus 'collapsing' it; and so reflecting 'Derridean underdetermination-imbued force/violence conception' and 'Foucauldian knowledge/power conception construed as knowledge-empowerment/ignorance-disempowerment' as to mere 'sublimation affirmation/projection/assertion/dueness-validating-logicising/suitablemeasuringinstrument-validating-measuring-<postconverging-or-dialectical-thinking–apriorising-psychologism>' over 'desublimation unaffirmation/deprojection/de-assertion/undueness-invalidating-logicising/unsuitablemeasuringinstrument-invalidating-measuring-<preconverging-or-dementing–apriorising-psychologism>' so-underlining existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation and existence—as-the-absolute-a-priori-

of-conceptualisation. Intradimensionally within a registry-worldview like positivism, this could be construed as there is no basis for a mindset/reference-of-thought advocating for scientific medicine as practised in hospitals to 'logically convince' another mindset/reference-of-thought advocating rather for traditional medicine (involving a mix of herbalism, incantations, spirits, etc.) that the former is more ontologically-veridical on purely logical terms (as the traditional medicine interlocutor operates logic according to the apriorising–registry or reference-of-thought–categorical-imperatives/axioms/registry-teleology behind its traditional medicine meaningful-frame while the scientific medicine interlocutor operates logic according to the apriorising–registry or reference-of-thought–categorical-imperatives/axioms/registry-teleology of a positivistic meaningful-frame), and it is purely the ontological-primemovers-totalitative-framework fact in that by and large more patients survive/get-cured by going to hospitals which then collapses the traditional medicine interlocutor's reference-of-thought in the middle to long-run to impose the scientific medicine interlocutor's reference-of-thought as a common one, and it is only when this common reference arises that the 'notion of agreement-disagreement' with regards to logical processing is now relevant, and it is irrelevant and non-applicable before that. The implication is that a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' as meaning produced apparently with the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' (seemingly of veridical-ontological reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in the various instances) but actually implying 'different relations to an ontologically veridical reference-of-thought', underlined by the disambiguated temporal-to-intemporal-dispositions (aetiological ontological-primemovers-totalitative-framework construct), and so whether with regards to the

epiphenomenon of psychopathy and social psychopathy (or with respect to ontological-veridicality or issues of reference-of-thought and meaningfulness generally):

- As the 'intemporal-disposition' disposition which is prelogism-as-of-conviction-as-to-profound-supererogation-or-existential-contextualising-contiguity with respect to the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' (based on ontologically-veridical reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation since its apriorising–registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology are ontologically-veridical), which are 'ontologically-reconstituted/deconstructed' and hence of sound/veridical reference-of-thought (registry-soundness reflected as soundness-or-authenticity-of-reference-of-thought), and in registry-worldview terms dialectically-in-phase as 'postconverging-or-dialectical-thinking–apriorising-psychologism'.

- As the 'consciously-slanting-(whether-psychopathic-or-other-postlogic)-temporal-disposition' disposition which as of the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism or formulaic-projection/postlogism with respect to the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' (based on ontologically non-veridical reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation since the implied slanting apriorising–registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology are not ontologically-veridical but rather usurping/impostoring), which are 'hollow-constituted' and hence of unsound/non-veridical reference-of-thought (perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and in registry-worldview terms dialectically-out-of-phase/dialectically-primitive as preconverging-or-dementing–apriorising-psychologism.

- As conjugating by interlocutors deriving directly-or-indirectly/unconsciously-or-consciously from the consciously-slanting-as-psychopathic/postlogic-temporal-disposition as 'derived-slanted-ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation' dispositions thus which are parenthetically/incidentally-(by-their-specific-conjugations-to-the-slanting/postlogism) as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as formulaic-projection/postlogism with respect to the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' (as ontologically non-veridical reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation since their slanting/postlogism-induced-and-implied-registry-elements of their respective implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology are not ontologically-veridical), which are 'hollow-constituted' and hence are of unsound/non-veridical reference-of-thought (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>), and in registry-worldview terms dialectically-out-of-phase/dialectically-primitive as preconverging-or-dementing–apriorising-psychologism.

- As in registry-worldview terms, all the temporal-dispositions in their 'dynamic-cumulative-aftereffect of subontologisation' paradoxically define and establish the said registry-worldview's 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation—preconverging/dementing–apriorising-psychologism' (or socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or uninstitutionalised-threshold) as rather hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, and requiring the 'ontological-reconstituting–as-of-conflatedness'/deconstruction of new/prospective 'terms of expressions' (along new/prospective veridical-ontological reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) for new/prospective sound/veridical reference-of-thought (registry-soundness reflected as soundness-or-authenticity-of-reference-of-thought), and in registry-worldview terms dialectically-in-phase as 'postconverging-or-dialectical-thinking–apriorising-psychologism'.

- As 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' implies that ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) being prospective given human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, the prospective registry-worldview in achieving the ontological-prospection 'is ontologically-veridical and thus dialectically-in-phase as postconverging-or-dialectical-thinking–apriorising-psychologism' while the prior registry-worldview inherently failing/not-upholding-<as-of-apriorising/axiomatising/referencing> the ontological-prospection 'becomes non-veridical ontologically and dialectically-out-of-phase as preconverging-or-dementing–apriorising-psychologism', and in the broader sense the projective cumulation/recomposuring of limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-

existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ along such successive dialecticisms of ontological-prospections is what enables the institutionalisation/intemporalisation process by defining human mentation-capacity-limit in a prior reference-of-thought in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (as the new preconverging-or-dementing–apriorising-psychologism), and the prospective/transcending/superseding reference-of-thought that redefines human mentation-capacity-limit by ontologically-reconstituting/deconstruction (as the new 'postconverging-or-dialectical-thinking–apriorising-psychologism'). By 'reflecting a preconverging-or-dementing–apriorising-psychologism placeholder-setup/mental-devising-representation/mentation' so as to point out the registry-defect of intradimensional setting-aside/passing-over/ignoring (which implies from ontological-normalcy/postconvergence insight, the registry-worldview is rather hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> defective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) and so pointing out its notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema>, and in so doing keeping the 'superseding–oneness-of-ontology/ontological-veridicality/ontological-contiguity' by recurrently implying that the profoundness-of-ontology-as-a-oneness lies with the prospective/superseding/transcending reference-of-thought that re-establishes ontological-contiguity/ontological-veridicality by 'ontological-reconstituting–as-of-conflatedness'/deconstruction in upholding the 'postconverging-or-dialectical-thinking–apriorising-psychologism'; the implication is that the successive registry-worldviews as the

institutional-cumulation/institutional-recomposure are a strive for successive better profoundness-of-ontology-as-a-oneness by perpetually undermining hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and upholding ontological-reconstituting–as-of-conflatedness as ontological-normalcy.

- As 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' (seemingly of veridical-ontological reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in the various instances) highlights broadly the socially shared/common reference-of-thought and meaningfulness primarily based on language in reflection of ontological-veridicality/intrinsic-reality, but how with respect to social-stake-contention-or-confliction our temporal-to-intemporal-dispositions/individuations contextually have differing relations to ontologically-veridical reference-of-thought and meaningfulness, notwithstanding the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' and corresponding seemingly common reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, with the 'ontological-reconstituting–as-of-conflatedness'/deconstruction with respect to the ontologically non-veridical hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> leading-to/enabling human registry-worldview's/dimension's institutionalisation/intemporalisation.

- As with regards to psychopathy and social psychopathy, 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' in order to effectively construe ontological-veridicality/ontological-contiguity and disambiguate notional-contiguity/epistemic-contiguity-<mentally-aestheticised~postconverging/dialectical-thinking–qualia-schema> from notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> requires the operational technique

of 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness' *which refers to how on the one hand from a suprastructuring construal-⟨as-of-'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-uninstitutionalised-threshold-self-referencing-and-subtransversality-of—apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-conflatedness-of-veridical-reference-of-thought-as-prospective-institutionalisation/supratransversality—apriorising/axiomatising/referencing'⟩ delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness insight, the psychopath/postlogic-character is contextually in vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging as of in–compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogicly from social occasions and experiences it witnesses, and wrongly reproduces this from a suprastructuring construal-⟨as-of-'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-uninstitutionalised-threshold-self-referencing-and-subtransversality-of—apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-conflatedness-of-veridical-reference-of-thought-as-prospective-institutionalisation/supratransversality—apriorising/axiomatising/referencing'⟩ delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness insight, in postlogic-backtracking-<iterative-looping-'set-

of-dereifying-hollow-narratives-and-acts'> by its slantedness-of-meaningfulness as 'relevant-occasions-of-opportune' (of social-stake-contention-or-confliction) arise on the basis that the 'copied-hollow-form-of-meaningfulness' is mechanically deterministic of others behaviours such that they can so be swayed, and by following a teleological disposition of 'inductive limitation' or 'so-called principles' that are actually fallacious since such arguments cannot truly be of entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness as they require that others do not act likewise as the psychopath/postlogic-character or their implications should be limited to a given target or targets and not be implied as totalisingly-entailing, as the fundamental teleology/purpose for articulating them is not intemporal/not-of-totalising-entailment but speaks more of a temporal motive, and in a further suprastructuring construal-⟨as-of-'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-uninstitutionalised-threshold-self-referencing-and-subtransversality-of—apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-conflatedness-of-veridical-reference-of-thought-as-prospective-institutionalisation/supratransversality—apriorising/axiomatising/referencing'⟩ delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness insight, on the other hand how circumstantially it's interlocutors unconsciously-or-consciously/wittingly-or-unwittingly by temporal-accommodation-or-interest seemingly in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly alignment (as conjoining) to this formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogic meaningfulness, and so recurrently in conjoining-looping-set-of-narratives to the

psychopathic/postlogic-character slantedness-of-meaningfulness postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>; wherein this rather requires from an ontological/intemporal perspective of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism reflection of both the (postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>) psychopathic/postlogic-character and by extension the (conjoining-looping-set-of-narratives) interlocutors, and thus as dialectically-out-of-phase/dialectically-primitive, that is, as they are involved in the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic-meaningfulness or procrypticism, and beyond just procrypticism, with regards to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of all institutional-cumulation/institutional-recomposure in all registry-worldviews (given that postlogism as perverted-outcome-sought-precedes-existentially-veridical-logical-dueness is behind all registry-worldviews/dimensions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s whether instigated from a physiological condition or not). This 'postlogic denaturing of temporal-dispositions individuations ontological-performance-<including-virtue-as-ontology> as conjugated-postlogism' is so-inherently linked with the registry-worldview uninstitutionalised-thresholds associated with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–in-recurrent-utter-uninstitutionalisation, perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-base-institutionalisation or ununiversalisation, perversion-of-

reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-universalisation or non-positivism/medievalism, and perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-positivism or procrypticism, and so going by the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of their respective meaningfulness and corresponding reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in accordance with human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. Without the operational technique of 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness', the psychopathic/postlogic-character and its interlocutors will, going by the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex or prelogic-reflex-admittance-reflex or in-phase-reflex, be engaged/related-to wrongly as being in ontological-contiguity/ontological-veridicality instead of being of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (perversion of reference-of-thought/meaningful-reference/anchoring-of-meaning/registry-worldview), as they are emphasising the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' without reference to existential reality whereas such a 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-

<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness' operant technique reflects/perspectivates those 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' wrongly emphasised with reference to existential reality (as suprastructuring construal-⟨as-of-'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-uninstitutionalised-threshold-self-referencing-and-subtransversality-of—apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-conflatedness-of-veridical-reference-of-thought-as-prospective-institutionalisation/supratransversality—apriorising/axiomatising/referencing'⟩ delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness insight of meaningfulness) and so establishing their notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> or ontological-non-veridicality. This technique is a proof of the Sartrean notion of 'existence-preceding-essence' or the Derridean notion of 'there is nothing outside the text' (with the text, from an overall insight of presence and absence metaphysics, rather construable as ontological meaningfulness, with the implication that there is no meaningfulness that is not in ontological-veridicality/ontological-contiguity, or by the Sartrean argument, there is no essence-of-meaningfulness outside existential contextualisation of meaningfulness); as the wrong notion of 'non-existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology' or mere form state of essence-of-meaningfulness' (in the case where essence-of-meaningfulness is considered as definitely/absolutely given by the mere form of reference-of-thought–categorical-

imperatives/axioms/registry-teleology without considering whether these are in intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in the very first place) is the basis of psychopathic/postlogic-character and their interlocutors (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (to the reference-of-thought–categorical-imperatives/axioms/registry-teleology but failing/not-upholding-<as-of-apriorising/axiomatising/referencing> to uphold intemporal-preservation/entropy/contiguity) by vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging and implying wrongly they are in a state of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (be it implied bad or good supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism, to falsely initiate the 'implicitation-of-notion-of-agreement-or-disagreement' as logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation issue rather than the more profound issue of perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) in lieu of their true veridical state of being in a state of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (which speaks of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with the corresponding need rather for a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology'), and thus wrongly eliciting that they are in a state of 'postconverging-or-dialectical-thinking–apriorising-psychologism' whereas in veridicality they are in a state of preconverging-or-dementing–

apriorising-psychologism and thus dialectically-out-of-phase, wherein as well, the right notion of suprastructuring construal-⟨as-of-'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-uninstitutionalised-threshold-self-referencing-and-subtransversality-of—apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-conflatedness-of-veridical-reference-of-thought-as-prospective-institutionalisation/supratransversality—apriorising/axiomatising/referencing'⟩ delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness insight of essence-of-meaningfulness (as existence-precedes/defines-essence, based on contextualising insight from the precedence of existence as becoming) re-establishes the requisite ontologically-veridical contextualisation of essence-of-meaningfulness by 'ontologically-reconstituting'/deconstruction of reference-of-thought and meaningfulness that is veridically supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism since it sticks to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation by overriding the prior reference-of-thought–categorical-imperatives/axioms/registry-teleology that is failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with new/prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology to uphold intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and hence implying a state of postconverging-or-dialectical-thinking–apriorising-psychologism that is dialectically-in-phase. Hence the 'expression of reference-of-thought and meaningfulness in suprastructuring construal as of 'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-to-

uninstitutionalised-threshold-self-referencing-and-subtransversality-of—
apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-
conflatedness-of-veridical-reference-of-thought-as-prospective-
institutionalisation/supratransversality—apriorising/axiomatising/referencing'   delineating
existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-
contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-
relative-ontological-completeness insight' as allowed by the technique of the 'Différance-
existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-
<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-
supererogation>,–of-meaningfulness' enables the disambiguation of the appropriateness of
reference-of-thought/apriorising–registry-wordview   into   the   shortnesses-of-register-of-
meaningfulness/temporal-dispositions   and   longness-of-register-of-
meaningfulness/intemporal-disposition; as the suprastructuring construal-⟨as-of-'perversion-
and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-
nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-
uninstitutionalised-threshold-self-referencing-and-subtransversality-of—
apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-
conflatedness-of-veridical-reference-of-thought-as-prospective-
institutionalisation/supratransversality—apriorising/axiomatising/referencing'⟩   delineating
existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-
contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-
relative-ontological-completeness insight of essence-of-meaningfulness keeps/upholds the
'superseding–oneness-of-ontology' in ontological-contiguity/ontological-veridicality and
consequently is 'postconverging-or-dialectical-thinking–apriorising-psychologism' unlike a
'static or abstract unsound/virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-

and-shallow-and-non-veridical-existential-reference state of essence-of-meaningfulness',
which doesn't keep/uphold the 'superseding–oneness-of-ontology' existentially and thus is of
notional-discontiguity/epistemic-discontiguity-<mentally-
aestheticised~preconverging/dementing–qualia-schema> and consequently is preconverging-
or-dementing–apriorising-psychologism. This latter point can be seen in context in the
example priorly highlighted at the beginning:

For instance, if an adult psychopath were to meet a stranger and spoke to him about another
stranger whom it knows nothing about, saying logically that it is a bad thing for this guy to be
molesting children, etc. The logical operation is entirely right in abstract terms but does the
apriorising–registry apply? I.e. The faulty-mentation-procedure-deception-or-urge is not with
regards to the logic (which is technically true) but with the 'implied' denaturing of the
elements of the apriorising–registry as of reference-of-thought–categorical-
imperatives/axioms/registry-teleology (by simply implying their 'static or abstract non-
veridical/vacuous state of essence-of-meaningfulness' over suprastructuring construal-⟨as-of-
'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-
nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-
uninstitutionalised-threshold-self-referencing-and-subtransversality-of—
apriorising/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-
conflatedness-of-veridical-reference-of-thought-as-prospective-
institutionalisation/supratransversality—apriorising/axiomatising/referencing'⟩ delineating
existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-
contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-
relative-ontological-completeness insight of essence-of-meaningfulness) which are: implied-
logical-dueness-or-implied-scape (the implied-logical-dueness-or-implied-scape doesn't exist
since the psychopath doesn't know the guy), implied-profile (the psychopath is projecting a

false representation of itself and the situation), implied-presumptuousness-or-implied-arrogation (the psychopath has no stature to talk about the guy he doesn't know), implied-assumptions (the assumptions implying the psychopath's relationship with the guy and the guy's relationship with children doesn't exist), implied-value-reference (the psychopath's elicitation of a sense of value reference in the interlocutor is unfounded and ridiculous) and implied-teleology (the psychopath's articulation of a sense of purpose on its interlocutor about the guy is hollow mimicking). Finally, the psychopath has articulated a lot of faulty-mentation-procedure-deception-or-urge but none to do with logic, but everything to do with the denaturing of registry/axiom/categorical-imperatives or the psychopath's unsoundness-or-inauthenticity-of-reference-of-thought! So with the psychopath, you don't watch the logic, you watch out for the apriorising–registry for mental-perversion or the psychopath's unsoundness-or-inauthenticity-of-reference-of-thought! Not only that, it is important to note that this unsoundness-or-inauthenticity-of-reference-of-thought do protract and an ignorant prelogism-as-of-conviction-as-to-profound-supererogation mind acting prelogicly (existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at) on such postlogic (outcome precedes logical process) non-veridical hollow mimicking narratives is 'technically psychopathic as well' as they are in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex to the psychopath's postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>. This is known as postlogism or preconverging-or-dementing-integration or compulsive-slanting—preconverging-or-dementing-apriorising or conjugated-postlogism (whether conjugated to in ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation), which is to be construed by 'distractive-alignment-to-reference-of-thought and once it is induced by

ignorance it leads to an undermining of 'deductive social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ which protects the internal-coherence of meaning for virtue' and so by way of the 'induced-ring-of-gyges-effect/solipsistic–point-of-temporal-thresholding/point-of-ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' at 'uninstitutionalised-threshold' of registry-worldviews, with subsequent conjugating ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, the conjugated-postlogism/preconverging-or-dementing-integration is derived from the psychopath's initiated postlogism in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and goes on to lead to social psychopathy; more like a dumb-and-dumb/miscuing degeneration effect.

The insight here is that without having at hand a 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness' technique which is able to disambiguate the underlying existential reality of the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' with regards to the various interlocutors, whether unsoundness-or-inauthenticity-of-reference-of-thought and preconverging-or-dementing–apriorising-psychologism as slanted/psychopathic/postlogic interlocutor as well as the various (conjugated-postlogism) temporal-dispositions as derived-slanted ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation interlocutors or soundness-or-authenticity-of-reference-of-thought and 'postconverging-or-dialectical-thinking–apriorising-psychologism' intemporal-disposition

interlocutor, the natural human reflex when a contestation arises is to be supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at (without putting into question in the very first place the veridical state of the various interlocutors registry/registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology with respect to contestation, and by foregoing this it wrongly attributes the implied essence-of-meaningfulness without the insight of existential-contextualisation by simply and wrongly implying that everybody must be of intemporal-disposition and voiding the notion of disambiguating-and-establishing the existential-contextualisation of the-various-characters-states-of-minds/the-various-characters-registries with respect to ontological/intemporal meaningfulness in establishing veridicality in the very first place (whether of temporal-dispositions (conjugated-postlogism), intemporal-dispositions or postlogism compulsive-slanting—preconverging-or-dementing-apriorising), hence wrongly turning the analysis into a logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation issue, rather than an analysis of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in the very first place, as a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology'. So without existential-contextualisation, the hollow forms of the essence-of-meaningfulness are available for arrogation/impostoring by slanted/postlogic as of preconverging-or-dementing–apriorising-psychologism and in protraction/conjugation by the temporal-dispositions (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>).

- As previously explained, it is important to grasp that temporal-to-intemporal individuations dispositions are within the receptacles that are individuals, and hence there is no contradiction

in saying that all individuals potentially have both the intemporal-disposition and temporal-dispositions, with the major existential/contextual difference among individuals with regards to the existential/contextual inclination to preserve-intemporality or fail-intemporality/temporality as social-stake-contention-or-confliction arise varying with regards to the implications of graver and graver temporal consequences (wherein as an archetype elucidation for instance, Socrates or Galileo will strive to keep on preserving intemporality/longness even when the conventional social-stake-contention-or-confliction threaten as they view the perpetuation of the ideas and principles they stood for were more critical for human posterity, but again 'a sense of intemporality' may vary from an intellectual nature where for instance an ordinary person may spontaneously save from drowning or defend another or others at risk to themselves, etc., implying that individuals 'solipsistic or secondnatured philosophies' with respect to the acuteness of social-stake-contention-or-confliction is more critical in determining their dispositions to preserve-intemporality or fail-intemporality/temporality); thus explaining a same notional and contiguous conceptualisation (rather as a variation of degree and not different notions) construed as temporal-to-intemporal-dispositions as shortness-of-register-of-meaningfulness-and-teleology to longness-of-register-of-meaningfulness-and-teleology, and equally explaining why institutionalisation/intemporalisation is possible, as the framework/social-construct wherein social-stake-contention-or-confliction arise can be construed/designed to skew ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) towards and encourage the intemporal-disposition to preserve-intemporality over failing-intemporality/temporal-dispositions of postlogism-slantedness (postlogism-as-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–instigation-at-a-given-registry-worldview/dimension, that is instigative to

the turning of the prospective 'temporal defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance into registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>), and its subsequent conjugation with ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation. Critically, this accounts for how individuals arrive at their various teleologies/finalities of the intemporal-disposition as 'logically sound acts' or temporal-dispositions as 'logically unsound acts' or defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance (in the latter case, which are more or less incidental and salvable as just contingent). Further in a 'dynamic-cumulative-aftereffect of subontologisation' induced when such defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance conjugate to (psychopath or other character) instigated postlogism as perverted-outcome-sought-precedes-existentially-veridical-logical-dueness (a mental-disposition that from its instigation 'gives-up on ontological-veridicality/ontological-contiguity' not only in terms–as-of-axiomatic-construct of failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-normalcy/postconvergence which always factor in human limited-mentation-capacity-deepening-⟨<a̶m̶p̶l̶i̶t̶u̶d̶i̶n̶g̶/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ by a re-equilibrating metaphysics-of-absence/postdication but is not even

predisposed/inclined to an ontologically veridical reference-of-thought to meaningfulness but rather relating to meaning as a hollow-form which determines how others act, so-long-as/to-the-limit-that the postlogic character can remain as of the socially-functional-and-accordant in so doing) inducing in turn temporal-dispositions conjugated-postlogic mental-dispositions (whether unconsciously or consciously, when aligning in-conviction-as-to-profound-supererogation to the postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation) conjugating with ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation and leading to their registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>, because the temporal-dispositions-so-conjugated-to-postlogism are now 'acting-recurrently-in-temporal-preservation, no-longer-as-contingent (defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation), while wrongly implying (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) they are ontologically-veridical or in intemporal-preservation' in their state of conjugated-postlogism. By 'dynamic-cumulative-aftereffect of subontologisation' this defines the given registry-worldview's 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (uninstitutionalised-threshold or socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), and thus it is dialectically-out-of-phase/dialectically-primitive. It is the exercise of: temporal-dispositions 'acting-recurrently-in-temporal-preservation, and-not-as-contingent (defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation), while wrongly implying (beyond-the-consciousness-

awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) they are ontologically-veridical or in intemporal-preservation' in rather hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> conjugated-postlogism (as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) that is behind all the dialectical-out-of-phases/dialectical-primitivities registry-worldviews as recurrency-of-utter-uninstitutionalisation (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in recurrent-utter-uninstitutionalisation), ununversalisation (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of base-institutionalisation), non-positivism/medievalism (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of universalisation), and procrypticism (perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivism)'. This reflects human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor whereby ontologically speaking, temporal-dispositions are hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (as they are 'postlogicly-conjugated to the respective registry-worldviews/dimensions prelogic meaningfulness', and thus in perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>) thus endemising/enculturating at the respective registry-worldviews 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'(uninstitutionalised-threshold or

socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) the (postlogic) perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s, which are the respective dialectically-out-of-phase/dialectically-primitive registry-worldviews as recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism. That said in all the registry-worldviews, ontological-primemovers-totalitative-framework (as a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology') and percolation-channelling from human intemporal-disposition solipsism-of-thought (hence abjectly ontologising and rather acting-in-intemporal-preservation, whatever the circumstance) induces in the middle to long run the requisite positive-opportunism untenability/internal-contradiction/internal-incoherence/institutional-constraining that dislodges the preconverging-or-dementing–apriorising-psychologism meaningfulness and induce prospective/transcending/superseding institutionalisation/intemporalisation as 'postconverging-or-dialectical-thinking–apriorising-psychologism' meaningfulness as base-institutionalisation, universalisation, positivism and prospectively deprocrypticism registry-worldviews. Without this institutionalisation/intemporalisation 'constraining', there isn't really any temporal intradimensional compunction or insight to cease 'acting-recurrently-in-temporal-preservation, and-not-as-contingent (defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance),
while wrongly implying (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) they are ontologically-veridical or in intemporal'. This latter point is critical as it highlights that at the 'threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism', there isn't any logical-basis of convincing but for the better ontological-primemovers-totalitative-framework of a prospective reference-of-thought/prospective-registry-worldview established in the middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics, which then voids the prior reference-of-thought–categorical-imperatives/axioms/registry-teleology as 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. In many ways issues of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> are rather with respect to 'a-country-of-the-blind-scenario', so to speak; wherein perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> necessarily imply a dialectical situation between two ontological-references with the one being prior/transcended/superseded and the other prospective/transcending/superseding. It is important to grasp that going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, the ontological-contiguity—of-the-human-institutionalisation-process where this is skewed ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) by deferential-formalisation-transference towards the intemporal (intemporalisation) is actually an artifice (artificial conceptualisation) that is habituated for its relative positive-opportunism with regards to the cross-section of human interest in the middle to long run construed as of ontological-dementation/dialectical-dementation–

stranding/attributive-dialectics. However, no institutionalisation construct, going by its implied transcendence alienating 'present as prior/transcended/superseded ontological-reference conceptualisation' for 'future as prospective/transcending/superseding ontological-reference conceptualisation', has ever been acquiesced to socially without resistance even in instance induced by diffusion involving the power dominance of one cultural entity over another, with such resistance being at least in the short-term of a covert nature and of a <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag nature as well. Resistance is even stronger where transcendental institutionalisation is implied within a same cultural entity. Thus it might just be the case that the more or less itinerating clanic or tribal groups of early humans were the perfect model for a sort of complementary diffusion of transcendentalism that quickly enabled a hominid to achieve the core assets for its perpetuation of civilisation as complex meaningfulness enabled by language and culture. Insightfully as well the possibility of positivism/rational-realism arising in Western Europe was greater by this same mechanism of complementary diffusion of transcendentalism given the mutually feeding diffusionary dynamics across the constitutive feudal entities of Medieval Europe sharing a common referent Judaeo-Christian worldview of a 'relatively weak dogmatism'; and this can be contrasted during or just before the same period with the hegemonic or near-hegemonic governance of China and of the Islamic world ultimately stifling their nascent positivistic inclinations involving the stifling of a potential Chinese age of voyage and trading as it turned inward or the stifling of Islamic learning and science respectively. Equally, anthropological examination of various cultural groups shows that human progress is not a given and that if the appropriate conditions are not satisfied there is nothing that says a given society will fulfil its potential for prospective transcendence, and this author thinks that applies to us as of the positivism–procrypticism registry-worldview as we are not beyond

ontological-veridicality/intrinsic-reality by mere vague egotistic/self-referential complex but rather as of a lucid contemplation and subjection to insight about prospective ontological-veridicality/intrinsic-reality axiomatic-construal, in much the same way positivism institutionalisation transcendence came about. The bigger point here is that while within 'institutionalised constructs', there is more or less summative perception of social-functioning-and-accordance—as-of-social-stake-contention-or-confliction on the basis of common/same/shared registry-worldview reference-of-thought priorly institutionalised by prospective-institutionalisation/intemporalisation-as-transcendence, however, at uninstitutionalised-threshold, we should be expecting nothing less than the 'normal' human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, and so at the threshold between recurrent-utter-uninstitutionalisation and base-institutionalisation, universalisation and ununiversalisation, non-positivism/medievalism and positivism, and prospectively procrypticism and deprocrypticism. The implication is that naturally all prospective institutionalisations by their implied transcendence are 'antagonistic by inducing contrariety in the temporal sense' even though we'll appreciate that their intemporal valor is inestimable (at least when we are looking retrospectively in appreciating that a positivistic outlook should supersede a non-positivism/medievalism outlook, and in the case where we are not uninhibited/decomplexified to equally construe that prospectively as a deprocrypticism outlook should supersede a procrypticism outlook). This insight equally highlights that institutionalisation/intemporalisation is implied with regards to human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, and is critical for would-be emancipation-inducing intemporal individuations in grasping the whys and hows of

social reaction to transcendental conceptualisation going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, how temporal 'resistance' is superseded, the mechanism of percolation-channelling and how transcendental ideas are taken up over time and induce untenability/internal-contradiction/internal-incoherence/institutional-constraining and positive-opportunism in the short run and secondnaturing in the middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. The fact is that while the social-construct is by and large a conceptualisation that determines individuals possibilities, the reality is equally that the social-construct does has 'powerful channels' that enable individuals to drastically redefined what is the social. The individual, it is often ignored, is an abstract-atomic-social-construct, as in the individual is priorly implied in the social, beyond just in terms–as-of-axiomatic-construct of social aggregation in implying a meaningfulness and value-reference construct relationship to the abstract summative social. Such insight on the nature of human transcendence will certainly highlight why the Encyclopédistes coordinated by Diderot played a relevant role in inducing a domino effect contributing in transforming medieval European societies mindsets into a positive worldview by cynically putting together all the positive knowledge they could muster and disseminating it throughout Europe, and so over the forces of obscurity of the days who understood the implications of such a venture. The fact here as well as with all issues of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (by the prior relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, say of a medieval mindset/reference-of-thought with respect to a prospective positivistic mindset, as implied by ontological-normalcy), is that there was obviously no mutually common/same reference-of-thought between the Encyclopédistes as positivists and many in the medieval establishment as non-positivists for any mutually intelligible logical exercise. But rather it was a case of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing wherein the ontological-primemovers-totalitative-framework of positivistic meaningfulness over non-positivism/medievalism ontologically imposed the positivistic reference-of-thought, as the former elicits untenability/internal-contradiction/internal-incoherence/institutional-constraining in the latter as well as its relative positive-opportunism from its relative ontological effectiveeness such that it ends up being secondnatured further by percolation-channelling. Insightfully, in an intellectual conceptualisation exercise which, though conceptually contiguous, and while not necessarily implying similar dramatisation, in addition to its relatively diffuse implications in the sense of the contention being rather about human-mentation-capacity-furtherance and the fact that as a latter institutionalisation it is apparently less dramatic, at least as of its apparent negative social consequence given it is so focussed on human individuations as atomic-level point-of-departure of transformation but rather finding its radicalness more in the boldly implied décomplexing/uninhibitedness (suprastructuring/metaphysics-of-absence) emancipation of the positive/procryptic human, and as with all other institutionalisations, it is thus not an issue that deprocrypticism meets in the short-term and temporary with 'resistance' or rather criticism (possibly by and large more in terms–as-of-axiomatic-construct of intellectual agreement/disagreement, as obviously every notion seriously contemplated about is); such

that focus should be relatively more about construing veracity/ontological-pertinence and percolation-channelling thereof, as an objectively engaged intellectual/emancipatory exercise.
- As the above circularity/recurrence/repetition/repeatability (of temporal-dispositions acting-recurrently-in-temporal-preservation …) is the basis for the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> reflected/perspectivated as the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> <~~amplituding~~/formative>wooden-language-(imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>) of a given dialectically-out-of-phase/dialectically-primitive registry-worldview in its 'dynamic-cumulative-aftereffect of subontologisation' as the subontologisation (in-a-social-dynamism-of-meaningfulness-misappropriation) by slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect; superseded/resolved not by logical-processing but as apriorising–registry (reference-of-thought) perversion, by the ontological-primemovers-totalitative-framework of the prospective apriorising–registry as it elicits by its positive-opportunism its untenability/internal-contradiction/internal-incoherence/institutional-constraining with respect to the prior one, going by ontological-normalcy/postconvergence. This articulation of the 'given dialectically-out-of-phase/dialectically-primitive registry-worldview as a 'dynamic-cumulative-aftereffect of subontologisation'' can be construed going by an ontologically-veridical insight from a 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness'

technique which allows essence-of-meaningfulness to be seen for what it really is as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness-and-contextualisation, as can be understood insightfully by the notion of 'existence defining/preceding essence', as existential reality sets up the veridical contextualisation of analysis that is preemptive of a hollow-form/postlogic arrogation/impostoring with respect to the 'essence-of-meaningfulness as of intemporal-preservation'), and this as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology wherein temporal-dispositions acting-recurrently-in-temporal-preservation speaks of a relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, in need for ontological-normalcy/postconvergence epistemic/notional~projective-perspective prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. This is the reason why the registries of the dialectically/contendingly-out-of-phase prior/transcended/superseded registry-worldviews/dimensions of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism (the-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-our-positivism-construed-from-a-prospective-reference-of-

thought-as-deprocrypticism) are correspondingly represented with their own 'specific and peculiar unsoundness-or-inauthenticity-of-reference-of-thought' <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩, in reflection/perspectivation of their specific and peculiar registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> as effectively preconverging-or-dementing–apriorising-psychologism as reflected/perspectivated from the standpoint of the placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of their corresponding prospective dialectically-in-phase as postconverging-or-dialectical-thinking–apriorising-psychologism prospective/transcending/superseding registry-worldviews/dimensions of base-institutionalisation, universalisation, positivism and prospectively deprocrypticism. It is critical to note that generally the distortion of ontologically-veridical-meaningfulness from postlogism and conjugated-postlogism/preconverging-or-dementing-integration leading to temporal-preservation-as-pseudointemporality-preservation occurs at the three levels of contextualisation as individuation, intradimensional and transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness conceptualisations; contextually it explains incidental occasions of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, registry-worldview-wise/dimension-wise postlogic instigation of temporal-preservation-as-pseudointemporality-preservation (in self-reference-syncretising) explains relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-

supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, intradimensionally and need for prospective institutionalisation to resolve the given relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, with respect to ontological-normalcy, and transcendentally/transdimensionally/interdimensionally this further explains ontological-normalcy as being about representing successive institutional-cumulation/institutional-recomposure as of 'diminishing–human-epistemic-abnormalcy/diminishing–preconvergence' so that the perspective is one of 'abnormalcy', such that the mindset/reference-of-thought in no institutionalisation including ours/positivistic should be 'so-complexed' as to wrongly imply a perspective of 'its ontological-normalcy' to be then defining itself as prospectively non-transcendable/unsupersedeable at its uninstitutionalised-threshold, thus being falsely 'dialectically-undementable/dialectically-unprimitivable and dialectically-un-out-of-phaseable' while intuitively it appreciates that prior registry-worldviews had been thus-construed in succession to deliver its own; thus speaking of an 'ontological-bad-faith' for the prospective possibilities of the future.

- As it is important to grasp that the postlogic/psychopathic characters instigation of conjugated-postlogism/preconverging-or-dementing-integration in the other temporal-dispositions doesn't mean postlogism characters are the causation of the 'dynamic-cumulative-aftereffect of subontologisation' that induces the placeholder-setup/mental-

devising-representation/mentation/consciousness-awareness-teleology of a dialectically-out-of-phase/dialectically-primitive registry-worldview as preconverging-or-dementing–apriorising-psychologism. Rather, from ontological-normalcy/postconvergence insight, this points to human limited-mentation-capacity-deepening-⟨<s>amplituding</s>/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ at that registry-worldview/dimension-level or registry-worldview/dimension as the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (or uninstitutionalised-threshold or socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), which is 'in wait' to be revealed by the registry-worldview's/dimension's corresponding postlogism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> instigation at that registry-worldview/dimension-level or registry-worldview/dimension. For instance, the corresponding postlogism as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> instigation in non-positivism/medievalism instigating say of notions of sorcery and accusations of the type while effective in inducing perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in a non-positivism/medievalism setup will not be effective in a positivistic social-setup, as the non-positivism/medievalism condition of being superstitious and non-empirical is by itself a condition 'in wait' for accusations and notions of sorcery to arise and be endemised/enculturated. Likewise, from ontological-normalcy/postconvergence insight, with regards to our positivistic registry-worldview reflected/perspectivated as being dialectically-out-of-phase/dialectically-primitive as procrypticism at its human limited-mentation-

capacity-deepening-⟨<s>amplituding</s>/formative⟩epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ registry-worldview/dimension-level as the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, our condition of not being in ontological-contiguity, 'not-reflecting-absolute-ontological-pertinence', as being involved with 'incrementalism-in-relative-ontological-incompleteness <s>amplituding</s>/formative⟩wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩'/temporal-accommodation as well as our peculiar conjugated-postlogism/preconverging-or-dementing-integration as psychopathy-and-social-psychopathy (that is, the conjugating of the temporal-dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation to the postlogism-slantedness associated with psychopathy and social psychopathy) specifically in the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ of the positivism registry-worldview's permeating on occasion its formalities, rather than maximalising-recomposuring-for-relative-ontological-completeness where the veridical ontological-reference is an 'abstract-sense-of-adherence-to-intrinsic-reality' as validated by the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework/understanding/knowledge-driven, and not impression-driven/good-naturedness/wishfulness meaningfulness associated with the 'incrementalism-in-relative-ontological-incompleteness <s>amplituding</s>/formative⟩wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-

prospective-apriorising-implications>〉' that 'tends to reference/accommodate/orientate for a disposition to rather seek other humans 'temporal-validation' as rather 'angling for the summative human mental-disposition' with respect to social-stake-contention-or-confliction as 'extrinsic-attribution' over a 'validation by inherent-veridicality/intrinsic-reality' of meaningfulness as 'intrinsic-attribution' leading to social-and-temporal-trading, and so whether consciously-or-unconsciously/wittingly-or-unwittingly', and thus inducing notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> speaking of epistemic-decadence (postlogism). Insightfully again, going by the first example, it might (wrongly) be argued, by human 'temporal extricatory paradigm', that notions-and-accusations-of-sorcery in a non-positivism/medievalism setup should imply that any such accused should equally 'make-up' accusations in their own defence to neutralise and possibly defend their own interests. But such a stance is a temporal extricatory paradigm that faces human temporality/shortness with human temporality. Intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm will garner the insight that humanity-at-large at all such non-positivism/medievalism setups is rather in need (as the resolution) of a renewed institutionalisation prospectively as the positivistic registry-worldview based on rational-empiricism as the paradigm for superseding the vices-and-impediments that the enculturation/endemisation of the notions-and-accusations-of-sorcery speak of inherently, together with the social-structural implications and derivations arising, with regards to the non-positivism/medievalism registry-worldview. The vocation of the intemporal-disposition (intemporality/ontological-construct/longness-of-register-of-meaningfulness-and-teleology) is not-to-come-to-and-construe meaningfulness-and-teleology at a same pedestal as a temporal-dispositions extricatory paradigms, and this invariably means that its on-occasion/incidental insight about temporal-dispositions defects (temporality) is 'necessarily

escalated ontologically at a humanity-at-large scale of ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity'.

This construal is what enables ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) or ontological-normalcy/postconvergence, and its ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity on human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor across all the registry-worldviews whether retrospective, present or prospective. In other words, inherent human ontologising-deficiency as implied by ontological-normalcy/postconvergence due to human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ is the inherent reason why humankind has to 'make-up-for' (by projection as 'ontological-reconstituting–as-of-conflatedness'/deconstruction) its ontologising-deficiency by renewing its reference-of-thought/implied-registry-worldview in successions as transcendences involving a 'placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology dialecticism' ('ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought') that involves prospective/transcending/superseding registry-worldview as 'postconverging-or-dialectical-thinking–apriorising-psychologism' which is dialectically-in-phase over prior/transcended/superseded registry-worldview as preconverging-or-dementing–apriorising-psychologism which is dialectically-out-of-phase/dialectically-primitive. With the various registry-worldview/dimensions postlogisms/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness-or-perverted-outcome-sought-precedes-existentially-

veridical-logical-duenessal-operation perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s (whether instigating from physiological or enculturated basis) being incidental phenomena (associated with human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor) emphasising the more fundamental issue of the dialecticism implicited in human transcendence, and with this dialecticism being the 'suprastructural insight' that informs the veracity/ontological-pertinence and handling of all issues of ontological-or-existential-defect/registry-defect/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>/transcendental-dialecticism going by a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology'. This differs from issues in relation with existentially veridical logical-dueness and from thence enabling the construing of relevant soundness or unsoundness of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation that 'comes only after the notion of a sound reference-of-thought is established in the first place' and are intradimensional, and doesn't put-into-question/imply the soundness/unsoundness of registry/axioms/ontological-reference/contending-reference/meaningful-reference/anchoring-of-meaning/soundness-or-authenticity-of-reference-of-thought-or-soundness-of-mind/registry-worldview, and furthermore are grounded on a same/common reference-of-thought/implied-registry-worldview. Thus if strictly speaking a postlogism phenomenon (perverted-outcome-sought-precedes-existentially-veridical-logical-dueness) like a psychopathic disposition is not the causation of a reference-of-thought perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, then what is its relevance and pertinence? The fact is with or

2386

without postlogism including psychopathic individuations, human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ warrants that our temporal-dispositions will nonetheless still fail the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at the registry-worldview/dimension uninstitutionalised-threshold that correspondingly mark the successive uninstitutionalised-threshold states of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism, just by the mere fact of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, (ontological-completeness-of-reference-of-thought involving institutionalising, universalising, positivising and deprocrypticising, with deprocrypticism 'conceptually' marking ontological-completeness as it subsumes-as-supplant-⟨as-of-the-more-profound-construal-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context⟩ all the rest). The critical thing however is that at these uninstitutionalised thresholds, without the postlogic effects including psychopathic, the corresponding requisite human transcendences will be more straightforward, direct and definite from the prior preconverging-or-dementing–apriorising-psychologism to the prospective 'postconverging-or-dialectical-thinking–apriorising-psychologism' as temporal-dispositions are less predisposed to temporal-preservation-as-pseudointemporality-preservation once social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩

of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or registry-worldview-perversion is established together with the untenability/internal-contradiction/internal-incoherence/institutional-constraining of that perversion, thus facilitating the referencing/registering/decisioning or stranding of the implied dialecticism in the social-psyche/collective-consciousness of what is effectively 'postconverging-or-dialectical-thinking–apriorising-psychologism' and what is preconverging-or-dementing–apriorising-psychologism, with the latter being alienated in the operation of meaningfulness as the new institutionalisation is established. This straightforwardness, directness and definitiveness is fundamentally undermined by the iterability/iteration nature (of ontologically-veridical-meaningfulness-and-ontological-reference) induced by the postlogic hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> distorting effect including psychopathic which renders establishing social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or registry-worldview-perversion together with the untenability/internal-contradiction/internal-incoherence/institutional-constraining of such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with respect to other temporal-dispositions rather obscure, and further so as conjugated-postlogism mental-dispositions equally assume a distortional purposefulness with respect to ontologically-veridical-meaningfulness of their own. Postlogicly perverted/distorted induced iterability with regards to ontologically-veridical-meaningfulness-and-ontological-reference (as denaturing the apriorising–registry-elements as

implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology) takes the form of 'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase, absolving/fleeting/escaping-reflex-logic and extrinsic-attribution with respect to successive sets of interlocutors, and as conjugated-postlogism mental-dispositions equally assume a purposefulness of their own (that must be factored-in when analysing psychopathic/postlogic and social-psychopathic situations). This in turn induces 'conjoining looping narratives of flawed-existential-elevation-of-reference-of-thought' as conjugated-postlogism/preconverging-or-dementing-integration-of-temporal-dispositions in a 'dynamic-cumulative-aftereffect of subontologisation' (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect). Thus strengthening the temporality/shortness preservation dispositions of temporal-dispositions as the mere dynamism of the conjugating state of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s takes a turn into registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> when these become temporally-preservational-as-pseudointemporality-preservation as of the circularity/recurrence/repetition/repeatability delineating existential-

transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology in a 'dynamic-cumulative-aftereffect of subontologisation' (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect), thus defining the 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (as the uninstitutionalised-threshold) as 'a-perpetuated-state-in-iterability/iteration' until the point where social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ and untenability/internal-contradiction/internal-incoherence/institutional-constraining are decisive enough to instigate prospective institutionalisation as transcendence, breaking the temporal-dispositions acts-execution/logical-processing defects that had become registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> by temporal-preservation-as-pseudointemporality-preservation as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology due to relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation,. Of course, in registry-worldview terms it's more than just the individuations of individuals, but rather a dynamic-cumulative-aftereffect construed at the comprehensive institutionalisation/uninstitutionalised-threshold

level. Basically, by blurring (by way of hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in-iterating alterations or slanting) the notion that a reference-of-thought is preconverging-or-dementing–apriorising-psychologism given it relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, postlogism induces temporal-preservation by circularity/recurrence/repetition/repeatability of unprincipled-or-derived-unprincipled mental-dispositions in temporal-dispositions (which equally assume a purposefulness of their own (that must be factored-in when analysing psychopathic/postlogic and social-psychopathic situations) inducing registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> by temporal-preservation as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology-of-recurrence/repeatability in principle. Postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as to 'compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation' and conjugated-postlogism can possibly be explained by the notion of pseudointemporality wherein under social-and-confliction-stake temporal-dispositions individuation 'mental-dispositional incapacity for intemporality' induces 'notional~disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation (at individuation-level relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, as it strives to act as if it was intemporal, whether-consciously-or-unconsciously-and-so-beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-manifestation. In that sense the postlogic/psychopathic mental-disposition will seem to be the 'weakest human mental-disposition for acting intemporally in supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex to meaningfulness-and-teleology as of its intrinsicness/essence/ontological-veridicality' and so directly engages in its kind of pseudointemporality, for pathological reasons, as it takes a faulty-mentation-procedure-shortcut to meaningfulness towards its naively sought-outcome/end-purpose as 'meaning by its mere form as being deterministic of how others will act', such that this is actually part and parcel of its developmental psychology. While other temporal-dispositions individuations come to pseudointemporality by ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, whether-consciously-expediently-or-unconsciously-and-so-beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-manifestation. Postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as to 'compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation' instigation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is associated with intradimensional temporal-preservation-as-pseudointemporality-preservation at a registry-worldview's/dimension's uninstitutionalised-threshold or relative-ontological-

incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'-threshold (as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation), such that equally temporal-dispositions are effectively in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (whether-consciously-or-unconsciously-and-so-beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-manifestation intradimensionally). This can be highlighted by the fact that from a positivistic perspective, a truly medieval mindset/reference-of-thought at its core is fundamentally and structurally of a relative structural-being/ontological-or-existential-defect no matter how 'good-natured' we may conceive of it by the mere fact of the 'spectacularly defective knowledge and virtue implications' of it not having a positivistic outlook given its medieval relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, before even speaking of an issue arising from medieval postlogism like someone coming up with notions and accusations associated with superstition. For instance, the consciousness state of say the non-positivism/medievalism mindset/reference-of-thought at its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'-threshold (as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation) with respect to the mental-dispositions of the positivistic mindset/reference-of-thought wherein obviously the latter's more ontological-completude construes that notions-and-accusations-of-sorcery, however serene the mental states of persons in such medieval setup, are without any doubt ridiculous from its positivistic perspective as there is no explanation for them but for the fact that having arrived at its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'-threshold   (as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation) the human mindset/reference-of-thought (medieval in this instance) with respect to social-and-confliction-stake is just as well, whether-consciously-or-unconsciously-and-so-beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-manifestation intradimensionally, inclined to engaged in what is in reality preconverging-or-dementing–apriorising-psychologism (as notions-and-accusations-of-sorcery in a medieval setup). Thus at a registry-worldview's/dimension's uninstitutionalised-threshold or relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'-threshold (as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation), its disposition for temporal-preservation-as-pseudointemporality-preservation (whether instigated postlogicly or arising from enculturated-postlogism) is bound to reflect the corresponding registry-

worldview's/dimension's preconverging-or-dementing–apriorising-psychologism that speaks fundamentally of relative-ontological-incompleteness-induced,-'threshold-of– nonconviction/madeupness/bottomlining-as-to-shallow-supererogation— preconverging/dementing–apriorising-psychologism' (as-it-is-thus-'in-wait'-for-perversion- of-reference-of-thought-<as-effectively-apriorising-in- nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal- preservation-as-pseudointemporality-preservation, whether-consciously-or-unconsciously- and-so-beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of- existential-unthought>-manifestation intradimensionally); and equally so, as the successive relative-ontological-incompleteness-induced,-'threshold-of– nonconviction/madeupness/bottomlining-as-to-shallow-supererogation— preconverging/dementing–apriorising-psychologism'-threshold will reflect as of preconverging-or-dementing–apriorising-psychologism the 'recurrent-utter-institutionalised mindset/reference-of-thought with respect to base-institutionalised mental-dispositions' as from the base-institutionalised perspective, likewise the 'ununiversalised mindset/reference- of-thought with respect to universalised mental-dispositions' as from the universalised perspective, the 'non-positivism/medievalism mindset/reference-of-thought with respect to positivistic mental-dispositions' as from the positivistic perspective, and prospectively so, the 'procrypticism mindset/reference-of-thought with respect to deprocrypticism mental- dispositions' as from the deprocrypticism perspective. (This preconverging-or-dementing– apriorising-psychologism reflection of the other lower registry-worldviews/dimensions mental-devising-representation naturally occurs to us but not when our positivism– procrypticism registry-worldview/dimension is so-construed as of preconverging-or- dementing–apriorising-psychologism with respect to prospective deprocrypticism; and so as from the overall insight of a 'postconverging-or-dialectical-thinking–psychology or

psychology-of-mentation-dynamics or natural psychology-of-dynamics' grounded at the successive institutional-cumulation/institutional-recomposure, as ontological-completeness/ontological-normalcy driven). Taking the case of a non-positivism/medievalism context as highlighted above at its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'-threshold (as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation) warranting the positivistic registry-worldview/dimension, we can appreciate that there is a whole gamut of seemingly genuine ontological/being/existential dispositions as social practices within the non-positivism/medievalism registry-worldview/dimension like alchemy, superstitions, beliefs and other similar social constructions of meaningfulness that from a 'positivistic angle' are perfectly caricaturable as nothing but threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism arising from the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of universalisation's reference-of-thought–categorical-imperatives/axioms/registry-teleology as intradimensional existential-decontextualised-transposition (of reference-of-thought–categorical-imperatives/axioms/registry-teleology of universalisation meaningfulness). This is a recurrent dynamism associated with human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor across all institutional-cumulation/institutional-recomposure, as at the point of a prospective/superseding/transcending institutionalisation's relative-ontological-incompleteness-induced,-'threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, there is an eliciting of hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of its reference-of-thought–categorical-imperatives/axioms/registry-teleology by temporal-dispositions (as temporal-preservation-as-pseudointemporality-preservation instigated by postlogism and enculturated-postlogism) manifested in various social constructions of meaningfulness such that these are in effect derived-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' and whose ontologically-veridical-meaningfulness is defective (as intradimensional existential-decontextualised-transposition), requiring prospective transcending/superseding institutionalisation by ontological-reconstituting–as-of-conflatedness/deconstruction/(engaged)-destruktion, with temporal-dispositions further in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of reference-of-thought–categorical-imperatives/axioms/registry-teleology of the latter transcending/superseding institutionalisation at its point of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, inducing new derived-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism' social constructions of meaningfulness, and the cycle carries on this way till the attainment of ontological-normalcy (deprocrypticism) as ontological-completeness brings an end to derived-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' social constructions of meaningfulness that are veridically-unreal. These derived-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' social constructions of meaningfulness are in effect reflecting the registry-worldview/dimension uninstitutionalised-thresholds requiring corresponding prospective institutionalisations/intemporalisations (whether-consciously-or-unconsciously-and-so-beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-manifestation intradimensionally); and it is important to grasp that uninstitutionalised-thresholds (however nefarious the consequences from an ontological-normalcy/postconvergence appreciation) are as critical and defining in their existentialism/full-depth-of-existential-implications just as institutionalisations, to fully appreciate the very nature of transcendence as the most important thing/purposefulness of humanity-at-large. But then, our human intemporal-disposition responsible for the institutionalisation/intemporalisation process is equally inclined to focus-the-mind-more-thoroughly when dealing with phenonena that undermine ontological-veridicality and so specifically with the undermining of soundness of reference-of-thought, and so across the various institutional-cumulation/institutional-recomposure. It is more likely that in this regard, more likely than not perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomena as postlogic effect including psychopathic may actually have been a boost for more rapid human registry-worldview's/dimension's institutionalisation/intemporalisation as our intemporal-

disposition going by its own intemporal preservational individuation disposition (in intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) is rather prone to apprehend and deal with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> issue at the humanity-at-large scale for the need of human registry-worldview's/dimension's institutionalisation as secondnaturing given that with human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ it is naïve to operate on the basis of a 'human transformation on the wrong dependence of our intemporal-disposition as firstnatureness', thus the reason why we institutionalise as secondnaturing taking cognisance of the reality of our temporal-to-intemporal individuations dispositions. Just as implied elsewhere in this paper, the skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) (from shortness-of-register-of-meaningfulness-and-teleology to longness-of-register-of-meaningfulness-and-teleology) of capacity as shallow-limited-mentation-capacity to deeper-limited-mentation-capacity, is the trascendental construct of human virtue, and so as a contiguity notion, and not of abstract analogy. This notion of contiguity is what explains the capacity for humankind to accumulate/recomposure/reorder its institutionalisation/intemporalisation capacity. This can be explained as follows. Considering the instance where for instance the target of accusations of sorcery was to equally adopt a temporal stance by making a vague accusation of sorcery as well. Seemingly, such a temporal approach will more or less be more effective in preempting the 'incidental resolution of temporal-preservation-as-pseudointemporality-preservation' (with respect to themselves in their specific locale) associated with the 'dynamic-cumulative-aftereffect of subontologisation' (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag,

unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect) rather as an extricatory/temporal paradigm in serving their purpose of a temporal mortal. In so doing incidentally it doesn't actually preempt but fails the 'universal resolution of temporal-preservation-as-pseudointemporality-preservation' (at humanity-at-large scale) as it advances an argument that still enculturates/endemises the upkeep of notions of superstition and sorcery. This approach of temporal-dispositions of dealing with temporality/shortness with respect to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s in all the registry-worldviews (institutional-cumulation/institutional-recomposure) is what endemises/enculturates the dialectically-out-of-phase or dialectically-primitive. A truly intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm warrants a transcendental posture of universal-projection/aetiologisation/ontological-escalation that overlooks resolving temporality/shortness with temporality/shortness and seeks to grasp the universal implications of all such temporal-preservation-as-pseudointemporality-preservation inclinations of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> at the humanity-at-large level of all locales and situations, and only then in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing that all such incidentals of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and temporal-preservation-as-pseudointemporality-preservation endemisation/enculturation are construed and resolved by deferential-formalisation-transference of the intemporal-disposition approach as institutionalisation/intemporalisation. It is only such an intemporal approach that

suprastructurally (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-of-temporal-dispositions) allows for the requisite base-institutionalising of recurrent-utter-uninstitutionalisation, universalisation of ununiversalisation, positivising/rational-empiricism of non-positivism/medievalism, and prospectively deprocrypticising/preempting—disjointedness-as-of-reference-of-thought of procrypticism/disjointedness-as-of-reference-of-thought. The fact has always been that throughout the various institutionalisations this human intemporal-disposition individuation disposition has always been an indispensable re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩ (as longness-of-register-of-meaningfulness-and-teleology) with respect to human social-stake-contention-or-confliction-and-confliction and the reason for its conceptualisations to be construed as institutionalisation-as-virtue even though going by temporal-dispositions inclinations, 'such abstract projection basically would hardly make sense'. The fact is that this intemporal inclination, while often not downright articulated for what it is but rather implied, is actually behind all formal constructs with an adoption of a 'maximalist approach' in the construal of social phenomenal possibilities. Likewise, the hermeneutic orientation of this paper takes up such a maximalist approach in understanding phenomena of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and more precisely psychopathy and social psychopathy in the social-construct even though from a simplistic temporal perception it may seem at times overblown (very much like in a core medieval setup a positivistic maximalising-recomposuring-for-relative-ontological-completeness disposition such as Galileo's or Darwin's or Rousseau's or Descartes's assertions will seem overblown to the 'core non-

2401

positivism/medievalism mindset' going by its customary perception), since it doesn't accommodate temporal/incremental/'disjointedness-as-of-reference-of-thought' ways of thinking and instead strives for a universal implications depth-of-thought. Basically, on the same token the maximalising-recomposuring-for-relative-ontological-completeness of formal constructs is all about construing human transcendental potential as a 'virtue tipping exercise' wherein for instance the seemingly overblown representation of humans as susceptible to malfeasance/offence by the construct of the Law doesn't necessarily imply that everything about humans is how they are likely to commit malfeasance/offence but rather that the transcendental potential of the construct of Law caters for and is a virtue tipping exercise for maximalising-recomposuring-for-relative-ontological-completeness the possibility of limited committing of malfeasance/offence, just as likewise the maximalising-recomposuring-for-relative-ontological-completeness construct of medicine of humans as likely to be diseased doesn't necessarily mean that everything about humans is how they will get an ailment but is a human transcendental potential as a virtue tipping exercise for maximalising-recomposuring-for-relative-ontological-completeness the possibility of human health. The reason for this deferential-formalisation-transference disposition is simple, as formal constructs 'reason' on the basis of intemporality/abject-ontological-veridicality in the quest for reifying abstract universal projection very much unlike everyday informal conceptualisations that are rather driven by vague impressions and good-naturedness and tend to construe meaningfulness by reflex without factoring in relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' of ordinary day to day thinking (common sense), and tend to be unsure, poorly methodical, poorly universalising, poorly insightful, and with elevated subjectivity (not only with regards to facts but with the purported reference-of-thought as well as the apriorising–reference-of-thought-

elements/apriorising–registry-elements which are implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology), and so beforehand/as-of-a-priori even without the instigating effect of any perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> like postlogism/psychopathy; such that such temporal/incremental/'disjointedness-as-of-reference-of-thought' reasoning is best left for inconsequential and trite matters of day to day living, as validated by the processes and procedures of our formal institutions however approximate in their success given the pervasiveness of the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ even in formal setups, with its susceptibility to undermine or overlook 'formal effectiveness' (which can sometimes be naively construed as weakness of formalism rather than insufficiently effective formalism or extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ disruption of formal effectiveness). Abstractly maximalising-recomposuring-for-relative-ontological-completeness meaningfulness carries an intemporal/longness-of-register-of-meaningfulness-and-teleology and universal coherence that incremental meaningfulness doesn't, and thus maximalising-recomposuring-for-relative-ontological-completeness is actually the drive for transcendence in reflecting the ontological-contiguity—of-the-human-institutionalisation-process successive institutional-cumulation/institutional-recomposure, with human ontological development from 'shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ reconstrual/reconceptualisation' and hence it is ontologically-contiguous as a virtue construct that is self-sustaining. Maximalising-recomposuring-for-relative-ontological-completeness as such is the mental-disposition to uphold 'imbricatedness/threadedness/recomposuring as of existential-contextualising-

contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' (from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') as 'shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩'/relative-ontological-completeness/diminishing–human-epistemic-abnormalcy/diminishing–preconvergence avails for the development of reference-of-thought in construing intrinsic-reality/ontology, by its very intemporal/longness-of-register-of-meaningfulness-and-teleology principle-driven nature; hence it thus regenerates new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation to match developing 'shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩'/relative-ontological-completeness/diminishing–human-epistemic-abnormalcy/diminishing–preconvergence. Whereas incrementalism-in-relative-ontological-incompleteness tends to operate as if at any one instance human meaningfulness is absolutely set (and so rather as a mere form) and thus incrementalism-in-relative-ontological-incompleteness is non-transcendental, and so with reference to the underlying intemporality/longness (intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) that ontological development from 'shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩'/relative-ontological-completeness/diminishing–human-epistemic-abnormalcy/diminishing–preconvergence elicits, in lieu it is rather of a temporality/shortness reflex mental-disposition such that correspondingly developed reference-of-thought–

categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation is related to in virtuality-or-ontologically-flawed-construal (being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference) terms, whether unconsciously (ignorance), expediently (affordability) or consciously; thus as mental-disposition, incrementalism-in-relative-ontological-incompleteness across all registry-worldviews involves 'dimensionality-of-sublimating—<s>amplituding</s>/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation over temporality' at the uninstitutionalised-threshold, speaking fundamentally of the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor and underlining the ''ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought'' line with respect to reference-of-thought mental representations between intemporality/longness as candored-supratransversality—apriorising/axiomatising/referencing and temporality/shortness as decandored-subtransversality—apriorising/axiomatising/referencing. Incrementalism-in-relative-ontological-incompleteness wrongly construes meaningfulness (both ontology and virtue perspectives) as rather a process of additionality over the prior reference-of-thought whereas in reality (from the insight that our placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology develops from shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ by way of the 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought') meaningfulness develops rather as a maximalising-recomposuring-for-relative-ontological-completeness process of

recomposuring towards a deeper superseding–oneness-of-ontology, with recomposuring reflecting that human progress is rather an ontological-contiguity—of-the-human-institutionalisation-process (as secondnaturing/institutional-design defined by skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) as deferential-formalisation-transference by the intemporal-disposition/longness-of-register-of-meaningfulness-and-teleology) and critically without the transformation of the reality of human individuation dispositions as temporal (shortness-of-register-of-meaningfulness-and-teleology)–to–intemporal (longness-of-register-of-meaningfulness-and-teleology) as of human existential-form-factor. Thus the implication is that the ontological-contiguity—of-the-human-institutionalisation-process succumbs to uninstitutionalised-threshold due to the dynamic-cumulative-aftereffect of human temporality/temporal-dispositions as of shortness-of-register-of-meaningfulness-and-teleology in inducing uninstitutionalised-threshold which can only further be structurally/paradigmatically resolved by maximalising-recomposuring-for-relative-ontological-completeness recomposre as transcendental-enabling/sublimating. Basically, incrementalism-in-relative-ontological-incompleteness relation to meaningfulness as 'a comprehensive additionality exercise' thus fails to account for human temporality/temporal-dispositions as 'not transformed' and will tend at uninstitutionalised-threshold towards the perversion/derived-perversion of the institutionalisation reference-of-thought or reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (whether unconsciously, expediently or consciously), involving flawed-existential-elevation-of-reference-of-thought. This insight equally explains the nature of human progress as the natural mental-reflex is to think that human progress occurs incrementally as an exercise of additionality to the prior reference-of-thought and institutionalisation, which is wrong as

human progress is all about our placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology grasp of the same intrinsic-reality-as-ontological-veridicality in construing meaningfulness-and-teleology/teleological-differentiation involving rather a 'continuous maximalising-recomposuring-for-relative-ontological-completeness exercise' of the same intrinsic-reality-as-ontological-veridicality but with deeper limited-mentation-capacity-⟨as of relative conflation⟩ arising from the overall and specific accumulated human experiential possibilities of being on earth. Thus human progress as maximalising-recomposuring-for-relative-ontological-completeness is a change of human ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ enabled by psychoanalytic-unshackling/memetic-reordering/institutional-recomposure, and it not about being incremental/additional but is rather a 'maximalising-recomposuring-for-relative-ontological-completeness emerging-through (by maximal-as-intemporal-operating-modality-of-reference-of-thought-as-of-maximalising-recomposuring-for-relative-ontological-completeness-as-inducing-the-prospective-institutionalisation) of prospective-institutionalisation over the old/uninstitutionalised-threshold due to human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩', as base-institutionalisation is not an addition/increment over recurrent-utter-uninstitutionalisation but a 'maximalising-recomposuring-for-relative-ontological-completeness emerging-through', just as is universalisation over ununiversalisation, positivism over non-positivism/medievalism, and prospectively deprocrypticism over procrypticism; as a maximalising-recomposuring-for-relative-ontological-completeness process in the recomposuring accrual of human 'shallow

limited-mentation-capacity-⟨as of relative constitutedness⟩ towards deeper limited-mentation-capacity-⟨as of relative conflation⟩' wherein the ontological-contiguity—of-the-human-institutionalisation-process is rather construed as of 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' providing existential-context priorly-and-over elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity due to the fact that when not so existentially-contextualised our limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ in an elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity exercise is bound to induce 'wrongly-projected decontextualising-unimbricatedness/unthreadedness/unrecomposuring-as-virtuality-or-ontologically-flawed-construal (which is rather 'a prior threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism reference-of-thought' in shallowness-of-thought-or-unsophistication-of-understanding), in wrong grasp of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality'. This further explains why meaningfulness is effectively an existentialism construct; existentialism in the

sense that our limited-mentation-capacity-deepening-⟨~~amplituding~~/formative⟩epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ needs to grasp imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality, as a priori over any subsequent elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity for the latter to be ontologically valid. Furthermore, the precedingness nature of ontological-normalcy/postconvergence with respect to human existential-reference/existential-tautologisation pivoting to ontology/ontological-veridicality speaks of a 'decentering' to the prospective ontological-construct that maximalising-recomposuring-for-relative-ontological-completeness effectively enables by placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology rescheduling (as it perpetually recomposure to the intemporal as the relative absolute in value and ontology) over incrementalism-in-relative-ontological-incompleteness which wrongly falls back to the relatively limited-mentation-capacity-deepening-⟨~~amplituding~~/formative⟩epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ of the temporal presencing-as-if-definitely-set in wrongly construing it as the relative absolute reference-of-thought. Insightfully with respect to the notion of maximalising-recomposuring-for-relative-ontological-completeness, the law typically operates on the basis of anticipating maximally the possibilities of criminal acts with the anticipation of the maximal possibilities of victimisation from such acts (when it regulates weapons ownership, for example) in effectively construing optimal prevention of criminality in society as a

structural/paradigmatic construct that more vitally shapes human action and its 'effective enforcement' is actually a minor portion of the structural/paradigmatic construct of law over lawlessness; as it carries an inherent intemporality/longness that is further summonable in improving the law with human 'shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ reconstrual/reconceptualisation'. Like all formal constructs it wouldn't rely on incremental-dispositions or temporal-accommodation of ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ that may lead to temporal mobbish dispositions, the fundamental point being that that element of 'abstraction-of-thought/principled-thought' is decisive as with all knowledge constructs. Rather the limit of such intemporal thinking is not the ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ but operates and is based in effect on intemporal projection-of-thought in an intersolipsistic relation to intrinsic-reality/ontology/ontological-veridicality on the validity of the intercession of ontological-primemovers-totalitative-framework implied predicative-effectivity–sublimation-⟨as-to-underlying-ontological-commitment⟩ and by extension the intercession of formal/conventioning rules as institutionalisation arising in validation of the former, and their corresponding percolation-channelling in deferential-formalisation-transference. The notion of intersolipsism is actually the notional validation of the solipsistic argument as it frames the question in the right manner, that is, inversely (contrary to the traditional philosophical framing of the solipsism question, which by so doing naively and wrongly implies that 'individuals precede and/or are in supposedly in existence in existence' upon an affirmative

solipsistic response, rather than the idea of becoming solipsistically in existence which subsumes their individuality and projecting of the same about others in an intersolipsistic recognition arising from individuals' own solipsistic insights of predication-and-projection as so-reflected as to overall reifying-and-empowering-reflexivity-of-ecstatic-existence-as-panintelligibility-<imbued-and-educed–human-subpotency–epistemic-perspective-of-aestheticising-motif-and-apriorising/axiomatising/referencing-conceptualisation>), since it priorly implies existential emanance-or-becoming validated by ontological-primemovers-totalitative-framework about a superseding–oneness-of-ontology as the intercessory basis for mutual-solipsism/intersolipsism. This author equally conceptualise of a difference between solipsism and subjectivity in that solipsism is rather purely ontological as it implies notionally the individual's perspective in existential becoming as of existence/intrinsic-reality/ontology-as-of-its-mimetic-echoness-or-existence-in-reverberation-or-existence-potency-prospective-digression-of—<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness (however effective-as-solipsistically-intemporal or ineffective-as-solipsistically-temporal such perspectival performance), whereas subjectivity refers to our animate-existential-referencing-as-subjectification which is not necessarily oriented to the ontological appropriateness/veridicality of that reference but rather is a notional construal of the reality of 'human condition of perceived ontological appropriateness/veridicality' irrespective of whether it can be said of such perception as being objectively right or wrong going by inherent ontological-veridicality. So solipsism speaks of the human projection in notionally construing ontological veridicality/appropriateness notwithstanding the perspectival effectiveness or ineffectiveness of such a construal as of solipsistic-temporality to solipsistic-intemporality and as such solipsism as of solipsistic-intemporality is the drive behind ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-

aprioriing/axiomatising/referencing–as-so-being-as-of-existential-reality. Whereas subjectivity speaks notionally of a human condition orientation with respect to perceived ontological veridicality/appropriateness no matter whether right or wrong. This possibility of distinguishing an inherently ontological foundation of existential meaning different from an ontological as human epistemic-conception reflexivity of perceived existential meaning is central to a deprocrypticism mindset in enabling the most elaborate transcendentally-enabling-level–of-authenticity/objectification/desubjectification-as-objectification/ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-aprioriing/axiomatising/referencing–as-so-being-as-of-existential-reality/antinihilism construal since necessarily intrinsic-reality/ontological-veridicality is inherently tautologuous, and 'human capacity to grasp the possibilities of referential relations to inherent existential tautology as of human animate-existential-referencing/subjectification' in conjunction with 'human construal of the inherent existential tautology' is exactly the definition of notional knowledge. Supposed for instance a child comes to learn the rules of addition for all types of number additions such that the child understands the addition principle, but then there is a deliberate ploy by the teacher and other 'supposed learners' all along to constantly calculate 2+2 as equals to 5. Sooner or later the child's solipsistic sense of meaning (as becoming into existence alone in an intersolipsistic relationship with others interceded with ontological-primemovers-totalitative-framework inducing projective-insights and predicative-insights) will become a self-made revolutionary and question the teacher indicating the correct answer to 2+2 as being 4; depending equally on its notional sense of intemporal-projection/longness-of-register-of-meaningfulness-and-teleology relative to temporality/shortness-of-register-of-meaningfulness-and-teleology as to the child's underlying 'conception of the ontological-good-faith/authenticity–structure', further explaining in the bigger picture why maximalising-recomposuring-for-relative-ontological-

completeness pursuits, apparently unnecessary from a temporal interest point of view, are intemporal-solipsistically undertaken. Insightfully despite the constant 'social affirming' that the correct answer is 5, unlike it might be erroneously be thought, the child's insistence now that the answer is 4 is 'not truly' out of the ordinary as with respect to its construal of all other meaning including other additions, the child's knowledge and learning has always been about confirming any such meaning by its notional sense-of-solipsism as of superseding–oneness-of-ontology; but this particular solution for the addition rather becomes outlying for the child because despite the 'social affirming' of 2+2 as being 5, such a confirmation by a notional intemporal sense-of-solipsism as of superseding–oneness-of-ontology is not forthcoming, and in lieu rather gets the solipsistic confirmation as 2+2=4! Thus this points out that our interrelationship to meaningfulness is most authentically and fundamentally by pointing out a notional intemporal 'sense of solipsism' in each of us to access intrinsic meaning. Such 'intersolipsistic-pointing exercise' is only possible because of: our common underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) which as of derivation 'intuitively-assigns projected-and-then-ensuing-predicated coherence/contiguity as meaningfulness' as of the 'coherence/contiguity of the actual insight-giving relevant-and-implied knowledge-construct/intersolipsistic-intercessory-notion/notional~referential-notion/articulation (enabled obviously by language as well as any human meaning relaying medium like signs, whether active or passive or implied or direct)'. By extension, our

consciousness-awareness-teleology as of a solipsistic epistemic/notional~construct is equally the result of our animate-existential-referencing/subjectification as of our existential underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) which as of derivation 'intuitively-assigns-and-accrues projected-and-then-ensuing-predicated coherence/contiguity as meaningfulness', and existentially so as of our 'social framework of intersolipsistic deambulation'. So there is no medium for intersolipsism but for the fact of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness accruing to each individual, implying our limited-mentation-capacity enables us at any given phase of our existence to mutually be able to 'solipsistically reference a common sense of inherent existential-reality', and so increasingly as of our common species, common registry-worldviews, common communities, common institutions and common personhoods and socialhood; and so, however ontologically-veridical our meaningfulness-and-teleology within institutionalised-threshold or as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism at uninstitutionalised-threshold. This will equally explain why in the rare cases reported in the media of infants abandoned and adopted by animals like dogs and monkeys, such infants often tend to adopt behaviours of the animals as of 'mutual solipsism or intersolipsism of reference to underlying

'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human), as the capacity for the infant to act and behave like a human effectively requires its personality development in a mutual solipsism or intersolipsism of underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) with other humans from whence the existential specificity/instantiation basis as of the family, neighbourhood, local institutions, sociocultural context and increasingly in a globalised world social trends of all sorts whether fashion, cultural, educational, intellectual, political, environmental, social media, etc. are now critical determinants of its subjective and intersubjective meaningfulness-and-teleology. Supposed again in a non-positivism social-setup a case of accusation-of-sorcery was to be brought up, wherein as of the relative-ontological-incompleteness-of-reference-of-thought implied beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of the registry-worldview/dimension, it is a generalised certainty that sorcery and sorcerers/sorceresses do exist (as of the non-positivism social-setup own threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism at their non-positivism uninstitutionalised-threshold). This conception speaks of that registry-worldview/dimension subjectivity and intersubjectivity as of 'a ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ human condition of construal of intrinsic-reality/ontological-veridicality as knowledge' which is the 'indubitable reality' as far as they are concerned. Such a subjectivity and intersubjectivity conceptualisation/construal can be implied as well as of '~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ human condition of construal of intrinsic-reality/ontological-veridicality supposedly as knowledge' across all the successive registry-worldviews/dimensions (including the subjectivity and intersubjectivity in our positivism–procrypticism) with respect to their respectively relative-ontological-incompleteness-of-reference-of-thought implied uninstitutionalised-threshold. However, without a solipsistic notion of construal of intrinsic-reality/ontological-veridicality as of inherent intrinsic-reality/ontological-veridicality, and so beyond subjectivity and intersubjectivity, arising as of purely 'solipsistic-and-intersolipsistic insights in referencing underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague

innateness besides existentially inherent human-subpotency potential to manifest as human) as a potential capacity in all individuals, then the construal of intrinsic-reality/ontological-veridicality will tend to actually be defined whether beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> as implied by subjectivity and intersubjectivity as a 'construct of human condition of construal of intrinsic-reality/ontological-veridicality as supposedly knowledge', with the consequence that humankind construal of intrinsic-reality/ontological-veridicality is naively-and-wrongly interpreted as superseding 'inherent intrinsic-reality/ontological-veridicality' at registry-worldviews/dimensions uninstitutionalised-threshold (which is obviously fallacious, as it is 'the possibility of humankind being subjected to the meaningfulness-and-teleological implications of further solipsistic-and-intersolipsistic elucidations in referencing underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) as of intrinsic-reality/ontological-veridicality that allows for the requisite pivoting/decentering as of psychoanalytic-unshackling/memetic-reordering/institutional-recomposure enabling human emancipation and progress, and not the other way round). The further implication is that by a retrospective and prospective analysis the possibility of human transcendence, usually initiated as a re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩   solipsistic-and-

intersolipsistic activity in referencing of underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human), will largely be jeopardised since the 'putting-into-question' as a solipsistic exercise with the possibility of getting at the very core of what is 'further divulge-able' by intrinsic-reality/ontological-veridicality, is largely compromised by a subjectivity and intersubjectivity ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ mental-disposition. This distinction between subjectivity and intersubjectivity as referencing human condition of construal of intrinsic-reality/ontological-veridicality from solipsism and intersolipsism as referencing human effective/ineffective construal of intrinsic-reality/ontological-veridicality, is actually important because (while less critical to elucidate this in the natural sciences given the immediacy of constraint from intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating hence implicited), the implications for its comprehensive and conscious understanding in the social world (for conceptualising knowledge while superseding human temporality/shortness as ignorances, so-construed as 'knowledge-notionalisation') is decisive as it requires both an understanding of 'the human condition in its construal/relation to intrinsic-reality/ontological-veridicality' and 'understanding of inherent intrinsic-reality/ontological-veridicality'; and so, as a prerequisite for the organic-knowledge necessary for futural Being-development/ontological-

framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview institutionalisation. For instance, the concepts of constitutedness, first-level presencing—absolutising-identitive-constitutedness, second-level presencing—absolutising-identitive-constitutedness, third-level presencing—absolutising-identitive-constitutedness and conflatedness of temporal-to-intemporal individuations as of reference-of-thought–prelogism-as-of-conviction-as-to-profound-supererogation to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism so-articulated previously as of 'notional~conflatedness/constitutedness-to-conflatedness perspectivation of ontologically-veridical dynamic-cumulative-aftereffect/aftereffect' in enabling a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation insight, can only be properly construed as of such a disambiguation in conceptualising not only inherent intrinsic-reality/ontological-veridicality but equally the human temporal-to-intemporal conditions/states of perception/relation with intrinsic-reality/ontological-veridicality. This is fundamentally so because 'inherent existential-reality/intrinsic-reality/ontological-veridicality is already what it is as given whether humankind knows about it or not' but rather the point of human knowledge is an emancipatory exercise involving the need to decenter/pivot and supersede our animate-existential-referencing/subjectification as of the <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag human condition to derive knowledge-and-virtue, and so as human-subpotency/'subpotent-mimetic-echoness-derivation-within-the-full-potency of existence/intrinsic-reality/ontology-as-of-its-mimetic-echoness-or-existence-in-reverberation-or-existence-potency-prospective-digression-of—<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–

in-epistemic-conflatedness). Solipsism as such is truly the foundational notion of all phenomenological conceptualisations and derivation of value and meaningfulness as intersolipsistic teleological constructs from a transversal-and/or-common perceived existential-reference/existential-tautologisation and derived-representations of existential-reference/existential-tautologisation. It is what allows for the possibility of human construal of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating to supersede social-aggregation-enabling as a knowledge and virtue construct. The implication being that there is a contiguity in solipsistic insight as simplistically elucidative in the relatively more simpler experimental framework of natural phenomenon studied by the natural sciences (which practice is categorisation-driven, more like elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity but then with a high risk of inducing virtualities thus explaining the continually reshaping/re-categorisation/re-optimising of experimental content when the virtualities come to be seen as unreal or deficient or suboptimal, and so more critically with the practitioner's experience tend to be driven heuristically actually as of presencing—absolutising-identitive-constitutedness or conflatedness) but such solipsistic insight extends to the more convoluted social phenomenon studied by the social sciences, as well as the phenomenal convoluted equally inherent in scientific domains like quantum-mechanics, as herein contemplated should ideally be understood as of referentialism implied ontological-normalcy/postconvergence epistemic-projection perspective, more like maximalising-recomposuring-for-relative-ontological-completeness from the most profound of conceptualisation which is intemporality/longness or intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, as of inherent superseding–oneness-of-ontology, and so on the basis of the absolute a priori, 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-

thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality, construed as of increasing human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ in the apriorising/axiomatising/referencing of meaningfulness-and-teleology construal', in the staggered elucidation of less and less profound but critical conceptualisations as undertaken in this hermeneutic design. Furthermore, solipsism will equally explain why human meaningfulness-and-teleology is developed rather by maximalising-recomposuring-for-relative-ontological-completeness of the same superseding–oneness-of-ontology as of our deepening limited-mentation-capacity (whereby successive generations take a shot at superseding–oneness-of-ontology like Ancient Civilisations like Greece establishing that matter is made up of water, fire, air, earth and ether critically establishing the psyche of matter as composed of basic elements and successive recomposurings right up to our modern day quantum-mechanics recomposuring as of historiality/ontological-eventfulness/ontological-aesthetic-tracing), rather than it erroneously being construed as an incremental exercise; as it is only incremental in the literal sense but in the 'operant sense' it is an exercise of maximalising-recomposuring-for-relative-ontological-completeness as of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing overall reconstruing/reconceptualising rather than just incrementing. This insight is important for critical thought and analysis as oftentimes it is naively assumed that prospective knowledge is to be simply obtained by 'additioning' or 'cumulating' to prior works rather than the more pertinent insight of ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought as of a same superseding–oneness-of-ontology that is existence. On the same token, this

tautological insight about the precedingness of existence can be extended to the notion of nothingness with nothingness rather existing in existence as there is no nothingness or for that matter anything out of existence which is 'conceptually' emanation-as-to-the-all-defining-ontological-primemovers-totalitative-framework-intercession, with nothingness rather the 'conceptual devising of the metaphysics-of-absence of existence' with existence conceptually construed in metaphysics-of-presence; but then with existence being its very own metaphysics-of-presence, the mutual equivalence of both metaphysics-of-presence and metaphysics-of-absence implying that nothingness is likewise tautologically the emanation-as-to-the-all-defining-ontological-primemovers-totalitative-framework-intercession   of existence. Basically a nothingness conceptualisation is necessarily and tautologically an existential conceptualisation as 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context   as   to   existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' which is necessarily 'the absolute a priori' (as 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality construed   as   of   increasing   human   limited-mentation-capacity-deepening-(<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation)   in   the apriorising/axiomatising/referencing   of   meaningfulness-and-teleology   construal')   of superseding–oneness-of-ontology/oneness-of-meaningfulness and just as well the notion of nothingness can't 'conceptually' exist out of the notion of meaningfulness which references

existence and all that is in existence as ontological. Actually nothingness is rather a 'constructive tautological device' as is actually the case with all human knowledge (mental-devising-representation of teleological reorientation), as it doesn't speak of any inherent change in intrinsic-reality but rather of change of human ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩, just as the many conceptualisation herein like the registry-worldviews/dimensions and ontological-contiguity—of-the-human-institutionalisation-process are actually speaking of human rescheduling of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology in grasping a superseding–oneness-of-ontology/intrinsic-reality that has been so all the time; and so critically talk of transcending from shallow to deeper superseding–oneness-of-ontology is no more than about human ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ as 'subpotent-mimetic-echoness-derivation-within-the-full-potency of existence/intrinsic-reality/ontology-as-of-its-mimetic-echoness-or-existence-in-reverberation-or-existence-potency-prospective-digression-of—~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness already given as ontological-normalcy/postconvergence oneness) along the same lines with the notion of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics' in compensation of human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as 'shallow limited-mentation-capacity-

⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ reconstrual/reconceptualisation'. That is, such 'conceptual devices' are reformulations arising from 'grander/transcendental insights' about the same question but implying a radical transformation of ontological/meaningful conceptualisation of the human mind and human teleology. The idea is that 'intrinsic-reality/ontology is not changed' but rather it is 'human <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ that is changed'. Technically, the implication is that existence/being cannot be thought outside of human thought/limited-mentation-capacity); as a conclusion driven by the insight that human thought/limited-mentation-capacity in construing existence/being implies human meaningfulness-and-teleology is necessarily of ontological-primemovers-totalitative-framework or contingent. However the disavowal rather than renewal/deconstruction/ontological-reconstituting–as-of-conflatedness of human thought/limited-mentation-capacity will imply its dissolving into a 'nihilism of meaningfulness-and-teleology' as the alternate logical outcome, but then with this latter construal/conceptualisation being rather 'an unequal measure alternative' since it has the drawback of 'putting an end to contemplation itself', of 'misunderstanding that contemplation is a human growth activity and not an absolutely achieved activity', besides abandoning the notion of human existentialism/thrownness/facticity behind human strife itself thus contradictorily undermining again the assumption of such an alternate logical outcome as itself a 'contemplated strife' construed as arising only by the implication of such existentialism/thrownness/facticity, and further failing to factor in that deepening human thought/limited-mentation-capacity increasingly narrows the framework of human existential contingency/ontological-primemovers-totalitative-framework 'enabling human existential

development as less and less a question of fate' on the basis of 'intemporal ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality instigated ontological-contiguity—of-the-human-institutionalisation-process as of difference-conflatedness-as-totalitative-reification-in-singularisation-as-veridical-epistemic-determinism ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity'. Thus the bigger issue is not existence/being in itself as it is given, whatever it is that is given. Rather the bigger issue of concern is our human thought/limited-mentation-capacity in apprehending existence/being as of our ontological-primemovers-totalitative-framework/contingent reconstruals/reconceptualisations of existence/being as of human deepening thought/limited-mentation-capacity so enabled by our capacity for ontological-dementation/dialectical-dementation–stranding/attributive-dialectics behind the successive institutional-cumulation/institutional-recomposure narrowing the framework of human existential contingency, with the further possibility of prospective ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought as deprocrypticism as of ontological-normalcy/postconvergence. Such maximalist intemporal projection reasoning doesn't entertain banal ordinary logic (that is all too readily incremental, 'disjointedness-as-of-reference-of-thought' and temporally-preservational-as-pseudointemporality-preservation) of the sort: she deserves to be rape because she was scantily clad as well dressed women will not be raped; his goods deserve to be stolen as he didn't look after them properly; those people/group/ethnicity deserved what happened to them because they are so and so; etc. The intemporal reasoning maximalist approach (non-incremental, non-'disjointedness-as-of-reference-of-thought' and striving for the ontologically-abject) that permeates many a formalised construct does not entertain meaningfulness within the sphere of temporal-and-social-trading and is rather transcendental

inherently, as it simply supersedes and skews ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) meaningfulness-and-teleology towards the universal/intemporal as of implication. In other words, maximalising-recomposuring-for-relative-ontological-completeness is construed as of the apparently least possibly perceived constraining context in order to truly affirm the universalism of rules or any ontological-constructs; as the test of incrimination with respect to the above apparently least possibly perceived constraining specific crimes contexts is effectively what validates the universalism for all other contexts of such specific crimes. Maximalising-recomposuring-for-relative-ontological-completeness, across all institutional-cumulation/institutional-recomposure, is effectively the projective mechanism as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality that reinvents new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as a metaphysics-of-absence conceptualisation in further human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ and opening up new institutionalisation possibilities behind the successive transcendences of an animal of temporal-to-intemporal-dispositions in need for skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference towards the intemporal to induce a registry-worldview's/dimension's institutionalisation-as-virtue that very much elevate it beyond its temporality/shortness which left to its own device will strive for incrementalism-in-relative-ontological-incompleteness temporal-accommodation/extrication. Maximalising-recomposuring-for-relative-ontological-completeness is an intemporal

framework of dimensionality-of-sublimating—~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation organic-knowledge 'inventing' of prospective human registry-worldview's/dimension's institutionalisation possibilities allowing for their percolation-channelling as of secondnatured institutionalisation. It is behind 'intemporal ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality instigated ontological-contiguity—of-the-human-institutionalisation-process as of difference-conflatedness-as-totalitative-reification-in-singularisation-as-veridical-epistemic-determinism ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity' whether in early times as of non-universal and universal metaphysico-theological creeds or as of metaphysico-worldviews nature and practices in later human history marked by the structural/paradigmatic emphasis of intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm over ordinariness ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ mental-disposition within the secondnatured institutionalisation of such percolation-channelled meaningfulness-and-teleology marked by temporal extricatory paradigm. This latter point is pertinent as invalidating any implied equivalence of reference-of-thought of meaningfulness-and-teleology between a maximalising-recomposuring-for-relative-ontological-completeness mental-disposition and an ordinariness ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-

prospective-apriorising-implications⟩ mental-disposition going by their different existential paradigms; as the ordinariness <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ mental-disposition will emphasise a registry-worldview/dimension <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ in a temporal extricatory paradigm as of human existential physical lifespan as if such <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ arose all by itself whereas a maximalising-recomposuring-for-relative-ontological-completeness mental-disposition emphasises the human existential tale as of the succession of opened-structures of meaningfulness-and-teleology that account for the possibility of our present and prospectively opened-construct-of-meaningfulness-and-teleology for enabling future possibilities. Even when it comes to the social integration of maximalising-recomposuring-for-relative-ontological-completeness paradigms, it is often the case that such meaningfulness-and-teleology is bound to the denaturing in many ways as of human ordinariness <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ temporal extricatory paradigm concatenation to it, if the requisite percolation-channelling institutionalisation and formalisation constructs are not priorly attended to. Even such that notions like exceptional, genius, prophesying, etc. associated with maximalising-

recomposuring-for-relative-ontological-completeness mental-dispositions, as recognised by the Niezschean imagination are more often than not construed beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> as 'derogation to the fact that such maximalising-recomposuring-for-relative-ontological-completeness paradigms can hypothetically be incumbent of all humans as to their choice of intellectual-and-moral orientation and their specific focus', and thus paradoxically implying as of the blurriness of the social domain that such so-called exceptional, genius, prophesying, etc. are 'abnormal' with the paradox that their implied ontological-veridicality is 'abnormal', thus by that same token falsely upholding the ontological-pertinence of ordinariness <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ as a non-decenterable <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩!

Actually the paradox is that, no transcendentally implied construct is effectively a 'grounded knowledge-construct commitment' inherently as it inevitably and fundamentally puts into question the underlying intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating ontological-primemovers-totalitative-framework notion, which is the prior <~~amplituding~~/formative>epistemic-totalising/circumscribing/delineating reference-of-thought-devolving-as-of-instantiative-context—meaningfulness-and-teleology as of its ⟨given consciousness's neuterising-induced⟩-reference-of-thought—devolving-teleological-structure-of-meaningfulness. Such transcendental implications arise as a transitional construct that is in effect as of a psychoanalytic-unshackling/memetic-reordering/institutional-recomposure articulation by its cross-generational transcendental implications. By the mere

fact of implied prospective relative-ontological-completeness-of-reference-of-thought over prior relative-ontological-incompleteness-of-reference-of-thought a prospective transcendence involves the prospective reference-of-thought rather 'registering-and-reflecting a beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> meaningfulness-and-teleology as of organic-knowledge Being correction' of the prior reference-of-thought, such that the prior reference-of-thought logical-dueness doesn't even arise as the prospective reference-of-thought is the relatively complete 'ontological-resetting' in an 'organic effecting-wholeness-as-of-profoundness-and-completeness-to-meaningfulness-and-teleology' over the prior reference-of-thought 'effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology'; just as the introduction of chemistry science carries an organic effecting-wholeness-as-of-profoundness-and-completeness-to-meaningfulness-and-teleology over a non-positivism/medievalism alchemic material construal. Basically, maximalising-recomposuring-for-relative-ontological-completeness summoning a depth of 'ontological-reconstituting–as-of-conflatedness'/deconstruction as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality enables humankind to supersede the circularity of intradimensional hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (which temporal-preservation-as-pseudointemporality-preservation actually speaks of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, and defines successive institutional-cumulation/institutional-recomposure

uninstitutionalised-threshold explaining why institutionalisation becomes stuck at that level until the corresponding threshold is superseded for a prospective/transcending/superseding institutionalisation) for prospective transcendental possibilities. On the basis of such hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> circularity, one may perfectly argue that any of the institutionalisations are just as good so long as people are relatively satisfied but such an argument is never made of lower/prior institutionalisations with the implications that its elicitation within a registry-worldview as present is nothing more but an act of 'ontological-bad-faith', but then a maximalising-recomposuring-for-relative-ontological-completeness approach is one that doesn't reason in temporal-accommodation but provides the opportunity for prospective institutional possibilities. Maximalising-recomposuring-for-relative-ontological-completeness was what was in the minds of the Copernicuses, Galileos, Rousseaux, Darwins and the enlightenment Encyclopédistes led by Denis Diderot in cynically vouching for the possibilities of the future of positivism over a non-positivism/medievalism worldview. Such that vague arguments of the type we've been living well without such ideas are nothing but avowals of temporal-dispositions poor grasp of how their present institutionalisation came about and future institutionalisation possibilities; since we can project that all humans in recurrent-utter-uninstitutionalisation were recurrent-utter-institutionalised, all humans in ununiversalisation were ununiversalised, all humans in medieval non-positivism were non-positivistic, and by extention (but for the complexes arising from our metaphysics-of-presence) all humans in our procrypticism are procryptic and it is no use turning around to our fellow mortals to do social-aggregation-enabling; with the more criticial issue being how is the ontological-contiguity—of-the-human-institutionalisation-process as from the prospective epistemic perspective! Such temporal-dispositions are characteristically draggy across all registry-worldviews/dimensions explaining why all transcendences meet with

temporal resistance going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor which take the form of subontologisation (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect).

- As the 'incrementalism-in-relative-ontological-incompleteness <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩' disposition tends to wrongly define the reference-of-thought of a given prior/transcended/superseded registry-worldview as the absolute framework of 'postconverging-or-dialectical-thinking–apriorising-psychologism', and so by reflex, as if the successive prior institutional-cumulation/institutional-recomposure were geared to end at its own registry-worldview as the absolute registry-worldview that doesn't incur perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (in our case, the positivistic registry-worldview) without any notion of a prospective registry-worldview by which, where our own perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> arises, we will be preconverging-or-dementing–apriorising-psychologism as dialectically-out-of-phase/dialectically-primitive, at our threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (or uninstitutionalised-threshold or socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation); as

our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' endemises/enculturates the denaturing and generally explains the vices-and-impediments of any registry-worldview/dimension as of its given limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩. As by reflex 'the-<~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩' wrongly ignores the ontological-normalcy/postconvergence (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) nature of intrinsic-reality/ontological-veridicality, such that when there is a need to achieve ontologically-veridical meaningfulness by prospective reference-of-thought with new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, the 'incrementalism-in-relative-ontological-incompleteness <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩' simply engages in '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising' to its prior/transcended/superseded reference-of-thought with its prior/old reference-of-thought–categorical-imperatives/axioms/registry-teleology that are failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation due to their temporal-preservational nature with respect to their own perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> threshold. It is only the ontological-primemovers-totalitative-framework and positive-opportunism of the prospective/transcending/superseding reference-of-thought in the middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics that will induce its untenability/internal-contradiction/internal-incoherence/institutional-constraining and the collapsing/overriding of the prior/transcended/superseded (as 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure), and so going by their 'relative ontological-effectivity'. This explains why a recurrent-utter-uninstitutionalised, an ununiversalised, a non-positivism/medievalism, or prospectively a procrypticism mindset, by <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag, cannot correspondingly 'dialectically-think' in terms–as-of-axiomatic-construct of the reference-of-thought mindset/reference-of-thought of base-institutionalisation, universalisation, positivism and prospectively deprocrypticism, going by human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor with respect to social-stake-contention-or-confliction in all registry-worldviews, thus rather requiring the corresponding institutionalisation at the corresponding threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (or uninstitutionalised-threshold or socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-

threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation).

However, contrary to the 'incrementalism-in-relative-ontological-incompleteness <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications⟩)' disposition, it is only solipsism-of-thought by its emphasis on intrinsicness (I come to reality alone solipsism) that has the requisite and socially-uncompromised backdrop for construing ontologically-veridical-meaningfulness, that is, 'at such uninstitutionalised-threshold requiring prospective transcendence', by the possibility for its adherence to ontological-normalcy/postconvergence, and hence the requisite transcendental limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ to put the prior/transcended/superseded into question (including and priorly, the transcendental emancipator own's mentation) for the prospective/transcending/superseding reference-of-thought; and so, with the notion that the prior/transcended/superseded is preconverging-or-dementing–apriorising-psychologism as dialectically-out-of-phase/dialectically-primitive, with no place for its '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising' which is no more than its 'internal myth/metaphysics' that has nothing to do with ontological-veridicality/ontological-contiguity. As such, solipsism enables the requisite 'moulting' of human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ of temporal-to-intemporal-dispositions to allow for successive transcendences; and as a social conceptualisation operates as 'a relation of intersolipsistic mindsets in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing led by the preceding/superseding

intercession of intrinsic-reality/ontological-veridicality as validated by ontological-primemovers-totalitative-framework'. (Noting that beyond this point of solipsistic contemplation is the end of ontology, as of ontological-primemovers-totalitative-framework/contingent-projective-and-predicative-validation, and metaphysics arises though metaphysical constructs tend to harken back towards ontology in trying to explain the metaphysical-as-of-existential thus explaining the blurring that often arises between metaphysics and ontology as there is hardly any metaphysical construct that doesn't strive to be existentially relevant as of the present, thus carrying ontological implications of conceptualisation whether it is demonstrably ontologically-veridical or not; and this latter point answers the fundamental philosophical quest to escape metaphysics for ontology as of the very ontological-contiguity—of-the-human-institutionalisation-process which is rather about 'successions of metaphysics-of-absence insights as the successive transcendental-enabling/sublimating rules in reflecting the ontological-contiguity—of-the-human-institutionalisation-process yielding in-lockstep the successively more ontologically profound metaphysics-of-presence construed as the successive institutionalisations as implied by ontological-normalcy/postconvergence' towards the deprocrypticism registry-worldview/dimension which is what then achieves ontology as 'attained ontological-normalcy/postconvergence'. Likewise, since in effect there is hardly any 'present pure-ontology' as one that is beyond existential implications contentions about the purity/absoluteness/unassailability of its veracity, this rather validates a novel and positive construal of metaphysics as that which is subject to present existential implications contentions such that all supposed present ontologies are metaphysical constructs as of their non-elucidations. Hence even science itself despite its positive perspective is a metaphysical construct.) Hence, from a maximalising-recomposuring-for-relative-ontological-completeness insight, the ~~amplituding~~/formative>epistemic-totalising~self-referencing-

syncretising/circularity/interiorising/akrasiatic-drag of 'incrementalism-in-relative-ontological-incompleteness ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩' disposition is rather the prior/transcended/superseded reference-of-thought to be construed as preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase/dialectically-primitive with respect to a prospective/transcending/superseding reference-of-thought that is 'postconverging-or-dialectical-thinking–apriorising-psychologism' as dialectically-in-phase.

- As informing human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor is the idea that the notion in reflecting the ontological-contiguity—of-the-human-institutionalisation-process (accounting for the institutional-cumulation/institutional-recomposure) as 'the-transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness', the notion of 'dynamic-cumulative-aftereffect of subontologisation' by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor (accounting for any given reference-of-thought) as 'registry-worldview/dimension or intradimensional level', and the notion of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor with respect to temporal-and-social-stake-contention-or-confliction (accounting for human registry-soundness/perversion) as 'the-individuations', can be elucidated going by the 'ontological implications' of the Derridean conceptualisations

of Différance, Répétititon, Altérité and Iterabilité (in a further elaboration of the notion of 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' based on the technique of 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness'); and so, in drawing out and analysing the <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity with regards to the 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' of same-terms-of-expressions (seemingly-same-implied-meaningfulness)' wherein there is 'induced alterity/alteration' of 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' of the repetititon/repeatability/recurrence, as 'same-terms-of-expressions (seemingly-same-implied-meaningfulness) by temporal-dispositions is rather 'hollow-constituted' which is then 'ontologically-reconstituted'/deconstructed by the intemporal-disposition, and thus the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness) revealing, in the bigger picture, the alterities/alterations of the the-individuations, the registry-worldview/dimension or intradimensional level and the-interdimension/transcendental'. The insight here is that the spontaneous and generalised human prelogism-reflex-as-existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at/'conviction-as-to-profound-supererogation-reflex'/intemporal-disposition-reflex-admittance-reflex/in-phase-reflex is wrong when dealing with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–(reflected-as-unsoundness-or-inauthenticity-of-reference-of-thought)-⟨registry-worldview/contending-reference/ontological-reference/meaningful-reference/anchoring-of-meaning/registry⟩ arising due to human temporal-compromises/temporal-accommodation incrementalism-in-relative-

ontological-incompleteness disjointedness-as-of-reference-of-thought to 'socially-perceived-value as of social-stake-contention-or-confliction' (whether consciously, expediently or unconsciously) and particularly so at thresholds where there is no deferential-formalisation-transference as institutionalisation (uninstitutionalised-threshold), and this fundamentally undermines the 'ontological validity and veracity' of such a placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology as supposedly of prelogism-reflex-as-existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at/'conviction-as-to-profound-supererogation-reflex'/intemporal-disposition-reflex-admittance-reflex/in-phase-reflex. Beyond our illusion-of-the-present/present-consciousness/mirageas <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag positivistic registry-worldview perspective, we can grasp that the lower registry-worldviews 'mentally projected prelogism-reflex-as-existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at/'conviction-as-to-profound-supererogation-reflex'/intemporal-disposition-reflex-admittance-reflex/in-phase-reflex' are flawed at their uninstitutionalised-threshold, and the same applies to us in ontological-normalcy/postconvergence. The nature of this 'conviction-as-to-profound-supererogation-reflex flaw' is that it actually defines 'a threshold of circularity/recurrence/repetition/repeatability of the failing/not-upholding-<as-of-apriorising/axiomatising/referencing> supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex' in circularity/recurrence/repetition/repeatability, effectively as its uninstitutionalised-threshold. For instance, where a non-positivism/medievalism mindset/reference-of-thought keeps on arguing a case of sorcery recurrently in non-positivism/medievalism terms which inherently defines its placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology as non-positivism/medievalism, and the same insight does applies from

a prospective ontological-normalcy/postconvergence reference (as deprocrypticism) wherein we'll need to psychoanalytically-unshackle/mimeticly-reorder/institutionally-recomposure from a positivism–procrypticism mindset/mental-devising-representation/mentation. Further, the temporal-to-intemporal-dispositions implies that where there is postlogism-and-conjugated-postlogism as uninstitutionalised-threshold, the more ontologically-veridical placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology reflex is actually of preconverging-or-dementing–apriorising-psychologism reflex (and not new logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as 'prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism re-engaging reflex')/temporal-disposition-reflex-reflex/out-of-phase-reflex). Both postlogism and conjugated-postlogism instances of the failing/not-upholding-<as-of-apriorising/axiomatising/referencing> circularity/recurrence/repetition/repeatability at uninstitutionalised-threshold (including associated postlogism-and-conjugated-postlogism) reveal the 'alteration of the same-terms-of-expressions (seemingly-same-implied-meaningfulness)' as temporal-dispositions alterity/alteration. Insightfully, it is this grasp of the uninstitutionalised-threshold (including associated postlogism-and-conjugated-postlogism-of-temporal-dispositions) in the existential-flux of ontologically-veridical in circularity/recurrence/repetition/repeatability of same-terms-of-expressions (seemingly-same-implied-meaningfulness) alternating with ontologically-non-veridical alterity/alterations of same-terms-of-expressions (seemingly-same-implied-meaningfulness)', as Différance, that is critical in defining temporal-to-intemporal-dispositions disambiguated teleological-differentiations. It is the dynamic-extension of this Différance-suprastructurally-disambiguated-mental-dispositions-meaningfulness-as-the-various-temporal-to-intemporal-dispositions in 'dynamic-cumulative-aftereffect of subontologisation' (as

slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect) at the-individuations level to registry-worldview level and the-transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness level that explains the 'alterating iterability dynamism' at these three levels; whether at the-individuations level involving the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> alteration' by temporal-dispositions as slanted-and-formulaic postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> of meaningfulness of the postlogic disposition or 'conjoining looping narratives of flawed-existential-elevation-of-reference-of-thought' of the slanted-and-formulaic perverted meaningfulness as the conjugated-postlogic disposition, meted with the 'ontological-reconstituting–as-of-conflatedness/deconstruction compensating-alteration or realteration of meaningfulness' of the intemporal-disposition), as the basis of the institutionalisation/intemporalisation processs at registry-worldview/dimension or intradimensional level, and ultimately explaining the-transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness level successiveness of institutionalisations (as recurrence-of-utter-uninstitutionalisation, base-institutionalisation/ununiversalisation, universalisation/non-positivism-or-medievalism, positivism/procrypticism, and perpetuation-of-deprocrypticism); and so, by 'a human limited-mentation-capacity-deepening-(<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation) recurrence of intemporal projection over the alterity/alteration, in circularity/recurrence/repetition/repeatability by temporality', and such iterability/iteration (of ontologically-veridical-meaningfulness-and-ontological-

reference) being driven by intemporal-preservation-in circularity/recurrence/repetition/repeatability (as longness-of-register-of-meaningfulness-and-teleology) with the latter 'distracted/circumvented' by temporal-preservation-as-pseudointemporality-preservation alterity/alteration-in circularity/recurrence/repetition/repeatability as shortness-of-register-of-meaningfulness-and-teleology, requiring the further realterity/realteration-of-such temporal-preservation-alterity/alteration-in circularity/recurrence/repetition/repeatability as 'ontological-reconstituting–as-of-conflatedness/deconstruction' by intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in iterability/iteration (for the preservation of ontologically-veridical-meaningfulness-and-appropriateness-of-reference-of-thought-as-of-conflatedness). In the bigger picture and as with all natural iterations, this 'alterations-iterability dynamism' at the-individuation-level takes the form of an existential-flux ('dynamic-cumulative-aftereffect of subontologisation') of recursive/recurrent alterity/alterations which tend to be perpetuating (like the pathological psychopath's disposition out of a faulty-mentation-procedure-deception/'urge'/entitlement-folie of postlogism-slantedness effect) or progressive alterity/alterations which could be regular (like an exacerbation or opportunism interlocutors in conjugated-postlogism) or regressive alterity/alterations which could be momentary (like an ignorance or affordability interlocutors in conjugated-postlogism). The notion of iterability as 'the induced effect of alterity/alterations (by the temporal-dispositions hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and the intemporal-disposition compensation-alterity/alteration by 'ontological-reconstituting–as-of-conflatedness'/deconstruction) in the repeatability/recurrence of same-terms-of-expressions or same-implied-meaningfulness', implies that temporal-dispositions being just as preservational as the intemporal-disposition thus inducing the circular recurrence of

iterability (as prospective successive institutionalisations and uninstitutionalised-thresholds), the exercise of institutionalisation/intemporalisation is not about transforming temporal-dispositions as of an dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation exercise but rather institutionalisation/intemporalisation or secondnaturing, which is about 'skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/constraining towards' the intemporal-disposition for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation to enable the given prospective institutionalisation. Thus the fact is that this iterability (of meaningfulness and ontological-reference) is not a property of 'intrinsic-reality as existence-emanance' but actually the result/effect of human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ coming-into-grips with intrinsic-reality as existence-emanance, and so in the succession of institutionalisations. The implication of this iterability (due to temporality-preservational-alterity/alterations in distraction/circumvention of intemporality-preservation-iteration for construct of intemporal/ontologically-veridical meaningfulness) is that all issues of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (as opposed to issues of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation), can only be construed as implying 'a perpetual construct for upholding intemporality-in-preservational-compensation-alterity/alteration over temporality-in-preservational-distorting-alterity/alterations' hence validating the notion of intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as ontological-normalcy/postconvergence; and that

2443

the 'illusion-of-definitiveness-of-ontological-construal-on-the-basis-of-an-intemporal/ontological-definitive-construct-as-a-common-ontological-reference-of-the-meaningfulness-of-the-various-temporal-to-intemporal-dispositions' is wrong, as this simply allows for temporality-in-preservational-alterity/alterations to 'hollow-constitute' at that supposed 'intemporal/ontological-definitive-construct-as-a-common-ontological-reference-of-the-meaningfulness-of-the-various-temporal-to-intemporal-dispositions'. And just as we grasp this notion of 'the-upholding-of-intemporal/ontologically-veridical-meaningfulness' at the-interdimension level where the registry-worldviews/dimensions are intemporally 'ontologically-reconstituted'/deconstructed, only to be temporally 'hollow-constituted' requiring prospective intemporal 'ontological-reconstituting–as-of-conflatedness'/deconstruction explaining the successive institutional-cumulation/institutional-recomposure, rather than going by the wrong idea of an 'illusion-of-definitiveness-of-ontological-construal-on-the-basis-of-an-intemporal/ontological-definitive-construct-as-a-common-ontological-reference-of-the-meaningfulness-of-the-various-temporal-to-intemporal-dispositions', likewise at registry-worldview level, 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' ensures that (by factoring in the distraction/circumvention of intemporally/ontologically-veridical-meaningfulness in circularity/recurrence/repetition/repeatability, by temporal-preservation-alterity/alteration in circularity/recurrence/repetition/repeatability, requiring the further intemporal-preservation compensation-alterity/alteration of such temporal-preservation-alterity/alteration in circularity/recurrence/repetition/repeatability to uphold intemporally/ontologically-veridical-meaningfulness) the intemporal-disposition doesn't imply a same/common reference-of-thought with temporal-dispositions, and in so doing avoid to wrongfully elevate postlogism-and-conjugated-postlogism in preconverging-or-dementing-integration-of-temporal-dispositions to a 'conviction-as-to-profound-supererogation-reflex' rather as of

postconverging-or-dialectical-thinking–apriorising-psychologism when dealing with their meaningful-reference-defect/registry-defect/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> defect. The implication being that the intemporal-disposition ontological-reference of meaningfulness is suprastructural (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) of the postlogism-and-conjugated-postlogism which is in preconverging-or-dementing-integration-of-temporal-dispositions (which explains the latter subontologisation (in-a-social-dynamism-of-meaningfulness-misappropriation) by slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect). Ultimately the philosophical pessimism of many a philosopher stems from this confusion about the achievement of human emancipation and virtue, in naively construing that such an achievement is a definitiveness-construct-of-meaningfulness rather than an 'iterability-construct-of-meaningfulness for the upholding of the intemporal construct of ontologically-veridical-meaningfulness' as implied by the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-normalcy or postconvergence. Strangely enough, this idea can be derived from the contrastive implications of metaphysics-of-presence (with its illusion-of-the-present/present-consciousness/mirage/epistemic-totalising~self-referencing-syncretising) and metaphysics-of-absence as postdication (suprastructuring transcendental-insight-projection-capacities). Ontologically speaking, the institutional-cumulation/institutional-recomposure in their evolving ontological-dementation/dialectical-dementation–stranding/attributive-dialectics registry/registry-worldview/ontological-reference dialecticisms as at one moment 'postconverging-or-dialectical-thinking–apriorising-psychologism' and at another preconverging-or-dementing–

aprioring-psychologism are effectively a reflection of the reality of a dynamic dialectics of 'metaphysics-of-presence' and 'metaphysics-of-absence' retracing of ontologically-veridical placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology retrospectively, presently and prospectively, going by a human shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ institutionalisation/intemporalisation process. Such an insight points out that a non-positivism/medievalism 'metaphysics-of-presence' will 'wrongly be contending' on the basis of a non-positivism/medievalism reference-of-thought with regards to issues of sorcery and so and so, instead of the requisite 'metaphysics-of-absence' as a suprastructuring transcendental-insight-projection into positivistic (rational-empiricism) mindset/reference-of-thought that supersedes the 'flaws-and-manipulations' or vices-and-impediments involved in such a non-positivism/medievalism setting reference-of-thought; in need of deconstruction/(engaged)-destruktion/'ontological-reconstituting–as-of-conflatedness' into prospective suprastructuring positivism reference-of-thought of ontologically-veridical meaningfulness, and so, 'as the suprastructuring construal-⟨as-of-'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-aprioring-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>–as-to-uninstitutionalised-threshold-self-referencing-and-subtransversality-of—aprioring/axiomatising/referencing'-and-'corresponding-ontological-reconstituting–as-of-conflatedness-of-veridical-reference-of-thought-as-prospective-institutionalisation/supratransversality—aprioring/axiomatising/referencing'⟩ delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology of ontologically-veridical-meaningfulness that is not actually spoken-of by non-positivism/medievalism mindset/reference-of-thought wrongly contending'; with the Derridean (existential)-trace

being the suprastructuring positivistic reference-of-thought of ontologically-veridical meaningfulness with respect to intrinsic-reality. Such an insight can certainly be grasped with respect to procrypticism and deprocrypticism as well, with the associated postlogic perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomena. The ontological-normalcy/postconvergence referentialism perspective inherently carries the requisite suprastructuring transcendental-insight-projection for fulfilling the promise of 'metaphysics-of-absence' as postdication. Paradoxically, postdication (as metaphysics-of-absence) highlights that ontological-normalcy/postconvergence is rather conceptualised more effectively with the present-considered-as-being-in-epistemic-abnormalcy/preconvergence-perspective-(preconverging-or-dementing–apriorising-psychologism-reference-of-thought)-and-hence-suprastructurable by 'metaphysics-of-absence'-perspective-('postconverging-or-dialectical-thinking–apriorising-psychologism'-reference-of-thought) which is then actually prospective (to-resolve-the epistemic-abnormalcy/preconvergence); and not 'metaphysics-of-presence' conceptualisation which 'wrong pretence of being in ontological-normalcy' is actually stifling the prospective orientation by its illusion-of-the-present/present-consciousness/mirageas <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag. This posture is validated by the decreasing epistemic-abnormalcy/preconvergence nature of the successive institutional-cumulation/institutional-recomposure from retrospective to present to prospective, whereby there is decreasing epistemic-abnormalcy/preconvergence as the institutionalisation/intemporalisation process veers towards ontological-normalcy (from recurrent-utter-uninstitutionalisation to base-institutionalisation to universalisation to positivism and prospectively to deprocrypticism). With respect to the postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-

supererogation perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (reflected as mental-perversion/unsoundness-or-inauthenticity-of-reference-of-thought) phenomenon of psychopathy and social psychopathy, the Derridean (existential)-trace as the suprastructuring transcendental-insight-projection (metaphysics-of-absence) reference-of-thought, wherein there is perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of positivistic reference-of-thought of ontologically-veridical meaningfulness as procrypticism preconverging-or-dementing –apriorising-psychologism, in need of deconstruction/(engaged)-destruktion/ontological-reconstituting–as-of-conflatedness into prospective suprastructuring deprocrypticism reference-of-thought of ontologically-veridical meaningfulness, and so, 'as the suprastructuring as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology that is not actually spoken-of by our procrypticism and postlogic/psychopathic mindsets/reference-of-thought wrongly contending'; as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology being (metaphysics-of-absence) suprastructuring deprocrypticism reference-of-thought of ontologically-veridical meaningfulness with respect to intrinsic-reality. Such temporally-preservational-as-pseudointemporality-preservation iterability-(of-ontological-veridicality)-by-(hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>)-alteration/alterity associated with psychopathy and social psychopathy takes the form of absolving/fleeting/escaping-reflex-logic wherein the postlogic mindset/reference-

of-thought is all about parasitising/co-opting the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reference-of-thought (registry/meaningful-reference/anchoring-of-meaning/contending-reference/ontological-reference/registry-worldview) by simply projecting and implying false forms of reference-of-thought–categorical-imperatives/axioms/registry-teleology that are not in intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and so in temporal-preservation-as-pseudointemporality-preservation as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology, with the fundamental faulty-mentation-procedure-deception-or-urge being the wrongful validation as supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism of its reference-of-thought in the very first place as in reality the reference-of-thought reflected from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview will be suprastructural to it (or beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of the procrypticism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as reflected/perspectivated as preconverging-or-dementing–apriorising-psychologism). The idea equally is that as a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, there isn't any 'definitiveness-intemporal/ontological-construal-of-meaningfulness-as-there-is-no-common-reference-of-thought-relative-to-the-temporal-to-intemporal-dispositions' but rather 'iterability-(of-ontological-veridicality)-by-(ontologically-reconstituting/deconstructing)-

alteration/alterity-for-intemporal/ontological-construal-as-the-basis-for-suprastructurally-disambiguating-reference-of-thought-of-the-various-temporal-to-intemporal-dispositions' in grasping and preempting postlogism and temporal-dispositions-conjugated-postlogism in temporal-preservation-as-pseudointemporality-preservation. As by implying rather a 'definitiveness-of-intemporal/ontological-construal-of-meaningfulness-on-the-basis-of-a-common-reference-of-thought-relative-to-the-temporal-to-intemporal-dispositions' will just be a basis for the further iterability-(of-ontological-veridicality)-by-(hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>)-alteration/alterity of ontologically-veridical meaningfulness by the postlogism-and-temporal-dispositions-conjugated-postlogism as the fundamental ontological-primemovers-totalitative-framework agency hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> in alterity/alteration' by 'perverting the reference-of-thought of ontologically-veridical meaningfulness' in iteration/succession; as a 'dynamic-cumulative-aftereffect of subontologisation' (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect) as shortness-of-register-of-meaningfulness-and-teleology. Thus avoiding wrongly implying their dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation transformation as instigative intemporal-disposition (longness-of-register-of-meaningfulness-and-teleology), but rather 'institutionalisation-skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)' in the social-construct for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-

normalcy/postconvergence which always factor in human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ by a re-equilibrating metaphysics-of-absence/postdication, as secondnaturing. It is this understanding of postlogism-and-conjugated-postlogism in preconverging-or-dementing-integration-of-temporal-dispositions as a 'dynamic-cumulative-aftereffect of subontologisation' as 'perverting, by alterity/alteration, the reference-of-thought of ontologically-veridical meaningfulness' in iteration/succession', wherein new sets of denaturing slanted-and-formulaic-postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> (absolving/fleeting/escaping-reflex-logic) involving their conjoining as 'conjoining-looping-set-of-narratives of flawed-existential-elevation-of-reference-of-thought' by temporal-dispositions-conjugated-postlogism, as well as extrinsic-attribution with different sets of interlocutors in succession underlies the psychopathic and social psychopathy phenomenon, 'with emphasis being rather on examining this alterity/alteration as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology as 'successive slanted-and-formulaic-postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> with their corresponding conjoining-looping-set-of-narratives' perverted-meaningfulness and extrinsic-attribution with successive sets of interlocutors and as conjugated-postlogism mental-dispositions equally assume a purposefulness of their own (that must be factored-in when analysing psychopathic/postlogic and social-psychopathic situations), in grasping the true nature of the fundamental psychopathic-postlogism-and-other-temporal-conjugated-postlogism mental-dispositions in 'dynamic-cumulative-aftereffect of subontologisation' (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-

drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect)', and so, as of aetiologisation/ontological-escalation in grasping the importance of social and formal institutionalisation percolation-channelling in the construing of institutionalised deconstruction/(engaged)-destruktion as psychoanalytic-unshackling/memetic-reordering/institutional-recomposure in the medium to long-run as with other perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s in prior institutionalisations (for instance a scientific worldview over notions-and-accusations-of-sorcery in medieval times). The insight from an ontological-normalcy/postconvergence epistemic/notional~projective-perspective with regards to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> arises by the mere fact that the registry-worldview's/dimension's prior relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, upon instigation of postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation by conjugating to temporal-dispositions inducing 'registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> or intradimensional' as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology. This is the abstract foundation that defines

registry-worldviews/dimensions uninstitutionalised-thresholds, and so, as fundamentally imbued in human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor which is structurally/paradigmatically susceptible to relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', up to deprocrypticism which when effectively achieves escapes uninstitutionalised-threshold by the mere fact that deprocrypticism psychologism is one that factors in in its (recomposured)-consciousness-awareness-teleology the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. Thus issues of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> including postlogisms are more-than-just-and-beyond an issue of a temporal frame of contemplation as this requires an overall registry-worldview/dimension transcendental structural/paradigmatic resolution, as of the comprehensive ontologising of notional~deprocrypticism with respect to notional~procrypticism, notwithstanding the further palliative conceptualisation of the necessity of the resolution as of temporal existentialising—enframing of issues of psychopathy in the present positivistic registry-worldview. Thus psychopathy and social psychopathy should rather be related to suprastructurally (as preconverging-or-dementing–apriorising-psychologism consciousness-awareness-teleology which reference-of-thought is invalid in the very first instance, going by ontological-normalcy/postconvergence epistemic/notional~projective-perspective for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). The nature of perversion-of-reference-of-thought-<as-effectively-apriorising-in-

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> structural-resolution is very much in line with human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor which represents that any transcendence is a secondnatured institutionalisation/intemporalisation exercise of untenability/internal-contradiction/internal-incoherence/institutional-constraining on human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor mental-dispositions 'induced by social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the prior registry-worldview's/dimension's unsound reference-of-thought of meaningfulness with respect to that of the prospective registry-worldview's/dimension's and the positive-opportunism thereof', and thus undermining human temporal-preservation-as-pseudointemporality-preservation behind the uninstitutionalised-threshold and institutionalisation/intemporalisation secondnaturing; and not as may wrongly be construed as an emanance transformation exercise from temporal-dispositions as shortness-of-register-of-meaningfulness-and-teleology to intemporal-disposition as longness-of-register-of-meaningfulness. This latter point is to highlight that ontological focus should rather be placed on the 'abstract conceptualisation that enables institutionalisation-as-virtue and not any naïve purported presencing—absolutising-identitive-constitutedness poorly appreciative of dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation, as in the bigger scheme of things the latter is delusional (for an animal whose potency under social-stake-contention-or-confliction is rather as of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—

imbued-temporal-to-intemporal-dispositions–existentialism-form-factor thus needing its secondnatured skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating as deferential-formalisation-transference to the intemporal for its transcendence) and that's why society and more specifically formal organisations 'operate on the clairvoyance of institutionalising principles and rules', and 'not the purported impression-driven/good-naturedness dispositions of the one or the other', as this is an unsustainable construct and is simply a call for institutional failure in the middle to long run. A human secondnaturing institutionalising construct is a requisite because, at best even the intemporal-disposition individuation in individuals purporting prospective emancipation comes from and are from the stock of the prior reference-of-thought uninstitutionalised-threshold registry-worldview/dimension, and such prospective emancipation involves such individuals own 'moulting', as actually intemporality/longness is a 'potential construct of orientation' as implied by ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) and it is only a devised institutionalisation construct as secondnaturing that achieves that potential-construct-of-orientation and not any naïve inherently intemporal-disposition in individuals. By that token there is no base-institutionalised individual in recurrent-utter-uninstitutionalisation, no universalised individual in ununiversalisation, no positivistic individual in non-positivism/medievalism, and prospectively no deprocrypticism individual in procrypticism, as at best such emancipating intemporal individuals are 'moulting' their intemporal individuations and implying-of-the-same of their registry-worldview in prospective institutionalisation design/conceptualisation, as the effective institutionalisation is what is really and effectively attained.

- As the notion of 'dynamic-cumulative-aftereffect of ontology and subontologisation (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect),' is rather an operant conceptualisation that highlights the need for an operant conceptualisation of psychology in grasping human dynamics. But then psychological science as we know today in many ways mainly takes the form of an adjunct construct in grasping the social as is equally the case with social psychology; as the focus of can mostly be resumed to 'identity' of individual dispositions such that psychology tends more to have a subjective intercessory practice nature involving intersubjective valuation). Thus, as with all such approaches it is hardly surprising that we haven't got an academic 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' (as an ontology-driven <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context conceptualisation); but rather a 'psychology of qualifications' as is equally the case with social psychology. The author as previously implied with the notion of a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' perceives the need for defining human psychology from a transcendentally-enabling-level–of-authenticity/objectification/desubjectification-as-objectification/ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality/antinihilism and thus operant perspective of

ontologically-dynamic-and-coherent construal/conceptualisation, as a profound superseding–oneness-of-ontology. This is implied in ontological-normalcy/postconvergence, and should be more precisely invigorated in the construal/conceptualisation of the 'reference-of-thought as futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview/dimension as metaphysics-of-absence of the positivism/procrypticism reference-of-thought metaphysics-of-presence'; implying an ontologically-driven conceptualisation of 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' as the prospective psychoanalysis, implying the epistemic-abnormalcy/preconvergence perspective (preconverging-or-dementing–apriorising-psychologism reference-of-thought) of the prior positivism/procrypticism with respect to ontological-normalcy perspective of futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism ('postconverging-or-dialectical-thinking–apriorising-psychologism' reference-of-thought). With ontology-driven implying that our placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology is just a 'placeholder-setup' that doesn't has any inherent ontological validity, but is rather as valid as its representation/schedule of ontology/ontologically-veridical-meaningfulness/intemporality, such that with the insight of more profound ontology/ontologically-veridical-meaningfulness/intemporality, the 'placeholder-setup' as placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology is accordingly rescheduled psychoanalytically ('postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure), validating and explaining why

our placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology has been developing all along from the mindset/reference-of-thought of an recurrent-utter-institutionalised, base-institutionalised, universalised and positivised, with the implication that the latter's mindset/reference-of-thought is not beyond prospective transcendence where such prospectively more profound ontology is demonstrated to imply a renewal of human reference-of-thought of meaningfulness (as deprocrypticism), and with the further implication that all along it is essentially about a same species of a same underlying human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor induced dynamism of shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩. In fact, psychoanalysis is actually a natural existential human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology process with the difference that such comprehensively conceptually-directed constructs as is implied with deprocrypticism with respect to the present positivism/procrypticism are relatively more focussed and thus potent where 'ontologically-pertinent and so-demonstrated to be ontologically-pertinent'; and by and large form part and parcel of the human psychoanalytic experience with regards to passive to conceptually-directed constructs of human teleological projection. Transcendence (prospective) as a placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology effectuation, is not technically achieved as may naively/counterintuitively be implied by construing directly of a prospective placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology (from the present) but rather, on the basis of 'prospective reference-of-thought transcendental insights', it correspondingly implies 'construing the present as metaphysics-of-present as the transcended/superseded/prior placeholder-setup/mental-devising-

representation/mentation' to be represented as 'preconverging-or-dementing–apriorising-psychologism reference-of-thought', and so implied by the 'prospective reference-of-thought transcendental insights', such that the prospective (transcending/superseding) placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology defect as 'postconverging-or-dialectical-thinking–apriorising-psychologism reference-of-thought' is naturally implied as being the new and prospective suprastructuring, (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) of the 'old present'/retrospective as prior. That is it is critical to grasp that ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of 'postconverging-or-dialectical-thinking–apriorising-psychologism' and preconverging-or-dementing–apriorising-psychologism is never about generating a prospective 'postconverging-or-dialectical-thinking–apriorising-psychologism' (with respect to the present as 'postconverging-or-dialectical-thinking–apriorising-psychologism'), but such ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is rather about decentering and preconverging-or-dementing–apriorising-psychologism/oblongating the placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of the present as preconverging-or-dementing–apriorising-psychologism which becomes 'old-present'/retrospective as prior' and dialectically ushering contrastively from that backdrop a new and prospective 'postconverging-or-dialectical-thinking–apriorising-psychologism'. This is actually about maximalising-recomposuring-for-relative-ontological-completeness of the implied prospective meaningful-reference/anchoring-of-meaning/ontological-reference/contending-reference, rather than attempting its elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity which will 'wrongly make reference to and wrongly elevate', and so by mix-up, the prior reference-of-thought as veridical. Maximalising-

recomposuring-for-relative-ontological-completeness being about optimally rescheduling the 'placeholder-setup' (as placeholder-setup/mental-devising-representation/mentation) with regards to ontologically-veridical-meaningfulness, on the ontological backdrop of a more profound superseding–oneness-of-ontology construal/conceptualisation of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context. This involves a pointedness-of-prospective reference-of-thought which maximalising-recomposuring-for-relative-ontological-completeness then 'upholds in contiguity' the 'trace of disambiguated-mental-dispositions-and-meaningfulness implied by intemporal/conviction-as-to-profound-supererogation mental-dispositions, postlogism/psychopathic mental-dispositions and conjugated-postlogism/preconverging-or-dementing-integration mental-dispositions' as universal and aetiological ontological-primemovers-totalitative-framework construct, (while equally reflecting the flaws induced in misrepresenting ontological-references arising from elaborative elucidation), on the backdrop of a more profound superseding–oneness-of-ontology construal/conceptualisation. As maximalising-recomposuring-for-relative-ontological-completeness achieves this by not letting non-veridical/vacuous hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> reference-of-thought by postlogism/psychopathic and conjugated-postlogism/preconverging-or-dementing-integration mental-dispositions wrongly being implied as sound reflection of existentialist/'ontologically-reconstituting' reference-of-thought and thus wrongly implying their ontological-veridicality, and equally avoiding their perversion-of-representation of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as to intemporal mental-dispositions by the 'mere ontological-decontextualising' (of the latter rightfully existentially-veridical reference-of-thought) implied in their non-veridical/vacuous hollow-constituting-

<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> reference-of-thought; such that a placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology defect as preconverging-or-dementing–apriorising-psychologism by mere non-veridical/vacuous hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (of reference-of-thought) is what restores the ontologically-veridical 'existentialist reality' reference-of-thought. Thus unlike elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity what maximalising-recomposuring-for-relative-ontological-completeness enables is to uphold in contiguity ontological-reality as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology in other to reflect that the 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomena' is as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology reflecting/perspectivating registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> even though it is iterating-by-alterations, whereas elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity will erroneously lead to a reassessment of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-

worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance by wrongly implying that it is an issue of defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance whereas it is an issue of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and thus not upholding intemporality/longness in the contiguity as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology and reflected/perspectivated as structural/paradigmatic registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> or intradimensional defect'. Basically, maximalising-recomposuring-for-relative-ontological-completeness creatively puts into perspective temporality/shortness in non-veridical/vacuous hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> terms as 'shallow superseding–oneness-of-ontology construal/conceptualisation', and longness-of-register-of-meaningfulness-and-teleology in existentialist/'ontologically-reconstituting' terms as 'deeper superseding–oneness-of-ontology construal/conceptualisation' veering towards transcendence. That is, by transcendence is meant dispose to construe the ontological resolution of registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>

transcendentally/transdimensionally/interdimensionally, as needing a prospective registry-worldview/dimension; for instance, capable of putting in question medieval intradimensional superstition in the first place supersedingly/transcendentally by implying the need for positivising rather than a usual temporalities-drives reciprocity of superstitious contentions or

capable of putting into question positivism–procrypticism postlogism-and-conjugated-postlogism in the first place supersedingly/transcendentally by implying the need for deprocrypticism rather than temporalities-drives reciprocal equivalence of procrypticism/disjointedness-as-of-reference-of-thought. Further the notion of deeper superseding–oneness-of-ontology conceptualisation and shallow superseding–oneness-of-ontology conceptualisation, central to a maximalising-recomposuring-for-relative-ontological-completeness, can be demonstrated as follows: supposed A has the (existentially veridical) mental projection with respect to say a housing project and undertook the initiative of bringing together and obtaining advanced payments from prospective buyers for the project, and B was to by non-veridical/vacuous hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> mental-disposition spread stories of the scheme being a scam (not to the buyers who have all the documentations validating the genuineness of A's housing project) but rather other interlocutors mainly to undermine A's business credibility, and so whether B is pathological/psychopathic or postlogicly-enculturated, and supposed some other interlocutors, not only by ignorance but affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation further engaged in such vilifying (as social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of their mental denaturing disposition is socially opaque); engaging meaningfulness at a same reference-of-thought will wrongly imply that there is an issue of 'logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation' at hand rather than in veridicality one of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, requiring instead a maximalising-recomposuring-for-relative-ontological-completeness that is

'postconverging-or-dialectical-thinking–apriorising-psychologism' from the 'deeper superseding–oneness-of-ontology construal/conceptualisation' as existentialist/'ontologically-reconstituting' of A as intemporally-preservational, (in a pointedness of deprocrypticism prospective reference-of-thought which maximalising-recomposuring-for-relative-ontological-completeness then 'upholds in contiguity' the 'trace of disambiguated-mental-dispositions-and-meaningfulness implied by intemporal/conviction-as-to-profound-supererogation deprocryptic mental-dispositions, postlogism/psychopathic procryptic mental-dispositions and conjugated-postlogism/preconverging-or-dementing-integration procryptic mental-dispositions' as universal and aetiological ontological-primemovers-totalitative-framework construct), and reflecting in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as both B's postlogism 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as procrypticism/disjointedness-as-of-reference-of-thought mental-perversion/unsoundness-or-inauthenticity-of-reference-of-thought disposition' ontological/being-construal-defect together with B's interlocutors' conjugated-postlogism/preconverging-or-dementing-integration 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as procrypticism/disjointedness-as-of-reference-of-thought mental-perversion/unsoundness-or-inauthenticity-of-reference-of-thought dispositions' ontological/being-construal-defects (as temporally-preservational-as-pseudointemporality-preservation); and so, going by the ontological-normalcy/postconvergence nature of intrinsic-reality/ontology that precedes, is abject and doesn't increment with human placeholder-setup/mental-devising-representation/mentation, and further so in 'intellectual-and-moral in-equivalence', not only as an incidental/on-occasion ontological/being-construal-defect' phenomenon but a potent

intradimension construal/conceptualisation of the basis of vices-and-impediments in metaphorically-a-million-and-one-instances-and-locales/aetiologisation/ontological-escalation. That is, just as from a positivistic perspective (as metaphysics-of-absence), an incidental/on-occasion phenomenon of notions-and-accusations-of-sorcery in a medieval setup (as metaphysics) intemporally/ontologically elicits a conceptualisation of how such 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as mental-perversion/unsoundness-or-inauthenticity-of-reference-of-thought dispositions' of ontological/being-construal-defects define human vices-and-impediments in medieval setups, that's the same elicitation going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor which is intemporally/ontologically prompted with an on-occasion/incidental manifestation of postlogism and conjugated-postlogism/preconverging-or-dementing-integration ontological/being-construal-defects in our positivistic/procrypticism registry-worldview from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview ontological point-of-reference (as the deeper superseding–oneness-of-ontology construal/conceptualisation, rather of a transcendental/abject nature in line with intrinsic-reality/ontology, and not incremental). A rule of thumb with maximalising-recomposuring-for-relative-ontological-completeness will be to void the wrongly implied existentialist-as-ontologically-veridical-meaningfulness by perceiving the reference-of-thought of postlogic/psychopathic and conjugated-postlogism/preconverging-or-dementing-integration mental-dispositions as purely non-veridical/vacuous hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>. Effectively,

reality/existence/being as becoming is actually an 'unwinding elucidation' model construct. However, since meaningfulness involves an interceding placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology as reference-of-thought in relation to intrinsic-reality/ontology and given our limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, there thus tend to develop a mix-up of our representation (with unsound/vacuous/denaturing hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of reference-of-thought–categorical-imperatives/axioms/registry-teleology) when reflecting/perspectivating ontologically-veridical existential reality, such that there is a rule of recurrence in existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology defined by the uninstitutionalised-threshold which arises structurally and accounts for vices-and-impediments. This is more than just a question of acts-execution/logical-processing defects but registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>, that speaks of the registry-worldview's/dimension's inherent relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation. That is at the basis of the <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag nature of a registry-worldview/dimension vices-and-impediment. This is equally why epistemologically-speaking categorisation schemes tend to be incomplete and requiring further re-categorisations and readjustments as

rather construed/conceptualised on an epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag basis of organisation that isn't in the full potency for grasping intrinsic reality and requiring further adjustments all along (the whole exercise actually being 'ad-hoc referentialism'), and why referentialism as previously articulated, though 'relatively abstract as a notion of representation' is a conceptualisation basis needing constant insights, it is actually a better conceptualisation scheme of prospective being/becoming notions particularly of an ephemeral nature. Just as we will represent the non-positivism/medievalism placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology allusions to superstition in its <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag as abjectly preconverging-or-dementing–apriorising-psychologism and unintelligible/existentially-suprastructural and being as of elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity with it will wrongly imply the ontological-veridicality of its meaningfulness, a deprocrypticism placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of a procrypticism mindset/reference-of-thought will rather be abjectly preconverging-or-dementing–apriorising-psychologism and unintelligible/existentially-suprastructural of 'our procrypticism terms of meaningfulness' and will equally avoiding elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity recognition of the soundness of our procrypticism/disjointedness-as-of-reference-of-thought at the (deprocrypticism) unintemporalised/solipsistic/recomposuring/animality-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in other to effectively and adequately reflect the requisite metaphysics-of-absence necessary to act as the

referenced/registered/decisioned–psychical-backdrop for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism, as implied by ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as-uninstitutionalised-threshold-suprastructuring stranding-dialectics that is the mechanism that enables 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. *The fundamental ontological/meaningful question is: which is the 'superseding reference-of-thought, from where meaningfulness is aligned as 'thinking and contending' over the 'perverting/superseded reference-of-thought' aligned to as 'preconverging-or-dementing–apriorising-psychologism and not-contending'? 'Anchoring-of-meaning as base-institutionalisation' over recurrent-utter-uninstitutionalisation, 'anchoring-of-meaning as universalisation' over perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-base-institutionalisation-as-ununiversalisation, 'anchoring-of-meaning as positivism' over perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-universalisation-as-non-positivism/medievalism or 'anchoring-of-meaning as deprocrypticism' over perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-positivism-as-procrypticism. A 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' will actually be about a novel construal of the social as 'metaphysics-of-absence'/postdication of the individual as 'metaphysics-of-presence'; with the implication that the concepts and conceptualisations of the individual of the current 'psychology of qualification and qualification schemes' are

actually and effectively construed by the 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' as of a postconvergent/ontological-normalcy cadre and as becoming into the social, for its analytic purposes and framework. 'Possibly' this won't imply 'doing away' with concepts and conceptualisations of the current 'psychology of qualifications and qualification schemes', but will however be uncompromising with respect to being ontology-driven, and thus 'possibly' enable the reconstrual of such psychology concepts as the self, ego, id, etc. in their metaphysics-of-absence/postdication (as the existential social) articulation. Insightfully, a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' rather mobilises maximalising-recomposuring-for-relative-ontological-completeness as is necessarily the case with all metaphysics-of-absence/postdication conceptualisations (which must avert the mix-up induced by the illusion-of-the-present/present-consciousness/mirageas ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag as metaphysics-of-presence) in ontologising/ontological-conceptualising. This thus validates and operates on the fundamental assumption that the individual-as-of-its-temporal-to-intemporal-individuation-potency is an abstract-atomic-social-construct capable-of-and-as-the-basis-for-both-social-effectuation-and-institutionalisation/intemporalisation. What is then qualified as social phenomenon is determined and effectively deconstructible/ontologically-reconstitutable from the inherent dynamism of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor; and in construing/conceptualising the 'transcendence and skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating)/deferential-formalisation-transference' of

meaningfulness-(and-value) towards the intemporal-disposition (ontologisation/ontological-veracity/aestheticisation-towards-ontology – tautologically construed as ontology-in-the-advancement-of-intemporality or institutionalisation or intemporalisation) of that abstract-atomic-social-construct or individual-as-of-its-temporal-to-intemporal-individuation-potency. At all registry-worldview/dimension-levels, for there to be transcendence prospectively as the 'structural/paradigmatic resolution of the vices-and-impediments of the prior/transcended/superseded registry-worldview/dimension', human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor implies that the 'determination of the 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' of the human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology involving iterability-by-alterations-and-realterations as 'ontological-reconstituting–as-of-conflatedness' realterations over hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> alterations in upholding ontology over subontologisation and so beyond-intradimensional-institutionalisation-limits/transcendentally/transdimensionally/interdimensionally, is what effectively allows for the 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure that sustains the possibility for human-cross-generational prospective institutionalisation transcendence towards ontological-normalcy. As previously indicated, a registry-worldview/dimension ontological/being-construal-defect (as

its subontologisation) is 'not caused' by compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism, whether pathological/psychopathic or enculturated, (as this is priorly due to the inherent registry-worldview's/dimension's uninstitutionalised-threshold 'in wait' for such compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism elicitation of its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, for instance, the state of being superstitious in non-positivism/medievalism is itself 'in wait' for notions-and-accusations-of-sorcery to elicit its threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism in such a social-setup by corresponding non-positivism/medievalism compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism), whereas the positivistic registry-worldview reference-of-thought has the prospective relative-ontological-completeness-of-reference-of-thought for the eliciting of such a notions-and-accusations-of-sorcery threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism not to arise. However, as highlighted again previously, the subsequent temporal-preservation-as-pseudointemporality-preservation of a registry-worldview's/dimension's subontologisation is largely due to the perpetuating recurrence, as an intradimensional dynamic-cumulative-aftereffect, of such pathological/psychopathic-and-enculturated compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism and conjugated-postlogism/preconverging-or-dementing-integration that undermine and blur recurrently intemporal-disposition supplanting–conviction-as-to-

profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism to induce social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the registry-worldview's/dimension's ontological/being-construal-defect as unsound reference-of-thought of meaningfulness and the positive-opportunism thereof' for prospective institutionalisation transcendence and leading to the registry-worldview's/dimension's uninstitutionalised-threshold endemised/enculturated temporal-preservation-as-pseudointemporality-preservation. This aspect of postlogism and conjugated-postlogism/preconverging-or-dementing-integration temporal-preservation-as-pseudointemporality-preservation endemisation/enculturation is thus the more salient construal for the de-endemisation/de-enculturation of ontological/being-construal-defect as unsound reference-of-thought of meaningfulness, as defined by recurrence and 'non-transient transcendability' at the uninstitutionalised-threshold; (in contrast with either a state of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation that doesn't speak of 'recurrence of perversion/unsoundness of reference-of-thought' or an 'abstract' state of inherent uninstitutionalised-threshold but which is 'transiently transcendable' as it is not in temporal-preservation-as-pseudointemporality-preservation instigated by postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation). Thus it is the condition of 'recurrence' and 'non-transience' transcendability arising from postlogism and conjugated-postlogism/preconverging-or-dementing-integration that is ontologically relevant for ontological-reconstituting–as-of-conflatedness/deconstruction for prospective transcendability (as it conceptually defines the successive uninstitutionalised-thresholds of recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and procrypticism), and it basically encapsulates the phenomenality of preconverging/dementing–

apriorising-psychologism mental-devising-representation of postlogism and temporal-dispositions-conjugated-postlogism so-construed as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (and so-reflected of the registry-worldview's/dimension's social-construct of temporal-to-intemporal-dispositions at its uninstitutionalised-threshold defined by recurrence and 'non-transient transcendability').

Thus subontologisation is induced as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism so-associated with postlogism-and-conjugated-postlogism leading to temporal-preservation, and so at a registry-worldview's/dimension's uninstitutionalised-threshold defined by recurrence and 'non-transient transcendability'. The 'maximalising-recomposuring-for-relative-ontological-completeness construct' for prospective institutionalisation transcendence is thus fundamentally grounded on the 'backdrop' of the construal of the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism which is reflected and superseded postconvergently as of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism in existentially-veridical ontology as shallow to deeper superseding–oneness-of-ontology construal/conceptualisation. The so-reflected 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' is actually central to suprastructuring or a conceptualisation that can integrate both relevant metaphysics-of-presence and metaphysics-of-absence, with the capacity of easily reflecting both preconverging-or-dementing–apriorising-psychologism and postconverging-or-dialectical-thinking–apriorising-psychologism as implied from a renewed

human mentation transcendental insights (in reflexivity) about intrinsic-reality/ontological-veridicality. Threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism implies that at registry-worldview's/dimension's uninstitutionalised-threshold at which they are prospectively reflected/perspectivated as being in epistemic-abnormalcy/preconvergence (as shallow superseding–oneness-of-ontology construal/conceptualisation) with respect to ontological-normalcy/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (as deeper superseding–oneness-of-ontology construal/conceptualisation), correspondingly the ontological-veridicality of human dispositions is construed as requiring a temporal-to-intemporal-dispositions disambiguation of reference-of-thought (rather than naively, an assumption of universal human intemporal-disposition as reflected/perspectivated within a functional institutionalised registry-worldview existentialising—enframing'), with the implication that the 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' are actually of disambiguated temporal-to-intemporal-dispositions reference-of-thought and meaningfulness. This broadly sums up the importance of elucidating the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism when it comes to registry-worldviews/dimensions construed as to their uninstitutionalised-thresholds as being in epistemic-abnormalcy/preconvergence, as it enables the conceptual articulation of meaningfulness that the 'perspective of a functionally institutionalised registry-worldview/dimension existentialising—enframing' doesn't permit beyond its <amplituding/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage limits at its uninstitutionalised-threshold. The suprastructuring effect of threshold-of–nonconviction/madeupness/bottomlining-as-to-

shallow-supererogation—preconverging/dementing–apriorising-psychologism is what actually allows to prospectively reflect/perspectivate perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and as dialectically-out-of-phase/dialectically-primitive at the uninstitutionalised-threshold marking out recurrent-utter-uninstitutionalisation from base-institutionalisation, ununiversalisation from universalisation, non-positivism/medievalism from positivism and procrypticism from deprocrypticism; thus enabling the requisite 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure by which prospective institutionalisation/intemporalisation for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as 'ontological-reconstituting–as-of-conflatedness'/deconstruction is undertaken to supersede (as deeper superseding–oneness-of-ontology construal/conceptualisation) the drawback or vices-and-impediments of the prior registry-worldview/dimension as now preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase. Thus the reality of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism implies that virtue shouldn't naively be perceived in terms–as-of-axiomatic-construct of 'a universal human intemporal-disposition nature or intemporal nature' since human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor speaks otherwise (even though such an axiom of 'a universal human intemporal-disposition' is only surreptitiously implied, as a necessary 'functional pseudo-conceptualisation' which functionally assumes intemporality/longness to avoid the cumbrous need for disambiguating reference-of-thought of meaningfulness into

temporal-to-intemporal-dispositions (at any singular instances) 'within established institutionalised registry-worldview/dimension' but virtue cannot be assumed beyond the uninstitutionalised-threshold; that is, virtue is structurally/paradigmatically the result of intemporalisation-as-institutionalisation secondnaturing, for instance, we can broadly argue that the positivistic registry-worldview/dimension implies more or less a 'universal positivistic intemporality' as a functional pseudo-conceptualisation of intemporality/longness 'as people do not act medieval by and large' but at our uninstitutionalised-threshold wherein procrypticism/disjointedness-as-of-reference-of-thought arises our positivistic registry-worldview/dimension can only be qualified as of temporal-to-intemporal-dispositions since the requisite intemporalisation-as-institutionalisation as deprocrypticism/preempting—disjointedness-as-of-reference-of-thought secondnaturing is wanting), but virtue should rather be construed as the superseding/transcendental institutionalisation/intemporalisation design/conceptualisation that by inducing untenability/internal-contradiction/internal-incoherence/institutional-constraining and positive-opportunism in the short run and secondnaturing in the long run enables the prospective registry-worldview/dimension institutionalisation; it is this focus on institutionalisation/intemporalisation that is effectively institutionalisation-as-virtue given that in the succession of human institutional-cumulation/institutional-recomposure, no institutionalisation effectively transforms human temporal-to-intemporal nature into an absolutely intemporal nature, but rather reduces human epistemic-abnormalcy/preconvergence towards ontological-normalcy as deeper and deeper superseding–oneness-of-ontology construal/conceptualisations. The bigger point being that it is by effectively grasping that any human intemporal-disposition individuations that can 'spontaneously' arise in whatever concern there is should be directed/skewed ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) (as deferential-

formalisation-transference of meaningfulness) for institutionalisation/intemporalisation-as-virtue for secondnaturing, and not a wrong implication of functionally grounding virtue on human 'temporal disposition' which will inevitably bring about temporal-and-social-trading with respect to 'socially-perceived-value as of social-stake-contention-or-confliction'. The fact is that our institutional and organisational constructs at their very core, unspokenly do imply this notion of institutionalisation-as-virtue (in tacit recognition of our temporal-to-intemporal-dispositions), however, the notion of 'consciously-spoken' as herein highlighted is that it enables the necessary uninhibitedness/decomplexification that allows the requisite 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure required in fully assuming the reference-of-thought of any prospective registry-worldview/dimension. Actually, it could be argued that the more critical element of medieval emancipators/enlighteners had to do often not with their specific discoveries, which were more or less debated issues as well in their societies, but critically the idea that they were ready to imply 'a new psychological orientation as positivistic' that in itself structured the possibilities of a new worldview and many other positivistic discoveries once it became mainstream. Insistence of making mainstream such ideas as a heliocentric solar system by Galileo a century after Copernicus based on observations, the evolution of living things by Darwin based on research analysis, '<~~amplituding~~/formative>epistemic-totalising rationalism' by Descartes based on methodical thinking, universal human rights by Rousseau based on thorough analysis of the human condition, principles explaining physical phenomena by Newton and Leibniz based on physical observation, etc. all speak of a new mindset/reference-of-thought as a paradigmatic shift that has no complexes and is uninhibited with respect to notions of the old notions of dogmas, alchemies, essences and myths. The fact is that (unlike we may naively reason by reflex from our relatively vantage position at the

backend of the institutional-cumulation/institutional-recomposure process) this is not spontaneously given, when we consider that many of such emancipators were equally relatively enmeshed with the old psychology like Newton's involvement with alchemy, for instance. This point to the critical importance of the psychological state of the mind for the very possibility of prospective ontologically-veridical transcendence to occur; as ontology is already given as a oneness and it is up to the human psyche to 'moult itself' (psychoanalytical-unshackling/memetic-reordering/institutional-recomposure) towards a more profound construal/conceptualisation as of that superseding–oneness-of-ontology, however strongly we might naively believe in our ideas in any given epoch as of its metaphysics-of-presence. Thus metaphysics-of-absence notion of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (substituting, to induce 'a preconverging-or-dementing–apriorising-psychologism mentation reflex' in sync with the ontological perspective, over the same notion as subontologisation as metaphysics-of-presence, which rather wrongly induces 'a postconverging-or-dialectical-thinking–apriorising-psychologism mentation reflex' out of sync with the ontological perspective, thus is subject to ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage) effectively arises from a maximalist construct in grasping the salience of a transcending/abject conceptualisation that mirrors the uncompromising nature of intrinsic-reality/ontology over incrementalism-in-relative-ontological-incompleteness notional~procrypticism or notional~disjointedness-as-of-reference-of-thought as the natural intradimensional summative temporal mental-disposition (which speaks of a registry-worldview/dimension relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-

wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, and the need for ontological-normalcy/prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), which incrementalism-in-relative-ontological-incompleteness notional~procrypticism or notional~disjointedness-as-of-reference-of-thought however represents the enculturation/endemisation that is defining of given registry-worldview's/dimension's uninstitutionalised-threshold. In other words, without a maximalising-recomposuring-for-relative-ontological-completeness disposition no prospective institutionalisation transcendence will be possible, as base-institutionalisation is the ultimate maximalising-recomposuring-for-relative-ontological-completeness construct over a summative mental-disposition of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag in recurrent-utter-uninstitutionalisation enabling the latter's transcendence, likewise universalisation is the ultimate maximalising-recomposuring-for-relative-ontological-completeness construct over a summative mental-disposition of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag in ununiversalisation enabling the latter's transcendence, so too with positivism over non-positivism, and prospectively deprocrypticism over procrypticism/as-the-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-positivism reference-of-thought–categorical-imperatives/axioms/registry-teleology. An 'existential-decontextualised-transposition (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism defect) of ontology/ontologically-veridical-meaningfulness/intemporality conceptualisation' is equally critical, along with the

implied psychological uninhibitedness/décomplexing for a prospective registry-worldview/dimension as deprocrypticism, with respect to the central concept of 'knowledge-notionalisation' wherein understanding is much more than about grasping the ideals but equally preemptively construing the possibilities of 'the ignorances'/temporal-dispositions as part and parcel of knowledge construct, not for an idle temporal motive, but to better skew ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) for institutionalisation/intemporalisation-as-virtue, as a specific necessity for a deprocrypticism registry-worldview/dimension preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as deprocrypticism. Ultimately the purpose of maximalising-recomposuring-for-relative-ontological-completeness as an intemporal conceptualisation of transcendental implication should be of 'presencing—absolutising-identitive-constitutedness consummated/forfeiting posture' and is not for the sake of 'immediate intelligibility' within a given uninstitutionalised registry-worldview/dimension in want for a prospective corresponding institutionalisation registry-worldview/dimension, as such a purpose will wrongly and paradoxically imply that the logical-dueness/logical-pertinence of the uninstitutionalised-threshold is sound as its reference-of-thought is prospectively defective (for instance a positivistic implied transcendence cannot be logically intelligible to a medieval setup that harkens back to medieval reference-of-thought–categorical-imperatives/axioms/registry-teleology for its logic, i.e. 'issue of articulating chemistry rules and principles for the evaluation of an alchemist not logically cognisant of chemistry rules and principles, in the very first place'),

but rather it is a middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics instigation of prospective registry-worldview/dimension institutionalisation reference-of-thought as of a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure (though we can mostly grasp such an insight not from instances of 'natural intra-society transcendence' since this takes a longer time to occur and is relatively obscure, but transcendence by cultural diffusion associated with conquests where the dominant is at a more advanced stage of institutionalisation or in the rare cases where it is the reverse like Ancient Egypt or Ancient Greece, with the dominated actually relatively dominating or in parity with the dominant culturally as of divergent aspects). The implication here is that transcendental maximalising-recomposuring-for-relative-ontological-completeness is rather grounded on a relatively intemporal-and-deeper existential-reference-of-meaningfulness with the positive-opportunism of the prospective institutionalisation ontological-primemovers-totalitative-framework over its corresponding uninstitutionalised-threshold to put in question the latter's reference-of-thought–categorical-imperatives/axioms/registry-teleology for the ones of the prospective institutionalisation, and it is only after that that the notion of mutual logical intelligibility arises (it is only after the alchemist 'psychoanalytically-unshackle' into a positivistic-inclined mindset/reference-of-thought with respect to appreciating notion of natural cause-and-effect and experimentation as well that the notion of mutual intelligibility of chemistry rules and principles makes sense, until then there cannot be much of intelligibility without such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure exercise from the perspective of the prospective chemist). That explain why maximalising-recomposuring-for-relative-

ontological-completeness construct are meant to be detached and totalisingly-entailing so as to act as a backdrop for prospective institutionalisation, and not to necessarily make sense in terms–as-of-axiomatic-construct of 'the now temporal mental-disposition reference-of-though' which, it is contended, is in want of prospective institutionalisation with its corresponding psychologism. In the bigger scheme of things, it is inevitable that suprastructuring (the conceptualisation that renders ontological-dementation/dialectical-dementation–stranding/attributive-dialectics relative-mutual-construal of the prospective/superseding/transcending registry-worldview/dimension as deeper superseding–oneness-of-ontology construal/conceptualisation over the prior/superseded/transcended registry-worldview/dimension as shallow superseding–oneness-of-ontology construal/conceptualisation by (suprastructurally) reflecting/perspectivating, beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of the prior/superseded/transcended, respectively the 'postconverging-or-dialectical-thinking–apriorising-psychologism as dialectically-in-phase' and the 'preconverging-or-dementing–apriorising-psychologism as dialectically-out-of-phase'), is rendered operant by the notion of 'existential-decontextualising-transposition (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism defect) of ontology/ontologically-veridical-meaningfulness/intemporality' in operantly grasping such suprastructuring transcendence/transdimensional/interdimensional construct; as it perpetually upholds ontological-veridicality by its 'existential-reality' (not non-veridical/vacuous hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>) on the basis of, first and critically, the validity of the reference-of-thought so-reflected as soundness-or-authenticity-of-reference-of-thought if valid and unsoundness-or-inauthenticity-of-reference-of-thought if invalid (before even recognising whether the

'implicitation-of-notion-of-agreement-or-disagreement' or 'of logical-processing' arises) to determine the 'postconverging-or-dialectical-thinking–apriorising-psychologism and dialectically-in-phase' over the 'preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase/dialectically-primitive'. It is critical to grasp that the notion of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism is rather of conceptual metaphysics-of-absence (meant to ensure a natural maximalising-recomposuring-for-relative-ontological-completeness to avoid mix-up of reference-of-thought) with such a mix-up arising from the <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag (whether wittingly or unwittingly) induced subontologisation (in-a-social-dynamism-of-meaningfulness-misappropriation) so-construed as metaphysics-of-presence. So both notions are conceptually the same but implying different approaches with respect to the temporal undermining of ontological-veridicality; with subontologisation referencing/biased within the contextual perspective of institutionalised registry-worldview/dimension, with existential-decontextualised-transposition referencing/biased within the contextual perspective of uninstitutionalised registry-worldview/dimension, thus the latter enabling an appropriate disambiguation of temporal-to-intemporal-dispositions with respect to ontologically-veridical reference-of-thought, and by extension it is the concept of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism that is appropriate in all instances of implied uninstitutionalised registry-worldviews/dimensions as metaphysics-of-absence perspective since it avoids the <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage that is inevitable when reasoning by a metaphysics-of-presence induced subontologisation. Besides even within the

intradimension contextual perspective of institutionalised registry-worldview/dimension, it is equally the best approach with respect to the construal/conceptualisation of the instigating of postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> mental-disposition that will induce temporal-preservation-as-pseudointemporality-preservation in temporal-dispositions as conjugated-postlogism/preconverging-or-dementing-integration (by hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> on the reference-of-thought–categorical-imperatives/axioms/registry-teleology of the priorly institutionalised registry-worldview/dimension) and by so doing reflecting the uninstitutionalised registry-worldview/dimension. That is an construal/conceptualisation approach that construes the ontological-contiguity—of-the-human-institutionalisation-process as of diminishing–human-epistemic-abnormalcy/diminishing–preconvergence. Effectively, such a highlight of how human secondnaturing within institutionalised construct implies a pseudo-conceptual universal human intemporal-disposition as metaphysics-of-presence in contrast to a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor mental-dispositions highlight at uninstitutionalised construct as metaphysics-of-absence is effectively the unspoken psychoanalytic conceptualisation which needs to 'be referenced/registered/decisioned–as-consciously-recognised' as the backdrop for superseding into deprocrypticism. Such a psychoanalytic insight about the 'dynamic-cumulative-aftereffect of subontologisation' grasps how postlogism instigates the temporal-preservation-as-pseudointemporality-preservation inclination of temporal-dispositions that enculturates/endemises the various uninstitutionalised-thresholds even though the state as dynamic-cumulative-aftereffect of

temporal-dispositions is in 'ontological-incompleteness-of-reference-of-thought-induced-virtuality-or-ontologically-flawed-construal-or-caricaturing-hollow-staging-and-performance-so-construed-by-prospective-reference-of-thought, as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, with respect to ontological-normalcy' by 'undermining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ for ontological-veridicality'; wherein the postlogic mental-disposition is recursive in eliciting temporal-preservation, the conjugated exacerbatory/opportunistic mental-dispositions are progressive in upholding temporal-preservation-as-pseudointemporality-preservation and the conjugated ignorance/affordable mental-dispositions as largely summative of the dynamic-cumulative-aftereffect, are geared towards upholding or undermining temporal-preservation-as-pseudointemporality-preservation by supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism inclination whether naively conjugating to postlogism as misconstrual or good supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism when the untenability/internal-contradiction/internal-incoherence/institutional-constraining and positive-opportunism of ontological-veridicality is established from an intemporal-disposition, in which latter case as being largely summative of the dynamic-cumulative-aftereffect it leads to the collapsing of postlogism mental-disposition recursiveness and exacerbatory/opportunistic mental-dispositions progressiveness with respect to temporal-preservation, and thus orienting towards intemporal-preservation/intemporalisation and the possibility for prospective institutionalisation, itself subjectable to temporal-preservation-as-pseudointemporality-preservation at its

uninstitutionalised-threshold. Thus this is the underlying dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation in the psychoanalytic dynamism of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor across all the institutional-cumulation/institutional-recomposure as of human shallow to deeper limited-mentation-capacity-deepening-(<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation) explaining the alternation of prospective institutionalisation (as ontologically-reconstituting) and uninstitutionalised-threshold (in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> with regards to the reference-of-thought–categorical-imperatives/axioms/registry-teleology of the prior institutionalisation) which need to be brought to the collective consciousness appraisal for the necessary psychological uninhibitedness/décomplexing enabling prospective deprocrypticism. * Ultimately, an 'ontological-reconstituting–as-of-conflatedness/deconstruction articulation' (beyond just conceptualisations as in this paper) for more thorough insights reflective of a 'suprastructural construal of any given state of uninstitutionalised-threshold from prospective institutionalisation point-of-reference, such as can be retrospectively implied of non-positivism/medievalism from positivism or prospectively implied of procrypticism from deprocrypticism', will more profoundly involve a 'storied-construct/ontologically-valid-narration of comprehensive intuitive insight' grounded on: the construal of temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (enabling the EXISTENTIAL-TRACING-as-ontological-primemovers-totalitative-framework of

disambiguated temporal-to-intemporal-dispositions and-their-associated reference-of-thought', reflecting soundness-or-authenticity-of-reference-of-thought/postconverging-or-dialectical-thinking–apriorising-psychologism (as-in-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) over unsoundness-or-inauthenticity-of-reference-of-thought/preconverging-or-dementing–apriorising-psychologism (as-failing-intemporal-preservation-or-misappropriation-of-meaningfulness-entropy/contiguity) non-veridical/vacuous reference-of-thought–categorical-imperatives/axioms/registry-teleology/'same-terms-of-expressions/seemingly-same-implied-meaningfulness', so-construed insightfully and contextually as existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness, reflecting 'shallow/temporal superseding–oneness-of-ontology to deeper/intemporal superseding–oneness-of-ontology mental-conceptions teleologies'; from the perspective of a suprastructural superseding/transcending/deeper/intemporal superseding–oneness-of-ontology mental-conception teleology.

- As beyond the epiphenomenon of psychopathy and social psychopathy, as it provides a peculiar perspective for insight on human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology with respect to reference-of-thought and meaningfulness; 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' implies preempting—disjointedness-as-of-reference-of-thought,-as-to-<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as deprocrypticism. Insightfully, ontological-normalcy/postconvergence establishes beyond human limited-

mentation-capacity-deepening-⟨<s>amplituding</s>/formative⟩epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ that there is a potent and overall oneness/contiguity of ontologically-veridical meaningfulness which transverses and supersedes all other conceptualisations of reference-of-thought and meaningfulness (which are therefore approximates) by mere 'ontological-consistency' whether with regards to virtue conceptualisation (as highlighted with the intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) or second-level ontological constructs as is the case with subject matters conceptualisations. Ultimately, the capacity for philosophy to further clarify such an 'ontological-consistency' will be a further critical foundation for broadening the efficacy of all second-level ontologies (as the veritable job of philosophy). Inherently, 'ontological-consistency' as superseding–oneness-of-ontology is by itself the complete rationale for explaining human possibilities with regards to knowledge and virtue as so reflected/perspectivated by the very potency of ontological-normalcy/postconvergence, as the latter is 'the potency for all the text-of-ontologically-veridical-meaningfulness that can exist'. Ontological-consistency in the inherent intemporalisation/institutionalisation orientation of ontological-normalcy/postconvergence validates virtue conceptualisation not as a discreet notion of choice, but rather a necessary disposition as 'intemporal projection' (or longness-of-register-of-meaningfulness-and-teleology) for human-mastery-of-reality or knowledge, as inherently implied by ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation). The reason is simple. It is impossible, for instance, for an utter-ununiversalisation setup 'to access' the emancipatory ontological possibilities available to a prospective base-institutionalisation setup without the 'requisite solipsistic insight' of intemporal-disposition individuation within the recurrent-utter-uninstitutionalisation registry-worldview that 'projects' that rulemaking-over-non-rules—

apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ as a paradigm for superseding the vices-and-impediments inherent to recurrent-utter-uninstitutionalisation is a necessity-for-its-own-and-by-extension-the-registry-worldview's/dimension's 'moulting' in the middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics into a base-institutionalisation registry-worldview. Such solipsistic insight is the effective 'transcendental virtue conceptualisation' that drives ontological-normalcy/postconvergence across all the successive institutionalisations and by that token coincides with ontology as a necessary ontological development driver in an animal of shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩. This analysis is very much in line with the notion of virtue as a <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context construal, representing virtue 'contiguously' in terms–as-of-axiomatic-construct of human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ of shortness-to-longness-of-register-of-meaningfulness-and-teleology in the intransience of ontological-normalcy (from shallow superseding–oneness-of-ontology to deeper superseding–oneness-of-ontology). This ontology-driving nature of virtue characteristic of human-subpotency–

aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—

imbued-temporal-to-intemporal-dispositions–existentialism-form-factor points out that it is rather such intemporality/longness solipsistic 'transcendental virtue projection' that enables the superseding of the uninstitutionalised-threshold of the various registry-worldviews/dimensions as institutional-cumulation/institutional-recomposure. In other words, it is the necessary 'transcendental virtue projection' for a prospective registry-worldview superseding the vices-and-impediments of the prior registry-worldview that enables the ontological possibilities for such prospective registry-worldview to even arise existentially; as the temporally-inclined recurrent-utter-institutionalised individuation is non-cognisant of any such thing as base-institutionalisation and the ontological possibilities availing to it, likewise with the temporally-inclined ununiversalised individuation with respect to universalisation and its ontological possibilities, the temporally-inclined non-positivism/medievalism individuation with respect to the positivistic and its ontological possibilities, and prospectively the temporally-inclined procrypticism individuation with respect to deprocrypticism and its ontological possibilities, and all such possibilities as allowed by ontological-normalcy/postconvergence. A question that arises will be how can a society deliver an Einstein or a Bohr respectively that will articulate the theory-of-relativity or quantum-mechanics without it having the necessary institutional-recomposure (orientation and capacities) and memetic-reordering (of the individual mindset/reference-of-thought and associated other contributing mindsets) that allows for the possibility of such discoveries? In other words what was the possibility for the theory-of-relativity or quantum-mechanics to be delivered in the Middle Ages, for instance? Rather improbable. As a side note, such an insight equally attends to such a debate we currently entertain with respect to coming into contact with an advanced alien civilisation. A transcendental virtue conceptualisation will hold that in the very first place such a civilisation won't be able to exist without the necessary

virtue construct (as successions of metaphysics-of-absence insights yielding in-lockstep the successively more ontologically profound metaphysics-of-presence as implied by ontological-normalcy/postconvergence) that enables it to come into being; as necessarily they will be base-institutionalising, universalising, positivising and probably deprocrypticising, such that it will be untenable and inconsistent to have cosmic travellers that are savage-inclined or of a medieval age, for instance, going by the mere human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. Insightfully thus, while ontological-normalcy/postconvergence expands human ontological possibilities (comprehensively), it also leads to a growth in human institutionalised virtue disposition in equivalence which sustains such ontological development. However wary we should be with the possibility of nuclear annihilation, we equally can recognise that the 'better' registry-worldview/dimension-level, in terms–as-of-axiomatic-construct of its relative transcendental virtue conceptualisation, to handle such weapons is the present one (positivistic) with regards to the possibility of averting a global annihilation compared to say feuding tribal or medieval setups (that is, if by some imaginary circumstances they could have access to and utilise such weapons). This points out that virtue is rather an inherent and necessary construct of ontology, existentially speaking; as the transcendental construct that enables the expanding of the ontological possibilities of an animal of shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩ by enabling 'solipsistic moulting' (as 'intemporal-disposition individuation as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality' at uninstitutionalised-threshold states, with a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—

imbued-temporal-to-intemporal-dispositions–existentialism-form-factor mental-disposition due to lack of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ about virtue inducing supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism') and the secondnaturing of the social-construct (as institutionalisation-as-virtue) including the requisite human psychical pivoting/decentering. In another respect, ontological-consistency as highlighted previously is in coherence with the notion of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, and as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology with the implication that 'the reflected/perspectivated temporal-to-intemporal-dispositions disambiguation' (at the uninstitutionalised-threshold) as ontological-primemovers-totalitative-framework, underlines the iterability/iteration nature of ontologically-veridical-meaningfulness, grasped from the perpetuating intemporal-disposition 'ontological-reconstituting–as-of-conflatedness'/deconstruction realteration over the perpetuating hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> alteration by temporal-dispositions. Fundamentally, a normally institutionalised functional disposition warrants that there is 'a common/same ontological-reference of ontologically-veridical-meaningfulness' but this is voided at the uninstitutionalised-threshold where temporal-dispositions become temporally-preservational-as-pseudointemporality-preservation whether by recurrence registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> (whether beyond-the-consciousness-

awareness-teleology-<in-existential-extrication-as-of-existential-unthought>), as may arise with postlogism-and-conjugated-postlogism, with the effective consequence of 'temporal-to-intemporal-disambiguated-mental-dispositions' wherein the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of temporal-dispositions are reflected/perspectivated as rather in temporal-preservation-as-pseudointemporality-preservation '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising', with their meaningfulness ontologically being suprastructured (as perverted beyond their consciousness-awareness-teleology) by the intemporal-disposition in construing the ontological-primemovers-totalitative-framework as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology. This disambiguated-mental-dispositions as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology develops, with changing contextualisation, at the registry-worldview/dimension or intradimensional level as the 'dynamic-cumulative-aftereffect of subontologisation' (slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect), and is equally characteristic across registry-worldviews; with the implication that this is an attribute of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. That is, the uninstitutionalised-threshold is characterised by the 'trace of disambiguated-mental-dispositions as temporal-to-intemporal-dispositions ontological-primemovers-totalitative-framework. It is mainly a 'Différance-

disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' that can establish the ontological-veridicality-of-meaningfulness precisely by disambiguating the effective ontological-references of the various temporal-to-intemporal-dispositions individuations, and so not only at an instant or act or specific circumstance or context (which is rather an act construal and not a being/ontological construal) but projectively in their retrospective-to-present-to-prospective existentialism-deambulation/meandering which provides the full insight of temporal-to-intemporal-dispositions individuations mental-dispositions/meaningful-references/ontological-references/contending-references as ontological-entrapment. Such a being/ontological-basis, as described above, of a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' is in line with and further elucidates the 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness' technique. Going respectively by the Sartrean and Derridean principles for establishing ontologically-veridical-meaningfulness, that is, 'existence precedes/defines essence' or 'there is nothing outside the text' in evaluating 'same-terms-of-expressions (seemingly-same-implied-meaningfulness)' with respect to their veridical-ontological reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation in-various-instances as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness. What is critical to understand here is to distinguish between: (i) recurrence in existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-

recomposuring-for-relative-ontological-completeness basis of meaningfulness that is grounded on grasping that reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are deterministic by virtue of reflecting/perspectivating/highlighting their recurrent context of reality and thus subjects them to 'ontological-reconstituting–as-of-conflatedness'/deconstruction in upholding intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and (ii) an elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity basis of meaningfulness that is purely and wrongly grounded on grasping that reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation' are by themselves abstractly deterministic, even as this fail intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as of ontological-normalcy/postconvergence which always factor in human limited-mentation-capacity-deepening-⟨<amplituding̶/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ by a re-equilibrating metaphysics-of-absence/postdication, and thus subjects meaningfulness to hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>.

Intemporal-disposition as supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism disposition (whether appropriate/good or inappropriate/poor-or-'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism') are construed as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-

ontological-completeness basis of meaningfulness on the ground that successive-instances-of-'existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness requires their subjection to 'ontological-reconstituting–as-of-conflatedness'/deconstruction to establish the existential context of reality thus establishing ontologically-veridical-meaningfulness. On the other hand, the postlogic/psychopathic disposition (and by extension temporal-dispositions conjugated-postlogism/preconverging-or-dementing-integration dispositions) adhere to an elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity basis of meaningfulness on the ground that plausibly construing a false-premising to an existential-context-of-reference-narrative 'provides licence' to then ('recursively' in concurrence – in the case of the postlogic/psychopathic character, progressively – in the case of a conjugated-exacerbatory and conjugated-opportunism characters, and regressively – in the case of a conjugated-ignorance and conjugated-affordability characters) comprehensively articulate any possible existentially-unreal-and-abstract-narratives (on the basis of a conceptualisation of mere hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> static-or-abstract non-veridical/vacuous-state of essence-of-meaningfulness' with respect to reference-of-thought–categorical-imperatives/axioms/registry-teleology and hence failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) by exploiting the plausibility derived from the concurrently-false-premising existential-context-of-reference-narrative. So the latter disposition, and so particularly with the postlogic/psychopathic mindset, is to induce or generate or exploit any plausible existential-context-of-reference-narrative to then unleash slanted-and-formulaic hollow existentially-unreal-and-abstract narratives by concurrently-

false-premising on the plausible existential-context-of-reference-narrative. In other words, the postlogic/psychopathic individuation character gets that there is a human mental-reflex to grasp ontologically-veridical-meaningfulness on 'static-or-abstract non-veridical/vacuous-state (abstract reference-of-thought–categorical-imperatives/axioms/registry-teleology) of essence-of-meaningfulness terms, so long as their existential basis is established, including and critically for its purpose, where it is so deceptively implied', to artificially or opportunistically construe a plausible existential-context-of-reference-narrative which then 'provides licence' to articulate existentially-unreal-and-abstract-narratives in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> concurrently-false-premising on the initial plausible existential-context-of-reference-narrative, with the idea that that human mental-reflex will by reflex naively-and-wrongly imply the existential/contextualisation ontological-veridicality of its generated slanted-and-formulaic hollow existentially-unreal-and-abstract-narratives; and so, in terms–as-of-axiomatic-construct of the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology as highlighted priorly. This preconverging-or-dementing–apriorising-psychologism is in contrast with a postconverging-or-dialectical-thinking–apriorising-psychologism (when the latter is of inappropriate/bad or appropriate/good supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism) which is always inclined to ensure that the succession-of-narratives it propounds are tied to successive-instances as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-

contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness. Thus, the reason why the ontological construal (ontological-entrapment) of the postlogic/psychopathic individuation characters and conjugated-postlogism/preconverging-or-dementing-integration individuation characters is rather as an intemporal/ontological suprastructuring (implying ontological-dementation/dialectical-dementation–stranding/attributive-dialectics) of their hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of ontologically-veridical-meaningfulness, as this fail intemporal-preservation-entropy-or-contiguity–or–ontological-preservation. Going by the example of a medieval setup again as effectively in <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context and not analogy (epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-

apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context insightfully implying all institutionalisations/registry-worldviews/dimensions are about 'construing the same underlying ontology', though yield different but more and more accurate representations of ontology, due to different but improving human limited-mentation-capacity-⟨as of

constitutedness towards conflation⟩ from shallow to deeper limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ with the succession of institutionalisations, but with the non-positivism/medievalism as being lower from our positivistic perspective, thus providing a sound basis of transcendental analytical insight since the positivistic present is in metaphysics-of-absence with it, in contrast to our more or less blurred disposition to <amplituding/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag when analysing transcendental issues within our present positivistic/procryptic registry-worldview/dimension as its own metaphysics-of-presence problem), if say a totem was to be presented as proof that a targeted individual was a sorcerer (as existential-context-of-reference-narrative) for establishing plausibility for subsequent comprehensive articulation of existentially-unreal-and-abstract-narratives accusing the target of sorcery, a transcendental/abject/intemporal conceptualisation will imply rather a prospective ontological-reference of essence-of-meaningfulness as positivism, with the ontological-normalcy/postconvergence implication of construing not only the accuser as being of 'medieval mental-perversion/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> but the temporal-dispositions and overall social-enculturation of that inclination abstractly with respect to metaphorically-a-million-and-one-instances-and-locales/aetiologically/ontological-escalation as a fundamental ontological/being-construal-defect of such a medieval reference-of-thought; noting as well that there is no need ontologically/intemporally for such a target to adjust to such accusation but rather a dismissive disposition with respect to such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as to preconverging-or-dementing–apriorising-psychologism and its

defective ontological-reference of meaningfulness, as acting otherwise like 'being logical' with such implied meaningfulness by saying for instance it is not its totem or it doesn't know about it or it is somebody else', wrongly validates that the reference-of-thought of such medieval accusation is valid and is thus rather contributing then to upholding its temporal-enculturation/temporal-endemisation, as where there is perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> there is no logical-dueness and from thence enabling the construing of relevant soundness or unsoundness of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) to start with in the very first place but rather a superseding/transcendental representation of such perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as unsoundness-or-inauthenticity-of-reference-of-thought/preconverging-or-dementing–apriorising-psychologism and actually implying a suprastructuring (beyond its consciousness-awareness-teleology) at the said (non-positivism/medievalism) uninstitutionalised-threshold requiring positivism registry-worldview reference-of-thought institutionalisation. Thus unlike in a case of defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance the idea of falling-back to the same exercise to correctly do the exercise (logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) in a same or different circumstance, is invalidated when dealing with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> (with regards to both postlogism and conjugated-postlogism); with the

implication that there can't be mutual contention but rather transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing wherein the superseding (and ontologically-veridical) reference-of-thought can only construe of the superseded (and ontologically unsound) as preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought/oblongated requiring psychoanalytic-unshackling/memetic-reorder/institutional-recomposure to transcend into the superseding reference-of-thought in the very first instance, before any ontologically-veridical pretence to mutual contention. Certainly this same reaction is what is warranted in the example highlighted before (if an adult psychopath were to meet a stranger and spoke to him about another stranger whom it knows nothing about,...) In the bigger perspective with regards to the institutionalisation of deprocrypticism for instance, it is such an existentialism construal from a transcendental intemporal reference-of-thought over temporal perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> that allows for the superseding of vices-and-impediments as prospective registry-worldview/dimension structural-resolution of positivism–procrypticism preconverging-or-dementing–apriorising-psychologism. It should be noted that as earlier articulated, intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm (in contrast to a temporal extricatory paradigm) can only be transcendental as superseding (by implying an altogether different reference-of-thought as 'postconverging-or-dialectical-thinking–apriorising-psychologism'), and not incremental/'disjointedness-as-of-reference-of-thought' (wrongly operating on the same temporal registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> reference-of-thought which is actually preconverging-or-dementing–apriorising-psychologism/oblongated and dialectically/contendingly-out-of-phase). Taking the previously articulated case of sorcery in

a non-positivism/medievalism setup, it has no ontological structural-resolution by reciprocity of sorcery accusations on the same reference-of-thought terms but rather by the transcendental undermining of such non-positivism/medievalism mindset/reference-of-thought with an altogether superseding positivistic reference-of-thought that is in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing with a non-positivism/medievalism ontological-reference (registry-worldview). Even though, inevitably (and as in the 'present as-present-consciousness' of all registry-worldviews with regards to their own corresponding perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomena), there is bound to be more or less a dumb-and-dumb effect of summative social acquiescence to a superstitious mindset/reference-of-thought in a non-positivism/medievalism setup, that will in the short term temporal perspective be a drawback to such a transcendental projection of positivistic mental-disposition, and likewise there will inevitably be more or less be a dumb-and-dumb effect of summative social discontentment where a transcendental deprocrypticism mental-disposition is implied in a procrypticism setup. This shows that going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, in all registry-worldviews/dimensions the more or less summative mindset/reference-of-thought is bound to be incremental/'disjointedness-as-of-reference-of-thought' and not transcending such that would-be emancipating individuation's projection (that is, if ontologically pertinent) is necessarily the middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics percolation-channelling for the necessary 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics'

psychoanalytic-unshackling/memetic-reordering/institutional-recomposure accompanying such prospective transcendental institutionalisation. That is, by transcendence is meant dispose to construe the ontological resolution of an intradimensional ontological/being-construal-defect transcendentally/transdimensionally/interdimensionally; for instance, capable of putting in question non-positivism/medievalism intradimensional superstition as of the registry-worldview defect in the first place supersedingly/transcendentally rather than a usual attendant/incidental reciprocity of superstitious contentions or capable of putting into question procrypticism/perversion-of-positivistic-meaningfulness with its corresponding postlogism-and-conjugated-postlogism of psychopathy and social psychopathy as of the registry-worldview in the very first place supersedingly/transcendentally rather than a temporally reciprocal equivalence. Basically, such an intemporal-disposition/ontologically-veridical transcendental disposition storied-construct/ontologically-valid-narration will be of imbricatedness/threadedness/recomposuring as existential-tracing of ontologically-veridical-meaningfulness reflecting temporal-dispositions rather in 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'. The fact being that, in the short term, the temporally-minded recurrent-utter-institutionalised individuation has no place for the 'transcendental rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ notion' (for base-institutionalisation) of the intemporal-minded individuation; the temporally-minded ununiversalised individuation (in base-institutionalisation) has no place for the 'transcendental rules universalising notion' of the intemporal-minded individuation; the temporally-minded non-positivism/medievalism individuation has no place for the 'transcendental positivising/rational-empiricism notion' of the intemporal-minded

individuation; and likewise, prospectively, the temporally-minded procrypticism individuation has no place for the 'transcendental deprocrypticism/rational-realism notion' of the intemporal-minded individuation; rather as the subontologisation moves from slantedness-effect, miscuing towards sub-par/formulaic-association/temporal/alibi conventioning-rationalising in all the different registry-worldviews/dimensions, 'for intradimensional functionality sake a transcendental articulation is beyond the intradimensional summative mental-disposition of value-referencing', as the summative mental projection of individuals is more of an earthily life-span conceptualisation rather than transcendental or poorly appreciative of the transcendentalism that is structurally responsible for present reference-of-thought to project to the structural/paradigmatic need of prospective transcendence. This further points out that with regards to 'metaphysics-of-absence' projection (in overcoming the illusion-of-the-present/present-consciousness/mirage/epistemic-totalising~self-referencing-syncretising), across all registry-worldviews from prior to prospective there are basically two ways by which the placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology works with respect to the same intrinsic-reality/ontologically-veridical-meaningfulness; for the 'intradimensional reflex' sake of having a coherent functioning by sharing a common/same reference-of-thought as it is obvious that if one was to drop in a thoroughly non-positivism/medievalism setup and insisted absolutely to articulate meaningfulness in positivistic terms, there will be no mutual understanding, at least at the (positivistic) uninstitutionalised-threshold of that medieval setup, whether at one moment or another it fails intrinsic-reality/ontologically-veridical-meaningfulness/intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, any registry-worldview/dimension as prior wrongly represents that such its registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> is non-transcendable/unsupersedable

by its ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage as 'metaphysics-of-presence' thus upholding its soundness-or-authenticity-of-reference-of-thought by ignoring the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> while the prospective registry-worldview/dimension implying a new reference-of-thought that structurally resolves the prior's registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> represents the prior as prior/transcended/superseded and hence unsoundness-or-inauthenticity-of-reference-of-thought/preconverging-or-dementing–apriorising-psychologism/suprastructurable (at that uninstitutionalised-threshold). The bigger point here is that just as we will represent the non-positivism/medievalism placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology allusions to superstition in its ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage as abjectly preconverging-or-dementing–apriorising-psychologism and unintelligible/existentially-suprastructured, a deprocrypticism placeholder-setup/mental-devising-representation/mentation/(recomposured)-consciousness-awareness-teleology of procrypticism/disjointedness-as-of-reference-of-thought mindset/reference-of-thought will rather be construed as decentered and preconverging-or-dementing–apriorising-psychologism, unintelligible/existentially-suprastructured with respect to 'our positivism–procrypticism terms of meaningfulness' that is, at the (deprocrypticism) uninstitutionalised-threshold in order to effectively and adequately reflect the requisite metaphysics-of-absence necessary to act as the referenced/registered/decisioned–psychical-backdrop for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective

deprocrypticism, as implied by ontological-dementation/dialectical-dementation–stranding/attributive-dialectics as-uninstitutionalised-threshold-suprastructuring stranding-dialectics that is the mechanism of a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure for prospective institutionalisation. This latter notion is important as with all psychoanalysis whether of an individual or social conceptualisation nature, the idea of recognising/referencing/registering/decisioning the registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> is central to superseding it, and so the idea of implying preconverging-or-dementing–apriorising-psychologism/out-of-phase/dialectically-primitive is 'beyond the notion of an idle denotative exercise', be it validly so, and the meaningfulness of such conceptualisations certainly do not carry the poorer connotations of temporal/banal mental-dispositions, but rather it is technically a necessary and useful ontological conceptualisation in the memetic-reordering/institutional-recomposure from our shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩. Thus psychoanalysis is actually in effect an existentialism process of human skewing towards intemporal as we construe meaningfulness and value-referencing, and so beyond the Foucauldian referenced critique of a relatively 'economic/traded/exchange/battered' conceptualisation of psychology we know of when we talk of psychoanalysis in the subject matter of psychology, but rather construed as a natural ontologically-driven 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' behind human secondnaturing across the successive institutional-cumulation/institutional-recomposure in reflecting the ontological-contiguity—of-the-human-institutionalisation-process. As a side note though, it is important to grasp that the registry-

worldviews as the institutional-cumulation/institutional-recomposure are actually broad categorisations and that actually human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of intrinsic-reality/ontologically-veridical-meaningfulness varies (though not varying in terms–as-of-axiomatic-construct of the central defining conceptualisation of each registry-worldview/dimension) within each registry-worldview/dimension from its early to later spectrum, given human more or less passive continuous psychoanalytic readjustment to 'ontological experience'. For instance, there is certainly a marked difference in scope and depth between the positivistic construct in the 19th century with its nature in the late 20th and early 21st century. Further to the two elucidations made of postlogism/psychopathic and conjugated-postlogism/preconverging-or-dementing-integration distortion/perversion of essence-of-meaningfulness that go on to endemise psychopathy and social psychopath with reference to with the 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' and its 'Différance-existential-transitory-articulation-of-the-protraction-of-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-meaningfulness' technique as well as plausibly concurrently-false-premising to an existential-context-of-reference-narrative providing licence for postlogic narratives, a third elucidation provides an even more profound insight of the distortion/perversion of essence-of-meaningfulness and the implications at the comprehensive existential level. This basically has to do with the ontological consequences and implications of the 'existentialist' and 'non-veridical/vacuous' conceptualisation of reference-of-thought and meaningfulness, and so with respect to perception of registry-soundness/soundness-or-authenticity-of-reference-of-thought and perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as-of-unsoundness-

or-inauthenticity-of-reference-of-thought, and ultimately the disambiguation of ontological-reference (trace) with respect to postlogism and conjugated-postlogism threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism individuation characters, and supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism individuation characters. Basically the ontological-veridicality of meaningfulness is construed in 'non-veridical/vacuous' terms of reference-of-thought–categorical-imperatives/axioms/registry-teleology 'supposedly' in intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and this 'supposedly-ness' is only validated if 'existentially real' as ontologically-veridical. However there is an 'existentialist-shortfall' of the human supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mind with respect to assuring the 'existential-reality' in the face of 'non-veridical/vacuous terms of reference-of-thought–categorical-imperatives/axioms/registry-teleology. This 'existentialist-shortfall' has to do with the fact that it will be 'a waste of too much mental energy' to be verifying in detail the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology – of every interlocutor, and so mentally the human mind has developed 'a referencing scheme of trusting that involves closeness, familiarity, reputation and appearance'; but such a scheme is strictly speaking ontologically incomplete and can be undermined and usurped, but it is standard as it 'saves mental energy and time'. This 'existentialist-shortfall' is relatively inconsequential where interlocutors are mutually of prelogism-as-of-conviction-as-to-profound-supererogation or existential-

contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context and even better when mutually of good supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (than when one or the other is of 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' even though the latter is relatively circumspect and ad-hoc in its misrepresentation of reality, and so its consequence with respect to the 'existentialist-shortfall' is rather limited as defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance rather than registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> associated with postlogism, whether pathological/psychopathic or enculturated, and conjugated-postlogism). However, with the psychopathic/postlogic and social psychopathic case where compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism as perverted-outcome-sought-precedes-existentially-veridical-logical-dueness is the underlying principle as vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging, this 'existentialist-shortfall' is highly consequential as it is the basis of the induced registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>; by wrongly and so comprehensively implying the 'existential-reality' of 'non-veridical/vacuous <a̶m̶p̶l̶i̶t̶u̶d̶i̶n̶g̶/formative>wooden-language-⟨imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology⟩ articulated in hollow-constituting-<as-

disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or otherwise by the rather non-veridical/vacuous implied meaningfulness and reference-of-thought or otherwise by the non-veridical/vacuous implied meaningfulness and reference-of-thought based on inductive limitation nature or 'so-called principles' that are actually fallacious since such arguments cannot truly be of entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness as they require that others do not act likewise or their implications should be limited to given target(s) and not be totalisingly-entailing, since their fundamental teleology is not intemporal/not-of-totalising-entailment but speak more of temporal motive. In other words meaningfulness and reference-of-thought is only veridical as an 'ontologically-veridical construct' validated in the construal of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness that establishes ontologically-veridical-meaningfulness. The human 'existentialist-shortfall' with respect to ontologically-veridical meaningfulness and reference-of-thought thus allows for an overall existential/being framework/cadre of 'non-veridical/vacuous distortion/perversion' of meaningfulness in hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> induced from postlogism/psychopathic and temporal-dispositions-conjugated-postlogism which is wrongly projected as of the recurrence in existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness as ontologically-veridical-meaningfulness, and particularly so as the postlogism/psychopathic disposition is basically recursive (recursive denaturing alteration of the essence-of-meaningfulness and so 'pathologically iterative', in the form of hollow-

constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> 'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase, based on absolving/fleeting/escaping-reflex-logic and extrinsic-attribution with respect to successive sets of interlocutors, and as conjugated-postlogism mental-dispositions equally assume a purposefulness of their own (that must be factored-in when analysing psychopathic/postlogic and social-psychopathic situations), and conjugated-postlogism/preconverging-or-dementing-integration dispositions are either progressive (with conjugated-opportunistic/conjugated-exacerbation) or regressive (with conjugated-ignorance/conjugated-affordability) in their hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> or conjoining-looping-set-of-narratives as-of-cohering-logic-reflex to the psychopath's 'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase. The centrality of 'concurrently-false-premising-of-meaning thread/tracing' in the entire process of postlogism and conjugated-postlogism/preconverging-or-dementing-integration lies in the fact that it provides the 'as non-veridical and dialectically/contendingly out-of-phase hollow-form concurrently-false-premising' for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as

'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating, and so together with a 'false-projection-of-bad-or-good-conviction-as-to-profound-supererogation representation of meaning' rather than' veridically of a threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism concurrently-false-premising of meaning' (and so, wrongly implying an issue of defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance rather than veridically the perception of compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism as hollow-form implying an issue of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>); inducing conjugated-postlogism/preconverging-or-dementing-integration mental-dispositions (as conjugated-ignorance, conjugated-affordability, conjugated-opportunism, conjugated-exacerbation, conjugated-social-chainism and conjugated-temporal-enculturation) involved in conjoining-looping-set-of-narratives of the postlogic/psychopathic hollow-form postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>; and thus leading to temporal-preservation-as-pseudointemporality-preservation. It is critical to understand this underlying thread of concurrently-false-premising by its compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or postlogism instigation as a 'false-sense-of-good-to-'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-

thinking–apriorising-psychologism'' postlogism and conjugated-postlogism/preconverging-or-dementing-integration in psychopathic and social psychopathic situations. Thus unlike in the instance of defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance the idea of falling-back to the same exercise to correctly do the exercise (logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) in a same or different circumstance, is invalidated when dealing with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> (with regards to both postlogism and conjugated-postlogism); with the implication that there can't be mutual contention but rather transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing wherein the superseding (and sound) reference-of-thought can only construe of the superseded (and non-veridical) as preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought/oblongated requiring psychoanalytic-unshackling/memetic-reorder/institutional-recomposure to transcend into the superseding reference-of-thought in the very first instance before any ontologically-veridical pretence to mutual contention. The nature of how 'concurrently-false-premising-of-meaning thread/tracing' arises can equally conspicuously be understood at childhood psychopathy situation wherein the childhood psychopathy blatantly attempts to initiate a dereifying narrative like in the case of spilling water on a chair highlighted before to which if concurred to by the interlocutor will be the basis for the child to assume apparently normal logical contentions but fundamentally based on this distorted deceptive high-point of concurrently-false-premising as of reference-of-thought–categorical-

imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring—meaningfulness-and-teleology. It is basically the same process with an adult psychopath but for the fact of the highly opaque nature of adult psychopath mental-disposition unlike a child psychopath, and as previously explained is 'matured' in its theme on issues that are rather of serious import, 'spatialising' (to confound by not acting postlogicly/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness within the same spatialisation of relevant social interlocutors, which may raise the hollow nature of its narratives from cross-examination), being 'indirect' (by increasingly appearing neutral and unmotivated unlike at childhood), increasingly 'credulous' (by effective eliciting of social threshold-of—nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing—apriorising-psychologism as to subontologisation miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-conventioning-rationalising/temporal-enculturation where its 'apriorising—reference-of-thought-elements/apriorising—registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology are all false) and 'crafty' (with increasingly greater staging and performance: as the psychopath perceives instances of rebuttal of its postlogism not essentially in terms—as-of-axiomatic-construct of the rightness or wrongness of the postlogic acts in its personality development into adulthood, as a prelogic supplanting—conviction-as-to-profound-supererogation—postconverging/dialectical-thinking—apriorising-psychologism mental-disposition will, but rather in terms—as-of-axiomatic-construct of its failure in performing the postlogic acts well with the idea of how to further confound/muddle hence the reason it is recursive as absolving/fleeting/escaping-reflex-logic to the point of faking

remorsefulness or acting as a victim as long as fundamentally its 'interlocutor is in a prelogism-as-of-conviction-as-to-profound-supererogation relation to its postlogism-formulaic slanting compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation or perverted-outcome-sought-precedes-existentially-veridical-logical-dueness mental-disposition' in order for the interlocutor to go on to conjoin the psychopath's postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>).

Paradoxically, the basis of the adult psychopath 'concurrently-false-premising-of-meaningful thread/tracing' is the disposition of a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mindset/reference-of-thought to be open-minded in wrongly granting supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism (be it 'good or poor/bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism') to a compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation mental-disposition for its deceptive high-point of concurrently-false-premising for producing ontologically non-veridical narratives (in terms–as-of-axiomatic-construct of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology). This 'concurrently-false-premising-of-meaning thread/tracing' can be construed as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness wherein ontologically-veridical-meaningfulness is established by reflecting soundness-or-authenticity-of-reference-of-thought/postconverging-or-dialectical-thinking–apriorising-psychologism (as-in-intemporally-preservational) narratives over

unsoundness-or-inauthenticity-of-reference-of-thought/preconverging-or-dementing–

apriorising-psychologism narratives. Critically, this 'concurrently-false-premising-of-

meaning thread/tracing' explains how temporal-preservation-as-pseudointemporality-

preservation occurs operantly and how by intradimensional cumulative-dynamic-aftereffect it

instigates the endemising/enculturating of uninstitutionalised-threshold in the

transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-

ontological-completeness dynamism, as it further extends to explain how and why

'ontological-reconstituting–as-of-conflatedness'/deconstruction on the one hand and hollow-

constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-

preservation> on the other hand drive the dynamism of successive prospective

institutionalisations and uninstitutionalised-thresholds respectively; as

postlogic/psychopathic-individuations hollow postlogic-backtracking-<iterative-looping-'set-

of-dereifying-hollow-narratives-and-acts'> and conjugated-postlogism/preconverging-or-

dementing-integration individuations conjoining-looping-set-of-narratives to the hollow

postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>, in

hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-

intemporal-preservation> to reference-of-thought–categorical-imperatives/axioms/registry-

teleology (but then failing/not-upholding-<as-of-apriorising/axiomatising/referencing>

intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and undermining

transcendence) of 'ontologically-reconstituted'/deconstructed institutionalised registry-

worldview/dimension' inducing prospective 'uninstitutionalised registry-

worldview/dimension' (as prospective diminishing–human-epistemic-

abnormalcy/diminishing–preconvergence), eliciting the intemporal-disposition to

'ontologically-reconstitute'/deconstruct the new 'uninstitutionalised registry-

worldview/dimenson'… and so on, circularly up to futural Being-development/ontological-

framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism institutionalised registry-worldview as abjectly-ontological (ontological-normalcy) as 'it can't be hollow-constituted' by its mere ontological-completeness or ontological-abjectness or as-ontological-normalcy.

This further highlights the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor as validating the requisite 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure decomplexifying/uninhibiting paradigm for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism, in contrast to a 'wrongly misconstrued universal human intemporal-disposition nature' (which is rather a 'functional construal/conceptualisation' arising from intemporalisation/institutionalisation within an institutionalised registry-worldview/dimension as secondnatured but not beyond its uninstitutionalised-threshold) as it will fail to account and register for the ontological/being-construal-defect of the present as procrypticism which should enable superseding for the prospective transcendent institutionalisation secondnaturing as deprocrypticism.

This explains how a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' gives ontological-anchoring for a Derridean metaphysics-of-presence (due to human limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩) propped up by a metaphysics-of-absence (rather as human projection in 'making-up for' its limited-mentation-capacity-deepening-

⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, and so beyond a Derridean pessimism, 'making-up for' with the abstract and infallible ontological-normalcy/postconvergence referencing/correction-tool as postdication, which upholds intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), to paradoxically transcend and supersede towards deeper ontological-veridicality/intrinsic-reality, as so enabled by the dialecticism of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' in construing the reference-of-thought and meaningfulness of 'the prospective' (of a more intemporal-potency as it further deepens the socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism over 'the prior' in the strive for ontological-normalcy (potency of intrinsic-reality/ontological-veridicality) along with disambiguating human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor as the pathway towards intrinsicness/essence, reality, truth and virtue. Such a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' is rather about the ontological-veridicality of reference-of-thought. It should not be confused with the more familiar issue involving existentially veridical logical-dueness and from thence enabling the construing of relevant soundness or unsoundness of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation, and this doesn't put-into-question the soundness/appropriateness or unsoundness/inappropriateness of reference-of-thought. Thus unlike in the instance of defect–of-logical-processing-or-logical-implicitation—supposedly-

apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance the idea of falling-back to the same exercise to correctly do the exercise (logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) in a same or different circumstance, is invalidated when dealing with perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> (with regards to both postlogism and conjugated-postlogism); with the implication that there can't be mutual contention but rather transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing wherein the superseding (and sound) reference-of-thought can only construe of the superseded (and unsound) as preconverging-or-dementing–apriorising-psychologism/unsoundness-or-inauthenticity-of-reference-of-thought/oblongated requiring psychoanalytic-unshackling/memetic-reorder/institutional-recomposure to transcend into the superseding reference-of-thought in the very first instance before any ontologically-veridical pretence to mutual contention). It is based on perpetuating the precedingness/supersedingness/ascendency over reference-of-thought and meaningfulness of the intemporal-disposition as ontological over the temporal-dispositions; as the latter, going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor are inclined to 'incrementalism-in-relative-ontological-incompleteness <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩' (implying incremental/temporal-accommodation meaningful dispositions of postlogism-

slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s as defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance, and worst still when conjugated to postlogism become temporally-preservational-as-pseudointemporality-preservation or conjugated-postlogism as of circularity/recurrence/repetition/repeatability in existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology in contrast to defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance, and rather implying a 'structural or paradigmatic registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> that defines a registry-worldview/dimension as preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase with respect to intrinsic-reality/ontological-veridicality going by its hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> (take the case of the BODMAS characters highlighted previously where the other characters simply went along calculating without factoring A's defect), such that where there is induced derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> when such defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-

accordance dispositions are conjugated to postlogism (which directly perverts reference-of-thought), temporal-dispositions are rather then construed as in registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect>' in line with a 'dynamic-cumulative-aftereffect of subontologisation' of the prior/transcended/superseded registry-worldview as being in a dialectically-out-of-phase state which is thus preconverging-or-dementing–apriorising-psychologism, while the intemporal-disposition is inclined to 'maximalising-recomposuring-for-relative-ontological-completeness intemporal projection-of-thought' (implying deprocrypticism in its preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as 'ontologically-reconstituting' intrinsic-reality and thus with respect to perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is inclined to solipsistically-put-into-question/ontologically-reconstituting of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and imply a prospective/superseding/transcendental registry-worldview that is the new dialectically-in-phase and thus the new 'postconverging-or-dialectical-thinking–apriorising-psychologism' as the prior registry-worldview becomes dialectically-out-of-phase/dialectically-primitive and preconverging-or-dementing–apriorising-psychologism. A 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' in registry-worldview terms is rendered operant by 'ontological-reconstituting–as-of-conflatedness'/deconstruction over hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-

intemporal-preservation> (with 'ontological-reconstituting–as-of-conflatedness'/deconstruction more like 'a making-up for projection' in transcending as a metaphysics-of-absence conceptualisation over hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as a 'failing, due to limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩,' metaphysics-of-presence conceptualisation), forming the very backbone of the human registry-worldview's/dimension's institutionalisation/intemporalisation process that is behind the institutional-cumulation/institutional-recomposure as it dialectically leaves by the wayside human temporality/shortness and temporal reference-of-thought and meaningfulness. Critically, the placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology implications are utterly different between such a familiar logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation and a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' as the latter calls upon ontological-dementation/dialectical-dementation–stranding/attributive-dialectics in setting up two dialectical reference-of-thought, wherein the one as prior/present/transcended/superseded is preconverging-or-dementing–apriorising-psychologism and the other as prospective/transcending/superseding is postconverging-or-dialectical-thinking–apriorising-psychologism. In other words, 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' is dealing with perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (at the uninstitutionalised-threshold or socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or threshold-of–nonconviction/madeupness/bottomlining-as-to-

shallow-supererogation—preconverging/dementing–apriorising-psychologism) is all about articulating the 'dialectically-in-phase reference' (which is relatively sound ontologically/intemporally) over the 'dialectically-out-of-phase or dialectically-primitive reference' (which is relatively unsound ontologically/intemporally). In registry-worldview terms of temporal-to-intemporal-dispositions 'dynamic-cumulative-aftereffect of subontologisation', this establishes ontological precedence/supersedingness/ascendency. The grander insight and answer to the elusive Derridean conundrum is that the full <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity of a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' renders our presencing-as-positivistic meaningful-reference/anchoring-of-meaning/registry/axiomatic-construct/ontological-reference/contending-reference/registry-worldview 'dialectically-out-of-phase or dialectically-primitive' as preconverging-or-dementing–apriorising-psychologism to a prospective-as-deprocryptic reference-of-thought, which is 'dialectically-in-phase' as postconverging-or-dialectical-thinking–apriorising-psychologism. The latter (as with all relative postconverging-or-dialectical-thinking–apriorising-psychologism references) can only be 'habituated' over the former, and so 'by virtue of its more profound intemporality-potency' validated by its greater ontological-primemovers-totalitative-framework in the middle to long-run with respect to the dialectically corresponding prior meaningful-reference/anchoring-of-meaning/registry/axiomatic-construct/ontological-reference/contending-reference/registry-worldview. For instance, there is no logical-basis for a positivistic mindset/reference-of-thought to convince a non-positivism/medievalism mindset/reference-of-thought that it reference-of-thought is better but for the fact that its better ontological-primemovers-totalitative-framework will in the middle to long-run be ontologically untenable thus 'collapsing' the non-positivism/medievalism mindset/reference-

of-thought; and so reflecting 'Derridean underdetermination-imbued force/violence conception' and 'Foucauldian knowledge/power conception construed as knowledge-empowerment/ignorance-disempowerment' as to mere 'sublimation affirmation/projection/assertion/dueness-validating-logicising/suitablemeasuringinstrument-validating-measuring-<postconverging-or-dialectical-thinking–apriorising-psychologism>' over 'desublimation unaffirmation/deprojection/de-assertion/undueness-invalidating-logicising/unsuitablemeasuringinstrument-invalidating-measuring-<preconverging-or-dementing–apriorising-psychologism>' so-underlining existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation and existence—as-the-absolute-a-priori-of-conceptualisation. This is the only basis for establishing the relative ascendency of divergent reference-of-thought (not to be confused with 'logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation convincing' as this by definition will instead make circular references to a prior reference-of-thought that is already established and uncontested in the very first place; thus highlighting the notion that it is the veridicality of the prospective reference-of-thought that precedes and defines the pertinence of an exercise of 'logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation convincing' whereby interlocutors already share this common reference-of-thought, and not the other way around). Such a postconverging-or-dialectical-thinking–apriorising-psychologism over preconverging-or-dementing–apriorising-psychologism habituation (at their respective 'uninstitutionalised-threshold or socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism') with regards to the postconverging-or-dialectical-thinking–apriorising-psychologism and preconverging-or-

dementing–apriorising-psychologism dialecticism of meaningful-reference/anchoring-of-meaning/registry/axiomatic-construct/ontological-reference/contending-reference/registry-worldview' developed as base-institutionalisation over recurrent-utter-uninstitutionalisation, universalisation over ununiversalisation, positivism over non-positivism/medievalism and prospectively deprocrypticism over procrypticism. It should equally be noted that just as no reference-of-thought will recognise itself as rather preconverging-or-dementing–apriorising-psychologism (from its own present placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of itself as postconverging-or-dialectical-thinking–apriorising-psychologism) as we may appreciate from our relative vantage point being at a higher registry-worldview ontological-completeness-of-reference-of-thought, we will equally have a hard time recognising a preconverging-or-dementing–apriorising-psychologism placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of our present positivistic registry-worldview as rather preconverging-or-dementing–apriorising-psychologism (as procrypticism/disjointedness-as-of-reference-of-thought) from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism higher registry-worldview ontological-completeness-of-reference-of-thought; as in both instances, the 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' highlights that the prior preconverging-or-dementing–apriorising-psychologism reference-of-thought faces a 'Heideggerian (engaged)-destruktion', as it is not about substituting our species but enabling the further development of our same species as institutionalisation/intemporalisation, articulated as a Derridean deconstruction involving 'ontological-reconstituting–as-of-conflatedness' of the prospective postconverging-or-dialectical-thinking–apriorising-psychologism reference-of-thought over the hollow-

constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of the prior preconverging-or-dementing–apriorising-psychologism meaningful-reference/anchoring-of-meaning/ontological-reference. So our natural 'argumentation reflex'/new logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as 'prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism re-engaging reflex' with respect to the more familiar existentially veridical logical-dueness and from thence enabling the construing of relevant soundness or unsoundness of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation do not apply with respect to ''Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology'; as the latter is more about an engagement between a prior/transcended/superseded reference-of-thought say in registry-worldview terms like non-positivism/medievalism (which harkens back to its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) as rather hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> to its reference-of-thought–categorical-imperatives/axioms/registry-teleology whether these are failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and a prospective/transcending/superseding reference-of-thought like positivism (which develops new reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) as 'ontologically-reconstituting' to uphold intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, no matter what. Such a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' equally takes cognisance of the fact that a reference-of-

thought construal is simply as of a dynamic-cumulative-aftereffect conflation, and with perversion-reference-of-thought involving a subontologisation rather indirectly as a comprehensive socially-betraying-threshold-of-ontologising-depth-of-analysis (or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) arising from the 'cumulative effect' of the various temporal-to-intemporal-dispositions individuations dispositions with respect to intradimensionally operant <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, as the various 'temporal-dispositions individuations' will, at the given uninstitutionalised-threshold, betray ontologising/ontological-depth-of-analysis/intemporal-preservation by hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> at their specific temporal-dispositions individuations thresholds (ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation). Thus providing the basis for a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' of ontological-reconstituting–as-of-conflatedness not only at a registry-worldview/dimension or intradimensional level of hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> but also at temporal-to-intemporal-dispositions individuations level of hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>, which then allows for disambiguated ontological-primemovers-totalitative-framework with respect to individuals teleologies as being of any of the various temporal-to-intemporal-dispositions

individuations (for instance, psychopath postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-as-reflex-fleeting-logic, psychopath's or postlogic interlocutor conjoining-looping-set-of-narratives as-reflex-cohering-logic, etc.). This effectively allows for 'différance conceptualisation' of hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> and ontological-reconstituting–as-of-conflatedness/deconstruction analysis' of intradimensional phenomena, and rather construed as of the conflaction of the corresponding registry-worldview reference-of-thought transcendental dialectics. Such a 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' thus goes on to encompass the stranding-dialectics educing-human-meaningfulness-and-teleology-into-the-existentialism-becoming of personhoods-and-socialhood-formation marking any registry-worldview reference-of-thought. The underlying idea here being that faced with incidental issues arising in various effective social contexts, the 'ontological/intemporal paradigm approach' is to have at hand a 'universal cadre' that conceptualises and is geared towards attending-to/resolving all such and other incidental issues as it is suprastructural to all such incidentals. That universal cadre with regards to issues of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> pointing to 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology', and so across all registry-worldviews/dimensions, is human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor conjugating with respect to intemporal/ontological meaningfulness requiring re-institutionalisation/re-intemporalisation in successive institutional-cumulation/institutional-recomposure, cumulating/recomposuring along various ontologising-depth-of-analysis/intemporal-preservation-entropy-or-contiguity–or–ontological-preservation (as institutionalising,

universalising, positivising and fully/abjectly-ontologising into deprocrypticism). Human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor as such is ontologically a preceding and defining construct that provides insight on 'existentialism/full-depth-of-existential-implications issues' across all the institutional-cumulation/institutional-recomposure since 'it grasps the ontological-veracity of temporal-to-intemporal-dispositions as it recomposures across all the successive institutional-cumulation/institutional-recomposure'; due to the inherent/permanent nature of human shallow to profound limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ (temporal-to-intemporal-dispositions individuations dispositions) along the successive/snowballing institutional-recomposures with respect to the succession of recomposured human meaningfulness-and-action based-on/given this same form-factor. This implies individuality is then simply 'the unique incidence' of 'human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor individuations dispositions (as form-factor)' in the 'receptacle' that is an individual in a given 'recomposured-existentialism contextualisation', and as such a given 'recomposured-existentialism contextualisation' harbours other individuals (as receptacles) of their own 'unique incidence' of 'human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor individuations dispositions'. A further implication is that going by ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) that is behind the institutional-cumulation/institutional-

recomposure involving the skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor (as human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor individuations dispositions) towards the ascendency of the intemporal-disposition's meaningfulness (longness-of-register-of-meaningfulness-and-teleology) as institutionalisation/intemporalisation, this highlights that 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' which is rather about perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (as human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor as of postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s 'conjugate with and thus pervert intemporal/ontological meaningfulness' requiring 'ontological-reconstituting–as-of-conflatedness' over their hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>) contrasted to 'notion of agreement-disagreement', is a permanent construct for the ontological/intemporal resolution/skewing of human-subpotency–aporia/undecidability/dilemma/ought-

indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, and in registry-worldview terms 'Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology' is the mechanism of transcending the registry-worldview reference-of-thought as 'ontological-reconstituting–as-of-conflatedness/deconstruction' articulates better and better reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation and is geared exclusively for prospective intemporal-preservation-entropy-or-contiguity–or–ontological-preservation, and thus recomposuring-in-a-snowballing-effect base-institutionalisation, universalisation, positivism, and prospectively deprocrypticism. It also points out that the exercise of institutionalisation/intemporalisation is not an exercise of human emanance transformation from temporal-dispositions to intemporal-disposition (as we wrongly imply by intuition) but a registry-worldview's/dimension's institutionalisation or secondnaturing exercise, explaining why we are continually the same species from utter-institutionalisation to prospectively deprocrypticism. This point can be demonstrated by the fact that when a prospective/transcending/superseding registry-worldview is institutionalised, our same temporality/shortness as of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor will now rather conjugate temporarily as shortness-of-register-of-meaningfulness-and-teleology or perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (conjugated: postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s) to the new reference-of-thought–categorical-

imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–

or–ontological-preservation at the new institutionalisation's uninstitutionalised-threshold, and

thus eliciting the need for prospective intemporalisation/institutionalisation. The need for

successive institutional-cumulation/institutional-recomposure thus leads to deprocrypticism

which specificity going by the increasing 'rational-realism' of the institutional-

cumulation/institutional-recomposure process is to recognise the veridicality of this human-

subpotency–aporia/undecidability/dilemma/ought-

indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-

dispositions–existentialism-form-factor (as of the intemporal-disposition and temporal-

dispositions   of   postlogism-

slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-

discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-

endemisation, so-disambiguated as of reference-of-thought-devolving ontological-

performance-<including-virtue-as-ontology>s) and construct prospective knowledge

factoring it in, as 'knowledge-notionalisation' or knowledge construct not only based on

intemporal idealisation but that also factors in how the temporalities will relate to meaning,

and be conceptually preemptive of human temporality/shortness since human-subpotency–

aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—

imbued-temporal-to-intemporal-dispositions–existentialism-form-factor   can't   be

emanantly/becomingly/solipsistic transformed as 'of intemporal-disposition only' (it's a lost

cause as that is not our firstnatureness since we are effectively of temporal-to-intemporal-

dispositions given our human-subpotency ever limited-mentation-capacity relative to the full-

potency   of   existence   as   existence-potency-prospective-digression-of—

<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–

in-epistemic-conflatedness) and avoid articulating knowledge as if the human mentation is by

reflex only intemporal of emanance reference-of-thought when in reality it is of temporal-to-intemporal-dispositions, and so by way of deferential-formalisation-transference and percolation-channelling. Effectively given that going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, the determinant nature of intemporal/ontological constructs induced by institutionalisation with respect to social-stake-contention-or-confliction is always bound to elicit two classes of human mental-dispositions with respect to it whether as a temporal extricatory paradigm or as an intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm, and knowledge-notionalisation is grounded on addressing meaningfulness insightfully in these two respects. The veridical insight to the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor lies in the fact that the cross-section of humankind at any instittutionalisation is institutionalised at its socially-betraying-threshold-of-ontologising-depth-of-analysis or socially-betraying-threshold-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation or uninstitutionalised-threshold or threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism; as basically intemporality/longness is a pathway from base-institutionalisation to universalisation to positivism and prospectively deprocrypticism as the fulfilment of ontological-normalcy/postconvergence potency, and any pretence at a positivistic registry-worldview to be non-transcendable (in terms–as-of-axiomatic-construct of ''Différance-disambiguation-of-ontologically-veridical-meaningfulness-and-teleology') is untenable as the same could be implied at base-institutionalisation and universalisation, which obviously we won't recognise and acquiesce

to, implying the temporal-difficulty of dealing with the transcendental implications in reflecting the ontological-contiguity—of-the-human-institutionalisation-process often lead to ontological-bad-faith/inauthenticity as human-subpotency– aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint— imbued-temporal-to-intemporal-dispositions–existentialism-form-factor! The grander insight being that 'institutionalisation devising and devices' already speaks a lot about human potential and capacity (and are basically our virtue with no need for 'false idealisation' that just induces 'vain-temporality passing for intemporality'), and just as previous institutionalisations prospered, due to increasing realism, because they did away with deities and spirits in recognising that human potential lies in what humans can do themselves, and strived even more by doing away with essences in recognising that understanding effectively what happens in the world is what gives power and effectiveness over nature, a further extension of rational-realism is to do away with the 'false feel good' naivety of construing man by reflex in intemporal terms (not recognising or rather taking full cognisance of the implications that we have temporal-to-intemporal-dispositions as shortness-to-longness-of- register-of-meaningfulness-and-teleology or perversion-of-reference-of-thought-<as- effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow- supererogation> teleologies) which failure only leads to unrealistically grounded reference- of-thought and meaningfulness (characterised by the readiness to overlook vices-and- impediments of our registry-worldview/dimension as side notes rather than the idea that these point to our deficiencies and 'that these are actually the necessary pathway for superseding/transcending' for prospective paradigms, just as preceding registry-worldviews had to deal with their paradigms that led up to our positivistic registry-worldview) and aspiring for the intemporal while factoring in the temporal. In a further elaboration, there is no pathway for prospective base-institutionalisation without a recognition of recurrence-of-

utter-uninstitutionalisation for its superseding, no pathway for prospective universalisation without a recognition of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-base-institutionalisation-as-ununiversalisatiion for its superseding, no pathway for prospective positivism without a recognition of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-universalisation-as-non-positivism/medievalism for its superseding, and there is equally no pathway for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology   as   of prospective deprocrypticism without a recognition of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–positivism-as-procrypticism for its superseding. However, such an intemporal-disposition of transcendental depth-of-thought, it must be acknowledged is hardly the panacea of a <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ temporal mental-disposition that is more predisposed to project mainly in terms–as-of-axiomatic-construct of 'temporal lifespan of living scale' rather than 'humanity-at-large spatial and timeless scale' of intemporal projection-of-thought mental-disposition; with the inherent moral and intellectual superiority of the latter warranting an uncompromising stance over the former,   in   transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing, as has always been the case all along in reflecting the ontological-contiguity—of-the-human-institutionalisation-process, and so 'looking down' at temporality/shortness effects of 'country-of-the-blind effect' and 'crowd effects'. Already with respect to futural Being-development/ontological-framework-expansion–as-to-depth-of-

ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism, our formalisation mechanisms acknowledge unspokenly/tacitly/by-mere-intuition the veracity/ontological-pertinence of our potential 'perverting temporal-dispositions inclinations' by its 'abstract preemptive mechanisms', the bigger prospect though lies in fully unleashing such a potential for a knowledge-notionalisation emancipation that is consciously aware of the full implications and thus paradoxically uninhibited/decomplexified in dealing with this realism rationally and further expand human intemporal potential as the deprocrypticism registry-worldview. Actually the Deprocrypticism registry-worldview/dimension we will be able to supersede human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor because its preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism enables 'absolute social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ about the real nature of human action' thus undermining the disposition for human temporal-preservation-and-prevarication behind relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'; as in fact the successive institutional-cumulation/institutional-recomposure (as 'postconverging-or-dialectical-thinking–apriorising-psychologism and in-phase/soundness-or-authenticity-of-reference-of-thought' in voiding/annulling the 'supposed pretence of a contending posture or reference-of-thought' of

the successive corresponding uninstitutionalised-thresholds as actually the ontological reflection of their mental-disposition is 'of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation intradimensionally) as temporal-dispositions are actually involved in pseudointemporality inducing temporal-preservation-as-pseudointemporality-preservation defining the corresponding uninstitutionalised-threshold, beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation, thus represented as 'preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase/unsoundness-or-inauthenticity-of-reference-of-thought', and thus the 'point of engagement' with all established uninstitutionalised-thresholds is rather a 'reflection of postlogism-formulaic–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation-or-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' reflex disposition or preconverging-or-dementing–apriorising-psychologism' and not the 'natural institutionalisations inclination to reflect a prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism re-engaging reflex or thinking reflex', for instance 'we don't think' with a non-positivism/medievalism uninstitutionalisation-mindset/reference-of-thought as the point-of-meaningful-engagement' with it from our positivistic perspective is its out-of-phase decentering and preconverging-or-dementing–apriorising-psychologism, likewise the point-of-meaningful-engagement from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism perspective with our registry-worldview/dimension

procrypticism/disjointedness-as-of-reference-of-thought is 'not a thinking relation' but a 'decentering and preconverging-or-dementing–apriorising-psychologism' as dialectically-out-of-phase and logically-incongruent) arise because of intermittent/relative universal transparencies induced by knowledge in grasping over recurrent-utter-uninstitutionalisation-recurrency the notion of rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought'

The conceptualisation of 'knowledge-notionalisation' is rather based on the fundamental notion of a superseding–oneness-of-ontology with respect to knowledge-and-virtue conceptualisation such that so-construed it is rather a 'referential-as-natural' conceptualisation of knowledge that consciously tautologically subsumes temporal-dispositions and intemporal-disposition (as opposed to our present 'categories-as-artificial' conceptualisation of knowledge often predisposed to overlook the temporal, and critically so, with respect to understanding the social as of the human condition together with inherent ontological-veridicality in naively assuming the intemporal/longness-of-register-of-meaningfulness-and-teleology by reflex focussed mostly on inherent ontological-veridicality, and whose artificially-demarcated subject-matters and hierarchical relationship with the first-order-ontology/philosophy is by itself a structural/paradigmatic shortcoming with respect to our understanding possibilities, given that our artificial subject-matter categories-schemes do not precede nor define intrinsic-reality as 'knowledge-in-its-oneness-and-entirety'), and is postconvergent in its ontological-tautologisation/existential-reference conceptualisation of reality in a unison of second-order-ontologies with the first-order-ontology/philosophy

wherein second-order subject-matters aren't discontinuously hollowed out from the first-order-ontology but rather their inter-relational and hierarchical relationship with the first-order-ontology (philosophy) is subsumptive with the latter as superseding–oneness-of-ontology and the place for elucidating epistemic disagreement (with the practical desire for an appropriate proportion of subject-matter experts directly studying and understanding the first-order-ontology/philosophy elucidations and the possibilities implied for their subject-matters), and as the first-order-ontology/philosophy furthermore is the 'abstractly inventing conceptualising construct that construes the requisite overhanging knowledge psychical-orientation/psyche', as the fact is it was a philosophical orientation whether explicit with Descartes's 'I think therefore I am' establishing the positivistic mindset/reference-of-thought/consciousness-awareness-teleology so excellently, with the later requalification of Hume, Kant and others of that same mindset/reference-of-thought/consciousness-awareness-teleology and actually 'in complement to it' than truly criticisms (which is often philosophically misconstrued, as Descartes's 'thinking proposition' is so profound that it is the very 'transparent pillar or social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ for the tenability of the supposed critiques of rationalism, which are actually in complement to it, by latter philosophers, and it is rather the failure to compare what the 'thinking proposition' implies with respect to the prior as the core-medieval mindset/reference-of-thought/consciousness-awareness-teleology of essences, alchemies and superstition as an altogether different <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought of human mindset/reference-of-thought/consciousness-awareness-teleology, together with the naïve predisposition for categorisation of knowledge in artificial human categories undermining the 'natural referentialism ontological-normalcy/postconvergence nature of knowledge' that is at the basis

of misapprehending the complementing as criticisms, as in fact these will actually be better construed as Extended Rationalism – rationalism, empiricism, subjectivism, realism, idealism, phenomenology, as the fact is none of the latter claims to be 'irrational') or less-explicit with Copernicus, Galileo, Darwin, etc. scientific endeavours/postures that 'invented-and-upheld' the positivistic psyche/psychical-orientation for our present-day positivistic knowledge form, as the fact is Descartes 'abjectly-thinking-proposition psyche' is not a given as of its epistemological and ontological implications as to projective dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation as to existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation, and in the same token there is a case to be made that suprastructuralism as a meaningful-frame ushered in by post-structuralism will be the requisite human mindset/reference-of-thought/(recomposured)-consciousness-awareness-teleology of <amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought for the prospective knowledge-form/meaningfulness-and-teleology associated with deprocrypticism as ontological-normalcy/postconvergence dimensionality-of-sublimating—<amplituding/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation as to existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation; as 'different institutional-cumulation/institutional-recomposure have their knowledge-form/meaningfulness-and-teleology psyches (psychologisms) which is a difficult notion to grasp when operating only within a same registry-worldview/dimension psyche of apriorising/axiomatising/referencing without projecting of varying/successive fundamental apriorising/axiomatising/referencing framing, but this can be elucidated by an ontology-driven 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-

2541

dynamics or natural psychology-of-dynamics' highlighting the defining stage by stage psychical development as from recurrent-utter-uninstitutionalisation to base-institutionalisation–ununiversalisation to universalisation–non-positivism-or-medievalism to positivism–procrypticism, and prospectively deprocrypticism psyche. Suprastructuralism ultimately reflects the ontological-contiguity—of-the-human-institutionalisation-process by bringing to the 'collective-human-psyche-and-consciousness as a transparent-pillar or social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-

<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩   the insight of a lockstep relationship of the-postconverging-or-dialectical-thinking-narrative—by—the-preconverging-or-dementing-narrative' in grasping ontology/ontologically-veridical-meaningfulness/intrinsic-reality across all human retrospective, present and prospective institutionalisations, as implied by ontological-dementation/dialectical-dementation–stranding/attributive-dialectics with a corresponding comprehensive grasp of the implications of   human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor with respect to institutionalisation possibilities and more precisely and prospectively, preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism as deprocrypticism-and-its-potential-for-prevailing-over-or-superseding-human-vices-and-impediments-as-arising-from-disjointedness-as-of-reference-of-thought as well as knowledge-notionalisation undermining the prospective denaturing of institutionalisation possibilities as subknowledging. Going by our mirage/illusion-of-the-present/present-consciousness we will possibly think otherwise,

but this rather points to how our forerunners felt psychologically when their worlds built of deities and later essences were being put into question by 'an increasing realism insight' of an intrinsic-reality that is ontologically given and in ontological-normalcy/postconvergence with respect to us, with the implication that it is our psyche that 'gives-in' to intrinsic-reality and not the other way around.

- As central to an overall Suprastructuralism conceptualisation that subsumes all the transcendental concepts highlighted with regards to grasping ontology/ontologically-veridical-meaningfulness/intrinsic-reality, and corresponding perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with respect to ushering in the requisite preempting— disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism that should define and conceptualise the Deprocrypticism registry-worldview/dimension (as the effective attainment of ontological-normalcy), is the idea of a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' 'psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme'. Basically, a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' 'psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme' (in defining individual, summative intradimensional and transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness meaningfulness reference-of-thought), renders suprastructuralism and associated transcendental concepts comprehensively operant (as well as rendering

ontologically-pertinent a storied-construct/ontologically-valid-narration enabling a more profound intuitive elucidation of the phenomena reflected by the conceptualisations in this paper) as such a conceptual-scheme effectively construes the reality of human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology defect in its failing-and-succeeding representation of ontologically-veridical-meaningfulness/intrinsic-reality grasped as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness; with the idea that deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality 'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules' is attainable as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness clear delineating, in human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor driven lockstep dynamism of uninstitutionalised-threshold/institutionalisation as a circular process of 'ontological-reconstituting–as-of-conflatedness (upholding-of-intemporal-preservation) of hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> as prospective institutionalisation' and hollow-constituting-<as-

disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> of ontological-reconstituting–as-of-conflatedness (upholding-intemporal-preservation) as uninstitutionalised-threshold', and so in prospective circularity'. The 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' 'psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme' thus construes deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality 'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules' as a suprastructural tautological/existential-reference representation of existence/intrinsic-reality/ontology as of inherent ontological-normalcy/postconvergence teleology. Thus, such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' 'psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme' involves, mobilising an 'ontological-tautologisation/existential-reference conceptual-scheme' (like a hermeneutics-derived psycho-ontological, bio-ontological, econo-ontological, mathematico-ontological, etc.) construed as of ontological-normalcy/postconvergence teleology thus postdicatory (as metaphysics-of-absence conceptualisation), is of 'subpotent-mimetic-echoness-derivation-within-the-full-potency of ontology/intrinsic-reality/of-referential-nature/of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—<amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–

in-epistemic-conflatedness, as the given subject-matter in a full-blossoming unison of second-order ontology with first-order ontology. Insightfully, superseding–oneness-of-ontology points out that human ascription of knowledge into various categories as science, humanities, arts, etc. is actually an unnatural differentiation that has to do with arbitrary human categorisation out of practicalities of division of labour and organisation, while equally leading to confusions. Actually knowledge as a whole imply the two basic elements: its conceptualisation and the causal effectiveness thereof of the conceptualisation. Knowledge conceptualisation and causal effectiveness can successively be construed in three respects; specific, intermediary and general, with all aspects of conceptualisations being notionally philosophical as providing meaningful insights while all aspects of causal effectiveness provide confirmatory and predicative-insights to meaningful insights. (Interesting it is important to note that empiricism speaks of the possibility of knowledge revelation by the inherent nature of the subject-matter and not an abstract approach as often naively construed; with the implication that empiricism can be construed as deriving from a confirmatory analysis of a mere insight, observation or experiment depending on the inherent nature of the said subject-matter, so long as this then allows for ontological-primemovers-totalitative-framework.) Thus notionally speaking all human knowledge is philosophical knowledge as being about meaningful insights. For practicalities, the general basis for establishing conceptual pertinence as of the more general abstract notions of knowledge is attributed to the philosophical disciplines (involving philosophy and the philosophies of subject-matters including sciences, and its extension in the humanities and social sciences) even though in further practical terms such construal will be punctually undertaken as well when relevant to specific disciplines of immediate cause-and-effect construals/conceptualisations. This equally practically partakes in the denotative and connotative disambiguation of subject-matters. The practical basis for intermediate conceptual pertinence has to do with the inter-relation and

delineating of subject-matters with a lesser direct implication of the philosophy, and even less so when it comes to the practical basis for specific conceptual pertinence as practised within subject-matters/specialisms themselves. Thus in human practical terms, knowledge can be construed as a wheel made up of three parts with the central part viewed as the hub of the wheel (philosophical) that provides control (as asking the most basic notional questions of meaningfulness and logic), the outer part of subject-matter (tyre) that connects with the ground (as causal effectiveness asking the more immediate questions of specific domains of nature and reality) and the middle part as the rim and spoke of the wheel holding the other two parts together (providing logical coherence, construed both within subject-matters/specialisms and philosophical disciplines). For practical purposes though, any of these conceptualisation – logical-coherence – causal-effectiveness dispositions can be overemphasised or underemphasised, but it is critical to grasp that any such underemphasising or overemphasising doesn't speak of a change of ontological-veridicality/intrinsic-reality but a human practicality purpose (conventioning) which pertinence lies in not losing sight of and ultimately recovering the superseding ontological-veridicality/intrinsic-reality. This basic conception of knowledge fundamentally explains what to expect of the philosophical as first-order ontology or the sciences including all other applied studies of second-order ontology. Often times, issues are raised which underlying presumption/presupposition/premise should actually be wholly or partially of fundamental philosophical conceptualisation of meaningfulness-and-teleology but naively purported to be answered wholly as of a second-order ontology terms. Broadly speaking philosophy as the first-order ontology (acting as a cog) has been more about providing the overall scope for meaningful insights and the broader conceptual background for other subject-matters while science and other second-order ontology disciplines (as the wheel that meets the ground) draws on a sound and broad philosophical conceptual background to articulate causal

effectiveness (as of the inherent nature of their subject-matters). It is rather naïve to depart from a philosophical angle and try to imply causal effectiveness of a natural science nature (rather than effective validation techniques relevant to transversal nature of philosophical conceptualisation) just as the same holds true the other way round. The reality is that if science was the best method to answer philosophical questions as of its subject-matter, then it would have already taken over from philosophy as practised and the reverse holds true as well, as in reality it is all about human practical organisation in construing a superseding–oneness-of-ontology while dealing with our given limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩. The fact is science is structurally bound to construe causal effectiveness as of the inherent nature of its domains of reality and philosophy is fundamentally conceptualising by its very nature and providing the broad conceptual background for all human knowledge with the implication that without such conceptualisation the historical insight for the need and upholding of the sciences and scientific method wouldn't have come about while equally defining the limits of what science can achieve. Insightfully and beyond their practical differentiations, with all knowledge actually being conceptually philosophical, a lot of science is actually a sort of impromptu and punctual heuristic philosophy at sciences subject-matter level. So it is rather critical here to distinguish between a human denotative and segmenting exercise (as not determining inherent reality) which is conventioned knowledge and the inherent connotation of the reality of knowledge as the superseding knowledge ontology inherent structure. In that sense, one often misconstrued notion with respect to notional philosophy is that it is not as successful as the sciences, which is a naïve conceptualisation as the very idea of such notional philosophy is its conceptualising irrigation of second-order ontology with the more immediate and ontological-primemovers-totalitative-framework success being not only a success of the

second-order ontology but a percolated success of notional philosophy as of its historical development of human conceptualisation in inducing the second-order-ontologies and irrigating them with meaningful-insights, whether we talk about the sciences, jurisprudence and law, ethics, engineering, aesthetics, etc. (This insight means that the classical conception we have of philosophy as mainly about great philosophical thinkers is incomplete as we equally need to understand the 'organic-knowledge' as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality of other thinkers as they were developing second-order ontologies, and analyse such thoughts in philosophical terms and make these part and parcel of philosophy without necessarily going deeply in their concrete 'operant mechanical-knowledge' except where this clarifies their 'organic-knowledge'. That's why the work of such transcendental thinkers like Newton, Galileo, Einstein, Bohr, Pasteur, etc. are 'more than just technicalities' as these involve a certain commitment as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality which needs to be properly relayed not only in the further development of the 'mechanical-knowledge' they advanced but equally about elucidating the profundity of knowledge itself. This insight is equally valid with respect to great artists like Michelangelo, among others. While critically, highlighting how human emancipation has been associated with such 'organic-knowledge' brought by scientists, artists and philosophers as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality across various epochs, such that the history of philosophy is much more than just biographical and analytical accounts of past masters but further involves the active relation of these in construing the 'becoming-and-emancipating human psyche as of individual and social implications then and now'.) 'Notional philosophy' as articulated above

is the very profundity behind the human ('social framework of intersolipsistic deambulation') imagination, projection, development, articulation and conceptualisation-resourcing possibilities for all second-order ontologies; not so as an instant present development (of philosophers and philosophy-impacting scientists and artists) but rather as of its historical development, accrual and drive into today's second-order ontologies, as inventing the overall knowledge psyche and their perspectives in the very first place. A notion that is often hardly grasped because of the poor imagination of the notional philosophical work across epochs inducing human ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought, and psychically and institutionally bringing about our present conventioned knowledge being naively related to as if our present mentation-capacity and insights are simply a given, lacking a full appreciation of prior notional philosophical transformations of mindsets/references-of-thought/psychologisms and human developments of knowledge construal/conceptualisation, and correspondingly lacking a full appreciation of prospective overall human knowledge development possibilities of future philosophical ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought as of a prospective mindset/reference-of-thought/psychologism for the construal/conceptualisation of all human knowledge. It should be noted that this articulation about the role of notional philosophy speaks of the ontologically philosophical beyond just conventioning/classical sense of conceptual philosophy. That is, a scientist that develops insights about issues of philosophical import is ontologically contributing to philosophy even though qualified as a scientist by conventioning (as the natural ontological construct of knowledge as intrinsic-reality/ontological-veridicality doesn't recognise our artificial delimitations of knowledge organisation), just as the reverse equally holds true as well. Consider that Aristotle set out as a philosopher but in many ways has turned out to be the true father of science. Notional philosophy in the bigger framework construed of organic-

knowledge itself as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality as the superseding drive behind the 'inventing/creating' of all human technicalities/mechanical-knowledge refers to the mental-disposition to break from 'ordinary apathy and constraining framework of secondnatured institutionalisation' to rearticulate the dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection underlying the 'inventing/creating' of prospective secondnatured institutionalisation possibilities as prospective knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue. Ultimately and beyond shallow technicalities/professions of presences as has been variously and decisively the case throughout humankind history, the most important philosophical work is the preservation of the human existential tale in prolongation as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality by 'maintaining a contemplative distance/detachment from ordinary human blithe' susceptible to render meaningfulness-and-teleology a closed-structure (as merely-exploiting-Being-as-of-its-presence-state-with-poor-regards-for-Being-underdevelopment-and-development-potential-construed-as-nihilism as of <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩) as of its temporal <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag by adopting a 'presencing—absolutising-identitive-constitutedness consummated/forfeiting posture' as 'looking down upon the value-reference constructs of all successive presences construed as conventioned-aberrations of

pure-ontology' in order to 'keep agape' an opened-structure (as developing-Being-potential-over-mere-exploiting-of-presence-state-of-Being-construed-as-antinihilism-or-opened-construct-of-meaningfulness-and-teleology) for prospective meaningfulness-and-teleology; as no registry-worldview/dimension 'as a product of secondnatured institutionalisation' should be construed as defining itself 'in its self-referencing/nombrilism as being the ultimate grounding of meaningfulness-and-teleology', be it at the backend in reflecting the ontological-contiguity—of-the-human-institutionalisation-process. That is the most important work of all human jobs whether it is done as of 'institutionally secondnatured construed technical/professional philosophy' or not, as secondnatured institutionalisation by itself doesn't guarantee such a requisite dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection even though the latter does ensue in any case as of notional philosophy. Such 'dimensionality-of-sublimating—<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness–equalisation projection notional philosophical dispositions' upholding an opened-construct-of-meaningfulness-and-teleology to enable prospective institutionalisation as assumed by the Socrates, Aristotles, Avicennas, Mansa-Musas, Zheng-Hes, Buddhas, Copernicuses, Galileos, Rousseaux, Diderots, Darwins, etc. as-'inventing'-or-'creating'-or-'upholding'-new-intellectual-paradigms-of-societies, are the 'most social of human acts' as keeping up by renewing–apriorising/axiomatising/referencing of prospective conflatedness as of ontological-normalcy/postconvergence behind the possibility of prolonging the human existential tale for prospective civilisation, and so not on the same pedestal with 'nombrilistic presences of registry-worldviews/dimensions in their <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag temporal-

dispositions' as <s>amplituding</s>/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ blithe to such retrospective-and-thus-prospective insight by their temporal extricatory paradigms in distractive-alignment-to-reference-of-thought as of epistemic-abnormalcy/preconvergence. This is enabled by the tautological/referential/existential-reference nature of intrinsic-reality/ontology/existence allowing for 'predication or predictive-insight' and 'postdication or projective-insights', the latter very much attached with the arts and aesthetic forms but hardly hitherto associated with the predicting of the former like in scientific constructions, though such postdication-as-predictive can possibly be enabled as 'metaphysics-of-absence conceptualisations' in domains concerned with predication as introduced (besides the 'projective intemporal-preservation-contiguity/referential analysis' of this author in this paper taking cognisance of metaphysics-of-absence as the need to supersede our illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage) in the form of conceptualisations based on 'creative-spaces-of-metaphors' (or for that matter the jargon as can reasonably be expected of the thoroughness of all inherently analytical subject matter especially in this case by the highly exploratory nature of such analysis, as such writing are not 'story writings' nor should the artificial excuse in the case of core post-structural writings like quoting Einstein in saying that good science is associated with beautiful equation as obviously just as $E=MC^2$ is beautiful but the underlying physics is a head-scratcher one can equally say 'there is nothing outside the text' is a beautiful statement but don't expect the underlying Derridean deconstruction and implications to be child's play, nor should the fact that the meaningfulness of the social 'being closer to us emotionally' compared to the natural sciences that this should preclude its analysis if and when we are temporally uncomfortable with it, as that is part and parcel of our human development as our

forerunners had taken their responsibilities about that to usher in our positivistic registry-worldview/dimension and we can't exclude ourselves from prospective transcendence), which ultimate knowledge-credential is not in the 'metaphors themselves', as misunderstood by naïve critics, since these are just a 'conceptualisation detour' with respect to apprehending a fleeting-perception of reality but rather 'as-of-the-implied-or-derived-elucidation' which is the actual 'product of ontological import', by such thinkers as Deleuze, Guattari, Lacan, Rory, Derrida and others, and so, as pertinent and as so-validated by ontological-primemovers-totalitative-framework and insight. Central to such 'ontological-tautologisation/existential-reference conceptual-scheme' is the idea of superseding–oneness-of-ontology, as obviously there can't be any predication-and-postdication without a 'sole ontology' with a 'sole intrinsic ontologically-veridical-meaningfulness' (otherwise meaningfulness will be chaotic-and-meaningless), not to be confused with human constantly evasive meaningful grasp of intrinsic-reality/ontology having to do with our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' due to our limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, with such a conceptual scheme thus enabling aetiologisation/ontological-escalation. However, with our human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, we are actually involved in a 'developmental notional~teleology of ontology' construed as coherent shallow superseding–oneness-of-ontology to coherent deeper superseding–oneness-of-ontology in reflecting the ontological-contiguity—of-the-human-institutionalisation-process; with such limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-

withdrawal,-eliciting-of-prospective-supererogation⟩ reflected and encapsulated in the operant concept of 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation (as relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, with respect to ultimate ontological-normalcy/postconvergence. The <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity of 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation are twofold. Firstly, with respect to the nature of human knowledge development as a constant deepening (with augmenting ontological-primemovers-totalitative-framework with respect to intrinsic-reality/ontology/ontologically-veridical-meaningfulness) from a 'shallow coherent superseding–oneness-of-ontology' towards a 'deeper coherent superseding–oneness-of-ontology' by the institutionalisation dynamism of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics' inducing 'placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology rescheduling' wherein a given present registry-worldview of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, is transcended/superseded as preconverging-or-dementing–apriorising-psychologism ushering in a new present registry-

worldview of less relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, which is transcending/superseding as 'postconverging-or-dialectical-thinking–apriorising-psychologism', and at the 'individuation-level of conceptualisation of knowledge' construed as predisposed to either hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>' and 'ontologically-reconstituting (upholding-intemporal-preservation)' as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness of ontology/ontologically-veridical-meaningfulness/intrinsic-reality. Secondly, with respect to the psychological/psychoanalytical basis of meaningfulness representation (placeholder-setup/mentation/mental-devising-representation/consciousness-awareness-teleology), with regards to the fact that the 'reflex supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mental-disposition' is a 'purely abstract construct' of reference-of-thought–categorical-imperatives/axioms/registry-teleology representation of meaningfulness but then without 'existential reality validation' is wrong (particularly beyond the scope of a registry-worldview's institutionalisation reference-of-thought where intemporality//longness-of-register-of-meaningfulness-and-teleology has been more or less secondnatured, at its uninstitutionalised-threshold) as this fails to reflect the fact that the same-terms-of-expressions/seemingly-same-implied-meaningfulness have various temporal-to-intemporal

conjugations of meaningfulness with regards to ontologically-veridical-meaningfulness when truly reflecting the reality of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor unlike a naïve foundation wrongly based solely on an intemporal human nature conceptualisation specifically at a registry-worldview's/dimension's uninstitutionalised-threshold, and that in all instances, to ensure ontologically-veridical-meaningfulness, this is deduced of recurrence in existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness that is readily available in construing the hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>' and 'ontologically-reconstituting/upholding-intemporal-preservation' trace-of-transitioning-in-existence that ensures perfect grasp of ontologically-veridical-meaningfulness from non-veridical/vacuous constructs of reference-of-thought–categorical-imperatives/axioms/registry-teleology representation of meaningfulness affirmations (and, specifically with a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomenon like a psychopathic-and-social-psychopathic-situation, it is never about bringing up or falling back to the logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation but in the first place, rather the preceding/superseding ontological notion of the appropriateness/soundness-or-authenticity-of-reference-of-thought of implied reference-of-thought in establishing what is 'postconverging-or-dialectical-thinking–apriorising-psychologism/soundness-or-authenticity-of-reference-of-thought and in-phase' and 'preconverging-or-dementing–apriorising-psychologism/dialectically-primitive/unsoundness-or-inauthenticity-of-reference-of-thought/slantedness and

dialectically-out-of-phase'; from whence logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation then arises in protraction in an altogether different construction only if appropriate/soundness/authenticity-of-reference-of-thought of meaningfulness is established, dismissing hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>/non-veridical/vacuous constructs of reference-of-thought–categorical-imperatives/axioms/registry-teleology as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> with the apriorising–registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology as non-existent and bogus). With respect to social-and-confliction-stakes 'the same-terms-of-expressions/seemingly-same-implied-meaningfulness' have different implications with respect to whether the interlocutor is an supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism interlocutor or postlogic/psychopathic/postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> interlocutor or conjugated-postlogic/conjoining-looping-set-of-narratives interlocutor, and is what makes it a requisite to construe as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness. We can't be certain about the ontological-veridicality of 'separate dots as separate narratives' themselves as the 3 different interlocutors can all express 'the same-terms-of-expressions/seemingly-same-implied-meaningfulness' going by their mental-dispositions with the latter two, postlogic/psychopathic/postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> interlocutor or conjugated-

postlogic/conjoining-looping-set-of-narratives interlocutor, being deceptive by their mental-dispositions (recursively with postlogic/psychopathic, progressively with exacerbation/opportunism and regressively with ignorance/affordability). However, we can ascertain the true motive and ontological-veridicality of the 3 types of interlocutors by the 'trace of their dots as separate narratives' in revealing their true mental-dispositions and motives, as of the circularity/recurrence/repetition/repeatability as of 'existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology' quickly reveals that however coherent and sound each separate narrative of the postlogic/psychopathic/postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> interlocutor or conjugated-postlogic/conjoining-looping-set-of-narratives interlocutor (particularly as recursive and progressive), the 'perception-together-in-succession or as-a-trace' of their 'expressed dots as separate narratives' reveals 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation that shines the light on the fundamental driver/ontological-primemovers-totalitative-framework of the postlogism/psychopathic and conjugated-postlogism interlocutors as well as the reality of the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism whereas the same exercise with supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism interlocutor will show a coherence of the trace-of-dots-as-narratives and actually in the case where a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism interlocutor is actually the target of such postlogism-slantedness inducing 'faulty-mentation-procedure-deception-or-urge' about the latter, that trace-of-dots-as-narratives from the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-

psychologism and the postlogic/psychopathic and/or conjugated-postlogic interlocutors will reveal the ontological nature of the 'faulty-mentation-procedure-deception-or-urge'. The reason why 'separate dots as separate narratives' lead to postlogic and conjugated-postlogic faulty-mentation-procedure-deception-or-urge is that their extrapolation is actually an extrapolation of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of 'same-terms-of-expressions/seemingly-same-implied-meaningfulness as if supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' whereas retracing of the mental-disposition foregoes elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity of separate dots as separate narratives, and thus is existentially involved in construing the reality to the point of revealing 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation in the trace-of-successive-dots-as-(hollow)-narratives that shines the light on the fundamental driver/ontological-primemovers-totalitative-framework of the postlogic and/or conjugated-postlogic interlocutor as well as the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as vague-rhyming-or-copied-mimicry-or-formulaic-projection-or-projection-of-form-or-hollow-and-vague-vocalisation-or-subknowledging of its narratives. That's why spatialisation, indirectness and craftiness are critical to postlogic and conjugated-postlogic mental-dispositions so as to evade their prospective interlocutors 'putting one and one together as will arise in an existentially veridical context and so that their interlocutors should rather undertake elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity the purely abstract meaning as seemingly sound separate dots as separate narratives but which are non-existentially real,

rather than existentially trace the successive dots as separate narratives. This is what enables the establishment, as of the circularity/recurrence/repetition/repeatability as of 'existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology', at the relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'-threshold (as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation), defining the typical threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism psyche of successive uninstitutionalised-thresholds (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation intradimensionally, and so-construed from the perspective of their corresponding superseding/transcending/prospective institutionalisations) as recurrent-utter-uninstitutionalisation preconverging-or-dementing-psyche, ununiversalisation preconverging-or-dementing-psyche, non-positivism/medievalism preconverging-or-dementing-psyche and our uninstitutionalised-threshold as procrypticism/disjointedness-as-of-reference-of-thought preconverging-or-dementing-psyche. This equally reflect how the childhood psychopathy psyche is preconverging-or-dementing–apriorising-psychologismly perceived though at childhood temporal-dispositions-conjugated-postlogism/preconverging-or-dementing-integration to psychopathy is not significant as its perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is still universally transparent as delirious and thus it doesn't elicit temporal-preservation by conjugated-postlogism/preconverging-or-dementing-integration, since it is not spatialising, maturating,

and being sufficiently indirect, credulous and crafty to be non-transparent by its motives and acts. Ultimately, this highlights generally that at relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'-threshold (as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation)s or uninstitutionalised-threshold, hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation>/extrapolating/inferring to derive essence-of-meaningfulness is not a credible notion with respect to an human animal of temporal-to-intemporal-dispositions wherein 'same-terms-of-expressions/seemingly-same-implied-meaningfulness' is bound to be perverted by temporal-dispositions, though within institutionalised/intemporalised-thresholds-of-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation this is secondnatured, for instance, with respect to the fact that a medieval postlogic phenomenon like witchcraft cannot be credibly implied both in terms–as-of-axiomatic-construct of eliciting abstract/extrapolating/inferring hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> nor existential-transitioning/iterability-tracing-of-dots-as-⟨hollow⟩narratives in our present institutionalised positivistic registry-worldview. Vitally, with regards to postlogism and conjugated-postlogism, it is always about 'falsely and parasitisingally/co-optingly' staking a claim to the reference-of-thought in order to wrongly elicit its implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology to a prospective interlocutor, and so recursively (psychopathic/postlogic-character), progressively (conjugated-exacerbation and conjugated-opportunism characters) and regressively (conjugated-ignorance and conjugated-affordability characters). Generally, this insight

harkens back to the previous elucidation with regards to the BODMAS characters where the pure arithmetic operation as a deductive/inferring/extrapolation exercise is no longer valid when the fundamental axiom is breached due to a pathological condition, and with the 'lack of constraining social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative⟩epistemic-totalising–in-relative-ontological-completeness⟩ resulting in other temporal characters, beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>, operating arithmetic as if the condition never existed; and thus there is a need for a retracing to establish the existential reality of the breaching or non-breaching of axiomatic rules, before determining the ontological-veridicality of the results of the arithmetic operations. In a further elucidation of psychological/psychoanalytical basis of meaningfulness representation, this further confirms the fact that temporality/shortness (shortness-of-register-of-meaningfulness-and-teleology) and intemporality/longness (longness-of-register-of-meaningfulness-and-teleology) are both basically the same notion of intemporality, but with temporal-dispositions (ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation) being rather in various grades of poor execution of intemporality/longness (longness-of-register-of-meaningfulness-and-teleology) but that in so doing such temporal-dispositions of individuation 'falsely retaining their teleology/purposefulness' as if of intemporal-disposition leading to their 'pseudointemporality' (and so with respect to their apriorising–registry-elements as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology), inducing structural/paradigmatic registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> where such false-retention construed as temporal-preservation-as-pseudointemporality-preservation is rather in conjugated-postlogism; with the idea that this

'false-retention' by temporal-dispositions individuations results in 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation with respect to ontologically-veridical-meaningfulness as meaningfulness become 'an exercise in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (whether-consciously-or-unconsciously), as can be so established as of the circularity/recurrence/repetition/repeatability delineating existential-transitioning-or-iterability-trace-of-narratives-as-dots/existential-contextualising-contiguity-reification/superseding–oneness-of-ontology by maximalising-recomposuring-for-relative-ontological-completeness. This conceptualisation of temporality/shortness as being about failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporality/longness (which perfectly syncs intemporality/longness and temporality/shortness as longness-of-register-of-meaningfulness-and-teleology and shortness-of-register-of-meaningfulness-and-teleology, beyond just a qualification notion but rather a <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context construct), equally perfectly renders the notion of temporality/shortness and intemporality/longness operant for a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' 'psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme'. The notion of temporality/shortness as actually 'pseudointemporality' provides a deeper insight to such traditional notions as bad, evil, wicked, etc. that we attach to

temporal-dispositions (specifically, in the moral sense as temporality/shortness is much more than morality as derived from intemporality/longness which is about 'full potency of ontological-and-virtue effectiveness') by de-emphasising the naïve but wrong intuition that these notions have their own 'mental-dispositional drives-as-teleology' (to be bad, to be evil, to be wicked, etc.) by rather highlighting that 'mental-dispositional incapacity for intemporality' of such individuations induces 'notional-disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation (at individuation-level as relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, which when taken into preservation, as temporal-preservation, is rather in pseudointemporality, while with respect to a traditional conceptualisation it is wrongly 'vaguely imbued with a dispositional-drive-as-teleology' as bad, as evil, as wicked… etc. Now, the consequences of pseudointemporality individuations (postlogism-slantedness, postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s) are reflected developmentally in the social fabric which is a 'framework of social-stake-contention-or-confliction' as the transference, in dynamic-cumulative-aftereffect, of such pseudointemporality individuations into 'individual personalities dispositions and social dispositions' induces correspondingly subontologisation in 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology

in arrogation (at individuation-level relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', as-it-is-thus-'in-wait'-for-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–or-temporal-preservation-as-pseudointemporality-preservation, on 'social ontologically-veridical-meaningfulness' and is the basis, in dynamic-cumulative-aftereffect, of given registry-worldviews/dimensions vices-and-impediments, and how these can be superseded/transcended, because the reality is that humans have transcended retrospectively to the present and there is no particular reason to think that there can't be prospective transcendence going by human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. Such a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' 'psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme' will further highlight in contrast to the present 'psychology of qualification/qualification-schemes' that human psychology is actually much more of a becoming dynamic construct, rather than static, which wholly readjusts to human deepening grasp of ontologically-veridical-meaningfulness/intrinsic-reality/existence as a retrospective, present and prospective development; that collectively-and-inclusively-individuals-and-their-social-constructs do have latitude for the choices they make in existence more than and beyond the limits of personality traits and social character, and further that the human mind is 'not irresponsible' with respect to given personalities dispositions (whether with respect to abnormal psychology or functional psychology) with the idea that such stances taken by a 'psychology of qualifications/qualification-schemes' induces a confounding-effect with

respect to individual personalities themselves in assuming their self-emancipation possibilities and what they can aspire for together with their interveners/relators, whether social or clinical. Such insight do arise when we factor in that all along in reflecting the ontological-contiguity—of-the-human-institutionalisation-process, human secondnaturing is actually the very central ontologically-led developmental element as the critical tool of human psychological renewal that enabled 'an animal in many ways' to emancipate itself developmentally across epochs such that the 'insightful depth' of such a developmental understanding of human psychology is necessarily much more than 'a cultural universe of several decades of modernity', as it conceives that human psychology is an ongoing active construct such that a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' rather captures the ontological undercurrents that constantly redefine human placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology as it recognises that (and explains why) the mental-disposition/consciousness-awareness-teleology of a recurrent-utter-institutionalised mindset/reference-of-thought varies from that of a based-institutionalised/ununiversalised mindset, the latter from that of a universalised/non-positivistic-or-medieval mindset, the latter from that of a positivistic/procrypticism mindset/reference-of-thought (our own mental-disposition), and the latter from that of futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism mindset, while not ignoring as well the intradimensional spectrum of variation within each mindset; and wherein ontological-dementation/dialectical-dementation–stranding/attributive-dialectics is the central concept for such a succession of human 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' renewal retrospectively, presently and prospectively, with

ontological-normalcy/postconvergence teleology being the central determinant driving and defining human psychology construed by its metaphysics-of-absence as diminishing–human-epistemic-abnormalcy/diminishing–preconvergence. Interestingly, psycho-ontological-tautologisation/psycho-existential-reference as a human disposition for correspondence/equalisation/squaring-off with existence/intrinsic-reality/ontology, as of sub-potency-to-full-potency as qualified by recomposuring from shallow limited-mentation-capacity-⟨as of relative constitutedness⟩ to deeper limited-mentation-capacity-⟨as of relative conflation⟩, speaks of the mind as an abstract 'teleologically imbricated tautologisation/existential-reference' ('teleologically imbricated tautologisation/existential-reference' implying: striving for ontological-normalcy/postconvergence, in-lockstep/intertwining of success-and-pseudosuccess/failure as institutionalisation-and-pseudo-institutionalisation/uninstitutionalised-threshold), as the teleological driving-seat of the body validating dualism as 'imbricated dualism'; the human mind being rather 'an abstract imbricated transcendable/maximalisable placeholder-setup-of-tautologisation/placeholder-setup-of-existential-reference for prospective ontological-normalcy/postconvergence superseding the human body, as entailing human existence'. This points out that the potency for ontological-normalcy/postconvergence is tautologically inherent in our being construct, and that abstract tautologisation/existential-reference as human teleology is the mind as 'human <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ as subpotent-mimetic-echoness-derivation-within-the-full-potency of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–

2568

in-epistemic-conflatedness, as our being construct is more than just 'constituted-matter' but rather 'being within the contextualisation potency that is existence' and thus imbued with existential tautological/existential-reference supotent-mimetic-teleology as the human-mimetic-mind. Existence is actually a contextualising-contiguity of existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality (so-construed from our given limited-mentation-capacity as of our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'), wherein tautologically/by-existential-reference 'being-in-existence'/existing implies there can't be any elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity (induced by our 'limited-mentation-capacity as of our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'')

'outside of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality that syncs with existential reality', in wrongly implying existence-in-existence which is nothing but 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' (wherein the disposition to 'constitute/abstract/extrapolate/deduce/infer essence-of-meaning is wrongly preceding/defining or even superseding existential reality' rather than the Sartrean reality of 'existence or existential reality preceding/defining essence'), so actually 'existence is rather a contextualising-contiguity of existence-potency-prospective-digression—rules-of-

aprioriising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality that supersedes the elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity', when so-construed from our 'limited-mentation-capacity as of our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–aprioriising-psychologism''. Existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-aprioriising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality in sync with existence 'speaks of threaded-or-intertwined subsumed referencing of all in existence' beyond just elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity, thus validating philosophically such approaches in physics as string-theory concepts lending support to the string phenomenology approach. This conceptually implies that the 'all-in-one/oneness' (of ontology) implied of existence supersedes our elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity conceptualisations, and while these are 'mental tools of analysis' we have in grasping knowledge, as elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity these are rather 'sub-par to the full grasp of existential reality' (given that our limited-mentation-capacity-deepening-⟨~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as of our relative-ontological-incompleteness-induced,-'threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism', will often fail to reference the

underlying being-construal/existential-reference/existential-tautologisation 'for a

contextualising-contiguity of existence-potency-prospective-digression—rules-of-

apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-

ontologically-same-existential-reality that syncs with existential reality'. For instance say in

the case of the BODMAS characters highlighted before, where the other characters ignore the

given pathological condition in simply operating arithmetic rules, however, the inherence of

existential reality will not be superseded simply by such elaboration-as-mere-

extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-

contextualising-contiguity of arithmetic rules in protraction as 'virtuality-or-Being-construal-

as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference', as

such arithmetic rules of extrapolating/constituting/abstracting/deducing/inferring will have to

be adjusted-in-a-'threadedness/imbricatedness/recomposuring' like subtracting 1 to A's

results to sync with the existential reality implications of A's pathological condition of

wrongly adding 1 to the correct result of arithmetic operations), and as metaphysics-of-

presence (i.e., 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-

and-non-veridical-existential-reference') metaphysics-of-absence is rather the ontological-

normalcy/postconvergence correction-tool of postdication, as-of projective-insights for

predication, which is equally construed as ontological-reconstituting–as-of-

conflatedness/deconstruction (i.e. implying 'projective-insights of

imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-

reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-

thought-devolving-as-of-instantiative-context as to existence-potency-prospective-

digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-

unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-

aftereffect/aftereffect'). This is more of a simplistic though conceptually correct demonstration, and the implications to meaningfulness can be much more elaborate and as explained further below, with the notion of elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity as ontologically-veridical only as abstract-construal (such as the abstract arithmetic operations) but its wrong ontological derivation in lieu of being-construal/existential-reference/existential-tautologisation is ontologically wrong/non-veridical as it leads to 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' (wherein the elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity in protraction of the abstract arithmetic operations wrongly overlooks existential-reality as of being-construal/existential-reference/existential-tautologisation given by the existential pathological condition), instead of 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' as the ontological-veridicality of being-construal/existential-reference/existential-tautologisation (which in the face of the 'existential pathological condition' as being-construal/existential-reference/existential-tautologisation upholds existential-reality by way of imbricatedness/threadedness/recomposuring by subtracting 1 from A's result to existentially account for its pathological condition). It is thus not a coincidence that a Deleuzian approach and string phenomenology approaches intuitively

develop the same insight about the need for 'creative-spaces-of-expression/metaphors' to be able to conceptualise by projective-insights on topics that critically highlight this more fundamental nature of existential reality as a contextualising-contiguity of existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality so-construed from the perspective of our limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as of our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', in order to avoid elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity inducing 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'. It is important to grasp here that elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity are not ontologically wrong concepts in themselves as of abstract-construal but are ontologically wrong when implied in lieu of being-construal/existential-reference/existential-tautologisation as this leads to 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'. Philosophically, this critically brings up the reality of how the ontological-veridicality of an 'abstract-construal' and a 'being-construal' can be established; going by human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as of our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'. An

abstract-construal is of vague-reference/vague-tautologisation, and is of existential import only as of a being-construal, and is effectively conceptualised by elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity and this is ontologically-veridical by abstract-construal/abstractly. Being-construal on the other hand is of existential-reference/existential-tautologisation as of becoming/being (as practically qualified by our consciousness-awareness-teleology). If by mere derivation of elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity (given human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as of our relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism') is implied as being-construal, this will lead to 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' which is 'conceptually' ontologically non-veridical. Being-construal as of existential-reference/existential-tautologisation needs to be conceptualised as in existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect in order to be ontologically-veridical, and besides that imbricatedness/threadedness/recomposuring gets deeper the deeper the being-construal/existential-reference/existential-tautologisation. The elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-

contextualising-contiguity as of abstract-construal as ontologically-veridical harkens to a disposition for abstract predication (predictive-insights) while 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' as of being-construal/existential-reference/existential-tautologisation harkens to a disposition for postdication (projective-insights as predicative, brought to their full potential as metaphysics-of-absence). But, then how is the ontological-veridicality of being-construal/existential-reference/existential-tautologisation attained? Though ontologically non-veridical, 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' as metaphysics-of-presence has as metaphysics-of-absence 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect'), which is ontologically-veridical with regards to being-construal/existential-reference/existential-tautologisation. More precisely, 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-

aftereffect/aftereffect' as with all metaphysics-of-absence can be ontologically-reconstituted/deconstructed from the corresponding metaphysics-of-presence as 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference', even though the latter is ontologically wrong/non-veridical (not to be confused with elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity which is ontologically-veridical as abstract-construal). This ontological-reconstituting–as-of-conflatedness/deconstruction is rather a 'honing exercise'/recomposure of 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' to deliver 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' as ontologically-veridical, as it reflects-and-supersedes the defectiveness of 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' with respect to ontological-veridicality and in so doing attaining ontological-veridicality or veracity/ontological-pertinence as a being-construal/existential-reference/existential-tautologisation. This can readily be appreciated when we grasp that we cannot just operate basic principles in producing scientific research for instance, as there is a whole reality of a 'honing exercise' or recomposure (in superseding our ''virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' reflex' as metaphysics-of-presence) with respect to being-construal/existential-reference/existential-tautologisations to attain ontological-veridicality by ontological-reconstituting–as-of-conflatedness/deconstruction (as 'projective-insights of

imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect'), however mild or elaborate the ontological-reconstituting–as-of-conflatedness/deconstruction. Equally, 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' is metaphysics-of-presence that is the 'honing exercise'/recomposure backdrop for metaphysics-of-absence as 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' to generate the art-forms/aesthetics as being-construal/existential-reference/existential-tautologisation, by way of 'strategic-insight of perspectives' for artistic expression. (Idyllically, superseding–oneness-of-ontology attainable by deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality 'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules' should imply ontologically subsuming 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-

reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' as of the ontologically deepest being-construal/existential-reference/existential-tautologisisation, and thus will be the universal nested-congruence of the comprehension of intrinsic-reality, aesthetics/art-forms and virtue.) In the bigger scheme, we can equally grasp that the uninstitutionalised-thresholds arise from 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' of the reference-of-thought–categorical-imperatives/axioms/registry-teleology of corresponding prior institutionalisations and thus failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation intradimensionally); wherein temporal-dispositions are involved in temporal-preservation-as-pseudointemporality-preservation by wrongly elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity their reference-of-thought–categorical-imperatives/axioms/registry-teleology as 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference', and which ontological-reconstituting–as-of-conflatedness/deconstruction (in disambiguating reference-of-thought, with the prior/untranscended/superseded uninstitutionalised-threshold reference-of-thought as 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' which is ontologically non-veridical, and the

prospective/transcending/superseding reference-of-thought involving the 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-afereffect/aftereffect') is what brings about the prospective institutionalisation as secondnaturing. Critically important to grasp is that the notion of reference-of-thought is rather a 'being-contrual'/existential-reference/existential-tautologisation that implies 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-afereffect/aftereffect', and should not mistakenly be confused with the notion of an abstract-construal since this is ontologically non-veridical as it will lead to virtuality-or-ontologically-flawed-construal/being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference; as reference-of-thought as being-construal/existential-reference/existential-tautologisation makes reference to the comprehensive implications existentially with respect to mental-dispositions along the apriorising–registry-elements/anchoring-of-meaning-elements of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology, and involving the potency of both consciousness-awareness-teleology representations and implications, for instance, the difference of the reference-of-thought as an alchemist and a chemist is much more than just an on-occasion/incidental difference (difference in abstract-

construal) with respect to elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity of meaning but carries derived being-construal/existential-reference/existential-tautologisation differences with respect to their consciousness-awareness-teleologies and registry-worldviews/dimensions <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity. In fact, ontological-reconstituting–as-of-conflatedness/deconstruction which always refers rather to the issue of reference-of-thought is actually of 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-afereffect/aftereffect' nature and it is about implying a prospective reference-of-thought, rather than just a différance (differentiation) as within the same prior/given reference-of-thought as of a basic abstract-construal. This is one of the reasons for its misapprehension as it implies an overall change in the reference-of-thought of appreciation which ends up putting everything 'of old/of prior' into question, contrary to the traditional analytical expectation of selective-or-limited critique/contestation usually of a non-transcendental nature. Insightfully, the overall relation of deconstruction as ontological-reconstituting–as-of-conflatedness to the existential framework of ontological-veridicality should further allay the confusion. Deconstruction is actually tautological with respect to intrinsic reality/ontological-veridicality because it is always about the same existential reality being dealt with by improving human limited-mentation-capacity-deepening-(<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-

withdrawal,-eliciting-of-prospective-supererogation⟩ as shallow-limited-mentation-capacity to deeper-limited-mentation-capacity ontological-reconstituting–as-of-conflatedness; generating differing consciousness-awareness-teleology outcomes of the same existential reality whether talking of deconstruction at the registry-worldview/dimension or intradimensional level or individuation-level. Since it is always about the same existential reality, in effect the readjustment for intrinsic-reality/ontological-veridicality is actually a human 'changing-of-the-psyche'/psychical-readjustment (psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) with its increasing-ontological-completeness or diminishing–human-epistemic-abnormalcy/diminishing–preconvergence as implied by an ontology-driven 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics', wherein placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology scheduling 'is not inherently sanctimonious' (the naïve way every registry-worldview tends to relate to its mental-disposition) but is determined and shaped (by way of 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought') by construed ontological-veridicality. Since it is always about the same existential reality but improving-rather-as-cumulating/recomposuring human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ in 'engaging the same existential reality and drawing implications thereof' as human <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ as 'subpotent-mimetic-echoness-derivation-within-the-full-potency of existence/intrinsic-reality/ontology-as-of-its-mimetic-echoness-or-

existence-in-reverberation-or-existence-potency-prospective-digression-of—

<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness, it is thus analysed as maximalising-recomposuring-for-relative-ontological-completeness as a mental-rescheduling and goes by the 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' unlike an elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity which will wrongly hollow-constitute and induce 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'. So the tautological implication of deconstruction as ontological-reconstituting–as-of-conflatedness is all about human rescheduling of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology in deepening its grasp of a superseding–oneness-of-ontology/intrinsic-reality that has been so all the time, and so critically talk of transcending from shallow to deeper superseding–oneness-of-ontology is no more than about human <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ as 'subpotent-mimetic-echoness-derivation-within-the-full-potency of existence/intrinsic-reality/ontology-as-of-its-mimetic-echoness-or-existence-in-reverberation-or-existence-potency-prospective-digression-of—<~~amplituding~~/formative>epistemic-totalising~renewing-

realisation/re-perception/re-thought,–in-epistemic-conflatedness already given as ontological-normalcy/postconvergence oneness, and prospectively transcendentally 'a psychoanalytic-rescheduling from procrypticism/disjointedness-as-of-reference-of-thought to deprocrypticism or preempting—disjointedness-as-of-reference-of-thought existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context involving existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality 'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules' while intradimensionally it is about an analytical rescheduling (maximalising-recomposuring-for-relative-ontological-completeness that 'decenters the prior reference-of-thought' for 'the centering of the prospective reference-of-thought'). Noting that the 'increasing relative realism' over the corresponding-successive-prior-uninstitutionalisations-registry-worldviews (utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and procrypticism) of the corresponding-successive-prospective-institutionalisations-registry-worldviews (of protracted imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality as: Base-institutionalisation-as-rule-making, Universalisation-as-universalisation-of-rules-making, Positivism-as-rational-empiricism/positivising-of-universalisation-of-rules-making and Deprocrypticism-as-abject-ontologising-of-rational-empiricism/positivising-of-universalisation-of-rules-making)

establishes the corresponding-successive-prior-uninstitutionalisations-registry-worldviews at the uninstitutionalised-threshold of the corresponding-successive-prospective-institutionalisations-registry-worldviews, 'as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' which are 'ontologically filled-up' by the corresponding-successive-prospective-institutionalisations-registry-worldviews; implying a dialecticism of 'ontological-superseding of prospective reference-of-thought over the prior one' (even where the prior as the-present is locked-in-its-ways/complexed-about-its-own-transcendability)! The distinction in grasping intrinsic-reality/ontological-veridicality with respect to whether it is of abstract-construal or being-construal/existential-reference/existential-tautologisation in order to avoid the ontologically non-veridical 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' (by elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity of reference-of-thought–categorical-imperatives/axioms/registry-teleology of the prior positivism institutionalisation leading to procrypticism/disjointedness-as-of-reference-of-thought, and failing-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) has bearing when it comes to the veracity/ontological-pertinence of a psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme meant to be the ontologically-veridical basis, as of aetiologisation/ontological-escalation, for construing an insightful storied-construct/ontologically-valid-narration articulating on an intuitive level the conceptualisations introduced in this paper. The aetiologisation/ontological-escalation implied by such a storied-construct/ontologically-valid-narration will be grounded on 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-

reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect', as the underlying being-construal/existential-reference/existential-tautologisation of the storied-construct/ontologically-valid-narration's existential-tracing of ontologically-veridical-meaningfulness, and reflecting temporal-dispositions rather in 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'; as it contrastively reflects the reality of an ontologically non-veridical intradimensional 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' of temporal-dispositions narratives (instigated from postlogism and conjugated-postlogism) as being of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation intradimensionally) and as of 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference', in construing the consequent procrypticism/disjointedness-as-of-reference-of-thought uninstitutionalisation, and so as the transcendental backdrop highlighted by prospective intemporal-preservation deprocrypticism 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect'. Hence the deepest being-construal/existential-reference/existential-

tautologisation implied by 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' enabling the ontological transcendence: of a procrypticism setup is necessarily a 'deprocrypticism-intemporal imbricatedness/threadedness/recomposuring' thus reflecting procrypticism/perversion-of-positivistic-meaningfulness as 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'; in a non-positivism/medievalism setup is necessarily a 'positivism-intemporal imbricatedness/threadedness/recomposuring' while reflecting non-positivism-or-medievalism/perversion-of-universalisation-meaningfulness as 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'; in an ununiversalisation setup is necessarily a 'universalisation imbricatedness/threadedness/recomposuring' while reflecting ununiversalisation/perversion-of-base-institutionalisation-meaningfulness as 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'; and in a recurrent-utter-uninstitutionalisation setup is necessarily a 'base-institutionalisation imbricatedness/threadedness/recomposuring' while reflecting recurrent-utter-uninstitutionalisation/recurrent-perversion-in-upholding-utter-uninstitutionalisation as 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'. Transcendentally/transdimensionally/interdimensionally, it is the ontological-contiguity implied by 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-

reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' as of deepest being-construal/existential-reference/existential-tautologisation that underlies the ontological-contiguity—of-the-human-institutionalisation-process behind base-institutionalisation/universalisation/positivism/prospective-deprocrypticism, and likewise it is the notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> implied by 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' thus in 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation), that induces the uninstitutionalised-threshold process behind recurrent-utter-uninstitutionalisation/ununiversalisation/non-positivism-or-medievalism/procypticism. The implications at the individuation-level is that our limited-mentation-capacity, as of our temporal-to-intemporal mental-dispositions, in the construal of intrinsic-reality/ontological-veridicality tends towards temporality/shortness as of constitutedness that ultimately fails hence inducing virtualities. And so, when initially striving to explicate the coherence of a given ontological/being phenomenon or explicating its coherence with other ontological/being phenomena or more profoundly explicating its coherence with the overall existential ontological/being phenomenon. This is inherently-and-intuitively underscored by our underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly

coherent ontological-commitment as of ontological-primemovers-totalitative-framework ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) which as of derivation 'intuitively-assigns projected-and-then-ensuing-predicated coherence/contiguity as meaningfulness' as of the 'coherence/contiguity of the actual insight-giving relevant-and-implied knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue for the ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality articulation' such as logic/mathematics/virtue/space/time/historiality/ontological-eventfulness/ontological-aesthetic-tracing/instantaneity/cogency/methodology (or in the case herein 'human limited-mentation-capacity construed as of ontological-normalcy/postconvergence metaphysics-of-absence/Doppler-thinking as it disambiguates human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor meaningfulness-and-teleology ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity', and not as it may be wrongly construed to be 'historiality/ontological-eventfulness/ontological-aesthetic-tracing' which is just incidentally-associated-and-not-the-actual-basis of the underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity

and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) which as of derivation 'intuitively-assigns projected-and-then-ensuing-predicated coherence/contiguity as meaningfulness' as of the 'coherence/contiguity of the actual insight-giving relevant-and-implied knowledge-construct/intersolipsistic-intercessory-notion/notional~referential-notion/articulation for the ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality articulation'), in much the same way that 'instantaneity' as knowledge-construct/intersolipsistic-intercessory-notion/notional~referential-notion/articulation is just incidentally-associated-and-not-the-actual-basis for logic or mathematics domains-of-study articulations. Thus, requiring on our part an imbricatedness/threadedness/recomposuring exercise in grasping how the underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) which as of derivation 'intuitively-assigns projected-and-then-ensuing-predicated coherence/contiguity as meaningfulness' as of the 'coherence/contiguity of the actual insight-giving relevant-and-implied knowledge-construct/intersolipsistic-intercessory-notion/notional~referential-notion/articulation for the ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality articulation' should be construed to compensate for our temporality/shortness disposition associated with constitutedness, with this compensating exercise construed as of 'presencing—absolutising-

identitive-constitutedness' or more consummately as conflation/conflatedness. This presencing—absolutising-identitive-constitutedness and conflatedness compensation mechanism, given our limited-mentation-capacity for the construal/conceptualisation of intrinsic-reality/ontological-veridicality/ontology, equally clarifies why maximalising-recomposuring-for-relative-ontological-completeness (as intimately tying down our limited-mentation-capacity by imbricatedness/threadedness/recomposuring to the 'leash' of existential-reality/ontology/intrinsic-reality/ontological-veridicality) takes precedence over elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity (as letting our limited-mentation-capacity by unimbricatedness/unthreadedness/unrecomposuring out of the 'leash' of existential-reality/ontology/intrinsic-reality/ontological-veridicality). With regards to logic and by extension mathematics, this equally points out that logic as well as mathematics (and for that matter all other knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue like time, space, virtue, historiality/ontological-eventfulness/ontological-aesthetic-tracing, instantaneity, cogency, methodology, etc.) are abstract constructs that underscore the underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) which as of derivation by presencing—absolutising-identitive-constitutedness or conflatedness 'intuitively-assign projected-and-then-ensuing-predicated coherence/contiguity as

2590

meaningfulness' in the construal/conceptualisation of intrinsic-reality/ontological-veridicality/ontology. That is, these are notions that reflect existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness as of the underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human). Logic is thus about logical axiomatic-construct-incidenting (construed as logic 'ontological reference-of-thought or axiomatic-construct' incidenting) as 'implicited by underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human), likewise, mathematics is about mathematical axiomatic-construct-incidenting (construed as mathematical 'ontological reference-of-thought or axiomatic-construct' incidenting) as 'implicited by underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying

supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <s>amplituding</s>/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human); and by extension any knowledge-construct/intersolipsistic-intercessory-notion/notional~referential-notion/articulation is about its axiomatic-construct-incidenting (construed as its 'ontological reference-of-thought or axiomatic-construct' incidenting) as 'implicited by underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <s>amplituding</s>/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human); with the further insight that all knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue as of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating are about 'existential/ontological/axiomatic incidenting' as of underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <s>amplituding</s>/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human). Thus implying that ontology-as-of-existence is 'potently-and-cogently superseding' and

knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue are subsumed derivations as of the superseding conflatedness of ontological/existential-implications; with such ontological/existential-implications construed operantly as of a given deepening/shallow level of human limited-mentation-capacity as human-subpotency existential-extrication-as-of-existential-unthought, construed rather as of the implied given registry-worldview's/dimension's reference-of-thought ⟨given consciousness's neuterising-induced-or-referentialism-induced⟩-reference-of-thought—devolving-teleological-structure-of-meaningfulness as of its intradimensional existential-instantiations derived/devolved axiomatic-constructs of meaningfulness-and-teleology as knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue, thus reflecting the registry-worldview's/dimension's reference-of-thought ontological-performance-<including-virtue-as-ontology> as of its historiality/ontological-eventfulness/ontological-aesthetic-tracing as so-analysed as from notional~deprocrypticism! (It is important in this regard to distinguish what is implied by 'incidenting' not to be confused with 'instantiation', as incidenting implies an 'abstract construction' of the implication of logic or any 'knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue' that may or may not be of existential-instantiation, whereas instantiation refers actually to 'actual existential instance'. It is critical to uphold this distinction with respect to the existentially contingent nature, as of imbricatedness/threadedness/recomposuring, of human limited-mentation-capacity grasp of all 'intersolipsistic-intercessory-notions/notional~referential-notions'/knowledge including our grasp of logic or mathematics. As 'abstractly-speaking' there is no absolute certitude that in say a million years from now 'a given as of yet unelucidated notion', as a further imbricatedness/threadedness/recomposuring, will invalidate in a million years from now the

'existential-instantiations' validity of knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue including logic and mathematics as we know of them today. Such distinction as of more immediate concern is to point out the subsuming precedence of existence as of its inherent intrinsicness beyond-and-over human construal/conceptualisation of meaningfulness-and-teleology about it as at best the latter can only achieve as of its upper limit 'a correspondence of construal/conceptualisation of existence'; noting here as well for coherence sake that such a statement cannot be made about existence itself as the absolute a priori, simply because any arising existential-instantiations no matter the strangeness or abnormality to what is traditionally thought or expected however imbricated/threaded/recomposured or unimbricated/unthreaded/unrecomposured is of the inherently valid scope of existence itself as of its superseding–oneness-of-ontology and precedence, thus meaningful.) Logic and mathematics (and any such knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue) are only as meaningful as when reflecting a reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology of a given ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality whether as of a science, a social science or social study, or even abstract logic ontology or abstract mathematics ontology; otherwise the naïve use of logic or mathematics (and/or any such knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue) become a relatively sub-ontological-<as-to-the-limitation-of-human-subpotency-in-its-reifying-and-empowering-reflexivity-of-the-full-potency-of-existence> exercise qualified more pertinently as 'conceptual patterning' as of constitutedness in any such ~~amplituding~~/formative>epistemic-totalising~devolved–purview-

as-domain-of-construal-as-intrinsic-reality/ontological-veridicality rather than actually conceptualising a reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology of a given ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality as of conflation. Pointing out that there must necessarily be an exercise in developing the requisite 'ontological reference-of-thought or axiomatic-construct of an epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality' to which logic and mathematics (and any knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue) can then contribute in furthering its elaboration (as of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness), but it wouldn't work out the other way round on the basis of simple methodological mimicry starting out from the mimicked construal/conceptualisation of logic and mathematics (and any such knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue) on the naïve goal of then grasping a reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology of a given ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality. For instance, the need to develop a reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology of the specific biology ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality as DNA-based genetics that

explains genes and genetic principles is ontologically preceding and defining of how the knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue of mathematics, logic, information processing, etc. can further contribute in elaborating DNA-based genetics but it is rather naïve to think mathematics, logic, information processing or for that matter any other knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue like 'mere research methodologies lacking critically the requisite ontological cogency' can by themselves develop a reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology of a given <~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality by such vague methodological mimicry. The latter at best induces a vague and blurred 'conceptual patterning' particularly in such domains-of-study where the positive or negative sanctioning by ontological-primemovers-totalitative-framework of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating is not immediately perceptible but rather remote like in the human sciences and to some extent as well with some studies in the natural sciences (where for instance the overall cogency of the whole experimental framework relative to the conclusions advanced of many a research study is dubious as not pertinently unconfounded). Supposedly a mathematical and/or statistical methodological analysis was to be introduced with regards to the underlying articulation herein and based say on an 'arbitrary historiality/ontological-eventfulness/ontological-aesthetic-tracing grounded methodology on the basis of just vague impression' it will rather be conceptual patterning. What is required is an underlying reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-aposteriorising/logicising/deriving/intelligising/measuring–meaningfulness-and-teleology (as

implied by this author herein, as of 'human limited-mentation-capacity construed as of ontological-normalcy/postconvergence metaphysics-of-absence/Doppler-thinking as it elicits human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity'). The contention being that studies and research that do not develop their conceptual formulations validly and succinctly as the underlying framework of the ~~amplituding~~/formative>epistemic-totalising~devolved–purview-as-domain-of-construal-as-intrinsic-reality/ontological-veridicality but simply expect to dangle/associate methodologies including statistical and mathematical analyses are rather involved in vague conceptual patterning as of reference-of-though constitutedness. This insight is critical with respect to the validity of interpretations and conclusions in many experimental and study frameworks in the social sciences often 'under-elaborating the ontological reference-of-thought or axiomatic-construct of their study' to which the implications of statistical and mathematical methodologies and analyses are naively brought to bear. This further speaks in the bigger scheme of things, of the need for the articulation of what will be a 'fully intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating constraining social science' as futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview psychologism should fully enable (rather as an overall grounding of meaningfulness-and-teleology that overcomes disjointedness-as-of-reference-of-thought-as-misappropriated-meaningfulness) just as the positivism registry-worldview psychologism relatively enabled an intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating natural sciences including an emerging and upcoming social science.

Insightfully, this analysis equally underlines that there is a 'human sense-of-ontology/intersolipsistic-intercession as of underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) anchoring the human in the becoming of existence' allowing for human subpotent-mimetic-echoness-derivation-within-the-full-potency of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness wherein we pivot/decenter (psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) in defining-and-redefining meaningfulness-and-teleology; with this sense-of-ontology/solipsistic-intercession as of underlying 'coherence/contiguity-of-superseding–oneness-of-ontology-implied-as-of-inherent-existence-coherence/contiguity,-and-so-construed-as-the-enabler-of-insight-or-intuition-or-foresight-as-of-embodied-consciousness' (so-enabled by underlying supposedly coherent ontological-commitment as of ontological-primemovers-totalitative-framework <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity and not any notion of vague innateness besides existentially inherent human-subpotency potential to manifest as human) acting as the fundamental human drive for its being and conceptualisations of any meaningfulness-and-teleology in existence. Basically, the induced social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-

ontological-completeness⟩' of meaningfulness from 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' of its deeper being-construal/existential-reference/existential-tautologisation (as of intemporal-disposition/ontological-veridicality) in superseding-and-representing-as-preconverging-or-dementing–apriorising-psychologism 'virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' (of temporal-dispositions perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>s), will reflect the reality of temporal-dispositions as of postlogism-slantedness (psychopathic-or-postlogic) or ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation (at the point where the social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ is lost or at uninstitutionalised-threshold) and the consequent 'subontologisation/existential-decontextualised-transposition' (in-a-social-dynamism-of-meaningfulness-misappropriation) by slantedness/postlogic-effect/miscuing/disjointed-logic/logical-drag/unconscionability-drag/sub-par-or-formulaic-association-or-temporal-or-alibi-conventioning-rationalising/temporal-enculturation-or-temporal-endemisation-effect as the bigger dynamic framework of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor, and so across all uninstitutionalised-thresholds.

Thus, basically ontological-reconstituting–as-of-conflatedness/deconstruction as 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect' reflects/perspectivates transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing (transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing) dynamism of 'temporal-dispositions threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (as elicited by postlogism-and-conjugated-postlogism) and the 'intemporal-disposition/ontologically-veridical supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of its imbricatedness/threadedness/recomposuring, and the ontological implications thereof'. The requisite 'projective-insights of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect', of 'relevant aetiologisation/ontological-escalation storied-construct/ontologically-valid-narration', is necessarily of 'deprocrypticism imbricatedness/threadedness/recomposuring referential-depth-or-existential-reference-or-tautologisation', reflecting/perspectivating/highlighting (the corresponding postlogism-and-conjugated-postlogism uninstitutionalised-threshold perversion-of-reference-of-thought-<as-

effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as) 'procrypticism–virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' (the-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-positivistic-meaningfulness or the-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-positivistic-categorical-imperatives-or-axioms-or-registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation); and so-construed suprastructurally (beyond the positivistic/procrypticism registry-worldview consciousness-awareness-teleology, as it is preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase). This 'aetiologisation/ontological-escalation storied-construct/ontologically-valid-narration conceptualisation' can be extended 'correspondingly as of positivism, universalisation and base-institutionalisation imbricatedness/threadedness/recomposuring referential-depth-or-existential-reference-or-tautologisation' as these reflect/perspectivate/highlight the corresponding postlogism-and-conjugated-postlogism uninstitutionalised-thresholds perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as 'non-positivistic-or-medieval–virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference', 'ununiversalisation–virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference' and 'recurrent-utter-uninstitutionalisation–virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-

veridical-existential-reference'; and the correspondingly reflected/perspectivated/highlighted suprastructural construal of each of the corresponding uninstitutionalised-thresholds (as beyond their respective corresponding consciousness-awareness-teleology) which we will readily acknowledge from the vantage backend of our positivistic prospective registry-worldview position of analysis equally speaks of the validity of such a corresponding suprastructural construal of deprocrypticism as beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of our present 'procrypticism–virtuality-or-Being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'. Thus it may be useful for ontologically inducing untenability/internal-contradiction/internal-incoherence/institutional-constraining (as we are more likely to have complexes about our positivistic/procrypticism registry-worldview/dimension as untranscendenable) by articulating the same aetiologisation/ontological-escalation storied-construct/ontologically-valid-narration at a 'deprocrypticism imbricatedness/threadedness/recomposuring as against procrypticism-virtuality' as well as 'positivism imbricatedness/threadedness/recomposuring as against non-positivism-or-medieval-virtuality' wherein from our vantage positivistic position we'll recognise the suprastructurally implied preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase state of non-positivism/medievalvirtuality-or-ontologically-flawed-construal putting us in a paradox with respect to recognising the same from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism about the suprastructurally implied preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase state of our procrypticism–virtuality; and so, introducing the grounds for our prospective 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or

natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure wherein deprocrypticism is the structural-resolution for the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as the structural/paradigmatic vices-and-impediments of our positivistic meaningfulness. The fact is all constructs as transcending or implying transcendence are always by definition in confliction with the constructs being transcended. The reason is rather straightforward as there is a 'mental/psychoanalytic investment' behind the construal of meaningfulness in a given way within a registry-worldview's/dimension's reference-of-thought defining its ontological-capacity with respect to inherent intrinsic-reality/superseding–oneness-of-ontology. Where its ontological-capacity is limited is known as its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', and includes the following registry-worldviews/dimensions recurrent-utter-uninstitutionalisation, base-institutionalisation–ununiversalisation, universalisation–non-positivism/medievalism and positivism–procrypticism. At the point of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' or uninstitutionalised-threshold meaningfulness in the registry-worldview/dimension is related to as if there isn't any relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) hence inducing uninstitutionalised-threshold, as it is impossible to critically extend ontological-capacity on

the basis of the same reference-of-thought/psyche/psychological-paradigm but for a new reference-of-thought/psyche/psychological-paradigm with respect to existential reality to enable prospective institutionalisation over the uninstitutionalised-threshold with the result that all prospective institutionalisations are equally about annulling corresponding uninstitutionalised-thresholds; whether annulling notions of deities, sorcery, essences, etc., and prospectively annulling the incrementalism-in-relative-ontological-incompleteness and notional~disjointedness-as-of-reference-of-thought associated with procrypticism/disjointedness-as-of-reference-of-thought for deprocrypticism existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality 'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules'. This consequent 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' reflecting/perspectivating/highlighting of the prior/transcended/superseded registry-worldview of positivism–procrypticism (temporal-dispositions-in-temporal-preservation-as-pseudointemporality-preservation) as 'preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase' is so about their non-committal (whether with respect to good or bad commitment as 'good or poor/bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism') as threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism with respect to the reference-of-thought–categorical-imperatives/axioms/registry-teleology in ontological-

normalcy/postconvergence of new/prospective institutionalisation as deprocrypticism; (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> manifestation), in 'perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>– categorical-imperatives/axioms/registry-teleology of the prior institutionalisation as positivism known as procrypticism uninstitutionalisation ('procrypticism-uninstitutionalisation of positivism-institutionalisation'), in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of the positivistic reference-of-thought–categorical-imperatives/axioms/registry-teleology, and 'failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation which is the whole purpose in the very first place' and which need for restoration/ontological-reconstituting–as-of-conflatedness/deconstruction calls for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism reference-of-thought–categorical-imperatives/axioms/registry-teleology supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism. It is only the 'collapsing' of the ontologically non-veridical/wrong (with respect to intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) 'procrypticism uninstitutionalisation virtuality-or-ontologically-flawed-construal (abstract-construal-of-positivistic-categorical-imperatives/axioms/registry-teleology-as-of-flawed-and-shallow-existential-reference-as-virtuality) by way of 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' psychoanalytic-unshackling/memetic-reordering/institutional-recomposure wherein procrypticism uninstitutionalisation is shown as

'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, and preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase' by the ontological-primemovers-totalitative-framework of the deprocrypticism implied reference-of-thought–categorical-imperatives/axioms/registry-teleology as of 'the deprocrypticism imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality/dynamic-cumulative-aftereffect/aftereffect (as the nature of existential-reality) reflecting/perspectivating/highlighting procrypticism uninstitutionalisation virtuality-or-ontologically-flawed-construal (abstract-construal-of-positivistic-categorical-imperatives/axioms/registry-teleology-as-of-flawed-and-shallow-existential-reference-as-virtuality)'. Correspondingly, such a 'deprocrypticism imbricatedness/threadedness/recomposuring referential-depth-or-existential-reference-or-tautologisation storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation' as of the reflecting/perspectivating/highlighting of 'procrypticism uninstitutionalisation threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' will be critically about:

(i) the phased storied articulation of procrypticism uninstitutionalisation threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as being a social-construct 'uninstitutionalised-threshold mirroring development of the fundamental insane-fitment of

the childhood-psychopath/cinglé perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> mental-disposition structure' (which is very much socially universally transparent at childhood and thus does not start to elicit protracted social postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as conjugated-postlogism/preconverging-or-dementing-integration by temporal-dispositions at that point, as it is frowned upon and the childhood-psychopath is socially dysfunctional with its postlogism),

(ii) and creatively protracting this fundamental phased storied articulation in 'successive phased phases of integration with the social construction' (wherein the 'increasing shrewdness and selectivity' of the growing-and-developing childhood-psychopath postlogism lessens the social dysfunctioning of its postlogism as it learns from past experience and is now select and targeted as per social circumstances and interlocutors), and obviously at this point the social integration as conjugated-postlogism/preconverging-or-dementing-integration threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism is rather 'storied-construed/conceptualised from a broader society-at-large/humanity-at-large angle-of-perception as of a creative dynamic-cumulative-aftereffect/contextualising-contiguity of existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality aetiologisation/ontological-escalation of temporal-to-intemporal-dispositions individuations and social-circumstances phenotyping elucidation in the social-construct, wherein the-social-dynamics-of-individuation-phenotypes-of-individuals is a construable metaphysics-of-absence of the social as metaphysics-of-presence' (arising because of the decreasing social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-

<amplituding/formative>epistemic-totalising–in-relative-ontological-completeness） of the cinglé's postlogism-slantedness/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness as well as increasing temporal-dispositions enculturation and thus endemisation of conjugated-postlogism-slantedness in a social atmosphere where it is not universally transparent to be the denaturing of reference-of-thought with respect to social-stake-contention-or-confliction), as postlogism-and-its-conjugated-postlogism/preconverging-or-dementing-integration is upheld by temporal-preservation-as-pseudointemporality-preservation threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of the procrypticism uninstitutionalisation, and thus is temporally integrated by conjugated-ignorance/conjugated-affordability/conjugated-opportunism/conjugated-exacerbation/conjugated-social-chainism/conjugated-temporal-enculturation, of course, with the broader point and purpose for aetiologisation/ontological-escalation here being that 'our virtue is not inherent' but rather our 'understanding/knowledge/ontological-primemovers-totalitative-framework construction' is what creates our virtue in superseding our vices-and-impediments, just as for instance, 'medieval vices-and-impediments' weren't inherently because they were a different human species to us but rather due to their lack of positivistic understanding/knowledge which creation-and-accrual led to our relatively grander state of virtue and knowledge, likewise the point here is about articulating such prospective understanding/knowledge/ontological-primemovers-totalitative-framework and its corresponding 'institutional-designing by deferential-formalisation-transference and percolation-channelling' as our virtue and knowledge potential),

(iii) and so subsumed and articulated in a creative 'psycho-ontological-tautologisation/psycho-existential-reference conceptual-scheme of insightful 'tone-as-temperament and thematic construal of temporal-to-intemporal-dispositions individuations

teleologies/teleological-differentiations (by maximalising-recomposuring-for-relative-ontological-completeness covering the concepts articulated in this paper on social-construct and social institutions teleology and value-reference as of deprocrypticism imbricatedness/threadedness/recomposuring with regards to the 'implications of postlogism-and-procrypticism mental orientations',

(iv) and further, the possibility of a remaking of the above storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation (as elaborated in i, ii and iii above) rather as of 'positivism imbricatedness/threadedness/recomposuring referential-depth-or-existential-reference-or-tautologisation' reflecting/perspectivating/highlighting 'non-positivism/medieval uninstitutionalised-threshold threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', to contrastively provide the revealing retrospective insight of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as uninstitutionalised-threshold as human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor is construable from the perspective of ontological-normalcy/postconvergence and so paradoxically provide the décomplexage/uninhibitedness (induced by our metaphysics-of-presence or illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage) of the afore deprocrypticism-procrypticism articulated prospective storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation construed from the perspective of ontological-normalcy/postconvergence, wherein we are then in a position to appreciate the 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' representation of the present

positivism–procrypticism uninstitutionalisation as procrypticism/disjointedness-as-of-reference-of-thought-and-teleology reference-of-thought–categorical-imperatives/axioms/registry-teleology with respect to futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism, even though such an appreciation is rather counterintuitive.

* The underlying technique for perpetually upholding ontological-veridicality as 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' (from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') and preempting virtuality-or-ontologically-flawed-construal (being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference), is by not allowing for the 'breaking of the threadedness/thread of ontologically-veridical meaningfulness (as such a breaking induces virtuality-or-ontologically-flawed-construal leading correspondingly to the false uptake as ontologically-veridical of the wrongly implied soundness/non-perverted-reference-of-thought, i.e., unsound/perverted 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' including implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology); by rather reflecting/perspectivating/highlighting the points where such 'breaking-of-the-

threadedness/thread-of-ontologically-veridical meaningfulness' occur as of 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (in postlogism and conjugated-postlogism) and as preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase', as 'the very notion of postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> and conjugated-postlogism conjoining-looping-set-of-narratives of postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>' is about the 'breaking-of-the-threadedness/thread-of-ontologically-veridical meaningfulness as virtuality-or-ontologically-flawed-construal/being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference'. As breaking (by new logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as 'prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism re-engaging reflex') wrongly implies the validity of a logical-level-engagement (logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation) based on wrongly implied prospective relative-ontological-completeness-of-reference-of-thought-(as-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context) and wrongly implied soundness/non-perverted-reference-of-thought, whereas in reality it is just an epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of the relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' and its unsound/perverted 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-

ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology. Such a defect as registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> having to do with the defect of reference-of-thought and relative-ontological-incompleteness is utterly different from 'a defect–of-logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation of the registry-worldview's/dimension's–reference-of-thought-for-social-functioning-and-accordance which doesn't bar a new logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as 'prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism re-engaging reflex' as the latter is with regards to wrong logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation which might be well/soundly-be logically-processed or effectively-executed upon reengagement, so long as the reference-of-thought for the reengaging is not unsound/perverted and not undermined by relative-ontological-incompleteness. A registry-worldview's/dimension's-uninstitutionalised-threshold–defect-<as-Being-or-ontological-or-existential–defect> on the other hand having to do with defect of reference-of-thought needs a more fundamental transformation as a psychoanalytic-unshackling/memetic-reordering/institutional-recomposure of the reference-of-thought, and so a decentering of meaningfulness; the <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity being more like what it takes to get a medieval as non-positivistic mindset/reference-of-thought into a positivistic mindset/reference-of-thought, that is, suppose for instance where in a medieval social-setup an accusation of witchcraft is demonstrated by an outsider from a positivistic social-setup to

be incorrect and unsound to the approval of all in that social-setup, that outsider understanding fundamentally that the medieval setup by its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' is in a state of <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag of a medieval worldview will grasp that that unique demonstration of medieval-postlogism/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (as accusation of witchcraft) is not to be construed naively as an adequate basis for a new logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation as 'prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism re-engaging mental-reflex' that re-engages with non-positivism/medievalism mindset/reference-of-thought, given the possibilities of further accusations of witchcrafts or by-and-large the vices-and-impediments potentially arising from such a non-positivism/medievalism worldview as of the 'local community dynamism of individual interests involved' that endemises and enculturates notions-and-accusations-of-sorcery. It is rather the cross-generational psychoanalytic-unshackling/memetic-reordering/institutional-recomposure transforming of the non-positivism/medievalism mindset/reference-of-thought into a positivistic mindset/reference-of-thought that is ontologically-speaking to be construed as the structural/paradigmatic resolution of the vices-and-impediments arising from a non-positivism/medievalism worldview with respect to such notions-and-accusations-of-sorcery. The same applies with respect to our positivism–procrypticism worldview and futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism worldview.

2613

This explains why 'perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is more than just an issue of an act or acts, but is 'reconceptualised rather as prior relative-ontological-incompleteness-of-reference-of-thought as of denaturing' in implying that inherent intrinsic-reality/ontological-veridicality is already given and the perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is in the bigger picture revealing an inherent problem as of the prior human reference-of-thought conceptualisation of inherently given intrinsic-reality/ontological-veridicality, and that the 'occurred event of perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is simply 'pointing to an altogether deeper underlying human relative-ontological-incompleteness-of-reference-of-thought issue, in this case as of psychopathy and its conjugated-postlogism at the uninstitutionalised-threshold of positivism–procrypticism as well as providing a revealing overall understanding of the human uninstitutionalised-threshold-by-ontological-contiguity—of-the-human-institutionalisation-process with deprocrypticism prospective institutionalisation <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity, which are then the-entire-reconceptualised-problem as of aetiologisation/ontological-escalation' as the prospective relative-ontological-completeness-of-reference-of-thought; just as an apple falling on Newton's head under a tree is simply 'pointing to an altogether deeper underlying human non-positivistic relative-ontological-incompleteness-of-reference-of-thought issue which is then the-entire-reconceptualised-problem as of the aetiologisation/ontological-escalation in producing the science/laws of physics and equally inspiring other such similar positivistic ontological-primemovers-totalitative-framework approaches in human

conceptualising of the natural world as the prospective relative-ontological-completeness-of-reference-of-thought. Hence contrary to what we may think from our ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag perspective the mere fact of relative-ontological-incompleteness-of-reference-of-thought is structurally/paradigmatically associated with a perversion-or-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> by the very inherent nature of ontology/intrinsic-reality as preceding/superseding our reference-of-thought conceptualisation as of its shallow limited-mentation-capacity such that where our 'reference-of-thought/structural/paradigmatic—ontological-performance-<including-virtue-as-ontology> of reference-of-thought conceptualisation' is deficient we are in perversion-or-derived-perversion at that threshold, wherein the threshold defect reference-of-thought/structural/paradigmatic—ontological-performance-<including-virtue-as-ontology> is rather 'construed in emotionally-laden terms' with respect as of knowledge-constructs/theories/intersolipsistic-intercessory-notions/notional~referential-notions/articulations/virtue of the social like law, virtue, etc., as of our subpotent-mimetic-echoness-derivation-within-the-full-potency of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness. Thus intrinsic-reality/ontological-veridicality is derived 'wholly by conflatedness' or in other words ensuring the prospective relative-ontological-completeness-of-reference-of-thought with respect to problematic prior relative-ontological-incompleteness-of-reference-of-thought reflected by perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, with no ~~amplituding~~/formative>epistemic-totalising~self-

referencing-syncretising/circularity/interiorising/akrasiatic-drag allowed by intrinsic-reality/ontological-veridicality. In other words as of metaphysics-of-absence, the ordinariness ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ in non-positivism/medievalism with its reference-of-thought is inclined to relate to perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomenon as a non-positivism/medieval postlogism phenomenon such as notions-and-accusations-of-sorcery on the basis of non-positivism/medievalism reference-of-thought ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ of 'great living' as of its prior relative-ontological-incompleteness-of-reference-of-thought but then a 'conflatedness of conceptualisation' will convert such perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in terms of the 'Being defect as uninstitutionalised-threshold of the so-called great living of non-positivism/medievalism reference-of-thought' to arrive at the prospective relative-ontological-completeness-of-reference-of-thought of positivism opened-construct-of-meaningfulness-and-teleology which structurally/paradigmatically resolves the vices-and-impediments of non-positivism/medievalism. This same process applies to our positivism–procrypticism with respect to psychopathy and social psychopathy wherein the associated perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> will elicit an ordinariness ~~amplituding~~/formative>wooden-language-

⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ procrypticism/disjointedness-as-of-reference-of-thought ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ of 'great living' as of its prior relative-ontological-incompleteness-of-reference-of-thought but then a 'conflatedness of conceptualisation' will convert such perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> in terms of the 'Being defect as uninstitutionalised-threshold of the so-called great living of our positivism–procrypticism in disjointedness-as-of-reference-of-thought' to arrive at the prospective relative-ontological-completeness-of-reference-of-thought of deprocrypticism as preempting—disjointedness-as-of-reference-of-thought opened-construct-of-meaningfulness-and-teleology which structurally/paradigmatically resolves the vices-and-impediments of our positivism–procrypticism; as basically, our intellectual-and-moral constructs as of our ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag are shown to be of prior relative-ontological-incompleteness-of-reference-of-thought and thus ontologically-speaking our logical-dueness doesn't even arise, no more than the logical-dueness of a non-positivism/medievalism mindset arises as with respect to medieval postlogism phenomenon like notions-and-accusations-of-sorcery as in both cases ontologically-veridical meaningfulness-and-teleology exists beyond their ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-

prospective-apriorising-implications>〉 as of the respective deprocrypticism as preempting—disjointedness-as-of-reference-of-thought and positivism reference-of-thought that carry the prospective relative-ontological-completeness-of-reference-of-thought opened-construct-of-meaningfulness-and-teleology. Ultimately, the very transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing between the prior registry-worldview/dimension as of its prior relative-ontological-incompleteness-of-reference-of-thought and the prospective registry-worldview/dimension as of its prospective relative-ontological-completeness-of-reference-of-thought is 'the very paradox of meaningfulness-and-teleology explaining their discordance, construed as the paradox of transcendence'. In other words, if the former had a grasp of its state 'as to its prior relative-ontological-incompleteness-of-reference-of-thought' with the transcendental structural/paradigmatic ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity arising thereof it would have paradoxically transcended, thus explaining the psychoanalytic-unshackling/memetic-reordering/institutional-recomposure nature of transcendence as of a cross-generational exercise and why such implied transcendental meaningfulness-and-teleology might seem arbitrary when meaningfulness-and-teleology is rather interpreted in terms of the prior reference-of-thought. This further explains 'the socially conflicted nature of all implied transcendental constructs' whether with prophesying metaphysico-theological constructs of early times reflected in non-universal and universal creeds up to our metaphysico-ontological worldviews implied transcendence, and so as of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor; but then humankind has always been called upon to show itself capable of surperseding/surpassément for prospective possibilities to avail. This is exactly what underlies the notion of ontological-

dementation/dialectical-dementation–stranding/attributive-dialectics in that relative-ontological-incompleteness-of-reference-of-thought 'is not a logical issue/problem' but 'a Being/existential/ontological/axiomatic-construct problem' with its structural/paradigmatic implied vices-and-impediments, as it is rather an issue of uninstitutionalised-threshold as of recurrent-utter-uninstitutionalisation uninstitutionalisation requiring base-institutionalisation institutionalisation, ununiversalisation uninstitutionalisation requiring universalisation institutionalisation, non-positivism/medievalism uninstitutionalisation requiring positivism institutionalisation, and our procrypticism/disjointedness-as-of-reference-of-thought uninstitutionalisation requiring prospective deprocrypticism institutionalisation as preempting—disjointedness-as-of-reference-of-thought institutionalisation, and so rather as of a transcendental habituation exercise construed as 'ontological-resetting' of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of relative epistemic-abnormalcy/preconvergence for relative ontological-normalcy as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics stranding dynamics. A 'relative-ontological-completeness-of-reference-of-thought' implies 'a new all-pervasiveness of reference-of-thought–categorical-imperatives/axioms/registry-teleology as the axiomatic-construct of meaningfulness-and-teleology' as a prospective institutionalisation reference-of-thought. Thus a reference-of-thought is an all-pervasiveness of reference-of-thought–categorical-imperatives/axioms/registry-teleology as the axiomatic-construct of meaningfulness-and-teleology; explaining why it is structurally/paradigmatically non-derogable as of its state of prospective relative-ontological-completeness-of-reference-of-thought, with such implied derogation of such 'all-pervasiveness of reference-of-thought–categorical-imperatives/axioms/registry-teleology as the axiomatic-construct of meaningfulness-and-teleology' signalling fundamentally a threshold of failure of reference-of-thought/structural/paradigmatic—ontological-performance-<including-virtue-as-

ontology> and construed as relative-ontological-incompleteness-of-reference-of-thought. As a further elucidation, across all registry-worldviews/dimensions prospective relative-ontological-completeness-of-reference-of-thought, construed as its institutionalisation, is as of 'conflatedness' which itself involves the 'universally-transparent constraining mechanical-knowledge as of the bare reference-of-thought–categorical-imperatives/axioms/registry-teleology as axiomatic-construct' and 'the social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality as the creating-and-essence-attributing drive for knowledge-and-virtue'. Perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is induced by 'denaturing of the form of meaningfulness-and-teleology' on the 'universally-transparent constraining mechanical-knowledge as of the bare reference-of-thought–categorical-imperatives/axioms/registry-teleology as axiomatic-construct' and obviating 'the social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality as the creating-and-essence-attributing drive for knowledge-and-virtue' while paradoxically wrongly projecting it in distractiveness/shortness-of-register-of-meaningfulness-and-teleology as if it was of 'conflatedness' in <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag implying an uninstitutionalised-threshold of perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> reconceptualised as prior relative-ontological-incompleteness-of-reference-of-thought. Across all registry-worldviews/dimensions, the specific association of postlogisms to 'denaturing of the form of

meaningfulness-and-teleology' arises as of its compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation physiological condition in relation to 'prelogism-as-of-conviction-as-to-profound-supererogation meaningfulness-and-teleology', which at childhood postlogism is more or less universally-transparent but with adulthood given maturation/indirectness/spatialisation/credulity/craftiness is associated with bringing about social lack of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ inducing the conjugated-postlogism of temporal-dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation as a grounding for the social extension of 'denaturing of the form of meaningfulness-and-teleology'. Thus at that uninstitutionalised-thresholds which highlight 'denaturing of the form of meaningfulness-and-teleology' as temporality/shortness in concatenation with 'conflatedness' as intemporality, it is only a renewed 'conflatedness' as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality that induces a prospective 'universally-transparent constraining mechanical-knowledge as new bare reference-of-thought–categorical-imperatives/axioms/registry-teleology as axiomatic-construct' and 'its social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality as the creating-and-essence-attributing drive for knowledge-and-virtue' that brings about prospective relative-ontological-completeness-of-reference-of-thought; construed as 'ontological-resetting' of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology of relative epistemic-

abnormalcy/preconvergence for relative ontological-normalcy as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics stranding dynamics 'which is effectively the concatenated mechanism that engenders sublimating historiality/ontological-eventfulness/ontological-aesthetic-tracing towards prospective notional~deprocrypticism'. Thus this further explains the very thorny difficulty of dealing with psychopathy and social psychopathy, because more than just an individuation phenotype and incidental/on-occasion phenomenon, it speaks of a registry-worldview's/dimension's our dimension, relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' as procrypticism/disjointedness-as-of-reference-of-thought in endemising/enculturating it, thus in need of deprocrypticism as preempting—disjointedness-as-of-reference-of-thought as an overall structural/paradigmatic resolution to the vices-and-impediments of our positivism–procrypticism registry-worldview/dimension. That is, with acts of perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> 'it is vague to consider just arriving at ontological-veridicality/intrinsic-reality construal of such acts as of the paradox of their universally implied prior relative-ontological-incompleteness-of-reference-of-thought' with the latter by itself becoming the grander problematic, more like the relative non-positivism/medievalism relative-ontological-incompleteness-of-reference-of-thought itself is the grander problematic with respect to the endemisation/enculturation of notions-and-accusations-of-sorcery acts/occurrences, and so more than just an act or acts of notions-and-accusations-of-sorcery construed as perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, as revealing of the grander framework of vices-and-impediments inherent to the relative non-

positivism/medievalism relative-ontological-incompleteness-of-reference-of-thought. Rather it is about articulating the ontological-completeness-of-reference-of-thought as 'Being correction' as of base-institutionalisation institutionalisation over recurrent-utter-uninstitutionalisation uninstitutionalisation, universalisation institutionalisation over ununiversalisation uninstitutionalisation, positivism institutionalisation over non-positivism/medievalism uninstitutionalisation, and prospectively deprocrypticism institutionalisation over our procrypticism uninstitutionalisation. Obviously a traditional approach of analysis of psychopathy (as so construed from this papers holistic/nested-congruence insight including psychopathy and social psychopathy) will tend to be just as palliative as a non-positivism/medievalism world's postlogism associated with their social cognisance-and-integration of say notions-and-accusations-of-sorcery were individuals will equally be wary of non-positivism/medievalism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and will equally be inclined to palliation regarding notions-and-accusations-of-sorcery depending on circumstances; though obviously the ontologically structural/paradigmatic resolution in both instances is with respect to the necessary ontological-completeness-of-reference-of-thought in overcoming <~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag by prior/transcended/superseded non-positivistic or procrypticism reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that are failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation with prospective/transcending/superseding positivistic or deprocrypticism reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-

contiguity–or–ontological-preservation. So perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> has always been recurrent in reflecting the ontological-contiguity—of-the-human-institutionalisation-process because institutionalisation is not emanance transformation of temporal-dispositions as shortness-of-register-of-meaningfulness-and-teleology into the intemporal-disposition as longness-of-register-of-meaningfulness-and-teleology but designed to skew ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) towards the intemporal-disposition, such that where institutionalisation reaches its design limits given human limited-mentation-capacity-deepening-⟨<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩, the possibility for perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> arises with its corresponding enculturation/endemisation as uninstitutionalised-threshold in want for prospective institutionalisation as the ontologically-veridical structural/paradigmatic resolution. When that insight avails (a Derridean event), it is properly time to 'trample' the melee of common sense disposition for self-preserving extrication/temporal paradigm with the elicited intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm, as has been the case along and defining human history ultimately ushering our very own registry-worldview/dimension. The breaking of 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-

unconceal-the-very-ontologically-same-existential-reality' (from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') thus take the form of postlogism-slantedness and its conjugation to temporal-dispositions as conjugated-ignorance (unconsciously), conjugated-affordability (expeditiously), and (consciously with) conjugated-opportunism, conjugated-exacerbation, conjugated-social-chainism/social-discomfiture/negative-social-aggregation, and conjugated-temporal-enculturation/temporal-endemisation; inducing their corresponding virtualities/being-construals-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference. With the 'breaking-of-the-threadedness/thread-of-ontologically-veridical meaningfulness' always disambiguated creatively as 'a supratransversality—apriorising/axiomatising/referencing transitioning construal' of 'ontologically-veridical meaningfulness with reference-of-thought–categorical-imperatives/axioms/registry-teleology as intemporally-preservational' distracted by 'the breaking or a subtransversality—apriorising/axiomatising/referencing 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation as ontologically non-veridical with reference-of-thought–categorical-imperatives/axioms/registry-teleology failing/not-upholding-<as-of-apriorising/axiomatising/referencing> intemporal-preservation-entropy-or-contiguity–or–ontological-preservation', 'in distractive-alignment-to-reference-of-thought -as-the-arrogation-or-disjointedness-of-acting-in-pseudointemporality (by temporal-dispositions in postlogism and conjugated-postlogism) with respect to the supratransversality—apriorising/axiomatising/referencing as 'deprocrypticism imbricatedness/threadedness/recomposuring of ontologically-veridical meaningfulness', thus 'reflecting/perspectivating/highlighting temporal-dispositions (postlogism and conjugated-postlogism) as procrypticism/disjointedness-as-of-reference-of-thought, preconverging-or-

dementing–apriorising-psychologism and dialectically-out-of-phase in pseudointemporality', and so by a maximalising-recomposuring-for-relative-ontological-completeness that is ontologically-reconstituting (deconstruction) of the threadedness/thread, with no elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity (that will falsely validate the wrongly implied soundness/non-perverted reference-of-thought, i.e., unsound/perverted 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology, as first-order faulty-mentation-procedure-deception-or-urge, and thereafter the infinite logical articulations as second-order level deceptive-virtualities that can be made from wrongly assuming the implied first-order faulty-mentation-procedure-deception-or-urge as correct). Insightfully, humans actually come into existence which avows an existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context of imbricated-becoming-transitioning within which they come to grasp rules and principles (elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity), but these rules and principles are divulged by 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' and the limits of such rules and principles are in effect their validation as ontological-primemovers-

totalitative-framework within 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality', with the implication that any naïve construal of such rules and principles (elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity) out of the scope of 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' is a virtuality-or-ontologically-flawed-construal/non-existent/unreal; as 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' is 'conceptually the very absolute irreducible a priori of all human meaningfulness-and-teleology' as it is divulged with human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ in the construal of superseding–oneness-of-ontology. The reason for the disambiguation of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing into a supratransversality—apriorising/axiomatising/referencing reference-of-thought over a subtransversality—apriorising/axiomatising/referencing reference-of-thought for the ontological-reconstituting–

as-of-conflatedness of 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' has to do with the fundamental basis of the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> behind all the postlogisms/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness of all registry-worldviews' references-of-thought including with regards to the phenomenon of psychopathy and social psychopathy (as indicated at the beginning) of the positivism–procrypticism registry-worldview, i.e., specifically with the psychopathic/postlogic induced pre-valuation/pri-individuation/de-individuation/commitment perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>; wherein this process is reversed (but beyond a temporal equivalence and rather for an aetiologisation/ontological-escalation of the universal implications as metaphysics-of-absence) in re-establishing ontological-veridicality of 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' reference-of-thought, wherein the 'induced de-individuation reference-of-thought' is rather reconstrued in its veridical existential-reality of narratives by SUPRATRANSVERSALITY—APRIORISING/AXIOMATISING/REFERENCING (ontologically-veridical reference-of-thought of 'deprocrypticism preempting—disjointedness-as-of-reference-of-thought <~~amplituding~~/formative>epistemic-causality-as-to-

projective-totalitative–implications,-for-explicating-ontological-contiguity' of psychopathy and social psychopathy along all implied thematics of the social-construct whether as of phenomenal/criminal/social/corporate/value-structure/social-structure/registry-worldview insight for aetiologisation/ontological-escalation rather as of intellectual-and-moral-inequivalence/non-correspondence with the subtransversality— apriorising/axiomatising/referencing; and so by way of the-transcendental-enabling/sublimating-that-is-intrinsic-reality-or-ontological-veridicality as against 'social-aggregation-enablers undermining of prospective intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' with perverted use of such notions as differentness, infamy, status, significant-others basis of logic, repute, social authorities and influencers naively involved in fallacies of authority, disparagement, contrivance, duplicity, imposturing, ontological-bad-faith/inauthenticity, implying an equivalence between universal/intemporal sense of purpose with extricatory/temporal/mundane sense of purposes, underhandedness, inductive-limitation or so-called principle that is not articulated as a universal construct but targeted, avowing its reality as fake and thus of temporal-disposition, etc.), while the 'induced pri-individuation reference-of-thought' of psychopathic postlogism and conjugated-postlogism in its virtuality-or-ontologically-flawed-construal (being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference) of narratives is construed as SUBTRANSVERSALITY— APRIORISING/AXIOMATISING/REFERENCING (in perverted-or-derived-perverted-reference-of-thought procrypticism/disjointedness-as-of-reference-of-thought extricatory-and-temporal incidental construals of meaningfulness-and-teleology wrongly striving to equivocate its extrication/temporality by using 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' in undermining the transcendental-enabling/sublimating-that-is-of-intrinsic-reality-or-ontological-veridicality

upheld by the deprocrypticism supratransversality—apriorising/axiomatising/referencing preempting—disjointedness-as-of-reference-of-thought ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity).

The disambiguation of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing into a 'supratransversality—apriorising/axiomatising/referencing reference-of-thought of meaningfulness-and-teleology' over a 'subtransversality—apriorising/axiomatising/referencing reference-of-thought of meaningfulness-and-teleology' can equally be understood by comparison with the notion of apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument as reference-of-thought of meaningfulness-and-teleology, as there can't be common reference-of-thought of contention (mutually intelligible aposteriorising/logicising/deriving/intelligising/measuring as mutually intelligible meaningfulness-and-teleology) between a flawed apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (subtransversality—apriorising/axiomatising/referencing reference-of-thought of meaningfulness-and-teleology, as preconverging-or-dementing–apriorising-psychologism from ontological-normalcy/postconvergence epistemic/notional~projective-perspective) and a correctly functioning apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (supratransversality—apriorising/axiomatising/referencing reference-of-thought of meaningfulness-and-teleology, as 'postconverging-or-dialectical-thinking–apriorising-psychologism' from ontological-normalcy/postconvergence epistemic/notional~projective-perspective). It is the idea of the ontological-primemovers-totalitative-framework of the latter over the former that will existentially/ontologically impose the latter, and not common/mutual logical-processing as logic is then 'a lower, inappropriate and inherently defective level of meaningfulness-and-teleology processing' in relation to 'appropriateness-

of-reference-of-thought-as-of-conflatedness processing' (just as there can't be logical intelligibility between a non-positivisit/medieval mindset/reference-of-thought of meaningfulness-and-teleology with a positivistic one); by its ontologically inducing untenability/internal-contradiction/internal-incoherence/institutional-constraining as the correct functioning apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (the appropriateness-of-reference-of-thought-as-of-conflatedness) in the middle to long run construed as of ontological-dementation/dialectical-dementation–stranding/attributive-dialectics. This process can be qualified as the 'blunt act of existence over the human temporal egotistic/self-referential complex to prospective transcendence/superseding ontological-veridicality/intrinsic-reality reference-of-thought', and is the actual basis for all transcendences for prospective institutionalisations since the successive institutional-cumulation/institutional-recomposure do not arise because of the reality of a 'human intemporal-emanance philosophical acquiescence' but rather by ontologically inducing untenability/internal-contradiction/internal-incoherence/institutional-constraining of existential reality as a constraint for the secondnaturing of institutionalisation, without transforming the underlying reality of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor individuations. That is while the implied aposteriorising/logicising/deriving/intelligising/measuring–purpose—of-obtained-measurements (implied meaningfulness-and-teleology) imply speaking the same language but the existential/ontological/being realities are utterly different with the correct apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument—producing-measurements (supratransversality—apriorising/axiomatising/referencing) being real and the defective apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument

(being unreal as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism), without mutual intelligibility of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation but for the effectiveness/ontological-primemovers-totalitative-framework of the correct apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument—producing-measurements (supratransversality—apriorising/axiomatising/referencing) appropriateness-of-reference-of-thought-as-of-conflatedness that collapses the defective apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument (subtransversality—apriorising/axiomatising/referencing) perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, as of the consequences in a comparative use of both apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument after a while (cross-generationally). Thus issues of defect of reference-of-thought (apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument defect issues) cannot be resolved by mutually intelligible logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation (mutually intelligible measuring), but rather by the superseding supratransversality—apriorising/axiomatising/referencing reference-of-thought (as-of correct apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument—producing-measurements) in intemporal/longness projection for aetiologisation/ontological-escalation over the subtransversality—apriorising/axiomatising/referencing reference-of-thought (as-of defective apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument) of temporal extricatory paradigm incidental construal in wrong equivalence to the supratransversality—apriorising/axiomatising/referencing reference-of-thought. This equally

validates the notion of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as logical-incongruence of appropriateness-of-reference-of-thought-as-of-conflatedness and perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>. This is structurally the most elevated construct for the production of human knowledge as transcendental knowledge and as implied in its dissemination along formal constructs based on a structuring for skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) towards intemporality, and not wrongly averaging of human thought in equivalence as logical-congruence of temporality/shortness and intempolity/longness-of-meaningfulness, such that knowledge is not constructed as a 'human mutual agreement exercise for its construal/conceptualisation/discovery/invention/development' since solipsistically/emanantly/becomingly we are of temporal/shortness to intemporal/longness mental-dispositions and this cannot be averaged to get transcendental knowledge which is rather the outcome of an enabling process as 'intrinsic-reality/ontological-veridicality transcendental enabling' that allows what is intemporal as of mental-disposition to be effective by ontological-primemovers-totalitative-framework as of ontological and virtue constructs, and be imposed as knowledge. Thus it is critical to understand that the exercise of reconstituting ontological veridicality is a wholly maximalising-recomposuring-for-relative-ontological-completeness in grasping 'existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality', even when it would seem weird

due to metaphysics-of-presence, and is creatively grounded on 'on phased phases construed in mirroring the fundamental insane/postlogism-fitment of the childhood-psychopath perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> mental-disposition structure as it induces conjugated-postlogism/preconverging-or-dementing-integration later on and most effectively at adulthood psychopathy'. This fundamental structure of the denaturing nature of postlogism and conjugated-postlogism/preconverging-or-dementing-integration can be demonstrated with the blatantly obvious case of the childhood-psychopath even though the denaturing of its mental-disposition is relatively socially-universally-transparent (enabling an understanding-of-ontological-primemovers-totalitative-framework-of-the-underlying-phenomenon). In the case were in a 'dereifying act' water is spilled on a chair, and a visiting stranger (as-of-pseudointemporality by ignorance) not aware of the mental-disposition of the childhood-psychopath coming into the scene after the event and sitting unknowingly on the soaked sofa, and was to frown and remonstrate against or possibly smack the innocent brother, such a stranger is in ignorance-conjugated-postlogism or conjugated-ignorance as its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' led it to align in-prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologismly (as-of-pseudointemporality) to the childhood-psychopath's postlogic narrative, and so in 'ignorance-temporal-preservation-as-pseudointemporality-preservation', that it was the brother that spilled the water on the chair on purpose (noting that even at this level, for all practical purpose the visiting stranger's meaningfulness is 'supposedly in prelogism-as-of-conviction-as-to-profound-supererogation (as-of-pseudointemporality) but is rather effectively 'conjoining looping narratives of flawed-existential-elevation-of-reference-

of-thought' with respect to the 'denaturing postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-with-'successive-shifting-of-the-narratives-and-acts-foci'-construed-as-'deception-of-successively-shifting-or-noncohering-narratives-and-acts' towards 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as non-veridical and dialectically/contendingly out-of-phase, of the childhood-psychopath's meaningfulness is effectively in conjugated-postlogism and has 'joined the childhood-psychopath in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and is preconverging-or-dementing–apriorising-psychologism and dialectically-out-of-phase' with respect to ontologically-veridical existential-reality as construed from ontological-normalcy/postconvergence, and further it state of ignorance speaks of its relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' as procrypticism/disjointedness-as-of-reference-of-thought which can't be overlooked for aetiologisation/ontological-escalation conceptualisation by the fact that the visiting stranger or more precisely an individuation of the type expressed by the visiting stranger (as-of-pseudointemporality by ignorance) might act the same way he acted in 'metaphorically-a-million-and-one-instances-and-locales' as aetiologisation/ontological-escalation, and this particular example symbolises why virtue is a 'The-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct' and not 'impression-driven/good-naturedness/wishfulness construct' as reality is above all 'effectivity' by its manifestation. But then given the relative social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ at this childhood stage, it is more likely that the whole situation will be explained to the visiting

stranger (as-of-pseudointemporality) and will assume mostly an incidental/on-occasion conjugated-postlogism effect in the contingent social space. The fact is at this childhood stage conjugated-postlogism will tend to be incidental and mostly arise as ignorance-conjugated-postlogism. (Such a construal can further be articulated not only in the case of ignorance as ignorance-conjugated-postlogism but equally as the child-psychopath develops into adulthood and is less and less socially-dysfuntional and social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the postlogism is lost socially with its maturation/spatialisation/indirectness/credulity/craftiness, giving rise to the conjugated-postlogism cases of conjugated-affordability, conjugated-opportunism, conjugated-exacerbation, conjugated-social-chainism and conjugated-temporal-enculturation by temporal-dispositions where the effect is 'more than just benign and incidental/on-occasional with dramatic social consequences and as there is further eliciting of enculturated postlogism as social psychopathy, however ad-hoc and opportunistic'. At the grander transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness level as dynamic-cumulative-aftereffect maximalising-recomposuring-for-relative-ontological-completeness imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' reflects/perspectivates/highlights this comprehensively as the registry-worldview/dimension uninstitutionalised-threshold threshold highlighting the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of the registry-

worldview's/dimension's institutionalised meaningfulness-and-teleology reference-of-thought–categorical-imperatives/axioms/registry-teleology as temporal-preservation-in-pseudointemporality-preservation as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, going by the dynamism of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor). The example with ignorance is however the 'fundamental atomic mental-disposition characteristic of psychopathy and social psychopathy' as it develops more and more shrewdly into adulthood with a further loss of social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the underlying postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation mental-disposition wherein with development of childhood psychopathy into adult psychopathy, 'social expansion-and-gravity of tones-as-temperament and thematic implications with regards to temporal-to-intemporal-dispositions individuations teleologies/teleological-differentiations (as postlogism and conjugated-postlogism in pseudointemporality/preconverging-or-dementing–apriorising-psychologism, and supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as to intemporal/ontological in non-pseudointemporality/thinking) ensue. It exclusively requires on an ontological paradigm involving maximalising-recomposuring-for-relative-ontological-completeness, as the explanation given to the visiting stranger about its error and the childhood-psychopath mental state as 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-

reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' (from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') (child-psychopath of unsound-mental-disposition in a 'dereifying act' poured water on chair, you mistakenly sat down on the chair, he told you his brother did it on purpose, by supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism reflex you acted in belief – and so, as an 'unwinding-as-unfolding/dépliage-as-détendre of elucidation'), and no elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity as the visiting stranger (as-of-pseudointemporality) wrongly did (as the latter only arises where 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' are ontologically-veridical as implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology, even though the natural reflex to be of prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at means that we rather tend to assume by reflex that the implied-logical-dueness-or-implied-scape of every interlocutor we engage with or by extension of the referenced interlocutor(s) of the interlocutor with whom we are engaging with is sound, thus by default validating all the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-

context)', which is the psychopath foundational faulty-mentation-procedure-deception-or-urge as first-order level of faulty-mentation-procedure-deception-or-urge, as it further enables an infinitely expansive second-order level deception arising from wrongful logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation once we wrongly go on to operate the fundamental first-order level of faulty-mentation-procedure-deception-or-urge logically/'elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity' wherein we end up hollow-constituting-<as-disjointed-misappropriation-of-meaningfulness-and-failing-intemporal-preservation> inducing the virtuality-or-ontologically-flawed-construal/being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference, and that's why psychopathy as a outlying mental-disposition we are not often used to, will tend to be deceptive and so fundamentally not because of the psychopath but the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mind's own reflex mental-disposition to be prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as existentially-veridical-logical-dueness-precedes-logical-outcome-arrived-at). Critically, the concepts articulations in the storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation involve the 'point-of-departure-of-construal of reference-of-thought technique of distractive-alignment-to-reference-of-thought wherein: the narratives of the temporal-dispositions (postlogism and conjugated-postlogism) as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism are construed in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as of subtransversality—apriorising/axiomatising/referencing(*as-of-pseudointemporalities;

referring to unsound reference-of-thought, and so as 'breaking imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality as existential-reality or procrypticism/disjointedness-as-of-reference-of-thought preconverging-or-dementing–apriorising-psychologism', and consequently necessarily wrongly implied soundness/non-perverted-reference-of-thought, i.e., unsound/perverted 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' including implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology and speaking of a mental-disposition not thriving for intemporal-preservation – whether unconsciously as with conjugated-ignorance, by-expediency as with conjugated-affordability or consciously as with conjugated-opportunism and conjugated-exacerbation, hence of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism i.e. perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>)-narratives-of-arrogation/impostoring/disjointedness-non-contending-meaningful-reference-(but-rather-the-subject-of-ontologically-veridical-contending-as-reflected-by-recursive-postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>-as-well-as-conjugated-postlogism-progressive-and-regressive-conjoining-looping-set-of-narratives) as-recursive/progressive/regressive-preconverging-or-dementing-distractive-loopings-(in-'threshold-of–

the-suprastructuring-meaningful-reference-for-maximalising-unwinding-as-

unfolding/dépliage-as-détendre-of-elucidation). From an ontological-

normalcy/postconvergence epistemic/notional~projective-perspective, the distinction

between the subtransversality—apriorising/axiomatising/referencing (as-of-

pseudointemporalities) as of threshold-of–nonconviction/madeupness/bottomlining-as-to-

shallow-supererogation—preconverging/dementing–apriorising-psychologism and the

supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) as

'conviction-as-to-profound-supererogation, transcendental and maximalising' implies that the

assertive pretences of 'supposed intellectual-and-moral equivalence' of the

subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities) are of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation— preconverging/dementing–apriorising-psychologism (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>). As the notion of 'first-order-ontology/ontological-construal' of intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm for 'creating/inventing' prospective institutionalised-being-and-craft' implied by the transcendental, inherently 'dements' pretences of 'second-order meaningfulness' of extricatory/temporal paradigm within secondnatured institutionalised-being-and-craft constructs. Supratransversality— apriorising/axiomatising/referencing (as-of-non-pseudointemporality) speaks of upholding the intemporal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness by underlining imbricatedness/threadedness/recomposuring that is of-existential-reality as of relative ontological-contiguity of reference-of-thought, and reflecting/perspectivating/highlighting subtransversality— apriorising/axiomatising/referencing (as-of-pseudointemporalities) as upholding the temporal/non-transcendental/incrementalism-in-relative-ontological-incompleteness by disjointed/discontinuous/decontextualised/misappropriated utilisation of the same abstract construal (elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity) for being-construal/existential-reality-construal as does supratranversality, thus inducing virtualities/being-construals-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference as perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> involving the discontinuity (as postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-

narratives-and-acts'> and conjoining-looping-set-of-narratives of the postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>) of reference-of-thought, reflecting a teleologically-perverted (postlogism) and derived-teleologically-perverted (conjugated-postlogism) mental-dispositions and so as of ontological-bad-faith/inauthenticity, where such is not unconscious/unwitting as arises with ignorance-conjugated-postlogism. It is this ever-perverting effect on ontological-veridicality of subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities) reflected by the 'contrastive intellectual-and-moral tone-as-temperament and thematic teleological constructs of subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities) in relation to supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality)' as instigated by postlogism/enculturated-postlogism in protraction as temporal-preservation-as-pseudointemporality-preservation that tends to generate threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism reflecting the uninstitutionalised-thresholds at institutionalisations' uninstitutionalised-threshold. Basically, from a transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness insight, the supratransversality—apriorising/axiomatising/referencing contends about the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of the subtransversality—apriorising/axiomatising/referencing which is in protracted-pseudointemporality; more like a deprocrypticism, positivism, universalisation or base-institutionalisation supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) contending correspondingly about the perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> of the procrypticism, non-positivism/medievalism,

ununiversalisation or recurrent-utter-uninstitutionalisation subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporality). The implication here is that from a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation, just as a positivistic supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) will imply a deeper intellectual-and-moral ontological construct (in a projection of a positivistic worldview where the mental-dispositions and conventioning in a non-positivism/medievalism setup are construed as prospectively questionable) of non-equivalence over that projected by a non-positivism/medievalism subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporality) as a 'distractive looping-alignment-of-narratives' in distraction to the former, with the positivistic supratransversality—apriorising/axiomatising/referencing rather a maximalising/transcendental firmament for obtruding the subtransversality—apriorising/axiomatising/referencing as of its 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', reflected by the subtransversality—apriorising/axiomatising/referencing subontologisation (in-a-social-dynamism-of-meaningfulness-misappropriation) by slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation effect; the same analysis will be drawn for a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation with respect to deprocrypticism supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) and procrypticism subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporality) in terms–as-of-axiomatic-construct of their implied intellectual-and-moral implications (in a projection of a deprocrypticism worldview where the mental-dispositions and conventioning

in a procrypticism setup are construed as 'prospectively questionable'). Such a supratransversality—apriorising/axiomatising/referencing over subtransversality—apriorising/axiomatising/referencing insight can transcendentally be grasped in the archetype characters of say a Socrates or Rousseau. Wherein within their respective registry-worldviews/dimensions setups, their maximalising/transcendental mental-dispositions in projection for prospective institutionalised-being-and-craft, i.e. ontologising of future conventioning, as supratransversality—apriorising/axiomatising/referencing (as the grander intellectual-and-moral effort that can be made within their registry-worldviews/dimensions) is rather poorly construed to the ordinariness/averageness of thought within their respective registry-worldviews/dimensions setups (which mental-dispositions and conventioning – as 'wrongly-projected decontextualising-unimbricatedness/unthreadedness/unrecomposuring-as-virtuality-or-ontologically-flawed-construal (which is rather 'a prior threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism reference-of-thought' in shallowness-of-thought-or-unsophistication-of-understanding) in grasping existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' – will rather think as irrational the projective disposition of a Socrates that doesn't rather advance a temporal interest in the city-state polity but is rather bent on spreading new ideas as a natural philosopher while prioritising as of nonextricatory-existential-preempting-of-existential-unthought in his asceticism the prospective intemporal over the temporal status quo, and likewise with a Rousseau who isn't advancing a temporal interest that his aristocratic stature should warrant like actively pursuing for landed properties and currying favours with kings

but is rather bent principally on a prospective commitment on grasping and spreading notions of a renewal of the human condition as universal rights and enlightened despotism. This is certainly because emanantly/becomingly/solipsistically temporal-dispositions do not appreciate that there is a more 'profound level of living in the realm of human thoughtfulness' based on eudaemonic-contemplation of 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting that then 'invents/creates' the possibility for prospective registry-worldview/dimension as there isn't any inherent intemporality/longness but for the disposition for maximalising-recomposuring-for-relative-ontological-completeness out of the apathy of the ordinariness/averageness of any prior registry-worldview/dimension. Hence such intemporality/longness as maximalising-recomposuring-for-relative-ontological-completeness needs its <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought as of given that the-succession-of-registry-worldviews-or-dimensions-institutionalisations/the-ontological-contiguity—of-the-human-institutionalisation-process is 'not a human emanance transformation of temporal-dispositions/shortness-of-register-of-meaningfulness-and-teleology into the intemporal-disposition/longness-of-register-of-meaningfulness-and-teleology but rather is solely a secondnaturing to supersede the uninstitutionalised-threshold'. The implication is that acting as-of-a-secondnatured nature is not enough for articulating prospective institutionalisation requiring ' intemporal projection <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought' for the requisite prospective maximalising-recomposuring-for-relative-ontological-completeness, and such conceptualisations from only a secondnaturedness of thought as rather contextually temporal is not intemporal as of-universal-and-abstractive nature but is in '<~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising'/illusion-of-the-present/present-consciousness/mirage as metaphysics-of-presence. Thus institutionalisation

2646

secondnaturedness is challenged by its very own level of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' marking its uninstitutionalised-threshold whether as recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism-or-medievalism and procrypticism in need for a renewed institutionalisation respectively as base-institutionalisation, universalisation, positivism and prospectively deprocrypticism. This is rather addressed by transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing as supratransversality—apriorising/axiomatising/referencing non-pseudointemporality-as-thinking-and-in-phase over subtransversality—apriorising/axiomatising/referencing pseudointemporality-as-preconverging-or-dementing-and-out-of-phase so reflected in storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation evolving thematic and tone-as-temperament rather by maximalising-recomposuring-for-relative-ontological-completeness of imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality as existential-reality, for the ultimate cross-generational purpose of psychoanalytic-unshackling/memetic-reordering/institutional-recomposure). The transcendental first-order-ontology/ontological-construal work derived by maximalising-recomposuring-for-relative-ontological-completeness (as intemporal-projection/longness-of-register-of-meaningfulness-and-teleology) in recurrent-utter-uninstitutionalisation inducing transcendental/intemporal-preserving base-institutionalisation, maximalising-recomposuring-for-relative-ontological-completeness in base-institutionalisation–ununiversalisation inducing

transcendental/intemporal-preserving universalisation, maximalising-recomposuring-for-relative-ontological-completeness (as intemporal-projection/longness-of-register-of-meaningfulness-and-teleology) in universalisation–non-positivism/medievalism inducing transcendental/intemporal-preserving positivism, and prospectively maximalising-recomposuring-for-relative-ontological-completeness (as intemporal-projection/longness-of-register-of-meaningfulness-and-teleology) in positivism–procrypticism inducing transcendental/intemporal-preserving deprocrypticism, are the most important effort available at every corresponding registry-worldview as defining the institutionalisation possibilities and psyches that secondnatured as institutionalisation as their corresponding institutionalised-being-and-craft setups even though paradoxically the ordinariness within such institutionalised-being-and-craft setups may be impervious to what is behind this very creation/invention in the first place as it fails philosophically to appreciate the need for transcendental first-order-ontology/ontological-construal in the elucidation (as institutionalisation and psychical-reorientation) of meaningful-and-teleological pertinence within its own registry-worldview/dimension but equally in 'inventing/creating' the institutionalisation possibilities and psyche for the prospective institutionalised-being-and-craft setup. Thus it is generally not surprising that the transcendental first-order-ontology/ontological-construal by an ascetic intemporal-prioritising/maximalising-recomposuring-for-relative-ontological-completeness Socrates will be passed by the ordinariness/earthliness of thought in that institutionalised-being-and-craft setup as vague while upholding its shallow notion of value with the true worth and value of such implied transcendence grasped, at least expediently, mostly in the prospective institutionalised-being-and-craft setup it ushers, the same could be said of a an intemporal-prioritising/maximalising-recomposuring-for-relative-ontological-completeness Copernicus, an intemporal-prioritising/maximalising-recomposuring-for-relative-ontological-completeness Rousseau, an

intemporal-prioritising/maximalising-recomposuring-for-relative-ontological-completeness Galilei or an intemporal-prioritising/maximalising-recomposuring-for-relative-ontological-completeness Darwin, and so as a fact of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. But then mental-dispositions that come to intemporal notions by expediency cannot truly have the pretence of engaging such on the basis of shallow temporal extricatory paradigms as of institutionalised-being-and-craft setup whose temporal-dispositions terms are alien to the intemporal disposition required for transcendental/maximalising-recomposuring-for-relative-ontological-completeness first-order-ontology/ontological-construal required for 'creating/inventing' the prospective institutionalised-being-and-craft setup! That failed test of understanding the transcendental/maximalising-recomposuring-for-relative-ontological-completeness not in a prospective appreciation, but rather possibly as of retrospective appreciation and expediency, speaks of the social-construct as more of a secondnatured institutionalised-construct rather than an intemporal-disposition construal, and therefore assertive pretences that naively imply the latter should necessarily be suspect of their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism without the corresponding demonstration of the requisite salient philosophical insight of intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm (that goes beyond subontologisation as slantedness/postlogic-effect, miscuing, disjointed-logic, logical-drag, unconscionability-drag, sub-par/formulaic-association/temporal/alibi conventioning-rationalising, and temporal-enculturation/temporal-endemisation-effect); and the fundamental issue that will then arise in that instance is one of 'irrealism and corresponding virtualities' that will undermine analytical

pertinence, as man has to be understood exactly for what man is in effective reality, to then articulate effective knowledge constructs that are actually most efficient because of their realism, and that is paradoxically our virtue, not a wrong or false idealism (which metaphorically ends up hiding things under the table beyond the analysis required for their understanding and resolution)! It equally speaks of the 'requisite specialness of the discipline of philosophy as a first-order ontology' among all subject-matters (or-as-it-protrudes-into-subject-matters-or-second-order-ontologies), as the one that can least afford to be of normal trade, as it starts with a commitment of the mind (rather like modern day religion) rather than just a normal craft, and further requiring the central quality of transcendentally-enabling-level–of-authenticity/objectification/desubjectification-as-objectification/ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality/antinihilism of thought, postures and teleology above anything else (not even the value of institutional recognition as Socrates, Rousseau, Sartre and others intuitively understood, necessarily so, since it is what is of a priori definition and can't be compromised in institutional-constructs-and-setups)! The blunt fact here is that, with respect to social-stake-contention-or-confliction within a given registry-worldview, the everyday <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ or banality-of-thought doesn't necessarily as of appreciate 'the need for prospective transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm over the extricatory/temporal/expediency paradigm with respect to its registry-worldview/dimension' (even though it does appreciate this retrospectively with respect to prior registry-worldviews/dimensions), but for effective secondnatured institutional devising. Inevitably an aetiologisation/ontological-escalation

construct   is   rather   about intemporal/ontological/social/species/universal/transcendental/maximalising-recomposuring-for-relative-ontological-completeness paradigm which is necessarily antipodal to the everyday temporal extricatory paradigm mental-disposition, ontologically justifying 'subtransversality—apriorising/axiomatising/referencing(as-of-pseudointemporalities)/suprastraversality 'point-of-departure-of-construal of reference-of-thought technique of distractive-alignment-to-reference-of-thought given its applicative pertinence and validation to the ontologically-veridical but counterintuitive notion of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism underlying all uninstitutionalised-thresholds, and so beyond their consciousness-awareness-teleologies; with the implication that (from a maximalising-recomposuring-for-relative-ontological-completeness ontological-normalcy/postconvergence epistemic/notional~projective-perspective) the subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities) is 'unprofound'-or-of-a-non-transcendental/extricatory/impostoring disjointing/disparateness/disentailing-of-narratives-implied-intellectual-and-moral-disposition while the supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) is 'profound'-or-of-a-transcendental-intemporal/totalisingly-entailing-ontologically-hegemonising-narrative-implied-intellectual-and-moral-disposition. We would possibly appreciate this argument from a retrospective insight of how the retrospective institutionalisations came about to the present, but it will certainly be alienating to think the same of our present in those transcended terms from a prospective transcending reference, even though the ontological insight points in that direction. This 'subtransversality-by-supratransversality technique of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing' is further rendered operant as the

teleological structure of the storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation based on the underlying principle involved in the example of the visiting stranger (as-of-pseudointemporality) or generally the BODMAS characters. This underlying principle is one of 'decentering' wherein apparently the visiting stranger (as-of-pseudointemporality) was of 'sound registry-⟨reflected-as-soundness-or-authenticity-of-reference-of-thought⟩' in its circumstantial/existential relationship with meaningfulness but it turned out that its 'ontological-incompleteness-of-reference-of-thought-induced-virtuality-or-ontologically-flawed-construal-or-caricaturing-hollow-staging-and-performance-so-construed-by-prospective-reference-of-thought' (as lacking deprocrypticism from an ontological-normalcy/postconvergence epistemic/notional~projective-perspective) arising from its procrypticism/disjointedness-as-of-reference-of-thought (as social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ about the child-psychopath's postlogism wasn't available to it) implied an existential-reality of imbricatedness/threadedness/recomposuring that 'decentered' (by maximalising-recomposuring-for-relative-ontological-completeness) its meaningfulness as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, as subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities), of the visiting stranger rather as a virtuality-or-ontologically-flawed-construal/being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference given the visiting stranger's (as-of-pseudointemporality) ignorance-conjugated-postlogism, such that it was actually in 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'. This 'decentering drive' rather construed by maximalising-recomposuring-for-relative-ontological-completeness that then

reveals the true center as 'deprocrypticism supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of transcendental-projection/intemporal-preserving/maximalising-recomposuring-for-relative-ontological-completeness imbricatedness/threadedness/recomposuring as existential-reality' (while undermining various shades of virtualities/being-construals-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference), is 'the underlying teleological conceptualisation of the phenomenon of psychopathy and social psychopathy in society in its absolving/fleeting/escaping-reflex-logic'; as it uncompromisingly 'decenters temporal-dispositions as postlogism (perverted-outcome-sought-precedes-existentially-veridical-logical-dueness) and conjugated-postlogisms' (in the latter case whether beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>-as-ignorance) as per their 'ontological-incompleteness-of-reference-of-thought-induced-virtuality-or-ontologically-flawed-construal-or-caricaturing-hollow-staging-and-performance-so-construed-by-prospective-reference-of-thought' (as being procrypticism/disjointedness-as-of-reference-of-thought), starting with the psychopath's postlogism/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> itself wherein its decentering (by maximalising-recomposuring-for-relative-ontological-completeness 'unwinding-as-unfolding/dépliage-as-détendre of élucidation') is reflected as a virtuality-or-ontologically-flawed-construal/being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism while 'establishing the center' as the 'deprocrypticism supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of transcendental-

projection/intemporal-preserving/maximalising-recomposuring-for-relative-ontological-completeness imbricatedness/threadedness/recomposuring of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality') by its 'effective supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as to intemporal-preserving/transcendental/maximalising-recomposuring-for-relative-ontological-completeness teleological reference-of-thought' as supratranversality, and as conjugated-postlogisms/preconverging-or-dementing-integration (as per the corresponding mental-dispositions highlighted earlier for the various conjugated-postlogisms, with corresponding 'contrastive intellectual-and-moral tone-as-temperament and thematic teleological constructs of subtransversality—apriorising/axiomatising/referencing, as-of-pseudointemporalities, in relation to supratransversality—apriorising/axiomatising/referencing, as-of-non-pseudointemporality') arises from ignorance-conjugated-postlogism, affordability-conjugated-postlogism, opportunistm-conjugated-postlogism, exacerbation-conjugated-postlogism, social-chainism-conjugated-postlogism and temporal-enculturation-conjugated-postlogism, such that correspondingly these are 'decentered' (by maximalising-recomposuring-for-relative-ontological-completeness) as virtualities/being-construals-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference with 'a more and more profound/elaborated deprocrypticism supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of transcendental-projection/intemporal-preserving/maximalising-recomposuring-for-relative-ontological-completeness 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-

reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' (from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') reflecting their corresponding perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and these are ontologically never allowed to escape the intrinsic-reality of their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, wherein 'the deprocrypticism supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of transcendental-projection/intemporal-preserving/maximalising-recomposuring-for-relative-ontological-completeness threadedness/thread as of existential-reality never breaks' (given that intrinsic-reality/existential-reality is an ontological-contiguity that precedes and supersedes any threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism!) This 'continuous profound/elaborate deprocrypticism supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of transcendental-projection/intemporal-preserving/maximalising-recomposuring-for-relative-ontological-completeness 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' (from the

perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') is the supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) that is a complete and unique 'ontologically-hegemonising-narrative ontological-performance-<including-virtue-as-ontology>' in its supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism or transcendental/intemporal/maximalising-recomposuring-for-relative-ontological-completeness disposition of reference-of-thought which 'bounces off and decenters' (by maximalising-recomposuring-for-relative-ontological-completeness) the-recursive/progressive/regressive-preconverging-or-dementing-distractive-looping-narratives-of-arrogation/impostoring/disjointedness-non-contending-meaningful-reference of temporal-dispositions (postlogism and conjugated-postlogisms) as the subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities), to their collapsing (psychoanalytic-unshackling/memetic-reordering/institutional-recomposure). Thematically (with regards to 'associated-themes-and-social-contexts'/thematic) psychopathy as postlogism interlocks with temporal-dispositions (instigating social psychopathy in 'socially-perceived-value as of social-stake-contention-or-confliction situations') as temporal-dispositions are already preset/'in-wait as of prior relative-ontological-incompleteness-of-reference-of-thought defective reference-of-thought–categorical-imperatives/axioms/registry-teleology for its induced conjugated-postlogism by inherent relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (notional~procrypticism, i.e. the corresponding uninstitutionalised-threshold), such that the postlogism dynamism in its social protraction reflects a threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism as of temporality/non-transcendence/incrementalism-in-relative-ontological-incompleteness in corresponding conjugated-postlogisms of temporal-dispositions with the protracting effect of 'significant others basis of logic', as subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities). Such that grasping and superseding of psychopathy and social psychopathy ontologically requires 'avoiding to construe the generality/averaging of the social-construct as being of the sound/appropriate ontological cadre/framework' but rather ontologically adopting deferential-formalisation-transference (as all formal constructions whether the law, subject-matters, formal institutions, etc. have always been conceived) to 'abstractly reference prospective institutionalising as a secondnaturing that is of universal implications/aetiologisation/ontological-escalation for all times and all humans' by factoring-in the requisite supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of transcendental-projection/intemporal-preserving/maximalising-recomposuring-for-relative-ontological-completeness construct that transcends/supersedes subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities), as supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality). Such a technique for articulating supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) in aetiologisation/ontological-escalation with respect to 'associated-themes-and-social-contexts'/thematic as deferential-formalisation-transference involves 'construing supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality) over subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities)' wherein the differentiated-conjugated-postlogisms are construed as interlocking with postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> (as the conjugated-postlogisms conjoin to and elevate postlogic-

2657

backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>) in the 'associated-themes-and-social-contexts'/thematic framework/cadre. The fact is this thematic construal is further compounded by the varying tone-as-temperament associated with psychopathy and social psychopathy wherein the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of postlogism/, conjugated-postlogism or temporal-dispositions means that it is 'ontologically wrong to be engaged solely on the basis of a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism tone as temperament'; as the 'consciously eluding/circumventing' psychopathy as postlogism mental-disposition adopts various 'hollow tones as temperaments' on the basis of its perceived position of weakness/disadvantage or strength/advantage, with implications on soundness of reference-of-thought, whether acting (threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism) by 'imploring, contesting, affirming, condescending, rebelling or self-victimising' depending on what it perceives as advancing its postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation-⟨perverted-outcome-sought-precedes-existentially-veridical-logical-dueness⟩ at one moment or the other, and this mental-disposition is naively (where ignorant-conjugated-postlogism) or consciously adopted by conjugated-postlogisms mental-dispositions particularly when exacerbatory or opportunistic. This 'contrastive intellectual-and-moral tone-as-temperament and thematic teleological constructs of subtransversality—apriorising/axiomatising/referencing (as-of-pseudointemporalities) in relation to supratransversality—apriorising/axiomatising/referencing (as-of-non-pseudointemporality)' is central in articulating a storied-construct/ontologically-valid-narration

aetiologisation/ontological-escalation that further elucidates the conceptualisations herein. The conceptual background for this tone-as-temperament and thematic teleological conceptualisation (for the storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation) lies in the notion that human construal of meaningfulness/memetism defines and structures its teleology/teleological-differentiation with respect to 'socially-perceived-value as of social-stake-contention-or-confliction' situations whether in 'temporal-to-intemporal-dispositions individuation terms' and as this in dynamic-cumulative-aftereffect defines individuals actions intradimensionally or transcendentally/transdimensionally/interdimensionally/maximalisingly. For instance, in the latter case a meaningfulness/memetism fundamentally based on spirits as causes-and-effects will fundamentally be predisposed to a defining teleology/teleological-differentiation of animism practices, and the corresponding ways of thoughts and live patterns; likewise a meaningfulness/memetism fundamentally based on a grand religion will fundamentally be structured on the basis of such religious practices, and the corresponding ways of thoughts and live pattern (depending on the degree of religious absolutism) as its defining teleology/teleological-differentiation, and likewise a meaningfulness/memetism that is mostly secular-inclined will be predisposed to the defining teleology/teleological-differentiation of down-to-earth interests including utilitarianism and practical knowledge/scientism, and the corresponding ways of thoughts and live patterns. Going by the defining temporal-to-intemporal-dispositions of individuals action intradimensionally (and as recurrently affirmed by the ontological-contiguity—of-the-human-institutionalisation-process across all the registry-worldviews/dimensions, giving rise to prospective institutionalisations and uninstitutionalised-thresholds), this establishes that there is a deterministic existential-tautologisation/existential-reference of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—

imbued-temporal-to-intemporal-dispositions–existentialism-form-factor mental-dispositions with respect to 'socially-perceived-value as of social-stake-contention-or-confliction' highlighting a teleology/teleological-differentiation at the individuation-level in a continuum from pseudointemporality (involving the 'faulty-mentation-procedure-deception-or-urge' of postlogism-slantedness and the derived-by-conjoining temporal-accommodation-of-this-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as conjugated-postlogisms/preconverging-or-dementing-integration, grounded on 'extrinsic-attribution involving inducing sociologically significant others basis of meaning and logic') as it induces the uninstitutionalised-thresholds—to—non-pseudointemporality (of intemporal mental-disposition inclined to account for pseudointemporality as intemporal-preservation/aetiologisation/ontological-escalation operating on a teleology/teleological-differentiation of 'intrinsic-attribution based on solely eliciting intersolipsistic understanding of intemporally/universally valid meaning and logic', inducing the institutionalisations; with the implication that futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism teleology/teleological-differentiation by its deprocrypticism or preempting—disjointedness-as-of-reference-of-thought existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context involving existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality 'preempting the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism of rational-empiricism/positivising-rules' is necessarily construed to stall the possibility of any uninstitutionalised-threshold).

This then validates the idea that teleology/teleological-differentiation is not a discrete construct but rather deterministic as of existential-reference/existential-tautologisation/ontology/ontological-veridicality of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context (as a naïve free-willist conceptualisation may construe teleology/teleological-differentiation as discrete, as a conceptualisation of teleology is rather valid by 'emanance/becoming/existential-intersolipsism reflexivity' with regards to reference-of-thought as to postconverging/dialectical-thinking–apriorising-psychologism mental-devising-representation from whence logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation arises whether the supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism is appropriate/good or inappropriate/poor-or-bad, over preconverging/dementing–apriorising-psychologism mental-devising-representation in a state of mentarchy/mental-anarchy logical-undueness as reflected by postlogism and conjugated-postlogisms) but from whence/which-point the teleology/teleological-differentiation attached to that as of mental-disposition orientation made, whether as of various temporal-dispositions as postlogism-slantedness/ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation, so-disambiguated as of reference-of-thought-devolving ontological-performance-<including-virtue-as-ontology>s or intemporal-disposition, is wholly deterministic-as-predictable/projectable enabling ontological-primemovers-totalitative-framework construal/conceptualisation). Existence/existential-reality is thus a teleological-contiguity/oneness-of-teleology 'with teleological-discretion being defined only by epistemic choice/differentiation', as epistemically-situated chosen/differentiated meaningfulness (as to

ontology/ontological-veridicality which is epistemically/notionally a contiguity construed-as ontological-contiguity/superseding–oneness-of-ontology), defines and structures teleology/teleological-differentiation in its derivation as 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' (from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought'). Beyond, the individuation-level and the intradimensional perspectives, at the transcendental/transdimensional/interdimensional/maximalising-recomposuring-for-relative-ontological-completeness perspective as across all institutional-cumulation/institutional-recomposure, this maximalising-recomposuring-for-relative-ontological-completeness decentering drive in a dynamic-cumulative-aftereffect (wherein prior relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity on meaningfulness 'as to social dynamism of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism', is decentered with the more ontologically-complete emerging at the centre as supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism as of transcendental-projection/intemporal-preserving/maximalising-recomposuring-for-relative-ontological-completeness 'imbricatedness/threadedness/recomposuring as of existential-

contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' as from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') is what 'decenters/drives-out' by 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' of an uninstitutionalised-threshold (like non-positivism/medievalism) to 'center' the corresponding and prospective institutionalisation (like positivism) reference-of-thought, and ultimately reflects/perspectivates/highlights/decenters the uninstitutionalised-threshold as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism, from the perspective of the succeeding institutionalisation/centered. Thus, decentering is what divulges all the uninstitutionalised-thresholds as recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism and prospectively procrypticism by maximalising-recomposuring-for-relative-ontological-completeness, while 'centering' divulges all the institutionalisations as base-institutionalisation, universalisation, positivism and prospectively deprocrypticism; and so with their ontological possibilities and limits as well as corresponding 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' or registry-worldview/dimension orienting/pivoting/decentering psyches (by psychoanalytic-unshackling/memetic-reordering/institutional-recomposure), reference-of-thought and teleologies/teleogical-differentiations. Insightfully from metaphysics-of-absence, we'll certainly grasp that a non-positivism/medievalism mindset/reference-of-thought 'is not qualified/sound' by virtue of its relative-ontological-incompleteness-induced,-'threshold-of–

Decentering thus fundamentally speaks of human shallow-limited-mentation-capacity to deeper-limited-mentation capacity recomposuring from ontological-normalcy/postconvergence point of reference maximalising-recomposuring-for-relative-ontological-completeness across all institutional-cumulation/institutional-recomposure. The notion of pivoting/decentering as fundamentally psychoanalytic actually extends to the construal of understanding itself with regards to the underlying rescheduling of the placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology, as the idea of pivoting/decentering extends to the notions of the 'self's own pivoting/decentering for understanding'. It is an aberration to construe 'transcendental text' which puts into question the reference-of-thought itself in non-transcendental terms 'as the transcendental reality (divulged by human limited-mentation-capacity-deepening-(<~~amplituding~~/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-

withdrawal,-eliciting-of-prospective-supererogation⟩ with corresponding recomposuring of ontological import) that is being implied given the ontological-normalcy/postconvergence nature of transcendental text doesn't concede to a human temporal complex of its established metaphysics-of-presence conventioning/traditional-ways of understanding as superseding but rather superseded, and having to cave in'. In other words the aporetic nature of a Derridean deconstruction text doesn't speak of the poor writing of Derrida, it speaks of the reader's 'complex of understanding' that fails to recognise its need to psychoanalytically-unshackle, construed in interdimensional transcendence terms as akin to a positivistic laden text articulated in a non-positivism/medievalism setup implying a necessary psychoanalytic-unshackling as requiring the pivoting/decentering of the reader for its understanding as it is more than an explanation in the terms of the old as non-positivism/medievalism meaningfulness-and-teleology but more critically an invitation into the new as of a positivising/rational-empirical mindset/reference-of-thought meaningfulness-and-teleology; having to do fundamentally with the human mind complex and reflex of failing/not-upholding-<as-of-apriorising/axiomatising/referencing> to acquiesce to prospective transcendence and so all across the various institutional-cumulation/institutional-recomposure in reflecting the ontological-contiguity—of-the-human-institutionalisation-process, even though it will readily acquiesce from a standpoint of retrospectively implied construal of transcendence. Such a pivoting/decentering of understanding itself is what is implied by 'projective-insights'/postdication/metaphysics-of-absence; further explaining the underlying notion of suprastructuralism as the ability to construe/conceptualise meaningfulness across different ontological-completeness-of-reference-of-thought perspective whether recurrent-utter-uninstitutionalisation, base-institutionalisation–ununiversalisation, universalisation–non-positivism/medievalism, our present positivism–procrypticism or futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-

infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism, with the necessary ontological-dementation/dialectical-dementation–stranding/attributive-dialectics involved in such a pivoting/decentering as psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. Suprastructuralism as such will also explain the underlying logic of Bruno Latour's famous criticism of the notion that scientists reported discovery of TB as being the cause of Pharaoh Ramses II death together with the organisation of an official ceremony in full honours in celebration of Ramses II corpse and the discovery, as being an entanglement of references-of-thought between the modern frame-of-reference/collective-consciousness-awareness-teleology and the Ancient Egypt pharaonic era frame-of-reference/collective-consciousness-awareness-teleology (a mix-up that must not occur for history itself to conceptually exist 'since history wouldn't deny its object of study its very own frame-of-reference, as being oblivious here to the notion of TB', for an exercise of understanding the past and projecting to the future); as if it were 'possible and desired' that the modern frame-of-reference equally carry modern weapons back in time in Ancient Egypt and fight pharaoh Ramses II wars (which is obviously ridiculous). Suprastructuralism as such highlights the 'mental complex of all present mindsets as metaphysics-of-presence', and going by 'projective-insights'/postdication/metaphysics-of-absence is equally what can enable our own prospective transcendence in grasping a more profound intrinsic-reality/ontological-veridicality as deprocrypticism which is deeper than our present positivism–procrypticism registry-worldview reference-of-thought. As implied in this paper, the implication of pivoting/decentering for understanding itself is that our metaphysics-of-presence traditional/conventioning reference-of-thought–categorical-imperatives/axioms/registry-teleology is put into question, and the notion of understanding itself is pivoted/decentered such as implied by the referentialism approach of this hermeneutic design (as opposed to a categorisation constituting elaboration basis for

understanding). As the referential harkens to the most profound concept (intemporal-preservation-entropy-or-contiguity–or–ontological-preservation also construed as ontological-normalcy/postconvergence) and ontologically-reconstitutes/deconstructs lesser and lesser profound concepts in relation to the most profound concept by a referencing understanding. The implication is that the entirety of the text is a unity in contiguity perceptible from the subtexts fusion with the unity. Hence the organisation of the text can only be cross-referencing (and not, wrongly, an organisation based on categorisation constituting elaboration) to retain its cross-referencing coherence of prospective meaningfulness. The recognition for the need to disambiguate human mental-dispositions as of temporal-to-intemporal is not an exception here as all our formalisations implicitly operate on this basis as deferential-formalisation-transference, tacitly confirming its veracity/ontological-pertinence. It should be noted that the representation of registry-worldview's/dimension's uninstitutionalised-thresholds as of 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' based on their respective relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' while most ontologically-veridical from an ontological-normalcy/postconvergence epistemic/notional~projective-perspective, such a suprastructural-meaningfulness/memetism is rather unordinary and suprastructural (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) to the given uninstitutionalised-threshold registry-worldview's/dimension's reference-of-thought; since in our positivism–procrypticism uninstitutionalisation (which is procrypticism), 'abject-ontologising/maximalising-recomposuring-for-relative-ontological-completeness 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-

reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' (from the perspective of the 'postconverging-or-dialectical-thinking-reference-of-thought in relative-ontological-completeness as depth-of-thought') will reflect/perspectivate/highlight procrypticism to be rather of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism thus pivoting/decentering/'psychoanalytically-unshackling/memetically-reordering/institutionally-recomposuring' into deprocrypticism suprastructuring/transcendental/intemporal-preserving reference-of-thought by way of the given 'abject-ontologising/maximalising-recomposuring-for-relative-ontological-completeness'. While the above proposition is most difficult to fathom given our metaphysics-of-presence illusion-of-the-present/present-consciousness/epistemic-totalising~self-referencing-syncretising/mirage, we'll relatively grasp this reality on a same token wherein: in recurrent-utter-uninstitutionalisation uninstitutionalisation, maximalising-recomposuring-for-relative-ontological-completeness as suprastructural or beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of 'recurrent-utter-uninstitutionalisation core meaningfulness of reference' is reflected/perspectivated/highlighted as rather of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (thus pivoting/decentering/'psychoanalytically-unshackling/memetically-reordering/institutionally-recomposuring' into base-institutionalisation suprastructuring/transcendental/intemporal-preserving reference-of-thought by way of the given maximalising-recomposuring-for-relative-ontological-completeness); in base-institutionalisation–ununiversalisation

uninstitutionalisation (which is ununiversalisation), maximalising-recomposuring-for-relative-ontological-completeness as suprastructural or beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of ununiversalisation core meaningfulness of reference' is reflected/perspectivated/highlighted as rather of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (thus pivoting/decentering/'psychoanalytically-unshackling/memetically-reordering/institutionally-recomposuring' into universalisation suprastructuring/transcendental/intemporal-preserving reference-of-thought by way of the given maximalising-recomposuring-for-relative-ontological-completeness); and, in universalisation–non-positivism/medievalism uninstitutionalisation (which is non-positivism/medievalism), maximalising-recomposuring-for-relative-ontological-completeness as suprastructural or beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of non-positivism/medievalism core meaningfulness of reference' is reflected/perspectivated/highlighted as rather of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (thus pivoting/decentering/'psychoanalytically-unshackling/memetically-reordering/institutionally-recomposuring' into positivism suprastructuring/transcendental/intemporal-preserving reference-of-thought by way of the given maximalising-recomposuring-for-relative-ontological-completeness). Thus suprastructuralism as such validates the reality of an underlying ontology-driven human 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' in rescheduling (psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) the placeholder-setup/mental-devising-representation/mentation, as of human-subpotency–

The suprastructural (beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>) <~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity at the individuation-level is that with respect to 'socially-perceived-value as of social-stake-contention-or-confliction' situations, there is an underlying meaningfulness-and-teleological differentiation of human mental-dispositions as of non-pseudointemporality as of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism and pseudointemporality as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism (including as derived/conjugated pseudointemporality as to threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism), and so in contrast to the social/normal reflex of naively-and-wrongly construing and falling back to the idea of meaningfulness-and-teleology (as of reference-of-thought) rather essentially of non-pseudointemporality as of supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism. For pseudointemporality as of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and by its derivations (consciously, expediently or unconsciously), the representations of meaningfulness-and-teleology are set/formulaic and the fundamental essential/intrinsic/inherent attributions behind the representations of meaningfulness-and-teleology are irrelevant, and a parasitising/co-opting association that is alien to the fundamental essential/intrinsic/inherent/intemporal attributions of meaningfulness-and-teleology is just as valid; basically due to the fact that our fundamental relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' at all prior registry-worldviews/dimensions, whether as recurrent-utteruninstitutionalisation/ununiversalisation/non-positivism-or-medievalism/procrypticism, is bound to lead to human integration of the corresponding postlogism/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>,–of-categorical-imperatives/axioms/registry-teleology-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation at the uninstitutionalised-threshold that speaks of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism'. Thus a non-pseudointemporality mental-disposition re-affirmatory (as maximalising) of the

essential/intrinsic/inherent/intemporal attributions behind the representations of meaningfulness-and-teleology will put in question the reflex idea (in instances of perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> and the corresponding ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity) to naively operate logic and its axioms as of a sound human universal mental-disposition for construing ontologically-veridical meaningfulness as virtuality-or-ontologically-flawed-construal/being-construal-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference, in order to account for such 'parasitism/parasitising/co-opting-meaningfulness' by parasitising/co-opting association with the essential/intrinsic/inherent attributions behind the representations of meaningfulness-and-teleology, and so as intemporal-preservation/aetiologisation/ontological-escalation enabling prospective reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation that override such 'parasitism of meaningfulness-and-teleology' as temporal arrogation/disjointedness/impostoring/extrication/misappropriation whether consciously/by-expediency/unconsciously. This is the intemporal-disposition individuation decentering mechanism with respect to ontology/ontologically-veridical-meaningfulness in a dynamic-cumulative-aftereffect at the registry-worldview/dimension or intradimensional level that brings about prospective institutionalisations by rescheduling the placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology with respect to construed prospective ontology/ontological-veridicality (as psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) explaining why we are able and do transcend; or else as in all prior registry-worldviews, the pseudointemporality logic will tend to become one of conscious or unconscious ontological-bad-faith/inauthenticity that

construes of the present (by its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation whether being usurped/disjointed/impostored/parasitized/co-opted) as of absolute reference-value regardless, failing/not-upholding-<as-of-apriorising/axiomatising/referencing> to register that the grandest value as ontologically-coherent (as a principle sustaining its perpetuation) is the transcendental/maximalising-recomposuring-for-relative-ontological-completeness as longness-of-register-of-meaningfulness/intemporality that accounts for the becoming from all the priors to the present to the prospective registry-worldviews/dimensions institutionalisations, thus not wrongly implying an equivalence between such a meaningful construct of universal import with temporal extricatory paradigm contentions (more like metaphorically an apple falling on Newton's head and his projection of this in grasping the universal implications of the laws of motion being wrongly equivocated in the terms of say an apple merchant and other interests in extricatory/temporal fear of the idea that understanding the laws of motions will be 'temporally' undermining in one way or the other). Critically, it isn't idle idealism but rather a realistic insight, as just as articulations of notions of positivism like evolution, universal human emancipation, rationalism, empiricism and science cannot be sustainably intelligible in a mindset/psyche that is non-positivism/medievalism and has not been pivoted (psychoanalytically-unshackled/mimeticly-reordered/institutionally-recomposured) to a positivistic mindset/psyche thus explaining why their proponents actively undermined the overall ordinary meaningful-frame of non-positivism/medievalism including such effort as the Encyclopédistes, likewise it is naïve to think that deprocrypticism (by its deprocrypticism or preempting—disjointedness-as-of-reference-of-thought imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-

potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality) is an inherent meaningfulness that is perfectly construable within just a positivism–procrypticism mental-disposition and the latter's many compromised assumptions as articulated in this paper, as deprocrypticism is priorly implying futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism psyche/mindset. This equally raises the fundamental issue with post-structuralism, does it fully make sense in a 'modern mindset' of reference or reference-of-thought or rather it is implying priorly a prospective 'postmodern mindset' of prospective reference or reference-of-thought as its existential-reference/existential-tautologisation wherein human 'deeper limited-mentation-capacity-⟨as of relative conflation⟩' pivots/decenters to reconstrue/reconceptualise meaningfulness-and-teleology, most critically marked by suprastructuralism/meaningfulness-as-beyond-temporal-consciousness-awareness-teleology as a knowledge construct grounded on the ontological-veridicality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor and the implications for the derivation of meaningfulness (a progression from just a positivism mindset/reference-of-thought of meaningfulness-and-teleology grounded pre-eminently on a human intemporal nature construct thus failing/not-upholding-<as-of-apriorising/axiomatising/referencing> to appropriately factor in the dynamism of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor mental-dispositions prospectively, with focus wholly on positivistic construal and logic grounded solely on an intemporal construct (overlooking the implication of 'parasitism of meaningfulness-and-

teleology' as temporal arrogation/disjointedness/impostoring/extrication/misappropriation whether consciously/by-expediency/unconsciously, coming from the extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩⟩ in inducing defect of reference-of-thought as perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>). Critically, ontological-normalcy/postconvergence points out that paradoxically the transcendental mindset/reference-of-thought associated with a 'knowledge construct of intrinsic-reality' should priorly be established ('centered' over the prior meaningful-frame which is 'decentered') for the knowledge construct to take hold by the continuing 'moulting' of its proponents and corresponding social construct, as intrinsic-reality doesn't adjust its inherent meaningfulness to us but rather humans need to achieve a given psychical development to have-access-to or be-able-to-register the knowledge construct of the more profound existential-reference/existential-tautologisation to intrinsic-reality/ontological-veridicality that that psychical development allows for, in meaningfulness-and-teleological terms. This is rather a difficult task as it implies 'ontological-dementation/dialectical-dementation–stranding/attributive-dialectics of reference-of-thought' behind the psychoanalytic-unshackling/memetic-reordering/institutional-recomposure, and no registry-worldview/dimension sees itself as dementable prospectively, as being decentered for a prospective centering, even where it acquiesces to the notion retrospectively up to its own institutionalisation; pointing that ontological-normalcy/postconvergence is the genuine perspective for construing the dynamism of knowledge-and-virtue or meaningfulness-and-teleology. The fundamental point of a knowledge construct (which is necessarily tautological as intrinsic-reality/ontology is already given) is rather an exercise of 'human <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-

as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ as subpotent-mimetic-echoness-derivation-within-the-full-potency of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness wherein we pivot/decenter (psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) for redefined meaningfulness-and-teleology. Thus for a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation in 'grasping the uninstitutionalised-threshold reflecting procrypticism involving postlogism and conjugated-postlogism', the knowledge construct will assume this same fundamental goal of 'human <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought-as-utter-placeholder-setup-ontological-rescheduling-⟨by-a-renewing-of-apriorising/axiomatising/referencing–psychologism-as-the-new-referencing-basis-of-prospective-meaningfulness-and-teleology⟩ as subpotent-mimetic-echoness-derivation-within-the-full-potency of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness. Pivoting/decentering as such for transcendence at the individuation-level speaks of intemporal-disposition maximalising-recomposuring-for-relative-ontological-completeness value and disposition re-ontologising terms even though for temporal-dispositions value and disposition conventioning terms this may sound unintelligible. Such a transcendental/intemporal pivoting/decentering necessarily construed from the prospective institutionalisation (whether base-institutionalisation, universalisation, positivism or deprocrypticsm, as ontological-normalcy/postconvergence

epistemic/notional~projective-perspective), of temporal-dispositions individuations in uninstitutionalised-thresholds (recurrent-utter-uninstitutionalisation, ununiversalisation, non-positivism/medievalism or procrypticism) as being of 'mental anarchy' (mentarchy) which 'speaks of a defining state of ontologically-defective meaningfulness-and-teleology, arising from lack of common (lack of an ordered construct of deferential-formalisation-transference) ontologically-veridical reference-of-thought, wherein both temporal-dispositions in various shades and the intemporal-disposition are socially-perceived as meaningfully-and-teleologically entitled-in-equivalence 'notwithstanding veridical veracity/ontological-pertinence conveyable by imbricatedness/threadednes/recomposuring of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' which 'breaking'/existential-decontextualised-transposition by temporal-dispositions (on the wrong basis of a prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mental-disposition reflex that will wrongly reassumed soundness/non–perversion-of-reference-of-thought over-and-ignoring the reality of a postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation induced unsound/perverted-reference-of-thought, as the breaking undermines existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality thus eliciting virtuality-or-ontologically-flawed-construal) is what induces uninstitutionalised-thresholds

mental-anarchy/mentarchy at the individuation-level of conceptualisation, and which in a dynamic-cumulative-aftereffect of 'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' accounts for the uninstitutionalised-thresholds of recurrent-utter-uninstitutionalisation/ununiversalisation/non-positivism/medievalism/procrypticism. Thus insightfully, the same notion as uninstitutionalised-threshold, threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and dialectically-out-of-phase and Mental-anarchy/Mentarchy (the latter which emphasises the state of ontological-veridicality implying an equivalence between-entitlement of both the temporal-dispositions and the intemporal-disposition, unlike an ordered-construct-of-deferential-formalisation-transference or an-institutionalised-construct that rightfully assumes the longness-of-register-of-meaningfulness/intemporal-meaningfulness of the intemporal-disposition individuation as 'the superseding secondnaturing construct'), respectively reflecting the transcendental/transdimensional/interdimensional, intradimensional and individuation-levels; providing the necessary dynamic-cumulative-aftereffect grasp for storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation for maximalising-recomposuring-for-relative-ontological-completeness from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism reference-of-thought, with no elaboration-as-mere-extrapolating/constituting/abstracting/deducing/inferring-of-elucidation-outside-existential-contextualising-contiguity allowed as this induces virtualities/being-construals-as-abstract-construal-as-of-flawed-and-shallow-and-non-veridical-existential-reference.

Mentarchy/Mental-anarchy (as inducing 'threshold-of–

nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism and dialectically-out-of-phase' and uninstitutionalised-threshold) can also be construed as a disposition for temporal-finitude on the basis of referencing 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' by the temporal-dispositions references-of-thought (whether consciously, expediently or unconsciously) in order to undermine the referencing of intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating as intemporal reference-of-thought (thus implying a mental-representation-devising/mentation/placeholder-setup of the 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as ontologically preconverging-or-dementing–apriorising-psychologism from the perspective of the transcendental-enabling/sublimating as ontologically thinking). Insightfully, for a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation, such a 'dynamic-cumulative-aftereffect of individuation/intradimensional/transcendental-or-transdimensional-or-interdimensional levels of conceptualisation' ontologically validates 'a deterministically teleological-differentiated storied-construct/ontologically-valid-narration' of projectable/predictable-relative-existential-implications of the various 'incrementalism-in-relative-ontological-incompleteness temporal-dispositions incremental/shortness-disposition-relative-finitudes' and 'maximalising-recomposuring-for-relative-ontological-completeness intemporal-disposition superseding/longness-disposition-to-finitude'; finitude being the full-depth-of-existential-implications/existentialism arising when acting (as-being/as-existing) with regards to one's prior relative-ontological-incompleteness/ontological-completeness of reference-of-thought. As a side note, such a notion of mentarchy in its dynamic-cumulative-aftereffect should be able to highlight the peculiarity of reference-of-thought associated with human languages from ancient ones to modern ones (as of the registry-worldview/dimension-

levels of the corresponding societies), facilitating the deciphering and understanding of ancient languages, as well as the reconceptualisation of meaningfulness-and-teleology across history, which conceptual exercise tends to be rather biased towards a modern perspective metaphysics-of-presence. Finally, a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation will need to take cognisance of the very peculiar nature of the social world (in contrast to the natural world) that makes the social 'susceptible to incorrect understanding and analysis' particularly at a practical and operant level by the fact that it is highly emotionally-involved/politically-driven especially so with disturbing issues, and this is further compounded by the 'blurriness and distance of ontological-primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating', and finally from a transcendental/maximalising-recomposuring-for-relative-ontological-completeness perspective human mental-disposition with regards to the social can be poorly ontological with unconscious, expedient or conscious emphasis on significant others basis of logic as well as <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ mental-dispositions (social-aggregation-enablers) undermining the solipsistic relationship with intrinsic-reality required for veracity/ontological-pertinence (transcendental-enabling/sublimating). In this regard, it will actually be naïve to assume that an articulation of veracity/ontological-pertinence as with the natural sciences is all that is necessary in achieving effectiveness. With the weaknesses highlighted above with regards to grasping the social, it is important that such veracity/ontological-pertinence is effectively emphasised within the 'realistic social contexts of mental-dispositions and actions' driven by social-aggregation-enabling, wherein for instance the transcendental-enabling/sublimating that is intrinsic-reality/ontology grounded

on intrinsic-attribution can easily take a backseat over social-aggregation-enabler grounded on extrinsic-attribution driven by such 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as perverted use of notions of differentness, infamy, status, significant-others basis of logic, repute, social authorities and influencers naively involved in fallacies of authority, disparagement, contrivance, duplicity, imposturing, ontological-bad-faith/inauthenticity, implying an equivalence between universal/intemporal sense of purpose with extricatory/temporal/mundane sense of purposes, underhandedness, inductive-limitation (so-called principle that is not articulated as a universal construct but targeted, avowing its reality as fake), etc., and so, including intellectual milieus as well. The implications for a truly ontologically effective social science can be construed as follows; say for instance an accused miscreant was to articulate a credibly demonstrable notion in physics or chemistry, the 'promptness of ontological-primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' will easily allow for such veracity/ontological-pertinence to establish itself without undermining of the transcendental-enabling/sublimating that is intrinsic-reality/ontology by any social-aggregation-enabler (perverted use of notions of differentness, infamy, status, significant-others basis of logic, repute, social authorities and influencers naively involved in fallacies of authority, disparagement, contrivance, duplicity, imposturing, ontological-bad-faith/inauthenticity, implying an equivalence between universal/intemporal sense of purpose with extricatory/temporal/mundane sense of purposes, underhandedness, inductive-limitation or so-called principle that is not articulated as a universal construct but targeted, avowing its reality as fake, etc.). The 'blurriness and distance of ontological-primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' makes this altogether a more difficult proposition in the social sciences particularly with

issues that are highly emotionally-involved/'interested'/politically-driven wherein even in intellectual circles arguments of differentness/subtle-infamy-implications/status/significant-others-basis-of-logic/repute are often easily advanced in undermining inherent veracity/ontological-pertinence. One such notorious argument with regards to poststructuralists involved the notion that French post-structuralism was developed by peripheral intellectuals of French society but then failing to equally say that a lot of the good science and social science in many Western countries have generally had the same personalities attributes. Of course, such a narrative will not be countenanceable in the promptness of effectiveness driven natural science of ontological-primemovers-totalitative-framework, for instance, holding that Einstein's theory-of-relativity is flawed with the non-substantive argument he was a peripheral intellectual to German or Swiss or American society. The bigger point here with respect to a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation, is that veracity/ontological-pertinence by mere articulation of sound ontological conceptualisations as transcendental-enabling/sublimating-of-intrinsic-social-reality in the social contextualisation especially where blurry is often not sufficient purely by itself but that it needs to be creatively construed in facing off 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' with the transcendental-enabling/sublimating-of-intrinsic-social-reality ontological-primemovers-totalitative-framework. This weakness actually takes a turn for the worst when it comes to the phenomenon of psychopathy and social psychopathy as this phenomenon is actually the quintessence of active extrinsic-attribution 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' as driven by postlogism—construed-as-of-perverted-outcome-sought-precedes-existentially-veridical-logical-dueness postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> and corresponding conjugated-postlogism conjoining-looping-

set-of-narratives of such postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'>, respectively in recursiveness (psychopathic), progressiveness (opportunistic and exacerbatory) and regressiveness (ignorance and affordability). So a storied-construct/ontologically-valid-narration aetiologisation/ontological-escalation will need to demonstrate veracity/ontological-pertinence of the conceptualisations highlighted in this paper not purely by themselves as transcendental-enabling/sublimating-of-intrinsic-social-reality but rather such conceptualisation in a supratransversality—apriorising/axiomatising/referencing should be over-and-face-off a subtransversality—apriorising/axiomatising/referencing of temporal undermining by 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' such as perverted use of notions of differentness, infamy, status, significant-others basis of logic, repute, social authorities and influencers naively involved in fallacies of authority, disparagement, contrivance, duplicity, imposturing, ontological-bad-faith/inauthenticity, implying an equivalence between universal/intemporal sense of purpose with extricatory/temporal/mundane sense of purposes, underhandedness, inductive-limitation (so-called principle that is not articulated as a universal construct but targeted, avowing its reality as fake), etc., and this is the realistic developing social contextualisation within which psychopathy and social psychopathy manifests itself. Further the social-aggregation-enabler mechanism is what brings about social-chainism/social-discomfiture/negative-social-aggregation as well as the temporal-endemisation/temporal-enculturation of psychopathy and social psychopathy by eliciting of differentness, infamy, status, significant-others basis of logic, repute, social authorities and influencers naively involved in fallacies of authority, disparagement, contrivance, duplicity, imposturing, ontological-bad-faith/inauthenticity, implying an equivalence between universal/intemporal sense of purpose with extricatory/temporal/mundane sense of purposes, underhandedness, inductive-limitation, etc.,

to induce subontologisation or existential-decontextualised-transposition. Ontologically, thus the construal/conceptualisation of the Social paradigm is necessarily a construct that harkens to the intemporal-projection enabling the thoughtfulness as the imbued intemporal-preservation consciousness-awareness-teleology with the corresponding meaningfulness-and-teleology as ontological-contiguity—of-the-human-institutionalisation-process/institutional-design inducing the maximalising-recomposuring-for-relative-ontological-completeness enabling the development and endemisation/enculturation from recurrent-utter-uninstitutionalisation (non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition) of base-institutionalisation (rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism) social-setup, universalisation (universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism) social-setup, positivism (positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism) social-setup and prospectively deprocrypticism (preempting—disjointedness-as-of-reference-of-thought,-as-to-<~~amplituding~~/formative>epistemic-growth/transvaluative-rationalising/transepistemicity/anamnestic-residuality/spirit-drivenness-in-superseding-mere-formulaic-positivising/rational-empiricism-based-universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism) social-setup. The implication being that the Social is much more than aggregativity (social-aggregation) wherein a mental-disposition of 'overt aggregative social disposition' that conceives that a social-setup reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation are simply 'perceptively-and-formulaically deterministic' for 'its purpose of temporal extricatory paradigm relating with the reference-of-thought–categorical-imperatives/axioms/registry-

teleology (as perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>)' that undermines the imbued intemporal-preservation-entropy-or-contiguity–or–ontological-preservation of the social-setup 'is not ontologically social' (as aggregativity construals and mental-dispositions about social relations of extricatory temporal-dispositions are perfectly construable as of varying covert to overt 'reference-of-thought—degraded-devolving-as-of-uninstitutionalised-threshold'). Likewise a mental-disposition of 'overt non-aggregative social disposition' conceiving the social-setup reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation 'as of inherent essence and to be upheld and maximalisingly recomposured' (as appropriateness-of-reference-of-thought-as-of-conflatedness) 'is ontologically social'. The Social as such is an abstract construct not about the 'equability in mutuality of the mortals that we are' but rather the opportunity for transcendental construal of our potential for intemporality. Paradoxically and across all registry-worldviews this has always imply sociologically that uninstitutionalised-thresholds are in a transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing of these two divergent mental-dispositions with respect to meaningfulness-and-teleology whether conceptualisation of the transcendental as defining prospective social ontology in a sense of intellectual solipsistic fulfilment driven by relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating or conceptualisation in aggregativity/social-aggregation as of <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ driven by social-aggregation-enabling, explaining the underlying confliction implied by any prospective institutionalisation as transcendental. This insight can be grasped from

ontological-normalcy/postconvergence epistemic/notional~projective-perspective, when we garner that the 'equability in mutuality of temporally-disposed minds as shortness-of-register-of-meaningfulness-and-teleology' in a non-positivism/medievalism social-setup doesn't supersede the ontological-veridicality of a social ontology insight providing anchoring for prospective positivistic institutionalisation construed reference-of-thought. Plausibly most likely the 'developing consciousness-awareness-teleology mindset' of such a 'social ontology insight about prospective positivism' (as maximalising-recomposuring-for-relative-ontological-completeness for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) may lead to its very own circumspection with the registry-worldview's/dimension's meaningfulness-and-teleology and possibly non-aggregativity. Consider the instance of such characters as Galileo and Newton, at the crossroad of 'what is to be considered as valued meaningfulness-and-teleology' with respect to the prospective as the posivistic registry-worldview/dimension and the prior as the non-positivism/medievalism world, as consciously-or-unconsciously they register that the prior needs to be 'decentered' and the prospective 'centered', even though by reflex the prior will construe of itself as undecenterable center of meaningfulness-and-teleology. This may go a long way in explaining such biographic accounts about Isaac Newton as unsocial wherein a naïve conceptualisation of impression-driven/good-naturedness/wishfulness construal as virtue (in lieu of the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework in its <~~amplituding~~/formative>epistemic-totalising~ratio-contiguity/ratiocination-as-referentialism-phenomenal-abstractiveness-of-presencing-in-'protensive-consciousness'-enabling-apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument-for-operant-or-incidenting-predicative-insights-of-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context of intemporality) will not factor in the inherent

deficiency in value judgment of a non-positivism/medievalism inclined ordinary mindset/reference-of-thought from which such accounts are coming from (given such a society's state of paradox of transcendence of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism') about a figure involved in 'Intemporal-prioritisation-of-reference-of-thought'–as-conflatedness-or-ontological-reprojecting as partaking in the 'inventing/creating' of the structural/paradigmatic possibility (and the corresponding psychologism) for prospective positivism institutionalised-being-and-craft, more like biting a hand that intemporal-solipsistically as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality provides the opportunity for prospective structural/paradigmatic human flourishing, with the underlying fact being that inherently such a personality type rather as of a solipsistic-intemporality individuation disposition, by its contemplative reappraisal, is exactly what can provide the opportunity for such transcendental possibilities (when we come to grasp that the true profoundness of knowledge is more than just 'mechanical as something construed soullessly' without a more complete appreciation of knowledge as 'organic as something construed with a profound sense of intemporal philosophy' with the idea that the type of knowledge construed as of first order transcendental-enabling/sublimating is not based on an ordinary notion of 'intelligence as we'll normally think of as simply technical' but rather on such a sense of intemporal philosophical projection and more than just a 'product' for a materiality purpose but a driven sense of human emancipation). In fact, this equally points to a major flaw of the inherently implied value judgement in a lot of what passes for social sciences today explaining the vagueness, platitude and emptiness of little or no relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating implication as an epistemic-totalising~self-

referencing-syncretising/circularity/interiorising/akrasiatic-drag circular exercise, wherein the unabated recourse to naïve feel good averaging of thought mental-dispositions are equated with ontological-veridicality uncritically, rather than construing that the animal that we are is in want of knowledge as a construct that enable it to supersede/transcend itself rather than a vain exercise of nombrilism, in which case one may argue that each registry-worldview/dimension ~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ ideas should be the basis for construing its social science! In fact, technically Newton might be the most inclined person for social engagement but then will he as of intemporal projection be inclined to 'go along as social' where he construed beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> 'the medieval social' as in want of its further development (this highlights a contrast between a stigmatic/mented psychology of the present, as of any 'present registry-worldview/dimension', with value references related to as absolute without or poorly factoring in that the animal that is the human is rather a becoming animal in constant psychological development of its limited-mentation-capacity with respect to social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as of ontological-completeness-of-reference-of-thought; as determining its value reference and defining its underlying placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology, and hardly addressing such a more fundamental question as implied by 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics'). In

this respect, this makes many such so-called 'social science approaches' 'poorly grounded on a social relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' more or less sciences of methodological mimicry, as we know that much of the 'true sciences' (including the natural sciences and many a true social science are not grounded on an epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag construal but identify objective reality by its naturally constraining ontological-primemovers-totalitative-framework, as differing from sovereign constructs, as the determinant of pertinence (and such profound transcendental-enabling/sublimating basis of knowledge are then bound to further redevelop sovereign constructs and conventions, with the sovereign constructs and conventions not becoming intrinsic-reality/ontological-veridicality in of themselves but rather as of social, institutional, cultural, moral or historical reality of the human condition); though much more easier for the natural sciences as hardly any or nobody feels impinged today with scientific discoveries and inventions given that their transcendental-enabling/sublimating as of a positivism outlook psychologism of the world had taken place both in philosophical and practical scientific terms with the Descartes, Hobbes's, Kants, Copernicuses, Galileos, Newtons, of the past. Whereas a lot of present day social science is relatively pulled back in many an unsuspecting manner, by elicited emotional involvement and underlying constraints of their institutional setups. Such can equally be implied with regards to procrypticism from futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism insight, wherein positivism–procrypticism is decentered and deprocrypticism is centered, and so in comprehensive psychologism terms; with the idea that the possibly unsavoriness is not of this author's or anyone's chosen but rather that the test for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-

infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism transcendence set by intrinsic-reality/ontological-veridicality requires us coming to terms with it, no lesser than the test set by positivistic transcendence in the non-positivism/medievalism epoch intrinsic-reality required them to come to terms with this, however unpalatable to many then, and this underlying vitality across all epochs as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context, induced by prospective relative-ontological-completeness-of-reference-of-thought is what counts as true knowledge beyond the blurriness-in-reflecting-and/or-coming-to-terms-with-implied-transcendence that often tends to arise with all institutionalisations institutionalised-being-and-craft erudition! More fundamentally, as previously highlighted with the mediocrity principle of science as it applies to humankind as well (as the notion of metaphysics-of-absence is pushed to its full implications over metaphysics-of-presence as our present-consciousness/illusion-of-the-present/epistemic-totalising~self-referencing-syncretising/mirage), the reality of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor may actually more objectively (and so beyond-our-consciousness-awareness-teleology) point to the idea that institutionalisation (the ontological-contiguity—of-the-human-institutionalisation-process) as intemporalisation is actually 'a maximalising-recomposuring-for-relative-ontological-completeness recomposured abstract-construction/institutionalisation-designing' which 'in its operant effectuation (due to limited-mentation-capacity as of 'presencing—absolutising-identitive-constitutedness') defines its very own prospective interspersing with uninstitutionalised-threshold' articulated as 'socially-functional-and-accordant temporalisation of meaningfulness-and-teleology as from idiosyncratic individuations frame-

of-reference at childhood to full-blown threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism individuations frame-of-reference at adulthood'; that is, the ontological-contiguity—of-the-human-institutionalisation-process or institutionalisation design construed rather as about reducing-human-temporalisation-(shortness-of-register-of-meaningfulness-and-teleology) as uninstitutionalised-threshold, with such a notion of uninstitutionalised-threshold being the central notion of conceptualisation/construal for a thorough the-Good/understanding/knowledge-reification/ontological-primemovers-totalitative-framework construct (however counterintuitive from our natural thinking reflex metaphysics-of-presence 'based on reasoning in terms–as-of-axiomatic-construct of cumulating institutionalisations'). Such a construal/conceptualisation of 'institutionalisation as of uninstitutionalised-threshold' will explain why with regards to 'all the successive institutionalisations formal constructs' as of their respective 'comprehensive abstract setups of deferential-formalisation-transference institutionalised meaningfulness-and-teleology', there is a tendency associated with their corresponding extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ wherein there is 'parallel construed extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ meaningfulness-and-teleology-as-of-a-relatively-poor-institutionalising-inclination' of a subpar and occasionally of a superseding practical applicative bearing/effectiveness over the supposedly formal construct. By and large, this will often arise within the scope of blurry institutional setups not construed for operant effectiveness. Strangely enough we do actually tend to elicit such extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ construal as more determinant when the principles of formal

constructs are rearticulated operantly in extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ meaningfulness-and-teleology-as-of-a-relatively-poor-institutionalising-inclination terms; and often contributing to institutional inefficiencies and failures of all sorts whether with respect to mismanagement, misappropriation, incompetence, etc. from a modern perspective of analysis. Further, the fact is such extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ effect can be more than just about the operant effect but equally protracted as 'designed-formalisation-ineffectiveness' in ensuring the ascendency of extended-informality-⟨susceptible-to-effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology⟩ meaningfulness-and-teleology-as-of-a-relatively-poor-institutionalising-inclination over formal constructs. By and large, this can be construed as the residual temporalisation effect arising from the fundamental reality of a human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor with respect to all the successive institutionalisations; with the notion of deprocrypticism requiring referencing/registering/decisioning the reality of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor without any complexes and psychically pivoting/decentering (as psychoanalytic-unshackling/memetic-reordering/institutional-recomposure) over its deprocrypticism or preempting—disjointedness-as-of-reference-of-thought (just as the 'positivistic mindset' arose from referencing/registering/decisioning the reality of defective essences, alchemic, spirits, etc. Universalising-rules and psychically pivoting/decentering for rational-empiricism/positivising-rules, just as the 'universalising mindset' arose from

referencing/registering/decisioning the reality of vague, sporadic, incidental, and animistic rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ and psychically pivoting/decentering for universalisation-directed-rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'second-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩, and just as the 'base-institutionalised mindset' arose from referencing/registering/decisioning the reality of non-rules—apriorising/axiomatising/referencing–psychologism,-as-impulsive-or-accidented-or-random-mental-disposition-⟨as 'base constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ and psychically pivoting/decentering for rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩; and so, as of psychical and institutionalisation implications). Across all institutional-cumulation/institutional-recomposure in reflecting the ontological-contiguity—of-the-human-institutionalisation-process defining why any given institutionalisation is stuck at its level of relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' is its flawed notion of sanctified-conventioning-social-aggregation-enablers defining the conventioning threshold of the given institutionalisation wherein the inherent prospective intrinsic-reality/veracity/ontological-pertinence transcendental-enabling/sublimating is (unconsciously, expediently or

consciously) superseded/overridden by the given institutionalisation's sanctified-conventioning-social-aggregation-enablers, thus endemising/enculturating the said institutionalisation specific perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (postlogism-and-conjugated-postlogism), whether as 'Procrypticism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (psychopathy and social psychopathy)', 'Non-positivism/medievalism perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>',

'Ununiversalisation perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>' or 'Recurrent-utter-uninstitutionalisation perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>', whereby the specific uninstitutionalised-threshold has its specific point of sanctified-conventioning-social-aggregation-enablers where transcendental-enabling/sublimating is impeded; with recurrent-utter-uninstitutionalisation sanctified-conventioning-social-aggregation-enablers reference-of-thought failing/not-upholding-<as-of-apriorising/axiomatising/referencing> the rulemaking-over-non-rules—apriorising/axiomatising/referencing–psychologism,-⟨as 'first-level presencing—absolutising-identitive-constitutedness of reference-of-thought' apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument⟩ required for the transcendental-enabling/sublimating of base-institutionalisation, with ununiversalisation sanctified-conventioning-social-aggregation-enablers reference-of-thought failing/not-upholding-<as-of-apriorising/axiomatising/referencing> 'universalisation-rules' required for the transcendental-enabling/sublimating of universalisation, with non-positivism/medievalism sanctified-conventioning-social-aggregation-enablers reference-of-thought failing/not-

upholding-<as-of-apriorising/axiomatising/referencing> 'rational-empiricism/positivising-rules' required for the transcendental-enabling/sublimating of positivism or prospectively, with procrypticism sanctified-conventioning-social-aggregation-enablers reference-of-thought failing/not-upholding-<as-of-apriorising/axiomatising/referencing> 'deprocrypticism or preempting—disjointedness-as-of-reference-of-thought/existential-contextualising-contiguity involving existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' required for the transcendental-enabling/sublimating of deprocrypticism. Such sanctified-conventioning-social-aggregation-enablers involves a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> (postlogism-and-conjugated-postlogism) wherein the instigated postlogism (perverted-outcome-sought-precedes-existentially-veridical-logical-dueness) and protracted-conjugated-postlogism mental-dispositions contendingly perceive the sanctified-conventioning-social-aggregation-enablers as the point of 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis' when facing the 'intrinsic-reality/veracity/ontological-pertinence transcendental enabler'. Concretely, the fact is that psychopathic postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> and conjugated-postlogism as 'conjoining looping narratives of flawed-existential-elevation-of-reference-of-thought' of postlogic-backtracking-<iterative-looping-'set-of-dereifying-hollow-narratives-and-acts'> are 'denaturing devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis' towards the given institutionalisation'ssanctified-conventioning-social-aggregation-enablers in order to override, undermine and escape from the intrinsic-reality/veracity/ontological-pertinence transcendental-enabling/sublimating. As in the case previously highlighted where a

psychopath spoke to an interlocutor that it is a bad thing for a said individual to be molesting children, with its logic being sound from an abstract/virtuality appreciation but with the existential-reality of its 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology being utterly unfounded as a first-order faulty-mentation-procedure-deception-or-urge potentially enabling an infinite possibility of second-order level deception if re-engaged as of logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation. Where the interlocutor finds out that the other stranger isn't really a child molester. The psychopath simply articulates another postlogic/perverted-outcome-sought-precedes-existentially-veridical-logical-dueness/formulaic non-veridical hollow mimicking narrative (meaning-by-the-mere-illogical-possibility-of-it-being-formulaically-narrated) over the previous narrative, and so in 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis'. For instance, by saying (in a different social spatial location where the interlocutor cannot verify the underlying contextual reality) it is critical that the stranger should not be taking young children in his house as it suspiciously points to a molester (which is certainly a sound statement but rather being parasitised for a perverse purpose of 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis' towards sanctified-conventioning-social-aggregation-enablers, as the statement, not to take young children into his house, is sanctifying/as-not-requiring-any-further-contemplation to many a supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism mind). Even if this latter narrative is proven to be false (as it is another perversion-of-reference-of-thought-<as-

effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> or mental-perversion demonstrable as above with it faulty-mentation-procedure-deception-or-urge not being the logic itself, but in wrongly implying as existentially real the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' of implied—logical-dueness-or-scape/profile-or-stature/presumptuousness-or-arrogation/assumptions/value-reference/teleology such that the mere fact of engaging logically with it validates these fundamental falsehood as a first-order faulty-mentation-procedure-deception-or-urge paving the way for an infinite possibility of second-order faulty-mentation-procedure-deception-or-urge operating logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation on such false axioms. Thus, with respect to postlogism generally what is critical for the psychopath/postlogic-mindset is to be seen as being of prelogic supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism even if it is a perception of 'poor or bad supplanting–conviction-as-to-profound-supererogation—postconverging/dialectical-thinking–apriorising-psychologism' (and not to be seen as being of postlogic compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation) since that will validate the 'apriorising–reference-of-thought-elements/apriorising–registry-elements (out of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context)' on the basis that it was the logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation that was wrong hence the possibility and credibility not to question and imply the denaturing of reference-of-thought as perverted reference-of-thought–

categorical-imperatives/axioms/registry-teleology and thus to wrongly re-engage logical-processing-or-logical-implicitation—supposedly-apriorising-in-conviction-as-to-profound-supererogation turning the issue into one of 'notion of agreement or disagreement' instead of construing a perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> 'preconverging-or-dementing–apriorising-psychologism manifestation' implying and requiring intellectual-and-moral-inequivalence/non-correspondence in transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing). This equally applies in the instance of derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> as conjugated-postlogism by temporal-dispositions of ignorance/affordability/opportunism/exacerbation/social-chainism-or-social-discomfiture-or-negative-social-aggregation/temporal-enculturation-or-temporal-endemisation. The psychopath simply needs to loop another non-veridical hollow mimicking narrative over the previous one in 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis' towards sanctified-conventioning-social-aggregation-enablers. Summarily, instances of such sanctified-conventioning-social-aggregation-enablers could be exemplified in dereifying context as: in the case of child psychopathy, - pour water on chair, - point stranger to sit on, - accuse brother, - when found out, postlogicly retreat with delirious statement accident happened, etc.; in the case of adult psychopathy (including the conjugated-postlogism acts involved in protraction of postlogism), - commit offence, - act as morally ascendant, - when the postlogic and conjugated-postlogism mental-dispositions are ontologically undermined, 'falsely contend' by extrinsic-attribution of 'social-aggregation-enablers over intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' <~~amplituding~~/formative>wooden-language-(imbued—averaging-of-thought-<as-to-

leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>） as 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis' towards the sanctified-conventioning-social-aggregation-enablers in order to undermine the intrinsic-attribution/ontological-veridicality transcendental-enabling/sublimating, - when further undermined claim in 'denaturing postlogic-backtracking devoided-of-conviction-as-to-profound-supererogation-or-prelogism-basis', things have moved on, on the basis of sanctified-conventioning-social-aggregation-enablers over and undermining intrinsic-reality/veracity/ontological-pertinence transcendental enabler as a civilisational/institutional-being-and-craft setup creating mental-disposition. The fundamental issue, going by the postlogism-and-conjugated-postlogism/perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> is then one that at the transcendental/transdimensional/interdimensional/maximalising-level defines the uninstitutionalised-threshold vices-and-impediments construct of the registry-worldview/dimension, more than just on-occasionally/incidentally. From an intemporal/ontological perspective that speaks of 'modern savage mentality', whether as postlogic or conjugated-postlogic, as procrypticism/disjointedness-as-of-reference-of-thought in need for prospective institutionalisation as deprocrypticism, not as an on-occasion/incidental issue but about ontologically appreciating the how and why in reflecting the ontological-contiguity—of-the-human-institutionalisation-process as it undermines uninstitutionalised-thresholds arising from perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> for the recurrent intemporal <~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought possibility of further prospective

civilisational living/institutionalised-being-and-craft setup, and so as an aetiologisation/ontological-escalation/'metaphorically-a-million-and-one-instances-and-locales' conceptualisation. The grandest job and the grandest living from an intemporal-projection/longness-of-register-of-meaningfulness/ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality point-of-departure-of-construal is one that construes and purports for human engaged-destruction/deconstruction/ontological-reconstituting–as-of-conflatedness of such uninstitutionalised-thresholds: by 'engaged-destruction/deconstruction/ontological-reconstituting–as-of-conflatedness of prospective recurrent-uninstitutionalisation vices-and-impediments' for prospective base-institutionalisation, 'engaged-destruction/deconstruction/ontological-reconstituting–as-of-conflatedness of prospective ununiversalisation vices-and-impediments' for prospective universalisation, 'engaged-destruction/deconstruction/ontological-reconstituting–as-of-conflatedness of prospective non-positivism/medievalism vices-and-impediments' for prospective positivism, and ultimately, 'engaged-destruction/deconstruction/ontological-reconstituting–as-of-conflatedness of prospective procrypticism vices-and-impediments for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism. That exercise has always been one of decentering of the defective center for the emergence of a new and more ontologically-complete-reference-of-thought center, and no registry-worldview/dimension can pretend to imply it is 'un-decenterable (implying its preconverging-or-dementing–apriorising-psychologism and out-of-phasing for the prospective thinking centering and in-phasing) by its ~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/illusion-of-the-present/present-consciousness/mirage speaking of its metaphysics-of-presence, as that is the full implication of 'intemporal ontological-faith-

notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality instigated ontological-contiguity—of-the-human-institutionalisation-process as of difference-conflatedness-as-totalitative-reification-in-singularisation-as-veridical-epistemic-determinism ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity' for our present as well, its psychoanalytic-unshackling/memetic-reordering/institutional-recomposure. As with all prospective institutionalisations, a human secondnaturing institutionalising construct is a requisite because, at best even the intemporal-disposition individuation individuals, purporting (by maximalising-recomposuring-for-relative-ontological-completeness) prospective emancipation come from and are of the stock of the prior reference-of-thought uninstitutionalised-threshold registry-worldview/dimension, and such prospective emancipation involves such individuals own 'moulting', as actually intemporality/longness is a 'potential construct of orientation' as implied by ontological-normalcy (prospective-transcendence-in-perpetually-upholding-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) and it is only a devised institutionalisation construct that achieves that potential-construct-of-orientation and not any implied inherent emanance intrinsicness (though the meaningfulness as articulated as such, and as the meaningfulness in this entire paper, is rather of an intemporal register validation and not of any temporal register validation, since an authentic psychoanalytic-unshackling/memetic-reordering/institutional-recomposure is what underlies transcendence as a 'deeper limited-mentation-capacity-⟨as of relative conflation⟩' existential-tautologisation/existential-reference pivot/decenter to reconstrue/reconceptualise meaningfulness-and-teleology; more like a jurisprudential maximalising-recomposuring-for-relative-ontological-completeness contention for rehabilitation is not of the same meaningful-framework as a temporal mental-disposition of

2703

illicitness for shifty expectation of rehabilitation which it should necessarily anticipate and preempt). By that token there is no base-institutionalised individuation in recurrent-utter-uninstitutionalisation, no universalised individuation in ununiversalisation, no positivistic individuation in non-positivism/medievalism, and prospectively no deprocrypticism individuation in procrypticism; as at best such emancipating intemporal individuation are 'moulting' and implying-of-the-same of their registry-worldview in prospective institutionalisation design/conceptualisation, as the effective institutionalisation is what is really and effectively attained.

The notion of threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as defining the registry-worldviews/dimensions uninstitutionalised-thresholds is rather a most real idea from an ontological-normalcy/postconvergence epistemic/notional~projective-perspective wherein we can very much fathom out that the successive relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' as the successively reducing-ontological-abnormalities of recurrent-utter-uninstitutionalisation uninstitutionalisation, ununiversalisation uninstitutionalisation, non-positivism/medievalism uninstitutionalisation and procrypticism uninstitutionalisation effectively speaks of their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism as the respective uninstitutionalised-threshold with respect to the superseding–oneness-of-ontology which as existential-reality isn't changed but rather the respective cumulating/recomposuring uninstitutionalised-thresholds are due to 'changes in human meaningfulness and the teleological implications thereof' confirming by extension that the reality of their threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—

preconverging/dementing–apriorising-psychologism is veridical or a most real idea with implications on psychical-orientations/mindsets as structured by the ontology-driven 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics'. However apparently logical this idea, it is an altogether different to mentally register the idea of such an threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism construct and perception about our own registry-worldview uninstitutionalised-threshold as procrypticism just as it would be by reflex difficult in all the successive registry-worldviews, often requiring a generation or more for transcendental implications to sink in. This threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism conceptualisation of 'the social as at its uninstitutionalised-threshold threshold' wherein the representation as 'being in threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' is more real (from an ontological-normalcy/postconvergence epistemic/notional~projective-perspective) than the actual placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology defect of conscious mindsets within the given uninstitutionalised-thresholds registry-worldview/dimension (as the threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism insight is suprastructural to it or beyond-its-consciousness-awareness-teleology); is an ontological validation of Derridean hauntology/hantologie conceptualisation of the social in cinematographic terms of meaningfulness (and will seem very much akin, from an ontological perspective, to the central notion of 'intemporal-preservation-entropy-or-contiguity–or–ontological-preservation as the superseding referential conceptualisation of

ontology and inherently imbued with ontological-reconstituting–as-of-conflatedness as a centering/decentering mechanism' as implied in this paper, though hauntology/hantologie is not quite articulated in such more precise ontological terms but imbricatedness/threadedness/recomposuring notion of existential-reality in there can be grasped), and equally highlights the fundamental 'paradox of post-structural deconstruction by its transcendental implications', in that the mental-disposition/psychical-orientation of the present registry-worldview/dimension as positivism–procrypticism is not developed enough (in terms–as-of-axiomatic-construct of its reference-of-thought–categorical-imperatives/axioms/registry-teleology,-for-intemporal-preservation-entropy-or-contiguity–or–ontological-preservation) to grasp its implications (in want of futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism or preempting—disjointedness-as-of-reference-of-thought imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality' reference-of-thought–categorical-imperatives/axioms/registry-teleology for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation), just as the core non-positivism/medievalism mindset/reference-of-thought wasn't developed enough to grasp the implications of created-and-accruing positivistic meaningfulness and redefined mindset/psyche inducted by the Descartes, Copernicuses, Galileos, Newtons, Kants, Rousseaux and it had to psychoanalytically-unshackle/memetically-reorder/institutionally-recomposure over generations 'for what were re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-(imbued-

postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation） outlying ideas to become the defining ideas of modernity'. Thus the apparent issues today raised with post-structuralism have as much to do with the psychical orientation (as underdeveloped) of its critiques as well as the requisite effort required to further develop, elucidate and focus it; and in this regard why there have been many serious and constructive criticisms of post-structuralism as required for any subject-matter, most of the 'popular criticisms' levied against post-structuralism fail to past the test of intellectual criticism and have mostly been populist and media-driven attacks, gaining traction by social trending than genuine intellectual validity. The most popular being an initiative on an unrecognised social science journal which by that mere token disqualifies the so-called criticism but has turned out to be the most populist ploy by all accounts for condemning post-structuralism. Furthermore and critically, the intellectual exercise as with all institutional processes operate fundamentally on a basis of mutual trust. However, the methodologies, theories, concepts what can be articulated as new knowledge is not necessarily assessed on the basis that any peer review mechanism is absolutely full-proof particularly as the new knowledge is often at the margin of what is understood, and thus much of peer reviewing is not really an approval of the knowledge but rather an admission into the body of institutionally or formally acknowledgeable perspectives for further elucidation. Even then many a study not approved with peer reviewed journals have later on down the years ended up becoming dominant theory. So there isn't any inherent sanctity in peer reviewing but for its practicality in formal knowledge organisation (and not even so with approval). Technically the majority of all new knowledge down the years will be found wanting in many ways, and the objective of the overall peer review process is to channel potentially admissible and debatable knowledge towards further elucidation in the overall scheme of establishing overall human knowledge as

of veracity/ontological-pertinence. Review of new knowledge doesn't end with a journal's peer review though that point tends to be a 'highly political point nowadays' as of the increasing bean-counting institutional reflex of funding implications and sometimes at the detriment of novel approaches to knowledge. The abstract notion of reviewing goes well beyond journals approval and extends with the continual critiquing of knowledge whether dominant or outlying. Ultimately, the more fundamental test in such a negotiated process is a strive for consistency and validatory clues with no guarantees of effectiveness but for the overall consistency, as of the very cutting edge of peer reviewed knowledge. Just for the sake of perspective here, it might equally be argued that peer-reviewing and by extension all epistemological and their corresponding methodological activities are not natural knowledge activities as of inherent pure-ontology in of itself but derived activities as of human norms, practices and policies for establishing thresholds that then enable articulated qualifications as of pure-ontology; in other words, any such epistemological and methodological activity is irrelevant if pure-ontology can be arrived at without it. Consider for instance that mathematicians hardly make use of experimental designs or that many secret research by corporations and government aren't peer reviewed, at least not publicly. Besides at a more fundamental level the question can be asked what are the metaphysics-of-absence implications of knowledge epistemology, methodologies and peering as to the weightier construal of the successive human ontological developments involving increasing prospective relative-ontological-completeness-of-reference-of-thought associated with the overall institutional-cumulation/institutional-recomposure in reflecting the ontological-contiguity— of-the-human-institutionalisation-process, beyond just an intra-positivism registry- worldview/dimension illusion-of-the-present/present-consciousness/epistemic-totalising~self- referencing-syncretising/mirage conceptualisation of knowledge epistemology, methodologies and peering naively articulated-and-implied-as 'universally applicable', à la

Kantian positivism registry-worldview/dimension ~~amplituding~~/formative>epistemic-totalising~intervalist-as-categorising-phenomenal-abstractiveness-of-presence however remarkable, to all registry-worldviews/dimensions particularly since such a conceptualisation doesn't factor in 'transcendental implications' as structurally/paradigmatically overthrowing/fazing-out/collapsing the uninstitutionalised-threshold of meaningfulness-and-teleology of the prior/old registry-worldview's/dimension's reference-of-thought as a decentering subsumption; along the same line as the medieval 'dogmatic scholastics' insisting that the now established positivism registry-worldview/dimension knowledge constructs, which were then transcendental, should conform to their 'institutionalised dogmatic scholasticism methods and processes of reviewing'. By extension the question can be asked whether beyond our '~~amplituding~~/formative>epistemic-totalising~self-referencing-syncretising/circularity/interiorising/akrasiatic-drag institutionalised positivism conceptualisation of meaningfulness-and-teleology' whether such is truly in a 'requisite contemplative-and-Being position as of the prospective transcendentally-enabling-level–of-authenticity/objectification/desubjectification-as-objectification/ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality/antinihilism' of 'evaluating a construct of prospective transcendence' as herein implied about futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism registry-worldview/dimension meaningfulness-and-teleology which paradoxically structurally/paradigmatically entails overthrowing/fazing-out/collapsing the positivism–procrypticism meaningfulness-and-teleology at its uninstitutionalised-threshold as a decentering subsumption; when we factor that such a contemplation-and-Being as from a positivism–procrypticism meaningfulness-and-teleology is being called upon to evaluate as to 'a meaningfulness-and-teleology world

beyond its ordinary contemplation' with the mental tools for such a prospective projection mostly of abstract projective contemplation for grasping the prospective organic-knowledge implied, and so beyond an ordinary evaluation within an implied same reference-of-thought. It should be noted here that the more pertinent quality for such implied transcendentalism as of its implied organic-knowledge beyond just a mechanical construct is ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality   explaining   the disparate nature of the development of human knowledge. This author as previously articulated points out that there is a more profound basis for how and why new/prospective knowledge whether outlying or main stream is socially integrated in driving 'intemporal ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality   instigated ontological-contiguity—of-the-human-institutionalisation-process   as   of   difference-conflatedness-as-totalitative-reification-in-singularisation-as-veridical-epistemic-determinism ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity'   across   all   the   institutional-cumulation/institutional-recomposure   as   the   very   human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor   implying   that   human   registry-worldview's/dimension's have institutionalised-thresholds and uninstitutionalised-thresholds broken only in the medium to long-run beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>   'by   a   power   relations   dynamics structurally   ingrained   in   the   social   universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩;   and   so   as   of   'intrinsic-reality/ontological-veridicality

2710

transcendental-enabling/sublimating ontological-primemovers-totalitative-framework', and thereafter the eliciting of positive-opportunism, deferential-formalisation-transference, ordered-construct, percolation-channelling as of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing of opposing axiomatic-constructs/references-of-thought that allows for the more ontologically-veridical to supersede as inducing untenability/internal-contradiction/internal-incoherence/institutional-constraining. This is the more profound suprastructural-construct of 'human validation-conceptualisation/epistemological relationship to knowledge' applicable across all registry-worldviews/dimensions as of 'a notional futural différance' construed as of a 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics', notwithstanding the more superficial constructions of 'human validation-conceptualisation/epistemological relationship to knowledge' within a same registry-worldview's/dimension's institutionalisation whether base-7institutionalisation/animistic–universalisation shamanism, universalisation–non-positivism/medieval dogmatic scholasticism or our positivism–procrypticism 'categorisation epistemes'; but also the conflatedness of futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism 'referentialism as epistemological' (as of notional~deprocrypticism which reflects ontological-construal along the full potency of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of ⟨amplituding/formative⟩epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness). Such a notional futural différance as a suprastructural construct appreciation of epistemological implications about social integration of knowledge certainly informs a commitment to re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-

thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩ ideas as being ultimately validatable in effect as of their intrinsic-reality/ontological-veridicality, if that is as of what they truly are, in the medium to long-run. Basically the transcendental as (re-originary–as-unenframed/unbeholdening/outlier-conceptualisation-⟨imbued-postconverging/dialectical-thinking-'projective-insights'/'epistemic-projection-in-conflatedness'-of-notional~deprocrypticism-prospective-sublimation⟩⟩) originary/event-of-prospective-ontology-origination to a knowledge and its knowledge system however remote the origination, in the very first place, speaks of the notion of ~~amplituding~~/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought associated with 'postconverging-or-dialectical-thinking–psychology or psychology-of-mentation-dynamics or natural psychology-of-dynamics' behind any retrospective or prospective registry-worldview's/dimension's reference-of-thought validation-conceptualisation/epistemological relationship to knowledge/ontological-construal. Ultimately, the very transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing between the prior registry-worldview/dimension as of its prior relative-ontological-incompleteness-of-reference-of-thought and the prospective registry-worldview/dimension as of its prospective relative-ontological-completeness-of-reference-of-thought is 'the very paradox of meaningfulness-and-teleology explaining their discordance, construed as the paradox of transcendence'. In other words, if the former had a grasp of its state 'as to its prior relative-ontological-incompleteness-of-reference-of-thought' with the transcendental structural/paradigmatic ~~amplituding~~/formative>epistemic-causality-as-to-projective-totalitative–implications,-for-explicating-ontological-contiguity arising thereof it would have paradoxically transcended, thus explaining the psychoanalytic-unshackling/memetic-reordering/institutional-recomposure nature of transcendence as of a cross-generational

exercise and why such implied transcendental meaningfulness-and-teleology might seem arbitrary when meaningfulness-and-teleology is rather interpreted in terms of the prior registry-worldview's/dimension's reference-of-thought not factoring its prior relative-ontological-incompleteness-of-reference-of-thought. But this is simply valid on the fact that a more profound axiomatic-construct on a given domain of reality as of prospective relative-ontological-completeness-of-reference-of-thought is of intemporal-or-ontological prioritisation as of its conflatedness relative to a less profound axiomatic-construct on that same given domain of reality as of prior relative-ontological-incompleteness-of-reference-of-thought as of its constitutedness, as the latter is rather in shortness-of-register-of-meaningfulness-and-teleology/distractiveness to the former as of reference-of-thought/structural/paradigmatic—ontological-performance-<including-virtue-as-ontology>.

Consider for instance Einstein's theory-of-relativity and Newton's laws of motion with respect to the same given physics domain-of-study reality, wherein the former's prospective relative-ontological-completeness-of-reference-of-thought over the latter implies the former's utter 'ontological-resetting' in the conceptualisation of that given physics domain-of-study reality as of transversality-of-affirmative-and-unaffirmative,-disambiguated-apriorising/axiomatising/referencing with the latter; as henceforth the logical-dueness of the latter doesn't even arise but rather as it maybe subsumed/implied/is-non-contradictory as of the former or for educational insights purposes! Of course, this comparison differs from a construal of postlogism and conjugated-postlogism associated perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> ; in that as of a human condition relations it is construed rather as beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> postlogism-and-conjugated-postlogism-as-of-compulsing—nonconviction/madeupness/bottomlining-as-to-

threshold-of-shallow-supererogation prior relative-ontological-incompleteness-of-reference-of-thought 'waylaying', as ~~amplituding~~/formative>wooden-language-(imbued—temporal–mere-form/virtualities/dereification/akrasiatic-drag/denatured/preconverging-or-dementing–narratives—of-the-reference-of-thought–categorical-imperatives/axioms/registry-teleology) hence preconverging-or-dementing–apriorising-psychologism, of prior prelogism-as-of-conviction-as-to-profound-supererogation prospective relative-ontological-completeness-of-reference-of-thought, thus requiring for intemporal-preservation-entropy-or-contiguity–or–ontological-preservation renewed 'conflatedness' as of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality that induces a prospective 'universally-transparent constraining mechanical-knowledge as new bare reference-of-thought–categorical-imperatives/axioms/registry-teleology as axiomatic-construct' and 'its social-universally-non-transparent-thus-non-constraining-element of ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality as the creating-and-essence-attributing drive for knowledge-and-virtue' bringing about prospective relative-ontological-completeness-of-reference-of-thought, construed as 'ontological-resetting' of placeholder-setup/mental-devising-representation/mentation/consciousness-awareness-teleology. By the mere fact of implied prospective relative-ontological-completeness-of-reference-of-thought over prior relative-ontological-incompleteness-of-reference-of-thought a prospective transcendence involves the prospective reference-of-thought rather 'registering-and-reflecting a beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> meaningfulness-and-teleology as of organic-knowledge Being correction' of the prior reference-of-thought, such that the prior reference-of-thought logical-dueness doesn't even arise as the prospective reference-of-thought is the relatively complete 'ontological-resetting'

in an 'organic effecting-wholeness-as-of-profoundness-and-completeness-to-meaningfulness-and-teleology' over the prior reference-of-thought 'effecting-parsimony-as-of-shoddiness-and-incompleteness-to-meaningfulness-and-teleology'; just as the introduction of chemistry science carries an organic effecting-wholeness-as-of-profoundness-and-completeness-to-meaningfulness-and-teleology over a non-positivism/medievalism alchemic material construal. This further explains 'the socially conflicted nature of all implied transcendental constructs' whether with prophesying metaphysico-theological constructs of early times reflected in non-universal and universal creeds up to our metaphysico-ontological worldviews implied transcendence, and so as of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor; but then humankind has always been called upon to show itself capable of superseding/surpassément for prospective possibilities to avail. A second weakness of many critiques is by naively misrepresenting post-structural meaningfulness, and going on to criticise this. For instance, such arguments about post-structuralism as a theory that has no worldview are not made by poststructuralists who in their transcendentally-enabling-level–of-authenticity/objectification/desubjectification-as-objectification/ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality/antinihilism have been rather questioning openly what the reality of the meaningfulness they construct implies, as a basis for further intellectual development. This explains the convoluted responses of say Derrida because that is the intrinsic-reality insight at hand, and the issue is rather how to further develop. This will be tantamount to criticising early quantum physics for contending that the fundamental particles are rather like waves and evasive without yet establishing an advanced basis of the science. Knowledge is not an exercise of one set of individuals arguing against another nor is it a

popularity contest but rather it is all about finding out what constitutes intrinsic-reality as it permits ontological-primemovers-totalitative-framework; intrinsic-reality being the superseding transcendental enabler, and not any humans no matter their statuses. A third weakness has been by relating to poststructuralists as if they have got to get all their ideas right on by the instant, as if the theoretical framework isn't in development like all theoretical frameworks (by the same token imagine all the unanswered questions that underlie quantum physics for over half a century that are still being elucidated, for instance, string theory which is so highly speculative but is still credibly a basis for research and analysis). The purpose of a theoretical framework is not to provide an immediate answer for everything but rather to provide a framework for constant critical development of ideas. Otherwise, it will be best to develop a correlational construct that may statistically be coherent with many arguments at any given point in time but is of little predicative or projective value because it hasn't got a profundity as a genuine theoretical construct which may actually be mostly incoherent with many arguments at its earlier stage but provides a wealthy framework for the continuous articulation of ideas and resolutions, and this is actually the point of a theory in the very first place. It is thus no accident that many other disciplines have found post-structuralism as a relatively ideal tool for invoking much needed insight. A fourth criticism has to do with the 'political nature' of human affairs obviously, and even the intellectual is not beyond this especially with ideas of 'socially-perceived disturbing implications' (as has been the case throughout human history) and further so in a social domain that is not immediately amenable to predicative-effectivity–sublimation-⟨as-to-underlying-ontological-commitment⟩ as with the natural domain even though the latter equally faces similar issues but to a lesser extent. When we come to reflect that the leading poststructuralist of his time had an entire school, rather than focusing on developing research criticisms of his work and other poststructuralists (which would have been the more impressive thing to do) instead taking a 'political stance'

for the denial of his recognition with an institution of higher learning. Thus it is obviously, naïve for anyone to think that intellectualism and ideas occur in an absolute neutral environment particularly when of socially-perceived disturbing implications. While it is generally recognised that knowledge is determined on its own merits as an interest-free principle, the fact is in the real world of 'socially-perceived-value as of social-stake-contention-or-confliction' situations, human mental-disposition is not that intemporal and principled, whether wittingly or unwittingly, and extra-intellectual meaningfulness becomes fair game. Fifthly, the argument of unintelligibility of post-structural meaning is outright ridiculous with respect to the exegetical aims of its authors, and no less so as expecting advanced chemistry, biology and physics writing to be popularly intelligible. Jargon is rather a mechanism of deferential-formalisation-transference permeating all subject-matters and disciplines, which speaks to the idea that the 'ordinariness of thought' is not the sound basis for construing issues raised in terms–as-of-axiomatic-construct of profoundness of contemplation. The ontological-contiguity—of-the-human-institutionalisation-process by its deferential-formalisation-transference is an exercise of shrinking the melee of common sense wherein spheres previously opened for common opinionionatedness are shoved away as 'deferred to' specialisms whether institutional or subject-matters by the mere effectiveness, with 'informed common and individual opinions' being the panache for the expression of sovereignty whether about the polity or individual choices, but not to be confused as a sign of inherent knowledge as of popularity. The idea that there is a common sense social science is a falsehood no more than there is no common sense natural science, and intellectuals are irresponsible when peddling the notion that readers shouldn't acquire the requisite 'intellectual elevation' to grasp the profundity of meaningfulness and rather expect that they should be able to satisfactorily engage at the same intellectual level (reference-of-thought) involving advanced studies and research on the basis of ordinariness of thought. This should

not be confused with a popularising exercise meant to stir popular interest like popular science, though in fact there is no truly popular science for that matter but serious/candid science. Such a confusion can hardly arise in the natural sciences because of the 'promptness of ontological-primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' in constraining veracity/ontological-pertinence of thought by the immediate effectiveness of studies, discoveries and inventions wherein a flaw thought proposition will be proven wrong by its ontological ineffectiveness with relatively little concern for third-party convincing over the transcendental-enabling/sublimating that is existence/intrinsic-reality/ontological-veridicality, whereas the 'blurriness and distance of ontological-primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating' in the social sciences allows for propositions to crop up that are hardly constrained by immediate effectiveness of studies, discoveries and inventions, such that such propositions will often border on popular thinking or the political (technically) or a concern priorly driven with garnering support and agreement, rather than of genuine intellectual strife for ontological-primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating. In this regard, the central tenet of poststructuralists with respect to their pursuit has been transcendentally-enabling-level–of-authenticity/objectification/desubjectification-as-objectification/ontological-faith-notion-or-ontological-fideism—imbued-underdetermination-of-apriorising/axiomatising/referencing–as-so-being-as-of-existential-reality/antinihilism with respect to their reflections, studies and research at all cost, even at the cost of many poststructuralists not recognising explicitly that they are poststructuralists or not recognising similarities in their works with other poststructuralists, so because fundamentally they can only vouch for their authentic reflections and analyses without a 'surreptitious pretence' for such amalgamation which will undermine their authenticity with regards to conceptualising

intrinsic-reality/ontological-veridicality, with the idea that the notion of a commonness of their ideas and as a movement will take care of itself if they are truly articulating an intrinsic-reality/ontological-veridicality that reflects that commonness; more like the Indian story of blind men who came across an elephant and each one sincerely/authentically said what their capacity enabled them to say, no more no less, with the idea that if what they say is of-the-reality of an elephant, that notion will take care of itself but their first posture is to say authentically what is in front of them. This speaks of the essential nature of all sciences wherein the researcher considers the most determinant element to be not itself or other humans (who are together mortals; mortal because they/humans don't really invent any rules of existence-or-intrinsic-reality-or-ontological-veridicality but rather at best discover them or utilise them as 'supposed inventions' – and the scientist is all about a validation by intrinsic-reality/ontological-veridicality-as-the-transcendental-enabling/sublimating in contrast to a mental-disposition of social-aggregation-enabler where the emphasis is naively about convincing the other mortal or mortals over a validation by intrinsic-reality/ontological-veridicality transcendental enabler thus leading to subontologisation in-a-social-dynamism-of-meaningfulness-misappropriation, rather than the supersedingness/precedingness of intrinsic-reality/ontological-veridicality transcendental enabler) but the superseding transcendental-enabling/sublimating which is intrinsic-reality/existential-reality/ontological-veridicality as reflected by effectiveness of ontological-primemovers-totalitative-framework and projection; with the latter wholly the focus of intellectual contention. The medical researcher involved in seeking a cure by reflex is concerned about what the transcendental-enabling/sublimating that is intrinsic-reality/ontological-veridicality/existence 'naturally and best construed/conceptualised' in the crafted jargon of biomedical sciences will make available as cure as the 'superior party' over whatever they themselves or for that matter any other humans no matter their statuses may 'sovereignly' want to think or imagine. This same

notion applies in the construct of knowledge in the social sciences, the pursuit of the social scientist as the study of social reality is 'not about convincing people or making sense to people' (that can be accessory) but rather about grasping/conceptualising the intrinsic-reality/ontological-veridicality of the social as the transcendental-enabling/sublimating whatever the jargon required for that purpose; the social education/enlightening exercise that arise thereafter just as a popular science exercise is an altogether different exercise of education and not first-level scientific engagement, and even then such education exercise will still call for a degree of intellectual elevation of the general public. It is critical that in the natural competition of intellectual ideas, intellectuals do not fall in the pattern of using debased or social feel good basis of non-intellectual logic in eliciting 'mass thinking' in order to advance their postures but rather fairly and squarely engage at the transcendental-enabling/sublimating of intrinsic-reality/ontological-veridicality level in proving or disproving those they agree or disagree with as of ontological-primemovers-totalitative-framework ontological implications of existence—as-the-absolute-a-priori-of-conceptualisation. Sixth, thus the idea of deferential-formalisation-transference behind formal predicates of institutions and subject-matter specialisms is all about construing meaningfulness in a depth-of-thought (intemporality) that is not available to ordinariness of thought, wherein there is a disambiguating of the supratransversality—apriorising/axiomatising/referencing as a construct of formalised reference-of-thought that is of intemporal-projection/longness-of-register-of-meaningfulness/totalisingly-entailing/maximalising/transcendental over the subtransversality—apriorising/axiomatising/referencing informal reference-of-thought as melee of common sense of temporality/non-totalisingly-entailing/non-maximalising/non-transcendental constructions. The idea is that such a disambiguating is a necessity going by human-subpotency–aporia/undecidability/dilemma/ought-

indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor requiring skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) towards the intemporal/longness-of-register-of-meaningfulness-and-teleology as the ontological construct that institutionalises (intemporalises). Hence such a skewing ('intemporality-asymmetric-subsumption-of-temporality', for relative intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating) in the ontological-contiguity—of-the-human-institutionalisation-process of shrinking the melee of common sense involves developing institutional and subject-matter specialisms as supratransversality—apriorising/axiomatising/referencing narratives (for instance, the developing sciences and institutional specialisms) that induce corresponding untenability/internal-contradiction/internal-incoherence/institutional-constraining by effectiveness on the subtransversality—apriorising/axiomatising/referencing as the melee of common sense inducing the latter's 'deference', for instance, such deference as such postures as the law says that…, physicists say that…, etc. and not a common sense posture of the sort I think that…, thus relegating the melee of common sense out of the construal and conceptualisation of institutional or domain specialisms which hitherto had been free-for-all opinionatedness. Such an exercise is not just retrospective but prospective as well in the expansion of human formalised constructs and including in this case the relatively profound insights of such social science as post-structuralism which sadly get undermined paradoxically by some critiques not by a same-level supratransversality—apriorising/axiomatising/referencing intellectual criticism but raising subtransversality—apriorising/axiomatising/referencing narrative to wrongly imply that post-structuralism should be as intelligible as common sense thinking, which is paradoxically never the case with say the jargon of law, natural sciences, etc. exactly for the reason highlighted above. The

fact is the melee of common sense as subtransversality—apriorising/axiomatising/referencing hasn't got the requisite intemporality/longness in terms–as-of-axiomatic-construct of universal projection of reference-of-thought and the logical-dueness/profile/presumption/assumptions/value-reference/teleology that arises from such a formal reference-of-thought (for instance, as the universal/intemporal proposition underlying this paper's purported construct for aetiologisation/ontological-escalation in grasping the phenomenon of postlogism in general and the general background human science conceptualisation; together with its exposure for falsifiability/validation from subsequent critical analyses). Such that there will tend to be 'confusion of reference-of-thought' where such subtransversality—apriorising/axiomatising/referencing melee of common sense was apparently to act assumingly/presumptuously rather than 'to defer', or otherwise the instance where individuals assume the requisite intellectual elevation (whether by corresponding education and reflection) for a first-level engagement with such specialisms. As our melee of common sense defers when it comes to the natural sciences, it defers when it comes to the legal science, it shouldn't expect otherwise but to defer when it comes to rigorous post-structural and other social science constructions however their approximations, and so as the best construction potential of human meaningfulness and teleological possibilities. On that same token the notion of validation of supratransversality—apriorising/axiomatising/referencing with respect to subtransversality—apriorising/axiomatising/referencing is not one of contending/argumentative validation at a same contending pedestal but rather as a validation of the supratransversality—apriorising/axiomatising/referencing reference-of-thought as intellectually-and-morally institutionalising and not implying its equivalence with subtransversality—apriorising/axiomatising/referencing melee of common sense reference-of-thought, wherein for instance a consistent demonstration of a chemistry science (as supratransversality—

2722

apriorising/axiomatising/referencing) effectiveness earns chemistry science the deferential-formalisation-transference of no longer being engaged at a same contending pedestal as the melee of common sense with respect to human social contention about material constitution in order to avoid the circular drawback of constantly making arguments in <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ terms–as-of-axiomatic-construct, such that social deference is now institutionalised as 'chemists say that/it is said in chemistry that' rather than a social melee of common sense equivalence of 'chemists think that but I also think that going by my common sense'. This argumentation is not idle as the social sciences as 'being closest to human conscious sense of sovereignty' tend to be most affected by such fallacies as highlighted that should be superseded by all knowledge whether natural or social-construct, and while such notion are often intuitively grasped with other formalisms whether institutional, legal or in the natural sciences subject-matter specialisms, for the social sciences there is a need to actively bring this notion to the consciousness-awareness-teleology in order to circumvent such nature of knowledge fallacies with regards to an emotionally charged domain that is the social. This equally explain why the studies of the social are easiest prone to ontological-bad-faith/inauthenticity, whether beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>, as even where contending intellectual postures are of relative elevated formal knowledge paradigm, it is quite easy for a muddling with <~~amplituding~~/formative>wooden-language-⟨imbued—averaging-of-thought-<as-to-leveling/ressentiment/closed-construct-of-meaningfulness-and-teleology-as-of-'nondescript/ignorable-void'-with-regards-to-prospective-apriorising-implications>⟩ mentality in order to advance one intellectual posture, and so as intellectual politics rather than genuine intellectualism. Seventh, as advanced by

this author the ontological-normalcy/postconvergence of intrinsic-reality as reflecting the ontological-contiguity—of-the-human-institutionalisation-process validates and restores the notion of essential meaningfulness (the notion of a center – be it conceptualised as an 'imbricatedness/threadedness/recomposuring as of existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context as to existence-potency-prospective-digression—rules-of-apriorising/axiomatising/referencing-that-further-epistemically-unconceal-the-very-ontologically-same-existential-reality') to post-structural thought as its scholars had rather previously mostly focussed on disambiguating/clarifying the certitude/lack-of-certitude of human meaningfulness and thought. Even then the practical application and conceptualisation of post-structural meaningfulness has always been one that has tended to restore a sense of re-equilibrium with respect to perceived vested interest and skewed power relations whether with regards to its articulation in feminist studies, postcolonial studies, power relations in social settings with regards to appropriate deliverance and more responsive public services, etc. as post-structuralism has often been a framework giving weaker and subjected meaningful frames public voice. Thus the so-called 'human-subject-emancipatory-relativism-driven-recomposuring-constructivism-towards-singularisation of post-structuralism' has been in real and practical world terms more a question of abstract reconstructive thinking since such practical applications have tended to be effective further highlighting the need rather for more decentering contemplations. Besides, post-structuralism practical emphasis has mostly been methodical rather than dogmatic. In the bigger scheme of things, this author further highlights that post-structuralism by implying 'decentering' is implying transcendence or an 'existential-reference/existential-tautologisation pivoting/decentering' such that 'the center' as the new basis of analysis/knowledge-construct has moved to the prospective/transcendental/superseding

reference-of-thought putting into question the now-and-present way of thinking as prior/transcended/superseded reference-of-thought. What has been misconstrued is exactly the idea of 'existential-conversion' that is actually central to all subject-matters wherein the abstract articulation of principles is of existential-tautologisation/existential-reference neutrally. For instance, physics principles can be used for either aggressive and warring applications or peaceful and life-enhancing applications, and to say that physics principles are wrong because these can be construed as applicable for non-peaceful purposes is to misunderstand the fundamental nature of theoretic knowledge as fundamentally construing the possibility of existential-reality. Hence human application of knowledge as 'human existential-conversion' implies human self-preservation disposition in redefining meaningfulness-and-teleology from existential-tautologisation/existential-reference as of human subpotent existential-teleology within the full potency of existence-as-of-its-mimetic-echoness/existence-in-reverberation/existence-potency-prospective-digression-of—

<amplituding/formative>epistemic-totalising~renewing-realisation/re-perception/re-thought,–in-epistemic-conflatedness. In other words, abstract post-structural construct as any other theoretical constructs have no commitments to upholding any value-disposition and teleology but rather construe the ontological possibility conflated as of existential reality. The idea of discretely eliciting value-disposition and teleology choices/options is a secondary exercise of human social application (with teleology fundamentally construed as 'phenomenal/manifest conceptivity/epistemic-reflexivity in existence as ontological (so-reflecting <amplituding/formative>disposedness-⟨as-to-orientation/value-construct/valuation–and–derived-parameterising⟩ and <amplituding/formative>entailment-⟨as-to-totalising-contiguous/coherent–factuality-of-variability⟩⟩' and so with regards to the specific human-subpotency as to overall reifying-and-empowering-reflexivity-of-ecstatic-existence-as-panintelligibility-<imbued-and-educed–human-subpotency–epistemic-perspective-of-

aestheticising-motif-and-apriorising/axiomatising/referencing-conceptualisation>), and specifically with regards to the practical application of post-structural thought as a re-equilibrium exercise derived from the 'theoretic reshuffling-of-the-cards/putting-into-question'. Thus post-structuralism being so construed as ontologically-driven (having a center as of ontological-normalcy/postconvergence graspable by 'the dynamics of metaphysics-of-absence or postdication insight with respect to metaphysics-of-presence' involving diminishing–human-epistemic-abnormalcy/diminishing–preconvergence/increasing-relative-ontological-completeness-of-reference-of-thought in construing-ontological-veridicality as determined-by-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context due to human limited-mentation-capacity-deepening-⟨<amplituding/formative>epistemic-totalisingly,-as-to-existence—as-sublimating-withdrawal,-eliciting-of-prospective-supererogation⟩ as 'shallow limited-mentation-capacity to deeper limited-mentation-capacity-⟨as of relative conflation⟩ development') effectively heralds post-ideology as ideas and notions are validated/invalidated by their demonstrated ontological-veracity/ontological-pertinence. In order words the supposed ontological-terms of notions and ideas are the basis for their analysis as ontologically-pertinent or impertinent, and so more than just perfunctory analyses constrained by the limiting framework of institutionalised-being-and-craft constructs and setups but at an existentialism/full-depth-of-existential-implications level highlighting the precedingness/supersedingness/ascendency of ontologically-driven analysis over 'habits', 'conventions' and rights-of-precedence/entitlement fallacies. Post-structuralism as such should posit to remedy and supersede the inherent 'conceptual hyperbole' imbued in the often 'poorly-ontological, non-ontological or metaphysical constructions permeating ideologies' and projected as worldviews, to 'restore existential veracity/ontological-pertinence as the central notion

behind worldview construction and representation', and so beyond just 'present-driven conceptualisations' of ideologies, but of an insight derived from a historical and anthropological depth with respect to human mentation, meaningfulness and institutional-development–as-to-social-function-development as implied by a suprastructuralism highlighting of metaphysics-of-absence or postdication. Such a grounding of post-structuralism provides the underlying ontological outlet of analysis with regards to issues and conundrums of veracity/ontological-pertinence faced by earlier poststructuralists like Sartre (not often recognised as a poststructuralist but whose work interpretively does fit the mould, just as the works of many 'seriously engaged' critiques of post-structuralism like Gadamer and Habermas have been highly beneficial to post-structuralism), Foucault and Derrida when it came to draw out veracity/ontological-pertinence from such hyperbolic traditional ideologies including Marxism as constructs highly laden with metaphysics/non-ontology, on the one hand, while addressing, on the other hand, the imbued liberal and neoliberal dogmas of their times wrongly upholding that its 'dogmatic practices and conventions' are beyond ontological-reconstituting–as-of-conflatedness/deconstruction, and pertinently so by highlighting their underlying ontological failures with recurrent just about decadal institutional crises and social malaises, speaking of the ontological-wobbliness of a liberal thought that has become highly contradictory as marked by its very own perpetual second-guessing. Eighthly, it is this author's 'suprastructural contention' that human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor and a social world is inherently hampered by a blurriness and distance of ontological-primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating'. Thus approaching a scientific study of the Social on the same operational basis as that of the natural world is necessarily deficient as the latter's immediacy of concurrent ontological-

primemovers-totalitative-framework/intrinsic-reality/ontological-veridicality transcendental-enabling/sublimating as well as the fundamental pivoting/decentering of understanding involving the psychoanalytic-unshackling/memetic-reordering/institutional-recomposure that took place starting over 500 years ago in establishing the positivising/rational-empirical mindset/reference-of-thought by the Galileos, Newtons, Leibnizes, Darwins, etc. of the world, such that an Einstein could perfectly articulate the idea of the-theory-of-relativity that would normally make no sense even to the majority of the scientific community at the time but for the 'very strength' of the established positivistic/rational-empiricism psyche (operating on the basis that what predicates on rational-empirical basis takes precedence) already established which ensured its transcendental enabling. The positivistic/rational-empirical psyche today, it is this author opinion, is not strong enough (of sufficient ontological-completeness-of-reference-of-thought in construing-ontological-veridicality as determined-by-existential-contextualising-contiguity's-reifying/elucidating-of-prospective-relative-ontological-completeness-of-reference-of-thought-devolving-as-of-instantiative-context for the further development today of the study of the Social as of its fleeting nature (on such terms of what predicates should take precedence). It must be said that the notion of transcendental enabler with regards to the Social today is rather relatively weak such that critically a lot of the basis for the social sciences today is influenced rather by practice, authority, and more or less intellectual-politics driven beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought>, rather than truly ontological-primemovers-totalitative-framework deterministic ontological 'projected constructs'. Consequently despite the projected candour, the study of the social is inevitably permeated with 'intellectual-ontological-bad-faith' (unconsciously or consciously), and by this is meant it will be naïve to think that all issues of intellectual disagreements with respect to the study of the social are necessarily in purely logical terms without factoring the

possibility of 'intellectual perfidy'. What the blatant constraining of the natural world can do to thinking by mere ontological-primemovers-totalitative-framework under the rational-empiricism paradigm is often weakly possible with the Social particularly where there is perceived interest to act otherwise. This is particularly the case with regards to the undermining of social criticism and especially post-structuralism with the intellectual standards of such criticisms strangely enough falling incredibly so low (and mostly finding credibility by 'pride of place' of intellectual engagement often beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> abused as objective bases of intellectual criticism get discarded easily for highly subjective ones); and this author equally holds that a 'fully emancipated social science' will only prevail with the requisite pivoting/decentering of understanding as deprocrypticism or preempting—disjointedness-as-of-reference-of-thought psychoanalytical-unshackling/memetic-reordering/institutional-recomposure, which should enable the attainment of a suprastructural/beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> level of social thought involving deprocrypticism as preempting—disjointedness-as-of-reference-of-thought. More like in many ways the level of thought in the natural sciences is wholly divorced from our consciousness-awareness-teleology and is fully transcendental-enabling/sublimating by confirmatory existence/intrinsic-reality/ontological-veridicality with little or no social-aggregation-enabling but say for human organisational issues and wrong preconceptions induced by social-aggregation-enabling. This arises because it is inevitable to have conscious or unconscious ontological-bad-faith/inauthenticity just going by human temporal-to-intemporal nature without an inherently strong transcendental-enabling/sublimating. While in the natural and mathematical sciences the subject-matter by itself is highly transcendental-enabling/sublimating this is not the case with the subject-matter of the social due to its high temporal-to-intemporal-conjugating-emotional-

involvement/subjectification/epistemic-totalising~self-referencing-syncretising-as-of-perceived-social-stake-contention-or-confliction requiring rather a further strengthening of ontologising rules as of knowledge-notionalisation and abject-ontologising-recomposuring (deprocrypticism as preempting-procrypticism or preempting—disjointedness-as-of-reference-of-thought) beyond the present just positivistic/rational-empiricism striving social science bringing together profound insight with causal effectiveness. This doesn't necessarily imply a naïve mimicry of the experimental approach as is often the case it can be argued as prevalent in the psychological sciences, and even in the natural sciences there is need for thorough insight when experimenting like say much of quantum physics is often based on elaborate abstractness of thought that is merely validated by critical confirmatory experiments. In fact, this author will contend that the overall 'insightful empirical' conceptualisation of this paper is actually more profound than catches the eye in a naïve empirical sense that cannot see beyond our positivistic registry-worldview to recognise human successive transcendental states like recurrent-utter-uninstitutionalisation, base-institutionalisation–ununiversalisation, universalisation–non-positivism/medievalism, positivism–procrypticism and deprocrypticism; as even empirical conceptualisations requires insight and it is more than just a matter of obtaining results because an experiment has been made which is certainly simplistic as the very existential state of things when disambiguated is actually a more profound notion of experiment. It is interesting to note that this argument on the specific basis of (conscious or unconscious) ontological-bad-faith/inauthenticity for the requisite condition of a 'fully emancipated social science' is more than just of circumstantial and idle implication but is rather construed as a structural/paradigmatic notion much like saying it is impossible to have a fully emancipated science in a transitory non-positivism/medievalism to positivistic social-setup still emphasising essences and supranatural causations over a transcendental-enabling/sublimating of rational-

empiricism/positivising based knowledge of intrinsic-reality, as transcendental-enabling/sublimating positivistic contentions will still be undermined with such a discrepancy of notional-discontiguity/epistemic-discontiguity-<mentally-aestheticised~preconverging/dementing–qualia-schema> in the apriorising/axiomatising/referencing/intelligibilitysetup/measuringinstrument of reference-of-thought/axiomatic-construct. Likewise, the positivism–procrypticism meaningful-frame is not sufficiently beyond-the-consciousness-awareness-teleology-<in-existential-extrication-as-of-existential-unthought> of social-aggregation-enabling with respect to its social reality subject-matter as of its spurious/remote nature, for a more profound transcendental-enabling/sublimating (unlike the relative case with the physical reality subject-matter as immediate) as required for futural Being-development/ontological-framework-expansion–as-to-depth-of-ontologising-development-as-infrastructure-of-meaningfulness-and-teleology as of prospective deprocrypticism intrinsic-reality/ontological-veridical transcendental enabling. Thus, the only credible logic this author can think of is that post-structuralism as one of the major critical theories given its potential ontological vigour has been seen as a threat with a deliberate covert non-intellectual effort to stifle it and limit its influence often having to do with misrepresenting the ideas and implications of the ideas of its main proponents (as in fact, one of the central issue with regards to post-structural thinking with respect to other intellectual postures has had to do with the unusually high level of accusations of its proponents of misrepresentation of their ideas by many of their critiques whether with respect to such accusations of nihilism or untruth, with a central characteristics of many of such critiques being a failure of recognising exactly the central point of post-structural thinking as rather 'a putting-into-question/shuffling-of-the-cards for a more profound perspective for ontological analysis'. Consider in this case one media-driven and popularised argument that Karl Rove 'we make our own reality' quote during the Bush mandate, is due to post-

structuralism. Such arguments are revealing of the 'non-intellectual spirit' of many such critics, and in this instance wrongly intimating that Karl Rove considered himself a poststructuralist whereas a sincere take will garner that this is nothing other than a Machiavellian, opportunistic and unprincipled statement than 'truly post-structural theory inspired' as with or without post-structuralism it is no less likely that the same statement would have been uttered. And the pseudointellectual exercise of linking the two is revealing not only of such out-of-the-way criticism but equally the 'wayward mindset' that is often brought into supposedly rigorous social science on the basis of such anything-goes-rhyming-logic! Post-structuralism generally occupy a relatively sound position when it comes to all the practical applications of post-structural thought which, to say the least, have always highlighted a sense of re-equilibrium rather than the bogus and insincere criticisms of nihilism or untruth which this author construes as 'in-effect ontological-bad-faith/inauthenticity' of 'parodying' of poststructuralists positions and analysing the 'parody' in usurpation as against a genuinely candid critical intellectualism of their true postures in authenticity. Post-structural exposition of the realities of the social are not value judgements in themselves just as natural sciences exposition of natural and physical reality doesn't carry any value judgements. For instance, discovering that bacteria cause disease is a simple objective truth then giving rise to human animate-existential-referencing/subjectification inducing the teleological meaningfulness to pivot/decenter that knowledge into avoiding disease and finding cure for diseases. This is no more different with post-structural thought which is not a metaphysical/ideological advocacy but telling the social reality for what it is, with human pivoting/decentering to apply that knowledge for its defined teleological meaningfulness. One of the serious consequence of such a weakened social criticism driven by such a targeted and induced atmosphere of quasi-anti-intellectualism is the result that the domain of the political economy and corresponding economic interests have been spared

from the critical analysis of such powerful ontological tools; specifically going by the issues of misallocation and inequality we face today based on axioms of models that remain critically beyond analysis, as effectively an anti-intellectualism with respect to social criticism including post-structuralism is cultivated in favour of a default socially uncritical political economy practice (with the cover-up of an 'intellectually platitudinal' media) to protect them. Notwithstanding the impressive theoretical conceptualisations of an ever second-guessing economics science, the 'underlying liberal political economy axiomatic constructs' on which it rests are massively arbitrary, flawed and degenerate; and this is one area in which developed social criticism including post-structuralism could do an excellent job in debunking the 'underlying mysticism', as the domain of the political economy beyond competition of ideas at such a fundamental level is the very foundation of the uncritical preservation of such axioms. Such issues as political choices for bailouts, reallocations and remuneration practices are strictly speaking not economic science issues but political economy issues that require a criticism with respect to social choice about the political economy, but this has been usurped uncritically as if of a natural economic allocation mechanism (a falsehood). This author makes this latter point on the belief that knowledge is an existential exercise and that the intellectual should sincerely put their 'hand in fire' at the risk of being proven wrong, as the intellectual exercise is not one of self-veneration but discovering the truth (even at the risk of sounding/looking ridiculous). If there is one area of speculative thinking allowed to this author in this paper, it is such a proposition together with the idea that it is incredible to think that a lot of the criticisms directed to post-structuralism since the 1980s arises out of such (it is herein contended) 'intellectual triteness' by such critics particularly going by the 'frivolous arguments' advanced compared to the high intellectual standards they have been able to show elsewhere, together with the notion that these have tended to be unusually media driven in inducing a populist effect. Imagination will

point to the idea that something much more 'cynical and non-intellectual' must be at work but passing for legitimate intellectualism; or is it, more like the medieval scholasticism erudition establishment more or less grasping the true implications of a non-medieval positivistic thinking on the whole intellectual, belief system and social-construct, and cynically upholding notions they knew better to be wrong but for their overall sense of preservation of their present and their present interests. This impression can be extended as well with respect to the idea of the social implications of postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation as of its ontological-resolution (aetiologisation/ontological-escalation) in all the successive registry-worldviews given human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor. As we can grasp that an aetiologisation/ontological-escalation as resolution for non-positivism/medievalism world postlogism which is more than just palliative/incidental-in-its-implication with regards to a specific instance or specific instances of notions-and-accusations-of-sorcery for instance, but rather construing the whole non-positivism/medievalism registry-worldview/dimension relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (as of metaphorically-a-million-and-one-instances-and-locales as enabling the possibility of the phenomenon of notions-and-accusations-of-sorcery and other vices-and-impediments of the state of non-positivism/medievalism and thus requiring structurally and comprehensively a positivistic ontological-completeness-of-reference-of-thought will structurally elicit a non-positivism/medievalism world sense of 'temporal/shortness-of-register-of-meaningfulness-and-teleology preservation' that wouldn't necessarily construe the social manifestations of notions-and-accusations-of-sorcery with their associated vices-and-impediments as abstractly

and ontologically unwarranted universally (which we know was actually the case, with the 'establishment' idea being that the masses didn't need to know about such 'positivistic stuff' even if such stuff was ontologically-veridical), to ensure its 'temporal/shortness-of-register-of-meaningfulness-and-teleology preservation'. Likewise an articulation as of aetiologisation/ontological-escalation (ontological-resolution) that is more than just palliative/incidental-in-its-implication with respect to the notion of psychopathy and social psychopathy with regards to a specific instance or specific instances of psychopathy and social psychopathy but by pointing to the bigger picture to the procrypticism registry-worldview's/dimension's disjointedness-as-of-reference-of-thought relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (as enabling the possibility of the phenomenon of psychopathy and social psychopathy as of metaphorically-a-million-and-one-instances-and-locales as well as other vices-and-impediments of procrypticism structurally and comprehensively requiring a deprocrypticism ontological-completeness-of-reference-of-thought will structurally elicit a human procrypticism sense of 'temporal/shortness-of-register-of-meaningfulness-and-teleology preservation' that wouldn't necessarily construe the social manifestations of psychopathy and social psychopathy with their associated vices-and-impediments as abstractly and ontologically unwarranted universally and such an approach may just be off-putting with regards to the prospective implication for the need for deprocrypticism ontological-completeness-of-reference-of-thought (as intemporal/longness-of-register-of-meaningfulness-and-teleology) undermining of procrypticism relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' (as the temporal/shortness-of-register-of-meaningfulness-and-teleology). Such an articulation equally extends to the idea that

notions overlooking vices-and-impediments associated with psychopathy and equally wrongly implying its associated virtue in the procrypticism registry-worldview are just as of 'temporal threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' like the disposition to overlook vices-and-impediments associated with notions-and-accusations-of-sorcery and equally implying the associated virtue in a non-positivism/medievalism setup; and so, as of human-subpotency–aporia/undecidability/dilemma/ought-indeterminacy/deficiency/limitation/constraint—imbued-temporal-to-intemporal-dispositions–existentialism-form-factor due to their respective relative-ontological-incompleteness-induced,-'threshold-of–nonconviction/madeupness/bottomlining-as-to-shallow-supererogation—preconverging/dementing–apriorising-psychologism' with respect to their respective perversion-and-derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation> phenomena. Thus in all registry-worldviews reference-of-thought, postlogism-as-of-compulsing–nonconviction/madeupness/bottomlining-as-to-threshold-of-shallow-supererogation once it is 'as of socially-functional-and-accordant' (beyond the case at childhood where it is accompanied by overt delirium and social universal-transparency-⟨transparency-of-totalising-entailing,-as-to-entailing-<~~amplituding~~/formative>epistemic-totalising–in-relative-ontological-completeness⟩ of the defect) as at adulthood, the postlogism 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation tends to extend as conjugated-postlogism 'disjointedness-as-of-reference-of-thought' misappropriated meaningfulness-and-teleology in arrogation involving the temporal elicitation of derived-perversion-of-reference-of-thought-<as-effectively-apriorising-in-nonconviction/madeupness/bottomlining-as-to-shallow-supererogation>, and it is thus naïve to construe postlogisms without such a corresponding differentiation of social analysis in the

construing/conceptualisation of ontological-veridicality. Now the criticism of populism-driven critiques of post-structuralism is not raised idly, as an exercise that purports to articulate such breadth and depth of novel ideas as this paper does necessarily requires that the authorship effectively assume the profile and presumption that the implied knowledge construct warrants (which obviously every truly intellectual spirit will appreciate for what it is, if not agree with the arguments). Such an articulation is driven by the idea that knowledge as a transcendence-enabling construct is more than just about its craftiness/technique but part and parcel of the intellectual exercise is to articulate meaningfulness by its existentialism/full-depth-of-existential-implications. And just as faced with the evasive nature of quantum theory the physicists never said reality is wrong since it is difficult to understand, likewise it is naïve to imply that the reality reflected by post-structuralism is wrong because it doesn't quite fit into our ordinary everyday way of thinking (that is exactly the point, our ordinary everyday way of thinking is in want of its further development, just as all prior ordinary everyday ways of thinking had to be psychoanalytically-unshackled)!
